ONE WORD . .

Can Change Your Life

By Rev. ROBT. W. OLEWILER
Washington, D. C.
Pastor, Grace Reformed Church

TEARS

Ever count the times your tears lifted the gloom of life? Try it and you'll be amazed at how often that's happened.

According to an old Jewish legend, a compassionate God said to the erring Adam and Eve: "I know you will meet with a lot of tribulation in the world and that it might embitter your lives. For that reason I give you out of my heavenly treasure this priceless pearl—look, it's a tear. When grief overtakes you and your heart aches so that you feel you're not able to bear it, there will fall from your eyes this tiny tear. Your burden will grow lighter then."

There's a round of truth in that legend. Review your experiences and you'll be surprised how frequently your aching heart has been refreshingly moistened by your tears, the word that can change your life.

Gives Warning

Director Ernest A. Vaughn, Game and Inland Fish Commission, has requested hunters and all others who enter the woods and fields and forests of Maryland at this time, to be especially careful about fires, matches, cigarettes and such, as the woods and fields are very dry. A small spark could set off a large conflagration, he warned.

He particularly requests that hunters of Maryland who go after squirrels, the season for which opened Monday, and extends through October 31, and also those who hunt wild turkeys from October 5 to 31, to be on the alert for any smoke signs and to assist in putting out any fire observed or reported.

MARRIED

Stahl-Stone—The marriage of Miss Doris Marion Stone, daughter of Mr. and Mrs. Stanley W. Stone, of Philadelphia, to William Frederick Stahl, son of Mr. and Mrs. Stanley S. Stahl, of Chambersburg, took place Saturday afternoon, September 19, at 4 o'clock in the Rehoboth Methodist Episcopal Church in Philadelphia. The Rev. Harold C. Koch performed the double ring ceremony. Church decorations were palms and baskets of white dahlias and gladioli.

The bride, who was given in marriage by her father, wore a gown of white satin with imported Chantilly lace, featuring a drop shoulder yoke and slit neckline ending in a full skirt with a circular train. Her fingertip veil of nylon tulle was held by a Juliet cap trimmed with seed pearls. She carried a white orchid surrounded with white rosebuds.

Miss Joan Sharp, of Philadelphia, was maid of honor. The bridesmaids were Miss Marion Page and Mrs. Louis Waddell, also of Philadelphia. The bridal attendants were dressed alike in floor-length gowns of satin and nylon tulle. The maid of honor's gown was peacock blue and the bridesmaids' gowns were bittersweet. Their headdresses were coronets of nylon tulle with sequins. They carried talisman rosebuds.

John R. Welling, of Baltimore, was best man. Ushers were Donald Ironside and George Koban, both of Philadelphia.

The bride's mother was attired in a royal blue gown. The bridegroom's mother wore a gown of slate blue. Both had black velvet accessories and corsages of red rosebuds.

Wedding music was presented by Mrs. Earle Warhrick, organist, and Lawrence Cross, vocalist, both of Philadelphia. Selections were "I Love You Truly", "O Promise Me", and "Because". At the end of the rites Mr. Cross sang "The Lord's Prayer."

Following the ceremony a reception was held at the School Lane House, Philadelphia.

After a wedding trip to Florida, the couple will reside in Elkins Park, Pa.

Mr. Stahl is a graduate of The Pennsylvania State College and is employed as a mechanical engineer by Brown Instruments Division, Minneapolis Honeywell Regulator Company of Philadelphia. He is a former resident of Oakland.

Married In Connellsville

MR. AND MRS. FRANK FAZZALARI

The former Edith Marie Zavatsky, R. N., of Connellsville, Pa., who became the bride of Frank A. Fazzalari on Thursday morning, September 17, chose her mother's forty-first wedding anniversary for the nuptial event.

The bride, a daughter of Mrs. Anna Zavatsky, of Connellsville, and the late Steve Zavatsky, exchanged marriage vows with Mr. Fazzalari, son of Mr. and Mrs. Ilario Fazzalari, of Oakland, in St. John's Evangelical Catholic church. Rev. Fr. Joseph Portasik, assistant pastor, read the double ring ceremony before the church altar which was decorated with palms, ferns and white blooms.

Given in marriage by her brother, Steve, the bride wore a floor length gown of Chantilly lace over satin. It was designed with a fitted bodice, long tapering sleeves, small turn-back collar and full skirt terminating in a modest train. Her fingertip veil was held in place by a Juliet cap of lace and satin. She carried a white prayer book topped with two white orchids from which fell a shower of streamers knotted at intervals with fleur d'amour.

A sister of the bride, Mrs. Frank Tamlitts, of Pittsburgh, was matron of honor and only attendant. She wore a ballerina length gown of aqua lace and net. The fitted bodice was of lace and the bouffant skirt was of nylon net. Her small crownless hat was of aqua velvet trimmed with matching net. She carried a fan-shaped bouquet of yellow roses and white pompons outlined with yellow feathers. Serving as best man was Frank Tamlitts.

For her daughter's wedding Mrs. Zavatsky chose a royal blue dress trimmed with lighter blue. She wore a harmonizing hat and a corsage of pink rosebuds. Mrs. Fazzalari, mother of the bridegroom, wore a slate blue dress with black accessories and a corsage of yellow rosebuds.

Immediately after the ceremony a breakfast was served the bridal party and the two families at the bride's home. A dinner was also served at 1:30 o'clock with covers laid for thirty-eight guests. A three-tiered wedding cake with the traditional bridal ornament was centered on the table with vases of white pompons and tall lighted tapers completing the nuptial motif.

Late in the afternoon the newlyweds left for their newly furnished apartment in Baltimore. For traveling the bride selected a forest green suit with black accessories. She wore a gold-colored hat and the white orchid corsage from her bridal bouquet. On October 15, Mr. and Mrs. Fazzalari will have a honeymoon trip to Florida.

The bride was graduated from Connellsville High school with the class of 1949 and from Philadelphia General Hospital School of Nursing with the class of 1952. Prior to her marriage she was employed on the nursing staff at Magee and St. Joseph's hospitals in Pittsburgh. After November 1 Mrs. Fazzalari expects to be affiliated on the nursing staff of a Baltimore hospital.

The bridegroom is an alumnus of Oakland High school and is a veteran of three years' service in the U. S. Navy. Mr. Fazzalari received his bachelor of science degree from the University of Maryland in 1948 and in 1951 received his master's degree from the same university. At present he is employed by the Army Chemical Center in Baltimore.

Among the out of town guests at the wedding were Misses Florence and Ella Fazzalari, Mr. and Mrs. B. Eyler, College Park; Mr. and Mrs. Ross Speicher, Mrs. James Glotfelty, Mrs. Roy Glotfelty and Mrs. Walter Bowman, all of McHenry.

BITTINGER

A number of men and women spent last Saturday doing some badly needed work in the village cemetery, greatly improving the appearance of the grounds.

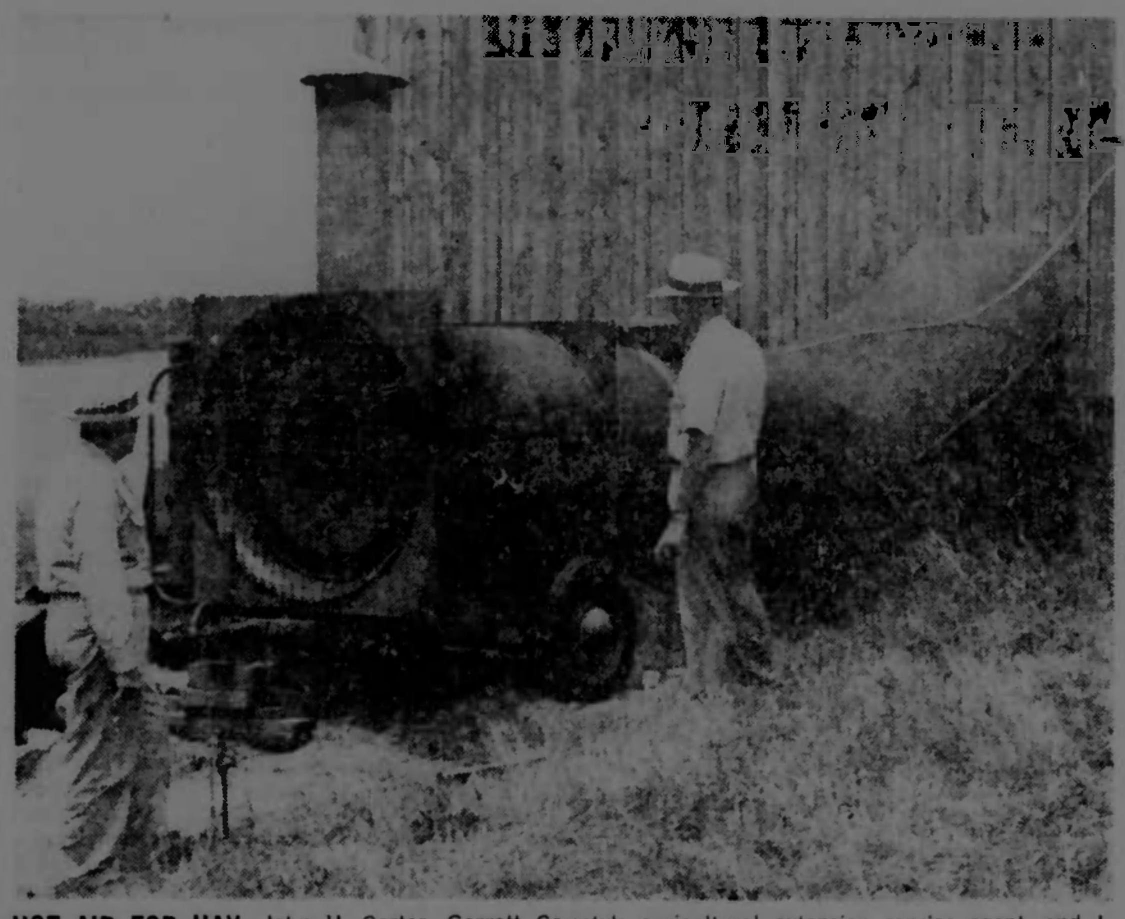
Moving Tax Office

Federal matters may now be transacted on the second floor of the Postoffice building in Cumberland instead of the third. Effective Monday, October 5, the service was moved to the lower floor to increase efficiency of operations. L. A. Chamberlin is district director of the office.



HOT AIR FOR HAY—John H. Carter, Garrett County's agricultural extension service agent, and L. Bush Swisher, Farming for Better Living director, give a new hot air hay dryer the once-over on the Stanley H. Baker farm near Mt. Lake Park. With this equipment, which was used for the first time this year, the Bakers have been able to cure several hundred bales of hay that had a greener color and better quality than field-cured hay. The dryer, which used fuel oil as its source of heat, enabled the hay to be baled sooner than ordinary, which saved a lot of valuable hay-making time for the Bakers. The Baker family operates a large dairy farm. They are enrolled in the Farming for Better Living program.

THE SERIOUS AGE

There comes a time in the lives of most children when they lose interest in purely childish things and their minds turn to the serious side of life.

When that happens, they lay aside their toys, begin to read something besides "story books," listen to the conversation of older people, and take pride in their ability to accomplish things. This is the borderland between childhood and youth.

Parents should recognize these symptoms, and should endeavor to give the child the right slant on life. It is the period when characters are shaped.

What better influence could be desired than that of religion? A knowledge of God, the influence and associations of the Church, the thoughts of great teachers—these are the foundations of character that will stand any test.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

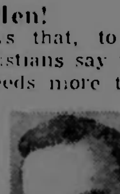
God's New Men

Lesson for October 11, 1953

WHAT would it take to make an ideal world? Or if that seems too large an order, what will it take to improve the world we have? Of course any little thing may improve it a little. A better climate where you live; better laws, a more efficient police force, better equipment for schools and more adequate salaries for teachers; better trade relations with other nations, better government; all these would probably improve the world somewhat. But all the schemes for the improvement of society have struck one rock: the jagged fact of human nature.

* * *

Wanted: New Men!



Dr. Foreman

Everybody knows that, to be sure. So when Christians say that what the world needs more than anything else, to make it a better world, is better people, we don't get an argument from anybody who has thought about it. Everybody says, Amen! We do get an argument over the question: How do we get our new men to build the new world? Christians above all should be interested in this question, and indeed they should be working at it. It is not one of these questions that just solves itself if you let it alone.

Consider some of the wrong answers to the problem of how men can be produced. One is the lazy answer: Just leave the human race alone, they'll do all right; human beings just naturally have so much good in them that if the "Do-gooders" will just keep their hands off, everything will keep right on improving. Of course that's nonsense, as any one can tell who will take a close look at any part of the world that has been left alone for some time. A world full of people left to do as they please will soon be a mess. Another wrong answer is: Improve the breed.

Take care of heredity, weed out the unfit, let laws of eugenics improve humanity. Well, that won't work, because all that careful breeding can accomplish is no more than improving people's bodies and minds.

* * *

God's Design

Not that eugenics isn't a good thing so far as it goes. So is anything that really improves people, as even barber and beauty shops do, a little. But nothing that works on man from the outside will improve him on the inside as he needs to be improved. In fact, what the Bible tells us is the simple truth that man needs not so much to be improved as to be made over.

We don't need revised men, revamped men re-conditioned men; we need new men. The Bible tells us the truth, that man's nature has been so affected by sin that nothing short of a radical operation will effect a cure. Madame Perkins tells a story of F. D. Roosevelt, that once over a week-end he took home with him some book by Soren Kierkegaard a crabbed but honest Christian philosopher. F. D. R. turned up Monday morning with what to him was a brand-new idea which he had learned from Kierkegaard. "Now I know what's the matter with people," he said. "They're bad!"

The odd thing about that was that F. D. R. was an Episcopalian, and at his own church he must often have joined in the General Confession: "We have left undone those things which we ought to have done, and we have done those things which we ought not to have done, and there is no health in us." No wonder Jesus said: "Ye must be born again!"

* * *

The Secret

The secret in a way is simple, but it seems so simple that many persons miss it. How is a man born again? What does he have to do to be born again? The truth is: Nothing. The secret is: God in the heart. What do you do to make your home bright? You just pull up the shades. What do you do to have God's Spirit in your heart? Ask him. Open the door.

You do not have to create the sun. It is out there ready to come in. You can keep it out if you insist but you never have to coax it; you can't pay it to come in. Just raise the shades and in it pours. But just as there is substitute for sunshine, there is no substitute for God. You Without God, are part of the problem of the world. You, with God, you, changed by Him, are part of God's design for his better world.

Pastor Observes 20th Anniversary

A special service was held in the Aurora Methodist Church on October 4 observing the Rev. Hugh L. Shiley's twenty years of active service as a minister.

World wide Communion was observed at the close of the morning worship service, with approximately a hundred people participating. The pastor was assisted by the Rev. Frank I. Peters, of Anmoore, W. Va., who was pastor of the Aurora charge from 1947 until 1951, when he retired.

Special music was furnished by the church choir and Mrs. Sadie Triplett, soloist, of Cumberland.

After the morning service a picnic lunch was served on the lawn of the Community Building with folks from the five point charge participating.

In the afternoon from two until five o'clock Open House was held at the parsonage, which has been completely renovated. The house was decorated throughout with fall flowers. The dining table was centered with a large cake bearing the words, "20th Anniversary," and topped with a miniature church. Crystal candelabra flanked the cake on either side. Serving at the punch bowls were Mrs. Wade Houser from Stemple Ridge Church and Mrs. Dave Deets from the Amboy church. Others who assisted in serving were Mrs. Earle Stemple, Mrs. Loraine Henline, Mrs. Hugh Deakins, Mrs. Frank Stemple, Mrs. Sadie Triplett, and Mrs. Elmer Stemple.

Approximately one hundred persons called during the day. Those from a distance were Mr. and Mrs. Edward Swisher and daughter, of Levels, W. Va.; Mr. and Mrs. Paul B. Naylor, Mr. and Mrs. Mason Glotfelty, Oakland; Mrs. Inez Starkey, Mt. Clare, W. Va.; and Mrs. Sadie Triplett, Cumberland.

A surprise cash gift was presented to the Reverend Shiley for his years of service in the ministry. He began his ministry in October, 1933, at South Covington, Va., serving there for two years. He then returned to school at Asbury College, Wilmore, Ky., where he received his A. B. degree in June, 1937. The fall of 1937 he again returned to pastoral duties being sent to the Huntersville charge in the Lewisburg district. In 1938 he married Miss Katherine Greathouse. Since then he has served seven different charges scattered over hill and dale. These include West Farmington, Long Branch, Green Sulphur Springs, Smoot, Levels and Aurora, all of West Virginia.

No. 4407 Equity. In the Circuit Court for Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this suit is to procure the passage of a decree for the sale of the real estate of Noah F. Pysell, deceased, situate in Election District No. 6, Garrett County, Maryland, containing fifty acres, more or less, and for the distribution of the proceeds therefrom.

The bill states:

That Noah F. Pysell in his lifetime was seized and possessed of certain valuable real estate situate, lying and being in Election District No. 6, Garrett County, Maryland, containing fifty acres, more or less, it being the same which was conveyed unto the said Noah F. Pysell by deed from Jacob Pysell and Rebecca Pysell, his wife, dated November 7th, 1896 and recorded in Liber E.Z.T. No. 30, folio 592, one of the Land Records of Garrett County, Maryland, which said deed has been filed as "Plaintiff's Exhibit No. 1"; that the said Noah F. Pysell while seized and possessed of the aforesaid real estate departed this life on the 6th day of February, 1953, intestate, leaving surviving him the following children and descendants of brother and sisters, to whom, as his heirs at law, the said land have descended, viz: the children and heirs at law of Rebecca Jane Beeghly, a deceased sister who, as well as her husband, predeceased the said Noah F. Pysell, viz: Della Beeghly Mellott, who intermarried with Zenas Mellott, both of whom reside in Garrett County, Maryland, Mary Beeghly Crowe, single, who resides in Garrett County, Maryland, Minnie Beeghly Sines, who intermarried with Jonas Sines, both of whom reside in Garrett County, Maryland, Harry Beeghly, who intermarried with Elmina Beeghly, both of whom reside in Garrett County, Maryland, Ray Beeghly, who intermarried with Pauline Beeghly, both of whom reside in Garrett County, Maryland, the children and heirs at law of Bertha Beeghly Gnegy, a deceased daughter of Bertha Beeghly Gnegy, who predeceased said Noah F. Pysell, viz: Paul Gnegy, who intermarried with Ruth Gnegy, both of whom reside in Preston county, West Virginia, Grace Gnegy White, who intermarried with Harold White, both of whom reside in Garrett County, Maryland, Florence Gnegy Wotring, who intermarried with Roscoe Wotring, both of whom reside in Preston County, West Virginia, Ruby Gnegy Rembold, who intermarried with Gay Rembold, both of whom reside in Indiana County, Pennsylvania, James Earl Gnegy, who intermarried with Beatrice Gnegy, both of whom reside in Stark County, Ohio; the children and heirs at law of Truman Pysell, deceased brother of Noah F. Pysell, who predeceased said Noah F. Pysell, viz: Harry Pysell who intermarried with Nora Pysell both of whom reside in Garrett County, Maryland, Bessie Pysell Lee, who intermarried with Charles Lee, both of whom reside in Allegheny County, Pennsylvania; the children and heirs at law of Catharine Pysell Spiker, deceased sister of said Noah F. Pysell, who predeceased the said Noah F. Pysell viz: the children and heirs at law of Floyd Spiker, a deceased son of said Catharine Pysell Spiker, who predeceased said Noah F. Pysell, viz: Lloyd Gilbert Spiker, who intermarried with Mary F. Spiker, both of whom reside in Riverside County, California, Joseph Elmer Spiker, single, who resides in the Territory of Alaska, Donald Truman Spiker, who intermarried with Margaret L. Spiker both of whom reside in Los Angeles County, California, Carrie Spiker Coulbourn, who intermarried with Thomas D. Coulbourn both of whom reside in Los Angeles County, California; Jacob Spiker, widower, a son of said Catharine Pysell Spiker, who departed this life on March 1, 1953 intestate and leaving surviving him the following children, viz: Mary Spiker Jenkins, widow, who is of full age and resides in San Bernardino County, California, John Demas Spiker, single, the defendant, who is of full age and whose last known address was Soledad, Monterey County, California, but whose present whereabouts are unknown; Jane Spiker Taylor, who intermarried with Aubrey C. Taylor, both of whom reside in Henrico County, Virginia; Adeline M. Edgar, widow, a sister of said Noah F. Pysell who is now deceased; all of whom are of full age; that Adeline M. Edgar departed this life on February 23rd, 1953, leaving a last will and testament duly admitted to probate by the Orphans' Court for Garrett County, Maryland, on March 20th, 1953 and recorded in Wills Liber F, folio 262, one of the records of said Court, a certified copy of which has been filed as "Plaintiff's Exhibit No. 2"; that Mary M. Crowe and Della M. Mellott were appointed as executrices of the last will and testament of Adeline M. Edgar and have qualified as such, a certified copy of which has been filed as "Plaintiff's Exhibit No. 3"; that by said last will and testament of Adeline M. Edgar all the rest and residue of her property was devised and bequeathed to all the parties to this suit and Adolph Spiker, a deceased son of said Catherine Pysell Spiker, who departed this life intestate prior to the death of Noah F. Pysell, and leaving surviving him as his next of kin and heirs at law the descendants of said Catharine Pysell Spiker; that the said real estate is not susceptible of partition in kind amongst those entitled to interests therein without material loss and injury, and that it would be for the best interest of all the parties hereto that the said real estate be sold and the proceeds divided amongst them according to their several interests.

The bill then prays for a decree for the sale of said real estate and for the distribution of the proceeds derived therefrom and for general relief.

It is thereupon this 22nd day of September, 1953, by the Circuit Court for Garrett County, Maryland in Equity, ordered that the plaintiffs by having a copy of this order inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 23rd day of October, 1953, give notice to the said absent defendant John Demas Spiker warning him to be and appear in this Court in person or by solicitor, on or before the 7th day of November, 1953, to show cause, if any he has, why a decree should not be passed as prayed.

FOUR AT ONE TIME—Hunters were permitted to seek wild turkeys legally in Garrett county, starting Monday, the first time for a number of years. These four hunters, hunting together in the woods between White Church and Steyer, were successful the first day of the season and each brought down the legal limit from one flock. Arvey Ritchie, Herbert Ritchie, Elmer Nine and Carroll Miller hold their birds for the photographer. Nine got his with a shotgun. The others used rifles. The four also got five gray squirrels during the same afternoon. The turkeys weighed about 10 pounds each. Three of them were banded, having been released by the state earlier this year or last.

DIED

JOHN E. TICHNELL

John E. Tichnell, 15, son of Mr. and Mrs. Arthur C. Tichnell, Danville, W. Va., died Monday morning, September 28, in Potomac Valley hospital in Keyser, W. Va., where he had been a patient for 11 weeks.

Born in Mt. Lake Park, he had lived in the Danville area 12 years and was a sophomore at Bruce High school in Westernport. He was a member of the Dawson Methodist church.

Surviving, in addition to his parents, are four brothers, Frederick Tichnell, Oakland; Kenneth Tichnell, Frederick; Arthur C. Tichnell, Jr., Dawson; and Bobby Dale Tichnell, at home.

Funeral services were conducted on Wednesday, September 30, from the Dawson Methodist church, with Rev. Raymond Crowe, pastor, and Rev. Edwin Smith, pastor of the Bloomington Methodist church, officiating. Interment was in the family cemetery at Chestnut Grove.

MRS. JOHN R. KOPE

Mrs. Epilona Chambers Kope, widow of John R. Kope, died Thursday afternoon, October 1, at the home of her son and daughter-in-law, Mr. and Mrs. John Kope, where she had made her home for the past sixteen years.

A daughter of the late John W. and Epilona Goff Chambers, she was born in Preston County, W. Va., March 17, 1864, and was aged 89 years.

Surviving are a daughter and three sons, Mrs. Tine Gallup, Baltimore; Glenn Kope, Carmichaels, Pa.; John Kope, Jr., Oakland; Kermit Kope, Deer Park; fourteen grandchildren, 17 great grandchildren; also two sisters and two brothers, Mrs. George Williams, Oakland; Mrs. Stella Wotring, of Buffalo, N. Y.; John Chambers, Aberdeen, Wash.; and James Chambers, Newburg, W. Va. Her husband died in December, 1936.

She had lived most of her married life in Garrett county and was a member of the Paradise Ev. U. B. church, from which place funeral services were conducted on Sunday afternoon at 2:30 o'clock, in charge of Rev. J. E. Johnson, of Oakland, assisted by Rev. Blair Burr, of Mt. Lake Park. Interment was in the church cemetery.

MRS. LLOYD DURST

Mrs. Marian B. Durst' 48' wife of Lloyd Durst, died last Thursday, October 1, at her home near Grantsville, after an illness of four years.

A daughter of the late William and Susan Durst House, she was born April 24, 1905, at Accident.

Surviving in addition to her husband are four sons, Calvin Durst, Elmer Durst, Btair Durst and Wilmer Durst, at home; two daughters, Barbara and Martha Durst, also at home; five brothers and five sisters.

Funeral services were conducted on Sunday afternoon at 2 o'clock from the Laughlin Brethren church, with Rev. Ross Speicher officiating. Interment was in the Durst cemetery.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors for their kindness and helpfulness during the illness and following the death of our mother, the late Mrs. Epilona Chambers Kope.

We also want to thank all who gave flowers and contributed the use of their automobiles for the funeral service.

THE FAMILY.

IN MEMORIAM

In loving memory of our dear son, William Emerson Thomas, Jr., who departed this life six years ago, October 6, 1947.

Deep in our hearts lies a picture
Of a loved one laid to rest.
In memory's frame we shall keep it,
Because he was one of the best.
As long as life our hearts shall hold
The memory ever dear,
And o'er thy grave in loving grief
Shall fall a silent tear.

Deer Park Firemen Answer 3 Alarms

The Deer Park Fire Department answered three fire alarms this week. Friday, October 2, a car along the Swanton road caught fire but before the alarm could be answered a cancellation came as the fire had been extinguished.

Saturday, October 3, a grass fire near the ball diamond was put out that apparently had been started from a train.

Sunday, October 4, there was a call to a brush fire along the Deer Park-Broadford Road.

The new tank truck has been equipped with a front end pump and is now back in service.

Appreciation . . . . . .

As we watched the wall of fire Sunday afternoon, destroying more and more acres of our precious forest land, we realized how fortunate all of us were for the unselfish service of a lot of people—many of them our public servants. Usually we either take them for granted or find something to be critical about.

A lot of us were rather indifferent Sunday afternoon. We looked from a distance while others fought flames. Of course, foresters are paid for being just that, and their job is to fight forest fires when necessary. But they fought out of all proportion to what they would have had to do to "get by", and there were many others. Take the volunteer firemen in the county. They give up many personal pleasures to serve the public for nothing. Those around Oakland and Deer Park were out Saturday and Sunday helping when they could easily have been somewhere else. Those from Oakland were out and gone again Wednesday morning to a community twelve miles away, trying to save a lumber mill.

Take the boy scouts, the high school fire fighters group, and many individuals—not public servants, but just private servants, trying to serve their community. They showed their spirit in assisting the fire fighters.

Outside of the emergency part of it, just take those responsible for the autumn glory excursion. They'll get very little thanks for their efforts and few people will realize the goodwill that was created among six hundred strangers. Property owners on the lake entertained newspaper, radio and television people from eastern cities over the week-end, providing lodging, meals, and tours over the lake. How many will appreciate their efforts to attract visitors to this area?

Take our county roads workers. They are doing a better than average job in improving our ways of transportation. There are a lot of others who deserve praise for unselfish work for the betterment of the mountain top. Most school teachers are among them.

We hope this feeling of appreciation for the many good works of others will spread to our readers and put them in a mellow mood to give credit where credit is due. Every now and then we should stop and consider how fortunate we are that a majority of people have such an attitude. It helps to keep our country tops.

Tax Rebates Plan Is Favored 6 To 4

Kimble And Green Are Two Of The Four Who Opposed The Suggested Law

The Legislative Council's budget and finance committee on Tuesday night voted 6 to 4 in favor of a plan to give Maryland taxpayers relief when the state treasury's surplus reaches a certain amount.

The tax relief plan, patterned after one now used in Virginia and modified from that proposed in the last Legislature, was to come before the full council for study later.

The budget and finance committee approved a version which would give Maryland taxpayers rebates only after four million dollars had been set aside from any state treasury surplus. Even then, the remaining surplus would have to equal five percent or more of receipts estimated before the plan went into effect.

Leading the fight for its approval were Louis Goldstein, John C. Luber, Edward Turner, John R. Jewell, Mary L. Knock and Fred W. Lucas, all Democrats. Voting against it were Senator Robert B. Kimble, Allegany County; Sen. John B. Ramsburg, Frederick county; Delegates C. Ray Barnes, Carroll county; and Arthur H. Green, of Garrett. All opponents are Republican.

Northern High Yearbook Staff Has Been Chosen

The yearbook staff for Northern High school has been selected, consisting of 11 seniors, 7 juniors and 6 sophomores. Qualifications were based on scholastic standing and a desire for journalistic experience.

Students are Lois DeWitt, Donald Smith, Louise McCrobie, Wayne Glotfelty, Mona Lee Collier, Catherine McKenzie, Juanita Bittinger, Yvonne Baker, Virginia Minnick, Dorothy Shoemaker, Gail Savage, Allen Younkin, Rita Buckel, Ruby Frazee, Vida Schroyer, Joe Bender, Carol Fike, Lola Devine, Eleanor Younkin, Shirley Yoder, Shelby Savage and Shirley Ream.

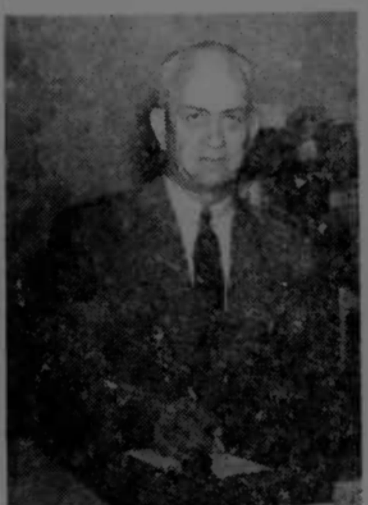
The annual magazine campaign began Monday and will continue for two weeks. The school goal was set at $2,275. The purpose is to raise money for the general school fund. Prizes are to be awarded.

Proceeds from the rummage sale and dance sponsored by the Band Boosters, amounted to $290. Money will be used for a payment on band uniforms.

Plan Shooting Match

A public turkey shoot has been planned for Armistice Day, November 11, at the Oakland Country Club, sponsored by Proctor Kildow Post No. 71, The American Legion.

EXCURSIONIST GETS TURKEY—Mrs. Joseph Macchio, of Lemay road, Rockville, was one of three Baltimore area persons who were awarded turkeys here Sunday when the excursionists came to Garrett county for the "Autumn Glory" observance. The three turkeys were contributed by the Garrett County Turkey Growers association, and Miss Mary Edith Glotfelty, as "Miss Autumn Glory" is shown here preparing to present the one gift to Mrs. Macchio, shortly after the train arrived at the B. and O. station here. Other turkey winners were Mrs. G. Cox, Annapolis road, Baltimore, and Donald H. Reed, Sr., Joppa road, Fullerton. Those in back of the winner, with tongues hanging out, are local persons, children of Mr. and Mrs. James Nally. Dale Humberson, scout, just back of Miss Glotfelty, looks like he wouldn't mind getting a turkey, either.



VETERAN INTERVIEWER—Milburn W. Mann, manager at the Oakland office of the Maryland Department of Employment Security, will observe the completion of twenty years of service with the agency on Wednesday, October 21. He began with the agency when it first opened in Oakland on October 21, 1933.

Marks 20th Year In Employment Work

On October 21, 1933, in a small, one-story, two-room building, on Liberty street, the Oakland office of the National Re-employment Service had its birth. At that time Milburn W. Mann was the senior interviewer in charge. Now manager of the department, he will observe the completion of twenty years of service with the agency next Wednesday.

At the time of opening it was called the National Re-Employment Service, and through the years its name has changed almost as often as the headquarters.

Headquarters, now located in the Treacy building on Alder street, have been in the Gortner building, transferred to Cumberland, returned to the City Hall here, then the McIntire building, the Manor building, the Joe Hinebaugh building, and the second floor of the Nally building.

On November 1, 1937, the federal agency became a state organization and was named the Maryland State Employment Service. Then on January 1, 1942, it was changed to the War Manpower Commission, making it a federal agency again. But soon after the end of World War II, the agency again was turned over to the state and was called the Maryland Employment Service. Since 1938 the state organization was known as the Unemployment Compensation Board and recently was changed to the Department of Employment Security.

In the beginning of the agency it handled only domestic employes, placing women in jobs in private homes and placed persons in employment in stores and industry. Now, after 20 years staff workers have undergone special training in the employment field and the agency offers assistance in finding jobs for the unemployed in all fields.

Office representatives seek out employees and learn available job openings; the agency offers a testing program to find out an individual's abilities, and unemployed persons are offered personal counseling by the staff workers. The office also provides service at other points in the county on regular days.

Mr. Mann became manager of the local office in 1948. He is also active in fraternal circles, being a member of the Masonic and K. of P. lodges and the local Lions club. He makes a hobby of gardening and writing.

Southern Yearbook Takes Third Honors

Southern High school, with its yearbook, "The Highlander," took third place honors at New York on Saturday in competition with the yearbooks of other schools throughout the country.

The announcement of winners was made at Columbia university in connection with its 29th annual yearbook contest and critique, conducted by the Scholastic Press Association of the university.

The Highlander was entered in the class for printed yearbooks of junior-senior high schools. Competing were well over 1,000 publications of elementary schools, high schools and junior colleges, public and private, from 20 states. They were judged on the basis of content, typography, makeup and the like. Southern High's place was among schools of 900 to 1,500 enrollment. Fort Hill High school, Cumberland, with its yearbook, "Sabre," captured second place honors.

Local Teachers To Take Part in State Meeting

Two Garrett county teachers will be on the program of the 86th annual convention of the Maryland State Teachers association in Baltimore October 15, 16 and 17.

Marvin Callis, Northern High, will preside at a business meeting on agricultural instruction.

Mrs. Ruth Brown, Southern High music instructor, will preside at a discussion on "Teaching Music is Fun." She is vice-president of the elementary division of the Maryland Music Educators' association.

Public schools of the county will be closed Thursday and Friday to allow the teachers to attend this annual meeting.

To Have Exhibit

Southern High's library will be on exhibition through pictures. School librarians of Maryland are planning an exhibit around the theme of New School Libraries in Maryland and are featuring photographs of modern furniture arrangements and the new equipment being used. Mrs. F. P. Bittle, local high school librarian, was requested to prepare photographs of the new library for the exhibit. Colored photographs of the library were taken by John Soles, who used students of his core class for models. Black and white photographs were taken by Sam Moore.

The newspaper and magazine rack at Southern is a new feature among libraries, plans of which were worked out by Mrs. Bittle and Miss Graham, state librarian for the department of education.

Public Hearing on Fish Regulations Slated October 23

A public hearing of the State Game and Inland Fish Commission will be held Friday, October 23, at 7:30 p. m., at the Alexander hotel in Hagerstown.

Proposed regulations to be acted upon include an open season on bass from June 1 to November 30; pike and pickerel for the same period; walleye from April 1 to November 30; rockfish (striped bass) from January 1 to December 31; brook, brown and rainbow trout from April 1 to September 15; shad, hickory shad and herring from March 1 to September 15.

Suckers, catfish, carp, eel, gudgeon, all species of sunfish including bluegills, rock bass (commonly known as red eye), fallfish, crappie, perch (white and yellow) from January 1 to December 31.

Creel limits and sizes of the various fish will come up for discussion later by the state agency.

Another recommendation to be acted upon by the comission would make Savage River from Merrill bridge to the mouth of Poplar Lick a fly casting area only.

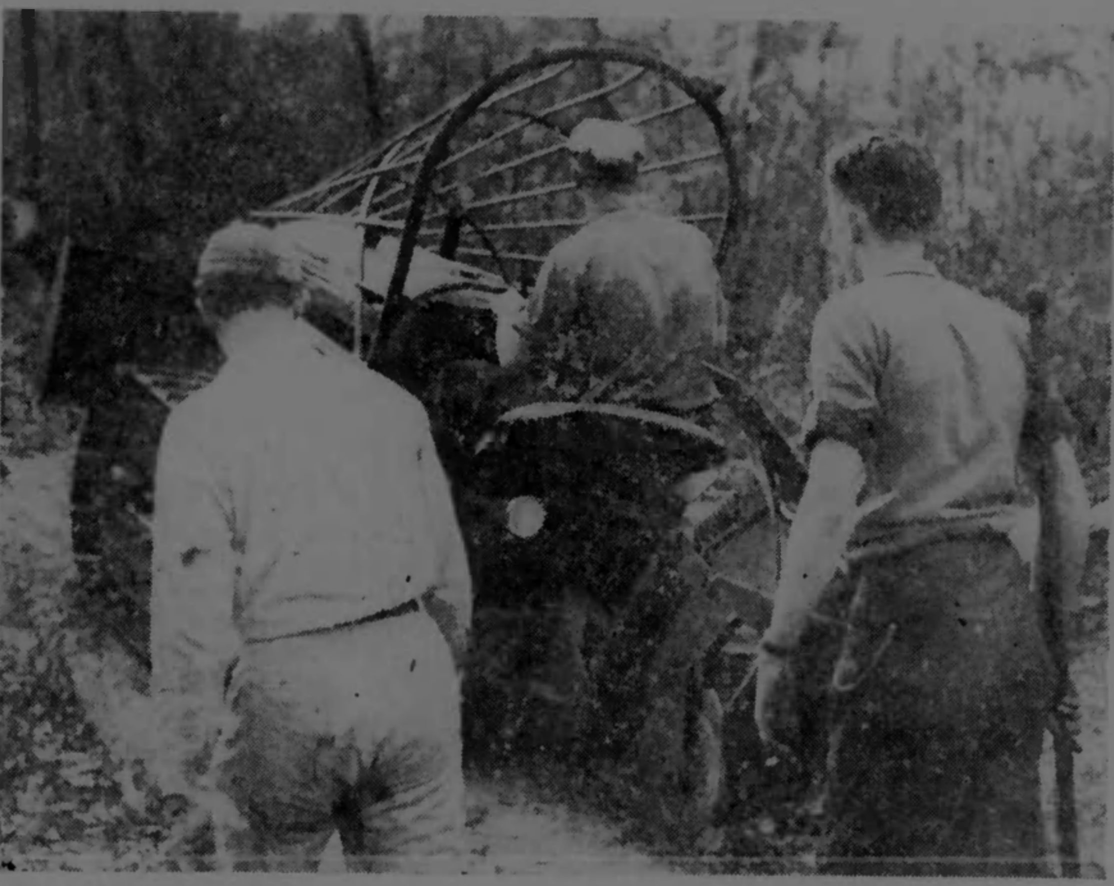
Schell Laurel Run watershed would also be changed to a permanent trout stream under recommendations. Cherry Creek, from its mouth to where it enters Deep Creek Lake at the fence of the Bloch property would also be made a permanent trout stream.

The public hearing is held in conformance with sections 206 and 209 of Article 660, enacted by the General Assembly of Maryland, whereby the commission shall adopt and publish seasons, size and creel limits on game and fresh water fish in non-tidal waters annually on or before October 25 of each year within the limits set forth.

Citizens Asked To Help Conserve Water

The Mayor and Town Council in a notice in today's issue, are asking the citizens of Oakland to help conserve the water supply. The council asked that there be no washing of automobiles or watering of lawns. Mayor Joseph Hinebaugh said there was no great danger of the failure of the water supply but he was taking precautions to guard against such an event.

The reservoir yesterday was down five feet. Two wells and one spring are in constant use at the present time and a driller is now engaged in sinking another well about 1,700 feet up the valley from the other well on the former Hinebaugh farm near the golf course. Hinebaugh said the well was about 75 feet deep at present and the town planned to make it at least 250 feet. The one well on the Hinebaugh property and the one on the golf course are about that same depth he said.



FIRE PLOW IS EFFECTIVE—The new tractor and fire plow of the Maryland Department of Forests and Parks, turned out to be one of the most effective pieces of equipment in combatting forest fires. In use on Saturday and Sunday, the machine threw up a fire line about twenty-four inches wide, with its double plow in rear. With dozer equipment in front the machine is capable of pushing over good sized trees. In the photograph, taken Sunday afternoon, Floyd Custer, forest worker, is driving the machine, and he is being followed by Lewis R. Jones, volunteer, on left, and another forest worker, at the right. The cage-like affair over the tractor is to protect the driver from falling timber. This new piece of equipment was worked out two years ago at one of the district forestry meetings held at Herrington Manor. Its importance was demonstrated over the week-end.

Lumber Mill Fire Causes Heavy Loss

Three Fire Companies Fight Blaze At Aurora Wednesday Morning

Most of the Nine lumber mill at Aurora, W. Va., and hundreds of thousands of board feet of lumber were destroyed by fire early yesterday morning. The loss was estimated in the neighborhood of $100,000.

The Oakland Volunteer firemen were called about 6 o'clock. The local company and companies from Kingwood and Terra Alta fought the blaze for almost four hours.

Elmer and Robert Nine, owners of the sawmill and lumber yard, reported 225,000 board feet of lumber went up in smoke. Of this, 100,000 board feet was seasoned.

Also ruined were the steam boilers used in seasoning the lumber, three kilns, the saw mill and a building. The structure was a large one, covering about a block. It was formerly known as the Bland sawmill.

Emroy Bolden, fire chief, said the firemen were hampered by a lack of water, as two dams at the mill were almost empty because of the dry weather. Firemen and sawmill workers succeeded in tearing down piles of lumber in the path of the flames and blocking it off, and some lumber and a building were saved. The Aurora school is only about 500 feet from the mill and the building was threatened for a time.

Cause Not Learned

The cause of the fire was not learned, according to Bolden. There had been a fire in the boiler over the night. Bolden said the high flames and intense heat made the blaze particularly difficult to fight and several men keeled over from heat and over-exertion, but later recovered.

The mill had all modern equipment. Only a small amount of insurance was carried. The Nine brothers had been in business only a couple of years, having purchased the mill from the widow of Elza Bland. The Oakland fire department had been called to fight fire at the mill upon two other occasions in the last ten years.

Fire Is Taken To Fire Department

A fire was taken to the fire department one evening last week instead of the department going to the fire. A car passing through Deer Park had caught fire, and seeing the Fire Department sign, the driver pulled into the lot. Assistant Chief P. G. Arnold took in the situation and used his own fire extinguisher to put out the fire.

The Deer Park Fire Department answered calls on Saturday and Sunday for tank truck and men to the forest fire along the road between Oakland, Crellin and Terra Alta.

Search for Coins to Cause Dirt to Fly

The finding of two old coins where State Roads workers were digging at the corner of Third and Oak streets in Oakland this week, is going to cause dirt to fly at Mt. Lake Park. Sounds a little unusual, but here is the story.

Tuesday, E. R. Fike, supervisor of the project, noticed in the place where they are constructing a "catch basin" for the storm drain being laid in that area, what appeared to be a washer or coin. Gerald Sanders picked it up. Further examination disclosed a coin, but one that was covered with corrosion. H. O. Teagarden, who happened along, volunteered to clean it. Using muriatic acid the coin shaped up. It was a 5-cent piece, probably of early 1800. On one side are the words "5 Cents", surrounded by stars, with "United States of America." There is an emblem on the other side and the date but the latter is almost obliterated.

This caused no particular concern until yesterday another coin was found by Charles Munday, worker on the project, at the same place. It cleaned up much easier and it was a large one-cent piece with an 1849 date. In searching around the area there was found a uniform hole in the ground, about the size of a can, about 15 feet from the corner on Oak street, and about 8 inches below the bottom of a piece of curbing. The curbing is about 15 to 18 inches deep which means the hole was about two feet underground.

Thoughts of a buried treasure quickened the pulse of some of those around there and here is the reason that dirt is liable to fly at Mt. Lake Park. Some of the loads of dirt went to the property of Ben DeWitt, who is building a house there. Another load went to the home of H. O. Teagarden, also in the Park. The latter said he was going to sift his ground in an attempt to find the can, and possibly some other old coins. Some antique American coins are worth hundreds of dollars. Workmen were of the opinion it would have been possible to dislodge a can while digging without noticing anything unusual.

Partial Prize List For Hallowe'en Is Released By Band

Sixty Awards Already Obtained For Parade on October 29

Around sixty prizes already have been obtained for the annual Hallowe'en celebration to be held in Oakland on Thursday, October 29, and the list is expected to top 75 or more by next week.

Sponsoring the event is the Mt. City Band of Oakland. Band officers announced that plans were practically completed.

A street parade is scheduled for 7 o'clock. A number of bands and drum corps already have agreed to be here that evening including the VFW Band of Uniontown which for three years was declared the Pennsylvania state championship band.

Among the prize list will be the following for bests: hair dressing for Mortimer Snerd; hair shampoo for colored child; fruit basket, chinese costume; hair tonic, Sad Sack; pipe, hillbilly, can tobacco for second best; bath powder, mother goose; hair tonic, soldier costume; dinner for two, bride and

Aurora F. H. A. To Present Play on October 23rd

The Aurora High school F. H. A. is giving a play, "Daisy's Dot," on Friday night, October 23, at 8 o'clock, in the Aurora High school auditorium. Miss Martha Bolyard is directing.

The all-girl cast includes Doris Beckman, Mary Ellen Harsh, Joyce Teets, Beatrice Wilhelm, Wanda Stemple, Doris Rembold, Carolyn Bachtel, Margaret Bachtel and Lenora Lantz. Admission will be 25 and 40 cents.

Teachers' Group to Meet

The Garrett County Teachers' association will meet at the Accident School on Wednesday evening, October 21, at 7:30.

There will be reports from state and N.E.A. delegates, reports from the workshop at Towson, "An Institute of Public Affairs;" and appointment of committee members. Mrs. Zeola Robeson, secretary, is asking for one hundred percent attendance.

District Scouters to Meet

The regular monthly meeting of the Deep Creek district scouters and cubbers will be held at 7:30 p. m., Tuesday, October 20, at the Methodist church assembly room in Oakland.

Results of the council planning conference will be presented and plans made for the months ahead. Rev. John J. Atwell is district chairman.

Fires Burn 150 Acres of Forest Land In 2 Days

Crew of Some 200 Men Labor To Subdue Flames On Sunday

Two separate fires in the same general area, about a mile west of Oakland, burned more than 150 acres of forest land on Saturday and Sunday.

Thought at first to have been the same fire, with sparks from Saturday's blaze spreading across the 100-foot-wide Youghiogheny river, investigators have concluded that the Saturday fire was started by railroad sparks and the one Sunday from a railroad fusee.

The fires were the worst in Garrett county this year. Starting at about 11:30 Saturday morning the first fire burned some 75 acres before being brought under control by a crew of about 70 fire fighters, led by Forest Supervisor Elmer Upole, of Mt. Lake Park.

William H. Johnson, district forester, Cumberland, led a crew of some 200 fighters on the scene Sunday. They included Baltimore and Ohio railroad crewmen, volunteer firemen from both Oakland and Deer Park, members of the Forest Fire Fighters of Southern High school, the Explorer Scouts and a number of private citizens.

The first fire started in some old timber slashing which had been burned over a few years ago and where some young timber was developing. Old treetops remaining from the fire of a few years ago burned with such intense heat that Upole termed the fire the most difficult he ever had fought in the county.

The State Department of Forests and Parks' tractor and fire plow was the most effective piece of equipment in combatting the blaze, the forester declared. Workmen continued far into Sunday night before the second fire was brought under control. Aiding in this was the Youghiogheny river which confined the blaze on one side.

Nearly 30,000 gallons of water from the Big and Little Youghiogheny rivers were poured on the smouldering timberland on Monday, and forest guards remained at the scene until all sparks had been extinguished. The fire fighting crew used two portable pumps and approximately 4,000 feet of hose to wet down the fire line area on Monday.

Many citizens viewed the blaze from the Fingerboard Road.

Two grass fires also occurred in Garrett county Sunday, one near Swanton, and the other at Rock Glade. Elsewhere in his district Johnson said there were four small fires Saturday which burned a total of less than an acre. One at Swallow Falls, attributed to a hunter, burned about one fourth acre. In the past week nine different forest fires had been blamed on careless hunters, Johnson said, and two of them were in this county.

Another blaze broke out on the 1,000-acre tract near Deep Creek on Monday but was brought under control quickly by Forest Guards Myrl Wilt and Charles Thomas after nearly a half acre was burned.

Johnson voiced a warning that the timberland is still very dry as no helpful rain has been forthcoming for the past thirty days or more.

To Receive Award For Distinguished Service as County Agriculture Agent

John H. Carter, county agricultural agent under the Extension service, is receiving the County Agent Distinguished Service Award today at the National County Agent's Association meeting in Philadelphia, Pa. Mr. Carter is one of two delegates from the State attending the meeting, and left Oakland last Friday.

Mr. Carter was one of two Maryland agents nominated in 1953 by the Maryland County Agents' association for the awards offered by the national association.

A statement about Mr. Carter's activities was prepared by Maryland representatives for consideration of the national association and the citation will be read at today's meeting.

Mr. Carter became county agent in this county on January 1, 1929. Prior to that time he had served about three years as teacher of vocational agriculture in Friendsville High school. He is a native of Smith county, Va.

One of the early programs was concerned with the improvement of the potato crop grown in the hill lands of the county. He organized a number of 4-H club demonstrations in cooperation with the Baltimore and Ohio railroad. These demonstrations and other demonstrations carried on with adult farmers were concerned first with improved seed of recommended varieties. Later efforts dealt with improved fertilization and adequate spray programs.

The importance of youth in the educational program is shown by the fact that the first potato spray

When you want to GO
You want DYNAFLOW*
(We mean T.T. Dynaflow!)
WORLD'S ONLY VERTICAL VALVE V8
THE GREATEST BUICK IN 50 GREAT YEARS

No doubt about it—as thousands of prideful owners will tell you.
When you press the pedal of a 1953 Buick with Dynaflow, you *move*.
You move with instantly responsive getaway, with great quiet, with truly infinite smoothness.
You move in this special and spirited and soul-satisfying manner because you're bossing *Twin-Turbine* Dynaflow—where two turbines, instead of one, now turn out the magic.
We can put pictures before you to show how TT Dynaflow delivers its sensational performance and flowing-oil smoothness. And we will, if you ask.
But surely you ought to take the wheel of a 1953 Buick with this big-thrill wonder drive and let your own sensations tell you how wonderful it is.
You ought to try it for getaway, for cruising, for suave deceleration—for the sheer and restful comfort it gives you every step of the way.
And, very definitely, you ought to try it for the power that goes with it . . .
For the highest horsepowers and compression ratios, Series for Series, ever placed in a Buick—including the power of the world's newest V8 engine in every SUPER and ROADMASTER.
Why not come in and try out this terrific performance team of Buick power and TT Dynaflow?
We're ready, willing and eager to show you what you've been missing—and how easy it is, pricewise, to have it. Can you drop in on us for a no-obligation sampling—this week?
MILTON BERLE stars for BUICK—in the BUICK-BERLE SHOW on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—a "GM" Key Event

VOLUNTEER FIREMEN HELP—Members of Oakland and Deer Park Volunteer fire departments were among the many volunteers who assisted members of the forestry service on Saturday and Sunday in getting Garrett County's worst fire under control. George Comp and William Clary, of the Deer Park fire company, were right along the fire line on Sunday afternoon helping to keep back the flames so that they wouldn't jump the fire line that had been thrown up by the special tractor plow that was in use. These two were typical of those assisting all along the danger zone. Flames leaped to tree top height along much of this area due to the heavy underbrush.

There will be the usual street carnival and concessions, a cake walk and square dance. The band is seeking donations of cakes to be used for the cake walk. Those desiring to contribute may contact some member of the band or fire company.

Second street between the railroad crossing and Green street will be roped off for the occasion. In addition there will be a Hallowe'en dance on Saturday evening, October 31, at the National Guard armory, from 9:30 to 12:30. Sponsored by members of the Business and Professional Women's club, it will also be for the benefit of the band.

Shower and Serenade Held

A shower and serenade was given for Mr. and Mrs. Clifford E. Friend, recently married, at the home of Mr. and Mrs. B. H. Friend, near Deer Park, Saturday evening, October 10.

Those present were Mr. and Mrs. Kenneth Liller and family, of Gormania, W. Va.; Mr. and Mrs. Robert Wilt and daughters, Mr. and Mrs. George B. Friend and son, Mr. and Mrs. Wade Meese, all of Oakland; Mr. and Mrs. Boyd Friend and son, of near Cumberland; Mr. and Mrs. Clarence Lashorn, Mr. and Mrs. Orval Uphold and family, Mr. and Mrs. Albert Smouse, Deer Park; Charles T. Shaffer, Mr. and Mrs. Blair Simmons and family, Loch Lynn; Mr. and Mrs. Melvin Gnegy and daughters, Mt. Lake Park; Mr. and Mrs. Richard Wolfe and daughter, Mr. and Mrs. Gordon Paugh, Mt. Lake Park; Earl Pope, Gormania, W. Va.; Mr. and Mrs. Milton Riley, Pleasant Valley; Mary Durr, Erwin, W. Va.; Sara Friend, Mt. Lake and Deer Park road.

President Eisenhower named James P. Mitchell, 52, Republican, as new secretary of labor. He will succeed Maurice Durkin, who quit September 10.

Northern Ties Beall

Reed Richter's second field goal of the game in the final moments of play enabled Coach Charley Strauss' Northern High boosters to tie Beall High's soccer eleven at Accident last Friday.

Northern took an early 2-0 lead on a goal by Richter in the opening period and a penalty kick by Wayne Glotfelty. Beall came back with tallies in each of the last three quarters on goals by Ferguson and Rice and a penalty kick by Rowe to take 3-2 lead. The tie gave Beall and Northern both 1-1-1 marks for the season. Northern's best bets were Don Ringer, Don Hershberger and Glotfelty. Others playing were McKenzie, Collier, Sisler, Beitzel, D. Wagner, Georg, Mazer. Goehringer was a substitute for Northern.

Inducted By Lions

Two new members were inducted into the Oakland-Mt. Lake Park Lions club on Monday night. They were James Rook and Max Propst. W. Dwight Stover, former president, was the officiating officer.

C. B. Buchanan, editor of The Mountain Democrat News, was the speaker.

DEER PARK

The Homemakers club met at the Town Hall Tuesday evening. Miss Ethel Grove, H.D.A., gave a demonstration, "Alterations on Ready-mades." The project chairman, Mrs. William Ritchey, gave a lesson on "Health—Medicine Cabinet." Following the business meeting, refreshments were served by the hostesses.

Naming of Ohio Democrat to Senate left it with 48 Democrats, 47 Republicans, one Independent.

Accident P.-T.A. Has Panel Discussion

A panel discussion on the place the P-T. A. held in the home, in the school, in the community, featured the initial meeting of the Accident Parent-Teacher association on Monday evening.

Questions were presented by the audience and answered by the panel. Mrs. Mary Strauss answered questions pertaining to P-T. A. and the home; Mrs. W. W. DeWitt answered on P-T. A. and the School, and the parents' place in the organization. Rev. Olonzo Fike answered on P-T. A. in the community. Mrs. Clark Schlossnagle was program chairman.

Mrs. Martin Franke presided. A. B. Dean, principal, introduced faculty members. Project of a movie projector was discussed and a decision on its purchase will be made November 16.

Attendance award went to Miss Dora Schlossnagle's 3rd grade class, for having largest percentage of parents present.

Group singing was led by Mr. Fike with Mrs. Claytor Speicher at the piano. Refreshments and a social hour followed.

The program chairman advised of plans for a hobby show display at the November meeting. Students as well as adults are being invited to display their hobbies.

Under GI Bill some 7,800,000 have received education and three million [illegible] loans.

ONE WORD . .

Can Change Your Life

By Rev. ROBT. W. OLEWILER
Washington, D. C.
Pastor, Grace Reformed Church

ESCAPE

When you say goodbye to places and persons, do so without wishing to escape the essential qualities of those relationships.

In his review of the latest of the late George Santayana's books, Governor Paulding concluded with this statement: "It's a wonderful thing to achieve serenity, but it's terrifying to achieve it in emptiness of heart." Mr. Paulding drew this conclusion after pointing out that Santayana shelved his friends after saying goodbye to them and died a frustrated and unhappy man.

A wholesale escape from the past simply doesn't work. God endowed us with hind-sight for good reason. You can "achieve serenity" with a full heart if you remember your experiences after saying goodbye. Evaluate them. Plow under the worst and cultivate the best, but don't plot an escape, the word that can change your life.

RIGHT-TO-WORK LAWS - - -

Fourteen states have passed right-to-work bills, Alabama being the latest. These bills vary in details, but all of them provide, as the Los Angeles Times expressed it, "that no worker may be denied employment or discriminated against because he is or is not a member of a union. The right to join a union is thus protected, and the corollary right not to join is also protected."

Both of these rights are vitally important to free labor, union or nonunion. Under the closed shop or the union shop, the individual is powerless—if he is to hold his job and support his family he must stay in the union and pay it dues whether he wants to or not, and regardless of what he may think of the caliber and policies of union officials. Under the right-to-work idea on the other hand, where union membership is voluntary, union officials must please their members and give good service if they are to maintain the organization and hold their own jobs.

In signing Alabama's bill, Governor Persons pointed out that there are many national and regional organizations which have performed signal service for veterans, farmers, business groups, and others—and that in no case is membership compulsory. Then he said, "In my opinion, all of our labor unions will be far stronger and the members in them will have a far greater interest and respect in the organizations if membership can be shown to be desirable and they are not forced to join." In short, both fundamental individual rights and the cause of sound unionism itself are given basic protection in the right-to-work bill.—Industrial News Review.

LISTEN AMERICANS!

...by George S. Benson
President of Harding College

John Q. Citizen has two responsibilities which must be acted upon at once if our federal government ever again is to balance its budget and get on a safe and sound financial foundation. They are: (1) give positive assurance to your representatives in Congress that economy cuts, even on your pet federal projects and services, will be accepted without a squawk; and (2) give positive assurance that you expect immediate fulfillment of the administration's pledge to balance the budget, to start reducing the national debt, and to cut taxes substantially.

Most American citizens are willing to take these positive measures, but being willing and then actually arousing oneself to positive action are two different things. Those who want a balanced budget and reduced taxes, and who are willing to accept economy cuts in any and all federal operations, are the very ones who are not acting on their wishes. The fact that there are about 15 or 20 of them to every one citizen who doesn't care whether the budget is balanced, makes no difference in Washington—if they continue to remain silent and inactive.

Government financing can never be entirely entrusted in office-holders whose jobs are dependent upon the practice of politics. The Citizenry as a whole must be a watchdog and constantly demand and require sound financial practices. History reports the decline and fall of many nations whose people were lulled into apathy toward the financial affairs of their government. Spending borrowed money and building up debt over a continuing number of years, with the resultant money inflation, has spelled the doom of these great nations.

Today in the United States, the national income is the highest in history. There is no significant unemployment. Jobs are plentiful; new businesses are opening every day. Private enterprise has demonstrated it is capable of taking up the slack as big government is whittled down along with its 25 to 90 per cent taxation on incomes.

If our federal budget cannot be balanced now, when can it be balanced?

I'm afraid the answer would be, never! But it can be balanced in the 1954-55 fiscal year. And it will be—if enough people who care about their future and the future of their children will speak up and act in the true role of American citizens.

BITTINGER

If a helpful truth you know,
'Twas meant that you should declare it.
For your joy of life must lose its glow,
Unless you freely share it.

It has been announced that Rev. Allen, of Elkins, W. Va., has accepted a call to serve the Bittinger Lutheran Pastorate and that he will begin his work here about November 1.

Rev. and Mrs. J. C. Beam, accompanied by Rev. Whitaker, the pastor recently appointed to serve the Maple Spring Church of the Brethren, and his wife, daughter of Rev. Beam, were callers in this village last Saturday afternoon.

Mr. and Mrs. Lloyd Beachy, of Akron, Ohio, and Everett Beachy, of Canton, Ohio, visited their parents, Mr. and Mrs. Oliver Beachy, at the Beachy home here.

The woods were thickly infested by many hunters from out of the county, who were in quest of gray squirrels, last week.

A number of persons from this community attended the Buckwheat Festival in Preston County, W. Va., last week-end.

Mr. and Mrs. N. E. Broadwater, of the Backwoods settlement, were visitors in this neighborhood one day last week.

The young folk of the Luther League were taken on a hay ride by Carlton Knox to visit the Savage River Dam one evening last week.

Mrs. Elmer Shawley was hostess to members of the Women's Missionary society at her home last Friday night. Mrs. Russell Klotz led the topic, "The Mission in Our Midst," with worship by Mrs. Jonas Beachy, and discussions of different phases of mission work led by Mrs. Robert Buckel, Mrs. George Shawley and Mrs. Lawrence Brenneman. Mrs. Orval Glotfelty, president, conducted the business meeting at which time chapters in the Mission study book, "Within These Borders," were assigned to members and a Thank-offering committee was appointed to arrange for a program of Thanksgiving. Thursday, October 22, was set as a general clean up day to get the parsonage in shape for the new pastor and family. Refreshments were served to the fifteen members present.

Frank Gray, field representative in Farm Bureau from Baltimore, Miss Ida Engle, president of Associated Women in Garrett county; Marvin Callis, county Farm Bureau president; and Mrs. Callis met in the community Monday evening to help form a planning or discussion group. The November meeting will be held at the home of Mr. and Mrs. Orval Glotfelty.

The Shining Light

Lesson for October 18, 1953

ARE we agreed that Christians ought to plan ahead for a better world? Are we agreed that the foundation of a better world is Jesus Christ and Christlike persons? Then we can go on with the next question, a very practical one. What exactly can God's "new men" do to leave this world better than they found it? Granted, we shall never see an ideal world this side of heaven; granted, we shall be imperfect persons as long as we live in this world. It is still possible—more than that, it is imperative, a "Must,"—for Christians to work and plan in the direction of the world of God's ideal.

Salt And Light

The first thing we can do, odd as it may sound, is not to do anything, but to be something. Jesus spoke to his disciples—and to us—in terms of salt and light. Now salt and light do not do anything, or rather what they do depends entirely on their being what they are. If salt could change its mind and decide to be pepper or sand, no cook would want it. If an electric light could change itself into a doorknob, it would cause no end of trouble. The salt doesn't rush around doing something, it just is salt, the light is light. Salt and light are alike in this: there is no real substitute for either one. So there is no substitute for real Christians in this world. They are alike also in that they do whatever good they do, by contact. Salt in a shaker, light in a steel box, are of no use. So the Christian to be of use in the world must not shrink from contact with it.

Dr. Foreman

Furthermore, salt and light are alike in that they must not be too prominent. No one cares for over-salted food or glaring lights. So a Christian who is like a Pharisee, wearing his virtues on his chest like a string of medals, is a nuisance to all concerned. But still it is true that the first and most constant service which every Christian can render in this confused sad world, is simply to be as good a Christian, as faithful a representative and servant of Jesus Christ as he can possibly be.

Helping Others

Another thing that God's new men can do, a thing which can remake the world and in many respects has been re-making it,—a thing that sounds simple but which calls for a great deal of thought and planning, is this: just helping other people.

The New Testament makes it quite clear that an un-helpful Christian is hardly a real Christian at all. Naturally, not all Christians have the same opportunities. A little girl just entering the first grade can help her classmates and the teacher; but the teacher if she is a good one, can help all the class even more. The principal of the school, by selecting good teachers, can by his skill in judging people help every pupil in the school. The members of the school board by picking good principals can help the whole school system.

A boy on a farm in Missouri does not have the same opportunity to be helpful that he would have if he had been appointed Secretary of State. But a Christian, whether his zone of operations is a farm or the world, can always find ways of "going about doing good" as the Master did.

* * *

Winning Others

There is one thing that most Christians do not do, which—if they only went at it with any enthusiasm—would spread their light farther than any other one thing. (We bear in mind that if a Christian has any light, it is because Christ shines through him.) If it is true that the "better world," even if only a little better, can come to pass only as personalities are changed into the likeness of Christ, then the best thing a Christian can do toward a better world is to win others to his own Saviour. Saint Paul no doubt was helpful to others by the tents he made, for we can scarcely imagine him turning out shoddy or bungled work. He was more helpful still by "growing in grace" and shining as a true Christian character. But was there any service he performed which meant as much to him, in satisfaction, or to the world, by way of improvement, as the service he rendered in winning men from the kingdom of darkness to the kingdom of light?

Economists have sounded a warning that general acceptance of the guaranteed annual wage plan might cripple and weaken the American economy.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Mr. Bromfield Looms

With the Taft-Hartley amendments supported by the Eisenhower Administration due among the first of the controversial questions in the next session of Congress, interest is accelerated concerning the successor to the late Senator Taft. The Senate is so evenly divided that if this issue is settled on strictly party lines, there would seem slight chance of the Eisenhower pledges being fully redeemed. Thus the character of the man soon to be named by Governor Lausche would appear fairly decisive.

—o—

It may be that before this appears in print his selection will have been announced. Hence, it is somewhat dangerous to predict, though several things are reasonably sure. One is that the new senator will be a Democrat. Being a Democrat himself, it is inconceivable that Governor Lausche would appoint a Republican. But this does not insure the kind of Democrat whom the labor bosses and the Democratic management want. One reason is that Governor Lausche is not that kind of Democrat himself.

—o—

It will be recalled that in 1950 when the labor bosses "ganged up" on Senator Taft with avowed purpose of driving him out of public life, Governor Lausche was very helpfully on his side. He did not join the labor politicians and Mr. Truman in denouncing the T.-H. Act nor in opposing Senator Taft—quite the reverse. Undoubtedly, his attitude had much to do with the great majority by which Mr. Taft defeated the formidable combination against him. There has been much speculation about whom he will appoint but well-informed Ohio friends of the Governor are now of the opinion that his choice will be Louis Bromfield, distinguished author and farmer of Mansfield, Ohio. Though he has written much on international politics, agricultural and other subjects, Mr. Bromfield has never been a candidate for public office.

—o—

Early in the Roosevelt regime he was an ardent New Dealer, but it did not take him long to see through the follies of that doctrine and, though remaining a Democrat, he became an ever stronger anti-New Dealer. Governor Lausche's intimates say he and Mr. Bromfield are warm friends and the Governor believes he would be a credit to the State in the Senate. Should he name Mr. Bromfield to serve until November, 1954, it would not be with the idea of himself running for the full term. On the contrary, there is every expectation that Mr. Bromfield would be the candidate to succeed himself and that Governor Lausche would run again for governor. Concededly he would win and another re-election would make him figure in the 1956 convention, where, despite the Stevenson propaganda, almost anything may happen.

—o—

However, though the appointment of Mr. Bromfield, or any other Democrat, would divide the Senate as follows: 48 Democrats, 47 Republicans and 1 Independent, it will not really be decisive because the Administration will have real Democratic support—particularly in the South. In 1949 the Taft-Hartley bill was passed over the Truman veto in a Democratic Congress. Considering these things, the Republican management is not depressed about the outlook. Nor has the sagging effort of the labor politicians and the Democratic National Committee to magnify the Durkin charge that the President broke faith with him altered this situation.

—o—

For one thing, only the personal and political enemies of General Ike (and not all of them) believe he broke an agreement with Mr. Durkin. That just does not make sense. For another, it is now accepted that Mr. Durkin had other—and personal—reasons for his resignation. One was uneasiness about the opposition building up against him in his own union, to which he always expected to return as its well-paid head. A third is the fact that Mr. Durkin made no charge in his letter of resignation that an agreement had been broken. Nor did he mention any such subject at his following press conference. It was not until he got to the AFL convention in St. Louis and after conversations there with its leaders that he made this charge. Conceding that Mr. Durkin is an honest man, most persons seem willing to accept the explanation that the President and he had a misunderstanding.

—o—

Certainly, the effort to make an issue out of it has flopped. Insistence that it has hurt the President with organized labor seems ridiculous for several reasons: One, that organized labor, so far as it could be influenced by its leaders, was opposed to Mr. Eisenhower from the start of his candidacy. Mr. Stevenson, who opposed the Taft-Hartley Act, after having first favored it, was the choice of the labor bosses; two, they could not be more against the President than they were; three, they exhibited in the last election a significant inability to deliver. Altogether, it does seem the prospects for satisfactory amendment of the act have not diminished.

Maternity Ward At Hospital Overflows

Sixteen Births Occur During Week—25 Patients Are Admitted

There were two unusual events in the maternity division of the Garrett County Memorial hospital at Oakland this week, but neither one was a record.

There were sixteen births in all during the past week, but upon one other occasion there were 19. At that time the babies were being housed in dresser drawers, but this time it was different. The hospital now has 14 bassinets and five incubators, so the problem was not nearly so complicated.

The second unusual event was the birth of a colored boy. This was not a record either, as there have been two other negro births here. The parents are Mr. and Mrs. Cornelius Smith, of Kingwood, W. Va. Garrett county is unusual itself in this respect, since there are no colored families residing within its entire area.

The sixteen births include the following seven boys and nine girls:

On the 8th a son to Mr. and Mrs. Adrain Carl Whitehair, Horse Shoe Run, W. Va.

On the 9th a daughter to Mr. and Mrs. Warren Dale Reckart, Albright, W. Va.; a daughter to Mr. and Mrs. Carl Foster Harvey, of Terra Alta, W. Va.; a daughter to Mr. and Mrs. Richard Allen McVicker, Terra Alta, W. Va.

On the 10th a son to Mr. and Mrs. Cornelius Smith, Kingwood, W. Va.

On the 11th a daughter to Mr. and Mrs. Fuller Roy Reckart, of Crellin; a son to Mr. and Mrs. Glenn Harsh, Horse Shoe Run.

On the 12th a son to Mr. and Mrs. Carl Freeland Watts, Elk Garden, W. Va.; a daughter to Mr. and Mrs. Harry Reeder Kisner, Terra Alta; a son to Mr. and Mrs. John Frederick [illegible], Jr., route 1, Swanton; a daughter to Mr. and Mrs. Charles Wayne Burrell, Mt. Lake Park; a daughter to Mr. and Mrs. Willard K. Hayden, Mt. Lake Park.

On the 13th a daughter to Mr. and Mrs. George Dayton Dodge, Terra Alta; a daughter to Mr. and Mrs. Clarence William Mayle, route 1, Oakland; a son to Mr. and Mrs. Archie Cable, Corinth, W. Va.

On the 15th a son to Mr. and Mrs. Elmer Nair, 4th street, Oakland.

Miss Irene Sharpe, hospital superintendent, said the entire second floor of the old section of the hospital will be used for maternity cases and nurseries when the new wing is added and that the hospital will have two nurseries with a capacity of 24.

During the past week 25 patients were admitted to the hospital and 29 patients were discharged.

—o—

M/Sgt. George F. Kelly who has been stationed in Greenland with the army air force, was in Oakland for a brief time on Sunday enroute to Louisville, Ky. where he will join his wife and family. All expect to be in Oakland for a visit in the near future.

DIED

ROY C. MOOREHEAD

Roy Cleveland Moorehead, 61, of Bloomington, husband of Mrs. [illegible] Morgan Moorehead, died Monday night, October 12, in Potomac Valley hospital in Keyser, where he was admitted Sunday. He had been in ill health since August.

Born in Bloomington, he was a son of George S. Moorehead, of Bloomington, and the late Mrs. Lucy [illegible] Moorehead. Employed as a trackman by the Baltimore and Ohio railroad, he had not worked since his illness.

Surviving besides his widow and father, are two sons, James R. and Charles L. Moorehead; a daughter, Mrs. Evelyn Hinkle, all of Bloomington; three brothers, Dewey and John Moorehead, of Bloomington; and Ora Moorehead, Fairmont, W. Va.; and a sister, Mrs. Pansy Crane, Annapolis.

Services were conducted this morning at 11 o'clock from the home of Mr. and Mrs. Carroll Moorehead with Rev. Rex Coffman, pastor of Pentecostal Holiness church, Piedmont, officiating. Interment was in the Bloomington cemetery.

BERTHA BIGGS PRATHER

Mrs. Bertha Biggs Prather died last Friday, October 9, at the Kiser Nursing home in Mt. Lake Park where she had been a patient for two years.

A daughter of the late John W. and Mary Moreland Biggs she was born in Garrett county March 20, 1874, and was aged 79 years. She had lived most of her life in the Red Oak community.

Surviving are one sister, Mrs. Grace [illegible], Baltimore; and one brother, Howard R. Biggs, of [illegible]. Her husband, Edward Prather, died in 1951.

Funeral services were conducted on Monday afternoon at 2 o'clock from the Fairview Church of the Brethren, in charge of Rev. Ross Speicher. Interment was in the church cemetery.

Are You A Smart Lunch Packer?

Did you ever stop to think of the effect your child's lunch can have on his school work?

Nutritionist Janet Coblentz, University of Maryland Extension Service, says few people realize that inadequate lunches may seriously affect the child's health and will eventually result in poor school work.

The lunch box meal is just as important as any of the other two meals of the day. A little planning and following a few simple rules can keep lunches from becoming a humdrum chore—not only for the one who packs the lunch, but for the one carrying the box.

Miss Coblentz says if you are a smart lunch packer you will do the following:

Have a special place for storing all supplies for packing lunches.

Use variety in sandwiches—different fillings, kinds of bread and ways of cutting.

Spread sandwiches with softened butter or mayonnaise, or a blend with mayonnaise, chili sauce, relish or bottled spreads to keep sandwiches moist.

Add something crisp to the lunch—carrot or pepper strips, a whole tomato, or stuffed celery.

Put something hot in the thermos bottle, such as soup or cocoa, for crisp, cool days.

Use fruit or maybe a cookie to finish off the meal.

Add a surprise to the lunchbox occasionally—salted nuts, stuffed dates, a small box of raisins—to create interest in the lunch.

Always include milk. Flavor it with molasses, chocolate or fruit.

Wash out the lunch box, thermos bottle and cork thoroughly. Soda water will sweeten and help kill odors.

READY FOR BUS TRIP—The five hundred ninety-three persons who came to Oakland last Sunday gathered at the buses immediately after detraining from the 11-coach excursion that reached here shortly after one o'clock. The photo shows a large number of the group which gathered to hear selections by the Mt. City Band and to hear the short program arranged by the Mt. Top Chamber of Commerce. Baltimoreans were welcomed to the Mountain Top by Emeric Dusic, who represented Mayor Joseph Hinebaugh, and after awarding of three turkeys the visitors boarded the sixteen buses provided. Officials have not heard one adverse comment. On the other hand many were loud in their praise for the hospitality, for the scenery which they saw on their four-hour trip to Herrington Manor, Swallow Falls, Deep Creek Lake, and for their economical day. The entire trip cost $6.00. not including what they spent for food and incidentals. The train left Baltimore at 8 o'clock and was scheduled to return by 10 p. m. B. and O. officials already are wondering whether or not it would be possible to accommodate 1,000 people here next year. This year's train was oversold and many others wanted tickets, they said.

77 Marriage Permits Issued in 2 Weeks

Seventy-seven marriage licenses were issued during the past two weeks ending Tuesday at noon, from the office of Richard L. Davis, clerk of the Circuit Court, an unusual number for this time of year, judging from past records. Sixty of these were granted during October.

During September 137 licenses were issued. Eight of the licenses issued during the two weeks' period were marked "don't publish."

Fire Prevention Week Observed At Deer Park

As part of the celebration of Fire Prevention Week, Assistant Chief P. G. Arnold, of the Deer Park Fire Department, brought the new fire engine to the school there for a demonstration. Each part of the engine was explained, each fire extinguisher was discussed, telling what it contained and when it would be used. The various nozzles and their uses were also explained and demonstrated. The students were told ways in which they could help prevent fires. Children were especially asked not to burn leaves or trash as long as the dry spell continued. It was pointed out that there is very little water in Deer Park, since many wells are dry and most of the creeks are dry. The children asked and received answers to many questions.

On Tuesday, October 20, another part of Fire Prevention celebration will be held, when Cromwell Zembower, member of the La-Vale Fire Department, will give a talk and demonstration to the Deer Park P.-T. A. Everyone is invited.

Student Government Begins Activities

The Student Government under the direction of Mr. Dean, sponsor, has changed the representation of the organization for this year. The new plan calls for thirteen members, including the four officers. Each senior high class will have two representatives while the junior high will have one.

Petitions were handed out last Wednesday, September 30, to the students who were interested in running for the office.

In the previous years, with about a forty member government, "there seemed to be a great deal of loafing and I believe that by cutting the membership it will be a more active group and easier to work with," stated John White, Government president.

As soon as the Government starts and gets into full swing again there are several things which are to be taken care of right away. The school store, which was intended to be a benefit to the students last year, will be started as soon as possible.

Dr. Collins will be of great help to the government this year and the coming years since he was president of the Student Government at the college he attended. In a meeting with the officers to talk over school problems he had several suggestions as to ways in which the government can be of help to the school.

YOUGHIOGHENY RIVER AIDS FIREMEN—The Youghiogheny river helped forestry men and volunteers to bring a raging forest fire under control last Sunday night. After having jumped the river from the railroad tracks about a half mile upstream, the flames spread over a wide area and kept 200 persons busy trying to extinguish them. Just as dusk was falling the flames reached the bank of the river where the picture was taken, just above "88" bridge on the B. and O., which ended the threat in that direction. Fire fighters kept working several hours longer, however, before bringing it under control. Before that was accomplished about 160 acres had been burned. The height of the flames may be seen in the photograph, emphasizing what the foresters had said, that it was one of the hottest fires they had experienced. Water from both Big and Little Youghiogheny rivers was used by foresters in drenching the flames by use of 4,000 feet of hose.

Panel Discussion To Feature P.-T.A. At Southern Monday

First Meeting of School Year Is Arranged—Year's Program Is Outlined

A panel discussion will feature the first meeting of the Southern High school Parent-Teacher association, to be held at the school cafeteria next Monday evening, October 19, beginning at 8 o'clock.

The discussion will be conducted by Mrs. George Hanst and there are to be three adults, three students and three instructors as members of the panel. The panel will cover three questions: What do parents expect of the school? What do students expect of the school? and What does the school expect of the community?

John Soles also will give a brief talk on the operation of the cafeteria.

Howard D. Naylor, president of the organization, said the executive committee had agreed to begin and end meetings promptly with the business and program continuing until 9 o'clock, and the social hour from 9:00 to 9:30. At the first meeting of the executive committee on Monday night the programs for the year were outlined. The following plans were announced.

November 16—a parents' night or school in miniature. Parents will follow the schedule of their child, attending each class for approximately 10 minutes.

December 20—Open house sponsored by faculty with the Glee club participating.

January 18—Grade level group meeting, with each grade meeting as a group to discuss problems of interest to that grade level.

February, open date; March, pupil guidance; April, agriculture program; May, style show, sponsored by home economics department, with band participating.

Mr. Naylor said the executive committee will meet the second Monday of each month and will include officers and chairmen of all committees. Besides Naylor, officers are Allen S. Paugh, vice-president; Mrs. Richard Davis, secretary; Rev. R. T. Brohawn, treasurer.

The following committees were selected:

By-laws—William Rees, Richard Glotfelty; program—Allen Paugh, Mrs. David Hardesty, Miss Janet Hyre, Thomas Stevenson, and John Wolf; activities—J. S. Cooper, Clifford Phillips, Robert Rodeheaver; publicity—Mrs. Hugh Eckard, Mrs. Richard Glotfelty; budget—Prentice DeBerry, R. T. Brohawn; membership—Mrs. Theoda Miller; hospitality—Mrs. Harold G. Bittinger, and home room mothers; attendance—Mrs. Bowen Hardesty.

Home room mothers are Mrs. Earl Lee, chairman, Mrs. Delbert Bittinger, Mrs. Clifford Phillips, Mrs. Joe Welch, Mrs. Ervin S. Smith, Mrs. Howard White, Mrs. C. B. Groves.

County council delegates are Mrs. Earl Lee and William W. Nace.

It Runs Through My Mind

By POLLY J. HANST

Dry Chatter

Neither foresters nor their wives have any peace of mind in weather like we have had this fall, and they will likely remember this one for a long, long time.

Town folks must appear smug and secure to them and their rural neighbors when our only inconvenience in this dry spell is to be cautious about burning trash.

One farmer whose spring had gone dry and was hauling water for all his needs told me his chickens used 10 gallons of water a day and a cow would drink as much as fifty. I wanted to ask him if the supply was reduced if that meant the hens would lay stronger eggs and if the cows would give condensed milk, but decided he might not appreciate such glib chatter, especially after he had tugged a dozen or so milk cans home filled with water.

Then I recalled a post card I had received from a couple in Vermont saying "The farmers are hauling water for their live stock. The city folks are staying on later than usual and still taking daily baths."

So I guess those of us who have a little patch of lawn drying up should feel humble and uncomplaining when we see fireman, forester and farmer working with all their might and main against the dry elements of nature.

Sermons and Glass

Strangers stopped in Oakland one August Sunday to worship in the Methodist church. Dr. Patterson's sermon had such appeal that the man wrote him asking for a copy of it and added, "I will send you some glass."

Dr. Patterson was in a busy season but when time permitted he copied the sermon and sent it along feeling complimented that anyone would want a copy of it. So seldom does one have such a request.

If he gave any thought to the glassware it was no further than a water set or a flower bowl. Nor did it seem to dawn on him that he was doing spiritual business with the president of Imperial Glass.

Anyway, a few days ago several cartons arrived with 127 pieces of Cape Cod glassware, a service for 12 with many of the extras.

As the little story got tossed about at bridge tables and circle meetings the folks were curious about this man who exchanges glassware for sermons.

He is Carl Gustkey, a former Preston county boy who became a successful business man, the crowned the King this year at the Buckwheat festival at Kingwood), who seems to have a great love for giving. He gives of himself as well as his wares. He heads community drives, does lots of fine things for youth, was selected as Wheeling's No. 1 citizen a few years ago, and apparently seeks out a church in which to worship when on a trip.

I've heard women express curiosity about the Cape Cod pattern and the gift generally, but frankly, I'm burning up with curiosity to know what was in Dr. Patterson's message that would make a business man want to keep a copy of it.

o

Fried green tomatoes must be loaded with food value—that is the only reason in the world why I can see that anyone would want to eat them.

Yet I used to watch Ben Tarring devour them covered with gravy made in the same pan with as much relish as if he were eating broiled lobster with drawn butter.

o

Wrong Beitzel

The barn destroyed last Wednesday afternoon near McHenry was on the farm of Ernest Beitzel and not that of Raymond Beitzel, as stated in last week's issue.

purchased in the county for use on potatoes was bought cooperatively by 4-H and vocational agricultural students.

The citation also had the following to say:

The success of the various programs may be measured by the increase in potato acreage up to more than 5,000 acres in some years.

Another program in the early 1930's dealt with the marketing of maple syrup. The trade name, "Crest of the Alleghanies," became famous because of the high quality syrup produced in Garrett County and was a big factor in increasing the sale of maple syrup products direct to consumer. In the 1920's, practically all the 27,577 gallons of maple syrup produced in this area was shipped in carlots in 55 gallon steel drums. Nowadays, more than 90 per cent of the maple syrup or maple syrup products are sold in small packages, either direct to the consumer, or in small jobber lots.

Along with the marketing program, the Extension Service cooperated by preparing a recipe booklet, which proved to be very popular.

When Mr. Carter started in Garrett County, there were no Dairy Herd Improvement Associations and, of course, the artificial insemination program had not been heard of. Today approximately fifty-five herds are being tested annually through the D. H. I. A. program and approximately 25 per cent of the dairy cattle in the county are bred artificially. Garrett County, under the leadership of Mr. Carter, was the first in the State to organize a calf show consisting entirely of animals sired artificially.

Some of this interest in herd improvement undoubtedly came from Mr. Carter's early work with a cooperative bull ring which maintained seven Jersey bulls from the Beltsville Experiment Stations.

In 1929 the pasture cages which were used to demonstrate improved pasture production methods were a familiar sight in the Garrett countryside. These cages were used first to demonstrate the value of lime and phosphorous on pastures and were used later as other improved methods were being tested. Mr. Carter feels that the forage and pasture improvement programs have been basic to the advances they have known in the dairy and live stock enterprises of the county.

A development which has come along in recent years has been the production of cool weather vegetable crops such as cauliflower, spinach, cabbage and broccoli. This work, undertaken cooperatively with growers, the Baltimore and Ohio Railroad, and other interested people is still in the developmental stages but over 325 acres of such crops were grown in 1953. Many of the growers are enthusiastic about the future of these crops and feel that they may offer an important sideline income for many farmers.

No discussion of the Carter regime in Garrett County would be complete without mention of the Pleasant Valley 4-H Camp and Recreation Area, of which he has had general supervision since 1939. The Camp, which was constructed in the late 1930's as a rehabilitation project, is now used throughout the summer for 4-H Camps and for camps sponsored by religious groups and other organizations throughout the States of Maryland and Pennsylvania.

A Better Farm Living Program, sponsored by a power company and encouraged by the County Agent and other local groups, has been conducted for the past five years. It has done much to concentrate attention on many of the educational programs Mr. Carter has helped to organize during the past 21 years.

"OLD HITCHING POST" IS BACK—This is not a typical street scene of the early 1900's, but of 1953, just last Friday, to be exact. Just off the main street, in the vacant lot owned by Bernard I. Gonder, Amish citizens may now park their horses and vehicles in comparative safety. The town leveled the ground, the Amish farmers did all the other work themselves, and erected the hitching post. They got busy just a short time after a horse, parked near the Helbig mill had become scared and ran away, damaging an automobile, causing other destruction and completely demolishing a buggy to which he was harnessed. The hitching post will accommodate at least ten.

Four Soccer Games Listed by Southern

Southern High school will have a four-game soccer football schedule, it was announced this week by Kyle Wilson, director of athletics.

With the definite information that there would be no football played at Southern this year, Mr. Wilson arranged the schedule and called for daily soccer practice to get in shape for the opening game with Valley High at Lonaconing next Tuesday, October 20.

Coaching the soccer squad this year is Leonard Ritchie, having been added to the coaching staff this year. Ritchie, a native of Frostburg, took an active part in basketball, baseball and soccer at Beall High. He attended Penn State and did graduate work at Scranton university. Prior to coming to Southern he was director of education at Northern Wayne High school, Wayne, Pa.

Ritchie said Southern's team would be selected from the following: Larry Friend, Fred Colaw, Dennis Colaw, Toby Colaw, Harold Harsh, Roger Glotfelty, Timmy Sisler, Bill Biser, Dave Benner, Delbert Bittinger, Carl Kreyenbuhl, Harry Bittinger, Jimmy Reckart, Don Peck, Wayne Bray, Roy Sanders, Alvin Mersing, Jim Holler, George Murphy and Charles Mason. Don Welch is manager of the team.

The schedule: October 20, Valley High, away; October 23, Northern High, away; October 28, Northern High, here; November 4, Beall High at Frostburg.

Her husband died 28 years ago.

Funeral services are being conducted this afternoon from the residence.

Public Welfare Asks Increase In Budget

Wants 18.3 Per Cent More In State Money for Next Year

Maryland's public welfare department has asked for an 18.3 per cent increase in its budget for next year.

If it should get the money, it would increase the monthly grants it pays out to dependent children, the disabled, and the destitute.

It also would greatly expand its staff charged with the control of juvenile delinquency.

The department asked $7,569,733 in state funds for the fiscal year which starts next July 1, compared with $6,100,205 in its current budget. The higher figure, coupled with federal funds, would give it $22,098,000 to spend in fiscal 1955.

The various departments of the state government now are in the process of submitting their annual requests to James G. Rennie, director of budget and procurement. After he screens them, they go on to Gov. McKeldin. The governor approves or trims them as he sees fit and will pass them on to the General Assembly for final action next February.

The addition of 97 employes, proposed by the welfare department, would take up a big slice of the 18 per cent increase it is asking. It would like, for example, to double the staff at the state's four state schools for juvenile delinquents.

The department proposed increasing the average monthly grant for dependent children from $23.82 to $24.12. The disabled would get $52.03 instead of $50.96, on the average. The average payment for those getting public assistance would go to $54.01 from $53.02.

The department said these increases are attributed to higher living costs and an unexpected increase in the number of needy.

The department asked $2,177,257 for operation of the four institutions for delinquents, not counting salaries. This is an increase of almost $200,000.

With Our Men In The Service

Five men from this area have reported at the [illegible] Army Reception Center at Fort Meade where they will receive their initial indoctrination into the Army.

They will receive uniforms, be classified as to skills and aptitudes, and will be selected for that branch of the Army for which they are best qualified. From here they will be sent to an Army installation for basic training in that branch of the Army for which they are selected.

They are: Ellis P. Broadwater, 22, son of Mr. and Mrs. James Broadwater, Grantsville; John W. Steyer, 22, son of Mr. and Mrs. John Steyer, Deer Park; Melvin R. Custer, 25, son of Mr. and Mrs. Heyward Custer, Swanton; Harold L. Brant, 20, son of Mr. and Mrs. Gerald Brant, McHenry; David E. Hardesty, 19, son of Mr. and Mrs. David Hardesty, Oakland.

WHY WE CAN GIVE YOU AN EXTRA ALLOWANCE ON YOUR PRESENT CAR

"Mercury dealers sell more cars per dealer than any of our competition. We still make money operating on a lower profit margin—so you can get a higher trade-in allowance!"

Co-op

LOOK HOW MUCH MORE YOU GET WITH MERCURY

NOW WHEN YOU BUY—you get a car that's breaking sales records. And because our high volume lets us take a lower profit per car, we are now in position to offer you the best trade-in deals in our history. Mercury's initial cost is very little more than the lowest priced cars. And you get so much more, when you get a Mercury!

WHEN YOU DRIVE—you'll be thrilled by Mercury's proven V-8 performance. There is no newcomer V-8! Mercury has always used V-8 engines. You have your choice of more optional features—including 4-way power seat, power brakes, power steering, electric window lifts, and immediate delivery on Merc-O-Matic Drive.

WHEN YOU TRADE IT IN—Mercury's popularity, style leadership, proven V-8 economy combine to give it the highest trade-in value in its field. Because you get more of your investment back in the future when you trade it in, the final cost of a Mercury makes it the "hottest" buy on the market.

BEST TIME EVER TO BUY A MERCURY
Immediate delivery—with Merc-O-Matic—the ethical no-shift drive, specifically designed for Mercury!

Turkey Grower Wins Verdict for $2,556

A Grantsville turkey grower last Thursday was awarded a $2,556 verdict by a jury in the Circuit court here in a dispute which arose when he cancelled a contract to purchase young turkeys and his money was not refunded.

Daniel J. Hummel, Grantsville, had sued John C. Faust and his wife, Cora, trading as Ephrata Hatcheries, Ephrata, Pa., for the $2,556 he had deposited in advance payment for the turkeys.

Mr. Hummel contended that he cancelled his order because delivery was not made at the time promised. The Pennsylvanians argued in defense that Hummel's cancellation of the order caused him to forfeit the money he had paid. The jury agreed with Hummel.

Hummel was represented by Neil C. Fraley, E. Ray Jones and Lewis R. Jones, Oakland; and Charles Nathan, Grantsville. Faust was represented by S. R. Pagenhardt. Associate Judge Morgan C. Harris presided at the trial.

Along the Potomac to Washington

With Your Congressman
DeWITT S. HYDE

Chairman Philip Young, of the Civil Service Commission, has promised that he will leave "no stone unturned" in replacing non-career federal employees with career employees, many of them Marylanders, who have been fired.

This was his answer to a letter I wrote him demanding that government department heads be ordered to protect career people in the Civil Service during the current reduction of the federal payroll prior to the lowering of taxes by the Eisenhower Administration.

The day after Mr. Young wrote me he sent the order, with the President's backing, to every Cabinet officer and agency head, warning them to make sure they carry out the Administration's policy of protecting career employees as they cut down their staffs. He said there are [illegible] non-career people working for the government, and that right now there are 132 career employees in the Washington area who have been fired through no fault of their own.

While this is a bread-and-butter problem to the government workers living in our Congressional district close to Washington, it's also important to the rest of us because we are entitled to know that our government is being administered by the most capable and conscientious people—those who have made government service their careers.

* * *

No crime in a generation has caused so much shock, grief and sympathy among Americans as the kidnap-murder of six-year old Bobby Greenlease in Kansas City. The man charged with this terrible offense has a long record of arrests for minor law-breaking, and evidently this is another example of the failure of the authorities to recognize an habitual criminal.

Sentences in jail are like pills for a head cold; they stop the trouble temporarily, but give no assurance that it won't happen again. Some states have laws providing that after so many offenses a man is judged an habitual criminal and he can be sent to prison for life. Perhaps every state should have such a law.

But what is really needed to treat a common cold or a habit of crime is to determine the cause, then stop it before it begins. Many individuals and groups in and out of the government have tried to solve this problem. Lately a Senate committee headed by Senator Hendrickson of New Jersey has begun an investigation of juvenile delinquency. Perhaps if they hold hearings, and broadcast and televise them, the reality of the situation will provide more incentive for all of us to really try to solve this problem.

Coming up on my calendar: Saturday I'll address the Federation of Post Office Clerks at Town Hill Hotel near Frederick . . . Tuesday I speak to the Silver Spring chapter of the Retired Civil Service Employees at Blair House, Silver Spring . . . Thursday an address to the Myersville Lions Club in Frederick County, in observance of United Nations day.

A signal corps spy plot was indicated with a number of top secret documents having disappeared.

Fire Prevention And Protection For Farms Studied

A farm with no telephone, short water supply, closely spaced buildings, and an impassable lane tending onto a dirt road is in bad shape in case of a building fire. Agricultural economists at the University of Maryland Agricultural Experiment Station found these factors were the most dangerous threats to farm fire protection when they made a study of farm fire prevention and protection on 85 farms in Maryland.

They studied fire protection and prevention measures in 11 areas in the state and found many conditions which contributed to the frequency of farm fires and the extent of the losses due to fires. But they discovered that there were only a few of them that were associated with the majority of farm fires.

If farmers are to receive maximum protection from organized rural fire companies, the economists found that the farm property must: (1) be located on a hard surfaced road; (2) have a farm lane that is passable even in bad weather; (3) have telephone service; (4) possess an adequate water supply; and (5) provide ample space between buildings.

Among the more important safety factors for fire prevention, the Maryland economists listed such things as fire-proof roofs, proper chimney construction and maintenance, good lighting and protection and well designed heating equipment.

They pointed out that there are intangible factors which contribute to fire prevention. That is, the attitude of the farmers played a big part in the success of fire prevention.

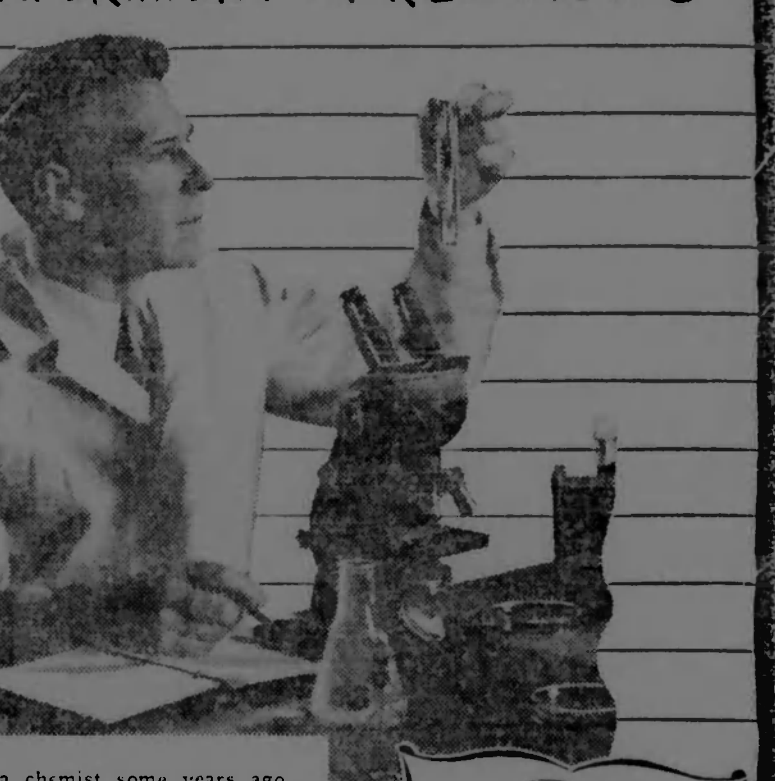
AN EXPERIMENT IN RELIGION



We met a chemist some years ago who was planning to experiment with religion.

"Some Sunday," he said, "I'm going to go to Church and see if it makes any difference in my life."

"Doctor," we asked (for he had a number of degrees), "How does a chemist begin his experiments in a new field?"

"With research," came the reply. "He studies the findings of other men in that field—determines what has been proven—what is unknown."

"That's a good way to begin your experiment with religion" we suggested. "It would hardly be 'scientific' to judge Christianity, or your need for it, on the basis of one visit to Church. But a few months of faithful attendance, and many thoughtful evenings with the Bible will give you a clear understanding of what others have found in Christianity. You'll discover spiritual truths which centuries of experience have proven, and gain a faith that can bridge the Unknown."

At last report, our chemist was making fine progress in his experiment. In fact, he no longer thinks of his religion as experimental!

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

The New York Mayoralty

The election of a mayor of New York city is always of national interest. One reason is that it is our largest city in our largest State. Naturally, the politicians closely watch the many diverse voting currents there with the idea of gauging public sentiment in other sections. Sometimes this works out; sometimes the New York yardstick is wholly unreliable as a measurement.

—o—

However, the election on November 3 is sure to affect not only the state and congressional elections of 1954 but also the presidential election of 1956. For example, should the Democratic candidate, Robert F. Wagner, Jr., win, it would put the "liberal," or left-wing, element of the party in complete control. For, supporting Mr. Wagner, in addition to what is left of the Tammany machine, are the Americans for Democratic Action and the organized labor bosses, unified by the fact that he is the son of the late author of the Wagner Act, under which the unions attained their greatest growth and power.

—o—

Also, among the early Wagner sponsors are Franklin D. Roosevelt, Jr., and his mother. Mr. Wagner also has been endorsed by Mr. Adlai Stevenson; the precocious Mr. Stephen Mitchell, chairman of the Democratic National Committee; Mr. Truman, Mr. Averell Harriman and the aged Senator Herbert Lehman. The Roosevelts are counted upon to swing the Negro vote to Mr. Wagner, which —if they can do it— will give him a real advantage. Statistically, the odds favor Mr. Wagner because of the very heavy Democratic majority in the city. His election probably would mean the nomination of young Roosevelt for governor in 1954. Should he be elected, Mr. Roosevelt would control the big New York delegation to the 1956 National Convention, where unquestionably he would be "available" for the presidential nomination. His limitations are many but they do not apply to his ambitions.

—o—

Thus, it is easy to understand that the Wagner mayoralty opens up a beautiful vista for the Roosevelt-Truman New and Fair Dealers, along with all their adhering groups and classes. Should it be realized, it would, indeed, be a marvelous comeback, and the left-wingers from coast to coast are naturally thrilled with anticipation. Some of the more gleeful are beginning to say "we planned it that way." But the best laid plans —particularly in politics— often go wrong, and there are quite a few things that could spoil this dream. For one, there are three other mayoralty candidates besides Mr. Wagner, two of whom are Mr. Rudolph Halley, nominee of the Liberal party, and Mayor Impellitteri, who is running as an independent. Both of these will poll some Democratic votes, and Mr. Halley claims both labor and left-wing support.

—o—

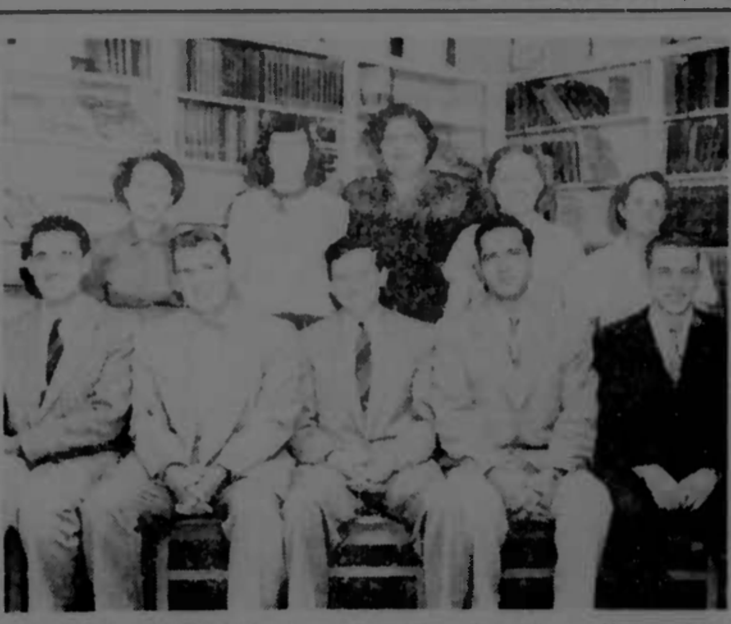
Then, there is Mr. Harold Riegelman, the Republican candidate. Undoubtedly he will get a considerable vote from the conservative Democrats. Some newspapers and observers assert he is easily the ablest man running but his chances of success are not generally considered good. A rather dirty name-calling campaign has developed. From the public point of view there are several distressing features of the situation. The chief of these is the mediocre equipment of the candidate given the best chance of success. New York is not only the greatest city in the country but it is the worst managed. Its finances are almost unbelievably bad and its government is saturated with corruption and incompetence.

—o—

The problem with which the next mayor will have to cope would tax the strength and ability of the ablest man in New York. None of the four candidates measures up to that standard or anywhere near up to it. Next to the presidency, being mayor of New York is the toughest job in the country. Its burdens are enormous. It is no place for an inferior man. Yet, the choice presented to the voters of this great city seems to make the election of one man almost inevitable. It is a tragic prospect. From the national viewpoint the election of Mr. Wagner would be particularly unfortunate in that it might put young Mr. Roosevelt in reach of the presidency.

—o—

In three terms as a member of Congress Representative Roosevelt has made no affirmative record at all. His chief asset is conceded to be his father's name. It is true the supposed magic of that name may be overestimated and Mr. Roosevelt fail to be elected governor. Two years ago his elder brother, James Roosevelt, ran for governor of California on the Roosevelt name and supported by all the old Roosevelt groups. He was beaten by more than a million votes in a state where the Democrats had more than a two-to-one registered majority. The man who beat him was the new Chief Justice of the United States—Earl Warren.



NEW TO SOUTHERN—Southern High School's staff has been somewhat changed this year. Of the 43 faculty members, eight are new to the system, including Dr. James Collins, principal. New members of the staff, are left to right: front row, Merritt N. Pope, Leonard Ritchie, Dr. Collins, Donald Greenwood and Alton Zimmerman. The latter did not remain here but went to Oklahoma to teach. Back row, Miss Lenora Schrock, Mrs. Betty White, Mrs. Harve Mussard, Miss Lela Zimmerman, secretary; and Mrs. Clarence Rollman, cafeteria.

Give Special Fall Care To Pullets

When should you bring pullets from the range into the laying house?

Dr. C. S. Shaffner, University of Maryland poultry specialist, says the time is right when the pullets have just about reached sexual maturity and are about ready to lay. For a general rule, bring them in as soon as about 10 per cent of the flock are in production.

It's best to leave the birds on the range as long as possible. Yet be careful to move them to the laying house before they go into heavy production. Otherwise the change will throw the pullets out of production and into a fall molt.

If it is possible to divide the laying house into two or more sections, bring the early-maturing birds in first, and put them in one section. Then a couple of weeks later, bring in the remaining slower-maturing birds. That way, the late-maturing birds have a better chance to mature fully and will often make as good layers as those in the first group.

See that the newly housed birds get careful attention for the first few weeks. Housing makes quite a change in their habits. If they are to stay in good production, it is essential to keep as much food before the birds as possible.

For the first few weeks of housing, it's a good idea to use the same feed and feed hoppers that were used on the range. After the birds have become accustomed to their new environment, then make any changes necessary in feed or feeding equipment.

Have enough feed on hand to prevent crowding. Crowding invariably results in the production of culls.

County, California, John Demas Spiker, single, the defendant, who is of full age and whose last known address was Soledad, Monterey County, California, but whose present whereabouts are unknown; Jane Spiker Taylor, who intermarried with Aubrey C. Taylor, both of whom reside in Henrico County, Virginia; Adeline M. Edgar, widow, a sister of said Noah F. Pysell who is now deceased, all of whom are of full age; that Adeline M. Edgar departed this life on February 23rd, 1953, leaving a last will and testament duly admitted to probate by the Orphans' Court for Garrett County, Maryland, on March 20th, 1953, and recorded in Wills Liber F, folio 262, one of the records of said Court, a certified copy of which has been filed as "Plaintiff's Exhibit No. 2"; that Mary M. Crowe and Della M. Mellott were appointed as executrices of the last will and testament of Adeline M. Edgar and have qualified as such, a certified copy of which has been filed as "Plaintiff's Exhibit No. 3"; that by said last will and testament of Adeline M. Edgar all the rest and residue of her property was devised and bequeathed to all the parties to this suit and Adolph Spiker, a deceased son of said Catherine Pysell Spiker; who departed this life intestate prior to the death of Noah F. Pysell, and leaving surviving him as his next of kin and heirs at law the descendants of said Catharine Pysell Spiker, that the said real estate is not susceptible of partition in kind amongst those entitled to interests therein without material loss and injury, and that it would be for the best interest of all the parties hereto that the said real estate be sold and the proceeds divided amongst them according to their several interests.

The bill then prays for a decree for the sale of said real estate and for the distribution of the proceeds derived therefrom and for general relief.

It is thereupon this 22nd day of September, 1953, by the Circuit Court for Garrett County, Maryland, in Equity ordered that the plaintiffs by having a copy of this order inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 23rd day of October, 1953 give notice to the said absent defendant, John Demas Spiker, warning him to be and appear in this Court in person or by solicitor, on or before the 7th day of November, 1953 to show cause, if any he has, why a decree should not be passed as prayed.

Quick Thinking Saves Man's Life

Quick thinking on the part of Ray Lohr, 17, is credited with saving his life one day last week.

A wood cutter from Grantsville, Mr. Lohr was working alone on a timbering operation three miles west of Salisbury and was using a power saw. Suddenly the saw blade tore into his left leg just above the ankle, cutting almost to the bone. The wound began to spurt blood in large quantities almost instantly.

Being alone and three miles from Salisbury, Mr. Lohr made the best of the situation and applied a tourniquet to stop the bleeding. He then managed to get into his truck and start the trip to Meyersdale hospital.

With horn blowing to attract attention he got to the hospital parking lot where he was so weak and ill from his experience he had to be carried from the truck into the dispensary room.

Hospital attendants said Lohr lost considerable blood. He was given immediate treatment and then detained in the hospital for a short time after which he returned to his home.

Y. M. W. Groups To Attend Conference

Nearly 70 representatives of Young Men and Women groups from Maryland will attend a Youth Leadership Training Conference at Jackson's Mill, West Virginia, October 16-18.

In addition to the Maryland group, representatives from West Virginia, Virginia and Ohio will take part in the four-state conference. The conference theme, "Building and Serving Our Homes for a Better Tomorrow," is designed to be of interest to young men and women of the approximate ages of 18 to 30.

The Maryland delegates, Betty Young, of Carroll county, and Harland Beachy, of Garrett county, will have prominent parts on the program. One of the chief speakers will be Mrs. Polly Hanst, an Oakland homemaker.

Mylo Downey, state 4-H Club agent, and Dorothy Emerson, associate state 4-H Club agent, University of Maryland Extension Service, will assist with workshops during the meeting.

Workshops offered include those on developing confidence in leadership; song leading; club programs; club service projects; analyzing problems of leadership; officer training; reading lists and books; recreation training and a special session for Extension workers.

Representatives from Garrett County older youth group will include Bill Stanton, Sara Stanton, Joel Stanton, of Grantsville; Dale Glotfelty, Mary E. Glotfelty, of Bittinger; Harland Beachy, Darins Green, of Swanton, and Gene Ridder, Oakland. Jim McHenry will accompany the group.

"DISCOVER" GARRETT COUNTY—Typical of nearly 600 excursionists touring the county Sunday afternoon were Mr. and Mrs. Frederick A. Hahn, of 20 Charlcote Place, Baltimore. Mr. and Mrs. Hahn are shown boarding one of the school buses which took the visitors to Herrington Manor, Swallow Falls, Deep Creek Lake and other points of interest in the area. This was the Baltimore couple's first visit to Garrett County, and they expressed themselves as delighted wtih the excursion and especially the hospitality shown by local persons helping with the "Autumn Glory" tour.

ACCIDENT

Mr. and Mrs. Leonard Haenftling entertained with a surprise birthday party in honor of their daughter, Helen's, 14th birthday on last Tuesday evening. Those present were Mr. and Mrs. Benjamin Leydig and daughter, Mrs. Montell Friend and family, Mr. and Mrs. Merrill Wilburn and sons, Mr. and Mrs. Darins Fike, Mrs. Ross Speicher and daughter, Mr. and Mrs. Jefferson Deal, Miss Patty Cuppett, Miss Shirley Rodeheaver, Misses Bonnie and Marlene Spiker, Miss Joan Wagner, Irvin and Georg Deal. Delicious refreshments were served and the honored guest received many useful gifts.

Mrs. John Haenftling has returned home after spending about a month with friends and relatives in Fort Wayne, Ind.

Mr. and Mrs. Ross Speicher and daughter were last Wednesday evening dinner guests of Mr. and Mrs. Irvin Baker, of Grantsville. Other guests were Mr. and Mrs. Clyde Bowman and daughter, also of Grantsville.

Sunday dinner guests of Mr. and Mrs. Fred Alexander were Mr. and Mrs. Homer Baird and sons, Cannonsburg, Pa., and Mrs. A. J. Alexander, of Accident.

Mr. and Mrs. Paul Haenftling and children and Mrs. Henry Wiekman, all of Fort Wayne, Ind., have returned home after spending several weeks with friends and relatives here.

Mrs. Dora Morterer, of Pittsburgh, Pa., is visiting friends and relatives here for several weeks.

Mrs. William Miller spent last week with Miss Matilda Englehart.

B. O. Aiken, of Poolesville, Md., spent last week-end with relatives here.

Mrs. Dora Morterer, of Pittsburgh, Pa.; Miss Rhoda Glover and Mrs. Fred Richter and Mrs. Ray VanSickle and daughter were dinner guests on last Tuesday of Mrs. William Miller.

Sunday guests at the home of Mr. and Mrs. Ross Speicher were Mr. and Mrs. Mahlon Speicher, Uffington, W. Va., and Dr. and Mrs. Glenn Speicher and family, Westminster, Md. The Glenn Speicher family called on Mrs. William Speicher and other relatives and friends.

Mr. and Mrs. Thomas Stevens and Mr. and Mrs. Zach Turner, Jr., all of Glen Burnie, Md., visited Mr. and Mrs. Ross Speicher on Saturday.

Harry Speicher, of Greenwood, Del., visited friends and relatives here last week.

Word has been received here of the death of William Tarbell, of Millersville, Md., a teacher in the local high school several years ago.

Mr. and Mrs. Marvin Callis and daughter spent the week-end with Mr. and Mrs. John P. Speicher, of Hyattsville, Md.

Mr. and Mrs. Martin Sharpless, Akron, Ohio, spent the past week with Mr. and Mrs. Sherman Frazee. Week-end guests were Mr. and Mrs. James Elmo and family, Baltimore, and Arthur Georg, Greentown, Ohio. Sunday visitors were Mr. and Mrs. Oswald Georg and Mr. and Mrs. Brooks, Hampstead, Md.; Mr. and Mrs. Delbert Sechler and family, Fort Hill, and Mr. and Mrs. Bert Frazee, Confluence, Pa.

Mrs. Albert Smith, Mrs. Rosie Moon called on Mrs. Sadie Roth, Red House, Sunday afternoon.

Driver Education Car, French, New

The Driver Education Class has a new cream colored Ford. It was purchased from Mason J. Glotfelty's garage.

Mr. Eugene Flinn, instructor, states that there are about fifty-five students from the 10, 11 and 12 grades, taking the course.

All the seniors who asked for Driver Education are receiving it. Most of the Juniors and some of the Sophomores who wanted driver instruction are also taking the class.

Latin Dropped

Sixty-five pupils from the 9 and 10 grades are taking the first year course in French.

Latin was dropped from the curriculum this year because of the lack of a qualified Latin teacher.

Last year a French class was started but was dropped because of lack of interest on the part of students.

Mr. and Mrs. Carl Whitehair, of Horse Shoe Run, are parents of a son, Carl Neil, born to them on October 8 in Garrett County Memorial hospital, Oakland.

Improvements Noted In State Forest Areas

Improvements made by the Forestry department were noted in the September issue of "The Old Line Acorn," official publication of the department.

A new reservoir has been constructed at Herrington Manor to supply adequate water to the bath house and beach facilities. The concrete structure has a capacity of 8,000 gallons and the water will be supplied by the "never failing" Manor spring. Cecil Ramsey was foreman on the job.

A comfort station, complete with septic tank and tile field, is under construction at the Swallow Falls recreation area. Work began on this project about the middle of July. At present the septic tank distribution box and tile field have been completed and the water line has been installed. The building proper is completed with the exception of the plumbing. Forest Superintendent Cecil Ramsey pushed this job to its early completion.

The cabins at New Germany and Herrington Manor were provided with electric refrigerators this year. The cabins at Herrington Manor now have rubber tile on the bathroom floors.

Eagle Rock fire tower in this county was recently completed. The construction of this tower entailed the moving of the old Bittinger tower, one of the first fire towers in the state, from Meadow Mountain to Eagle Rock on Backbone mountain.

Attendance at the State recreation areas appears to far exceed attendance in past years.

Gates at City Dump To Close at 5 o'clock

The gates at the Oakland city dump will be closed at 5 o'clock during the dry weather, it was announced this week by Mayor Joseph Hinebaugh. The caretaker who goes on duty at 8 o'clock in the morning, leaves at 5 p. m., and Mayor Hinebaugh said because of the danger of forest fires, nobody would be permitted into the dump after the caretaker had left the area.

CARD OF APPRECIATION

We want to take this method of thanking our friends and neighbors for the Sunshine basket given to us recently. We are particularly grateful to those who gathered the articles for the basket. This is all deeply appreciated.

Overdoing It . . . . . .

The word is pretty generally spread around that pre-Hallowe'en pranksters in some areas of the county are—to put it mildly—overdoing it.

They aren't just dumping over school bus stations. They are placing them in the middle of traveled highways, making possible some serious injury or even causing death.

They aren't just lifting off someone's gate leading to a yard or a garden. They are removing large field gates of farmers and allowing cattle to roam all over the area, making serious loss of livestock a probability.

They are removing dangerous curve warning signs on highways. They are removing snow fences from fields and placing them in the middle of highways. They are taking farmers' corn shocks, still full of ears, and placing them on highways, destroying food for cattle and horses and again endangering people's lives from possible wrecks. They are defacing mailboxes.

Really, such actions are far past the prank stage and persons of outlying areas are getting pretty much wrought up over them, and rightfully so.

Tampering with mail boxes, of course, is a federal offense. Persons destroying state road property may be brought up by state authorities, while the threat of criminal prosecution from both county and state authorities could be forthcoming, particularly where there is destruction of property, hospitalization from injuries, or loss of life.

There has always been trouble of some sort occurring during the Hallowe'en period. Not the least of these are the practices of soaping automobiles and letting air out of tires. Both these types are considered destructive although not dangerous. Soap marks on the high polish of automobiles almost never disappear, and running a car on a flat tire, of course, will ruin that tire and tube in a very short time.

Harmless fun is generally overlooked with a wink, many adults remembering that in their younger days they did something similar.

But the extent to which some already have gone, is quite beyond reason. Those found guilty of such destructive tendencies should be adequately punished.

Have fun—but don't be destructive or cause damage.

Civic Club Tea Is Scheduled Tuesday

Demonstration of Flower Arrangements and Christmas Decorations To Be Featured

The Civic club of Oakland is having a tea at the home of Mrs. Paul B. Naylor for its regular monthly meeting on Tuesday afternoon, October 27. The time is from 2 to 4 o'clock.

The program is under the direction of Mrs. Paul Naylor, American Home chairman, and will be in charge of Mrs. Wade H. Mese, who will give a demonstration on flower arrangements and Christmas decorations.

Mrs. Neil C. Fraley is chairman of arrangements and her committee includes Mrs. O. T. Gracer, Mrs. James Helbig, Mrs. Naylor, Mrs. Fulcher Smith and Mrs. Hugh Echard.

Mrs. E. Ray Jones, president of the club and Miss Mary Kay Williams attended the fall meeting of the First District of Maryland Federation of Women's clubs at Frederick last Wednesday, October 14.

Mrs. Jones said the annual style show and card party sponsored by the club last Thursday had been considered successful. Stores participating in the style show were Rudy's Department store, Harvey's Style and Beauty Shop, The Half Price Stores, Treacy's Store and Youthland. Models included Mrs. Thomas Thayer, Mrs. Helen Thayer, Mrs. Creigh Teets, Miss Loaellen Hardesty, Miss Lucille Wolf, Miss Gail Fike, Miss Maxine Ream, Miss Mary Kay Williams, Mrs. Ward Ashby, Mrs. Jane Smith, Miss Janie Adams, Caroline Lasby, Robert Leighton and Mrs. Margaret Pratt.

Achievement Day For Homemakers Held Last Friday

Around 125 persons from 13 Homemakers clubs of the county attended the Achievement day program last Friday at the Maple Grove Brethren church near Grantsville.

Mrs. Clarence Rollman, of Deer Park, was in charge, with Mrs. A. P. Neil, Friendsville, having devotions.

Homemakers heard various reports from Mrs. Wilson Bills, secretary; Mrs. Harold Bittinger, treasurer; Mrs. Clark Schlossnagle, parliamentarian; Mrs. Allen Baker, on Rural Women's Short Course; Miss Arlene George, 4-H work; Mrs. Harry Friend and Mrs. W. W. DeWitt, on the national convention in Boston, Mass. Mrs. Carl Fencht, state president, spoke of the work being done in Maryland, and Mrs. Arthur Resh reported on the culture program of last year.

Mrs. William Harmon, Accident, was elected vice-president; and Mrs. Charles Wilt, Accident, was named secretary. They were installed by Mrs. Rollman, president, to serve two-year terms.

A luncheon was served by the Mars Hill club.

To Address Rotary

Edward Hardcastle, Hagerstown, will be speaker for tomorrow evening's meeting of the Oakland Rotary club, according to club officers. Mr. Hardcastle is district manager for the National Federation of Independent Business in sections of Maryland, Pennsylvania and West Virginia.

A graduate of Lehigh University, the speaker has had 25 years' experience in engineering, and has spoken before many clubs and organizations throughout the state.

With facts about the United Nations and world affairs, he will use as his subject, "Are We Choosing Barabbas?"

Winston Churchill won the Nobel prize for literature. It carries a prize of $33,840.

HEAD YEARBOOK STAFF—Patsy Burrell, of Kitzmiller, (right) was named editor of "The Highlander," Southern High school's yearbook, one day last week. Ruth Cooper, (left), Oakland, was named assistant editor. Both are seniors. The remainder of the staff will be named soon. This will be the second year for the publication, it having been inaugurated last year. Miss Roberta Cogley will be adviser for the yearbook staff.

FLOYD B. LEIGHTON

Floyd Leighton Is New Board Member

Floyd B. Leighton was named by the Garrett National Bank as a member of the Garrett County Memorial hospital Board of Directors, to succeed the late Lester C. Yutzy. Mr. Leighton attended his first meeting of the Board Monday evening.

J. Edward Hellbig is chairman of the board. Others are A. G. Gortner, vice-chairman; Dr. E. I. Baumgartner, treasurer; Jonas W. Sines, Stewart F. Stahl, Mrs. E. Z. Tower, Dr. J. H. Feaster, R. O. McCullough, Virgil T. Steyer and Mrs. Pearl Thrasher. Miss Irene Sharpe, hospital superintendent, serves as secretary to the group.

Formerly composed of eight members, the board now has eleven as the result of legislation passed at the 1953 session of the General Assembly, adding a member from each of the three county commissioner districts of the county.

Those appointments were made in July and included R. O. McCullough, Friendsville; Virgil T. Steyer, Steyer; and Mrs. Pearl Thrasher, Deer Park. The three commissioners are members plus representatives of the two Oakland banks, the city council, and the medical staff. Mrs. E. Z. Tower is a member, having been named in the George W. Loar will to be such.

Woodworking Course To Be Offered Adults

A meeting to organize an adult education class in general woodworking, will be held Tuesday night, October 27, at 8 o'clock, in the Industrial Arts shop at Southern High school, it was announced.

Fifteen or more persons must enroll, if the class is to be started. Any person sixteen years of age and older, not enrolled in high school, may register, it was stated.

Two major objectives outlined by Dr. James S. Collins, Southern High school principal, are to acquaint the layman with various methods of maintaining and improving his home and furniture and other objects in his environment which are constructed of wood; and to allow the individual to explore his interests and develop skill in the fundamental areas of woodworking.

There will be work in mechanical drawing, use of various hand tools, power tools, the selection of materials, layout, forming and cutting of wood materials, assembly and fitting, finishing processes, making and repairing furniture, cabinets and other objects constructed of wood.

The instructor will be Donald Greenwood, member of the Southern High school staff.

Rainfall Compared

A comparison of rainfall measurement this year and last in the Accident area, is convincing proof, if any such is needed, about drought conditions in the county.

From April first to the present time there have been 6.75 inches of rainfall. During the same period last year the rainfall totaled 23.86 inches.

Similar comparisons would hold good throughout the other sections of the county. Wells and springs that have not been known to go dry in the past fifty years, are now doing just that.

This week's weather has shown a wide variance in temperature, with mornings dropping to the 30's and during the day rising to 80 degrees. A few clouds gathered in the sky at various times during the week, but a mere sprinkle of rain on Sunday in a few spots in the county was the only result. There was some rainfall in Allegany county around Lonaconing on Sunday night.

Four Hour Service Planned October 28

A quiet day program in recognition of the week of prayer and self denial, October 25 to 31, will be held in the Methodist church assembly room in Oakland on Wednesday, October 28, from 4:30 to 8:30 p. m., it was announced.

Mrs. Vernie Smouse, spiritual life secretary for the Methodist W. S. C. S., will be in charge of the program. "To gain the most from the service," she said, "it is desirable to remain for its entirety, but if not possible, one may come and go quietly at intermissions."

There will be a brief period for sandwiches, brought to be eaten by each individual. Coffee will be served by members of the W. S. C. S. Any interested person will be welcome, it was stated.

Forest Fire Danger Worst Since 1930

Garrett county's forest fire danger, and that of all Western Maryland, is the worst in twenty-three years, as a result of the month-long dry spell.

State Forester H. C. Buckingham said the woods were the driest they had been since 1930. The skies held no promise of rain and the weather bureau predicted generally fair and warm days ahead.

A cumulative danger index prepared by foresters shows the danger from forest fires is considerably greater than it was in nearby West Virginia and Kentucky when disastrous fires started about this time last year, and in southern Maine when a similar tragic blaze commenced six years ago.

In tabulating the index, the forestry people take into consideration the amount of the last rain, the number of days since the last rain, fuel moisture and wind velocity. There has been no rain of any consequence in Western Maryland since September 21.

Foresters are urging all citizens to exercise extreme care in the woods so that no fires are allowed to start. Careless hunters already have caused a number of fires in Western Maryland.

New Blazes Are Controlled

Garrett County forest supervisor, Elmer Upole, believed hunters or hikers probably were to blame for three fires which broke out in his area on Monday.

One, north of the Oakland golf course, burned over about half an acre before it was brought under control by Assistant District Forester Thomas Thayer, Forest Guard Philip Ferguson and members of the Southern High forest fire fighters.

Another, at Laurel Run, near Bloomington, ruined two acres before Assistant Forester Jack Paulhamus and Forest Guard Merle Wilt, aided by volunteers, subdued it.

Two acres in the Blooming Rose section near Friendsville were destroyed in another blaze. The fire was put out by volunteers led by Forest Guards Charles Thomas and Richard Bond.

Upole and District Forester William H. Johnson supervised the work of firefighters at Laurel Run and forestry workers patrolled the scenes of all three blazes to guard against further outbreaks.

School Enrollment Now Totals 4,518

Enrollment in the public schools of Garrett county totaled 4,518 students, as of October 1, it was announced this week by John L. Fitzwater, supervisor of personnel. This was an increase of 128 over the opening day of school early in September.

At that time the total was 4,390 pupils, with 2,698 in elementary school and 1,692 in the two high schools. The totals as of October 1 were 2,720 in elementary and 1,798 in the junior and senior high schools.

Girls outnumber boys in the junior-senior high schools, 916 to 882, but in the elementary grades the boys outnumber the girls 1420 to 1300.

The enrollment by grades: first 490, second 436, third 420, fourth 425, fifth 482, sixth 467, total elementary 2,720.

Seventh 446, eighth 319, ninth 345, tenth 284, eleventh 228, twelfth 175, and one post graduate.

President Eisenhower helped New Orleans to re-enact the Louisiana Purchase, made in 1803, on October 27.

RIVERS RECEDE—Reflecting the long period of drought, rivers and streams in the area have been reduced to mere trickles, and in some instances have dried up altogether. This photograph, taken earlier in the week, shows the headwaters of the Potomac, looking from Shallmar towards Kitzmiller. Above Westernport, water from the Savage River dam is released, making the river's flow at Tri-Towns, Cumberland and farther downstream more nearly normal. The Youghiogheny, too, is showing the effects of the dry spell. At the power plant at Sines, it would be possible to walk entirely across the river on exposed stones.

Hallowe'en Prizes Surpass 75 Mark

Will Be Awarded Next Thursday Night at Parade In Oakland

The list of prizes in the annual Hallowe'en parade in Oakland passed the seventy-five mark yesterday as plans were completed for the event next Thursday evening.

Sponsored by the Mt. City Band the annual mummers parade usually attracts five hundred or more persons in the procession and many hundreds more as spectators.

Members of the Oakland Fire department will assist band members in setting up stands and concessions and will aid them that evening. Second street from Green to the Railroad crossing will be roped off for the occasion and there will be a number of attractions including a cake walk and square dance.

The parade will form on Fourth and Fifth streets, facing Oak, and will move off under the direction of Robert Stanton and Donald Stemple, marshals. The parade route will be the same as in previous years, from Oak to Third, Third to Pennington, Pennington to Second, Second to Alder, Alder back to Third and around the business block a second time for the judging. Cards will be distributed to winners and prizes will be awarded immediately after the parade, in front of the office of the West Maryland Power company. Prizes will be on display in the power company's window beginning tomorrow.

In addition to the sixty prizes listed last week there were sixteen more obtained. They are: two cleanings and pressings, oldest couple; quart waterlox, fattest man; $3.00, best bedtime character; box candy, best railroader; twirling baton, 2nd best majorette; $2, largest baby in carriage; $2.50, most original mountaineer; box stationery, best pirate; auto polish, blackest Negro; case of pop, most comical group; boy's red tennis shoes, best football player; girl's dress, size 12, prettiest small girl; box candy, best [illegible]; cream rinse and shampoo, best dancing girl; box candy, best cop; vanity case, best old maid.

The committee in charge of the event said that a number of band and drum corps would be included in the parade.

The square dancing will take place in the Moose Hall on Thursday night. A record dance will be held on Saturday night in the armory, sponsored by the Business and Professional Women's club, for the benefit of the band. Henry Grinsendorf and his orchestra, will furnish the music.

Mt. Lake Parent-Teachers Interested in Brownies

Members of the Mt. Lake Park Parent-Teacher association are attempting to organize a Brownie troop for girls under girl scout age, in that town. A meeting of interested mothers has been called for next Tuesday afternoon, at the home of Mrs. Ray C. Dintaman. The meeting will be held around 1:30 or 2 o'clock, it was stated.

Another Forest Fire Burns 170 Acres In County

A forest fire which officials declare was deliberately set along the Bear Hill road between Bittinger and New Germany, burned over some 170 acres of rock terrain on Meadow Mountain Thursday night and Friday.

District Forester William H. Johnson said he was convinced that the fire, worst in Western Maryland this fall, was the work of an incendiary because the blaze was set out on both sides of the road. The location of the fire was about four miles south of New Germany.

The flames had burned over some 25 acres before they were discovered by a Mrs. Bittinger, about 6 a. m. The fire was battled by 75 men including Johnson, Forest Supervisor Elmer Upole, a survey crew from the State Roads commission, members of the National Guard from Oakland, and members of the Grantsville Fire department. The latter was called out Friday morning when one house near the scene was endangered.

Fire fighters were hindered by rocky and steep terrain because they were unable to use fireline plows to advantage. They hand-dug a line for the backfire and finally brought the blaze under control at 5 p. m. Friday.

Two-thirds of the burned tract was state-owned, Johnson said, and added that nine-tenths of the tract was burned in 1947 by a severe fire. About 40 acres of the area which was ruined Friday had been covered with good young pole-sized timber. The rest was scrubby.

Another small fire was reported in the county last Friday. It was between Sang Run and Cranesville and burned about one-eighth acre. Blamed on a careless smoker, the fire was checked by Forest Guard Ward Ashby.

Until last Friday the worst fire this year had burned 160 acres near Oakland on Saturday and Sunday, October 10 and 11.

Revival Scheduled At Cranesville Church

A revival meeting began Wednesday, October 21, at the Lake Ford church, near Cranesville, and will continue until November 1. Other churches are invited to participate. A number of preachers will take part in the service, according to Rev. John H. Coleman, pastor.

Moonshiner was "Cooking With Gas"

Some Garrett county moonshiner was really "cooking with gas." There was no tell-tale smoke out in the forests that would lead revenue agents to his still. But he didn't reckon with a forest fire that burned out a 170-acre tract of land last Friday in the Bear Hill section. For, with the area well covered with forestry personnel and volunteer fire fighters, they came across the set-up, deep in the burned-over woodland.

Considered to be of quite a large capacity, there was a five burner hot plate on which to place the mash and furnishing the heat were three tanks of bottled gas.

The still was discovered on the unoccupied farm of Herman [illegible]. Shortly after the discovery was made the copper coil used in the process of making moonshine liquor disappeared, according to officials.

With the tanks of bottled gas bearing serial numbers, an investigation was begun by State Police and members of the Internal Revenue department. The investigation is continuing, according to Trooper Glenn D. [illegible], of Grantsville. No arrests have been made up to the present time.

P.M.A. Groups Name County Committee

Fifteen of the sixteen delegates from sixteen Community committees of the Production Marketing Administration met last Friday in the office of the County Agent in Oakland, and named the county committee.

H. Robert DeWitt, Oakland, was elected chairman, succeeding Dorsey Guard, near Friendsville. Mr. Guard was elected vice-president, while William F. DeBerry, Oakland, was named regular member. First and second alternate members also were selected. They were Reuben Friend, Friendsville; and Wayne DeWitt, Deer Park.

The county committee usually meets once a month to administer the Agriculture Conservation program and other programs that the Department of Agriculture sets forth. The first meeting of the group was set for this morning at 10 o'clock.

Tax Collections Reach 85.3 Percent

Tax collections by G. Harold Yutzy, county treasurer, up to the first of October, have amounted to 85.33 percent of the total, it was learned yesterday. Interest on uncollected taxes began, as of October 1. During the past three months the full amount of taxes due was required, but prior to that time there had been varying degrees of discount. The highest discount period was during the first three months of the year when five percent was allowed.

Treasurer Yutzy has been charged with collecting $540,695.38 on county taxes for 1953. His report to the County Commissioners shows that he collected $442,595.11, and gave discounts amounting to $18,797.54, making a total of $461,392.65 listed as collected. Yutzy still has $79,302.73 to collect for the year 1953.

Golf Banquet Slated

The annual banquet of the Oakland Country Club is set for Thursday night, November 5, at 6 o'clock at the William James hotel. Awards will be presented to the winners of the various fall tournaments, following the dinner.

The club house will be open for dancing after the banquet, it was stated by the officers.

Water Supply In Oakland "Holding Its Own"—Mayor

Hinebaugh Says Reservoir Is Down About Five Feet—New Well Is 145 Feet Deep

Mayor Joseph Hinebaugh said yesterday that Oakland was "holding its own" in regard to the water supply. The supply in the one reservoir was down about five feet, he said. He complimented the people on their observance of the request to help conserve water by not using it to wash automobiles or to sprinkle lawns. The use of water on Monday for wash day pulled the reservoir supply down several inches but he said the situation thus far was under control.

The additional well being dug on the Hinebaugh farm near the Golf course was 145 feet deep on Tuesday. A supply of water reaching 40 to 50 gallons a minute had been obtained, but Mayor Hinebaugh said the driller would continue to go deeper in order to obtain an adequate reserve supply.

A number of farm people are being supplied from the town's supply, it was stated. The water situation on some farms in the vicinity of Oakland is critical, and a few of them have been hauling water for over a month.

Third Street Work Goes On

The repair work on Third street continues with about ten days more needed to complete the job, it was stated. The storm sewer has been put in place and workmen are now engaged in completing the "catch basins" at the corner of Third and Oak, Third and Alder, and Third and Green. These "basins" are expected to take care of all the excess water that drains down from "Quality Hill" during heavy storms, and which formerly was carried on down to Second street.

Conference Of Supervisors Ends

R. Bowen Hardesty, superintendent of schools in this county, summarized the results of the three-day conference of school supervisors from six Maryland counties yesterday as the program came to a close at Frostburg State Teachers college.

William A. Gunter, Cumberland, member of the State Board of Education, addressed the 15 supervisors briefly yesterday afternoon. During the morning session the supervisors were divided into four discussion groups to consider certain phases of the program as observed in a tour of certain Allegany county public schools on Tuesday.

Later the entire group got together for the final session, one supervisor from each discussion group summarizing the findings of that group. These reports were made by Miss Elizabeth McMahon, elementary supervisor in Prince George's county; Miss Clara Stratemeyer, elementary supervisor, Montgomery county; Carl Beer, elementary supervisor, Washington county; and Catherine Beachley, guidance supervisor, of Washington county.

James E. Spitznas, director of instruction for the State Department of Education, was general chairman of the three-day program. Supervisors from Prince George's, Montgomery, Frederick, Washington, Allegany and Garrett counties attended.

To Attend Rotary Meeting at Bedford

C. Melvin Knight, Ralph F. Weber, Dr. W. W. Grant, and their wives will attend the three-day Rotary convention at Bedford Springs hotel Sunday, Monday and Tuesday. Also attending the full sessions will be John White, Southern High school senior, as a "citizen of tomorrow" and guest of the Oakland club. White has been attending meetings of the club for the past month or more.

A large number of members and their wives plan to attend the meeting on Sunday when Charles P. Taft, of Cincinnati, O., brother of the late Senator Robert A. Taft, will be the speaker. Host club this year is the club from Waynesboro, Pa.

The New York Stock Market scored its greatest gain in 18 months on October 15.

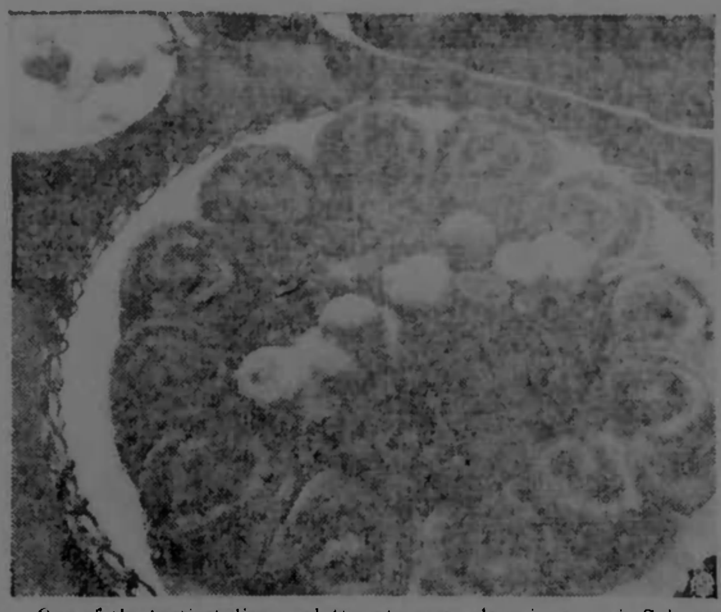
Salmon Pinwheel Makes A Real Meal



One of the tastiest dinner platters to come along in years is Salmon Pinwheel Dinner with Mushroom Sauce and Pimiento Peas. It's quick 'n easy, too.

Canned salmon is a treat from the Northwest, where the gallant, beautiful fish are hustled into protective cans almost the moment they are caught. Use your favorite kind—either red or pink. Both are flavorful and a good source of health-giving vitamins and minerals.

Perfect accompaniments for Salmon Pinwheels are a delicately flavored Mushroom Sauce and a serving of tender canned peas flecked with pimiento.

Salmon Pinwheel Dinner

Salmon Pinwheels:

2 cups biscuit mix
1 1-pound can salmon
2 tablespoons mayonnaise
1 teaspoon lemon juice
Milk

Prepare biscuit mix according to package directions. Turn out on lightly floured board; knead 10 strokes. Roll into rectangle 8x12 inches. Drain and flake salmon. Add mayonnaise and lemon juice; mix well. Spread evenly on top of dough; make roll. Cut into 1-inch slices; place close together on baking sheet to form ring. Bake in a hot oven (425°F.) 15 to 20 minutes. To serve, slice ring on warm platter; fill center with Pimiento Peas and spoon over Mushroom Sauce.

Pimiento Peas and Mushroom Sauce:

1 1-pound can peas
2 tablespoons diced pimiento
2 tablespoons butter or margarine
1 4-ounce can mushrooms

Drain peas; cook liquid rapidly until reduced to ¼ cup. Add peas, pimiento and butter; heat to serving temperature. For Mushroom Sauce, make 1 cup medium white sauce substituting mushroom liquid for half the milk. Add mushrooms; heat.

YIELD: 6 servings.

Farms Ponds Increase

Farm ponds for water control, fire protection, stock watering and recreation are becoming increasingly more common in the Maryland countryside, according to a survey made by the Committee for Conservation Now.

The best indication of the growing pond interest is the steady increase in recent years in the number of farm ponds stocked and the number of fish supplied by the State Game & Inland Fish Commission.

Soil Conservation districts, where U. S. Soil Conservation Service technicians help farmers with pond planning, also report increasing requests for assistance. Nearly 1,000 have been built with such help since [illegible].

The Game and Inland Fish Commission records show 522 ponds with 134 acres of surface stocked with 142,016 fish in the year ending June 30, 1953. This is the most ever stocked in one year. Commission officials estimate about 20 per cent more ponds are built each year on which they don't have records.

Because ponds have a conservation value, conservation district technicians will help plan and lay them out. Requests for such help have been so heavy in most counties that assistance priorities have been established. Nineteen of the ponds stocked in 1953 were in Garrett county.

Ponds are stocked by the state under these conditions, that farmers comply with state fishing laws, that they allow a reasonable amount of public fishing at their discretion, and that they permit the removal of surplus fish when removal becomes desirable.

United States told South Korea it would resist forcibly any effort to release anti-Communist war prisoners or attack Indian troops guarding them.

Something really Special -in power, room, ride, price

WE picture here a car that keeps our order book pages turning quicker than quick.

It is the 1953 Buick SPECIAL 4-Door Sedan—the bargain value that doesn't stay long on our showroom floor.

For this is the best-selling Buick in the land—snapped up by eager buyers who know something really special when they see it.

For your information, we present some SPECIAL facts.

It has a Fireball 8 Engine with the highest power and compression ratio ever placed in a Buick SPECIAL—plus, if you wish, the instant getaway response and utter smoothness of Twin-Turbine Dynaflow.*

It has easy-sitting-room for six adults—as much room as you'll find in cars costing hundreds of dollars more.

It has a ride unique among automobiles. The Buick Million Dollar Ride. The soft and steady and ever-level ride that comes of coil springs on all *four* wheels—a full-length torque-tube drive—a massive X-braced frame—a solid and substantial roadweight poised with meticulous balance on broadly spaced wheels.

But what makes the Buick SPECIAL so extra special is the low delivered price it carries.

It is a price just an easy step above the so-called "low-price three"—and a price that gives you more room and power and ride-comfort for your money than you get in any other car, except another Buick.

Wouldn't *you* like to see, sit in and drive one of these great-powered Buicks — look into its beauty, its luxury, its handling ease—and judge for yourself how small a price tag it wears?

Phone us this week, or drop in. We'll be happy to arrange a demonstration.

GORMAN – 1928

Gorman, Maryland had its origin similar to that of Gormania, W. Va., as it is a sister town. The Potomac River forms the state border at this point. The town was first called North Branch, later Elkins and still later Gormania, that name coming into usage when the West Virginia and Pittsburgh Railroad was extended to that point. The town then assumed the present name of Gorman, so named in honor of Senator Arthur Pue Gorman of Maryland. Gorman has a splendid climate, rich coal mines, and here is found the highest mountain peak, Fort Pendleton. Among the pioneers were: Louis Nydegger, John Steyer, William Bay, Payton Tabb, Ernest Stilley, John White, Benjamin Harvey, and James Chisholm, Sr.

Among the business men of Gorman are: Jacob Dilgard, hotel; H. G. Duling, feed mill; E. White, blacksmith; Howard Ridder, carpenter; Grove Duling, wholesale groceries.

Gormania

Two little letters "I" and "A" placed on the end of Gorman and you have Gormania on the opposite side of the river. I cannot see why two towns with similar origin and topography should have two names when one is found in the other. I presume the state line has significant meaning.

The two towns are found in the beautiful valley of the Potomac, surrounded by seven hills: The Althouse's, Hoffman's, Gilbert's, Egers', Ridder's, Schaeffer's and Rinker's. The two towns are twelve miles from Oakland. The climate in this community is healthful and invigorating and numerous springs of pure cold water are to be found. Rich veins of coal are found beneath the hills with prospects of oil and gas.

Gormania is situated on the right bank of the Potomac where the Northwestern Turnpike crosses the river. Jacob Schaeffer bought the land where the town is located of John G. Brant for one hundred and fifty dollars and during the Civil war sold it to Bailey Tabb, who in a short time conveyed it to his son, Elliott Tabb, who sold it to Isabella Cooper in 1875 for nine hundred dollars, and she to Lloyd L. McCrum for one thousand eight hundred dollars cash. McCrum sold it a few days later, in 1889, to John G. Hoffmann & Sons Co., of Wheeling, West Virginia, for one thousand eight hundred and one lot north of Pike for one thousand five hundred dollars.

The First Tanner in Gormania

Jacob Rhodes Schaeffer, third oldest son of Jacob Schaeffer, who now lives in Missouri, aged seventy-six years, was the first man engaged in the tannery business at this place. He owned and operated a tannery here from 1853 to 1858. He closed his business here and went to Carroll City, Missouri, where he engaged in the same profession until he was compelled to leave the state for safety during the border warfare in 1863. He was captured the third time, and in the last one was placed upon the executioner's stand, and while waiting the order to fire, the commanding officer recognized him as a brother in the fraternity of Odd Fellowship.

Old Fort Pendleton

Looking up to the West of the two towns you see the historic sight of Fort Pendleton. It can be seen from all roads leading into town as it towers above the tree tops. Deep trenches were dug on the summit forming a large square, and a trench deep enough for men to walk thereby being concealed from the enemy. The trench was dug in a zigzag way to the pike at the foot of the hill near the Potomac bridge.

It was an ideal place for a fort, commanding a good view of the surrounding countryside. The trenches are all sodded over but are almost as distinct as when first made.

The hillsides of this fort were heavily timbered which the soldiers chopped down, thus removing every obstruction between the fort and the roads over which the enemy might pass.

The fort took its name from the old pioneer settler, Philip Pendleton, who owned and occupied it before and after the Civil War, when it fell to Green Pendleton, who kept a large summer resort here, but on the opposite side of the Northwestern Turnpike. Shortly after, William Deakins became possessor of the property, continuing the former's business and occupied it until it was consumed by fire in 1888. It was never rebuilt. The site is a good one and it would pay some enterprising man to buy this property and keep a summer resort.

For the main facts in the conclusion of this history we are indebted to one of the old soldiers who helped construct same, John F. Moses, who is now editor of a Republican paper published at Rushville, Indiana.

He said to me in my office: "Old Fort Pendleton was built in August, 1861, by the Fourth Ohio Volunteer Infantry, commanded by Lieutenant-Colonel Cantwell and part of the time by Colonel John S. Mason. The regiment arrived on the hill, August 8, 1861, and on October 25, 1861, the command moved on to Romney, capturing it and remaining there until January following. One company was left in the fort for some two months; then by order they blew up the magazine, spiked their one brass cannon and marched to Oakland and joined the regiment."—Courtesy of Schaeffer Family.

The Oldest House and Resident in This Vicinity

The oldest house was erected in 1839-40 by Jacob Schaeffer assisted by his son James Henry, who was only thirteen years of age. He resided here a number of years, keeping an inn during the great traffic that was carried on over the Allegheny Mountains by way of the Northwestern Turnpike which was one of the best macadamized roads in America. At this time there were no railroads of any extent in this country. The B. and O. was constructed between Baltimore and Washington in 1841 and some years later continued westward. During this time hogs, cattle, sheep, and turkeys and geese were driven over this great national highway.

Flour, pork, salt, hardware, merchandise, etc., were hauled over this road with four and six-horse teams. He also kept a tollgate here and it was here he learned the cabinet-making trade. Many of his make of bedsteads, bureaus and safes are still in the homes of many residents, especially the oldest settlers.

MEMO TO ADVERTISERS

A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Leaks

One of the greatest plagues of the presidency is what have come to be known as "leaks." Every President has suffered from them and it is easy to understand why. Probably there is nothing about the White House harder to bear—nor harder to stop.

—o—

A leak is the means by which words, acts, attitudes, thoughts and plans which the President understandably wants to keep quiet until he is ready to make them public in his own way seep into the newspapers. There is only one way in which that can happen. Either the President himself or some friend or subordinate in his confidence tells it to some friend who tells it to one or more newspaper men. If the President does not want the facts made public, it is certain he will not "leak" himself, though there have been cases where, for reasons of his own, a President has leaked. But most leaks come from others.

—o—

Thus, a President is bereft of any feeling of real security. Naturally he is compelled to confide in members of his Cabinet, members of Congress any many others whom he sees at the White House. He never knows when one of these is going to leak. Many of those associated with him have personal friends among the army of Washington correspondents to whom news concerning the President is the most important news. Sometimes these leaks are inadvertent but mostly not. To a lot of those "close" to the President, popularity with the correspondents seems eminently desirable and they are well aware that the surest way of making a newspaper friend is to give him news.

—o—

This does not necessarily involve disloyalty to the President, but often contributes to his discomfort. It means that he must be on guard practically all the time; that he can never indulge in completely frank expressions of his likes and dislikes. He never knows whom wholly to trust. The temptation to leak is often irresistible on every level of public and political life. The executive sessions of the United States Senate present a fine example. At these sessions the press galleries are cleared, the doors closed and the understanding clear that no Senator present will divulge the proceedings. Yet there have been few executive sessions in Senate history at which, within a few hours of adjournment, newspaper men were not in possession of all that transpired.

—o—

It has become accepted that few administrative secrets can be kept very long. The reasons for this state of affairs are: (1) appreciation by politicians and public officials of the great value of favorable publicity; (2) certainty that every newspaper man, while appreciating the leak, will always protect his source. This situation favors the correspondents able to establish the necessary close personal relations but operates against the great majority who cannot. Under Mr. Hoover, who thoroughly disliked press conferences but had a number of personal newspaper friends to whom he talked freely, the bulk of the correspondents were angry and aggrieved. When Mr. Roosevelt came in he declared there would be no "favorites," that all members of the press would be treated alike. He did not keep this promise and there were times when the press protested—but, because they were nearly all pro-Roosevelt, not very vociferously.

—o—

Now, under Mr. Eisenhower, the press is again "mad" with the President because of a highly publicized leak by Attorney General Brownell. For one with a reputation for shrewdness Mr. Brownell seems to have done a stupid thing. Instead of leaking the appointment of Gov. Earl Warren as Chief Justice to one man, which he could have gotten away with, he called five selected correspondents to his home and leaked to them. That, inevitably, became known and several hundred correspondents not among the chosen were naturally resentful. This resentment flared up at the Eisenhower press conference the day after Mr. Brownell leaked. The President resented being cross-examined on the subject "like a chicken thief," as Mr. Hoover used to say.

—o—

The result is that the relations between the President and the press are really strained. Mr. Eisenhower will suffer more from this than the correspondents, many of whom were strongly pro-Stevenson and will take pleasure in seeing that he does not get a favorable word to which he is not entitled. This sort of hostility cannot be discounted. It may affect the President's program and this would affect the country. Clearly, in the national interest, some means should be found to straighten out this tangle. Mr. Eisenhower cannot be expected to truckle to the press, but he certainly will find his burdens lighter and his objectives more easily obtained if good will can be substituted for the ill will that now exists.

LISTEN AMERICANS!

...by George S. Benson
President of Harding College

The U. S. NEWS, weekly news magazine devoted to national and world affairs, has just completed an intensive staff study of our nation's economy and the effect of various rates of taxation upon its progress. Its findings are important to all citizens.

The researchers noted that in recent years the federal government has dominated the U. S. economy, taking about 25 per cent of the national income in taxes, buying vast quantities of goods and services, and enlarging its own industrial and business enterprises which compete with private business. And now, when control over the economy should be shifting back to private enterprise, the incentive for private investment is found to be smothered by taxes running up to as much as 92 per cent of income.

"It is going to take drastic cutting and drastic changes in taxes," concludes the U. S. NEWS, "if private capitalism again is to work freely and on its own in the United States. A form of state capitalism, with government doing the investing, will have to emerge unless private funds increase."

"State capitalism," as used here, means socialism.

The "cross-roads" in our economic life is just ahead. With atomic energy awaiting development, with the science of chemistry opening vast new industrial horizons, and with our population growing, our nation stands today at the threshold of its most prosperous era. The development cannot be healthy or lasting, however, unless it comes through the normal progress of our private enterprise system.

For government to attempt it under "state capitalism" or socialism would mean the destruction of our American way of life and, in time, the loss of our individual freedom. And yet, government will take over the job if incentive isn't restored to private enterprise.

Tax policies need overhauling at once. It is the most important task for the government and the people. The study by the U. S. NEWS causes me to conclude that a uniform tax rate, at a figure low enough to ignite the dynamic profit motive, would open the way for doubling our living standard within the next 20 years. And from this broadening and mounting production of wealth under private enterprise would come adequate tax revenue for all the needs of sound, progressive government without crippling anyone. This is an immediate goal toward which all citizens should push with all their might.

Birthday Celebration Held

Mr. and Mrs. J. L. Schumaker and son Tommy, Mr. and Mrs. Delmar Dilley and son Elmer, and Mrs. J. Ott Dilley, all of Marlinton, W. Va.; Mr. and Mrs. Otto Menear, Wheeling, W. Va.; Mr. and Mrs. Frankie Piper and sons Glenroot, Fritz and Leif, Ronald Dilley, and Mrs. Dessie Junkins, all of Oakland were Sunday dinner guests of Mr. and Mrs. E. H. Dilley and their son Glenroot. The occasion was in celebration of Mr. and Mrs. Dilley's birthdays.

All had been planned and kept a secret from Mr. Dilley whose birthday was Sunday, until his relatives from Marlinton arrived at his home at 10:20 a. m.

Liked Reception At Autumn Glory Celebration Here

Autumn Glory travelers from Baltimore are beginning to write back to the Mt. Top Chamber of Commerce expressing satisfaction with their reception in Oakland on October 11.

One letter from Mr. and Mrs. Joseph Droll is typical. It said:

"Allow me to take this opportunity to thank you, on behalf of my wife and many others, who expressed their admiration for the wonderful reception given us upon arrival in your city Sunday on the 'Autumn Glory' train. Please believe me, we shall return to Oakland again—and for a longer stay than just a few hours.

"I feel apologies are in order for the lack of courtesy shown to a member of your city council by some of our group. I am referring to the mad rush for the busses while he was delivering his welcoming address.

"Again I wish to extend our thanks to your band, your boy scouts, your school bus drivers and all the others who helped make our short stay so pleasant. Best of luck to all of you."

Newton Coplin, president of the Mt. Top Chamber of Commerce, said the reaction of many of the excursionists was practically the same as he talked with them just before they boarded the train for their return to Baltimore that day. All were appreciative of the friendliness of the people and of the wonderful time they had on the bus trip, Coplin added.

AURORA - EGLON

Rev. and Mrs. Paul Crumley, of Eglon, announce the birth of a daughter, their first child, born Monday, October 19, at the Garrett County Memorial Hospital. Rev. Crumley is pastor of the Eglon congregation, Church of the Brethren.

A daughter was born October 19 in the Garrett County Memorial Hospital to Mr. and Mrs. James Moore, of Aurora. This is their first child. The mother is the former Miss Alberta Simms, daughter of Mrs. Della Simms and the late Raymond Simms, also of Aurora.

Mrs. Ruth Shaffer, of Eglon, was taken Tuesday to a Philippi hospital where she remains for treatment.

Mrs. Florence Hardesty, of near Aurora, had the misfortune of getting a finger ground off while working in the cannery at Aurora High School. She was treated at Oakland, after which she returned home.

Ray C. Judy left Tuesday evening by bus for Kansas City, Mo., where he had an appointment with a dental surgeon.

Mrs. Roscoe Teets and little son, of Union, Ohio, were recent guests at the home of the former's parents, Mr. and Mrs. Roscoe Lantz, of near Aurora.

George Wotring, who recently received a discharge from service, is at the home of his parents, Mr. and Mrs. Will Wotring, of Horse Shoe Run.

Mr. and Mrs. H. C. Riggs, of Oakland, were Monday evening guests with friends in Eglon.

Mrs. Edith Harsh received a badly lacerated hand recently when she came in contact with an electric fan at her home at Eglon.

Miss Jean Fike entertained friends from Minerva, Ohio, over the week-end at the home of her parents, Mr. and Mrs. Clyde Fike, at Eglon.

Sunday guests at the home of Rev. and Mrs. Galen Fike, of Eglon were Mrs. Fike's parents, Mr. and Mrs. John Texter and son, of Harrisonburg, Va.

Worship services were held by laymen at Maple Spring Sunday morning. Roy Fike was in charge of devotions and Paul Dixon delivered the morning message. Lawrence Artis had charge of services at Mt. Grove.

Sunday guests at the home of Mr. and Mrs. Gilmour Fike were Mr. and Mrs. Roy Bowman, of Red House and Mr. and Mrs. Paul Fike and daughter, of Uniontown.

Governor Refuses To End Hunting

Says Hunters Frequently Instrumental in Extinguishing Fires

Governor Theodore R. McKeldin yesterday refused to call off the hunting season, saying he didn't think it would help matters much.

McKeldin made the statement in a letter to Milton E. Canter, a Washington attorney, after a conference in the governor's office with state forestry and wildlife officials.

An aide said Canter owned property in Montgomery county and was among "several persons" who had requested the governor to place a ban on hunting.

McKeldin said he was advised by state officials "that hunting is far from being the major cause of forest fires, and that, on the contrary, hunters are frequently instrumental in the extinguishing of fires originating from other sources."

Most of the fires are started, he said, by "brush burning, trash burning and carelessness on the part of motorists who throw lighted cigarets, cigars and pipe ashes from their automobiles when passing through wooded areas."

The governor said he was told that hunters comprise only about 10 percent of the persons now entering state woodlands each day.

Attending the meeting were Joseph F. Kaylor, director of the Department of Forests and Parks; William H. Bayliff, executive secretary of the Board of Natural Resources; and Ernest A. Vaughn, director of the Department of Game and Inland Fish. McKeldin said all three agreed that suspending the hunting season would serve no useful purpose. He added the answer seemed to lie in the constant vigilance by all citizens to prevent the start and spread of fires.

Teachers' Goals Are Outlined At Meeting

At the meeting of the Maryland State Teachers' Association last week-end in Baltimore the group was urged to press immediately for the following goals:

A big increase in state money for building new schools.

Higher salaries for county superintendents, who were skipped in this year's raises.

Higher pensions for retired teachers.

Workmen's compensation benefits for school employes injured on the job.

Long Range Goals

As long range goals the committee urged:

Addition of kindergartens to the public schools.

Even greater state contributions toward the building of new schools.

More state aid for state libraries.

A complete overhaul of the teachers' retirement system.

Technical revisions in the assessment laws to make it easier to draw up school budgets.

A $3,000 to $5,000 minimum salary range for school teachers.

Demands for immediate increases in pay for teachers were absent for the first time in three years. Maryland's General Assembly adopted higher pay scales last winter, providing a total boost of $600 a year at the bottom when a second step-up takes effect two years from now.

Southern Loses to Valley High 7 to 0

Valley High school's soccer team of Lonaconing defeated Southern High school Tuesday afternoon at Barton by the score of 7 to 0.

Valley collected all of its points on field goals, three of them by Randall Brown, leading point getter in the W.M.I. league. Valley led 2 to 0 in the first quarter, boosted the lead to 5-0 in the third quarter and added two more goals in the final stanza.

Glotfelty, J. Colaw and D. Peck played best for the Southern team. Others playing included Benner, Mason, Ringer, Biser, D. Colaw, Friend, Kreyenbuhl, and F. Colaw. Bittinger, Harsh and Heller were substitutes.

Has Arm Mangled In Sawmill Mishap

Arnold Pohlgaugh, of Crellin, about 50 years of age, had his right arm severely mangled while at work on a sawmill yesterday afternoon.

He is a patient in Garrett County Memorial hospital where he was given a blood transfusion last night and underwent an operation. Miss Irene Sharpe, hospital superintendent, said the accident had severely mangled the tendons and bones of the right arm, with both bones being shattered. The arm was not amputated.

Cerunna Has P.-T.A. Meeting

The first meeting of the Corunna Parent Teacher association was held last Tuesday evening. Plans for the year were outlined.

By-laws prepared by the executive committee were approved. Film strips were shown and refreshments served. Mrs. Howard Custer and Mrs. Gerald Schrock are to have charge of the social hour at the next meeting. Future meetings are scheduled for the third Thursday of each month, at 7:30.

This year's officers are Mrs. Walter Cooper, president; Allen Marple, vice-president; Mrs. Edgar Dove, secretary; Homer Knotts, treasurer. The Corunna school is in this county, near Bayard, W. Va.

At about midnight on Thursday of last week, a fire was started in the woodland on Meadow Mountain, just east of this village and for many hours local wardens, foresters and wardens with fire fighting equipment came quickly to the scene and with the help of local men and boys the fire was gotten under control. However, the woodland is so dry and with the fallen leaves accumulated it was thought necessary to patrol the area for hours after the blaze was stopped, in order to prevent sparks from burning snags from starting a fresh fire. It is reported that about three hundred acres of mountain land was burned over, but fortunately no valuable timber was growing there.

Irvin Yoder was rushed to the Memorial hospital in Oakland last Wednesday for an operation for appendicitis and it is reported that he returned to his home here Sunday and is recovering nicely.

County Has 98 Percent Traffic Case Convictions

Statistics taken from Maryland State police records concerning traffic charges and their disposition by the various counties show that Garrett county had 98 percent convictions, with no cases marked "nol pros" or not prosecuted.

The figures were made available by Col. Elmer F. Munshower, superintendent of the Maryland State police, after he had received many telephone calls relative to the nol pros case in Prince George's county which caused much newspaper publicity. The figures covered a period of eight months, January 1 to August 31.

In Garrett county during that time there were 666 traffic charges, with 656 convictions and 10 dismissals. In all the counties there were 35,789 total traffic charges with 33,666 convictions, 1,705 dismissals, 118 cases nol pros-ed, with 91 percent convictions.

Red House P.-T.A. Holds First Meeting

The Red House P.-T.A. held its first meeting September 25. Mrs. Lester Martin, the new president, was in charge. Other officers present were Mrs. Wayne Hamilton, vice president; Mrs. Bernard Glotfelty, treasurer, and Mrs. Roman Dilgard, secretary. Plans for the year were made and committees appointed for various activities.

The second meeting was held on October 14. A committee reported a very successful bake sale October 10. Plans were made for continuation of schoolground improvement.

To give parents an idea of how reading is taught in our school, the film, "Skippy and the Three R's," was shown. Following the movie a social hour was enjoyed by parents and teachers.

Parents who have called at the school this year are Mrs. Elmer Clark, Mrs. Lester Martin, Mrs. Frank Snively, Wayne Hamilton, Mrs. Howard Maier, Mrs. Warren DelSignore, Mrs. Corbin, Mrs. Fike and Mrs. Ray Ridder.

American College of Surgeons were told every effort to end practices of fee splitting, ghost surgery and charging of exorbitant fees should be made.

American Federation of Labor now counts its strength at well over ten million members.

SWANTON

P.-T. A. Meeting Held

At a meeting of the Swanton P.-T. A. on October 12 Weston Friend and Leburn Myers were named as delegates to the county council.

Money was appropriated to buy work books and the weekly reader for pupils of the school. In discussing the present report card the organization decided as a group that the former method of grading was much more to the liking of the members.

A Hallowe'en social was planned for October 28 in the school basement, beginning at 7 o'clock. In addition to a door prize awards will be made for the prettiest, funniest, ugliest and most original in the parade. Judging will begin at 7:15.

Deed Dispute Order Is Issued In Court

A court order handed down last week by Associate Judge Morgan C. Harris in the Allegany County Circuit court in Cumberland, stipulated that all of the beneficiaries of a deceased Lake man's will be listed as defendants in a suit brought by the recipients of some of the bequests.

Carl G. Miller and Mary L. Miller, his wife, were the complainants while Ernest Ray Jones and Lewis R. Jones, of Oakland, executors of the estate of the late John H. Miller, are the defendants in the case.

Miller died June 19 and left his grandnephew and his grandniece, (Carl G. Miller and his wife) his automobile and all household and personal belongings located in his Lake home.

All of the rest of the estate was bequeathed to the two Joness who were ordered to pay to the Garrett County Commissioners out of the income and or body of the trust estate $3,000 annually for a period of 25 years to be used for the Garrett County Memorial hospital's indigent patients.

After 25 years the rest of the trust fund is to be distributed among the nearest relatives of Miller.

The suit was placed to decide the validity of a deed from Miller to his grandnephew dated November 6, 1947, that conveyed Lots 172, 173, 174 and 175 of the Town of Lake, which are improved by a six-room house and two garages. The bill of complaint asked a mandatory injunction compelling the executors to deliver the deed to Mr. and Mrs. Carl Miller.

The local attorneys said the outcome of the suit would make no change in amount of money to be paid to the County Commissioners for use of the hospital in Oakland.

MARRIED

Selders-Albright—Mr. and Mrs. Floyd Vernon Albright, of Fellowsville, W. Va., announced the marriage of their daughter, Patricia Anne, to William Arthur Selders, son of Mr. and Mrs. Thurman Selders, of Oakland.

The double ring ceremony was performed by Rev. William Archer Wright in the Braddock Avenue Methodist church at Winchester, Va., on October 1.

The bride wore a white sheer wool crepe street-length dress and a small black velvet hat, which had a pearl-draped halo. A single strand of pearls and pearl hoop earrings completed her costume.

Her attendant, Miss Mildred Leeson Barckley, Philadelphia, Pa., a former college classmate, was attired in a sheer blue wool crepe dress with black accessories. The bridegroom's father served as best man.

The bride is a graduate of West Virginia Wesleyan college and received her master's degree from University of Maryland. The bridegroom recently was graduated from the Army Security Agency at Fort Devens.

After a southern wedding trip Mrs. Selders resumed her teaching position at Aurora High school. Mr. Selders will leave by plane for Camp Stoneman, Calif., and from there for an assignment in Japan.

More Teachers And Schools Are Needed

The necessity of more teachers and schools was cited in an address by Dr. Thomas G. Pullen, Jr., before the Maryland teachers at their annual convention in Baltimore last Friday.

He sketched the problem in these round numbers:

In the next six years, there will be a 39 per cent enrollment increase in the public schools.

There are now about 400,000 youngsters in the schools. This number will increase at the rate of 24,000 to 27,000 in each of the next six years. That will mean a total of about 160,000 additional pupils in the six-year period and bring the total enrollment to about 560,000.

The schools will need to add between 5,000 and 6,000 classrooms in the next six years to take care of this influx. That means between 800 and 900 new classrooms added each year.

The schools will need to add between 750 and 1,000 new teachers each year to take care of the increased enrollment.

Because about 2,000 teachers quit teaching each year for one reason or another, this means the state will have to recruit 2,500 to 3,000 new teachers every year.

The states teachers colleges graduate a little more than 300 new teachers each year.

There are about 15,000 teachers in the public school system now and about 21,000 will be needed by 1960. Considering the yearly turnover, this means hiring almost 18,000 teachers in the next six years.

The enrollment increase, on which all the other figures are based, has been calculated from population studies and birth records.

Railroads Make Up Special Exhibit At Ruth Enlow Library

Railroads of the past and present are the subject of a special exhibit at the Ruth Enlow Library. A display of model railroads has been set up in the new historical exhibit case by George Perrine, of Loch Lynn, Bernard Gonder, Jr., of Oakland, and William Harman, of Accident. The scale models displayed include their work, that of Dr. Milton Tepfer, of Friendsville, and R. B. Purbaugh, of Oakland. The model trains show a variety of passenger, mail and freight cars with several different types of locomotives. Also on exhibit are books and pictures from the files of the Garrett County Historical Society which illustrate the history of the railroads in this area. Pictures and other material have been lent by Robert Hoffman and by the Baltimore and Ohio Railroad.

Several recent books on railroading which may be borrowed from the library contain unusually interesting information and illustrations. These include "Trains Rolling" by McBride, "The Picture History of B. & O. Motive Power" by Sagle, "Handbook for Model Railroaders" by Walthers, and "The Western Maryland Railway Story" by Williams, with photographs by A. A. Bodine.

LISTEN AMERICANS!

...by George S. Benson
President of Harding College

For the past 20 years government spending on war and defense preparation has been the major stimulus for the American economy. In those 20 years the government has spent $775 billion, which is 10 times more than the total amount of money in circulation in the entire world.

This huge spending made the federal government a tremendous factor in the nation's economic life. It cannot continue indefinitely to play this dominant role without breaking down the economic and political institutions that have made our freedom and prosperity possible.

Forty years ago the federal government spent two per cent of the national income. Twenty years ago it spent 10 per cent; and today it is spending 25 per cent. If the people of America were to permit it, this percentage would go on up, and our economic freedom would be correspondingly restricted. Studies have shown that when taxation goes much beyond 25 per cent all freedom is affected. And history shows that a government will grow constantly in size and power unless the people put on the brakes.

In the 20 years of big spending, the family bread-winner earning $4,000 a year saw his income taxes jump from $44 to $488 a year. The $25,000 income of 20 years ago was taxed $2,500; today it's taxed $7,500. On his $160,000 income, President Eisenhower pays $92,000 income tax.

Tax rates such as these put a heavy yoke on ambition and cripple the profit motive that has sparked our nation's progress. They would be permissible for a short time in extreme national emergency, but otherwise they are detrimental to freedom and progress.

It is true that in the last 20 years American industry has expanded. But the expansion has been stimulated largely by the federal government's huge expenditures on war. We dare not accept a war economy longer than is absolutely necessary because of the danger of federal government dominance becoming permanent. The transition away from this dominance should begin at once. As the shift is made private enterprise can expand normally and wholesomely if tax rates are cut so that incentive for investment is restored. Given normal incentive the private enterprise system will carry our nation to higher and higher living standards, whereas a government dominated system would shortly begin lowering our standard of living.

Oakland Firemen Called

Oakland firemen were called to two fires during the week. One on Sunday was to prevent a woods fire from setting fire to some lake cottages near the Route 219 highway bridge at Railey's.

A fire in the neighborhood of the Dible cottage, west of the bridge, was endangered in that area. The call was received about 2 p. m.

Firemen also answered an alarm about 6 o'clock Monday evening as the result of an automobile on fire on Route 219, two miles south of Oakland. The damage was slight.

Oakland Elementary Plans Annual Parade

The annual Hallowe'en parade of the Oakland Elementary school will be held at the school on Wednesday, October 28, at 1 o'clock p. m.

At this time the children will parade around the block in costume. Other activities around the school were listed this week by Edwin W. Elias, principal. School pictures are to be taken October 29 and 30. Parents are being invited to visit the school Wednesday, November 11, to see the exhibits and to visit the classrooms. Mr. Elias also announced that Paul B. Naylor was furnishing a copy of Boy's Life magazine for the school library.

A Navy jet plane was flown at an average speed of 728.110 miles an hour.

No Liquor Defense

Lesson for October 25, 1953

ON THE SOUTH side of a large sign in front of a Methodist church on a main highway are the words: LIQUOR HAS NO DEFENSE. The church did not invent that expression; it is a quotation from Abraham Lincoln. On the opposite side of the sign, drivers coming the other way see this:

D rink
D rive
D eath

Even the companies that make money out of drunkenness (the more liquor, the more profits) know that the north side of the sign is true, and will say so in large paid advertisements. Liquor certainly has no defense as a drink for drivers. But some of the other defenses put up for alcoholic liquor as a beverage that "belongs," that is part of the social scene, do not sound so good when they are taken down and looked at with a cold and sober eye.

Alcohol Is A Drug

The one thing that defenders of alcoholic beverages invariably keep quiet about, is the simple fact that alcohol is a drug, a harmful drug, a habit-forming drug. No amount of advertising can talk that fact out of existence.

Dr. Foreman

That it is a fact, can be witnessed to by anybody—he does not have to be a preacher! who has had to deal with the wretched people at the bottom of the slide that was lubricated with liquor. Alcoholics are sick people; that is a recognized fact; but alcoholism differs from all the other diseases in the book in this one vital thing. No one can say to himself, I refuse to have tuberculosis, I will never have cancer. He may come down with those diseases in spite of his best intentions. But any one may say to himself: I will never be an alcoholic. And he can make that resolution stick, simply by staying away from alcohol. On the other hand, no man or woman who mixes alcohol in his system can ever be quite sure he will not be an alcoholic. No alcoholic ever meant to be one.

* * *

Drugs Have No Brakes

Now the trade in alcoholic liquor is legal; trade in other drugs such as heroin, cocaine and similar drugs, is strictly illegal except for medicinal purposes through regular pharmacists, and on doctors' prescriptions. Still there are a great many people who in spite of the difficulties do manage to buy and use these forbidden drugs, and of course there are always the conscienceless people who sell the stuff to the addicts.

But let us suppose we listened to the defenses of ordinary liquor, if applied to other drug habits. How ridiculous they would sound! We are told that the habit of drinking liquor is a long-established American way of life. Well, the taking of cocaine is long-established too. People will buy liquor—legally or illegally; they will buy heroin too in spite of all the laws. People will steal cars, and forge checks—it's been done a long time. But that doesn't make it right.

Or again, consider the pleasure people get out of liquor. Why, of course. They get an even keener pleasure out of shots of other drugs than alcohol. Every time you put a drug addict into a sanitarium you deprive him of his greatest pleasure in life. But that does not make his habit any better. But, it will be said, self-control is the answer; a drug used in moderation is not so harmful as when used to excess. True; but the trouble is, no drug has brakes, and drugs of the kind that alcohol and heroin are, actually weaken self-control instead of making it stronger.

* * *

Stuff And Nonsense

The reader can amuse (or horrify) himself by thinking of other antique arguments used to bolster the cause of those who use, or who profit by other men's use of, alcoholic liquors. How do they sound when used in defense of other drug habits? "The illegal drug business gives employment to thousands." "To interfere with this traffic is to interfere with free enterprise, the right of every man to make his living as he sees fit." "To interfere with this traffic is to interfere with men's personal liberty. Even if a man ruins himself with cocaine, it's his own business."

How well do you know your own face?

Have you ever noticed, for instance, that the two sides of your face are different—though they seem the same at first glance? (One eyebrow may be a little higher. Or you may have a dimple at only one corner of your mouth.)

The same is true of lots of things, even electricity. There's federal government electricity and there's company electricity like yours. They seem the same on the face of it. But there's a big difference:

Government Electricity goes first to certain favored groups; it pays little or no taxes; its rates are not regulated by state or local bodies; it is a step toward a federal government power monopoly—*and socialism.*

Company Electricity is available to everyone in the company area without discrimination; it pays taxes—federal, state and local; its rates are regulated by people chosen to represent *you; it plays a key role in America's free enterprise system.*

So it pays to look closely when things look the same. You'll often find differences. And in electricity, these differences affect you and your family very directly.

ONE WORD . .

Can Change Your Life

By Rev. ROBT. W. OLEWILER
Washington, D. C.
Pastor, Grace Reformed Church

PRAYER

A good way to serve others is to be away from them and alone with God. We live with others, that's true. None of us really fights his own hand. Each plays to an audience, no matter how small. You care for somebody. You labor and suffer not just for yourself. Life would be a dreary place tomorrow if your loved ones would leave you.

Let's remember, though, they were God's before they were yours. God will care for them without you if he must. One good way to be of value to them is to leave them for a little while and be alone with God.

Don't say you haven't the time because you do. Whatever you're doing, wherever you are—in the midst of the busiest hour of the day—you can, if you want to, draw aside for a moment or so, cast your thoughts on God and lift up your heart in prayer, the word that can change your life.

Along the Potomac to Washington

With Your Congressman
DeWITT S. HYDE

A reliable report has been made to the White House indicating that Secretary of State John Foster Dulles' popularity with American citizens exceeds that of any previous Secretary in two decades.

This may be the end of a trend of declining popularity and growing suspicion of the State department—a trend partly due to the fact that it has never dealt directly with Americans, but always with foreigners, and hence was subject to mistrust.

There were other reasons, too. Newspaper cartoonists always drew pictures of diplomats wearing striped pants and cutaway coats—though the thousands of people in America's foreign service are plain Americans like you and me. The fact that they dress up on important occasions when they want to put their best foot forward, just as we do, doesn't mean that they are higher up the scale economically or socially.

Then too, there was an increasing inability on the part of our diplomats to admit it when they made mistakes, and they made a good many in the past 20 years. Congressional committees had to dig into these matters because members of Congress felt the American voters wanted to know what was really going on.

Finally, there was the growing problem of security and loyalty in the State department. One of the first things President Eisenhower did was to tell Mr. Dulles to make sure every one of his employees was 100 per cent American. With former FBI agent Scott McLeod as the new security officer, we know now that this has been done.

Few Americans realize how important the work of the State department is to them. Every move that is made in foreign affairs has a direct effect on our economy at home. The more friends we have overseas the more foreign trade we can enter into, and that means more jobs and greater prosperity. And more friends, of course, means fewer wars and greater security and time to look after our more important problems at home.

When Thomas Jefferson organized the State department in 1790, he had just four clerks and a translator to help him. Today thousands of State department employees are scattered in nearly 300 places around the world. Now that they know we have greater confidence in what they are doing than ever before, you can bet that they'll work harder in the interest of their country.

On my calendar: Sunday I have been asked to address the Rural Fellowship of the Men's Bible class at Ringgold in Washington County . . . Next Wednesday the young ladies of Goucher College in Baltimore will be my guests at the Capitol building . . . Thursday I will speak to the Friendship Lions Club here in Washington, and Friday I'll address the Republican rally at Harpers Ferry.

HOYES

Mrs. Edith Wade and Mrs. Mary Murray, Akron, Ohio, are visiting their relatives, the Enlows and the Bishoffs this week.

Mr. and Mrs. Harold Thomas, of Baltimore, spent the week-end with her parents, Mr. and Mrs. A. B. Lowdermilk. Mrs. Jessie Frazee, Oakland, was a Sunday guest.

Mr. and Mrs. Karl Kahl and Mr. Walter Kahl, Oakland, visited Mr. and Mrs. Emerson Bishoff and Miss Ada Leighton Sunday.

Mr. and Mrs. Glenn Eichelberger and daughter Ruthie, Mr. and Mrs. Kenneth DePollo, Davis; and Mr. and Mrs. John Bowman and son, Accident, were Sunday dinner guests of Mr. and Mrs. Jacob Jones.

Those attending the Homemakers Achievement Day last Friday at Maple Grove were Mrs. Connell Chaney, Mrs. Clark Schlossnagle, Mrs. W. W. DeWitt, Mrs. Claude Bishoff and Mrs. Ross Speicher. Mrs. DeWitt attended Allegany's Achievement Day program Thursday.

Mrs. William Mosteller, Bedford, Pa., was a Monday guest of Mrs. Claude Bishoff.

Mr. and Mrs. W. A. Custer and June Sines spent Sunday with Mr. and Mrs. George Williams and Mrs. J. Arthur DeWitt, at Romney.

Mr. and Mrs. Hubert Friend and daughters, Mrs. A. B. Friend and Mrs. Lloyd Skiles were Friday guests of Mr. and Mrs. Boyd Paugh. Thursday the group and Mrs. W. A. Custer were guests of Mr. and Mrs. Charley Rush.

Mr. and Mrs. William Enlow and family, Mr. and Mrs. Hobart Bishoff, and Mr. and Mrs. Earle Enlow enjoyed a picnic dinner at the Enlow home Sunday.

Mrs. A. B. Friend and Mrs. Lloyd Skiles were Wednesday dinner guests of Mr. and Mrs. W. A. Custer.

Rev. and Mrs. Connell Chaney and daughter Rose Lee visited his home folks at Avilton Sunday.

Mr. and Mrs. Darius Fike are employed in Baltimore. They were at their home here for the week-end.

Laymans Day was observed in the local church Sunday. Those conducting the service were Merrill Wilburn, Hubert Friend, Hobart Bishoff, Earle Savage, W. W. DeWitt and Emerson Bishoff.

Named A Director

W. Staley Hahn, Frederick, was named to the board of directors of Southern States cooperative for a three-year term at a meeting in Winchester. He will represent a district composed of Western Maryland and portions of northern West Virginia and Virginia.

Delegates and agency managers from this area were among the 105 persons attending. Clem Teets, of Terra Alta, was chairman of the meeting.

A LOOK INTO THE FUTURE

Meet John and Mary Smith—and their child.

See the pride and hope, the faith and love that shine like soft lights from the little girl's face? See the look of the future in her eyes?

Nothing in all the world could cause that reflection of happiness and contentment but a well-behaved child. Perhaps she has just spoken a piece. Perhaps she was singing a song. Perhaps she is playing with her small brother and sister.

But whatever she is doing, you will agree it is the result of wise and loving guidance. And you can be certain there is another member of the family not shown in the picture—God, the guide and Father of all of them.

Where parents and the Church work together for God, you will find true happiness.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

AN ORDINANCE

AN ORDINANCE OF THE MAYOR AND COUNCIL OF MOUNTAIN LAKE PARK RELATING TO THE EXTENSION OF EXISTING SEWER LINES AND OR THE CONSTRUCTION OF ADDITIONAL SEWER LINES WITHIN THE CORPORATE LIMITS OF MOUNTAIN LAKE PARK FOR THE PURPOSE OF SERVICING NEW CONSTRUCTION.

Section 1. BE IT ORDAINED by the Mayor and Council of Mountain Lake Park that any person, firm or corporation desiring to connect to the corporate sewer system shall first make application for said service to the Mayor and Council, which application shall accompany any application for a building permit.

Section 2. AND BE IT FURTHER ORDAINED that the Mayor and Council of Mountain Lake Park shall not extend at its expense any existing sewer line within said corporate limits for a distance exceeding two hundred (200) feet for any one applicant for sewer service.

Section 3. AND BE IT FURTHER ORDAINED that any extension of any sewer exceeding the aforesaid distance of two hundred (200) feet shall be constructed by the Mayor and Council, but that the applicant for said service shall pay the actual costs incurred by the Mayor and Council for any extension exceeding two hundred (200) feet.

Section 4. AND BE IT FURTHER ORDAINED that any and all subsequent applicants who desire to connect to any sewer line within the corporate limits which was not constructed at the expense of the Mayor and Council shall, prior to any connection thereto, pay unto the Mayor and Council that proportion of the total costs of said additional sewer line bears to the number of property owners connected to same, including the new applicant, and the Mayor and Council shall then apportion the amount so paid equally between or among the prior users of same.

Section 5. AND BE IT FURTHER ORDAINED that any and all amounts of money due under any of the provisions of this ordinance shall constitute a lien upon the property of the applicant until paid.

Section 6. AND BE IT FURTHER ORDAINED that this ordinance shall take effect from the date of its passage.

No. 4167 Equity. In the Circuit Court for Garrett County, Maryland.

ORDER OF PUBLICATION

The object of this suit is to procure the passage of a decree for the sale of the real estate of Noah F. Pysell, deceased, situate in Election District No. 6, Garrett County, Maryland, containing fifty acres, more or less, and for the distribution of the proceeds therefrom.

The bill states:

That Noah F. Pysell in his lifetime was seized and possessed of certain valuable real estate situate, lying and being in Election District No. 6, Garrett County, Maryland, containing fifty acres, more or less, it being the same which was conveyed unto the said Noah F. Pysell by deed from Jacob Pysell and Rebecca Pysell, his wife, dated November 7th, 1890 and recorded in Liber E. Z. T. No. 30, folio 592, one of the Land Records of Garrett County, Maryland, which said deed has been filed as "Plaintiff's Exhibit No. 1"; that the said Noah F. Pysell while seized and possessed of the aforesaid real estate departed this life on the 6th day of February, 1953, intestate, leaving surviving him the following children and descendants of brother and sisters, to whom, as his heirs at law, the said land have descended, viz: the children and heirs at law of Rebecca Jane Beeghly, a deceased sister who, as well as her husband, predeceased the said Noah F. Pysell, viz: Della Beeghly Mellott, who intermarried with Zenas Mellott, both of whom reside in Garrett County, Maryland; Mary Beeghly Crowe, single, who resides in Garrett County, Maryland; Minnie Beeghly Sines, who intermarried with Jonas Sines, both of whom reside in Garrett County, Maryland; Harry Beeghly, who intermarried with Elmina Beeghly, both of whom reside in Garrett County, Maryland; Ray Beeghly, who intermarried with Pauline Beeghly, both of whom reside in Garrett County, Maryland; the children and heirs at law of Bertha Beeghly Gnegy, a deceased daughter of Bertha Beeghly Gnegy, who predeceased said Noah F. Pysell, viz: Paul Gnegy, who intermarried with Ruth Gnegy, both of whom reside in Preston county, West Virginia; Grace Gnegy White, who intermarried with Harold White, both of whom reside in Garrett County, Maryland; Florence Gnegy Wotring, who intermarried with Roscoe Wotring, both of whom reside in Preston County, West Virginia; Ruby Gnegy Rembold, who intermarried with Gay Rembold, both of whom reside in Indiana County, Pennsylvania; James Earl Gnegy, who intermarried with Beatrice Gnegy, both of whom reside in Stark County, Ohio; the children and heirs at law of Truman Pysell, deceased brother of Noah F. Pysell, who predeceased said Noah F. Pysell, viz: Harry Pysell, who intermarried with Nora Pysell, both of whom reside in Garrett County, Maryland; Bessie Pysell Lee, who intermarried with Charles Lee, both of whom reside in Allegheny County, Pennsylvania; the children and heirs at law of Catharine Pysell Spiker, deceased sister of said Noah F. Pysell who predeceased the said Noah F. Pysell, viz: the children and heirs at law of Floyd Spiker, a deceased son of said Catharine Pysell Spiker, who predeceased said Noah F. Pysell, viz: Lloyd Gilbert Spiker, who intermarried with Mary F. Spiker, both of whom reside in Riverside County, California; Joseph Elmer Spiker, single, who resides in the Territory of Alaska; Donald Truman Spiker, who intermarried with Margaret L. Spiker, both of whom reside in Los Angeles County, California; Carrie Spiker Coulbourn, who intermarried with Thomas D. Coulbourn, both of whom reside in Los Angeles County, California; Jacob Spiker, widower, a son of said Catharine Pysell Spiker, who departed this life on March 1, 1953, intestate and leaving surviving him the following children, viz: Mary Spiker Jenkins, widow, who is of full age and resides in San Bernardino County, California; John Demas Spiker, single, the defendant, who is of full age and whose last known address was Soledad, Monterey County, California, but whose present whereabouts are unknown; Jane Spiker Taylor, who intermarried with Aubrey C. Taylor, both of whom reside in Henrico County, Virginia; Adeline M. Edgar, widow, a sister of said Noah F. Pysell who is now deceased; all of whom are of full age, that Adeline M. Edgar departed this life on February 23rd, 1953, leaving a last will and testament duly admitted to probate by the Orphans' Court for Garrett County, Maryland, on March 20th, 1953, and recorded in Wills Liber F, folio 262, one of the records of said Court, a certified copy of which has been filed as "Plaintiff's Exhibit No. 2"; that Mary M. Crowe and Della M. Mellott were appointed as executrices of the last will and testament of Adeline M. Edgar and have qualified as such, a certified copy of which has been filed as "Plaintiff's Exhibit No. 3"; that by said last will and testament of Adeline M. Edgar all the rest and residue of her property was devised and bequeathed to all the parties to this suit and Adolph Spiker, a deceased son of said Catherine Pysell Spiker; who departed this life intestate prior to the death of Noah F. Pysell, and leaving surviving him as his next of kin and heirs at law the descendants of said Catharine Pysell Spiker; that the said real estate is not susceptible of partition in kind amongst those entitled to interests therein without material loss and injury, and that it would be for the best interest of all the parties hereto that the said real estate be sold and the proceeds divided amongst them according to their several interests.

The bill then prays for a decree for the sale of said real estate and for the distribution of the proceeds derived therefrom and for general relief.

It is thereupon this 22nd day of September 1953 by the Circuit Court for Garrett County, Maryland, in Equity, ordered that the plaintiffs by having a copy of this order inserted in some newspaper published in Garrett County, Maryland, once a week for four successive weeks before the 22nd day of October, 1953 give notice to the said absent defendant, John Demas Spiker, warning him to be and appear in this Court in person or by solicitor, on or before the 7th day of November, 1953, to show cause if any he has, why a decree should not be passed as prayed.

Humidity Explains Some Paint Failure

Painting of farm buildings during late fall should be limited to late morning and early afternoon hours, advises Ray W. Carpenter, extension agricultural engineer at the University of Maryland.

Moisture resulting from high humidity is readily absorbed by wood and if covered with a sealing coat of paint, it will tend to blister and peel the paint later.

For the same reason it is necessary to postpone painting following the rain wetting of a surface until it is thoroughly dried.

Paint failures are mainly due to the action of moisture escaping from the walls and pushing off the paint film. The humidity developed within homes and barns during winter is a prime source of moisture loaded walls and the reason for a charneteristic spring-time failure of paints, Mr. Carpenter points out.

Occasionally paint fails because an entirely different formulation has been applied on a previous coat. Among the newer paints there is more likelihood for incompatibility.

It is, therefore, well to make a record of the paint formula or brand and type in order that following coats may be of the same material and thus avoid trouble, Mr. Carpenter suggests.

It Runs Through My Mind

By POLLY J. HANST

"I have come to the conclusion," sighed a young mother, "that having children is broadening in more ways than one."

What she really meant was that it broadened her up as well as out.

Speaking of Appreciation

This past week-end I heard a terrific talk on home life by a Judge from Akron, O. Though he works with families that are falling apart he made all of us sit up and take notice.

For instance, Milo Downey, Maryland's 4-H boys' leader, had been razzing his wife the night before about how long it had been since he had had an apple pie (his figure showed it was almost time for jello.)

After the judge's talk, she said, "I see that I'd better bake that apple pie."

I had to confess that when I got home I was going to see that along with his glass of milk there would be a glass of water with ice in it!

o

It's good for all of us to get away from home occasionally to rediscover how many of the nice things of life we have at home—and how we can show appreciation.

o

Let's Hold on to Them

There's such a thing as showing appreciation for those in our communities as well as our families.

Take Jim McHenry for instance. I feit that I got to know him this week-end. I like his attitude of people and Extension. He seems to know what's important in life. Thank goodness he likes Garrett county. But that kind of a fellow is going to be sought for so-called bigger jobs.

Let's make it hard for him to leave this county. Again the word is appreciation.

o

Then I watched Dr. Collins, the new high school principal, as he led us in our thinking at P.-T.A. Monday night, to understand the emotions, behavior and desires of our children. A young man who seemed to have knowledge, wisdom and understanding beyond his years.

There's a man to hold on to—I kept thinking over and over. Appreciation and cooperation that will be our part. Then I started secretly conniving as to how we could do it. Let's get Garrett county in his blood so that every time he's away and ascends to her plateau upon his return, he will think as many of us "foreigners" do, "There was never a lovelier place in the world."

o

Something of a Pioneer

Last week a part of Garrett county was on display at the State Teachers' meeting—pictures of the library showing how it functions in Southern High.

Even though we've had little experience with libraries in schools, it doesn't take long to realize, when visiting the school, that the hub of school activity is the library.

Every time I go in that busy orderly room I come away with awe and admiration for Mrs. Bittle, who has done so much to make it the core of the "core" classes.

The magazine racks are her own design and she's as proud of the new Webster dictionary as a farmer is of a pedigreed heifer.

She trains student help, and the place is run like busy, efficient industry. I wish every parent could visit that spot when it's running full tilt.

Mrs. Bittle has put time and thought away beyond the call of duty and is known to be one of the finest in Maryland. She has pioneered in library science in our high school and like most pioneers, if she ever has to be replaced it will probably take two to fill the bill.

o

Back to the Judge

He said men are emotionally dependent upon women and it is the woman's place to give emotional security in the home.

The man in turn must assume the role of leader. It's the man's place to say, "We're all going to church this morning." If the wife starts to alibi he should say, "we're going to church!"

I like to be treated rough like that.

When that man comes in for lunch and sees that dust-covered sauerkraut jar which he carried up from the cellar a few days ago still sitting in the middle of the kitchen, all I will need is for his expression to say, "Get going gal," for me to get going.

Every Farm Needs Space For Repairs

As farms become more highly mechanized, it becomes increasingly important to have a work space or a room especially reserved for repairing, remodeling and maintaining farm machinery and equipment, observes Guy W. Gienger, extension agricultural engineer at the University of Maryland.

A separate repair shop, ideally lighted, equipped with the essential repair tools and heated for winter comfort is not always possible, but there is seldom a farm where a corner of some building cannot be set aside for systematic storage of tools, repair parts and supplies, he states.

In building a special shop or addition for machinery storage or shop work, he suggests, it is desirable to allow plenty of space for the largest unit of farm machinery plus a clear floor space on at least one side for work area and for such equipment as the drill press, welder, grinder and the all-important shop bench with the vise and parts storage shelves.

Preventative maintenance is a lot cheaper than repairs and gives the best assurance of continued trouble-free operation, Gienger points out.

DIED

MRS. HENRY D. GOWER

Mrs. Garnie Bittinger Gower, 53, widow of Henry D. Gower, died of a heart attack Sunday night at her home in Loch Lynn.

Born in this county April 9, 1900, she was a daughter of the late Amos and Elizabeth Brenneman Bittinger. She was a member of the Loch Lynn Evangelical United Brethren church and the United Council of Church Women. Her husband died in 1948.

Surviving are two daughters, Mrs. Keith Steyer, Deer Park; Mrs. Lawrence Taylor, Corriganville; a son, Dwight Gower, Mt. Lake Park; three brothers, Orville C. Bittinger, Mt. Lake Park; Ervin Bittinger, Bobtown, Pa.; and Mahlon Bittinger, Lowellville, Ohio; two sisters, Mrs. Naomi Bernard, Baltimore; and Mrs. Mabel Timmerman, Deer Park; also nine grandchildren.

Funeral services were conducted Wednesday afternoon at 2 o'clock from the Loch Lynn church with Rev. Blair Burt, pastor, and Rev. George W. Simpson, of Elkins, W. Va., former pastor, officiating. Interment was in the Pleasant Valley cemetery.

MRS. NORMAN HOOVER

Mrs. Catherine Hoover, 78, wife of Norman Hoover, died early last Friday, October 16, at her home at Jennings following an illness of a month.

Born near Grantsville, she was a daughter of the late Conrad and Margaret Durst Meyers. Mrs. Hoover was a member of the Jennings Methodist church.

Surviving besides her husband, are three sons, Mahlon and Clarence Hoover, both at home; and Harry C. Hoover, Grantsville; a sister, Mrs. Elizabeth Bittinger, Akron; and a brother, Lee Meyers, Jennings.

Funeral services were conducted on Sunday afternoon at 2 o'clock from the Jennings Methodist church. Rev. Don Hinkle, pastor, officiated. Interment was in the Grantsville cemetery.

MRS. MARY BEACHY

Mrs. Mary Beachy, 71, widow of Moses Beachy, died Saturday, October 10, at her home near Salisbury following an illness of five years.

A native of Grantsville, she was a daughter of the late Mr. and Mrs. Emmanuel Miller. Mrs. Beachy was a member of the Beachy Amish church.

Surviving are five stepsons, Noah, Irvin, Ernest and Milton Beachy, all of Salisbury, and Alvin Beachy, Bluffton, Ohio, and five stepdaughters, Miss Annie Beachy, Salisbury; Mrs. Amos Geigley, Fairfield; Mrs. Eli Yoder, Fisherville, Va.; and Mrs. Melvin Yoder and Mrs. Henry Yoder, both of Grantsville.

Funeral services were conducted on October 12 from the Beachy church by Rev. Eli Tice, pastor. Interment was in the Amish cemetery at Niverton, Pa.

GEORGE S. MOOREHEAD

Death struck twice last week at a Bloomington family.

Monday night, October 12, Roy C. Moorehead, 61, died in Potomac Valley hospital in Keyser where he had been admitted the day before.

On Saturday morning, October 17, George S. Moorehead, 84, father of Roy, died at his home after an extended illness.

George Moorehead was a native of Romney, a son of the late Robert W. and Mary Catherine Shanholtz Moorehead. He went to Bloomington with his family as a child. For many years he was employed at the Lake plant of the West Virginia Pulp and Paper company until his retirement 13 years ago.

Survivors include a daughter, Mrs. Pansy Crane, Annapolis; three sons, Ora Moorehead, Fairmont, W. Va.; Dewey and John Moorehead, Bloomington; a sister, Mrs. Abby Parrish, Carmichael, Pa.; two brothers, Charles and Robert Moorehead, Bloomington; 12 grandchildren, 13 great grandchildren and one great great grandchild.

Funeral services were conducted Tuesday afternoon at 2 o'clock from the Bloomington Methodist church with Rev. Edwin Smith officiating. Interment was in the Bloomington cemetery.

THE REPUBLICAN

VOLUME 77 OAKLAND, GARRETT COUNTY, MD., OCTOBER 29, 1953 PER COPY, 8c. NUMBER 35.

Not Easily Shaken . . .

One of the traits we like about President Eisenhower and his close associates in government is that of sticking to their beliefs and not being easily shaken by the actions of the New Deal politicians and the various columnists who never could see anything but give away and socialistic ideas.

We particularly like the President's outspoken defense of Secretary of Agriculture Benson and Benson's defense of his own actions. We were fortified in our own belief when we learned the other day that former Secretary Brannan was general counsel to the Farmers Union group that arranged the trip of the delegation of cattlemen to the nation's capital, for political purposes. The attempt to discredit the administration fell rather flat.

Benson asserted that the nation's live stock industry as a whole is "overwhelmingly opposed" to rigid price supports. The Vegetable Growers association of America announced also that 10,000 commercial growers in the organization "prefer to go broke rather than accept government handouts."

An Iowa newspaper declared that no one could question the truth of a statement by Benson made recently that "a lot of youngsters have been raised in the past twenty years with the idea that government support is a normal thing for farmers to expect at all times. That kind of thinking can lead to socialism. We've got to get back to depending on ourselves in normal times." We could add that lots of youngsters in businesses other than farming had the same idea.

But there is still an overwhelming majority of men and women who feel happiest during the time when they are working the hardest and carrying the heaviest load of responsibility. These are the kind of people who will back Eisenhower to the limit.

The present administration is making the first real effort in the past two decades to curb reckless spending—endeavoring to establish integrity and a sense of responsibility in government. Neither is an easy task after years of easy money and morals in Washington. President Eisenhower is on the right track, and he carries on in dignified quietness, which is a charming change from the reactions of some previous presidents in our immediate experience.

Pair Arrested In Accidental Shooting

An Accident man and a teen-age boy were arrested last Saturday in connection with the accidental shooting of a 17-year-old boy on Bear Creek hill near Friendsville, last Friday.

The arrests were made by Sheriff Paul W. Fisher and Corp. Sam Conrad, of the State Police, who investigated the mishap.

The Accident man was identi- Paul W. Fisher and Corp. Sam ahl. Fisher said the pair apparently mistook Robert Earl Friend for an animal and the juvenile fired a .22 calibre rifle. The bullet penetrated Friend's right arm, and went almost through the boy's body, missing spine and heart and lodging on his left side.

At Memorial hospital in Cumberland, his physician decided not to attempt to dislodge the bullet, due to its nearness to the heart and the fact that apparently it would cause no complications.

The pair, who were arrested, were taken before Trial Magistrate Karol Rush at Friendsville on Saturday charged with the accidental shooting, and released under bond for a hearing when Friend is released from the hospital.

Fisher said the boy was picking pine and crow's foot branches near his home when the accident occurred. The boy wore a gray shirt. He is a son of Mr. and Mrs. Floyd L. Friend.

Corp. Conrad said authorities were convinced the shooting was accidental. The name of the juvenile was not disclosed by officials because of the new juvenile court law, effective in this county, which prohibits the identification of persons under a certain age.

Dr. Cairns To Be Speaker at Farm Bureau Meeting

Dr. Gordon Cairns, dean of the College of Agriculture, University of Maryland, will be the speaker for the sixteenth annual banquet of the Garrett County Farm Bureau, it was announced this week by Marvin Callis, president.

The banquet will be held next Thursday evening, November 5, at 7 o'clock, at Northern High school cafeteria. Several hundred persons are planning to attend.

Also on the program, besides greetings by the president, will be short talks by Wilbert L. Smith of the Maryland Farm Bureau; Miss Ida V. Engle, president of the associated women of the county farm Bureau; Mrs. Inez A. Flook, president of the Associated Women of Maryland; and Ross Speicher, farm bureau agent. R. Bowen Hardesty, county superintendent of schools, will give the welcome message. Group singing will be led by O. P. Fike, with Mrs. John Recknor, Jr., as accompanist.

There will be election of officers and delegates. Present officers are Mr. Callis, president; H. Robert DeWitt, as vice-president; Merrell Wilburn, secretary-treasurer. Board of directors: Allen S. Paugh, John Beachy, Ross Crowe, Webster Brenneman, Claude Fike, Carl Haenftling, Lawrence Brenneman, Harry W. Hummel, Parker Warnick, Ross Selby, E. F. Garletts and William Umbel.

Class in Folk Dancing

Around twenty persons of the area are taking part in a class in folk dancing at the Moose hall every Monday evening. The instructor is Al Schwinabart.

CHRISTMAS SUGGESTIONS—A variety of Christmas decorations which can be made in the home was exhibited at the October meeting of the Oakland Civic Club, held Tuesday afternoon in the form of a tea at the home of Mrs. Paul Naylor. Shown above are the hostess (left) and Mrs. Wade Meese, Fourth Street. The latter made all of the tableaux and ornaments displayed, and the [illegible] of manufacture was explained. The meeting was in charge of the American Home Committee.

Girl Scouts Name Mrs. E. Z. Tower As Citizen of The Year

The Oakland troop of Girl Scouts this week named Mrs. Lorilla F. Tower, widow of E. Z. Tower, as the Citizen of the Year, for her civic activities throughout the past years.

The girl scouts have carried out this selection of outstanding women of the community for the past five years. Last year it was Mrs. Lewis R. Jones, and others have been Mrs. Howard Turner, Miss Grace Jones, and one year the group named a couple, Mr. and Mrs. C. Melvin Kight.

The selection is made each year as a part of Girl Scout week which is being observed this week. On Sunday morning the Brownies and Girl Scouts will attend services at St. Peter's Catholic church at 10 o'clock, carrying out their plan to visit different denominations.

There are two displays, a Brownie display in the Ruth Enlow library, and a Scout display in the window of the Oakland Hardware and Furniture company. Brownies also took gifts to the Evans Nursing home on Monday.

During the entire week the scouts make a special effort to show the community what they are doing. The week always includes October 31, birthday of Juliette Lowe, founder of the Girl Scout organization.

Activities Outlined

The activities of Mrs. Tower were outlined Monday night at scout meeting by Mrs. Paul B. Naylor. A graduate in medicine she conducted a general practice for a number of years and spent five years as resident physician at the West Virginia hospital for the Insane, at Weston.

She was married in 1902, and is the mother of two sons, Thurl Tower and Roger Tower, both of Oakland.

She was instrumental early in the century in getting the town of Oakland to have a water and sew-

Bands and Fire Companies Due For Hallowe'en Parade

Large Number of Mummers Expected to Participate In Tonight's Procession

Five bands, two scout drum and bugle corps, a Legion drill team from Grantsville, and several fire companies are among the attractions of the annual Hallowe'en parade, scheduled for this evening at 7 o'clock. These are in addition to the 500 or more young people and adults who will take part in the mummers' procession.

Sponsored by the Mt. City Band, parade and celebration are calculated to give fun and entertainment to many people and reduce to a minimum the pranks and destruction of previous years.

Listed as participants in the procession tonight are the Parsons High School band, Southern High School band, V.F.W. band, Uniontown, Pa.; Rowlesburg High school band; Terra Alta High school band; Boy Scout drum and bugle corps, Oakland; Friendsville junior drum and bugle corps; Grantsville American Legion drill team, fire departments from Kingwood, Oakland, Petersburg, Deer Park and Rowlesburg, the National Guard colors and color guards, the VFW post, Friendsville and the Terra Alta Junior Chamber of Commerce.

Over eighty prizes are on display in the window of the West Maryland Power company. They will be given away immediately after the parade to persons receiving cards from the judges. There will be a cake walk and a number of attractions on Second street, which will be roped off for the occasion. A square dance is scheduled for the Moose Hall.

A round dance will be held Saturday night in the armory, sponsored by the Business and Professional Women's club, for the benefit of the band. Henry Grusendorf and his orchestra will furnish the music.

The parade will form on Fourth and Fifth streets, facing Oak, and the parade will move west and north to Pennington street, thence to Second and through the business section, making an extra trip around the business block for judging.

Prof Robert Black To Be FFBL Speaker

Prof. Robert Black, instructor at West Virginia university, in the College of Agriculture, will be the speaker at the Farming for Better Living banquet next month, it was announced yesterday.

The annual dinner meeting will be held on Friday, November 13, in the Southern High cafeteria. Howard White, council chairman, said the council would grade the books of the enrollees on Friday and that the members were looking forward to 100 percent participation. There were 18 entered in the program.

Slight Rain Breaks Monotony In Garrett

Temporarily Relieves The Danger of Forest Fires —Water Still Low

Rain fell on Garrett county Tuesday which broke the monotony and halted the current danger from forest fires, but did not provide any permanent relief for the short water supply. The storm was a little out of the ordinary with a display of lightning and thunder on Tuesday night which indicated cooler weather in the area. The rain seemed to be general throughout the tri-state, but amounted to less than two-tenths of an inch.

Meanwhile throughout the past week forestry workers have been busy subduing blazes of varying sizes, mostly small ones.

A Deep Creek lake cottage, owned by Dr. Mehl, Edgewood, Pa., on the Harvey peninsula, was endangered by fire on Monday. It was attributed to hot ashes which had been left smoldering after week-end visitors had left. The ashes ignited dry leaves, set a tool house afire and also extended to the cottage itself. Forest Guards Floyd Custer and Richard Bond, equipped with a portable pumper which provided water from the lake, stopped the fire before it reached the cottage. It burned about one-tenth acre of woodland.

Another small fire on Monday burned a fraction of an acre in Mutton Hollow, southeast of Swanton.

Nearby West Virginia reported its worst forest fire of the fall season on Saturday and Sunday which burned some 350 acres of Mineral county timber in the Elk Garden area.

Although Garrett county has been termed the most parched county in the state, the fires have been confined to relative small areas. Last Thursday one forest fire scorched about three acres of land in the Savage River state forest south of Grantsville. W. H. Johnson, district forester, said the fire apparently was caused by careless smokers. Elmer Upole, forest supervisor, and Robert Warnick, forest guard and other employes worked on this one.

Brownie Troop Is Formed at Mt. Lake

A Brownie troop was organized in Mt. Lake Park on Tuesday afternoon at a meeting of a number of mothers of that town, at the home of Mrs. Ray Dintaman.

Mrs. Richard O. Glotfelty, from the Oakland Brownie troop, attended and gave suggestions on organization. The committee will include Mrs. Mason Callis, chairman; Mrs. Delbert Bittinger, Mrs. Edward Kahl, Mrs. Arvey Ritchie and Mrs. Charlie Mundy. Leader will be Mrs. Ray Dintaman and co-leader will be Mrs. Marshall DeWitt.

Meetings will be held every Tuesday at 3:30 at the Mt. Lake Park school, beginning November 3.

Girls joining the group thus far are Joan Ritchie, Sharon Sanders, Reta Jean DeWitt, Joan Rhinard, Aletha Savage, Sharon Savage, Shelia Root, Shelia Ream, Lorraine Bittinger, Mary Betty Mundy, Sandra Friend, Sandra Harvey, Norma Lee Callis, Janet White, Charlotte Hanser and Della Wolfe.

Masquerade Party Planned For Teen-Age Group

There will be a masquerade party for the Teen-Age group of Oakland on Friday evening, October 30, at 8 o'clock, at the Moose Hall on Third street, sponsored by Moose Lodge No. 786.

There will be prizes, refreshments and free music. Parents are also invited.

TAKING IT ON THE NOSE---Action in Wednesday's soccer game between Southern and Northern High shows one of Northern's players literally "taking it on the nose, but that didn't apply to the final score which was 1 to 0 in favor of the Cove school. The one getting the ball on the nose is unidentified but the other Northern player up in the air is Mazer. Extreme left is Harry Bittinger, and the one with back to camera is Roger Glotfelty, both fullbacks for Southern, who were busily engaged at the time in repelling the attack on Southern's goal. Northern won the game in the first few minutes when Allen Georg kicked a goal. Leonard Ritchie, Southern coach, said Deb Bittinger, Larry Friend and Toby Colaw, all halfbacks, played a good defensive game for Southern, while Dave Benner played well as goalie. Northern High won the first game of the series 4 to 0 at Accident. Next Wednesday, November 4, Southern will play Beall High at Frostburg.

Seating Equipment Arrives for Gyms

The seating equipment for the gymnasiums at both Northern and Southern High schools arrived on Tuesday, R. Bowen Hardesty, county superintendent of schools announced. He said another shipment was scheduled to arrive probably today.

A representative from the Horn Company of Chicago, from which company the equipment was purchased, has arrived and he will begin setting up the bleachers at Northern high right away, and will remain until they are ready to proceed at the Southern gym.

Run Over By Tractor

Charles Pifer, about 15 years of age, of Gormania, W. Va., is a patient in the Garrett County Memorial hospital in Oakland as a result of injuries received when a tractor which he was driving upset and rolled over on him. His condition is favorable.

To Assist Scouts

Joe Soukup, instructor in Southern High school, has been named an assistant scoutmaster for Oakland Troop No. 31, it was announced this week. He will work with Ralph Fauber, scoutmaster. The troop meets on Thursday evenings.

Rev. Allan Accepts Call to Bittinger

The Rev. James M. Allan, pastor of Holy Trinity Lutheran church in Elkins, W. Va., for the past three and one-half years, has accepted a call from the Bittinger Lutheran parish, consisting of three churches and arrived in Bittinger on October 28 to begin his duties in his new field of endeavor on November 1.

An Elkins newspaper had the following to say about Rev. Allan: "Not only members of his congregation but the many friends he has made during his residence and pastorate here will be loath to see him go but with him will go their best wishes for a successful career in his new field where he is certain to inspire his congregations and others with a renewal of their Christian life."

Principals of Schools Meeting This Evening

The thirty-one principals of schools are meeting this evening in Southern High school to discuss administrative matters. Miss Eleanor Wagley, state supervisor of school cafeterias, will be present for the discussion. She has been in the county this week visiting all the school cafeterias in the county.

Dr. Gerthom Morgan, from the University of Maryland, met Monday and Tuesday with groups in child study in the county. On Monday he spoke to a group of about 50 people at the Accident school.

Catches Lynx In Fox Trap

Paul Cullers, Gormania trapper, engaged in catching foxes, trapped what he thought was a huge wildcat, but discovered when he brought it to the court house in Oakland on Tuesday that he had a Canadian lynx. He collected the $3 bounty on wildcats.

The animal was caught on the Wilbert Ridder farm between Gortner and Table Rock. It measured 42 inches in length and weighed 20 pounds. The animal had the short pointed ears of the lynx plus the shaggy characteristic whiskers, and was more spotted than a wildcat, according to those who examined the beast.

Cullers said he had trapped 160 foxes in Garrett county from September, 1952, to September, 1953, and in May and June of this year had caught 92 foxes in West Virginia. He also has trapped one wildcat during that time. Upon learning what kind of an animal he had just caught he said he might have it mounted.

More Rain Last Night

More rain fell in the Oakland area last night and early this morning enough to keep the leaves dampened, but not adding appreciably to the underground water supply.

High Producing Dairy Herds Get Honor Recognition

Owners Receive Honor Certificates At Meetings Last Week

Six dairymen of the county, three from the Dairy Herd Improvement Association No. 1, and three from Association No. 2, were given honor certificates for having high producing cows, at meetings last Thursday and Friday.

The certificates were issued by the National Dairy association to dairymen having herds producing 400 pounds of butterfat or over for 1952.

Listed under Association Number One were Simon J. Tice, C. O. Miller and Charles Watts. Listed under Association Number Two were Herbert H. Steiding, Ellis H. Teets and D. L. Swartzentruber.

Tice has 31 cows in his herd averaging 9,273 pounds of milk with a butterfat content of 474.3. Miller with 14 in herd, has an average of 12,480 pounds of milk with 450 pounds of butterfat. Watts had 10 cows in his herd, with average of 8,815 and 402.5 pounds of butterfat. Steiding has 18 cows in his herd with average milk of 8,191 and 448.9 pounds of butterfat; Teets, 12 cows, 8,398 average milk and 413.5 pounds of butterfat; Swartzentruber, 9 cows in herd, average 8,753 and 407 pounds of butterfat average.

The complete records for both associations were listed and distributed at the meetings. Attending both meetings was Robert Schabinger, supervisor of DHIA in Maryland, from the dairy department of the Extension service.

Other dairymen whose herds produced an average of over 350 pounds of butterfat were Leslie Stanton, Simon Schrock, Irvin Yoder, Crist Yoder, of No. 1; and John J. Schlossnagle, E. Hobart Bishoff, Daniel G. O'Brien, Ross Crowe, Lenwood F. Bittinger, Ross Lichty and Clark Schlossnagle, of No. 2. Mr. Tice received a cow from his association for having the high herd in 1950 and 1952, while Crist Yoder

Question Period For Parents In P.-T.A. Program

A question period for parents will be included in the program for the Oakland Elementary Parent-Teacher association meeting, to be held next Monday evening, November 2, in the Elementary school. Officers are urging all parents, particularly fathers, to attend.

The program is in charge of Fred Tichnell, past president. It will include a color movie of the May Day pageant, the question period, with answers supplied by the faculty of the school. The May Day picture is being shown for those who were not able to see it in person.

Refreshments will be served in the cafeteria following the business session. Mrs. Floyd Custer is chairman of the refreshment committee with Mrs. George Stuck and Mrs. H. R. Gibson assisting.

GOBLINS AND SUCH—Following the Oakland Elementary school's annual Hallowe'en parade yesterday afternoon the prize winners were rounded up for this picture. All five grades of the school took part, with the Sixth graders, in the old High school building, having a parade of their own. Shown in the picture, but not in order, are the following winners: First floor—prettiest, Ann Hesen, Judy Anne Hove; Most Original, Linda Tichnell, Susan Tichnell, Funniest, Linda [illegible], Robert [illegible]. Best Portrayal, Jimmie Hinebaugh, Janna Naylor; Ugliest, Edward Lewis, Fritz Pifer. Second floor—Prettiest, Carolyn Leighton, Linda Smouse; Most Original, Lawrence DeBerry, Nancy Reckard; Funniest, Frank Vetter, Shelby Uphold. Best Portrayal, Clayton Winters, David Custer; Ugliest, Rocksie Bowers, Jackie Reams. Judges were Mrs. Howard Turner, Miss Edith Brock, Miss Rebecca Lohr and Mrs. Richard Glotfelty.

Why is this world so much awry,
Why does one man hate another—
Because each man makes an endless try
To get more than his brother.

A light rain fell last Saturday evening and lessened for the time the danger of forest fires in this section.

Two slight fires broke out or were set out in the brush land in the Bear Hill section last week but were quickly extinguished by the prompt action of forest wardens and others.

John Beachy and family of North Glade visited relatives here last Sunday.

A corn husking party was held on the Lloyd Bowser farm one evening last week and the young folk were treated to a wiener roast and other refreshments, after the husking was done.

Mr. and Mrs. Charles Bradley, of Grantsville, were Sunday afternoon callers in this village.

Completion of the work on the basement of the village Lutheran church is now in progress, preparatory to the arrival of the new pastor, Rev. Allen who is expected to arrive about the first of November.

Asa J. Orendorf and Miss Eva Sell attended church services at St. Paul, Pa., last Sunday evening.

Mr. and Mrs. Joseph Buckel were shopping in Cumberland Thursday of last week.

Has 95th Birthday

Mrs. Sarah A. Gibson observed her 95th birthday anniversary on Sunday, October 25, at Hyattsville, where she is residing with a granddaughter, Mrs. Sara L. Smallwood. She is in good health.

Mrs. Gibson was a resident of Loch Lynn Heights for many years.

AURORA - EGLON

Dr. Alvin Brightbill, of Bethany college, will conduct a Music Institute at Maple Spring church beginning at 7:30 Friday evening, October 30. There will be a session Saturday afternoon at two o'clock and again at 7:30. Dr. Brightbill will be in charge of the Sunday morning services.

Several folk from this area attended services Sunday afternoon and evening at Knobley church, near Romney.

Chester Arnold, of Delta, Pa., visited his father, J. E. Arnold, of Eglon, Saturday and other members of the family in this area.

Mrs. Anna Hamble who has been residing with her son-in-law and daughter Mr. and Mrs. Earl [illegible], Mt. Lake, is visiting relatives around Aurora.

Mr. and Mrs. Artemus Hatch and two sons, Eglon, spent the week-end with relatives in Delaware.

Sunday guests at the home of Pastor and Mrs. Paul Crouser at Eglon were Mrs. Crouser's parents, Mr. and Mrs. Ernest Early, of Virginia.

A celebration was held Tuesday evening in honor of John Arnold's 87th birthday anniversary at the home of his son-in-law and daughter, Mr. and Mrs. John Shillingburg and family at Brookside.

Mrs. Grace Halton, of Washington, D. C., is visiting at the home of her brother-in-law and sister, Mr. and Mrs. Alfred Wetzig, near Aurora.

Word was received here that Mrs. Anna Hauser, widow of the late Ben Hauser of Stemple Ridge, is a surgical patient in an Elkins hospital.

Mr. and Mrs. Gilmour Fike and family spent Sunday at the home of her parents, Mr. and Mrs. Homer Miller, of Albright.

Church Women Will Arrange World-Wide Community Program

World Community Day will be observed at the Bethel Methodist church in Mt. Lake Park on Friday, November 6, at 8 o'clock. The event is sponsored by the Oakland Council of United Church Women which includes all church women from the surrounding area.

The theme, "Building Lasting Peace," will be presented as a tableau with Ruth Bittinger Weaver, of Loch Lynn, directing, assisted by Mary Mae Laston. Mrs. George Mealy will be in charge of music and Mrs. Randall Prince will have the devotions.

A few of the highlights of the sixth national assembly at Atlantic City will be reviewed by Mrs. E. Ray Jones of Oakland.

As the project for this year is "Helps for Homes," Mrs. William Bell, chairman of gifts, suggests light weight blankets and quilts, sturdy sheets and pillow cases, bright wash cloths and towels, drapes and tablecloths.

Following the program light refreshments will be served in the church parlor.

Mrs. William Bitzer, local chairman of World Community Day, stated that "United Church Women, across the nation, are dedicated to the task of uniting church women in their allegiance to their Lord and Savior, Jesus Christ, through a program looking to their integration in the total life and work of the church and to the building of a world Christian community."

Has Poems Published

Jared W. Young, summer resident of Mt. Lake Park for a number of years, has just had a booklet published containing several of his poems and a number of poems of his ancestors dating back to 1789. Entitled "Random Verses," it includes a selection from thirteen members of his family. A copy of his booklet has been presented to the editor.

SMOKE EATERS AT WORK—Oakland firemen were summoned Tuesday morning to the Pritts Equipment company garage on route 219, just north of Oakland to extinguish a fire caused by an overheated flue. The heat caught the rafters in the ceiling and spread rapidly over a portion of the room. The heat melted some of the aluminum roofing. Chief Bolden of the Oakland fire company is shown on the ladder, with Carlton Callis next to him. The others are unidentified.

Observe Education Week Nov. 8 to 14

American Education week will be observed in schools throughout Maryland from November 8 to 14. "Good Schools are Your Responsibility" is the national theme for the week-long observance.

In proclaiming the time as American Education Week in Maryland Governor Theodore R. McKeldin stated: "The establishment and maintenance of good schools in our state is a personal responsibility shared by every citizen. Intelligent support of a sound program can be given only by a people well informed about school programs and school needs."

The purpose of the week is to better acquaint all citizens with the public schools. Throughout the State schools are preparing activities to celebrate the occasion. All citizens are being urged to visit their schools and observe the program of education being presented.

Daily topics under the general theme are "Moral and Spiritual Foundations;" "Learning the Fundamentals;" "Building the National Strength;" "Preparing for Loyal Citizenship;" "The School Board in Action;" "Your Child's Teachers;" and "Parent and Teacher Teamwork."

Cuba has given constitutional guarantees for freedom of the press there.

IN MEMORIAM

In memory of Grover C. King, my husband, who passed away one year ago, October 29, 1952, at Oakland, Md.

My loss is great, I lost my mate,
Now I must live alone;
No tongue can tell the grief I feel,
The sympathy I mourn.
Home is sad, Oh God how dreary,
Lonesome is every spot.
Listening for his voice [illegible] weary,
Weary for [illegible] it not.

ONE WORD . .

Can Change Your Life

By Rev. ROBT. W. OLEWILER
Washington, D. C.
Pastor, Grace Reformed Church

FAITH

You can't trade the faith of your fathers in today's market until it's really your own faith. It can't be yours until you dare to live it without compromising principles and sacrificing truth.

Those first Christians who left the upper room on the day of Pentecost went out inviting thunderbolts. They dared to preach the Gospel to the city that had crucified the author and finisher of that Gospel six weeks before. They proclaimed the revelation of God with passion and purpose. They were determined that their new faith was not to join the long list of lost causes and dead issues in history. They were pious pirates, spiritual swashbucklers, unafraid, daring, facing the music with hearts of power.

Like them, like James and John, those "sons of thunder," you and I must go out inviting thunderbolts, activating and sharing our faith, the word that can change your life.

LISTEN AMERICANS!

...by George S. Benson
President of Harding College

Families along the Florida and Gulf coasts were told recently that Hurricane "Hannah," roaring up from the Caribbean probably would strike them with destructive force. What did they do? They took emergency measures.

They'd had years of living in a world in which the hurricane season is a clearly seen reality. Through the years they had made their homes and business houses as hurricane-proof as possible—with special construction, with removable battens, and with storm cellars.

As "Hannah" was charted closer and closer to the coast, families gave up all of the enjoyments and most of the "necessities" of life. Parents gathered the children in the safest haven. Johnny's home work, Susan's tooth-ache that needed a dentist, and father's "big deal" at the office—all were subordinated to the problem of survival. They would be properly attended to—but not until the dire threat from the hurricane had subsided.

At least two years ago we knew that Communist spies had sent to Russia all the necessary data to build the H-bomb, and it was publicly acknowledged that the Reds could build it. Yet in recent weeks confirmation of this fact has brought on talk among governmental leaders of vast new borrowings, of big out-of-balance spending, of postponed tax reductions so that the "new danger" may be met. In all the Washington pronouncements I've read, there has not been one suggestion that the sprawling spending mechanism of the federal government be drawn tightly together as an emergency measure and substantial cuts made in all functions except those essential to a sound economy.

Our real strength, in peace or war, rests upon financial stability. We cannot maintain financial stability if we are engaged in great new spendings for H-bomb defense on top of the already tremendous spendings. Heavy emergency pruning throughout the federal government would release adequate money for the necessary build-up in defense. It would mean the throwing overboard of a lot of "pet" projects backed by special group interests. But it is the sound and safe way to preserve our strength and stall Russia's master plan which is to undermine our economic and political strength before striking.

In the face of the H-bomb threat, we need to do what the coastal families do to combat the big winds. We need to put our government on an emergency basis until our defenses are adequately built up.

President Eisenhower told farmers his administration would in due time offer a "well thought out" program to bring about stability and general prosperity in agriculture.

M-Sgt. and Mrs. William Kahl and two daughters stopped in Oakland for a brief visit with his father, Albert W. Kahl, enroute to Parris Island, South Carolina, for six weeks of schooling. Sgt. Kahl had been at the Marine corps replacement depot at San Diego, Calif., and will take instruction at a Recruiters' school. His wife and family will reside at the Parris Island base.

Mr. and Mrs. John Hafer, of Happy Hills Farm, route 40, were hosts at a "First Cousin" party last week-end. Attending were Mrs. Robert Ruckert, Mrs. Margaret McComas, Mr. and Mrs. Donald R. Sincell, Oakland; Mr. and Mrs. John Cupler II, Mr. and Mrs. G. Morgan Smith, Mr. and Mrs. John Durst, Cumberland; Mr. and Mrs. Weston Dodson, Arlington, Va.; Mr. and Mrs. John Sincell, Ruth Porter and James Sincell, Pittsburgh, Pa.; Mr. and Mrs. C. M. Sincell, Fairmont, W. Va.

Have Serenade For Couple

A large number of people were at the home of Mr. and Mrs. D. L. Moreland one day last week to serenade Mr. and Mrs. Charles Elwood Moreland, who were married on October 17 at Oakland. Mrs. Moreland was the former Florence Esther Deem, of Mt. Lake Park.

Guests were present from Deer Park, Mt. Lake Park, Cumberland, Washington, Gormania, and other nearby points.

Kitzmiller Girl Is Bride

MRS. WILLIAM H. LEONARD

Miss Dolly Carolyn Burrell, daughter of Mr. and Mrs. Wilbur Burrell, Kitzmiller, became the bride of Lieutenant William H. Leonard, son of Mrs. Lula M. Leonard, Cumberland, and the late Carl L. Leonard, on Saturday, October 24. The double ring ceremony was performed at 3:30 p. m., in the Mt. Bethel Methodist church, Kitzmiller, with Rev. Allan Parrish, pastor, officiating. The candlelight service was before an altar banked with white chrysanthemums, mums, mountain laurel and pine.

A program of nuptial music and the traditional wedding marches were played by Mrs. Joseph Arnold. She accompanied Mrs. Margie Harvey, vocalist.

The bride, given in marriage by her father, was attired in a floor length gown of white nylon tulle and net over satin. The jacket was of Alencon lace fashioned with a high neckline and three quarter sleeves with matching mitts. Her fingertip veil fell from a cap of lace and ruffled tulle. She carried a cascade bouquet of white roses and pompons.

Miss Donna Burrell, sister of the bride, was maid of honor. She wore a ballerina length gown of pink nylon net over taffeta with matching cape and ruffled net head piece. She carried a colonial bouquet of fall flowers. Penny Sue Rappenthal, cousin of the bride, was flower girl. She wore a dress of blue nylon over pink taffeta and carried a basket of rose petals.

Fred R. Bennett, Baltimore, served as best man. Ushers were Jack R. Lechliter, Branchville; and Roy Bray, Kitzmiller.

Mrs. Burrell, mother of the bride, chose a navy blue crepe dress with which she wore pink accessories and a corsage of pink rosebuds. Mrs. Leonard, mother of the groom, was attired in an aqua dress with which she wore brown accessories and a corsage of pink rosebuds.

A reception was held in the social room of the church immediately after the ceremony. Miss Elva May Deem served the cake and Mrs. Grace Evans and Mrs. Earl Shook presided at the punch bowl, assisted by Miss JoAnn Craver and Miss Patsy Burrell.

The couple left for a trip to southern states, the bride wearing a moss green coat dress with brown and gold accessories, a beige coat and corsage of orchids. Upon their return they will reside in Alexandria, Va.

The bride is a graduate of Frostburg State Teachers college, class of 1952, and was a member the past year of the faculty of the Oakland Elementary school. The bridegroom is also a graduate of Frostburg State Teachers college, class of 1952. He was stationed with the army at Camp Chaffee, Arkansas, where he attended leadership school prior to being sent to Fort Belvoir, Va. He was graduated from the Engineer officer candidate school there and has been stationed at Fort Belvoir as a tactical officer.

Commissioners Discuss State Road Fund Need

Garrett county's commissioners talked last week with the members of the State Roads commission in Baltimore about the possibility of getting bond money for new county roads, if they should decide that the money was needed. But no decisions or plans of action were announced.

Russell H. McCabe, chairman of the Commission, said the Garrett commissioners "looked with favor" on the system which the state has set up for helping the counties along. When the General Assembly last winter enacted Maryland's new 12-year 568-million dollar highways program, it set up a 50 million dollar credit pool on which the counties could draw for their roads.

The state will issue the bonds. They will be paid off out of added revenues which will come to the counties as their share of the higher gasoline taxes and license fees enacted as part of the big road program.

J. Edward Helbig, president of the local Commissioners, and his two associates, James W. Sines and Stewart F. Stahl, talked over details of the arrangement with a member of the roads commission staff. They were accompanied by William W. DeWitt, county road engineer, and Stephen R. Pagenhardt, their attorney. Representing the roads commission were Chairman McCain, David M. Nichols, Chief Engineer W. F. Childs, Jr.; Comptroller Carl L. Warren, and Albert S. Gordon, executive secretary.

P.-T.A. Council To Meet November 10

The County Council of Parents and Teachers will meet at Friendsville school on Tuesday evening, November 10, at 8 o'clock, Mrs. Kermit Glotfelty, president, announced.

Each local P.-T.A. unit is being asked to bring for discussion some activity, project, or method which they have found to be particularly successful in their local units. Suggestions for future planning in successful Parent-Teacher work will be part of the discussion program.

Local Presidents and chairmen are asked to bring snapshots of themselves suitable for a scrapbook of county-wide activities which is being made by the County Council President.

Appointed delegates and officers of local units are urged to be present.

The Friendsville P.-T.A. will be host to the group.

DIED

MRS. THOMAS WILSON, SR.

Mrs. Emma Virginia Wilson, 61, wife of Thomas Wilson, Sr., died last night, October 28, about 9:30 o'clock, at her farm home at Short Run, near Kitzmiller. She had been ill for the past one and one-half years.

Mrs. Wilson was born April 4, 1892, at Good Hope, Harrison county, W. Va., a daughter of William Edward and Virginia Ellen Chenoweth Hacker. She had resided at Short Run since 1951, moving there from Elkins, W. Va.

Deceased was a member of the Short Run Methodist church, group 1 of the WSCS of Mt. Bethel Methodist church at Kitzmiller, and Dove Temple, No. 61, Pythian Sisters, of Blaine, W. Va.

Surviving besides her husband, are three sons and two daughters, Thomas Wilson, Jr., Baltimore; William H. Wilson, Point Pleasant, W. Va.; Daniel B. Wilson, Short Run; Mrs. Margaret Carrier, Oakland; Mrs. Anna Jane Sharpless, star route, Kitzmiller; twelve grandchildren; also five sisters and two brothers, Mrs. Claudia Hacker, Weston, W. Va.; Mrs. F. Dorsey Bartlett, and Mrs. W. W. Dawson, Lost Creek, W. Va.; Mrs. E. M. McWhitter, Jane Lew, W. Va.; Mrs. R. Guest Floyd, Weston; Boyd Hacker, Philadelphia, Pa. and Brooks Hacker, Roanoke, Va.

The body is at the Sharpless Funeral home at Blaine and will remain there until Friday morning at 10 o'clock, at which time it will be taken to the residence. Funeral services will be conducted Saturday afternoon at 2 o'clock from the Mt. Bethel Methodist church in Kitzmiller, Rev. Allan Parrish, pastor, and Rev. W. E. Wade, Gormania, W. Va., officiating. Interment will be in the I.O.O.F. cemetery at Elk Garden, W. Va.

HOWARD P. HUTSON

Howard P. Hutson, aged 71, of Dearborn, Mich., husband of Mrs. Mabel Hutson, died suddenly on October 9, of a heart attack.

Born at Sunnyside, this county, he was a son of the late W. E. Hutson and Catherine Yutzy Hutson. He was employed by the Ford Motor company until his retirement several years ago.

Surviving are his widow and two sisters, Mrs. Lillie Mae MacCubbin, Frederick, and Mrs. Ethel [illegible], [illegible], Ohio.

Interment was in Detroit, Mich.

To Wed in Germany

Mr. and Mrs. Ralph Fauber, of Oakland, announce the engagement of their daughter, Cpl. Winifred Pauline Fauber, to Sgt. Roy Lee McKinney, of Oklahoma City, Okla. The wedding will take place on December 2, 1953, in Germany, where both of them are stationed with the U. S. Army.

Miss Fauber has been in service two years and is stationed at Heidelberg, Germany. Sgt. McKinney is stationed at Augsburg, Germany.

FOR DISTINGUISHED SERVICE—The certificate of distinguished service, being shown here along with John H. Carter, county agricultural agent, was awarded to him two weeks ago at a meeting of the National Association of Agricultural Agents in Philadelphia. The award was for "long and efficient service to the agricultural industry," it reads. The certificate was signed by Leonard J. Kerr, president; and Paul B. Barger, secretary. To be eligible for the award a person must be a full time agent for at least 10 years. Agents from each state are nominated and the record sent to the national association which decides to whom the certificates are to be issued.

It Runs Through My Mind

By POLLY J. HANST

Swing Along

It's more fun to swing along—that is, with Hallowe'en and trick or treaters.

Every year I forget to allow a week for this hilarious occasion. It only looks like one day on the calendar but it always ends up with a good week out of one's life.

It's the one time in the year that I'm glad there is storage space and that we save everything under the sun. It all gets pulled out and tried on.

There are the old stand-bys—the Indian moccasins Mrs. Red Horse made; the sharp pointed toes and high top shoes of the finest kid, Mary Riggs' wedding shoes; the old umbrellas of the gay nineties that Uncle Harry had thrown on the junk heap; grandma's bonnet and bustle; Uncle Ezra's uniform.

It's a week for gaiety. Not a week to be suspicious of every noise that is heard outside. Some folks open their doors to a thin crack for a peek as if they were expecting warring Indians.

More people come to our door than we have all during the Christmas holidays. Towering ghosts, funny clowns, tramps and scarecrows, brides and grooms. Some great big voices, some tiny voices that can only say "tick or teat."

The evening that was once hollow is now for mirth and humor. It's twice as much fun being in the middle of it as being behind the door peeping out a crack, or standing on the curb as the parade goes by.

—o—

Some trick or treaters rang a door bell a couple of weeks ago and the owner said, "It's too early to be out for Hallowe'en."

"Oh, we know," said the little voices, "we're only practicing."

—o—

That Man

I do believe Guy William Hinebaugh gets more talked about behind his back and furnishes more laughs than anyone I know.

I only know him as a neighbor, who is quiet, friendly, who works most of his spare time on his grounds, and who gives me roses and peat moss and advice on landscaping when I ask for it.

But there is definitely another side to him—that side which makes people tell of his doings and roar with laughter. Full of crazy stunts.

For instance, at Lions club this week his costume was his old military uniform with every conceivable insignia. His cap was decorated with three scrambled eggs.—which didn't sound one bit funny to me until it was explained that the gold braid on officers' caps was called "scrambled eggs" in army tongue.

—o—

A Success Story

For a long time it has been going through my mind to write something about a certain lady who "retired" to her home town. She struck me as different the first time she came to circle meeting.

You've noticed how some people with nary a chick nor child, when asked to donate for suppers will offer the butter, coffee or olives—perhaps costly, but which require no preparation, leaving the cakes and rolls for the mothers of young or large families.

Well, Mrs. Arnold Scherr opened my eyes for she said right off, "I'll bring a cake," and ever since she volunteers for the hard things.

This past week I heard of another one of her kind deeds. She invited a mother of three young ones to come and spend the day. "Come early and stay late," she said as she issued the invitation.

"I never had such a wonderful day," beamed the guest. "Mrs. Scherr wouldn't let me turn my hand. She insisted on me doing what I wanted while she got lunch and tended the baby.

"So I went to the grocery store, the first time in ages. After a perfectly delicious meal to which my husband was invited, I had the afternoon free. Now mind you, FREE! So I went to see Mrs. Ben and Bessie."

The mother took a deep sigh. "I tell you it was one of the nicest things that ever happened to me."

There is all this talk about what we're going to do with our retired elders. Mrs. Scherr has three married children and several grandchildren. Her physician husband died a few years ago and she returned to her home town. In nothing short she made all kinds of friends who never knew her as a girl by the name of Zella Shaffer. All one has to do is to look at her face to realize she never has a bored moment.

Draw your own conclusions.

Sales Tax Yields $31,975,296 Final Figures Reveal

Increase of $2,382,170.69 over Previous Year Is Shown In Detailed Report

J. Millard Tawes, State Comptroller, released a detailed report this week covering final statistics on Retail Sales and Use Tax collections for the fiscal year ending June 30, 1953. According to Mr. Tawes, receipts of $31,975,296.43 established a new high since the adoption of these taxes in July, 1947, and represented an increase of $2,382,170.69, or 8.05% over the $29,593,125.74 collected during the preceding fiscal year.

A total of 166,912 monthly returns were filed, or an increase of 3,682 over the preceding year's total of 163,230 returns.

Baltimore City continues to be the largest source of revenue, with collections of $16,232,680, or 51.05% of the total.

The top five counties producing highest revenues were: Baltimore County, $2,730,256; Montgomery County, $2,071,665; Prince George's County, $1,265,566; Washington County, $997,498; and Anne Arundel County, $918,575.

Collections from District of Columbia merchants totalled $1,165,961, and other out-of-state vendors brought in $853,514.

Under a favorable business climate all segments of business participated in the rise of receipts, with the General Merchandise group, which includes the department stores, showing the largest gain dollarwise. Ranked in the order of their productivity, collections from the various categories of business were as follows:

General Merchandise group, $9,567,670; Building Materials and Contractors, $4,625,874; Miscellaneous Groups, $3,971,235; Food and Beverage Group, $3,210,273; Furniture and Appliance Group, $3,115,356; Apparel Group, $2,628,888; Utilities and Transportation Group, $2,502,526; Automotive and Oil Companies, $2,353,474.

Mr. Tawes pointed out that Retail Sales and Use Tax collections remain the leading source of revenue for the State's General Fund, out of which the principal expenditure supports Public Schools and other educational purposes.

Garrett County's Figures

The total tax receipts from Garrett county were $113,661.66, with $67 from license fees and $113,594.66 from tax receipts.

The amounts by source and class of business for the county showed the following: food and beverage, $9,207.83; apparel, $1,925.44; general merchandise, $28,397.29; automotive, $19,381.49; furniture and appliances, $5,552.47, lumber, builders, contractors, $9,883.11; utilities and transportation, $22,767.06; and miscellaneous, $16,179.61.

In the same order the amounts in 1952 were $8,932, $2,226, $28,371, $20,117, $5,896, $12,852, $21,994, $16,126, showing slight gains in the categories of food and beverage, general merchandise, utilities and transportation and miscellaneous. The total amount in 1952 was $113,595, a decrease of 2.34 percent over the previous year.

The county's population is listed at 21,259, of 91 one hundredths of one percent of the state. The amount of tax per capita is $5.34.

Sewer Ordinance Adopted By Park

At a meeting of the Mayor and Town Council of Mt Lake Park on Friday, October 9, the group officially made a new sewer ordinance effective as of that date.

The ordinance which was ordered published last week, related to the extension of existing sewer lines and the construction of additional ones within the corporate limits of the town.

Under the new regulation the council would not extend a sewer line to any new customer more than 200 feet at its own expense, and that cost of lines exceeding that length would be constructed at the actual cost to the citizen.

The council named S. R. Pagenhardt as the town's attorney. A building permit was granted to Edward Tasker. The Board of Election Supervisors was given permission to use the Bowling alley building during elections.

Heads Northern Hi Student Council

Norma Jean Taylor, senior, was elected president of the student council at Northern High school, Cove, as a result of voting last week. Donald Bowman won out over Shirley Mickey for vice-president, while June Green was elected secretary and Edwin Dean, treasurer.

In making nominations students were asked to consider regular school attendance, at least a "C" average, neatness, dependability, tactfulness and honesty. Other attributes were leadership, cooperativeness, courtesy, understanding of parliamentary procedure.

Other Activities

Other activities were revealed in the first issue of the "North Hi News," published on Tuesday by the class in journalism at that school. The school paper was distributed yesterday to every student and faculty member.

The school reached its quota of $1,1514.18 in the magazine sale campaign but failed to reach an established goal of $2,275. Donald Bowman was high boy salesman, while Mary Glotfelty was high girl salesman.

The tenth grade biology class has established a school apiary and there is an exhibit of bees and honey in the school lobby. The class is taught by Charles Strauss.

The yearbook staff includes eleven seniors, seven juniors and six sophomores. Students in the journalism class, meeting with Russell Davis, will edit the year book. Students are Wayne Glotfelty, Mona Lee Collier, Juanita Bittinger, Yvonne Baker, Virginia Minick, Dorothy Shoemaker, Gail Savage, Allen Younkin, Ruby Frazee, Rita Buckel, Vida Schroyer, Joe Bender, Carol Fike, Lola Devine, Eleanor Younkin, Shelby Savage, Shirley Yoder and Shirley Ream.

Rotary Hears Talk On World Unity

Food, health and world unity were the subjects of a talk by Edward Hardcastle of Hagerstown, district manager for the National Federation for Independent Business at a meeting of the Oakland Rotary Club Friday night.

In his talk, titled "Are We Choosing Barabbas?" Hardcastle outlined the organization of the United Nations, its accomplishments and its shortcomings.

"If you had been born today," said the speaker, "your chances of being where you are tonight would be very small. You probably would not be white, you would be either black, brown or yellow. The odds are very much against your being a Christian. You would be Confucian, Buddhist, Mohammedan, or something. Your chance of living more than a year would be small. If colored you would probably be sick all your life with malaria, intestinal parasites, tuberculosis, or even leprosy."

Most of the world is suffering from malnutrition and millions are desperately hungry, Hardcastle declared.

"The starving millions see us pumping blue dye into potatoes so that they cannot be eaten — caves full of butter and eggs. Let us realize that the world's hungry do not want food just so they might live and fight Russia with us. They would like to eat for a simple and a very good reason: they are hungry.

"We represent democracy before mankind," the speaker said, "in our great Declaration of Independence our nation was founded on a decent respect for the opinions of mankind.

"The American businessman cries that the world needs his electric refrigerator. This makes very little sense to the millions who have nothing to put into it and very little to put into their own stomachs.

"Since we men and women of the world are not prepared to pray together and apparently not willing to vote together to correct the world's troubles, we might try eating together," the speaker suggested.

"If the United Nations could keep peace, and it seems they can't, they must do more than guarantee a white man's world and a rich man's world. The great suffering masses of the world . . . see no hope that a revolution against world dictatorship will include any revolution for their betterment."

Social Security Tax Due To Increase

The Social Security tax rate for persons whose work counts toward old-age and survivors insurance is scheduled to increase on the first of January, James F. Robertson, manager of the Cumberland social security office, reminded employers, employees, and self-employed people this week.

This scheduled increase in tax contribution is in accordance with the 1950 amendments to the social security law, enacted by Congress.

Employees in jobs covered by the law will have two percent instead of the present 1½ percent deducted from their pay beginning with the first of January up to earnings of $3600 a year; their employers will contribute an equal amount.

The new rates will apply to all taxable wages paid after December 31, 1953, regardless of when earned.

The social security tax for the self-employed is scheduled to increase from the present 2¼ percent to 3 percent, for the period commencing January 1, 1954.

The Internal Revenue Service reports that employers will be furnished late this year with income tax withholding tables and Federal Insurance Contributions Act (social security taxes) tables and reflecting rates applicable next year.

The next scheduled increase, six years from now, in 1960, will be to 2½ percent for each employer and to 3¾ percent for the self-employed.

THE FAITH OF A CHILD

Are you one of the millions who think wistfully of the faith of a child and wish *they* could believe so implicitly?

And are you also one of those who have assumed that it's impossible to go back to religion, once one has *drifted away?*

Wait! What accounts for the faith of a child?

A child *wants* to believe! That's the first step. The first step for YOU too . . .

And a child is *taught* to believe! That's the next step. Start attending Church next Sunday . . .

And a child *practices* believing. That's the final step, and it begins the continuing adventure of faith.

It is that final step that looks so hard. But how easily and naturally it comes . . . after we have taken the first two!

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Welfare Payments Reach $24,576.57

Amount Expended During September Is Thousand Dollars More Than August Total

Seven hundred thirty-three persons received $24,576.57 through the Garrett County Welfare board during September, it was revealed in the monthly report of the State Department of Public Welfare by Thomas J. S. Waxter, director.

This was an increase of more than a thousand dollars over the August figure, and showed advances in the average grant per person. Last month 730 individuals received $23,463.89.

Largest category was the one on Old Age pensions where 267 persons received $10,215.55, an average of $38.26. There were four new applications here with five cases being added and eight cancelled.

Aid to Dependent children was the next highest figure. Here 117 families having 345 children, received $9,461.83, an average of $80.87 per family. In this group there were six new applicants, six cases were added and five cancelled.

Five blind persons received $275.25. There was one new application. Eighty-seven persons listed as permanently and totally disabled received $3,123.70, an average of $37.28. There were two new applications with six cases being added and two cancelled. Twenty persons listed under general public assistance received $789.64, an average of $39.48.

Nine persons listed under foster care for children received $410.60, an average of $47.62.

Throughout the state the total payments for September reached $1,399,964, compared to $1,399,576 in August and $1,371,212 in September, 1952.

Dam Aids During Period Of Drought

The Savage River dam in this county continues to prove its effectiveness by still having a large reserve despite continual use of its supply since June 23.

Since June 23 there has been a continual drag on the reservoir to keep the flow of the North Branch of the Potomac River at Luke constant at 60,000,000 gallons per day.

During this period there has been little or no rainfall but the level of the dam still has held up through the water stored during the winter and spring, according to figures released by Julian C. Patrick, supervising engineer. The water level is now 50 feet below the spillway, just a little lower than it was a year ago.

Under continual use, with conditions of no rainfall, the dam still has a three-month supply. Water in the Potomac is supplemented by the supply in the paper mill's Stony River dam.

Both of these dams impound a three-month supply, Patrick stated. When full the Savage River Dam holds six billion gallons while the Stony River dam contains two billion gallons.

DEER PARK

There will be a Hallowe'en party for the youth members and members of the church schools of Our Father's House, St. John's and St. Paul's Episcopal churches at Deer Park Town Hall on Friday evening, October 30, at 7 o'clock, it was announced by Rev. John J. Atwell, rector.

News From The Ruth Enlow Library

By EDITH BROCK

An exhibit of the work of the Brownies has been set up in the young people's room. A variety of handicrafts are on display, including completely furnished miniature rooms. The Brownie exhibit will be continued throughout Girl Scout week.

The Intermediate Girl Scouts are again this year giving some of their after-school hours to library work. They have been stamping and pasting books, and helping at story-hour time.

Books have been presented to the library in memory of Lester C. Yutzy by Mr. and Mrs. Sam Kendall and by Mr. and Mrs. Howard Naylor. Mrs. Howard C. Turney has presented a book in memory of Mrs. Ada Morgan.

Ernest G. Guegy has donated a number of books. Jared W. Young has presented a copy of his own book, "Random Verses."

A model of the "Tom Thumb," the first locomotive built in America, has been added to the railroad exhibit. This has been lent by the Baltimore and Ohio Railroad.

Mrs. Arthur Naylor, Jr., will be in charge of the children's story hour at 10:00 on Saturday.

Exhibit Wins Second

The Aurora Chapter, Future Farmers of America, entered its educational exhibit, "Safety on the Farm," in the state fair at Lewisburg, W. Va., where it won second place, and in the 12th annual Buckwheat Festival where it won first place.

The chapter initiated 12 members on October 21. The chapter and members purchased 500 national postage stamps concerning Future Farmers organization, which were issued October 13, according to Keith Winters, reporter.

Crooner Bing Crosby was sued for a million dollars damages as result of a traffic crash. Three persons were injured in the wreck.

erage system constructed. At that time there were only private wells. Horses, cows and some pigs were kept in the town. Typhoid fever outbreaks were prevalent.

When the Oakland Civic club was organized in 1911 she became a member and was its third president, serving three years. During that time the town was cleaned up for the first time and the clean-up campaign was continued by the club until the town took over.

When the Garrett county library was organized she served as chairman of a committee which raised $300 a year to pay rent on the rooms, until the County Commissioners agreed to pay the rent. She served as Trustee of the Oakland Elementary school and was chairman of the first P.-T.A. organization in the county.

When the American Red Cross was organized here in October, 1917 she was elected chairman and has served as such up to the present time. Following the close of World War I she was named chairman of the T. B. seal sale for the county and was instrumental in having a deputy state health officer come to help organize a county health committee. The group raised half the cost of employing a full time health nurse, and later the County Commissioners took over, the state finally assisting in the financing of a health officer. Mrs. Tower served as chairmen of this health committee until the State took over.

Mrs. Tower served four years as member of the Town Council, two years of that time as president. She and other council members made improvements to the city, and she was instrumental in getting pine trees planted on the town property west of town. She served as executive secretary of the Maryland Children's Aid society for seven years and assisted many of the neglected, homeless and abused children of the county. She has also worked with the Oakland cemetery committee, and is a member of the Board of Directors of the Garrett County Memorial hospital.

She was one of twenty women in Maryland selected in April, 1951, to receive a citation at a convocation on the Defense of Democracy at Hood College in Frederick for outstanding service to the community.

Is Your Name FRAZEE?

DID YOU KNOW THAT:

FRAZEE, an old and honored surname, admits of at least two derivations. It and its equivalents, Fraser, Frasee and Frazer have been in common use in Scotland for many centuries; and according to the advocates of their Celtic origin, it is claimed that these names are obtained from the Celtic "frithsiol" meaning "forest-race." Other authorities on nomenclature state that FRAZEE and its companion names are of Norman-French origin and stem from the old French "freze" signifying "a strawberry." The latter derivation of the name is also suggested by the inclusion of seven strawberry leaves as part of the armorial bearings of the FRAZEE and Fraser families.

JONAS FRAZEE (1759-1838) and MOSES FRAZEE (1762-1840) served as privates in the New Jersey troops during the Revolutionary War.

The Historical Register of Virginians in the Revolutionary War has three listings of men bearing the name of FRAZEE.

JOHN FRAZEE (1790-1852) was known for his accomplishments as a sculptor. Included among his better known works are busts of Daniel Webster, Andrew Jackson and the Marquis de Lafayette.

There are four listings of the name FRAZEE in the latest directory of Phi Beta Kappa, the honorary scholastic society.

IRVING AUGUSTUS FRAZEE is the co-author of numerous books pertaining to the manufacture and servicing of automotive vehicles and published in recent years by the American Technical Society of Chicago.

GEORGE GILFORD FRAZEE is assistant professor of business administration at Bridgewater College, New Martinsville, West Virginia.

CHARLES C. FRAZEE is customs liquidator, attached to the office of the Collector of Customs, Portland, Maine.

LEROY B. FRAZEE is a member of the board of directors, First National Bank, Barnegat, N. J.

THE BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

Scripture: [illegible] Deuteronomy [illegible] Matthew [illegible] Ephesians [illegible]
Devotional Reading: Deuteronomy 6: 4-9.

God-Planned Homes

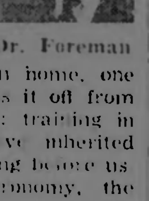
Lesson for November 1, 1953

NO Christian home can be found between the covers of the Bible. Naturally there were no Christians before Christ, and the New Testament books were all written so early in our era that what we know as a Christian home could not exist. Jesus himself was brought up in a Jewish home. Timothy had a Jewish mother but a Greek father, and the "faith" that was in his mother and grandmother was not, probably, the faith of Christians. Nobody named in the Bible was married in a Christian church by a Christian minister. We have to say, if we stick to the facts of history, that the Christian home is something that developed out of the Christian faith which the Bible inspires and instructs, rather than something the Bible directly describes.

* * *

Law In The Home

The Christian home is not something so radically different from other kinds that it can't be recognized. Among the most primitive races there are homes of a sort. Always there is a mated pair, father and mother, and children more or less under their care. Father and mother (aided often by other members of the tribe) teach the young what they are expected to know. So much is universal.



Dr. Foreman

Now in the Christian home, one special feature marks it off from less developed types: training in religion. This we have inherited from the Hebrews long before us. According to Deuteronomy, the law of God was to be known by the parents and taught by them to the children. This is not simply the Ten Commandments, but the whole management of life under the will of God. Now it should go without saying that if parents try to teach their children what is right, without doing right themselves, failure is certain. Some of the most important matters can be taught only by example. To take one illustration: parents should be the best persons to tell their children what Christian marriage is and how to achieve success in it. But if parents live in constant strife or even break up altogether, then what?

A recent study was made of 12,000 young people. It was discovered that in the homes where they came from, where the parents were both Roman Catholics, only 6.4 per cent of the homes had broken up; where both were Protestants, 6.8 per cent had broken up; where the parents were of different religions, 15.2 per cent were broken; and where there was no religion at all 16.7 per cent of the homes were broken. What those unsuccessful husbands and wives did about their own marriages will have much more effect on their children than any good advice.

* * *

Love In The Home

A good home is much more than a place where everyone behaves correctly and does just as he should. A well-managed penitentiary might be that sort of place too. The great difference between the model penitentiary and the model home is that in one, the good behavior is compulsory, in the other the ruling motive is love.

There is no home where love never makes mistakes; none where love is complete and flawless. But where love is, there is hope. Without love, the least differences pile up into unscalable mountains of incompatibility and resentment; where love is, even mountains of difficulty can be brought low.

What the Bible teaches everywhere, especially in the New Testament, is that love, in the home or anywhere, to have its perfect work must not be one-sided. If every member of a home really set out to be the kind of person Paul describes in 1 Cor. 13 or Eph. 5, break-ups would be seldom indeed. Love ought not to be left to mothers alone!

* * *

God's Planning

A Christian home is one where God's plan of love is followed. But God never does for us what we can do for ourselves. We have to plan for our homes just as we do for anything at all that we want to succeed. This should begin early, too, like all good planning. Young people do not always ask the right questions before they fall in love.

Along the Potomac to Washington

With Your Congressman
DeWITT S. HYDE

In the short period of nine months the new fiscal team in Washington has brought "honest money" to the nation.

In spite of complaints about rising rates and difficulty of obtaining mortgages, the American people now can be reasonably sure their cost of living a month or two from now will be no higher than it is today. The amazing part of this is that the first move to bring it about was to abolish price controls.

Treasury Secretary Humphrey began his methodical study of the inflation problem and its solution even before he took office. Government borrowing, he reasoned, causes inflation because when banks buy government bonds they use them as reserves and put more money in circulation to their loan customers without any additional products having been created along the way. When there's more money floating around to buy a flat amount of goods, up go the prices.

So, said Mr. Humphrey, let's cut down on government borrowing. First we have to cut expenses. This was promptly done and is still going on by the billions of dollars. But that wasn't enough. Secretary Humphrey found that out of the quarter of a trillion dollars owed by the government when he came to Washington, nearly three-fourths of it was due to be paid in five years or less. The only way to pay it was to borrow more money. But the way to prevent the same situation from coming up again was to make sure that what was borrowed this year won't have to be paid back for a long, long time.

Well, the Secretary decided to sell 30-year bonds, and to get people to tie up their money that long the interest rate had to be a little higher than on shorter term bonds. Since big government borrowing tends to set a pattern in business, that's how interest rates went up a little on home mortgages.

Secretary Humphrey knows, however, that he has prevented any further situation like the 1946 $9,000 house that costs $15,000 today—the same house, but more dollars needed to pay for it. If his policy is stuck to now, today's $15,000 house will cost no more than $15,000 years from now. That means "honest money"—money that you can depend on not to depreciate in value—a noteworthy achievement by the new team in Washington.

Attention, Mrs. Maryland: The Department of Agriculture has a wonderful booklet of recipes for the cheaper cuts of meat. Send me a postcard and I'll be glad to send you a copy of "Meat for Thrifty Meals." Address me at the House Office Building, Washington, D. C. . . . I'm looking forward to my visit next Tuesday with the Rotarians in Cumberland, who have asked me to give a talk at their luncheon meeting.

RESOLUTION

WHEREAS, since the last meeting of the Board of Governors of Garrett County Memorial Hospital, Lester C. Yutzy, one of its members and one of Garrett County's most loyal and public spirited citizens, has been called from our midst by death; and

WHEREAS he was a member of our Board from its organization date in 1950 until the time of his death, and during the more than three years of his service manifested great interest in the progress of the hospital and by his wise counsel and assistance aided greatly in the development of its program and the solution of the many problems which have confronted us in these first years of operation; and

WHEREAS, through his untimely death, there has been removed from our Board one who could be depended upon at all times to give of his time and energy in the building and operation of this institution in such a way as to make of it a real asset to the community and one of great and ever growing importance to the people who have need and will continue to need the services which such an institution can give, and he will be greatly missed as we endeavor to carry on the work in which he was so much interested.

NOW, THEREFORE, be it

RESOLVED, by the Board of Governors of Garrett County Memorial Hospital this 19th day of October, 1953, that by these resolutions we give expression to our sincere sorrow and regret over the passing from us of our fellow Board member, Lester C. Yutzy, and extend to Mrs. Yutzy and their daughters our deep sympathy in this time of their great bereavement; and be it further

RESOLVED, that this resolution be spread upon the minutes of our Board and a copy thereof be transmitted to the family.

Sportsmen's Club Enlarging "Rec" Area On Casselman

The Casselman Valley Sportsmen's club is sponsoring the dredging of earth from the bottom of the Casselman river near Grantsville, to the breast of the historic Stanton's Mill dam in a planned recreational program.

Purpose of the project is to reinforce the breast of the dam which was constructed in 1796 and for over a century was used to supply power for the Stanton Grist mill, which is now operated by electric power.

The dam has been a popular swimming pool in recent years, and additional recreation facilities are planned. During the past week steps were taken to provide a section of the stream below the dam as a trap for fish which might otherwise have been destroyed during the dredging work.

Charles C. Nathan, member of the State Game and Inland Fish Commission, who volunteered to supervise the work, pointed out that the dam is three-quarters of a mile long and 150 feet wide at the breast.

Other improvements aside from the repair of the dam include the building of a small swimming pool for children, and a picnic area with fireplaces, adjoining the Grantsville baseball park. The roads leading from Route 40 into the recreational area also will be improved.

The committee in charge of the work includes Clifton D. Jefferies, Robert Bender, Albert Davis, Eldred Stahl, Harry C. Edwards, member of the Maryland House of Delegates, Mr. Nathan, and the following members of the sportsmen's club: Edgar Allen Bender, president; Clinton Irwin, vice-president; and Mrs. Irva Mickey, secretary-treasurer. The recreation center is to be for the benefit of young people from Grantsville, Salisbury, and other sections of the area, it was stated.

Gymnasium To Be Accepted Soon

The new Northern High School gym will be turned over to the Board of Education and to the school in the near future. The floor is 86 by 90 feet. It has a 20 foot clearance to the trestles. There are 13 showers for the boys and 13 showers for the girls with two private showers for the girls. There are also drying rooms for the boys and girls.

The floor space can be utilized as one large playing court 50 by 90 feet or two small cross courts.

The bleachers will seat 800 persons and will fold against the wall when not in use. Included are offices for the boys' and the girls' Physical Education teachers.

Important added features are the public wash rooms.

Visit Your School . . .

A special opportunity is being given to parents and other citizens next week to take stock of our schools and size up how well they are doing their job of educating our children.

Next week, November 8 to 14, is American Education Week, and we are all invited to visit the schools and devote whatever time we can to getting better acquainted with the teachers, inspecting classrooms, familiarizing ourselves with school problems, and the needs and plans for the future.

Many of the Parent-Teacher groups are now taking more interest in the school program but they can add to their knowledge by making personal visits to the school next week. The invitation includes all who have an interest in education.

The purpose of the week is to better acquaint all citizens with the public schools. Some schools are preparing activities and each day has a special designation. They have important topics, relating to moral and spiritual foundations, fundamentals, building national strength, preparing for loyal citizenship, parent and teacher teamwork, and others.

If you aren't satisfied with fundamentals, find out what they are doing with that topic and find out whether you are misinformed, or whether the program is lax, in your estimation. Methods of learning, of course, are different today. Before passing judgment try to find out whether or not today's methods are effective before condemning them. On the other hand, if they aren't, don't hesitate to state your beliefs.

Schools must play an increasingly important role in preparing our children to grow up into well-rounded responsible citizens. We need to know more about our schools, what they are doing and the problems they face. Only in this way will we be able to keep the basic fundamentals of our Republican form of government and to advance on a firm foundation.

Project Completion In F. F. B. L. Council Reaches 100 Percent

One hundred percent completion of farm record books has been achieved by the seventy-six families enrolled in the Farming for Better Living program in its sixth year of existence.

This year saw the largest number of enrollments and the first time that every entrant completed the booklet. The 1953 winner will be selected after all booklets have been graded by the F. F. B. L. council.

The annual dinner at which the winner will be announced, will be held next Friday, November 13, at 6:30 p. m., at the Southern High school cafeteria. Council members have practically completed the program.

Robert H. Black, assistant dean of the College of Agriculture, West Virginia university, Morgantown, will be the speaker. Lewis R. Jones will be toastmaster. S. T. Naylor, chairman of the F. F. B. L. council, will give the welcome address and L. Bush Swisher, Morgantown, project director, will make a few remarks. Clairy Hogue will sing a solo, accompanied at the piano by Julius B. Littman.

Awarding of prizes will be in charge of Lowell Loomis and Howard C. Riggs.

During the existence of the program in Garrett county the winners have been Mr. and Mrs. Lenwood Bittinger, Mr. and Mrs. Ross Crowe, Mr. and Mrs. Hubert Friend, Mr. and Mrs. Guy S. Stanton and Mr. and Mrs. Clark Schlossnagle. The latter was also named grand sweepstakes champion in the entire program throughout a number of West Virginia counties and Garrett county, in 1952.

County Farm Bureau Is Set For Meeting

Between five and six hundred persons are expected to attend the sixteenth annual banquet and business meeting of the Garrett County Farm Bureau, Inc., this evening at Northern High school cafeteria.

Principal speaker will be Dr. Gordon Cairns, dean of the College of Agriculture, University of Maryland. Others on the program will be Marvin Callis, president; Wilbert L. Smith, Maryland Farm Bureau; Miss Ida V. Engle, president of Associated Women of the County Farm Bureau; Mrs. Inez A. Flook, president of Associated Women of Maryland; Ross Speicher, Farm Bureau agent; and R. Bowen Hardesty, county superintendent of schools.

New officers and directors are to be named and delegates selected to attend the state meeting.

Northern Loses

Northern High's soccer team lost to Beall High school of Frostburg, last Friday 3 to 0, at Frostburg. John Bond kicked a field goal in each of the first two periods. Gene Wilson added the final tally on a penalty kick in the third quarter. Glotfelty, Paul McKenzie and Don Hershberger were the best players for Northern. Others playing were Collier, Sisler, Wagner, Harman, Geary, Richter, Mazer and Ringer. Savage was a substitute.

Invite Parents To Visit School During Education Week

The Board of Education of Garrett County has extended an invitation to patrons and interested citizens to visit schools during American Education Week.

November 8-14 has been designated as this year's American Education Week by its sponsors, the National Education Association, the American Legion, the U. S. Office of Education, the National Congress of Parents and Teachers, and State Department of Education.

R. Bowen Hardesty, county superintendent of schools, said the daily topics across the country would relate to various aspects of the modern school program and to some "Moral and Spiritual Foundations," of the schools' most urgent needs, "Learning the Fundamentals," "Building the National Strength," "Preparing for Loyal Citizenship," "The School Board in Action," "Your Child's Teachers," and "Parent and Teacher Teamwork."

During American Education week more than 12 million people are expected to accept the schools' special invitation to visit classrooms and observe school work. In addition, the spotlight of public attention will be focused on the work of the schools through the press, radio, television, special programs, and many other channels of communication.

Store Is Observing 22nd Anniversary

The Half Price Store in Oakland, and the sixteen other stores of the organization are observing the 22nd anniversary of the founding of the Oakland store with a special sale of merchandise.

Because of the additional mailing for two stores recently added and the distribution in postoffices with city delivery, not previously available, The Republican office printed over 65,000 four-page circulars for the concern for this event.

The two stores recently acquired are at Harrisville and St. Marys, W. Va. Other stores besides the one at Oakland are located at Parsons, Petersburg, Moorefield, Keyser, Richwood, Franklin, Marlinton, Romney, Philippi, Kingwood, W. Va.; McConnellsburg, Meyersdale, Pa.; Hancock and Westernport, in Maryland.

Insurance Agency Sold To B. I. Gonder

Announcement of the sale of the Ridder Insurance agency on Alder street, Oakland, to Bernard I. Gonder Insurance agency, also of Oakland, was made this week. The sale became effective November 1.

Wilbert Ridder, former owner, said he would continue to represent the same insurance companies as salesman for Mr. Gonder. The latter has been in the insurance business for more than 35 years.

Mrs. Betty Trickett, who was employed in the Ridder agency for the past three years, will continue similar work with the Gonder agency.

Life Termer Dies In State Hospital

Noah Kolbfleisch, Sentenced For Murder of His Aunt in 1936, Had Been Ill 6 Months

Noah Andrew Kolbfleisch, 48, who was serving a life term in the Maryland pentitentiary for the murder of his aunt, died in the Spring Grove hospital in Catonsville, on Tuesday, November 3. He had been ill for the past six months with a heart condition.

Kolbfleisch was born on a farm near Oakland January 6, 1905, and was a son of Andrew J. Kolbfleisch and the late Ada Pysell Kolbfleisch. Surviving are his father, one sister, Miss Carrie Kolbfleisch; and one brother, James A. Kolbfleisch, all of Oakland.

Funeral services will be conducted from the home of his sister in Rosedale, west of town, this afternoon at 2 o'clock, with Rev. H. O. Teagarden, Oakland, officiating. Interment will be in Oakland cemetery.

Kolbfleisch shot to death Miss Ella Pysell, 60, sister of his deceased mother, as she was engaged in washing dishes in the kitchen of her home near McHenry, on the night of November 6, 1935. The charge was fired from a shotgun through the window. Miss Pysell died on the way to Memorial hospital in Cumberland, in the Bolden ambulance.

He was arrested a short time later and lodged in the county jail where he maintained his innocence until the night before the trial was scheduled. He had previously confessed his crime to a Baltimore detective who had been placed in jail on a supposed charge of attempted holdup and highway robbery. His confession was overheard by Clarence Spear, sheriff at the time; J. W. Owens, deputy; and Neil C. Fraley, State's attorney. Kolbfleisch then confessed the crime to his attorneys the night before his scheduled trial and the trial on April 1, 1936, consisted in merely bringing the details of the murder before the court before sentence was passed. He was taken immediately to the pentitentiary and had remained there since that time.

Hallowe'en Parade Limited By Weather

The annual Hallowe'en parade and celebration sponsored by the Mt. City Band of Oakland, was greatly limited by the weather last Thursday evening.

Rain and wind combined to make the weather extremely disagreeable. In spite of it all, from 250 to 300 persons participated in the parade and the spectators numbered perhaps a few more than that.

Participants included the Scout drum and bugle corps, the Friendsville V. F. W., and fire companies from Kingwood, Friendsville, Petersburg and Oakland. The weather kept a large number of bands and fire companies from coming to Oakland that night.

Band officials said, however, that they would clear around $500.00, which will be used to purchase additional band uniforms and take care of other regular expenses.

Around eighty prizes were distributed following the parade. A large number attended the Hallowe'en dance held Saturday night in the armory, sponsored by the Business and Professional Women's club, for the band's benefit.

Water Plentiful Again in Oakland

Water was plentiful again in Oakland this week, but it wasn't on account of any rainfall. The new well which was hooked up last Thursday has pumped about 60 gallons a minute into the lines which brought the level in the city reservoirs back to the top.

Arthur Lawton, town clerk, said the town was planning to flush out the lines today and that in another day or two would pull out the pump on the new well and continue drilling operations. The well is now down to a depth of 212 feet.

About .4 of an inch of rainfall was recorded in this area last Thursday, but the days have been mostly clear since that time, with cold nights and days moderate. October was one of the driest on record.

Mine at Kitzmiller Closed November 1

Earl No. 2 mine of the Garrett Coal corporation, closed as of November 1, it was announced by Robert Nethken, owner. The mine employed about 45 men, and had been in operation since 1940.

Nethken said the shut-down was because of the high labor costs which made the finished product unable to compete with coal from other areas.

Shoots Black Bear

Alvie DeWitt, Sang Run, succeeded in shooting a 200-lb. black bear on Monday morning on Backbone mountain in West Virginia. He was exhibiting his kill in Oakland Monday afternoon.

DeWitt was on a hunting trip with Joe McRobie and four brothers, Stephen DeWitt, Parker DeWitt, Milton DeWitt and Richard DeWitt, all of the Sang Run section, and were not far from Thomas, W. Va., toward Parsons, when they spotted the animal. He was brought to earth by a 300 Savage rifle.

There is an open season on bear in West Virginia, and the hunting season ban was lifted in that state on Monday.

This is the second bear to be shot by DeWitt, he having killed another one in 1931 at Sang Run. At that time the late W. R. Browning had the hide and head tanned. This one has been taken to Finzel to be tanned.

Golf Club Winners To Receive Trophies

Winners and runners up in the various golf club contests throughout the season, will be presented trophies at the annual banquet of the Oakland Country Club, scheduled this evening at 6 o'clock at the William-James hotel.

Presentations are to be made by Robert Forshey, chairman of the committee, with the exception of the president's cup, which will be presented personally by Earl Zepp, club president. Harold Yutzy will be the recipient.

Winners of the spring handicap are Bud Whetsell, F. D. Bittle and Mack Finnie. Club championship flight winners are: top flight, Leo Treacy; second flight, Henry Samples; third flight, Joe Sollars; fourth flight, John Reckner, Jr.; fifth flight, Bob Ault.

Neil C. Fraley will serve as toastmaster and also talk briefly on the club events of the past season. C. B. Buchanan also will give a short talk. Group singing will be led by S. R. Pagenhardt, with Mrs. Neil C. Fraley at the piano. There are over 90 reservations for the dinner.

Efforts Being Made To Hasten Bids On Hospital Wing

Efforts to have the contract for the hospital addition at Oakland awarded before the first of the year, are being made by the County Commissioners, it was announced this week.

This is being done, according to J. Edward Helbig, president, so that the successful contractor may begin gathering the required steel and other material so that construction can start early next spring.

The plans are nearing completion by Johannes and Murray, architects, of Silver Spring, but are held up at present on account of the engineering department, it was stated.

The 54-bed capacity Garrett County Memorial hospital has operated on an average of over 85 percent full capacity, and many times the place has been overcrowded with patients. Due to the urgency of the addition, the Commissioners are hopeful that advertisements asking for bids may be forthcoming in the very near future.

To Receive Wood Turner

John Jones, furniture repair man at Crellin, will receive a new wood turner on Friday afternoon through the vocational rehabilitation committee of the State Employment service.

Mr. Jones is the subject of an essay prepared through the county group for "National Employ the Physically Handicapped."

NATIONAL WINNERS—Four members of the Mountain Top Rifle club of Oakland have been named as national winners of the NRA Summer Rifle League championships. The score made to win the Maryland State League title was entered against team winners in 37 other leagues representing 22 states, the District of Columbia, and Alaska. The four fired a record score of 1598-128x on the Fairgo range in Cumberland, on October 4. A more complete story appears on this page. The team members are, left to right, Randall G. Sims, J. Merle McClintock, George L. Porter and Wilson W. White.

Miss Edna Brydon Dies While Shopping

Miss Edna Jane Brydon, aged 73, collapsed and died while shopping yesterday afternoon in the J. W. Jackson store, in Oakland. She had talked to friends just a few minutes before and declared she was "feeling fine." With her at the time of her collapse was Mrs. Wilson K. Levering, Sr. Both women had been residing at the William-James hotel, Miss Brydon for the past five years.

The deceased was a daughter of the late William Alfred and Susan Virginia Brady Brydon and was born in Bloomington. She was a retired nurse. Miss Brydon was a member of the Episcopal church.

Surviving are three brothers, William Schley Brydon, E. Richard Brydon and Howard P. Brydon, all of Washington, D. C. The latter arrived in Oakland last night, but funeral arrangements are incomplete, pending the arrival of the two other brothers.

The body is at the Bolden Funeral Home in Oakland.

Given Hearing For Accidental Shootng

The man and teen-age boy who were arrested October 21 in connection with the accidental shooting of Robert Earl Friend, 17, were given a hearing before Trial Magistrate Karol Rush, Friendsville, on Tuesday.

The man, identified as Raymond Kahl, Accident, agreed to pay the costs of having a doctor for Friend. He was specifically charged with contributing to the delinquency of a minor. The youth, whose name was not given, under a new juvenile court law, was charged with the shooting.

Friend was released from Memorial hospital in Cumberland one day last week. The bullet penetrated Friend's right arm and lodged on the left side, missing his spine and heart as it went through the body. At the hospital his physician decided not to attempt to dislodge the bullet, due to its nearness to the heart and the fact that apparently it would cause no complications. Sheriff Paul Fisher said the juvenile mistook Friend for an animal and fired a .22 calibre rifle at him. Authorities were convinced the shooting was accidental.

AAUW to Meet

Garrett Branch, American Association of University Women, will meet Monday evening, November 9, at the home of Mrs. Homer L. Bennett, Fourth street.

A social hour for prospective members will be held following the business and program sessions.

Concert Association To Present First of Series November 23

The first concert to be presented by the Garrett County Family Concerts association, will be held Monday night, November 23, at 8 o'clock, at the Southern High school cafeteria, it was announced.

The association will present Chalifoux and Wicker, a baritone and harpist in joint recital. Tivis Wicker, baritone, has been with the Broadway cast of Showboat for five years and has appeared with the Arthur Godfrey show of New York. Miss Chalifoux has toured widely and has a varied background of work with major symphonies and as a soloist.

The second of the series will be given in February, and the third and final one later in the season.

Cub Pack To Meet

The regular Oakland cub pack meeting will be held Friday evening at 7:30 in the City Hall. In addition to the regular meeting the charter will be presented by Rev. John J. Atwell and a movie will be shown.

Rifle Team Listed As National Winner

Announcement received from the National Rifle Association on Saturday listed the Mountain Top Rifle club of Oakland, as national winner of the NRA Summer Rifle League Championships.

Firing a record score of 1598-128x on the Fairgo range on October 4, the Oakland shooters, winners of the Western Maryland league, easily copped the Maryland State League title. The same score was entered against them and beat the scores fired by the team winners in 37 other leagues representing 22 states, the District of Columbia and Alaska.

The Mountain Top team will be awarded a target rifle and four gold medals by the NRA as first prizes in the national championships. As Maryland State winners the Oakland riflemen will receive a trophy and four silver medals.

The four firing members of the national championship team were J. Merle McClintock, George L. Porter, Randall G. Sims and Wilson W. White.

The Mountain Top team will be feted at the fall award dinner of the Western Maryland League November 12 at the Bowman's Addition Fire Hall.

Report Shows Amount Has Decreased Slightly Over Three-Months Period On 26 Producing Wells

Natural gas production in the Mt. Lake and Gortner areas over the past three months, ending September 30, has shown another slight decline, according to the regular report received this week by the County Commissioners from the Cumberland and Allegheny Gas company.

The company sent a check for $4,521.21 as the county's total from the seven percent tax on the marketable gas, which totaled $221.14 less than for the three months period April 1 to June 30. The breakdown of the tax showed $1,808.48 as the purchasers' proportion of the tax (2.8 percent) and $2,712.73 as the producers' proportion of the tax (4.2 percent.)

The report shows twenty-six producing wells have yielded a total of 339,614,000 cubic feet during the 90-day period, or an average of three and three-fourths million cubic feet per day. The marketable value was listed at $64,588.70. One-eighth of this amount which normally goes to the land owners would amount to $8,073.58.

The town of Mt. Lake Park will receive $157.72 as its share of the tax, while Loch Lynn does not get anything this time. The O'Donnell well, only producer left in the Loch Lynn area in the previous three months' report, is entirely missing this time. The well of the Mt. Lake Park association also is missing in this report, but a new well has been added, the Swartzentruber well, in the Gortner section, which is the second high producer on the list. Since quarterly payments began June 30, 1951, Mt. Lake Park has received $5,542.08; Loch Lynn received $1,493.81.

Another well, the first producing well in the Friendsville section, estimated at a million cubic feet per day, will probably be listed in the next report, since a pipe line has been laid from the well's location to a point in Pennsylvania, connecting with lines of the Gas company.

Of the twenty-six wells listed, the biggest producer still is the N. K. Welch well, which showed 61,239,000 for the period with a marketable value of $11,558.80. This is seven million less than for the previous three months' period. The Swartzentruber well showed a capacity of 43,067,000, with a marketable value of $8,247.80. Next largest wells were the Jasper Riley well and the Harry Rice well, with totals of 32,833,000 and 32,438,000. The gas production from each well is shown in the accompanying tabulation.

Total Figures Given

Since the first check for the tax on the marketable gas was received by the Commissioners in July of 1951, the county's governing body has received $94,258.06. The first check was the largest, totaling $17,344.27. Each succeeding check has been less, but the first four still remained about $11,000. Since June, 1952, the figure dropped to $7,730.58, with less and less each succeeding report.

The checks at the various quarter endings total as follows: June 30, 1951, $17,344.27; September 30, 1951, $16,060.42; December 31, 1951, $13,143.82; March 31, 1952, $11,651.73; June 30, 1952, $7,730.58; September 30, 1952, $7,608.88; December 31, 1952, $5,960.97; March 31, 1953, $5,490.53; June 30, 1953, $4,742.65; September 30, 1953, $4,521.21.

Rev. Ralph Robinson Heads Church Group

Rev. Dr. Ralph C. Robinson, pastor of St. Paul's Lutheran church at Spring Grove, Pa., was elected president of the newly formed York conference of the Central Pennsylvania Lutheran synod.

Encompassing forty-seven-pastoral charges and eighty-one congregations in the county, the conference was organized at a meeting recently at St. Paul's church. The county churches formerly were members of the West Penn conference, dissolved this month under a reorganization plan.

Rev. Robinson is a son of Mrs. J. G. Robinson, Oak street, Oakland.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Threats And Smears

Recently, the press has been full of more or less poisonous political propaganda from the leaders of various voting classes and groups in various parts of the country. Most of this is directed at the Eisenhower Administration. Certainly, it is true the anti-Eisenhower agents have been beating the drums so fiercely that the undiscerning easily could believe that everything had gone to pieces in Washington, that the President and his aides are wringing their hands in dismay.

—o—

There is not a trace of truth in this idea. Neither the President nor anyone close to him seems deeply disturbed —or even greatly annoyed—by the uproar. Most of them appear perfectly clear as to who and what are behind it. They do not like the noise but they are rather serenely confident things will work out all right. The basis of this serenity is the easily demonstrated falsity of the charges. Most of these emanate from two sources: (1) the Democratic National Committee publicity department, guided and directed by that complacent young partisan, Chairman Stephen Mitchell; (2) the publicity bureaus of the two big voting groups—labor unions and farmers—to which the Democratic party has been wholly subservient for the last two decades. And still is.

—o—

So far as the farmers are concerned, there is no doubt that they are sorely afflicted by the drought and the falling prices. But it is utterly unreasonable to blame Mr. Eisenhower for the drought and it is fully provable that the falling prices occurred in the last two years of the Truman Administration—and are now "leveling off." The Eisenhower farm program will not be presented until Congress meets in January and it will be the product of the best agricultural brains in the country. Of course, it will not please everybody but it is sure to have strong farmer support and will demonstrate the completely non-political sincerity of the President and his Secretary of Agriculture.

—o—

In brief, the exceedingly vocal critics of Administration farm policy do not yet know what they have to criticize. The farm organization which sponsored the cattlemen who came to Washington last week is recognized as the most radical and least influential of all. More or less it adhers to the CIO and the so-called Americans for Democratic Action, both of which were strongly anti-Eisenhower last year. Its spokesmen vaguely bellyached about the troubles of the farmers, but were entirely without concrete recommendations. In the meantime, the Democrats and their collaborating columnists, in the hope that a vulnerable spot has been found in the Administration's armor, continue to yelp for the resignation of Mr. Benson. Theirs is a futile performance.

—o—

As for the labor bosses, supported by their elaborate, expensive and effective publicity machines, they literally exude threats all over the place. One proclaims that unless Congress quickly acts to repeal the Taft-Hartley Act, labor will be compelled to start an American Labor party. Others assert that labor has lost all confidence in President Eisenhower, who has formed a government of millionaires and is selling us out to the Power Trust, Wall Street, etc., etc. Still others say that "Ike" has broken his word, gone back on his promises and is surrounded by selfish and sinister persons. All this may sound pretty awful—particularly as there comes no reply from either General Ike or his aides. There is, these say, no sense in replying to such stuff or to such people—and no way to do so anyhow.

—o—

It has been urged that the somewhat lethargic (publicity wise) Republican Committee should take hold of these jeers and smears and find some way to answer them. That is its job, say the more sensitive Eisenhower men who fear that the constant misrepresentations of labor's "literary platoons" will mislead a lot of well-disposed persons. To that the answer seems to be that in the last campaign Mr. Eisenhower had the full power of the labor bosses arrayed against him.

—o—

They poured out anti-Eisenhower publicity, spent large sums of money, used every ounce of weight they had—and were overwhelmingly defeated. With the post-election exposures of corruption and racketeering in the labor hierarchy it is ridiculous to believe their political power has increased. The way to treat these bombastic and belligerent threats is to refuse to be either alarmed or annoyed. Certainly, the threat of an "American Labor party" is too absurd to discuss. For one thing, it could not really get started. For another, if it should get started, it would hurt the Democratic party, to which the labor bosses are firmly attached, far more than the other. The suggestion is an example of the hollowness of the labor bluff.

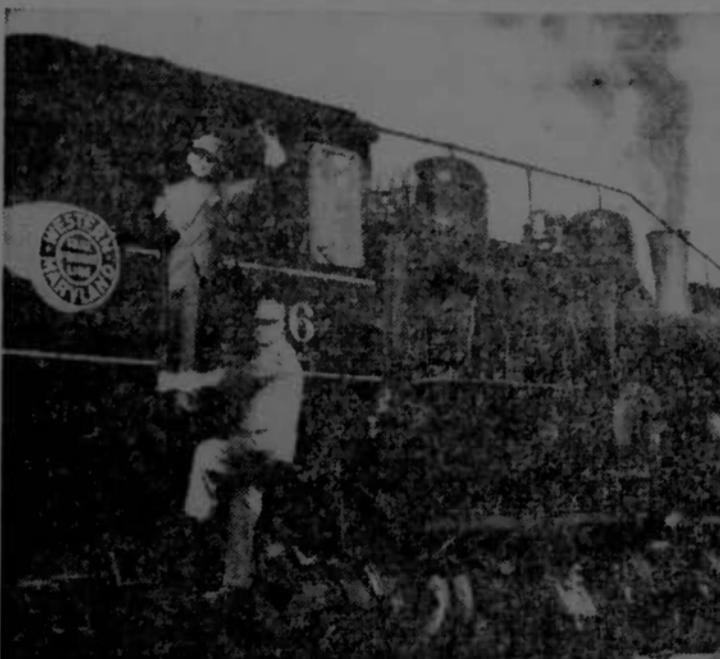
IRON MULE JOINS IRON HORSE



W. Arthur Grotz, president of Western Maryland Railway Company, waves from the cab and Howard E. Simpson, president of the B. & O. climbs the ladder into the historic Shay locomotive which was presented to the B. & O. for its museum in Baltimore. Referred to us the "Iron Mule," the Shay, used in coal mining operations in Maryland and West Virginia, has vertical cylinders and gears on the right side, its boiler off center to the left, so that it could turn 40 degree curves if necessary. Very few Shays are left. (Picture, Western Maryland Railway Photo.)

JUST SKIRMISHES . . .

We believe these Democratic and New Deal minded writers are stretching their imaginations considerably over these recent elections.

What if Democrats do win in New York, Virginia, and even in New Jersey. There's about as much logic to some of their assertions as it is to say a Democratic victory in Louisiana or Georgia is seen as a rebuff to President Eisenhower.

There hasn't been a Republican mayor in New York for years, maybe never was. There never has been a Republican governor of Virginia, and the Republican candidate this time gave his opponent a harder fight than anyone else ever did. New Jersey has been on the fence in politics for sometime.

Republican or Democrat, the people are inclined at some time or other to vote for the man—not the party. And to say the election of every Democrat is a slap at President Eisenhower, is a lot of political hogwash.

Leave it to President Eisenhower to have the right word. He says he has "lost skirmishes before."

LISTEN AMERICANS!

. . . by George S. Benson

President of Harding College

A great many of our people, in and out of school, are not consciously aware of the assets and liabilities on the American balance sheet. They are not informed on the elements that go to make up the American way of life, nor on the forces at work within our nation plotting its downfall.

This lack of awareness renders millions of Americans vulnerable to the cunning propaganda of the Communists and Socialists who, by shrewd methods, seek to wean our people away from, and even turn them against the basic American principles, one by one.

The Fifth Column in America hasn't been seriously injured. The U. S. Senate's internal Security Committee warns the nation that it hasn't even been thoroughly exposed. Its prime objective, according to the best authorities, is to undermine our people's faith in the economic and political principles which have given our nation its strength, its productive might, its unmatched standard of living. To accomplish this, Communists have infiltrated government, religion, education, labor, literature, entertainment, and communications. This threat, cleverly disguised, is a greater danger, a greater liability even than Russia's military might. Our eyes are open to the military threat; they are only half-open to the internal undermining.

The national debt of $272,000,000,000 is a serious liability. So is the huge government bureaucracy that has grown up haphazardly and now takes a big share of the federal tax load which totals 25 per cent of the national income. The debt constitutes a mortgage of about $6,800 on the present worth and future earning power of every family in America. And the taxes, 25 to 92 per cent, are taking from our private citizens the ability and incentive to invest in new or expanding enterprise. And if private citizens don't, the government will declare that it must—and we'll have Socialism.

There are other liabilities but the foregoing are the most dangerous. How can we everyday citizens cope with them? By understanding the American way of life, and Communism and Socialism; by understanding propaganda techniques; by taking an interest in our public and private schools and colleges; by becoming active in government; by striving constantly for spiritual growth so that faith in God is our anchorage and service to our fellow man our goal; and, finally, by dedicating a part of our everyday life to bringing these citizenship requirements to the attention of everybody we can reach.

Mrs. Ellwood Sanders will be the bride's matron of honor, while Miss Gloria Jones and Miss Barbara Jones, Baltimore, are to be their cousin's bridesmaids. Hugh Maffett, Oakland, is serving as his brother's best man. Ellwood Sanders and Owen Barncord will be ushers.

Mr. and Mrs. Hugh R. Maffett, Sr., will be among the guests at the party tomorrow evening.

School Problems Are Discussed By P.-T. A.

A large number of parents and teachers attended the second P.-T. A. meeting at the Oakland Elementary school on Monday night.

Featured was a panel discussion with parents submitting questions to a panel of parents and teachers for discussion. Fred Tichnell, program chairman, presided.

All questions dealt with school conditions, work conditions for the student. C. W. Englander, president, said those present seemed much interested in this type of program and the program committee, headed by Mrs. Robert Hoffman, plans more of these for ensuing months.

After the discussion period a colored movie of the May Day program held at the playground last May, was shown.

Refreshments were served by 5th grade mothers in the school cafeteria after the meeting. Miss Pat Friend's room won the attendance prize. The next regular meeting will be held January 4, with the December meeting being eliminated.

Mr. Englander announced that the Oakland Elementary P.-T. A. would be represented at the P.-T. A. conference in Baltimore November 12 and 13. Planning to attend are Mr. and Mrs. C. W. Englander, Mrs. Robert T. Hoffman. The conference is open to all members of the P.-T. A. and is being held to discuss problems of schools and educational methods.

Local Civic Club To Sponsor Program On Civilian Defense

A meeting to further public interest in the Civil Defense program is being sponsored by the Civic club of Oakland.

Mrs. George Deacon, civil defense chairman for the club, said the meeting would be held Tuesday, November 24, at 8 p. m., at the fire hall in Oakland. The meeting is open to all persons interested in the program.

Col. Arthur L. Shreve, veteran of World War II, one of the survivors of the Bataan death march in the Philippines, at present deputy director of the Maryland Civil Defense program, will be the speaker. Col. Shreve was a prisoner of the Japanese for four years. He is a native of Baltimore.

CARD OF THANKS

We are deeply grateful and appreciative for the kindness and helpfulness of our friends and neighbors during the illness and following the death of our husband and father, the late Clarence F. Kolb.

We also want to express our thanks to all who gave flowers and contributed the use of their automobiles for the funeral service.

Wife and Sons.

—Adv. 1t.

CARD OF THANKS

We wish to thank the good friends and neighbors who have been so kind to us during the illness and following the death of our dear wife and mother, Emma Virginia Wilson. May God bless all of you who have done the many things which have made our loss easier to bear.

Thomas Wilson and Family

—Adv. 36-1t.

IN MEMORIAM

One year ago today dear Mom
You and I stood on the highest
 point in West Virginia
Admiring the beauty of God's forest.
You know you said "Just look how
 the leaves let go of life.
To be devoured by the forest fire"
Which we could see five in number.
Little did we think then, dear Mom,
That in one short day you, too,
Would let go of that thread of life
And leave me.
Dear Mom, many are the times
I have spent sleepless nights.
The road has been very lonely
Since you went away.
Dear Mom, you were so helpful,
So good, so true.
No wonder God took one so good
 as you.
Deep in my heart you are living
 yet.
I loved you too much to ever forget.

Sadly missed by
A. W. FIKE
Eglon, W. Va.

Cooking With Honey

When you eat honey, you're not only enjoying one of nature's treats, but you're also helping to assure the country of continued supplies of 50 or more important crops that depend almost entirely on the honeybee for pollination.

Not only that, honey is an energy producing food, says Janet Coblentz, University of Maryland Extension Service. And measure for measure, honey contains more energy value than sugar because it is heavier. One and one-half tablespoons of honey furnish approximately 100 calories.

Miss Coblentz suggests that you use honey, measure for measure, in place of sugar in preparing puddings, custards, pie fillings, baked apples, candied and "sweet-sour" vegetables, salad dressings and cinnamon toast. Honey, brushed or drizzled on ham during the last half-hour of baking, adds flavor and gives a golden glaze.

Cakes and cookies made from honey remain moist in storage. Some improve in flavor when aged a few days. Crisp cookies, however, are likely to lose crispness on standing. Some honey candies and frostings may stay too soft in humid weather.

For cakes and cookies made with honey, you'll get best results if you use recipes developed especially with honey as an ingredient. However, you can use honey for part of the sugar in other recipes.

For example, in cakes honey can replace as much as one-half of the sugar without making it necessary to change the proportion of other ingredients.

In cookies, the amount of honey that can replace the sugar varies with the type of cookies. For gingersnaps replace no more than one-third of the sugar with honey. For brownies, honey may be used for half of the sugar, and for fruit bars, up to two thirds of the sugar.

Spray As You Clean

Stage your campaign against destructive household insects as you go about your fall house cleaning.

With careful spraying you may save many a dollar on the woolens and fur garments that are now taking their places in clothes closets and dresser drawers, says entomologist T. L. Bissell, University of Maryland Extension Service.

Because today's homes are so well heated, moths and carpet beetles thrive in the winter as well as in warm weather. And their damage isn't confined to clothing. Carpets, upholstered furniture and draperies—anything that contains wool—can be subject to attack.

As you clean each room in your home, use a spray containing at least one-half of one per cent lindane. Or mix your own spray, using 4 tablespoons of 10 per cent lindane to one quart of water.

Apply lindane by hand-spray to the inside surfaces of drawers, boxes, trunks, or wherever clothing is stored. Give special attention to baseboards and closets where the pests are most likely to be found. Lindane can also be sprayed lightly upon clothing. Use this material for spraying the underside of rugs or carpets to prevent damage by carpet beetles.

You'll also find lindane spray helpful in ridding your house of silverfish which often causes serious damage to rayons and cottons.

OAK and SECOND OAKLAND, MD.

For a real bargain— get a real truck!

SURE, you can save a few dollars now on a truck price-tagged slightly less than a GMC. But if you want a bargain that will still be a bargain after years of hard truck-work, ask these questions *before* you buy:

Does the truck give you a GMC's 105 H.P.? That's up to 19% *more* power than comparable sixes. It hustles a GMC's top loads up tough pulls—without engine strain.

Does it have a GMC's 8.0 to 1 super-high-compression? That gives you quicker getaways—more drive—better mileage. All on regular gas.

Does it offer a GMC's engine- and driver-sparing Truck Hydra-Matic*? With it, you say good-bye to gearshift wrestling. No more clutch repairs. Maintenance costs shrink.

Does it have the extra protection of a GMC's self-energizing brakes? The extra comfort of a GMC's "Six-Footer" cab? The handling ease of a GMC's ball-bearing steering action?

If all the answers are "yes," you have a *real* bargain—a GMC. And there are 19 handsome ½- to 1-ton models to choose from. How can you lose?

**Standard equipment on Package Delivery chassis; optional at moderate extra cost on all others.*

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Another Hoover Drive

The inevitable end of a form of government based on universal, unrestricted suffrage for many millions of people is chaos. This penetrating comment on the United States was made more than a hundred years ago by a great French writer—de Toqueville. The reasoning behind his conclusion is clear.

—o—

For one thing, the greater the voting population the greater the power of the ignorant and prejudiced. As the country grows, the intelligent and informed voters become more and more in the minority. This situation encourages and offers opportunity for the shallow demagogues to take over control. Thus, the governmental machinery is extravagantly expanded, bureaus and commissions pile up, duplication, waste and confusion follow. And nothing can be done about it because any effort to eliminate the ignorant voters must be submitted to and approved by the ignorant voters themselves, which naturally renders the effort futile. Eventually the governmental machine must bog down of its own weight.

—o—

Considering the vast size of our Federal bureaucracy, and the huge expenditures entailed, few informed persons will argue that we have not been rapidly approaching chaos in the last two decades. Nor will many dispute that, unchecked, we very soon would be going over the brink. This being so, it seems worth while to recite again the facts about the progress made by the only agency which, from the beginning, has made a serious effort to check the upward trend, to restore order and sense in the governmental structure and reduce it to manageable proportions. This, of course, is the Hoover Commission on the Reorganization of the Executive Branch of the Government.

—o—

Last week the Citizens Committee for the Hoover Report, a private, non-profit, nonpartisan group formed to build up public interest in and to support the recommendations of the Hoover Commission, of which ex-President Herbert Hoover is chairman, made public the final survey of its work for the last three years. This shows that 72 per cent of the commission's recommendations for more efficient and economic administration have been wholly or partly put into effect. When allowance is made for the inherent congressional resistance to the abolition or consolidation of any bureau or commission, this is really a tremendous achievement.

—o—

Of the 273 specific proposals made by the commission, 116 (or 43 per cent) have been completely adopted, 35 "mostly" adopted and 45 "partly" adopted. The contention of the committee is that when the reforms already adopted are functioning fully they will effect an annual saving of $4,000,000,000. This does not take into account the intangible gains from greater efficiency. Nor does it allow for the Hoover recommendations that have thus far failed but to enact which a very determined drive, supported by President Eisenhower, will be made at the next session of Congress. Mr. Clarence Francis, of New York, has just been elected chairman of the Citizens Committee. Among the unadopted recommendations are reorganization of the postal service so as to eliminate politics, reorganization of the Veterans Administration, reorganization of the Federal medical services and of the agencies dealing with natural resources and public lands.

—o—

In addition, a new Hoover Commission has been established with an even broader field than the old one had. Mr. Hoover is again at the head of the Commission and its nonpartisan character has been preserved. The new Hoover Commission will be better equipped by experience than the old one and it is reasonable to expect fully as good if not better performance. The outlook is made especially promising by the selection of Mr. John B. Hollister, of Cincinnati, as its practical director in Washington.

—o—

Mr. Hollister succeeded the late Nicholas Longworth in the House of Representatives and served several terms with ability and distinction. He has many friends in both House and Senate and knows legislative procedure as well as any man in the country. With a wide acquaintance in and out of Congress, he is popular, well informed and competent. The political resistance in the Senate to the unadopted Hoover recommendations will be more stubborn than before, and it will take a strong favoring public sentiment to get action. The big reason people generally should get behind this second Hoover drive is that it is clearly the last chance to restore orderly government and avert chaos. Also, the last chance to prove old de Toqueville wrong.

—o—

King Paul of Greece said the U. S. had given Europe the spiritual leadership it needed to save itself from postwar collapse.

Tart-Sweet Way To Start The Day

Fall is the time for cheers, and plenty of them are in praise of the first fine fresh Florida fruit now coming into local markets. Golden grapefruit globes, chockful of tangy flavor, for breakfast halves, thin-skinned juicy oranges perfect for reaming. For the sweet-tooth members of the family, set out the honey jar along with the rest of your tasty breakfast. Here we've a Florida grapefruit half for the waker-upper fruit, Canadian bacon and scrambled eggs, and a wonderful hot bread, Florida Orange Honey Muffins.

Florida Orange Honey Muffins

2 cups sifted all-purpose flour
3 teaspoons baking powder
½ teaspoon salt
2 tablespoons honey
1 egg, slightly beaten
1 cup milk
¼ cup melted shortening
Florida orange sections
2 tablespoons sugar

Sift together flour, baking powder and salt. Combine honey, egg, milk and shortening and add all at once to flour mixture; stir only until all the flour is dampened. Fill greased 2½-inch muffin pans ⅔ full. Press an orange section into the top of each and sprinkle with the 2 tablespoons sugar. Bake in a hot oven (400°F.) 20 to 25 minutes.
YIELD: 10 to 12 muffins.

AURORA - EGLON

Funeral rites were conducted Sunday afternoon at the home of Mr. and Mrs. Carl Lewis, of near Eglon, for Mrs. Baker, mother of Mrs. Lewis. Burial was made near Terra Alta.

Brook Stemple, of near Aurora, and Roy Bowman, of Red House, were both seriously injured Tuesday while working on a 4-H camp near Bruceton. Mr. Stemple was taken to a Morgantown hospital and Mr. Bowman to the Garrett County Memorial hospital for treatment.

The Eglon P.-T. A. will sponsor a festival at the school house Saturday evening, November 7. The proceeds will be used to purchase chairs for the dining room and if any balance is left it will go toward a deep freeze for the school.

James Burroughs, who had been serving in Africa for some time, arrived last week at the home of his parents-in-law, Mr. and Mrs. Russell Feather, at Eglon, where his wife and two small daughters have resided since his leaving.

Hubert Helmick, who has been in service for some time, has received a discharge and is now at the home of his parents, Mr. and Mrs. Charles Helmick, of Cash Valley.

Joseph Spaid and Jack Fike, accompanied by two friends, all students at Bridgewater College, spent the week-end at their respective homes in this area.

Mr. and Mrs. Melvin Harsh and daughter, of near Eglon, spent the week-end with relatives in Washington.

Aldon Wilt is spending a furlough at the home of his parents, Mr. and Mrs. Lester Wilt, of near Eglon.

Sunday guests at the home of his parents, Mr. and Mrs. Lester Wilt, of near Eglon

Sunday guests at the home of Mr. and Mrs. Homer Fike, of Cash Valley, were Mr. and Mrs. Homer Rembold of Springs, Pa. and Mr. and Mrs. William Ashby of Baltimore.

Amelius Fike, 89, is ill at his home in Cash Valley. Mrs. Lucinda Biser is remaining in the home and helping care for him. Rev. and Mrs. Emra Fike and Adolphus Fike, all of Terra Alta, visited in the home on Wednesday.

Word was received here of the death on Wednesday night of Mrs. Anna Hauser, who had been a patient in a Parsons hospital for several days. She is the mother of Joseph Conn, of near Aurora, and the widow of the late Ben Hauser, of Stemple Ridge.

Mrs. Ruth Shaffer, who was seriously ill and a medical patient in the Meyers Clinic, Philippi, W. Va., has returned to her home in Eglon and is improving. Mrs. Charles Currance, of Parsons, spent some time recently visiting her parents, Mr. and Mrs. Arthur Abernathy of Eglon and while there visited her sister, Mrs. Shaffer, and Dr. H. C. Miller in the Meyers Clinic hospital.

Mr. and Mrs. Otis E. Sell and daughters Shirley and Sandra, of Philippi, W. Va., visited Mrs. Shaffer and the Abernathys on Sunday.

Seeks Custodial Laborer

The Oakland postoffice is seeking a custodial laborer, to take the place of James Canty, who held that position until his death several weeks ago.

The position, which pays $2,870 a year, as a basic salary for 40 hours weekly, is restricted to persons entitled to veteran preference. Extra is paid for night work.

The announcement is made by the regional director of the Fourth United States Civil Service region. Further information may be obtained at the postoffice.

Deliveries of milk were resumed in New York after a six-day tie-up.

Governor McKeldin named R. Brooke Maxwell, landscape architect to Commission of Forests and Parks.

Panama celebrated the fiftieth anniversary of independence November 3.

IN MEMORIAM

In loving remembrance of my dear husband, Roy Cleveland Beckman, who departed one year ago, November 4, 1952.

My kind and loving husband,
I think of you today,
And recall the happy hours,
E're the day you passed away.
Never shall your memory fade,
And although I miss you so,
I am waiting 'til I also
Leave the world of strife and woe.
Gone, dear husband, gone forever,
How I miss your smiling face.
But you left me to remember,
None on earth can take your place.
A happy home you the children and I once enjoyed.
How sweet the memory still,
But death has left a loneliness
The world can never fill.

Sadly missed by his wife, Mrs. Roy C. Beckman, and children.

KILLS COYOTE—Eugene Savage, of Friendsville, killed a coyote on a hunting jaunt to Miller, Nebraska, a few days ago. Coyotes are considered very destructive animals by midwesterners, who are glad to get rid of all they can. They are smaller than a timber wolfe, but about the size of a German police dog. Savage and his father, Leslie Savage, Friendsville, and Robert Savage, Baltimore, a brother, took the trip to Nebraska to hunt ringneck pheasants. The kill was made north of Miller, Neb., near the Loupe river. Eugene is on the left, while to the right is Charles Stubbs, of Miller. The Savages returned home last Thursday night.

It Runs Through My Mind

By POLLY J. HANST

As the Parade Went By

We all see different things when we watch a parade. Last week when I rushed up to the grammar school to watch the parade, I did so to get a look at the children. They have so much enthusiasm for this occasion and love to live in the land of make believe behind some gruesome mask.

I found myself chuckling—not at the youngsters, but at the teachers. They were as varied in their moods as life itself. Some went walking along looking as if they had but one motive—keeping the children in line. Others had expressions of "Let's get this over with." One moved with her head was out in front and her whole body said, "There's work to be done when we get through with this."

Then there were others who really made me chuckle. They were having a wonderful time, getting a huge kick out of every wild thing they herded up the street. Their faces were gay, they walked with a spirit that said, "Today is Hallowe'en. It's a day for clowning, it's a day for fun and I'm enjoying it." Lucky kids!

—o—

Doting Uncles and Aunts

For years I've realized that the luckiest children on earth are those who have doting uncles and aunts—especially if there are no grandparents to fill that particular spot.

There's been a couple in this town that I've enjoyed thoroughly watching out of the corner of my eye ever since life took on a new interest for them. They are Mr. and Mrs. Bill McRobie.

Since little "Tobey" Ashby has been old enough to open her eyes, her uncle and aunt have acted like something wonderful had come into their lives.

This past week I learned something else about Bill and Esperance. For years they have been entertaining youngsters with Hallowe'en parties—mostly friends of the Hardesty children living next door.

Now, of course, they include friends of little Tobey as well as those of Carol Sue Hardesty—and lots more too. Every child who comes to their door trick or treating is invited back to their party.

This past Friday about 80 children came to their basement recreation room which was beautifully decorated and every detail for an entertaining party well worked out. One onlooker said it was a better show than watching the parade.

Mrs. McRobie had no idea who her guests were until the end, when the game, "Guess Who," was played and each child unmasked.

—o—

Popularity Measuring Stick

If by any chance the measure of popularity of the individual depended upon the number of children who came to one's door Hallowe'en week, Mrs. Erval Ream would probably head the list. One night she had 18, another, 53.

She had returned home late from a teachers' meeting with little on hand to give out. So she started the fudge kettle and kept it going. Sometimes she'd have to say, "Just a minute, the fudge will soon be ready."

I keep thinking, wouldn't women like Mrs. Ream and Mrs. McRobie have made terrific mothers—but then they're probably making a greater contribution to society in the roles they are playing. Most any of us can have the children, but how few there are who would go all out in helping other people's children get fun out of life.

Forest Fire Danger Again Is Increasing

Cold winds and continued lack of rain pushed the forest fire danger up another notch yesterday as foresters and firemen brought several blazes under control in Western Maryland. Only one fire occurred, however, in Garrett county, when a blaze burned one and one-fourth acres in the Mt. Nebo tract of the Swallow Falls State forest north of Oakland.

There was also a fire on Saturday at Meadow Mountain, but only a small area was burned. There were no fires in this county on Sunday.

A blaze in Hampshire county, W. Va., destroyed 100 acres of timberland on Saturday, south of Romney.

Carl J. Johnson, conservation director of West Virginia, again closed West Virginia woodlands to all persons and suspended hunting last night. His decision came as forest fires in the state continued to mount.

Beall High Takes Southern High 3-1

Two field goals in the third quarter were the margin of difference as Beall High's soccer team of Frostburg defeated Southern High of Oakland at Frostburg yesterday, 3 to 1.

Oakland's Toby Colaw was credited with Southern's goal in the final quarter. The account said a Beall player accidentally booted the ball which went through the uprights for the score. Beall scored in the first period and third period.

Charles Mason and Karl Holtschneider, in addition to Toby Colaw, played best for Southern.

Seniors To Get Tests

Seniors at Northern and Southern High schools, who have not decided on a career, will be given state aptitude tests through the State Employment service, the middle of November, it was announced.

The tests will assist in determining for what the students are best fitted. Personnel from the Cumberland and Hagerstown Employment offices will conduct the tests. They will be given to 73 seniors at Northern High on November 16, and 65 students at Southern high, on November 17.

—o—

A Senate subcommittee was organized for a coast to coast probe of juvenile delinquency.

Magazine Campaign Ends At Southern

The school magazine campaign at Southern High school was recently concluded. The goal was $3,000 but only $2,231.99 was realized. Gladys Harsh was the campaign manager with Rosalie White as assistant. Winners in the campaign were Roberta Sanders and Bowen Hardesty, Jr.

F. F. A. Banquet Held

The annual banquet for the Future Farmers of America was held last Friday evening in the school cafeteria. Senior home economics girls prepared the food and sophomore and junior girls from the same department served the meal.

Speaker was Richard Whetsell, Kingwood High school vocational agriculture student, who won the state F. F. A. public speaking contest, and who placed high in the national contest.

Steam Power Ends For Portion of B & O

Railroad history was made on the B. and O. Monday. That day marked the complete dieselization for freight and passenger services between Cumberland and Jersey City, N. J. The rail distance is 369.5.

The retirement of the steam power in that area is in keeping with the modernization program of the railroad. The discontinuance was made possible by the delivery of eight new diesel passenger units and seven all-purpose diesel locomotives.

The new equipment is part of a total of 47 new diesel units in the B. and O.'s current order for equipment of this type. All of these new diesels will be delivered to the railroad by February, 1954. Completion of the order will give the B. and O. a total of 818 diesel units on its lines.

SWANTON

Carolyn O'Brien was invested into Girl Scout troop No. 11, at a meeting at Piedmont on October 26. Linda Lee Teets and Evelyn Warnick received their second class badges.

November 2 the troop met and decided to make Christmas wreaths again this year to raise money. A savings plan is being set up by the troop to help girls to save money for scout trips and camp. A safety movie was presented showing danger of blasting caps. Girl scout calendars are now being sold by the members.

News
From The
Ruth Enlow Library
By EDITH BROCK

Mrs. Roy M. Harvey has given several books to the library in memory of Mrs. John Renninger, Sr., and in memory of Mrs. Leah McComas. Mrs. Emory Bolden has donated a group of books.

Ernest G. Guegy, of Port Jervis, N. Y., has prepared an exhibit for the Garrett County Historical Society illustrating an incident of the gold rush days. Mr. Guegy's uncle, John Guegy, was one of a group of Garrett County men who set out in 1900 for the Alaskan gold fields. The story of this expedition is included in the display, together with a picture and samples of the gold nuggets and gold-bearing sand brought back by John Guegy.

Since the completion of the Historical Society's exhibit case in June, several people have given or lent objects of interest for display. Mrs. Ralph Weber, Mrs. James Treacy, Sr., and Mr. E. Herbert Shaffer have lent a number of antiques during the summer. Mrs. E. Z. Tower has recently given to the Society General George Crook's wallet, which he had presented to Mr. E. Z. Tower.

Dr. Howard's class from Frostburg State Teachers' College recently visited the library to see the Garrett County Historical Society collection.

Mrs. Kenneth Lawton will be in charge of story hour on Saturday morning.

Down the Line
with Johnny Bell

← The big job goes on

American farmers have more and better telephone service than those of any other country. The Bell companies, along with independent telephone companies, have added 2¼ million telephones in rural areas since World War II. Improved methods of construction and service have kept pace with advances in farm practices. Each year more rural customers have had fewer parties on the line with them. And more have "lift the receiver" service and improved type ringing where they do not hear rings for all others on the line.

An old saying with a new twist →

You've heard the expression, "Life is what you make it!" Change that around a little, and it applies pretty well to party-line telephone service, which is just about what you make it. It's certainly more satisfying and useful to all on the line, when everybody shares the service considerately and fairly. That's nothing more than good, old-fashioned courtesy. And, we might add, it's old-fashioned horse sense, too.

November is a good month to—

Count your blessings—but first go to the polls to help guarantee their continuation. . . . Start breeding dairy cows and heifers for freshening next fall. . . . Apply peach leaf curl spray. . . . Make sure stoves and furnaces are safe for heavy winter firing. . . . Put farm implements in good shape before winter storage. . . . Fill radiator with permanent anti-freeze. . . . Give laying hens 13 hours of light with the aid of electric lamps. . . . Frost-proof exposed water pipes with heating cable or tape. . . . Make winter quarters comfortable for stock.

LOOK WHERE I AM!

Kittens turn up in the oddest places. It's no wonder—for a kitten will try anything once. And sooner or later curiosity kills many a cat!

Some *people* have a penchant for trying anything once. Occasionally it leads them to the pinnacles of success. More often it leaves them in the depths of despair.

Neither curiosity nor daring is the highroad to happiness. Life's richest rewards are for those who choose paths tried and true . . . who seek goals which the greatest were bold to attain.

No surer paths have ever been trod than the "paths of righteousness" of which the Psalmist spoke. No higher goals were ever achieved than those Jesus Christ made his own.

The Church points the highroad to happiness for men who are willing to try Christ's Way . . . not once . . . BUT ALWAYS!

HOLY BIBLE

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Give Account of Trip To Alaska

Mr. and Mrs. Harry C. Edwards, rantsville, recently returned from n extensive seven weeks automobile r of Alaska, western Canada d many points of interest in estern United States. While in laska, the Edwards visited Circle, cated on the Yukon River near e Arctic circle, the northern-most ace on American Continent-connected highway system; Circle Hot prings, location of the famous hot rings which maintain a constant ar-round temperature of 139 de- ees F.; Livengood, a ghost town the heart of a former gold min- g region; Fairbanks, the "Golden eart" metropolis of the interior d terminus of the Alaska high- ay; near Fairbanks, the Uni- ersity of Alaska, (the northern ost institution of higher educa- n in the world) with interesting museum of Arctic lore; Fairbanks began as a prospectors' gold camp in 1902; Anchorage, Alaska's largest city and called the "Hub City" and "Crossroads of the World" founded in 1914; Homer, called the "Shangri-la of Alaska", located on Kachemak Bay off Cook Inlet; Palmer, a trade center for the 2000 farmers and miners living in the "Matanuska Valley."

From Glacier National Park, Montana, the Edwards crossed the border into Alberta, Canada, continuing through to Dawson Creek, British Columbia, Canada, the beginning of the Alaska Highway which traverses British Columbia, Yukon Territory to the Alaskan border. Returning from Dawson Creek they drove west, then south to Prince George, continuing southward through the beautiful Okanogan valley into Wenatchee, Washington, the Apple Capital of the world. From Wenatchee, the next point was Grand Coulee Dam, thence south through Oregon, to Reno, Nevada, to historical and picturesque Death Valley in western California, to Las Vegas, Nev.; the famous Hoover Dam near Boulder City, Grand Canyon National Park, and on through the petrified forests and Painted Desert in Arizona. Continuing east they visited the Home and Hide-Out of the Famous Dalton Gang, at Mead, Kansas, and at Greenburg, Kansas, viewed and inspected the world's largest hand dug well. Tired of sight seeing and getting anxious to be back home before Hallowe'en, they headed east by way of Jefferson City, St. Louis, Mo., via U. S. Route 40 to Grantsville, the best town on the map, they said. The couple traveled a distance of 13,205 miles.

LOCH LYNN

School Activities

Winners of the Hallowe'en parade were: Alona Barnette, prettiest; Larry Iden, funniest face, in Mrs. McConas' room; Etta Lou Harvey, prettiest and Tommy Hardesty, ugliest, in Mrs. Teets' room; Rose Marie Steadman, prettiest, Ricky McManus, ugliest, in Mrs. Blake's room; Barbara Jo Rice, prettiest, and Carol Jean Campbell, funniest, in Mr. Barnette's room. Due to the weather the parade was held in each room. Judges were Veryl Weimer and George Perrine.

A Hallowe'en festival was held Friday night, with cake walks and games and refreshments.

Fire Prevention Will Be Stressed

A discussion on how to bring the seriousness of fire and means of its prevention more forcibly to the public featured a meeting of the Allegany-Garrett County Volunteer Firemen's association at Bloomington last week-end. Members of 17 companies attended.

A committee of five was appointed to make plans for a program of fire prevention activities which will be presented at the next annual convention of the group, to be held at Friendsville next June. George Comp, Deer Park, was the only Garrett county member of the committee. It was suggested that firemen have representatives attend P.-T.A. meetings and Homemaker club meetings to discuss fire prevention and to stress that it was not just a one-week affair but a twelve-months a year job. Firemen said there was a lack of public interest in fire prevention week, held October 4 to 10.

The committee for the state convention met to make plans for bringing the convention to Western Maryland in 1955. The group made plans for its chairman, Cromwell Zembower, to appear before the state association executive meeting in Reisterstown on November 15 to present plans and preparations of the Western Maryland group to hold the convention in this area.

DEER PARK

Club Sponsors Parade

The Homemakers Club of Deer Park sponsored a Hallowe'en parade and party for the public Wednesday, October 29.

The Deer Park Volunteer Fire Department took care of the traffic while the parade was in session.

Those awarded prizes were Betty Rounds, Betty McNemar, James McNemar, Sonny Hinebaugh, Wanda Kay Hinebaugh, Richard Perando, Mary Helen Sollars, Cynthia Arnold, Patricia Sollars, Josephine Paugh, Frederick Hinebaugh, Annabelle Perando, Syble Paugh, Frances Paugh, Mary DeBerry, James Haines, Betty Madigan and Sharon McNemar.

A door prize was awarded to Harold Fike.

To Sponsor Turkey Shoot

The Deer Park Community Volunteer Fire Department will sponsor a turkey shoot at the ball diamond Saturday, November 14. Shooting starts at 12 o'clock noon.

The Homemakers club sponsored a Hallowe'en party for the children of the community at the Hall last week.

The Women's Society of Christian service will meet at the church basement Thursday evening.

Mrs. Mason Madigan, who was a patient at Miner's hospital, in Frostburg, has returned home.

McKinley Paugh is a patient in Garrett Memorial hospital, Oakland.

The October meeting of the Accident Homemakers' club was held Wednesday night, October 28, at the home of Mrs. Edwin Georg with Mrs. William Carlson serving as co-hostess. The business meeting was in charge of the president, Mrs. Helen Harmon. Miss Dora Schlossnagle gave a reading on "Cowboy Music" followed by the singing of "Home on the Range" by the entire group. Roll call was answered by naming the favorite beauty spot in Maryland.

Miss Ethel Grove gave a demonstration on the alteration of ready made clothes. The health chairman, Mrs. Mildred Haenftling, spoke on the necessary things that should be kept in the medicine cabinet at all times. There were thirty members and several guests present. Refreshments were served by the hostesses.

Mr. and Mrs. Donald Williams were in College Park over the week-end where they attended the Homecoming festivities at the University of Maryland.

Mr. and Mrs. Wade Turney who have resided here for several months have gone to New York City where they will reside.

Dr. and Mrs. Ralph Reiter and daughters, Cumberland, were Sunday guests of Rev. and Mrs. Carl L. Dauphin. Additional guests at the Dauphin home over the week-end were Mr. and Mrs. William Kolb and son, Wilkinsburg, Pa. The Kolbs also visited the Elmer Kolb family and the Earl Haenftlings.

U. S. payroll dropped 30,100 in September.

To Form Girl Scout Troop in Mt. Lake

A girl scout troop will be formed in Mt. Lake Park, it was announced this week. A meeting has been called by Mrs. Jean Vender for Wednesday afternoon, November 11, at 4 o'clock at the Community Center adjacent the Park [illegible].

Mrs. Vender, Mrs. Kyle Wilson and Mrs. Robert Stuart will work with the organization. All girls from the Park, aged 10 and up who are interested in becoming members are being asked to attend the meeting. Miss Cora Weber, leader of the Oakland Girl Scout troop, will be there to assist in the organization work.

Along the Potomac to Washington

With Your Congressman

DeWITT S. HYDE

Our government's foreign aid program is undergoing a drastic change and there is every chance it will disappear entirely from our tax bills before the next Presidential election.

The big changes are:

1. Last year foreign aid was one-third military and two-thirds economic. This year the proportions were reversed, and the trend is toward greater reduction in economic aid. This means that when the free world is sufficiently armed against Communism our aid can end.

2. We're beginning to get concrete results out of our money. The Eisenhower food program for eastern Europe last summer cracked a huge hole in the Iron Curtain when people risked their lives to slip past border guards to pick up their food packages in West Berlin. And just last week we got Israel to call off a threatened war in the Holy Land when we suspended our aid to that country.

3. Real recognition has been given to agricultural products in the past year as an instrument of our foreign aid. The food for Europe and the million tons of wheat sent to hungry Pakistan are examples. For too long our farmers have been paying taxes along with the rest of us but their crops, of which they are always proud, were not in the limelight of our gift programs for our foreign neighbor.

These programs of giving away huge portions of America's wealth and production are a brand new concept in recent years. They have been the subject of a long and noisy political controversy and sometimes we forget that we haven't always been engaged in them. But it was only since World War II, when war and the devastation of productive facilities everywhere except in America caused such a lack of balance, that we had to use our wealth to restore the standards of living in other nations.

Responding to requests from Marylanders through my office, Mr. Conrad Wirth, director of the National Park Service, tells me a new historical handbook on Antietam National Battlefield is being prepared and soon will be available from the Government Printing Office.

On my calendar: This Friday Mrs. Hyde and I will attend the dedication dance at the invitation of the 121st Engineer Battalion at the National Guard Armory in Ellicott City . . . Sunday I will be at the [illegible] Baptist Church in Bethesda for the cornerstone laying, and later on at the dedication of the new American Red Cross headquarters in Montgomery County . . . Tuesday I've been asked to make a short talk to candidates for naturalization in the office of Federal Judge David A. Pine in Washington. That evening I'll be at the National Letter Carriers Association rally in Washington, and next Wednesday at the Republican fund-raising dinner in the Emerson Hotel in Baltimore, where Senate Majority Leader Knowland will speak.

Sale of Christmas Seals To Begin Soon

The 1953 Christmas Seal Sale of the Maryland Tuberculosis Association and its affiliated county associations will begin on Monday, November 16th and continue until Christmas Day, it was announced by Dr. Russell A. Nelson, president of the Maryland Tuberculosis Association.

In keeping with the policy of the National Tuberculosis Association, no county goals have been set by the Maryland Tuberculosis Association for this year's campaign, the 47th annual Christmas Seal Sale conducted in the United States to raise funds for tuberculosis control work.

However, according to Dr. Nelson, it is hoped that this year's Christmas Seal Sale will exceed that of 1952 when $413,128.45 was raised in Maryland. Of this total, $266,078.60 was raised by the county associations and $147,049.85 by the Maryland Tuberculosis Association in Baltimore City.

Funds raised during the Christmas Seal Sale are directed by the tuberculosis associations toward prevention, detection, and treatment of tuberculosis through health education, medical research, rehabilitation and social service to tuberculosis patients, and tuberculosis detection programs.

Glenn K. Davis, Cumberland, is chairman for both Allegany and Garrett counties.

MARRIED

Harvey-Litzenburg—Mr. and Mrs. Wayne DeWitt, of Deer Park, announce the marriage of their foster daughter, Joanna Lou Litzenburg, to Earl K. Harvey, Jr., son of Mr. and Mrs. Earl K. Harvey, Sr., of Homestead, Fla., formerly of Swanton.

The double ring ceremony was performed by Rev. Paul S. Parker in the Baptist parsonage at Deep Creek Lake on Saturday, October 31.

The bride wore a blue suit with black accessories and a corsage of yellow roses. Her attendant, Mrs. Fred R. Harvey, was also attired in a blue suit with black accessories. The bridegroom's brother, Fred Harvey, served as best man.

The bride is a graduate of Oakland High school, class of 1951, and is now employed at the Music Shop in Oakland. The groom also is a graduate of Oakland High school, class of 1948, and at present is engaged in farming along Deep Creek Lake.

A reception was held at the home of the bride on Tuesday.

THE BIBLE SPEAKS

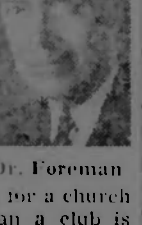
BY DR. KENNETH J. FOREMAN

Scripture: [illegible]. Devotional Reading: Psalm 122.

Church—Community

Lesson for November 8, 1953

EVERY Chamber of Commerce brags about the churches in its town, just as it brags about the parks, schools and recreation. But sometimes the pride is for the wrong reason. Why should a community be proud of its churches and thankful for them? Why does every American community, with very few exceptions, feel itself not complete without at least one church? Not because they add to the beauty of the local scene, though many of them do. Not because they are inexpensive and democratic clubs, for a church which is no more than a club is not a true church.



Dr. Foreman

* *

What Does A Church Do For A Community?

What a good church does for its community can never be fully told. There are three outstanding services which the church and only the church attempts to do in the most vital way. One is to produce better persons. To be sure, the schools and the hospitals and all sorts of organizations are working at the task of making better citizens; so perhaps are the juvenile courts and even the police courts. But the church, and only the church, is working at the job of making better citizens from inside out. Only the church confronts sinning men with the living God. Only the church introduces men to Christ. Only the church keeps alive the memory, and practices the living presence, of the Son of God.

Even the most pagan mayor would admit that his city or town would be better if all the citizens were Christians. Well, that is precisely what the church is trying to do, "present every man perfect in Christ" as St. Paul expressed it.

* *

The Personal Gospel

Some churches talk much of the social gospel; others never do. But even the most individualistic kind of religion may turn out to be a social gospel, a good news for the community—after all. For one thing, the church and only the church, within any community, not only knows what a Christian home ought to be, but works at it.

If a church did nothing else whatever to solve the problems of its community, what it does in forming and supporting Christian homes brings rewards and dividends to the community that far outweigh anything the community can do for the church. The church keeps her eye always on persons; other elements in the community keep sharp eyes on profits, but in the long run people are more important than profits, even when it is only the church that sees it.

In a certain large city there is a residential area where the people have been badly affected by fumes from manufacturing plants about a mile away. In the many arguments over the trouble, the factories (and the Chamber of Commerce) are concerned mainly with the money problems involved in ridding the community of harmful fumes.

*

Learning To Be Neighbors

In the long run, it is the church that helps a community to be a community and not a collection of houses. It is the church that teaches her members to honor others more than themselves. It is the church that teaches a morality higher and deeper than any code of laws. It is the church that preaches and teaches and in part practices unselfish love as the law of life. It is the church that gives the most profound meaning to the word "neighbor" and indeed to "community" itself. A church which is in itself a true fellowship is going that far toward making the whole community a fellowship in fact and not only in name. Here, alas! we run into a miserable fact: that some churches are so far from Christ that they harm the community—put in the way of building it up. In a small Delaware village some years ago a feud between two denominations reached the point where one locked the other out of the Thanksgiving service! That is an extreme; but any one who rides through the country and sees in a tiny village more churches than it can ever support or fill, cannot help wondering whether all these "holier-than-thou" societies are building or breaking a spirit of togetherness in that place.

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

Gen. Marshall declared one of hardest tasks of his long career had been holding his temper and patience "in utterly fruitless negotiations with the Soviet Government."

ONE WORD . .

Can Change Your Life

By Rev. ROBT. W. OLEWILER

Washington, D. C.

Pastor, Grace Reformed Church

GOOD

Do you know why you feel so good when you do something that turns out right? It's because you're cooperating with God.

When God created us he put something of the creator in us. At our best, functioning on all fours, our faculties well integrated and working harmoniously toward some definite goal, we are actually cooperating with God. Together we create something good, beautiful and true like "the poet who spins an ode of love out of a jumble of words, or like an artist who brushes a lovely landscape out of blobs of paint, or like a cabinet-maker who nails together a beautiful piece of furniture from formless slabs of wood."

No wonder we know the feeling God had when he completed the creation of the world, surveyed all that he had made, and said: "It is good," the word that can change your life!

BITTINGER

Add to another's peace of mind,
Subtract from his distresses—
Multiply good deeds and find
That that makes life's successes.

Rev. James Allen, of Elkins, W. Va., who was recently called to serve the Bittinger pastorate of the Lutheran church, moved with his wife and two-year-old daughter to the Lutheran parsonage in this village on Wednesday of last week and conducted his first regular morning devotional service in the local church last Sunday morning.

A Hallowe'en party was held by Miss Dorothy Glotfelty at her home last Thursday evening, which was attended by a group of young folk.

Mrs. Silas Beachy, accompanied by her son, Jonas Beachy and wife, and Mrs. R. L. Emory motored to Pittsburgh, Pa., on Thursday of last week for a brief visit. Mrs. Silas Beachy remained in the city for a few days' visit with friends.

Thomas O. Hays visited relatives at the home of Herman Ryman, near Springs, Pa., last Saturday afternoon.

Mr. and Mrs. R. L. Emory were shopping in Meyersdale, Pa., last Saturday evening.

Kermit Glotfelty made a business trip to Lancaster and Somerset Counties, Pa., one day last week.

Committee members in charge of the village cemetery announce that they will be working on the grounds on Saturday, November 7, and request that all who can spare the day or some hours on that day, be on hand early in the forenoon with tools to continue the work that was started some time ago.

GORTNER

Church Sunday morning and evening.

The Sunday School contributed $16 for a mission church in charge of Pastor Crites at Bridgeport, W. Va.

The Luther League of Red House joined the Homemakers at Sunnyside Hall on Friday evening's fun. The diversions were dipping for apples, musical chairs and fruit basket. Prizes for costumes went to Mrs. Bonnie Calhoun, Mrs. Lester Martin, Mrs. Dewey Gnegy and Grace Bechtel. Refreshments of cider, cup cakes and cookies were served.

Nelson Swartzentruber, who has been ill, was ordered by the doctor to remain in bed for a few weeks.

Seek $75 Million By March of Dimes

The American people will be asked to contribute $75,000,000 to the 1951 March of Dimes next January, former Senator George L. Radcliffe said.

This sum, he said, represents almost half as much again as was raised in last winter's record-breaking appeal. It will be needed for increasing preventative rather than curative aspects of the fight against polio.

A two-day regional campaign meeting at Washington, attended by 50 Maryland March of Dimes representatives, was the occasion for the former Senator's statement.

DIED

JAMES L. MICHAEL

James Lewis Michael, 61, of Conesville, Ohio, died of a heart attack Tuesday while visiting at the home of a brother, Edgar Michael, six miles east of Grantsville.

Mr. Michael became ill Sunday as he and his wife were preparing to return home. He was stricken while eating breakfast.

A native of Garrett county he held membership in St. James Catholic church at New Bedford, Pa. His parents were the late George W. and Louise Michael.

Farmers Agree Conservation Pays

Maryland farmers are learning from experience that conservation pays.

This is the conclusion drawn by the Committee for Conservation Now on the basis of farmer testimony compiled by the State Soil Conservation Committee.

Records of experience with conservation are given in a report of the State Soil Conservation Committee, "Maryland Farmers and their Soil Conservation Districts." The publication is available from soil conservation districts and county agents.

Representative statements from farmers among those in the report include:

Horace S. Brauning, Finksburg —"Conservation has done more than merely stop erosion on my farm. It has increased milk production by 30 per cent, crop production by 40 per cent and pasture yield by 60 per cent."

Arthur Reinhold, Chestertown—"My farm has had a complete conservation plan in operation since 1940. By removing sloping fields from clean tillage and establishing permanent pasture, we have been able to more than maintain our average farm production and do it easier and cheaper."

W. Marvel Onion, Forest Hill—"I am sure sold on conservation. The yields on my crops have increased by at least one-third and I figure that is a conservative statement."

John W. Hall, Lusby—"I have had my farm under a conservation plan for three years and would not be without it. My contour strips are the answer to the problem of holding the soil in place as well as conserving water."

J. Anthony Huntt, White Plains —"Conservation farming method I now use not only help me but also the people below my farm. Contour furrows and strips have helped me the most because they keep my soil from washing away and keep the water where it will do the most good."

Walter E. Burall, New Market—"Following a soil conservation plan is the quickest and best way I know to improve a run-down farm or make a good farm better."

C. W Brown, Calvert-Lombard Road, Cecil County—"Contour stripping to reduce erosion has led me, through more careful planning, to better rotations, more grassland, a higher organic content in my soils and an end result of greater returns for my dairy operations."

Ray Johnson, Big Pool—"Strip cropping my farm was the best thing I ever did. I don't have to worry about soil washing any more, my yields are better and work is more convenient."

Virgil Adkins, Salisbury—"My drainage plan cost me $2,100, but in two years time my soil improved so much that the work has already been paid for by increased crops."

More Than Existence . .

We believe the Farming for Better Living program in the county is one of the best for insuring the continuation of our Democratic way of life. It has for its basis the self improvement of its enrollees and the improvement of their properties, through their own efforts.

During the past twenty years some mighty unsavory seeds were sown over this country which took root in a good many people—those who were willing to laze around and let others take the responsibility of keeping them—those who lost what little ambition they might have had when they discovered that the government would take care of their existence. Some of that attitude still holds on today, but to a lesser degree since the change of administration in Washington.

But this Farming for Better Living program is older than last year's election. It gets back six years in this county and for several years more than that in a number of West Virginia counties. Started by the Monongahela Power company to give farm people a pride in their accomplishments the idea has taken root and has continued to spread each year.

This year in Garrett county there were seventy-six farm families enrolled and every one completed his project. Along with the growth in number of participants, is the increased interest of business men who enjoy watching this self improvement process. This year over 100 business men have contributed prizes voluntarily to make the FFBL annual banquet an event of real achievement.

The Farm Journal has it well put when it recommends "A good life as well as a good living." The country's industries and business men have the right idea to get more persons interested in that age-old custom of self improvement. Such a program need not be limited to farm people. All classes of citizens are in need of some similar stimulant, to make living more than an existence.

New Bridge Over Potomac River At Kitzmiler Planned

Engineers have set the construction details for a new bridge across the North Branch of the Potomac river at Kitzmiller, replacing an old-type span, it was announced this week by State Roads officials.

G. Bates Chaires, district engineer, said State Roads Commission officials were there last week checking the site. With them at the time was State Senator Neil C. Fraley, of Oakland.

The new bridge will be wider and will be placed at a location other than the present one, Chaires stated. The new location will eliminate the dangerous approaches to the bridge.

The contract on the new bridge there will be let this winter, Chaires indicated. Estimates on the project show the span will cost approximately $300,000.

Temporary repairs were made to the bridge several weeks ago when a truck broke through a section of the flooring.

Child Behavior Is Topic For P.-T.A.

At a meeting of the Mt. Lake Park Parent-Teacher association meeting on Monday evening, Ernest Spoerlein gave a talk on "Child Behavior," as a feature of the program. Mr. Spoerlein is in charge of guidance work at Southern High school.

It was announced the organization would hold a benefit card party at the school on Thursday, December 3. Arrangements are in charge of the finance committee, composed of Mrs. John Wood, Elwood Grove, Mrs. Joseph Turney and Edward Tasker.

Adults May Take Driver Education

Course To Be Offered Under Adult Education Program

A Driver's Education class for adults will be considered at an organization meeting under the adult education program on Wednesday evening, November 18, 7:30 o'clock in the Southern High cafeteria.

Dr. James S. Collins, principal, said any person 16 years of age or older, who is not licensed to drive an automobile, and who is not enrolled in high school, may register for the course.

He said the class may be limited to 16 adults in order to give each person an adequate amount of time for driving instruction. Eugene Flinn, Southern High staff member, will be instructor.

This class in driver education will be the last to be organized this year at Southern. Classes in vocational agriculture, general woodworking, shorthand and typewriting already have been organized and will continue for 24 weeks. Dr. Collins said facilities were available for more people in typewriting and shorthand if others are interested. The class meets on Tuesday evenings at 7:30 in room 107 of Southern High.

To Inspect School Buses

The second school bus inspection was announced by R. Bowen Hardesty, county superintendent of schools, for November 16 and 17.

The following schedule was listed:

Monday, November 16, Northern High, 9 to 11; Friendsville, 12 to 12:30; Grantsville, 1 to 2.

Tuesday, November 17, Oakland, 9 to 12; Rohrbaugh's Filling station, 1 to 1:30; Bloomington, 2 to 2:30.

HANDICAP TOURNAMENT WINNER—G. Harold Yutzy received the President's cup for winning the Oakland Golf club's annual President's Handicap tournament held this summer on the Country club course west of town. Yutzy, shown at left, must win the tournament three times to obtain permanent possession. The award was made at the annual Golf club banquet last Thursday night by Earl Zepp, club president. Yutzy also received a much smaller cup as a trophy which he is entitled to keep, for winning the same event.

MARVIN CALLIS

County Farm Bureau Re-elects Officers

Officers of the Garrett County Farm Bureau were re-elected at the annual dinner meeting held last Thursday evening at the Northern High school cafeteria at Cove. They were Marvin Callis, president; H. Robert DeWitt, vice-president; and Merrell Wilburn, secretary and treasurer.

Elected to the Board of directors were Walter Margroff, Accident; Leslie Guard, Friendsville; Jonas M. Beachy, Grantsville; Raymond Ridder and A. O. Riley, Oakland; Clarence R. Paugh, Swanton; John T. Beckman, Deer Park. Wilburn and Ross Crowe were named delegates to the State convention to be held in Baltimore, while William Merrill and Wendell Umbel were named alternates.

Directors elected by the Associated Women included Mrs. Webster Brememan, Accident; Mrs. Merrill Wilburn, star route, Oakland; Mrs. Orval Glotfelty, Grantsville; Mrs. Ross Crowe and Mrs. Allen Paugh, Oakland; Mrs. John Beckman, Swanton; and Mrs. Lloyd Brememan, Deer Park.

Mrs. Wilburn and Mrs. Melvin Callis were elected as delegates to the state convention, while Mrs. Guy Stanton and Mrs. Merle Garletts were named as alternates.

Marvin Callis presided at last Thursday's meeting. Dr. Gordon Cairns, dean of agriculture at the University of Maryland, spoke on "Marketing and merchandising of foods." Other speakers included Wilbert L. Smith, Maryland Farm Bureau president; Miss Ida V. Engle, president of local Associated Women; Mary Glotfelty, this year's farm queen; Miss Jean Ridder, William Stanton, Mrs. Inez Flook and Ross Speicher.

Lions Club Plans New Fund Raising; Will Sell Brooms

The Oakland-Mt. Lake Park Lions club has arranged to sell brooms, to raise funds for their Community Betterment program. These are no ordinary brooms, according to H. C. Leighton, chairman of this committee. The brooms are made by the Maryland Workshop for the Blind, in Baltimore.

The club formerly sold Christmas trees during this season to raise money, but will not carry on that project this year. This will be taken up by the National Guard.

Following the next meeting of the Lions club on November 23, the members will make a canvass of the entire area, in an effort to sell a large number of these brooms. Net proceeds will be used to support scout troops, band, and other community projects.

At the last meeting of the club on Monday night W. W. DeWitt, county roads engineer, gave a talk on the county roads system and the improvements made during the past few years.

Water Situation Serious in Oakland

Improvement in the water situation at Oakland did not last, and the situation was termed rather critical this morning. The level of water in the reservoir has dropped eight feet, but it was hoped the loss would be halted today when the new well is to be connected again.

Last week the motor on the new pump was burned out after pumping all water from the well, and is expected to be replaced today.

Mayor Joseph Hinebaugh said restrictions would have to be resumed against the use of water for washing automobiles and other unnecessary things.

Structure Of New Dairy Barn Rises Over Warm Ashes

Fire Completely Destroyed Barn Of Harry E. "Dewey" Rice At Pleasant Valley On Monday

A disastrous fire early Monday morning completely destroyed the large dairy barn of Mr. and Mrs. Harry E. "Dewey" Rice, Pleasant Valley, burned up twenty head of cattle and many pieces of farm machinery, but the ashes were still warm when neighbors gathered to help the family rebuild.

The flames were discovered by two young men named Kight and Kitzmiller, who passed the farm after taking a relative home from Oakland, and it appeared to them that the entire upper part of the barn burst into flames at once. They roused Mr. and Mrs. Rice, who called the Oakland Fire Department and spread the alarm.

Destroyed along with the herd of dairy cattle valued at $4,000 were an undetermined quantity of hay and straw, at least $1,000 worth of grain, most of the dairy equipment, a new manure spreader, tractor, corn planter, cultivators, and other farm equipment. The dairy herd was considered of good stock, some of the animals eligible to be registered.

Firemen and neighbors succeeded in salvaging some grain, a milk cooler, and some milker units, but the intense heat kept the men from saving anything else.

Mrs. Rice said there had been no electricity in the barn since about 5:45 Sunday night and the cause of the fire was not determined. It was thought to have been from spontaneous combustion in the hay.

She said the loss was only partially covered by insurance, but Wednesday morning there were neighbors and other friends at the farm ready to begin work on a new barn.

Mrs. Rice was busy this week expressing her deep thanks to the Fire Department members, and the neighbors and friends who were offering their assistance in the new construction project.

Second Alarm

Oakland firemen also were called to the home of Mrs. Gladys Field, near the American Legion home, on Monday afternoon. Sparks from a fireplace chimney had ignited a shingle roof. Two holes were burned in the roof before the flames were extinguished.

Bloodmobile To Visit Kitzmiller Dec. 9th

The next visit of the bloodmobile unit to Garrett county will be at Kitzmiller on Wednesday, December 9, it was announced this week by Mrs. Grover C. Stemple, blood recruitment chairman for the county.

The visit is sponsored by the Lions club of Kitzmiller and Elk Garden, and members of the auxiliary to the Fire Department will take care of the canteen on that day, Mrs. Stemple said. Dr. Ralph Calandrella will be the local physician in charge.

Mrs. Stemple said that the county's quota for the year, July, 1953, to June 30, 1954, has been set at 522 pints, a reduction in the quota since the cessation of hostilities in Korea. One hundred forty-three pints were obtained during the Oakland visit in September, leaving 379 pints for the balance of the fiscal year. Usually the unit tries to obtain 160 pints during each visit.

Nine Called For Induction Today

Nine young men of Garrett county left this morning for induction into the armed forces. They went to the induction station at Fairmont, W. Va., from where they will be assigned for basic training.

Those leaving were Earl Kennison Harvey, Swanton; George Henry Beeman, Grantsville; Charles Thomas Kahl, Mt. Lake Park; Jack Melvin Kight, Oakland; Clifford Lee Savage, Oakland, Benjamin Earl Field, Oakland; Edward Leon Butler, Oakland; Ray Delano Broadwater, Swanton, John Lewis Friend, Friendsville.

Oakland Gains In Population

It was known this spring that Oakland gained in population when the city limits were extended north and northwest for about one-half mile, but the exact increase was not learned until a few days ago.

A survey was made of the number of people living in the new area and at the City Council chamber it was revealed there were 187 new citizens. Added to the 1950 census of the town, which was listed at 1,640, the town's population should now be 1,827.

Parents To "Return To School" at P.-T.A.

Will Go Through Regular Schedule, But on An Abbreviated Basis

"Mom and Pop" will be put through Southern High school in one night, at the next meeting of the Parent-Teacher association on Monday, November 16. They will take up the routine their child goes through every day, but on an abbreviated basis. The classes will last only ten minutes and there will be six periods. Parents also will go to the cafeteria as their child does.

In classes the parents will have an opportunity to meet the teachers on an informal basis, to learn more about the school program.

Students are to give their parents a copy of their daily class schedules, and they will report to the home room at 8 p. m., the regular hour for P.-T.A. From there they will go to all classes attended by their children. Letters have been sent out to parents giving a blank outline of class periods. Howard Naylor, P.-T.A. president, said it was important for parents to have the child's schedule so that he would know where to go each period.

Naylor pointed out the opportunities for inspection of classroom equipment, a personal talk with the instructors, and discussion of questions in small informal groups.

The primary purpose of this Parents' Night at School, as stated in the letter sent out this week, is for the parents to "gain a better understanding of the educational program in which your son or daughter participates during the school year."

Student ushers and receptionists will be on duty in corridors and classrooms to assist parents in finding the various places.

There will be opportunity also to visit the library, the guidance office, the cafeteria, the principal's office, etc., during the second half of a core period or during study period. Refreshments are to be served in the cafeteria between 9:30 and 10 o'clock.

Training Course For Scout Committeemen To Be Held Tuesday

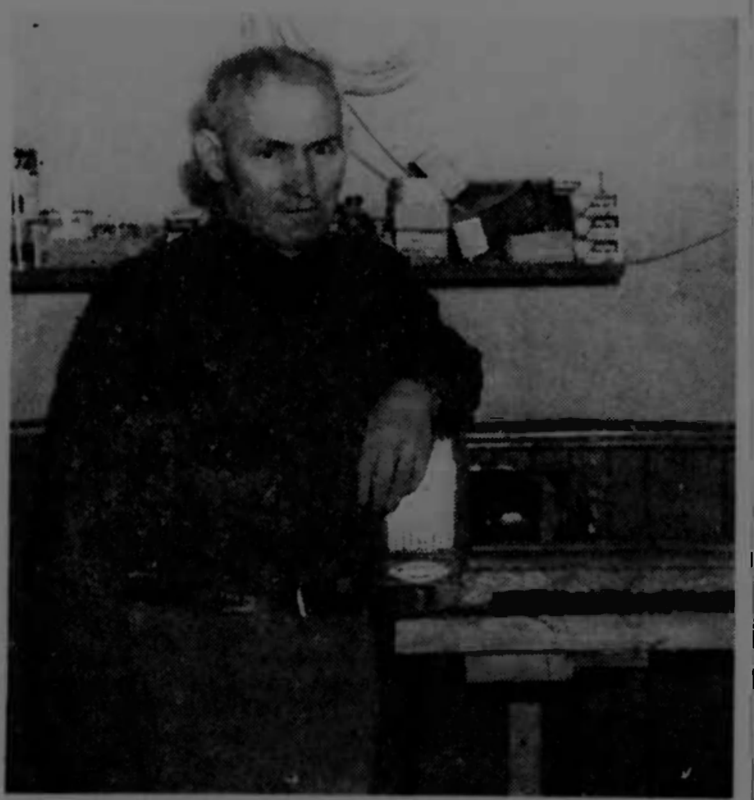
A training course for members of Boy Scout Troop committees of the Deep Creek district of Potomac Council will be held next Tuesday evening, November 17, in the Methodist church assembly room in Oakland.

Also scheduled to be here that evening is James Gelwicks, a scout executive from the regional office in Philadelphia.

On the program will be the showing of a film strip on "Boy Scouting Fundamentals," and a discussion of the responsibilities and activities of troop committee members.

Lewis B. Jones, chairman of leadership training for the Deep Creek district, said he was sending letters to troop committeemen of scout organizations in Mt. Lake Park, Oakland, Deer Park, Crellin, Swanton and Friendsville. The latter two places are not in the Deep Creek district but would be welcome to send representatives, Jones said.

Also expected to attend the meeting are all the regular district officers who have been meeting once each month on the third Tuesday. The meeting will last from 7:30 to 9:30.



RECEIVES WOOD TURNER—John Jones, who operates a furniture repair shop near Crellin, is shown above standing beside a wood turning lathe which was presented to him through the aid to the physically handicapped program of the State Department of Education. The machine replaced a home made wooden lathe.

New Wood Turning Lathe Supplements One-Man Business

Things have been turning out better for Johnny Jones at his workshop near Crellin since last Friday. For on that day the furniture mender and weaver received, from the State Department of Education, a new wood turning lathe to supplement the few other power tools he uses in his one-man business.

The efforts of Mr. Jones to become self-supporting, in spite of a crippling physical handicap, attracted the attention of the Garrett County Committee to Employ the Physically Handicapped, and his name has been submitted to the State group for a regional award, given annually. This year's winners will be announced in December.

Jones was selected by the local committee because it felt his activities were "a remarkable example of a handicapped person overcoming his affliction and remaining a productive member of the community."

Born November 13, 1895, Jones became a coal miner after only six months' schooling. He continued in this business until 1947, when he was a mine foreman for the Stanley Coal Company at Crellin. However, beginning in 1921 he began to develop a spine affliction which eventually resulted in the partial loss of use of his legs. In 1937, the Johns Hopkins Hospital reported no hope of a permanent cure.

When he no longer could mine coal, he decided to try self-employment. At first his income averaged only several dollars a month from such home activities as rug weaving and chair caning. According to Jones, his real inspiration came several years ago while helping to build the Crellin Assembly of God Church. When the new church was finished, Jones rented the old building previously used for religious services and turned it into a one-man workshop, rendering an apparently unlimited number of services.

The hand printed sign on the outside of the building calling attention to "Jones' Antique Shop" fails to tell the story of activity with-

Senior Band Concert To Be Given

The fourth annual band concert by Southern High's senior band, will be presented on Thursday, November 19, at 8 o'clock p. m., in Southern High school, it was announced by Harold B. Wright, director.

A matinee will be held November 18, for the students, and on November 17, at 1 p. m., there will be a matinee for the elementary school.

The theme of the concert is "The Three R's of Music, Rhythm, Romance and Religion." Marches and overtures will be played. These will be as follows: "Thunderer" by John Philip Sousa, "Foot Lifter" by Henry Fillmore, "NC-4" by F. E. Bigelow, themes from "Dragnet" by Walter Schumann, "Maglaguena" by Walter Beelee and arranged by Ernesto Lecuona, "Mocking Bird Hill" by Vaughn Horton and arranged by C. Paul Werfurth, "Because of You" by Arthur Hammerstein-Dudly Wilkinson, "American Melodies" arranged by Paul Yoder-Dan Emmett, "Star Spangled Banner" arranged by Lon Leomor with words by Francis Scott Key and music by John Stafford Smith, and "Maryland, My Maryland" by John Randol.

A short play will be presented during the concert called "Saint George and Dragonet." The characters are: Jack Mersing, Saint George; Don Tayloe, Chief; Ruth Cooper, maiden; Paul Bachtel, dragon-Knava.

County By-Passed In Week-End Snow

Garrett county was practically by-passed by the week-end snow, with 11 inches in Delaware, five to six inches in the Baltimore area, but only about an inch on the Mt. Top. A severe storm lashed the entire east coast.

The county was caught in freezing temperatures Saturday and Sunday, however. Not enough snow fell to call for the use of snow-plows, but there was some cindering of the highways on account of ice.

National Guard To Be Inspected

Company C., 121st Engineers, Maryland National Guard, of Oakland, is scheduled for the annual Inspector General's inspection this afternoon and this evening.

At a recent command inspection in September the unit was officially commended and given a "superior" rating. The Inspector General's inspection is considered more of an ordeal for the members of the unit, but officers and non-commissioned officers feel that the local company is prepared.

Some 60,000 acres of woodland were destroyed by fire in West Virginia during the fire season.

Produce Concern Organized Here

A new produce company was organized in Oakland as of last Wednesday, November 4. Known as the Tri-State Produce, Incorporated, there are eight local business men involved in the concern.

Original incorporators are Ralph Pritts, Clifford Phillips, Fred Burgwald, Ralph Leighton, Forrest Mason, Edward Schmidt and Carlton Bowser. The latter is the president.

The company is now operating from the building formerly used by the Dusic Wholesale Produce, 8th and High streets. The new concern has no connection with the Dusic company, which is now in the process of being sold as the result of a mortgage foreclosure.

The new company is engaged in wholesale fish and produce business in the Tri-State area. There are nineteen employees at present.

Advises Against 25-Mile Speed Zone

Recommends That Speed Limits on Oakland Outskirts Be Set at Thirty Miles Per Hour

There will be no twenty-five mile speed zone limits on the outskirts of Oakland on U.S. Highway 219, the Mayor and Town Council of Oakland were advised by the State Roads Commission this week.

A letter from the assistant chief engineer cited the legislative act creating speed zones as the basis of his recommendation that speed zones in these areas remain "as is."

The Mayor and Council, at last month's meeting took action to move the 25-mile speed limits a little farther north and south on U.S. route 219, at the north and southeastern edges of town. The council planned to extend the speed zone .15 of a mile north of the present limit, and .30 of a mile beyond the present limit on the southeastern end.

At present there is a 30-mile speed zone from the southeastern edge of town to Mt. Lake Park. At the north edge of town the zone was to have been extended to include the town limits which were enlarged this spring.

The State Roads Commission engineer, after coming here to make a survey, said in his opinion there was "not sufficient development to warrant a 25-mile speed zone." He said in a letter to the council that the "Legislative act creating speed zones states that 25-mile zone will exist in congested or thickly populated areas; 30 miles in outlying sections, and will not exceed 50 miles in open country."

The man added that the two zones described by the city council "cannot be classified under terms of the legislative act and it is my judgment that the speed zones should remain 'as is'."

The council indicated, however, that the 25-mile speed zones other than on the State Roads, would remain in effect.

Other Routine Business

Other business conducted Monday night at the regular November session was mostly routine. Carroll E. Miller received assurance he would receive sewerage and water for his

University Dean Is Banquet Speaker

Dr. Robert H. Black, acting assisting dean of the College of Agriculture, Forestry and Home Economics and acting assistant director of the Agriculture Experiment station at West Virginia university, will be the principal speaker at the annual Farming for Better Living banquet, to be held Friday evening at the Southern High school cafeteria.

Widely known through his judging of livestock at state and national shows, Dr. Black is a former coach of the University's livestock teams. He has written several pamphlets on livestock judging, meat curing and swine production.

Born at Noble, Okla., Dr. Black holds a bachelor's degree from Oklahoma A. and M. college, and master's and Ph.D. degrees from West Virginia University. He first joined the University faculty in 1940. He served as a naval instructor at Fort Schuyler, N. Y. during World War II, and later organized and directed educational services at the School for Naval Personnel at Tinian island in the Pacific.

Dr. Black holds membership in several honorary groups and is a member of the Farm Bureau.

THE GREAT GAME OF POLITICS

Search For A Goat

For 20 years having had the places, prestige and power involved in being part of the dominant party and its administration, it is perhaps natural that the former New Deal-Fair Deal jobholders, aides, advisers, political and journalistic supporters should feel that these things inherently belonged to them and that the new Administration, from President down, is composed exclusively of interlopers, usurpers, incompetents and worse who, for the good of the country, must be destroyed.

Certain it is that this feeling exists and certain, too, that the bitterness among old Roosevelt-Truman appointees and devotees, with whom Washington is still thickly cluttered, is very great, indeed. Not in the memory of the oldest observer have there been here more persons eager to tear down and disparage a new Administration. Never have there been more unscrupulous malice and misrepresentation. This would not be so bad if there were not so many facilities available for the spread of poison. But, with the Americans for Democratic Action, the CIO, the AFL, the Democratic National Committee and a whole battalion of hostile columnists and commentators there is no lack of these.

The progress of this campaign—for that is what it is—is interesting to note. When Mr. Eisenhower first assumed office he was, and still is, too popular with the people to be personally assailed with impunity. Hence, the original strategy of the opposition was to find a goat. That was essential. Right away, because of certain unfortunate utterances, they settled on Mr. Charles E. Wilson, Secretary of Defense. For a while an intensive publicity drive by the forces described above was made to force him out of the Cabinet. However, Mr. Wilson turned out to be not a man who can be forced and not fitted for the role of goat. In a short time he retrieved his early mistakes and is now doing the kind of job that compels admiration and esteem.

Then there began the inevitable unrest among farmers afflicted by the drought and falling prices. Immediately Mr. Ezra Benson, Secretary of Agriculture, became the goat. The unrest among the farmers was deliberately fomented, and what Mr. Benson said and did was deliberately distorted and misrepresented. As one of the Southern governors said a few days ago, he was "picked for a goat." Undoubtedly Mr. Benson has had a tough time the last few weeks, but neither he nor President Eisenhower has weakened under the attack. Their farm program is being worked out, will appear on schedule, and when it does will stand.

In brief, though the brickbats continue to fly, Mr. Benson, as a goat, is likely to become just as unpleasing and unprofitable as Mr. Wilson. So, at the moment, the search continues for a really satisfactory goat who will stand still and take it. There are indications that Mr. Sinclair Weeks, Secretary of Commerce, has been chosen. The effort is to portray Mr. Weeks as a vastly wealthy reactionary business man, a fixed foe of organized labor, a sinister adviser to the President, intent upon dominating the Labor Department as well as his own. This, of course, is a false picture, as everybody who knows Mr. Weeks knows.

True, he is a successful business man, but he is neither reactionary nor sinister. On the contrary, he is an enlightened and progressive Republican, as able and clear-sighted and the most competent Secretary of Commerce since the office was occupied by Mr. Herbert Hoover. Son of a distinguished father who was both Senator from Massachusetts and Secretary of War, Mr. Weeks has a tradition of public service behind him, was himself a member of the Senate and has had plenty of experience in politics.

It is Mr. George Meany, now president of the AFL, but also at one time an associate and friend of labor boss Joe Fay, the convicted extortioner, now in prison, who makes the charge that Mr. Weeks is trying to dominate the Labor Department for the purpose of influencing Taft-Hartley legislation. Others in Mr. Meany's line will repeat the charge, and have done so. Various columnists and commentators have joined in. But it can't be made to stick because it is as silly as it is unfounded. Also, Mr. Weeks is fully capable of handling the situation. He seems even less like a tractable, nonbleating goat than Mr. Wilson. The one clear thing about all this is that nothing General Ike can do or say will please his opponents nor diminish their efforts to pull him down. At the moment they are all gleefully exulting over Republican defeats in by-elections all of which are explainable by what politicians know as the "local situation" and are not in themselves significant, except for propaganda purposes. It is perhaps well to remember that all the exultants were anti-Ike last November.

Vapor Seal Protects Building Insulation

A vapor seal should usually be used to protect the insulation in farm buildings against moisture, suggests Ray W. Carpenter, extension agricultural engineer at the University of Maryland.

"Where the inside temperature of a room is lower than the temperature outside the room the vapor seal should be on the outside surface of the enclosing walls and ceilings," says Carpenter. As an example, he points out that refrigerated storage areas should have the seal on the outside surface of the enclosing walls.

"Where the room temperature is normally the same or higher than the outdoor temperature the vapor seal should be applied on the inside surface of the outside walls," the agricultural engineer explains. He points out that the vapor seal should be applied in this manner in homes and livestock and poultry buildings.

Carpenter warns that few materials are really vapor-proof. He lists metal foil as an excellent seal, provided the joints are asphalt-sealed and tight. Asphalt-saturated felt with an ironed, glossy finish is also called a satisfactory seal.

The heavier weights of rolled roofing are an effective seal, but the agricultural engineer cautions that the joints must be well lapped and firmly sealed. "Without vapor seal protection insulation may load up with water resulting from the condensation of vapor forced into the wall, causing a loss in its insulation value and the possible rot destruction of the wall framing and sheathing," says Carpenter.

Much paint failure is due to moisture traveling through the wall from indoors and pushing the paint film off the boards, according to Carpenter. He says a good vapor seal will prevent this trouble.

Southern's New Gymnasium

GYMNASIUMS ACCEPTED—Physical education buildings at both Northern and Southern High schools have been inspected by the Board of Education and the County Commissioners and have been accepted from the contractor, it was announced this week. Several small items must still be taken care of, it was stated. The installation of bleachers is expected to be completed by this week-end in both schools. With the completion of the buildings physical education classes will move to the new areas and conduct classes there. Basketball is stated to begin at Southern High next week. The above photograph is of Southern High's gymnasium, taken by David Nace, senior student there and staff photographer for the school newspaper, The Acorn.

new home under construction on [illegible] road. The town also approved the purchase of a GMC truck from Leighton's garage at a price not to exceed $2,600.

The clerk-collector, Arthur Lawton, reported receipts of $[illegible] during October, with $5,105.[illegible] from water, $1,060.55 from taxes and $2,[illegible] from miscellaneous. The latter item included $2,0[illegible]4.85 from gasoline tax and $[illegible] from parking meters.

October expenditures totaled $10,[illegible].77, leaving a balance of $6,[illegible].91 in the treasury, with all current bills paid. Water supplies cost $[illegible],565.74 which included a new pump and a new water line to the new well. Street labor totaled $1,247 and street supplies, $2,105.7[illegible].

Last Day for Registration

The council announced that February 28 would be the last day that any person could register in order to be eligible to vote in the town election in March. As the result of legislation at the last General Assembly it has been possible to register voters any day during regular business hours, but the date of closing was set so that city election officials would have time to get the registration books in shape by election day.

A mayor and three councilmen are to be elected. Terms of Mayor Joseph Hinebaugh, and Councilmen Harry Stemple, William Rees and Maurice [illegible], will expire this year. Holdover members of council are Dr. E. I. Baumgartner, Donald M. Browning and Emerson Davis.

The council also requested the Baltimore and Ohio railroad to consider putting a black top cover around the station and freight yard. Sunday movie tax receipts from the Maryland Theatre for October totaled $68.7[illegible].

DIED

MATTRE JACHNOVEI

A requiem mass was celebrated this morning at 10 o'clock in Immaculate Conception Catholic church at Kitzmiller for Mattre Jachnovei, 71, retired coal miner, of Shallmar, who died Monday in Garrett County Memorial hospital, Oakland.

Rev. Henry Stragisher, pastor, officiated, with interment in the Kalbaugh cemetery at Elk Garden.

A native of White Russia, Mr. Jachnovei came to the United States about 18 years ago. His parents were the late Andrew and Catherine Jachnovei. There are no known survivors.

The body is at the [illegible] Funeral Home, [illegible], W. Va.

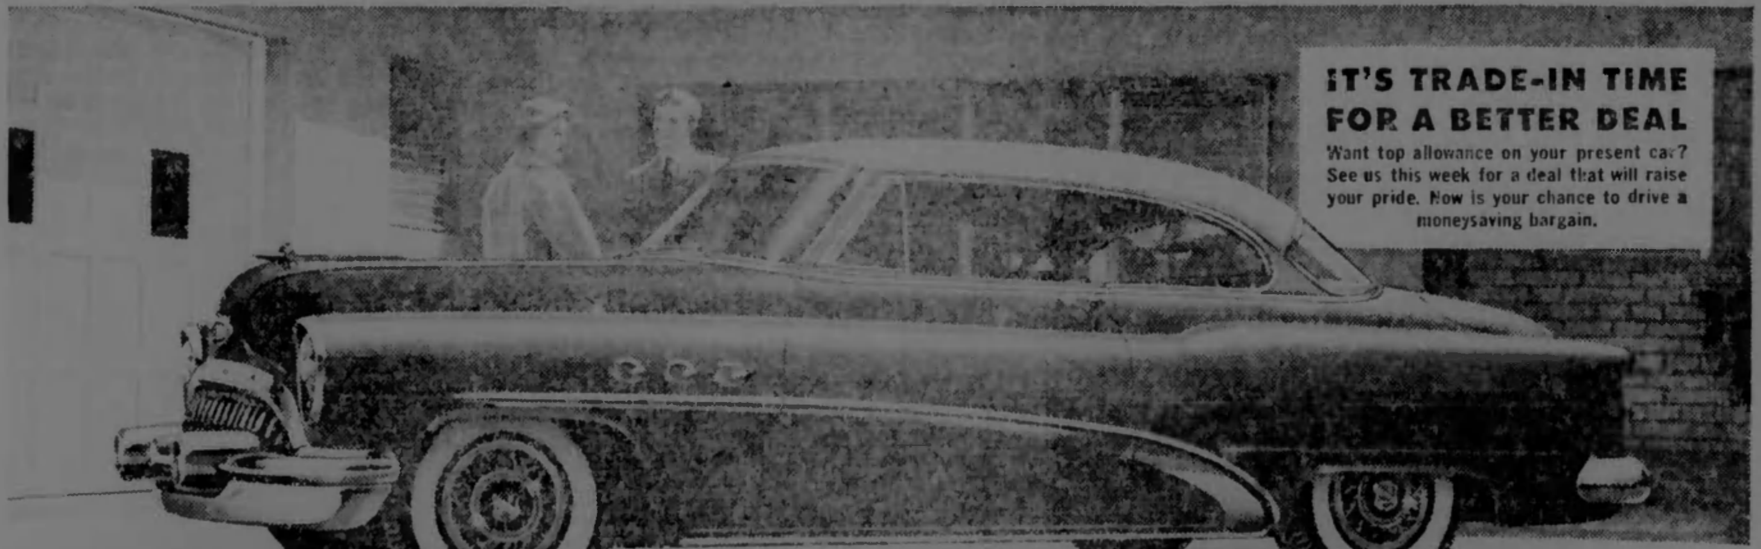
Stop In and See Our Work Cars — A lot of Real Bargains!

All Late Models Written Guarantee



IT'S TRADE-IN TIME FOR A BETTER DEAL
Want top allowance on your present car? See us this week for a deal that will raise your pride. Now is your chance to drive a moneysaving bargain.

It raises your pride *and races your pulse*

You feel it the moment we turn over the keys to you.

You now own the handsomest "hard-top" around—a Buick Riviera—and the warm glow goes all through you.

But not alone for the racy beauty of the car.

You feel that prideful surge, too, from the fact that here you bought yourself a whale of a lot of automobile—a whale of a lot of room and power and soft luxury and ride steadiness—for a lot less than you expected.

For the automobile pictured here is a Buick SPECIAL Riviera—*which means it delivers locally for just a few dollars more than the "hardtop" models of the "low-price three."*

But it's only when you drive away in your bounteous new beauty that the real thrills begin and the satisfaction deepens . . .

When the highest Fireball 8 power in Buick SPECIAL history whispers away the miles with effortless ease . . .

When Twin-Turbine Dynaflow* gives you instant getaway response with silken smoothness, and the Million Dollar Ride levels every inch of your way . . .

When the deep wide seats cradle you in spacious comfort and the great glass areas give you visibility practically unlimited.

Surely you ought to look into this great Buick that's so prideful to own, so thrilling to drive, so easy to buy.

We'll be happy to arrange a sampling. Can you visit us this week?

RECENT AWARDS—Two Oakland dealers were among those presented sales awards at a dinner meeting sponsored Tuesday evening by the Clem Teets Oil Company in Terra Alta. Ralph Leighton (left) and Fred Burgwald (right) are shown after receiving ornamental lamps for turning in a year's sales record which showed the firm to be second in oil sales and eighth in gasoline sales among the Teets company dealers. Mr. Teets is in the center. A number of other dealers from West Virginia received awards for exceptional sales performance. More than 200 persons attended the dinner at the Terra Alta Moose Hall.

SWANTON

P.-T.A. Group Meets

The Swanton P. T. A. met Monday with Sam Friend, president, in charge. The group decided to foster membership drive to encourage more parents to join. [illegible] were made available to purchase [illegible] for school use. The annual community Christmas treat was discussed and committees appointed. By-laws, presented by the [illegible] committee, were adopted. A Christmas party is planned for December with a gift exchange.

Scouts Making Wreaths

Betty Friend presided at a meeting of the Girl Scout troop. The making of evergreen wreaths to sell at Christmas was discussed. Some are to be completed for shipment by December 1. A boy and girl scout Christmas party was planned for December 22, at the home of Evelyn Warnick. Arvetta Friend gave a report of the senior scout council held at Lake. Election of officers will take place at the next meeting.

The army issued a draft call for 23,000 men in January.

Suds Preserve Sweater Beauty

The beauty of the classic sweater lies in its smooth fit and its appealing color—or its snowy whiteness. And the best way to preserve that beauty is by sudsing it often.

For wool, it's lukewarm soapsuds—two washings—and lukewarm rinsing. Cup the sweater in the hands and squeeze the suds through; never twist or wring it. Rub extra suds into soiled spots, using a soapy soft brush or well-lathered fingers on bindings and ribbed areas. Blot out excess moisture by rolling in a towel. To hasten drying, you may first spread the sweater between two towels and roll it with a rolling pin—or wrap it in a towel and put it loosely through the washing machine wringer.

An easy blocking method is to use a homemade cardboard drying frame—tracing the sweater outline on the cardboard while the sweater is dry. Then cut the cardboard frame into three pieces—two sleeves and the body—and slide them in. Lay the sweater flat to dry, away from direct heat.

Nylon, Orlon, Dacron, and cotton sweaters can take hotter suds, need no drying frames. Just shape them gently with the hands while they're damp. They'll spring right back to their original shape and fit.

ENGLANDER'S PHARMACY Monthly News

A Message from Clinton W. Englander, "Your Pharmacist"

IF YOU had reached adult age in the year 1900, the odds were that you would have lived 23 YEARS LESS than you are going to live.

HUMAN LIFE is precious. Every minute of the day, research PHYSICIANS, CHEMISTS, and PHARMACISTS, are trying to find out how to make your life a better and longer one.

AS FAST as new discoveries are proved by test cases, the reports and methods of treatment are taught to Physicians by lectures and publication of case reports in the Medical Journals.

AS SOON AS PHYSICIANS receive this information, these new PRESCRIPTION MEDICINES are made available to us by their Pharmaceutical manufacturers, so that we have them in stock and are able to compound your PHYSICIAN'S PRESCRIPTIONS.

IF YOU will let your Physician help you to lead a healthier and longer life by having him check your health at regular intervals, we, "YOUR PHARMACIST", are ready to do our share by supplying the particular medicines your PHYSICIAN may prescribe.

LISTEN AMERICANS!

...by George S Benson
President of Harding College

The cloak-and-dagger aspects of Communism and the glittering but false promises of Socialism make fascinating subjects for high school and college classroom discussions. On the other hand, the bare facts of capitalism or the American economic system usually are not as interestingly presented. Imagination and experimentation are needed in our schools if we are to bring to life for the youngsters the truly exciting facts about our American economic system.

At the Harding College Freedom Forum last week Marion Hickingbottom, a high school social science teacher, and William Craven, personnel director for the Southern Lumber Company, Warren, Ark., told how they had worked together to make the facts about American capitalism a fascinating high school subject.

For two weeks Hickingbottom's high school "Problems in Democracy" class spent two periods per day at Southern Lumber Company. They saw a graphic presentation of the history of the lumber industry. They visited the sawmill and planer mills, the sales offices and by-products operations. They went into the pine woods and saw scientific forestry being practiced.

Then Hickingbottom and Craven took them into the plant's personnel training rooms and "sold" the company to the students for $2,500,000, issuing 25,000 shares of stock. A "president," "treasurer," and other "directors" were appointed. Bill Craven acted as their company manager. He placed $250,000 in simulated currency on the director's table and told the "owners" this was their profit for one year. Everybody wanted to declare a dividend at once!

But Craven described a debarking machine which the company needed. He told the "owners" it would cost $150,000 to purchase it and operate it for one year, but that would permit sale of bark chips which currently were being burned as waste. It was a genuine business problem. The high school seniors were brought directly to grips with the pros and cons of the debarker investment, with the natural inclination toward declaring dividends, the factors of business taxes, prices and wages, sales, competition, depreciation, inflation, and all the other problems confronting American business. They had fun learning, and tests given at the end of the unique course showed the class scored 5 per cent above the national average for high school seniors in "understanding Capitalism." The experiment was a step in the right direction. Full text of the Craven-Hickingbottom plan is available in pamphlet form for cost of printing. Write Harding College National Education Program, Searcy, Ark.

New Wood Turning

(Continued from Page One)

in. Displayed just inside the door are a number of finished pieces of furniture and a dozen or so antique oil lamps, as well as 40 or 50 hand woven rugs.

Approximately two-thirds of the room is occupied by the compact workshop. Along the back wall is a bench equipped with a wide variety of hand tools. To the left is the foot operated loom used for making rugs and other woven articles. On the other side of the room are the few power tools used by the craftsman. There is a combination power saw and drill press, a band saw, and a clumsy, homemade wooden lathe which was used for turning out furniture parts until the new machine was installed Friday.

"The old lathe worked pretty good on big pieces," Jones said, "but wouldn't do accurate work on small things like chair rungs and stool legs. Besides, it had only one speed, which limited its use."

Jones puts in a full day at his trade, arriving about 6:30 a. m. and often remaining until after nine in the evening. His shop is crowded with furniture in various stages of repair, and there are dozens of hand made stools of all sizes and types awaiting purchasers. One of his most popular articles is a small wooden rocking chair, for children, upholstered in plastic material.

The quality of his workmanship is considered excellent. One of his woolen chair mats recently won a blue ribbon at the Page County Fair, in Virginia, where it was exhibited by a woman who had purchased it from him.

The new lathe was presented to Jones by J. Leo Delaney, of Cumberland, counselor of vocational rehabilitation services of the State Department of Education in Allegany and Garrett counties. It will be leased to him without cost for as long as he can make use of it. Present Friday when the machine was delivered were three members of the Garrett County committee, Edward P. Kahl, Robert Stemple and Charles L. Briner. Lewis R. Jones is chairman, and other members are C. O. Bender, Grantsville, and Gerald Iman, Kitzmiller.

Members of the Business and Professional Women's club are meeting this evening at 6:15 at the William-James hotel. The program is under the supervision of Mrs. Russell W. Harvey, elementary teacher, who will show pictures of her recent trip to Alaska.

Loan Rotary Plow To Eastern Maryland

Garrett county, supposed to be the ice box of Maryland and the section which always takes the brunt of the winter's storms, according to people from Baltimore and other sections of the state, last week loaned its large rotary snow plow to Harford and Cecil counties to dispel the drifts and open the highways.

The plow was obtained about two years ago to clear the county's highways when other regular plows were unable to do the job. It has been used in this county only two or three times, according to state roads officials, even when the drifts are piling high.

The snowfall last week-end was something slightly unusual. There was not enough snow in Garrett county to cause any plows to be used, while other parts of the state sought all kinds of help. They asked for our "snow flyer," as it is called. The plow went to Harford county where it remained until Monday afternoon, when it moved on to Cecil county.

MARRIED

Maffett-Barncord—LaVale Baptist church was the scene Saturday afternoon, November 7, of the marriage of Miss Phyllis Arlene Barncord, daughter of Mr. and Mrs. John M. Barncord, Cumberland, to William Rolandus Maffett, of Oakland, son of Mr. and Mrs. Hugh D. Maffett. Rev. Clifford F. Firth, pastor, officiated.

Frank J. Byer, accompanied by Miss Carolyn Smith, sang "The Lord's Prayer" and "The Wedding Prayer."

Mrs. Martha Sanders, of Oakland, was matron of honor, and Misses Gloria and Barbara Jones, Baltimore, cousins of the bride, were bridesmaids. Hugh F. Maffett, Oakland, was his brother's best man. Elwood R. Sanders, Oakland; and Owen K. Barncord, Cumberland, brother of the bride, were ushers.

The bride, given in marriage by her father, wore white nylon net skirt over white satin with double peplum applique with lace medallions, fitted bodice of Chantilly lace over white satin, with petal collar and keyhole neckline buttoned down the back with tiny lace buttons. The pointed sleeves were of lace closed with tiny buttons.

The gown was waltz length. The veil, having a scalloped edge, was of fingertip size with a Juliet style crown of Chantilly lace with a border of mother of pearl sequins. The bride carried a New Testament with a white orchid marker and satin streamers knotted with white rosebuds.

The matron of honor wore a gold satin, waltz length gown with full skirt, round neckline and a bustle bow. She had a crown of gold satin and net. Miss Gloria Jones wore a cotillion waltz length blue skirt with a nylon net skirt over satin with satin bodice. Her curved head band of cotillion blue net was looped with pearls. Miss Barbara Jones had a similar gown but of plum color. Both attendants carried fall flowers.

The bride's mother wore a mauve lace and crepe dress with Navy accessories and a yellow rosebud corsage. Mother of the bridegroom wore a Navy blue suit with black accessories and carried a pink rosebud corsage.

A reception was held in the church social room. The couple left on a trip through southern states. Upon their return the couple will reside on Route 1, Oakland.

The bride is a graduate of Allegany High school, class of 1949, and Memorial Hospital School of Nursing. She has been employed on the staff of the Garrett County Memorial hospital at Oakland.

The bridegroom is a graduate of Oakland High school, class of 1947, and is engaged in poultry raising and dairy farming.

Sanders-Buffenmyer—Miss Martha Buffenmyer, Oakland, daughter of Rev. and Mrs. John H. Buffenmyer, Flintstone, became the bride of Ellwood R. Sanders, of near Oakland, son of Nelson Sanders, Oakland, and the late Mrs. Sanders, on October 24, it has been announced.

The bride's father officiated at the double ring, candlelight ceremony in the Glen Dale Church of the Brethren. Her grandfather, Rev. H. B. Markley, pastor of the Church of the Brethren, Lititz, Pa., assisted. Mr. and Mrs. Sanders are residing near Oakland.

Five Births Recorded

Five births occurred at the Garrett County Memorial hospital in Oakland during the past week, three boys and two girls.

On the 7th a son to Mr. and Mrs. Glenn Fratz, Accident; a son to Mr. and Mrs. Roy Fisher, Friendsville.

On the 8th a son to Mr. and Mrs. William Bolyard, Erwin, W. Va.

On the 9th a daughter to Mr. and Mrs. Martin Schmidle, Kingwood, W. Va.

On the 11th a daughter to Mr. and Mrs. Clinton Friend, Corinth, W. Va.

During the week thirty-three patients were admitted and 35 persons were discharged.

Heads Drive To Raise Funds For Muscular Dystrophy

Robert T. Hoffman, Oakland, will be co-chairman in the "Letter Carriers' March for Muscular Dystrophy," serving with U. S. Postmaster General Arthur E. Summerfield, honorary national chairman of the march.

Mr. Hoffman is one of 100,000 letter carriers in the United States who will call on every American home after Thanksgiving to collect funds to help victims of muscular dystrophy, a fatal disease affecting hundreds of thousands in the United States, most of them children.

The drive is being conducted under the auspices of the Muscular Dystrophy associations of America, Inc., and hundreds of branches of the National association of Letter Carriers are responding. To honor the letter carriers for their contribution of time in rewalking their routes to make collections, a radio and television show is planned for November 25. The collections are to be made on extra time of the letter carriers.

Soviet chief blamed United States for world tension and said we were preparing for new world war.

Electric Pole Severed

An electric pole of the West Maryland Power company was severed last Saturday evening when struck by an automobile driven by Robert Wright, of Swanton. The pole was located near the Swanton railroad crossing and the wires fell across the Baltimore and Ohio telegraph and signal wires, causing a short circuit and disrupting the signal system. The short circuit caused a fuse to blow out on a nearby electric unit, breaking the 7200-volt circuit and putting the town of Swanton in darkness.

The damage was repaired by a West Maryland Power crew.

Students To Give Dramatic Performance

"A Ready Made Family" will be presented by Miss Roberta Cogley's Journalism class of Southern High school on Thursday, December 3, at 8 o'clock, in the old High school auditorium. The play, by Jay Tobias, is a three-act comedy.

While on vacation Agnes Martyn, a widow, played by Ruth Cooper, meets and becomes engaged to an old sweetheart widower, Henry Turner, portrayed by Dave Benner. They neglect to tell each other of the children at home, which total five. Surprised but not pleased with the idea of their parents marrying again, the children plot to break up the match by fair means or foul. The comedy is provided by the laughable schemes of the five. From here on the action is swift moving and a satisfying conclusion is reached.

Others in the cast are Dale [illegible], Roberta Markley, Patsy Browell, Ila Moss, O. F. Lane, Delores Schmidt, Arlin Cal[illegible] and Becky Hamilton.

Admission will be 25c for pupils and 40c for adults.

President Urges Use of Prayer in Thanksgiving Edict

Urges Citizens to Pray For Wisdom as He Sets Thursday, November 26, as Thanksgiving Day

President Eisenhower proclaimed Thursday, November 26 as Thanksgiving Day and asked Americans to pray for "wisdom in our striving for a better world."

"Especially," the proclamation said, "are we grateful this year for the truce in battle-weary Korea, which gives to anxious men and women throughout the world hope that there may be an enduring peace."

The text of the proclamation:

As a nation much blessed, we feel impelled at harvest time to follow the tradition handed down by our Pilgrim fathers of pausing from our labors for one day to render things to Almighty God for his bounties. Now that the year is drawing to a close, once again it is fitting that we incline our thoughts to His mercies and offer to Him our special prayers of gratitude.

For the courage and vision of our forebears who settled a wilderness and founded a nation; for the "blessings of liberty" which the framers of our constitution sought to secure for themselves and for their posterity, and which are so abundantly realized in our land today; for the unity of spirit which has made our country strong; and for the continuing faith under His guidance that has kept us a religious people with freedom of worship for all, we should kneel in humble thanksgiving.

Especially are we grateful this year for the truce in battle-weary Korea, which gives to anxious men and women throughout the world the hope that there may be an enduring peace:

Now, therefore, I, Dwight D. Eisenhower, President of the United States of America, in consonance with the joint resolution of Congress approved Dec. 26, 1941, do hereby call upon our people to observe Thursday, the twenty-sixth day of November, 1953, as a day of national thanksgiving. On that day let all of us, in accordance with our hallowed custom, foregather in our respective places of worship and bow before God on contrition for our sins, in suppliance for wisdom in our striving for a better world, and in gratitude for the manifold blessings He has bestowed upon us and upon our fellow men.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington this seventh day of November in the year of our Lord nineteen hundred and fifty-three and of the independence of the United States of America, the one hundred and seventy-eighth.

President Eisenhower acted to increase flow of governmental news to the public while at same time safeguarding defense secrets.

The only tragedy in being young is that you must depend on the common sense and far-sightedness of adults.

For when you're young, even though your heart cries out for opportunity, there are doors to which your parents hold the key.

One of these is the door to Faith. A child wants to believe. He needs religious teaching. God has implanted in his tiny body a growing, hungry soul.

But millions of America's little ones are being barred from the Church, starved of spiritual nourishment by unthinking parents. They are chained to unbelief, condemned to moral immaturity by fathers and mothers who have lost their own faith, and have ceased to care.

Do you know these parents? Are you, perchance, one of them? Remember Who it was who said, "Suffer the little children to come unto me, and forbid them not." OPEN THE DOOR!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ENTERTAIN OIL MEN—Roberta Lou Burgwald, aged 7 (left) and Mary Ann Burgwald, 9, were among the entertainers at the Clem Teets Oil Company dealers' dinner Tuesday evening in Terra Alta. They are children of Mr. and Mrs. Fred Burgwald, of Oakland. Seated in the above photograph is Arthur Cassell, of Terra Alta, who acted as master of ceremonies. Also appearing on the program were the young sons of Mr. and Mrs. Teets, Jim and Bob; the Mountainaires, local quartet composed of Wayne Hamilton, Harold Holsopple, Harold Benson and Jay Bell; and Deets Parrack, the latter of Terra Alta. Mayor J. W. H. Browning, of the West Virginia city, welcomed the visitors.

It Runs Through My Mind

By POLLY J. HANST

Pardon Me for Laughing

A letter came from a subscriber commenting on the editor's note that was at the end of my column when the boys went off to school. This reader said, "He (the editor—my husband) has a greater sense of humor that I had suspected."

Gee, but that tickled me—all over—for he always thought his sense of humor was as keen as a knife's edge, while his poor wife was born English and was doomed to remain that way.

At the golf club dinner last week Mr. Buchanan, editor of The Democrat, put on an amazing show in memory. The audience called out words of any kind or description up to 30 and they were written on the blackboard. He then recalled each item by number.

We watched the board but he didn't. He said it was all done by association. When No. 15 was called he pointed our way and said, "Mr. Hanst gave that one." He thought a minute and said "Rosette," which was correct.

I chuckle every time I think of it. From now on when the editor of the Democrat sees the editor of The Republican he will think, "Rosette."

Society is Keeping Up

Keeping up with society was not one of the codes of living in the farm community where I grew up. We were hardly conscious of the Jones, let alone the group that is called "upper crust."

But society is trying to keep up with us, I notice, by the society page of the Baltimore Sun.

There is much partying for debutantes before the cotillion in December. One smart couple is entertaining a young lady with a 'Coon hunt, followed by supper.

A 'Coon hunt! I could hardly believe what I saw. The only difference I could note—down on Middle Run we had supper first and then the 'Coon hunt.

Deep in my heart I'm happy for these gals who are in this social whirl. If they'll let down their hair and don some old clothes the 'coon hunt could be the highlight of the season.

Won't they have a lot to tell their grandchildren. "The year I came out we had a 'coon hunt—". Novel—and they may think original.

A Noble Ambition

One of the families who is enrolled in Farming for Better Living wrote in the record book that one of the big projects was to get rid of the clutter.

That is no small chore for many people. It means throwing away, storing away, even building sheds or other storage space.

There is nothing that adds more to the looks of a place than that "picked up" look.

We give impressions to the travelling world of the kind of people we are by the way our homes, farms and roadsides look.

Sometimes I wonder as I look critically about our own place, if we don't become immune to our own clutter. For instance the fruit bowl on top of the refrigerator has everything in it from a stray clothes pin to ungentine—and I pay no heed until I notice a six-footer can see right into it.

—o—

What A Mistake

In a flurry of ambition I laid out every yard of material and every pattern exposed on a bed, which was labeled "fall sewing."

This I will tear into, I told myself, and every day finish a garment. But every time I go into that room I feel that I'm wearing a yoke made from every yard of that fabric. Why, I'm tired out just looking at what has to be done.

I believe bringing out just one piece at a time would have been lots better psychology—and then pretent that there wasn't another thing in the world to do. How we have to kid ourselves along!

Missionary To Be Speaker Here Sunday

Miss Elsie Otto, missionary from Liberia, Africa, is back in the United States on furlough, and will be the speaker for the morning worship service at St. Mark's Lutheran church on Sunday, November 15, at 10:45. This service is the annual Thank Offering of the Women's Missionary society.

Miss Otto's home church is Trinity Lutheran in Wheeling, W. Va. She was commissioned in Chicago on September 14, 1920, arrived in Monrovia, Liberia, on November 15, 1920, and has served in that field since then. The salary of Miss Otto is paid by the West Virginia Lutheran Synodical Missionary society.

In December, 1951, the Monrovia Institute awarded Miss Otto a certificate of recognition for thirty years of service as a missionary.

Miss Otto also has a speaking engagement at St. John's Lutheran church at Red House on Sunday evening of the same day as the service in the Oakland church.

See No Improvement For Farm Business

Maryland farmers cannot expect an improvement in farm business in 1954. This is the forecast made in a farm business outlook report by Department of Agricultural Economics and the Home Demonstration Department of the University of Maryland.

The outlook points out that there are large supplies of farm products and that a slight decrease in demand is expected for those products. This supply-demand situation offers little hope for a rise in farm prices during the coming year.

While very little, if any, price increase in 1954 is foreseen, the report also emphasizes that a serious depression is not expected in the year ahead. The overall situation should not get worse, because farm operating costs and family living costs are likely to stay at about the present levels.

In reviewing farm business during the past year, the report points out that farming costs dropped in 1952, but at a much slower rate than the prices paid for farm products. It shows that prices received by Maryland farmers during the first nine months of 1953 averaged about 11 to 12 per cent below 1952 prices, while farm costs in the state have dropped only about four per cent. The only exceptions have been apples, eggs and tobacco. Prices received for these commodities so far in 1953 have averaged higher than last year.

Items in the family living budget which have increased in cost during 1953 are medical care, public transportation, telephone and gas rates, laundry, dry cleaning, domestic service, and urban rent. The report says these increases have been cancelled out by slight decreases in the cost of clothing, building materials, and home furnishings.

The Department of Agricultural Economics and the Home Demonstration Department will issue additional statements in the near future giving more details about the farm business and family living outlook for 1954.

County Resident Is Released on Bond

Arrested In Allegany County On Charge of Fraud

Cecil Savage, 32, of the White Rock section near Friendsville, was released from the Allegany County Jail under $1,000 bond pending grand jury action on a fraud charge.

Savage is accused of defrauding a Cumberland insurance agent by making a false report that six large tires were stolen from his truck. The man purchased the truck in August from a Grantsville dealer. In September he reported to State police that the tires had been stolen from his truck.

Cpl. William F. Baker, who investigated the case, reported that Savage later admitted that he removed the tires himself in order to collect the insurance money.

Cpl. Baker said Savage was arrested November 4 at his home. When reported stolen September 21 at Oldtown, Savage had been using the truck on a lumber operation in that area.

Baker said he went to Savage's home and discovered four of the tires and wheels in a wood shed under some lumber, the other two tires and wheels were found in a back yard. Baker said Savage also admitted collecting from an insurance company as a result of his alleged loss by theft. The tires and wheels were valued at $1,000.

Richard Marcus, Baltimore merchant, was named a member of the State Board of Education by Governor McKeldin.

Oakand High Class Plans 10th Reunion

Members of the 1944 graduating class of Oakland High school are to meet Tuesday night, November 17, in the Southern High school cafeteria to further discuss plans for a class reunion to be held in June, 1954.

A preliminary meeting was held November 2 of members of the class at which time Mrs. Phyllis Trickett was named chairlady and Mrs. Susan Beckman as secretary. The group planned a dinner followed by a dance to commemorate the tenth anniversary of their graduation.

Mrs. Trickett said the first meeting was well attended but urged all of the class to be present Tuesday if possible so that adequate help would be available in locating and notifying each of the 105 surviving members of the group.

House Warming Party Held

A surprise house warming was held Tuesday night, November 5, for Miss Delia Wolfe and Mrs. Lizzie Fike at the new home of Miss Wolfe on Route 50 near Red House.

Guests included Mrs. Cecil Snyder, Miss Elizabeth Martin, Miss Hazel Shoemaker, Mrs. Hervey Wolfe and Lawrence, Mr. and Mrs. Roy Arnold, Mr. and Mrs. B. F. Knepp, Mrs. John Bachtel, Mrs. Nellie Warsaw, Mrs. Nora Snyder, Mr. and Mrs. Lee Martin and children, Mr. and Mrs. Arley Fike and children, Mrs. Ada Martin, Mr. and Mrs. Ronald Martin and family, Mr. and Mrs. Albert Snyder and children, Mrs. Raymond Martin, Mr. and Mrs. John Pysell and Elizabeth, Miss Eleanor Bowman, Miss Pearl Wolfe, Mrs. Harold Holsopple, Mrs. Roy Bowman, Mr. and Mrs. Cyrus Wolfe, Mrs. James Hamilton, Mrs. Frank Snively and children, Mrs. Clara Sisler, Miss Ora Wolfe, Miss Jean Fike, Mrs. Dewey Gnegy and Lorraine, Mrs. Mergil Fike, Mr. and Mrs. Harvey Fike, Mr. and Mrs. Wayne Hamilton and Brooks, Mrs. Lester Martin and Sandy, Mrs. Sadie Roth, Mr. and Mrs. Elza Biser, Mr. and Mrs. Amos Martin, Mr. and Mrs. Harry Beeghley and Mrs. Bessie Shoemaker.

Forecasters decided to study reasons why they were caught unawares by a freak storm that dumped a big load of snow on Northeast Saturday.

Seal Sale Letters To Be Mailed Friday

Garrett county residents will receive twice as many letters containing Christmas seals this year, it was learned from the Maryland Tuberculosis association which sponsors the seal sale campaign annually.

According to Glenn K. Davis, chairman for both Garrett and Allegany counties, seven thousand letters would be mailed to Garrett county citizens on November 13. Although there is no goal set Mr. Davis was hopeful that there would be an increased return this year so that the health work carried on by the association could be enlarged and improved. Last year 3,100 letters were mailed to Garrett countians and $1,500 was contributed.

Mr. Davis also pointed out that with the additional mailing there might be a number of duplicates, and if there were the association certainly was not expecting duplicate contributions. He hoped, however, that the duplicate would be returned to the association office in Cumberland with the address, indicating the duplication.

The tuberculosis association conducts the T.B. clinics yearly and the healthmobile trips to the various parts of the county. Next year it hopes to include other aids in preventing tuberculosis. A trip is contemplated to the schools with the x-ray unit next year and this is planned for sometime in May.

Of the number having x-rays this past summer the association is now checking on some forty cases with the probability that ten new cases may have been discovered in the county.

British meat industry will be handed back to private traders next summer and nation's fifteen years of food rationing will end.

ONE WORD . . .

Can Change Your Life

By REV. ROBT. OLEWILER
Pastor, Grace Reformed Church
Washington, D. C.

BIBLE

Your Bible is as relevant to your life as the shopping center. It's as fresh as today's newspaper. It's the liveliest reality in all of literature.

During World War II, Joseph Bergrav, the Bishop of Oslo, was put into prison. At first he was allowed to have his Bible and to send a short letter to his wife each week. When he wrote to her after the First Sunday in Advent in 1942, he said: "The Gospel Lesson for yesterday was remarkable. It contained that passage, 'I am come to set the captive free, to bring freedom to the oppressed'." The Bishop's wife was called before the Chief of the Gestapo police and was told that her husband was henceforth forbidden to quote from the Bible. "The Bible is much too topical," the Chief of the Gestapo said.

Indeed it is! You keep up-to-date when you keep using your Bible, the word that can change your life.

With Our Men In The Service

Master Sergeant Pierce E. Glotfelty is now continuing his career as a member of the famed "All American" 82nd Airborne Division at Fort Bragg, North Carolina.

As a member of the 82nd, Sergeant Glotfelty will receive advance training in military tactics, and participate in the various training exercises and maneuvers held by the division throughout the year.

He is the son of Mr. and Mrs. Bernard H. Glotfelty, 142 Second Street, Oakland. Before joining the 82nd, he served in Korea with the 2nd Armored Division. His decorations include the European Theatre of Operations Ribbon with five battle stars, the Korean Service Medal with four battle stars, and the United Nations Ribbon.

Cpl. Lester Moon is also a new member of the 82nd. He is the son of Mr. and Mrs. Robert L. Moon, of Oakland, and entered the Army in July of 1951, receiving his basic training at Fort Knox, Ky.

* * *

Cpl. Ivan Arbogast, son of Mr. and Mrs. Jay Arbogast, Route 2, Oakland, took part last week in Exercise Monarch, annual fall training maneuver of the U. S. Forces in Austria.

Arbogast arrived overseas in September, 1952, and is serving as a mechanic in Company A of the 832d Ordnance Battalion. Before entering the Army in January, 1952, he attended Morgantown, W. Va., High school.

Walter A. Kelley, whose wife, Betty, lives on Route 2, Deer Park, was recently promoted to sergeant while serving as a demolition specialist with the 33d Regimental Combat Team's 57th Engineer Company at Fort Kobbe, Panama Canal Zone.

Soldiers in the Canal Zone undergo intensive jungle warfare training while providing security for the vital waterway. They also conduct large scale training exercises for other units based in the U. S.

Kelley, who wears the Bronze Star Medal, Purple Heart for wounds received in action and the Good Conduct Medal, entered the Army in February, 1948. His parents, Mr. and Mrs. Allen J. Kelley, are in Deer Park.

Pvt. Harold L. Brant, husband of Mrs. Janet C. Brant, McHenry, has arrived at Camp Rucker, Ala., to undergo initial military training.

Inducted into the Army September 17, and processed at Fort Meade, he will receive basic training from the 47th "Viking" Infantry Division.

Along The Potomac

With Your Congressman
DeWITT S. HYDE

The reopening of the White spy case has hit the Capital with a terrific impact.

It made the headlines last Friday when Attorney General Brownell announced its discovery of records which showed that the White House was informed by the FBI in 1945 that Harry Dexter White, then Assistant Secretary of the Treasury, was a spy for the Soviet government. White was given an even more important job, on the International Monetary Fund, after the FBI report was made.

Most of the comment heard in the offices and hallways of the Capitol Building summed up to this: That the discovery of the facts in the White case should be a signal for every appropriate government agency and Congressional committee to delve into every file, every document and every corner of the nation to find out whether there may be other such cases which have affected our national security.

Up to now a relatively small number of Democrats and Republicans have warned that the U. S. was getting into tragic trouble security-wise, while left-wingers have scoffed at the idea and refused to cooperate in investigations to determine whether or not there has been a security problem.

Evidence that there has been something definitely wrong is obvious in the fact that 1456 security risks have been fired or allowed to resign from the government so far this year. In the State Department alone they have been dropped at the rate of nearly two every day.

The American people and their federal government must face a grim fact that our republic is leading the free world in trying to withstand the domination of the globe by a handful of Communist gangsters whose headquarters is in the Soviet Union. There is no point in even attempting to keep up such a struggle and spend the money and lives necessary to sustain it unless American citizens can be confident that their leaders are permitting no sellouts and tip-offs to our enemies.

It is as simple as a football game. If the right tackle has an injured ankle the coach has to make a substitution as soon as possible. In the meantime, he doesn't want the opposing team to notice the weakness, or they'll run every play through right tackle. And if he doesn't do something about it fast, the fans will see to it he doesn't remain in his coaching job very long.

On my calendar: Sunday I will join members of the House Judiciary subcommittee on claims to go to Galveston, Texas, to look into the personal claims resulting from the terrible Texas City harbor explosion in 1947 which killed many scores of persons. We expect our work to take at least three or four days, after which I will be back in Maryland and Washington.

THE BIBLE SPEAKS

BY DR. KENNETH J. FOREMAN

Scripture: [illegible] 10; Matthew [illegible] 12:13-24; 2 [illegible]

Devotional Reading: II Corinthians 8:1-9.

Stewards Of God

Lesson for November 15, 1953

IF THERE is anything the Bible teaches clearly, it is that man does not own this earth. It is given him, not permanently, not to do with as he pleases, not to waste, not to use selfishly; but given him to each generation, to use for the service of man and to the glory of God. Man is expected to contribute something of his own toil and thinking; expected to put something in as well as take something out. Human nature being what it is, we tend to take credit to ourselves for all we possess. However, when a man honestly recognizes how much of what he has comes to him as a gift from God, he can see that his life is a partnership with God, and that God as an investor in the human enterprise has the rights of a senior partner and owner of most of the stock. To act as if we ourselves were the lords of creation is plain dishonesty.

Dr. Foreman

The Church, God's Special Agent

Let it be said again, though it has been said before: The church is the one community on earth which is devoted solely to carrying out the purposes of God. The church is God's channel of action; the church is the body of Christ through which our Lord lives and works. The church is the one organization devoted to the "ideal world"—the kingdom of heaven—which aims at bringing about that world through the most fundamental of all methods, transforming life from within. The church is the one organization on the planet whose aims actually go beyond time, for its intention is to prepare men not only for usefulness here under the sun but for eternal life.

Now you would think that church members would realize this and act accordingly. But most of them do not. (Query: Is a "church member" who neither knows nor cares what the church is doing, a real member at all?) Look at these facts: Out of the total income of church families throughout the U. S. A., only 1.1 per cent is being given to churches and their work. Only 1.83 per cent of taxable income is deducted for gifts. Only about 45 per cent—less than half—of the present membership give anything of record for local church support; and only about 30 per cent give anything to the outreaching benevolent activities of the church. You might not be surprised that non-Christians are selfish; but when more than two-thirds of the enrolled church members don't put in one red cent for the unselfish purposes for which the church exists, something is rotten in Christendom.

* * *

Four Points In The Christian Program

Let us come to some more brass tacks. There is no argument among the leaders of all Christian churches that there are four major emphases in the program of the church. 1. Evangelism—winning new Christians. (If you don't believe in that, you are voting for Christianity's sickness and death.) 2. Christian education—training better Christians, learning how to serve as Christians in every walk of life. (If you don't believe in that, you are voting for an infantile kind of Christianity, blind to the problems of life today.) 3. Missions — spreading Christianity into new territories. (Don't forget that if it had not been for missionaries, your own race would never have heard the gospel.) 4. Stewardship—the active recognition of God as giver of life and life's possibilities, of God as senior partner in our lives, of the fact that what we have, we hold in trust for him.

Now it must be clear to any one who will take the time to think it over, that if point four is left out, the other three will just collapse.

What Is Your Church Doing?

At the grass-roots of this whole problem is the local church. What is yours doing to improve this situation of neglect? Does the minister preach on stewardship? Is stewardship studied in the church school? Do the adult study classes ever look into this matter seriously? Are our members "briefed" about being stewards of God? Do the young people's programs ever go into this?

If I should do some wrong to you,
Believing that would thrill me,
If you don't hate, I've earned my fate,
Your kindness sure would kill me.

The first frost breath of winter struck over this neighborhood last weekend. Some snow fell Friday night and on Saturday, with a brisk cold northeast wind that sucked the mercury down to within eight degrees of zero, as registered at the government instruments on the Elbert Beckel place two miles north of the village.

Mr. and Mrs. Robert Glotfelty announce the birth of a daughter at the Memorial hospital, Cumberland, last Friday.

A considerable number of folks from this section attended the Farm Bureau Banquet at Northern High school at the Cove, Thursday evening of last week.

William Emory and sister, Miss Kathleen, motored to Oakland on a business mission last Monday afternoon.

Elmer Yoder, who has been residing on the Mahlon Bender farm for three or four years, recently purchased a farm near Red House and moved with his family there.

The thousands of turkeys that were raised in this neighborhood this season are now becoming restless and worried by the rapid approach of Thanksgiving and their fate.

Basketball Practice To Begin At Southern

Varsity basketball practice at Southern High will begin soon, probably next Monday, according to Mr. Kyle Wilson, basketball coach. For the first time in its history Southern will have an adequate gym in which to practice.

Also states Mr. Wilson, "This will be a rebuilding year for the Highlanders inasmuch as all of last year's lettermen with the exception of Howard Sweitzer, a senior, have graduated. Those boys lost by graduation were Denver Sisler, Harold Orendorf, Bob King, John Hanst, and Ken Collins. Stanley Bussey was lost to this year's team when he moved to Erie, Pennsylvania.

"Several members of the Junior Varsity and Junior High squad are expected to see a lot of action. Both had very successful seasons last year."

Assisting Coach Wilson will be Coach Leonard Ritchie. Junior High practice will not begin until December 11.

Wilson released the following schedule of games: December 4, alumni, at home; December 8, Terra Alta, away; December 11, Mt. Savage, away; December 15, Beall high at home, 2 p. m.; December 18, Bruce, away; December 22, Valley High, away; January 5, Beall High, away, 1:30 p. m.; January 8, Elk Garden, home; January 15, Parsons, away; January 19, Bayard, home; January 26, Terra Alta, home; January 29, Valley High, home; February 2, Northern, home; February 6, Bayard, away; Feb. 9, Elk Garden, away; Feb. 11, Thomas, home; Feb. 17, Thomas, away; Feb. 19, Parsons, home; Feb. 23, Northern, away, Feb. 26, Bruce, home; March 2, Mt. DIED

MRS. OWEN T. TREACY

Mrs. Mary Agnes Sweeney Treacy, aged 74, widow of Owen Thomas Treacy, died last Thursday, November 5, in Garrett County Memorial hospital in Oakland, where she was admitted on October 29.

She was born in Baltimore on July 17, 1879, and was a daughter of the late Patrick and Ellen Chrystal Sweeney. Mrs. Treacy was a member of St. Peter's Catholic church in Oakland, the church Sodality, and the Civic club of Oakland.

Surviving is one daughter, Mrs. E. I. Baumgartner, of Oakland. Her husband died several years ago.

A requiem mass was celebrated Monday morning at 9 o'clock in St. Peter's church, with Rev. Michael K. Carney, pastor, officiating. Interment was in Oakland cemetery, with nephews serving as pallbearers. They were Gilbert and James Sweeney, Baltimore; William and James Ilesen, John and William Treacy. Mrs. Russell Brown sang during the mass, accompanied by Mrs. Felix Robinson.

Among the out of town persons attending the funeral service were Mrs. Thomas Sweeney, Mrs. Gilbert Sweeney, Jr., Mrs. James Sweeney, James Chrystal Sweeney, Mr. and Mrs. Frank Freeze, Mrs. Joseph Corcoran, Baltimore; Donald Freeze, Jesuit-novitiate, Wernersville, Pa.; Miss Marguerite Chrystal, Davis, W. Va.; Mrs. Harold Jones, Fairmont, W. Va.; and Mrs. Frank Sheehan, Washington, D. C.

MISS EDNA BRYDON RITES

Funeral services were conducted last Saturday, November 7, for Miss Edna Jane Brydon, 73, a retired registered nurse, who died suddenly last Wednesday after collapsing while shopping in a local store.

Services were held from the Episcopal church in Oakland at 1 p. m., with Rev. Alfred J. Haines, rector, officiating. Burial was in Rose Hill cemetery in Cumberland where a graveside service was held.

Three brothers survive, William S., E. Richard and Howard P. Brydon, all of Washington, D. C.

The deceased had resided for the past five years at the William-James hotel in Oakland. She was a native of Bloomington.

UMW Protests Local Coal Purchase By Allegany County

Three United Mine Workers officials last Friday lodged a protest with Ralph R. Webster, superintendent of Allegany county schools, over the action of the Board of Education there in contracting to buy some Garrett county mined coal for Allegany county schools, instead of insisting that all of it come from Allegany county.

Conferring with Webster were the three UMW officials and State Senator Robert B. Kimble.

Webster said the board took two factors into consideration, whether or not the coal meets the analysis requirements and is approved by the Bureau of Mines, and whether it was the low bid. Had the board insisted on Allegany county coal in all cases it would have meant paying an increase of at lease 50 cents per ton.

Five of seven dealers are supplying Allegany county mined coal. Suppliers obtain about 7,050 tons of coal during the school year. One firm was providing 1,930 tons of coal from Garrett county. Another had contracts for 900 tons and was getting most of that from four Garrett county mines.

Webster said he would present the problem to the board at its next meeting, but that contracts for this year already had been signed.

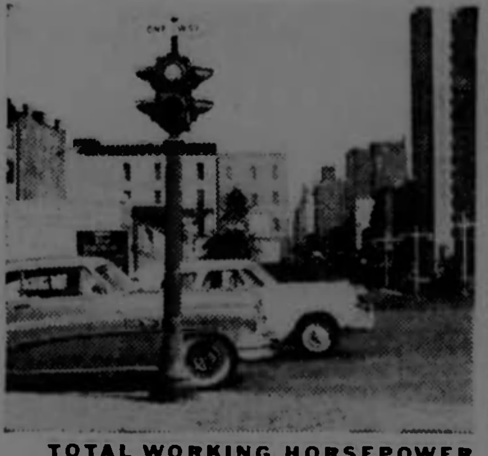
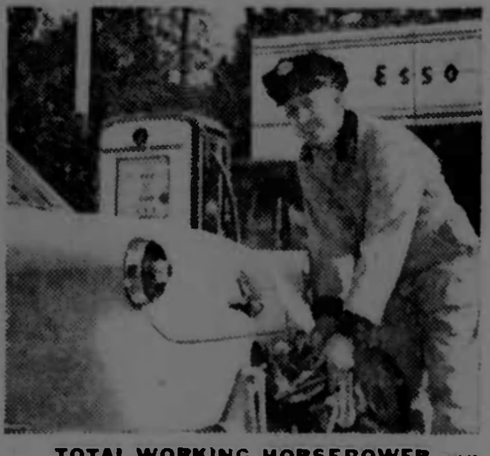
Esso Standard Oil Company is proud to offer
NEW
"TOTAL POWER"
ESSO EXTRA
THE BEST GASOLINE YOU CAN BUY!

TOTAL WORKING HORSEPOWER for the highest-compression cars! For many late model high-compression cars "Total Power" Esso Extra makes it possible for the first time to enjoy full performance without a trace of knock or ping.

TOTAL WORKING HORSEPOWER for many new cars where total performance is now kept "under wraps" by retarding the spark to avoid knocking. These cars may be set to fully efficient tuning, giving owners more horsepower, better gas mileage, too!



TOTAL WORKING HORSEPOWER wherever "cold engine stalling" is a critical problem on cool, moist days. Contains a special additive that protects against stalling caused by carburetor icing, permits maximum possible power-flow from the time you start your engine.



TOTAL WORKING HORSEPOWER can benefit present users of "regular" gasoline who drive mostly in short trips around town. Now, by switching to new "Total Power" Esso Extra, they can get better mileage this winter ... better all-around performance, too.

Bringing you:

1. MORE SHEER ANTI-KNOCK POWER than any other gasoline you can buy!

2. TOTAL POWER to get the utmost working horsepower from any engine under today's all-round driving conditions

New "TOTAL POWER" ESSO EXTRA is a blend of hydrocarbon power components especially engineered to meet the total power and anti-knock requirements of even the highest-compression new engines. For millions of older cars it means better working horsepower and better total engine performance. It is not only the finest gasoline in Esso history ... but the very best gasoline you can buy!

TOTAL POWER means just what it says. It means, to begin with, a great advance in sheer high-compression POWER under the toughest driving conditions. It means POWER to start fast in any weather ... POWER for fast warm-up ... POWER to kill off knocks and pings ... POWER to resist cool weather stalling ... POWER to take steep hills in stride ... POWER to pick up swiftly from a standstill. It means that in the total of the jobs your engine is called on to do, you can expect the maximum that can be obtained from any gasoline that you can buy. The inevitable result is the kind of smooth performance and long mileage you've always wanted.

For the very newest in "Happy Motoring" try new "TOTAL POWER" ESSO EXTRA in your car today. You will find no other gasoline gives you more in extra performance under today's all-round driving conditions.

Gladdens The Heart. . .

The Dewey Rice farm family is going through quite an experience, and we don't believe its members would exchange it for riches. Their hearts were heavy last week when their barn burned, destroying cattle, farm machinery, hay and grain, dairy equipment and other articles. They watched twenty-five years of effort go up in smoke.

This week their hearts are filled to overflowing because of what already has taken place and what will follow during the next few days. There have been barn raisings before, but one is not inclined to get too much choked up with emotion until the experience hits nearby.

Because of this genuine display of a truly Christian spirit by scores of neighbors, friends and total strangers, not only the hearts of the Rices are gladdened, but all who know and see what is going on at that farm, get a real thrill.

Last week where there was destruction and an outlook of hopelessness, this week there is a new 50x60 barn already under roof and a renewed faith in mankind. That faith is renewed for several reasons. There was no distinction as to religion or political affiliation. There were Amish, Mennonite, Lutheran, Catholic, Methodist, and most other denominations. There were friends, neighbors, total strangers, from miles around. Labor was freely given, materials of all kinds were either given outright or for only a portion of the cost. There was nothing for publicity or show. When a photograph was obtained a day before the "barn raising," several of the workmen remarked, "We don't want our names used." Others who had given material at sacrifice prices, instructed Dewey, "Now, don't tell anyone about this."

The women weren't to be left out of this either. For on barn raising day women's organizations and individuals brought food and served the 100 or more men who gathered at the farm home yesterday to place the structure on the block foundation that had been completed a few days before.

Is it hard to believe, in this day of hurry and bustle, that people would make the effort to provide time, talent and substance to do such a tremendous job for someone else —without thought of reward? Well, it happened this week in Pleasant Valley.

Rotary Features Musical Program

A musical program was featured at the last meeting of the Oakland Rotary club last Friday evening at the William-James hotel.

The program was presented by John T. Evans and two assistants from Fairmont State Teachers college, Fairmont, W. Va.

Among the selections were "I Am Thy Harp," "Let All My Life Be Music," by Miss Wanelia Fisher, soprano; "Time, You Old Gypsy Man," "Blow Me Eyes," by Mr. Evans, baritone; "I'm Falling In Love with Someone," from Naughty Marietta, and "Make Believe," from Show Boat. "My Hero," from the Chocolate Soldier, by Miss Fisher and Mr. Evans.

The program was arranged by Ralph E. Weber, who is program chairman for November.

Next Week's Issue To Be Published On Wednesday

Next week's issue of The Republican will be published and distributed on Wednesday, November 25, in order that members of the staff may properly observe Thanksgiving Day next Thursday, November 26. The office will remain closed all day on Thanksgiving.

Local correspondents and advertisers are urged to send in their material one day earlier than usual, and all others who desire to have news items published are requested to do the same, in order to insure publication in the week's issue.

First Family Concert Program Scheduled for Monday Evening

JEANNE CHALIFOUX

TIVIS WICKER

Two artists of nation-wide acclaim will be presented in the first concert of the Garrett County Family Concert Association on Monday evening, November 23, at 8 o'clock, at the cafeteria of the Southern High school.

Jeanne Chalifoux, harpist, and Tivis Wicker, baritone, will give a joint recital of varied musical compositions.

The concert is open only to the members of the association, who became members during a campaign several weeks ago.

Miss Chalifoux is the third generation harpist in her family. Her father's mother, Madame Olivier Chalifoux, was a distinguished harpist in Birmingham, Alabama. Her aunt, Alice Chalifoux, has been the first harpist of the Cleveland orchestra for the past twenty years and is one of the great soloists and harp pedagogues in the country. Jeanne Chalifoux is an artist in her own right. Born in Birmingham, Alabama, her musical training was at the Curtis Institute of Music in Philadelphia, and while there she was appointed the first harpist of the Curtis Symphony Orchestra. She has toured the country as soloist with the St. Louis Sinfonietta and last spring was featured as soloist with Virginia Symphony Orchestra under the direction of William Haaker in its Richmond concert. The public and press have been unanimous in praise of her unusual artistry. For the past two seasons, Carlos Salzedo has chosen her as his associate harpist in the famous Salzedo Concert Ensemble and in between touring, she devotes time to teaching.

Tivis Wicker has had a wide musical career and has been singing in concerts since the age of sixteen. Among the highlights of his career have been appearances with Howard Barlow, Sir Lawrence Olivier, Arthur Godfrey, and many others. He has appeared in concerts from New England to Florida, has sung on NBC and CBS network broadcasts and was in the most recent Broadway cast of the musical "Show Boat."

The career of Tivis Wicker was interrupted by World War II when the young vocalist was a lieutenant in the U. S. Navy. He survived the sinking of the USS Jacker H. Ellis, and later earned his wings as a naval aviator.

Second in the series of presentations, will be Nelson and Neal, duo piano team, on February 19, 1954; and the climax of the series will be the Virginia orchestra under the direction of William Haaker later in the season.

Plans Complete For Civil Defense Meet

Final plans for the annual meeting to further public interest in the Civil Defense program, were made Tuesday afternoon at a meeting of members of the Civic Club of Oakland, which is sponsoring the affair.

The meeting will be held next Tuesday evening, November 24, at 8 o'clock, in the fire hall in Oakland.

Col. Arthur L. Shreve, veteran of World War II, and at present deputy director of the Maryland Civil Defense agency, will be guest speaker. One of the survivors of the Bataan death march, Col. Shreve was a prisoner of the Japanese for four years.

Col. Shreve retired from the army after 34 years of service, on December 31, 1952, at which time he was commandant of the Maryland military district. A native of Baltimore he attended Gilman School and Polytechnic Institute. He holds the following awards and decorations: Legion of Merit, bronze star medal with oak leaf cluster, army commendation ribbon, purple heart, victory medal World War I, American defense medal with bronze star, Philippine liberation medal, Philippine defense medal, victory medal World War II, Presidential unit citation with two clusters and Asiatic-Pacific theatre ribbon. He was appointed to his post early this year by Governor McKeldin.

John S. Elliott, director of Civil Defense for Garrett county, has mailed letters to a number of civil defense workers and indicated that there would be time for discussion for questions pertaining to the defense program.

The group met Tuesday at the home of Mrs. E. R. Jones, club president, for the final planning. Miss Mary K. Williams was named chairman of the entertainment committee which will serve refreshments at the conclusion of the session, at a reception in honor of the speaker. Mrs. George Deacon heads the club's Civil Defense committee. Other members are Miss Irene Sharpe and Mrs. W. W. Grant. Aiding in the planning were Mrs. Fulcher Smith, vice president; Miss Nell Shaffer, treasurer, and members of the board of directors.

County Ranks 19th In Savings Bond Sales

Garrett county ranked nineteenth in sales of U.S. Savings Bonds in Maryland, at the end of October, it was announced by Howard C. Riggs, county chairman.

Sales of bonds in Garrett County through October, of $201,395, placed the county in 19th place, with 53 percent achieved in reaching the county's 1953 quota of $380,000.

Sales of U.S. Savings bonds in Maryland for October amounted to $5,165,887, which is the second month in which sales have passed the five million mark during 1953. In Garrett county the sale of E and H bonds for October was $20,087. Previously reported this year was an amount of $181,306.

Weather Still Dry

Garrett county's weather remained dry, cold at night with heavy frosts, and moderating during the day. But there was prospect of some snow by Friday night, it was reported at the Weber weather station. This morning the thermometer registered 15 degrees above zero, the same as yesterday morning. One morning last week the mercury sank to 13 above.

Committee Plans Series of Meetings

A series of meetings has been scheduled to discuss the 1954 agricultural conservation program in the county, it was announced yesterday by the Agricultural Stabilization and Conservation committee, formerly known as the Production and Marketing Administration.

The meetings are being held in cooperation with the office of John H. Carter county agent.

It is now time for farmers to enroll in the program if they are interested and they have until December 31 to do that. They may enroll at the office in the basement of the postoffice or may do so at any of the five meetings scheduled. The dates and places: Swanton school, November 24; Sunnyside Grange Hall, November 30; Grantsville school, December 1; Friendsville school, December 2; Accident school, December 3. All meetings begin at 8 o'clock p. m.

Around 1,500 farmers of the county were enrolled in the conservation program this year.

To Solicit Funds For Fatal Disease

Robert T. Hoffman, chairman for the "Letter Carriers' March for Muscular Dystrophy" in Oakland, announced that he and George L. Porter would make the march on their routes starting next Friday night, November 27, and continuing until the route is completed.

The Oakland "March" will be conducted in conjunction with the nationwide drive to raise $5,000,000 for the hundreds of thousands of victims of muscular dystrophy, a disease which affects mostly children. It is always fatal.

U. S. Postmaster General Arthur E. Summerfield, is honorary national chairman. The March will take place following a four-hour coast to coast radio and television show, featuring comedians Dean Martin and Jerry Lewis. Other Hollywood and Broadway stars will participate in the show, to be produced as a salute to the letter carriers of America, on Thanksgiving Eve, November 25.

Hoffman and Porter will be calling at every home in Oakland.

Union Thanksgiving Service Is Arranged

Union Thanksgiving services for Protestant churches will be held this year in the Nazarene church on Eighth street, it was announced this week. Rev. Forrest T. Benner, pastor, will be in charge of the service and Dr. W. S. Patterson, pastor of St. Paul's Methodist church, will deliver the sermon.

The service is scheduled for Thanksgiving morning, November 26, at 10 o'clock. Also joining in the worship will be the congregation of the Lutheran church, which is without a permanent pastor at this time.

Service at the Park

The Mt. Lake Park churches are also planning their annual union Thanksgiving service, which will be held at Bethel Methodist church at 10 o'clock a. m., on Thursday, November 26.

Rev. William E. Rogers, of the Baptist church, will bring the message. Rev. Blair Burr and Rev. Randall Prince will assist with the balance of the service.

350 Parents Attend "School Nite" P.-T.A

Apparently the parents liked the idea of returning to school for one night. There were 350 or more at the Southern High school Parent-Teacher association meeting on Monday night, a record attendance, when they took up the routine of their children by attending ten minute classes.

In the various classrooms they met teachers on an informal basis and learned about the school program. Students had previously given their parents a copy of their daily class schedule and the parents reported to the home room at 8 p. m., and from there went to all classes attended by their children.

There was opportunity also given to visit the guidance and library room and other parts of the school. Refreshments were then served in the cafeteria.

FARM PROGRAM WINNERS—Jim Copeman, of the Monongahela Power Company, left, is congratulating Mr. and Mrs. Harry Hummel, of New Germany, who were declared the winners of the 1953 Farming for Better Living Program. Mr. and Mrs. Hummel received the award at the FFBL banquet last Friday evening at the Southern High school cafeteria. Mr. and Mrs. Hummel are the sixth family to be thus honored since the program was inaugurated here six years ago.

Christmas Savings Checks This Year Will Total $25,000

Christmas Savings club checks from the two Oakland banks will total more than $25,000 this year, a slight increase over the previous year, it was announced this week. Both banks will mail out these savings checks December 1.

The money will be sent to more than 525 depositors of the First National Bank and the Garrett National Bank in Oakland.

Both banks are planning Christmas clubs for next year as soon as the checks for this year's account are mailed. First payments are due the first week in December and depositors may make as little as 25-cent payments each week.

Distribution throughout the entire nation will be greater than last year when one billion, twenty-three million dollars were sent out.

While most of the money is going for Christmas presents, it is estimated that 30 to 50 percent will go into savings accounts, insurance premiums and savings bonds. Many regular Christmas club members save for specific purposes, for winter vacations, to pay taxes, to meet insurance installments, to finance home modernization, and for tuition of college students.

Named Civil Defense Director for Oakland

Rev. John J. Atwell has accepted the appointment of civil defense director for Oakland, it was announced by Mayor Joseph Hinebaugh. Rev. Atwell replaces C. A. "Clack" Williams, who resigned recently after being transferred by his company from Oakland to Louisville, Ky. Rev. Atwell will appoint the deputy directors who will assist him.

Mayor Hinebaugh urged the citizens of Oakland to give the new director all the support they can. He pointed out that we never know what might happen with the world in the condition it is in today. He asked the people to be prepared for any emergency.

Others Named

The Mayor and Council of Kitzmiller has appointed James Banning as its civil defense officer. He will organize the defense program in the Kitzmiller area. W. C. Grimm, civil defense officer for Grantsville, said he would appoint an assistant in the near future. He is also expected to name several auxiliary officers for the area.

Frank T. Powers, Frostburg, has accepted the deputy directorship for rescue for Civil Defense in this county, according to John S. Elliott, county director.

Brotherhood Elects

At a regular meeting of St. Mark's Lutheran Brotherhood last Thursday night, Jack Veader was elected president of the group, to succeed William E. Sharps. Others named were S. R. Pagenhardt, vice-president; Cecil Bittinger, secretary; Stewart Cooper, treasurer. Mr. Cooper discussed the topic "Communism."

Training Course For Scout Committeemen To Conclude Dec. 1

The training course for members of Boy Scout and Cub troop committees of the Deep Creek district of Potomac Council, will be completed on Tuesday evening, December 1, it was announced by Willis V. Smith, scout executive of Potomac Council.

The first training meeting was held Tuesday night in the Methodist church assembly room in Oakland, which was attended by around twenty-five men. Feature of the meeting was a talk on boy scouting by James Gelwicks, a scout executive from the regional office in Philadelphia. Mr. Gelwicks pointed out the importance of the work with boys and the bearing it had on ones character in later life. He stressed the scout code of ethics which carried all through their adult experience.

A film strip on Boy Scout Fundamentals was shown with reading comments made by Robert Stanton. Responsibilities of an active troop committee were outlined by George H. Hanst. Both Stanton and Hanst are members of the Troop Committee of Oakland Troop No. 31.

The training course was arranged by Smith and Lewis R. Jones, chairmen of leadership training for the Deep Creek district. There were representatives from troops and packs at Deer Park, Crellin, Oakland and Mt. Lake Park. Rev. John J. Atwell, district chairman, presided.

Lions Club Meeting To Be Held Earlier

The Oakland-Mt. Lake Park Lions club, didn't want to interfere with the program of the Family Concerts association, so they changed their regular meeting night, but ran into difficulties.

The meeting was first changed to November 30, and after stories had been written and some informational material included in some advertisements in The Republican, another conflict with another dinner meeting was learned.

So the latest on the Lions club dinner meeting is that it will be held on the regular day, Monday, November 23, but that it will be held at 5:15 instead of 6:15. Officers said there will be no program, and immediately after the meal is served and eaten the Lions club members will team up and scatter through Oakland to sell brooms. Funds from the sale of these brooms will be used for the club's Community Betterment program. They calculate that they'll be through their canvass of the town in plenty of time to still attend the concert.

Have Until Dec. 28 To Change Affiliation

The Board of Election Supervisors announced that voters in the county had until December 28 to change their party affiliation, for the primary election, to be held June 28, 1954.

Four Injured In Car Wreck Monday

Arnold Friend in East Liverpool Hospital with Fractured Skull

Four persons were injured, one of them seriously when the automobile in which they were riding wrecked near Chester, W. Va., on Monday about noon.

Arnold Friend, who resides with his family on the Mt. Lake Road, is a patient in the East Liverpool City hospital suffering from a fractured skull, an injured back, and possible internal injuries. He was the most seriously injured of the four.

Others were Emory Friend, Carlton Fellers and Junior Teets, all of Friendsville. Friend had a nose injury, Fellers an injured knee cap and Teets, cuts and bruises. Fellers is a patient in a Meyersdale hospital.

The four were enroute to their work in Cleveland, Ohio, when the accident occurred, after having been home for the week end.

Runners Win Third

Southern High School's cross-country runners performed well at the two-mile racing competition at Clifton Park, Baltimore, last Saturday. The team placed third in B division with a score of 70. Towson had teams entered in both A and B divisions and won both races with scores of 34 and 22. Low scores win in cross-country racing.

Dennis Colaw was sixth man in his race, and Ernest Upole was seventh. Dave Benner was 16th, Richard Beem was 20th and Pete Johnson was 21st. Landenon, of Catonsville, set a new record by running the event in 10 minutes 47.6 seconds. Colaw's time was 11 minutes and 58 seconds.

Southern's cross-country team is coached by Thomas Stevenson.

Northern High To Hold Adult Education Classes

J. J. Fleming, principal of Northern High school at Cove, announced that Adult Education classes would be offered at the school this year. First regular sessions will be held Tuesday evening, December 1, at 7 o'clock.

Anyone interested in Driver Training or Bookkeeping was being urged to attend.

To Confer Rank of Page

Three candidates, including one from the Terra Alta lodge, will be initiated into the rank of Page by Garrett Lodge No. 113, Knights of Pythias, at Friday evening's meeting.

Officers are planning for the winter's activities, and urge all members to attend. Meetings begin at 7:30 p. m.

Extinguish Brush Fire

The Oakland Fire department was called Monday afternoon to assist foresters and others in putting out a woods fire that had started in the Rosedale section, west of Oakland. There was only slight damage.

Mr.-Mrs. Hummel Named Top Farm Family of 1953

New Germany Residents Declared Winners in Farming For Better Living Program

Mr. and Mrs. Harry Hummel, of the New Germany community, were named the winners of the 1953 Farming for Better Living award among seventy-six contestants this year. The award was announced at the annual dinner held last Friday evening at Southern High school cafeteria under the auspices of the FFBL council and a number of Garrett county business firms.

This was the sixth winner named in the county, the program having been active here for that many years. Other winners have been Mr. and Mrs. Ross Crowe, Mr. and Mrs. Lenwood H. Bittinger, Mr. and Mrs. H. A. Friend, Mr. and Mrs. Guy S. Stanton, Mr. and Mrs. Clark Schlossnagle. The latter also has been a sweepstakes winner among twenty-six other counties, all of them in West Virginia.

Mr. and Mrs. Hummel now become eligible for a regional prize along with a number of West Virginia county winners, and will be presented $25 at a regional banquet to be held early in December in Morgantown. Last Friday night the county winners received a county champion's ribbon.

Mr. and Mrs. Hummel have had an active soil conservation program on their 213-acre farm with strip cropping, tree planting and a windbreak. Improvements this year included the painting of several buildings, construction of a garage and a new granary. They have a 21-cow dairy herd and sell Grade A milk. A second tractor was added to the farm equipment this year.

They have planned improvements to the water system on the farm which will include an addition to the reservoir.

Mr. and Mrs. Hummel were selected from a top group of twelve farm families among the 76, and who were awarded blue ribbons for their improvement program. Other winners won red and white ribbons. It was the first year for 100 percent completion of enrollees and because of that the FFBL council will receive $25.00 from the Monongahela Power company for county 4-H work.

Mr. and Mrs. Hummel live on their own farm with a father and uncle, have four children, Doris, 14; John, 12; Carol, 9; and Joyce, 3. Two of them are 4-H club members and John has won honors with his dairy heifer. Mr. Hummel is a member and director of the Farm Bureau and is community chairman of the PMA committee. Mrs. Hummel is a member of the Farm Women's club. Both are active in church work. Mr. Hummel makes pallettes for the brick plant in addition to his farming activities. They have been in the Farming for Better Living program for several years.

Over two hundred persons attended the dinner which was served by members of the Home Economics department. S. Townshend Naylor, chairman of the FFBL council, welcomed the guests. Lewis R. Jones was toastmaster.

L. Bash Swisher, project director from the Monongahela Power company, gave an account of the activities of the entire program, and Mrs. Clark Schlossnagle spoke about the advantages of the program.

Robert H. Black, assistant dean of the College of Agriculture, West Virginia university, spoke on farm problems and opportunities, and explained the present trouble with the oversupply of cattle. Group singing was led by Clairy Hogue, who also sang two solo numbers. He was accompanied at the piano by Julius B. Lattman.

Prior to announcement of the winner by James Copeman of the Power company, the committee awarded prizes to all farm families attending, made possible by contributions by 109 business men.

A number of families enrolled in the 1954 program before leaving the meeting.

Atomic scientist asserted that U.S. should double military effort on annihilation by Reds.

THE GREAT GAME OF POLITICS

Restrain The Cheers

What had been widely heralded all over the country as a "national trend" against the Republicans, came to an abrupt stop last Tuesday, when in the special election in the Twenty-fourth California district Mr. Glenard P. Lipscomb, Republican candidate for Congress, was returned by a 7,000 plurality over three other candidates—two Democrats and another Republican.

—o—

This makes the political and journalistic spokesmen on the Democratic side look very silly because they had gone to ridiculous extremes in their interpretation of the Republican victories in the Wisconsin and New Jersey districts. No more will be heard about them. However, it is to be hoped that, in their turn, the Republicans will not attempt to construe their California triumph as a great victory for President Eisenhower and his policies, despite the fact that Mr. Lipscomb repeatedly said it would be so during his campaign and the Democrats had a registration majority of over 6,000 in the district.

—o—

Of course, it is a temptation but they would be wise not to cheer too loudly. For, the truth is, as every experienced practical politician knows, in these special elections in the off years, it is the "local situation" that counts and national issues rarely play a major part. In the New Jersey election, for example, it was undoubtedly the revealed corruption plus the fact that the Republican candidate for governor had written a letter favoring a pardon for the convicted extortionist, Labor Boss Joe Fay, that caused the upset. In Wisconsin the personality, character and campaign of the candidates were the big factors. In Virginia, while the Democrats elected a governor, Virginia simply does not elect Republican governors. Yet, though the Republicans polled an almost unprecedentedly high vote in a State contest, the Democrats insisted they had won a victory.

—o—

In California, while on the surface there seems good reasons for regarding the result as highly favorable to the Eisenhower Administration, inasmuch as several high Administration officials, including Cabinet officers, entered the State to plead for the Lipscomb election, there were other local reasons much more basic. One was that Mr. Lipscomb had the support of an efficient and well-equipped Republican machine in the district. Another was that he was far better financed. Another was he had better general publicity and more newspaper support.

In brief, there is no more justification for reading great national significance into this Republican victory than in those Democratic victories two weeks ago. Though important Eisenhower Administration officials appealed to the Twenty-Fourth district voters to "stand by the President," there is no reason to believe that they influenced a vote. If Mr. Eisenhower himself had gone out there in behalf of Mr. Lipscomb he might have done him harm instead of good. For, there are numerous incidents in not-too-recent political history where presidential intervention in local elections was devastating to the presidential choice. Recall Franklin D. Roosevelt's entrance into Maryland against Senator Millard Tydings and in behalf of the late David J. Lewis, a congressman with an outstanding record. Recall, too, the effort of Woodrow Wilson to defeat the late Senator James A. Reed in Missouri. There are other instances in the more distant past which could be cited were there space.

—o—

What it all comes down to is this—political experience and statistics extending many years back conclusively prove that the personal following possessed by an outstanding party personality cannot be transferred to a lesser personality in a local election merely for party purposes. The late Governor Albert C. Ritchie, four times Governor of Maryland, at the height of his popularity, tried it twice with extremely unsatisfactory results.

—o—

Philosophically ruminating on these after the second try, Governor Ritchie announced his belief that it could not be done and declared he would never try it again. Somehow or other it always creates resentment. Considering all this it seems reasonable to say that the California result, like those in New Jersey and Wisconsin, is not deeply significant. Two things it does appear to show: 1, that the propaganda of the last two weeks, chiefly inspired by the ebullient Democratic Chairman Stephen Mitchell, about the crumbling of the Eisenhower Administration and a tidal wave in the Democratic direction, was sheer rot; 2, that, notwithstanding the lurid threats of the labor bosses, all of whom violently opposed his election last year, there is no reason to believe that any considerable number of persons who voted for Mr. Eisenhower yet regret it.

—o—

Five major school building projects are slated for Allegany county next year.

Thrill Maker *from start to stop* (That's T.T. Dynaflow*!)

SOMETIME soon—like this week—you ought to try a Buick with Twin-Turbine Dynaflow.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response—with *two* turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration—where you barely hear the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed—the thrill, rarely found elsewhere, of silky smoothness in *deceleration*, too.

Will you be our guest at a sampling of a Buick with TT Dynaflow?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

It's Trade-In Time for a Better Deal
You'll be thrilled with the top allowance we will make on your present car. Come in and see us for the happy news—now. We can give you immediate delivery.

When better automobiles are built Buick will build them

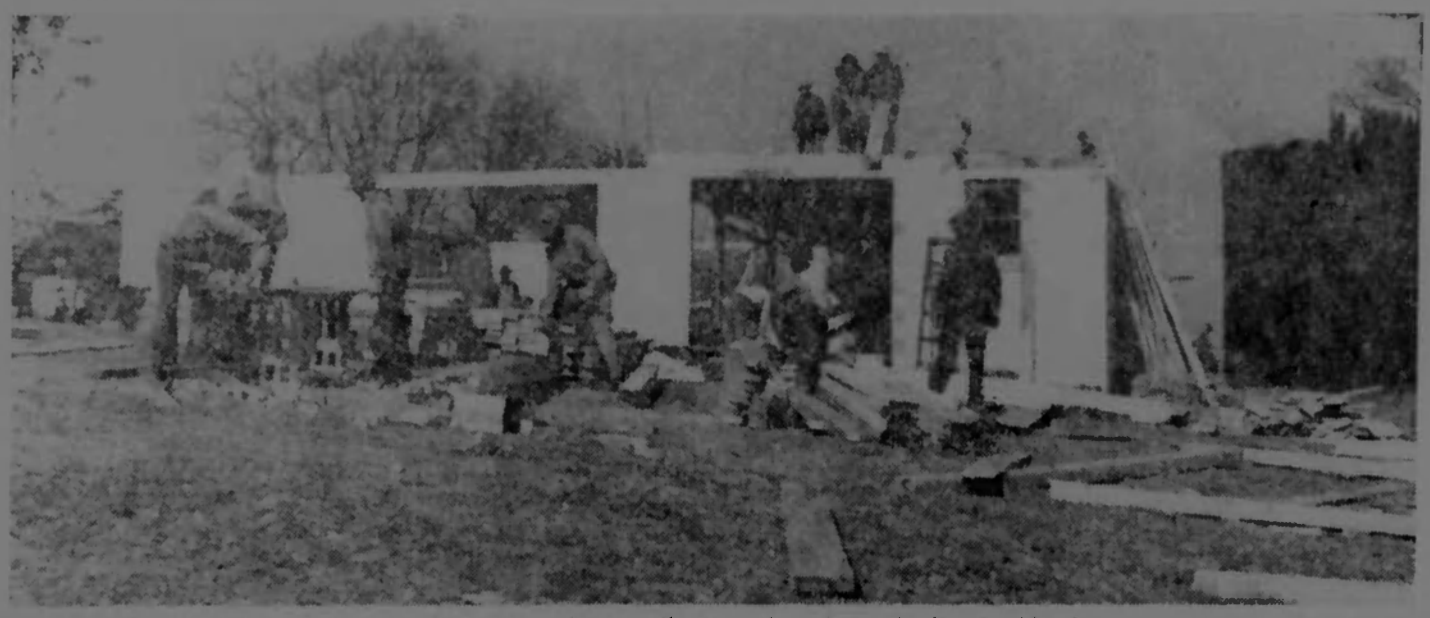
School News

At a meeting of the Parent-Teacher Association on November 5, Fred Barnetts, teacher, gave parents a comparison of the subject curriculum and the experience curriculum. The county now uses the latter method.

He said the parents seemed to be much in favor of the experience curriculum after the outline was explained. The comparison was made in ten ways where emphasis was upon teaching subject matter, teaching facts, imparting information, acquiring knowledge for its own sake, over and against the present method where the experience is centered in learners with emphasis upon promoting the all-around growth of learners with subject matter selected co-operatively, promoting understanding and improvement of living, with education itself considered as a continuous intelligent process of growth.

Parents also were shown the library and health room completed by pupils in the experience curriculum.

Thanksgiving dinner for the pupils will be on November 24. The pupils will give a Christmas program for the next P.-T. A. meeting on December 14.



BARN RAISING—Neighbors and strangers converged upon the Dewey Rice farm this week to assist in the barn raising which took place yesterday. Around 100 men from miles around came to help rebuild the structure that was destroyed by fire one day last week. This photograph and another one in today's issue were taken on Tuesday afternoon while the workmen were getting ready to raise the structure. In the foreground, workmen are using a portable electric saw to cut timbers, which were numbered and made ready for the big day on Wednesday. Throughout the previous ten days volunteer workers had rebuilt the foundation with concrete blocks and the day the pictures were taken twenty-five or more workmen were laying floor joists and doing other preliminary work. The half-destroyed silo from the old barn is shown at the extreme right. The new barn, 50 by 60, was brought under roof before the workmen left on Wednesday, all but one small section which they completed this morning.

Essay Winner Will Receive Scholarship

Governor McKeldin announced today that a four-year tuition scholarship to the University of Maryland will be awarded to the first place winner in the Essay contest now being conducted by the Governor's Committee to Promote Employment of the Physically Handicapped. The scholarship award was approved at the most recent meeting of the University's Board of Regents.

Running concurrently with the Essay Contest is a Poster Contest, also sponsored by the Governor's Committee to Promote Employment of the Physically Handicapped. Eleventh and twelfth grade students of the State-wide public, private and parochial schools are eligible. The theme for both contests is, "The Physically Handicapped—Competent, Dependable Workers." Rules for both contests are in the hands of all principals. Prizes for each of the contests are $100, $75, $50 and $25, with the additional University of Maryland scholarship for the Essay which wins first prize. The winning State Essay will be entered in the National Contest.

Both essays and posters, after approval of faculty members, are to be forwarded to the Governor's Committee, 6 North Liberty Street, Baltimore 1, Maryland.

David L. B. Fringer, Director, Employment Service Division, and R. C. Thompson, Director, Division of Vocational Rehabilitation, are co-chairmen of the Committee. There are a number of students from the county entered in this contest, according to the county committee.

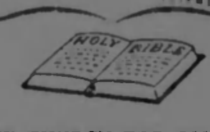
Alexander Pope has said, "Hope springs eternal in the human breast." And most of us will certainly not dispute his word. Who does not look for a better tomorrow? Who does not expect our troubles and sorrows will be eased next week, next month, or next year? It is human nature, and it is a wonderful attribute.

But mere wishful thinking and idle day-dreaming will do little to make our hopes come true. A passive attitude toward our ambitions will surely find us no better than before. This is true in all walks of life; in work, in play, in day-to-day living.

Along with this *hope* within us, other God-given gifts must be utilized. Habits of love, generosity, and brotherhood must be developed and our faith strengthened by regular attendance at our spiritual home, the Church.

The Bible . . . the Word of God . . . has been given to us as a pattern, a way of life for all to follow. Here we find the greatest promise ever given—that of eternal life. Through its great truths our hopes and ambitions are brought into proper perspective and we are able to press forward with confidence.

Take advantage of this great gift. Truly it is the Book of Hope!



THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

TOWN IS FORTUNATE IN HAVING WATER . . .

Since we reported last week that the water supply in the reservoir had dropped eight feet and termed the water situation rather serious in Oakland, several persons have jumped at this opportunity to criticize Mayor Hinebaugh because there isn't an overflow supply.

This is certainly unfair and somewhat silly. Practically no rain has fallen in this area for more than two months and in many parts of the country it has been longer than that. Many towns throughout the United States are in desperate need of water and have had to restrict the use of city water to a few hours a day.

Oakland, on the other hand, is most fortunate to have the amount of water it has, and actually it has been Mayor Hinebaugh's foresight and that of members of the City Council in preparing throughout the past several years against any water shortage.

They authorized the purchase of the Hinebaugh farm a few years ago and since that time two productive wells have been dug there which have been a life saver for the town. Last week the pump on the new well broke down and there was a loss of eight feet in the one reservoir. This loss was partially regained with the level now at about 5 feet from the top.

Both reservoirs have a capacity of 675,000 gallons. The daily consumption is approximately 125,000 gallons, and the pumps are now putting 150 gallons a minute into the system, or at least 200,000 gallons per day.

Part of one reservoir is always kept as a fire reserve, and so long as there is no serious outbreak of fire, all seems to be well. But the situation will remain serious here as long as no rain continues to fall. But while it may be serious here it is critical and calamitous in other sections, and we ought to give proper credit to those who have endeavored through the years to maintain an adequate water supply.

If we continue to watch ourselves and do not waste water, we can consider this part of the mountain top as very fortunate, and we ought to thank our officials for it.

LISTEN AMERICANS!

. . . by George S Benson
President of Harding College

No one should be surprised at the U. S. Army's report on the horrible Communist atrocities in Korea. The atrocities are shocking but not surprising. The fact that a great many Americans were surprised shows clearly how little our people know about the true nature of Communism and its diabolical conspiracy to conquer the world. Mass murder is the standard practice of the Communists. And yet many Americans will not accept this fact. Inhuman torture is a standard practice of the Communists. And yet the report that 6,113 American GI's died torture deaths in North Korea surprised even a number of Congressmen, according to news reports.

The army's report described the nature of the slaughtering of American prisoners as "bestial and sadistic." Atrocities horrifying even to war-hardened soldiers were related.

But the significant thing is not the sickening nature of these evil acts. The significant thing, which all Americans must at last recognize, is that Communists do not distinguish between good and evil. They consider torturing and mass murder as necessary steps in world Communist "progress." This butchering of innocent people is Communism in its true nature. In their creed there is no such thing as morality, justice, or sin. There is no God, no hereafter, no recompense.

Bakunin, one of the first Russians to join with Marx in the founding of Communism, described it as a new "religion." "Brethren," he told the fanatics of the Russian underworld, "I come to announce unto you a new gospel, which must penetrate to the very ends of the world: The old world must be destroyed and replaced with a new one. The Lie must be stamped out and give way to Truth. The first lie is God; the second lie is Right . . ."

This fundamental truth about the nature of Communism has been repeatedly confirmed to the American people by leading ex-Communists and FBI agents who have, in disguise, worked their way into the top ranks of the Communist apparatus here. Matthew Cvetic, who lived nine years within the Communist inner circle while serving the FBI, told me that 20,000,000 Chinese had been murdered since the Reds took over China and that the plan was to kill 100,000,000, or 25 per cent of the population. He said that Red leaders often expressed the belief that it would be necessary to murder one-third of the people of America if they were victorious here—to stamp out all seeds of opposition.

Clearly recognizing the true nature of Communism since I first began to study it, I have always advocated the outlawing of this evil conspiracy in America. We are foolish indeed to give legal protection to these mass murderers who hope to make America their final great victim.

SWANTON

AURORA - EGLON

Funeral rites will be conducted this afternoon at Maple Spring church by Rev. D. B. Spaid and Pastor Crumley, for Aemelius Fike, 89, who passed away Monday evening November 16, at the home of his son-in-law and daughter, Mr. and Mrs. Ronald Martin, of Cash Valley. Burial will be made in the Eglon cemetery.

Mr. and Mrs. Roy Shillingburg, of near Brookside, recently visited Mr. and Mrs. John Frush, of Westminster, who are both in ill health. The Frushes were former residents of Brookside where they owned and operated a flour mill.

About fifteen members of the Rebecca lodge of Aurora attended a Fall convention held at Bruceton Thursday evening.

Mr. and Mrs. Kenneth Snyder, of New Jersey, accompanied by Eddie Shaffer, son of Mrs. Ruth Shaffer, of Eglon, who had been employed there during the summer, came Saturday to the home of Mr. and Mrs. Gilmour Fike and Mrs. Shaffer.

Dr. Jacob Huffman, of Dayton, Va., was a Sunday guest of relatives and friends in this area.

Mrs. Carrie Painter recently left her summer home at Aurora and went to the home of her son and daughter-in-law in Grafton for the winter months.

Sunday guests at the home of Mr. and Mrs. Melvin Harsh and Mr. and Mrs. Nelson Harsh, of near Eglon, were Mr. and Mrs. Earl Mauron of Grafton, Mrs. Iva Bishoff, of Rowlesburg, Mrs. Jessie Worstler, of Akron, and Maura Lantz of Grafton. Mr. Lantz is a brother and all ladies are sisters of Mrs. Nelson Harsh.

Mrs. Shaffer, widow of the late John Shaffer, of Brookside, moved recently into a small house at Rock Inn, owned by Mrs. Aletta Mayer.

Fred Fike, twin son of Mr. and Mrs. Gilmour Fike, of near Eglon, received a back injury Friday while playing ball at school. He was taken to a local physician and later to Oakland for examination after which he was taken to his home. He has not completely recovered.

Mr. and Mrs. Dan Goodall, of Harrisburg, Pa., spent a few days recently at the home of Mrs. Goodall's mother, Mrs. Lela Roth, and other relatives.

Word was received here that Mrs. Paul Fike, of Uniontown, was a surgical patient in a hospital there. Mr. Fike is a son of the late Mrs. Sarah Fike, of Eglon.

Mr. and Mrs. John T. Fike, Mr. and Mrs. Rogers Fike and infant, Rev. and Mrs. Daniel Spaid and Mr. and Mrs. Robert Spaid and little daughter, all of this area were Sunday guests of Miss Allie Fike, of Morgantown.

Mr. and Mrs. Arvin Harsh, of near Eglon, are the parents of a daughter born Wednesday, November 18, in the Garrett County Memorial hospital. This is the couple's first child. The mother is the former Miss Reta Rogers, of near Burlington. The father, a farmer, is the youngest son of Mr. and Mrs. Jesse F. Harsh.

Mr. and Mrs. Robert Talley, of Washington, D. C., spent the weekend at the home of the latter's mother, Mrs. Bessie Evans, of near Brookside.

Mr. and Mrs. Gilmour Fike and two sons, Mrs. Clara Beckman, Mr. and Mrs. Kenneth Snyder, Eddie Shaffer and Mr. and Mrs. Theodore Rembold and family motored to Bridgewater, Va., Sunday where they visited relatives and friends.

A miscellaneous food and bake sale will be held Saturday, November 21 at the DeWitt and DeBerry store at Oakland by the Ladies' Aid society of Eglon.

The Junior Class of the Aurora High school will present a three-act comedy, "The Nervous Wreck," Friday evening, November 20, at the school auditorium beginning at 8 p. m.

Foresters Have Their Share Of Destructive Fires

Foresters in this area are getting their share of destructive fires, but most of them have been subdued before they gained too much headway.

William H. Johnson, district forester, said four fires had occurred since Monday, two of them in Garrett county. About one quarter of an acre was burned in a blaze on Tuesday in the Bear Hill section on Meadow Mountain.

Another blaze was reported in this county yesterday, about one and one-half miles west of Bloomington in the Laurel Run section. This fire was believed to have been set, Johnson said.

Johnson said the woods are now coming to a "critical" stage as far as destructive blazes are concerned. He complimented hunters on their care in keeping fires down.

Approximately 1,000 acres were ablaze in Grant county, W. Va., six miles northwest of Scherr.

Club Organized

The Monte Vista 4-H club was organized at a meeting last Thursday. Jackie Brooks was elected president; Nancy Bittinger, vice-president; Susie Porter, secretary, and Jane Harst, treasurer. Keep patience in your treasure chest,
As an antidote for worry—
For in life our blessings best
Come not in such a hurry.

On Thursday night of last week some night prowlers, who were ostensibly hunting deer, shot a valuable heifer on the Norman Bender farm near here. There is reported to be an epidemic of deer hunting by night in this neighborhood, but it is difficult to understand how anyone could mistake a large black and white heifer for a deer on a night that was not extremely dark.

A number of relatives from this vicinity motored to Greenbridge, Del., last Monday to attend the funeral of the late Mrs. Lewis Schrock, who died at her home in Delaware on Sunday last.

Lawrence Brenneman, Elbert Buckel and Dale Glotfelty spent the week-end with relatives near Baltimore and witnessed the football game in Baltimore on Saturday.

Miss Helen Stanton, who is employed in a Bedford, Pa., hospital visited her parents, Mr. and Mrs. Melvin Stanton here last week.

Mrs. Robert Buckel returned to her home here last Sunday evening after several days treatment in the Meyersdale, Pa., hospital and is reported as improving in health.

[illegible], of [illegible], Pa., was called here Sunday to attend Asa L. Dreydorf, who is ill at his home.

Several truck loads of turkeys were taken from this section to the Pittsburgh market during the past week.

Mr. and Mrs. Jones Peachy attended the Farming for Better Living banquet, held in Oakland last Friday evening.

It is reported that the Cherry Meadows glades are burning to a depth of two or more feet under the surface of the ground. The glade grass was fired, by the owners, to burn off the dry surface grass, as is the annual custom, but the ground was so dry that the fire has been smouldering deep underground for several days.

Quadruplets, two boys and two girls, were born to South Georgia farm couple.

United States recognized Soviet Russia twenty years ago November 16.

With Your Congressman
DeWITT S. HYDE

Texas City, Tex., Nov. 18.—Just before coming here with a House Judiciary subcommittee to investigate claims in the 1947 Texas City disaster, I heard Maryland's Senator J. Glenn Beall, back from a working trip to Europe, tell an inspiring story of what he found there.

Senator Beall's trip as a member of the Senate Banking and Currency Committee was to study the operations of the Export-Import Bank, created and supplied with capital by the U. S. Congress to make loans overseas. He learned that the operation is progressing extremely well.

He told me of the wonderful job the German people are doing in rehabilitating themselves and preparing for their defense.

"We talked with German treasury and commerce officials," Senator Beall said, "and found they were very eager to borrow money from private banks. There were even American bank officials over there competing with each other for this German business, and it was certainly a big indication that economic conditions are stabilizing to the point where governments aren't having to borrow and lend taxpayers' money on a crisis basis."

Senator Beall said West Germany borrowed $16,000,000 from the Export-Import Bank six years ago to buy tobacco and cotton, and they've paid off every penny of it, with interest.

He told how World War II destruction has been so well repaired in West Germany, under a free government, but that in a trip into the Communist zone he found that all of the bombed-out buildings are still standing in ruins.

I asked Senator Beall how the many American civilians and soldiers in Germany are getting along with the German people, and again his report was most encouraging. "Every German I met," he said, "had great respect for the American soldier. They remarked that the Americans conducted themselves like real gentlemen.

"Another thing," he continued, "we found that where American families vacate apartments when they're sent back home, German families are moving into the same buildings, living side by side with other Americans. It's a good sign of friendship, I think."

And I agree with Senator Beall. It seems that these people, our great enemy such a short time ago in World War II, are really very much like us and destined to be our true friends.

Is Your Name BECKMAN?

DO YOU KNOW THAT:

BECKMAN, an old and honored English and German surname, admits of at least two derivations. In its simplest meaning, it signifies "brook man" and was bestowed, when surnames came into vogue, upon those who live near a brook. It therefore is the equivalent of the popular German name "Bachman."

It should be noted that in early England, BECKMAN was often spelled as "Becheman," the latter being a man who carried the bowl to the king or other ruler. Thus, in this instance, BECKMAN is of occupational origin; and, according to legend, it probably was an ancestor of the BECKMAN family who carried the bowl that was called for by Old King Cole.

GERARD G. BECKMAN (1746-1822) served as a lieutenant in the New York troops during the Revolutionary War.

FRANCIS JOSEPH BECKMAN (1875-1948), the son of a chair maker who came to the United States from Westphalia, Germany, in 1871, was ordained priest of the Roman Catholic Church in 1902. After serving in various teaching and administrative capacities, he was made archbishop of Dubuque, Iowa, in 1930.

VINCENT HENRY BECKMAN, a lawyer and industrialist of note, is a member of the executive committee of Eagle-Picher Lead company and of the board of Sinking Fund Trustees of the City of Cincinnati, Ohio, where he makes his home.

THEODORE N. BECKMAN has been professor of marketing at Ohio State University since 1922. The author of numerous books pertaining to business operations, he served also as a member of, or consultant to, numerous federal boards and commissions during the Second World War.

IRLAND McKNIGHT BECKMAN, who was treasurer of Temple University, Philadelphia, for a number of years, is secretary of the widely known accounting firm of Charles S. Rockey Company, Philadelphia.

CIO president charged Eisenhower administration had settled down into "rigid pattern of service to big business."

Changes Made In Game And Fish Regulations

A number of regulations were adopted by the Game and Inland Fish commission at its quarterly meeting of October 24, which have been approved by the Attorney General of Maryland, as of November 3.

The regulations cover open seasons, size and creel limits for game and fresh water fish in non-tidal waters for 1954, and also names permanent trout streams and fly fishing areas. The regulations are effective January 1, 1954.

Two Garrett county trout streams are being changed from temporary to permanent basis. They are the Schell Laurel run watershed, from its source to the Potomac river; and Cherry Creek, from the fence at Bloch property to the bridge just above where it enters Deep Creek Lake.

Savage river, from Merrill bridge to mouth of Poplar Lick, has been made a fly fishing area only.

The following open seasons were announced, all inclusive: bass, June 1 to November 30; pike, pickerel, June 1 to November 30; Walleye, April 1 to November 15; trout, April 15 to September 15; catfish, February 15 to November 30; no closed season on suckers, carp, eel, gudgeon, all species of sunfish including bluegills, rock bass or red eye, fallfish, crappie, perch.

The creel limits set included 5 for trout, 10 for bass, 10 for walleye and pike, 15 for suckers, none on perch, crappie, catfish, fallfish, sunfish, carp, eel or gudgeon.

In size the regulations state that trout must be 7 inches, bass, 10; walleye, pike, striped bass, 11 inches; no minimum size for perch, catfish, fallfish, suckers, crappie, sunfish, carp, eels or gudgeon. Measurements in case of each fish shall be from the tip of the nose to the end of the caudal fin or tail.

Five states had record turkey crops but national production was down from last year's record.

GAS OPERATED GENERATOR—If the regularly channeled electricity fails at the Garrett County Memorial hospital in Oakland at any time, there will be no interruption of service in the operating rooms. A gas operated generator will provide the 10,000 watts needed to provide lighting and power in the maternity and operating sections of the hospital, halls and stairways of the three-story building. In most hospitals there is an emergency station, operated by storage batteries. The gas operated generator is calculated to insure no break in providing electric current at any time. Its value was shown last winter when the sleet storm caused interruption in the current for several hours. At this time the generator automatically began to operate and continued to provide electricity for eight hours. The generator was installed by the contractor, at the time the hospital was constructed. Standing beside the generator which was given a routine inspection Tuesday, is Russell H. Brown, of the C. and A. Gas company, in Oakland. It is tested periodically by the hospital engineer.

Report Shows Fish Plantings In County

Annual Booklet Also Tells of Fish Harvest From County Streams

The annual report of the State Game and Inland Fish Commission contains interesting information in regard to Maryland inland fishing conditions. The report on fishing is for the year 1952.

The report contains an account of the study of the harvest of fish from Deep Creek Lake, begun in 1951, which was continued during 1952. It was found that fishing was about 50 percent better in 1952 than in 1951 but still far below the level of other Maryland reservoirs. The bass fishing season was opened two weeks earlier and with the generally better fishing the total catch of fish increased from 9,000 to 12,000 pounds. There was no indication that the earlier opening date had hampered bass spawning.

The date in 1953 was moved still further forward to June 1. Fishing pressure on Deep Creek Lake was not excessive, the report said, the number of fishing trips amounting to 16,800 between June 15 and Labor Day. These trips produced a total of 28,500 fish, 58 percent of which were yellow perch, 14 percent crappies and sunfish, and 11 percent black bass. Trout amounted to a little less than 3 percent. The catch per man-hour amounted to 0.3 fish, all species per hour, or 3 1/3 hours to catch a fish.

During the past year a Deep Creek Lake Fisherman's map was published and distributed.

At Bear Creek rearing station general repairs were made and a defrosting unit for the refrigerator was installed. Approximately 18,000 trout were reared at this station at an approximate weight of 6,000 pounds or 2.9 fish per pound. It cost 86 cents per pound for fish produced. Ten thousand rainbow trout fingerlings were purchased to step up the production.

During the 1952-53 fiscal period the trout stocking in the county included 1,811 brook trout, 6,314 brown trout, 10,929 rainbow trout, all weighing 8,398 pounds. Five thousand rainbow fingerlings also were stocked.

The report showed 3,965 resident angler's licenses issued, 176 nonresident; 1,107 3-day tourist, and a total of 5,038 Deep Creek Lake boat licenses, bringing in a revenue of $19,867.76. Only Allegany county and Baltimore city had larger revenue totals from this source. The boat licenses alone brought in $3,660.

Besides trout there were 6,508 warm water fish planted in Garrett county and 1,000 bluegills.

Couple Planning 50th Wedding Event

Mr. and Mrs. Charles C. Layman, Long Stretch, will observe their golden wedding anniversary with an open house party at their home on Sunday, November 29.

The couple was married on November 26, 1903, at the Reformed Church in Salisbury, Pa., by Rev. Homer S. May, pastor.

Mr. and Mrs. Layman are the parents of three daughters, Miss Clara Layman and Miss Leona Layman, at home, and Mrs. Edwin Robeson, also of Long Stretch.

Mr. Layman, who celebrated his 79th birthday last month, was a son of the late Mr. and Mrs. Thomas Layman, Long Stretch. His brother, Scott Layman, celebrated his golden wedding anniversary last February.

Mrs. Layman, 77, was a daughter of the late Mr. and Mrs. C. J. Otto, of New Germany.

The couple have lived on their farm since their marriage. Mr. Layman is a member of the Mt. Zion Methodist Church and has been superintendent of the church's Sunday School for over 15 years.

Mrs. Layman is a member of the Trinity Reformed Church of New Germany.

Mr. Layman is an active member of the Garrett County Farm Bureau.

The open house party will be held from 2 to 4 p. m., and 7 to 9 p. m.

Nehru notified U.S. and Pakistan that any military pact between them would have "very far-reaching consequences in whole structure of things in south Asia."

Thirty Report For Basketball Practice at Southern High

Around thirty boys from Southern High have reported for basketball practice which got under way this week. They were able to use the new gymnasium floor for the first time today.

Coach Kyle Wilson said there are only two hold-over members from the senior squad last year, Howard Sweitzer and Charles Durbin, but that there were some likely prospects from the junior varsity and junior high squads. Four members of the squad are seniors, Sweitzer, Dave Benner, Timmey Sisler and Dennis Colaw.

Others who are trying out for the team include Eddie Bowser, Carl Root, Fred Dilgard, Danny Garrett, Roger Glotfelty, John Ratf, Jack Roth, Robert Glaze, Carl Kreyenbahl, Larry Friend, Bill Savage, Fred Steppie, Bill Sanders, Skip Sowers, Fred Colaw, Allen Knotts, Don Colaw, Steve Warner, Clinton Savage, James Wright, Ernest Upole, Paul Bachtel, John Marple, and Bill Jenkins.

Bill Shaffer and Don Welch are candidates for team manager. Assisting Coach Wilson in his work are Leonard Ritchie and Jack Vender. The latter will be coach of the Junior High team. Vender said fifty or more would be candidates for the Junior High team and practice sessions are to begin soon.

Back At Sang Run

REV. AND MRS. JACKS

Rev. and Mrs. Ralph Jacks have again taken the pastorate of the United Pentecostal church at Sang Run.

They have been engaged in evangelistic work for the past three years. Rev. Jacks attended the Apostolic Bible Institute of St. Paul, Minnesota, until he became engaged in gospel work a few years ago. Mrs. Jacks is a former resident of Morgantown, W. Va., and was graduated from University High school in that city.

GORMANIA

Rev. and Mrs. W. E. Wade spent Thursday at Kitzmiller as guests of Thomas Wilson and family. Rev. and Mrs. B. F. Spitzer, of Franklin, W. Va., and Mrs. Scheli, of Petersburg, were Sunday evening guests of the Wades.

The M. Y. F. of the Gormania Methodist church are having a Thanksgiving banquet at the K. of P. Hall at 6:30 p. m. November 20. The members of the group will bring a guest. The counsellors and the pastor and Rev. Jonathan Edwards are invited.

The Youth Choir will meet both Tuesday and Thursday evening for choir practice.

A revival will begin at the Oak Grove church November 22 at 7:30 p. m., continuing through November 29. Rev. B. F. Spitzer, of Franklin, will lead the singing and bring the message each evening. Rev. Wade is pastor.

President Tito of Yugoslavia said Italy could have port city of Trieste but he demanded part of Zone A for his country.

DIED

NORMAN L. PATTON

Norman Lewis Patton, 67, a native of Grantsville, died Sunday, November 15, at the home of a daughter, Mrs. Maynard Hasenbuhler, in Cumberland, with whom he had resided since August.

Mr. Patton was born August 20, 1886, a son of the late Henry A. and Mollie Fuller Patton. He spent his life in Grantsville, and had been a coal operator for several years prior to his retirement due to illness last year.

Surviving are his widow, Mrs. Orpha Patton, Grantsville; five daughters, Mrs. Hasenbuhler, Mrs. Howard Kahl, Dover, Del.; Mrs. Joseph Knepp, Cumberland; Mrs. Chester Henry, Detroit, Mich.; and Mrs. Paul Yommer, Grantsville; three sons, Henry M. Patton, of Grantsville; First Lieut. Norman P. Patton, with the air force at Eglin air force base, Fla.; and Tech. Sgt. John M. Patton, with the Marine Corps at Quantico, Va.; two sisters, Mrs. Ruth Durst, Grantsville; and Mrs. Savilla Scott, Hopwood, Pa.; 12 grandchildren and two great grandchildren.

Funeral services were conducted on Tuesday afternoon at 2 o'clock from the home in Grantsville, with Rev. George Bowsersox, pastor of St. Mark's Lutheran church, Grantsville, of which he was a member, officiating. Interment was in the Grantsville cemetery.

PHILLIP ORVILLE RYDER

Phillip Orville "Mickey" Ryder, of the U. S. Navy, stationed at Norfolk, Va., serving on the USS Mt. Olympus, died very unexpectedly on Saturday evening, November 7, in a hospital at Webster Springs, W. Va., while doctors were examining him, a short time after he had collapsed in a restaurant while drinking a cup of coffee. The cause of his death has not yet been determined.

The young sailor, a nephew of E. H. Dilley, of Oakland, was born near Marlinton, W. Va., November 14, 1932, and in one more week would have reached his 21st birthday. He is survived by his mother, Mrs. Rubye Dilley Ryder Douglas, of Clarksburg, W. Va.; his father, Major Oliver A. Ryder, of Aberdeen Proving Grounds, and three brothers; also his maternal grandmother, Mrs. J. Ott Dilley, of near Marlinton, W. Va., and his paternal grandparents, Mr. and Mrs. G. W. Ryder, of Marlinton.

His body was taken to the home of his grandmother, Mrs. Dilley, and funeral services were held on Thursday afternoon, November 12, at 2 p. m. from the Central Union Methodist church, conducted by Rev. Leslie Rogers, of Mt. Hope, W. Va., assisted by the pastor, Rev. R. T. Crigger, of Marlinton. Members of the V. F. W. acted as pallbearers and conducted military services at the grave. Burial was in Wilfong cemetery.

He had visited his uncle a number of times near Oakland.

Relatives attending the funeral from Oakland were Mr. and Mrs. E. H. Dilley, Glenroot J. Dilley, Mr. and Mrs. Delmar Dilley and little daughter, Glenna Ruth.

Home From Korea

Calvin Franklin Mellinger, seaman apprentice, son of Mr. and Mrs. John F. Mellinger, route 1, Swanton, and husband of Mrs. Christine A. Mellinger, Portsmouth, Va., was among forty-four Maryland sailors who have returned from a battle tour in Korea on the battleship New Jersey. The ship docked at Norfolk November 11.

Most County Soil In Need Of Lime

Need for additional lime in about 90 per cent of Garrett County soils is shown by soil samples collected by the University of Maryland College of Agriculture, according to a report issued by the Committee for Conservation Now.

The need for lime means that county farms are not producing as much as they could, the Committee pointed out. Where soils are deficient, liming can return from $5 to $10 in extra crop value for each dollar invested.

Lime deficiency is rated on a numerical scale on which 6.5 to 7 is desirable for most crops except tobacco and potatoes. The two exceptions require less than a 6 rating.

Liming is one of the practices important to getting the most out of the soil, the Committee said. It ranks along with such others as fertilizing, conservation practices, crop rotations, weed and pest control and good livestock management as a means of increasing yields.

For the state as a whole, about 75 per cent of the soil is to some degree deficient in lime. The percentage varies by counties from 70 per cent to as high as 99 per cent.

Lime neutralizes acidity in the soil, supplies calcium and magnesium to crops, makes phosphorus more available to crops and increases activity of nitrogen-fixing bacteria.

Tests to determine soil lime requirements can be arranged through county agents.

Young People's Group Meets

Seven MYF groups were represented at the monthly meeting of the Wesleyan sub-district, held at Deer Park Methodist church November 9. A talk was given on Christian Outreach at the council session prior to the devotional program. Jo Ann Craver was named publicity chairman. The group from Gormania was the banner with 57 points. Other groups included those from Kitzmiller, Oakland, Friendsville, Hoyes, Mt. Storm and Mt. Lake Park.

Ruth Broadwater gave the Thanksgiving story. Frances Paugh read a Thanksgiving poem and the Deer Park choir sang.

The next meeting is scheduled for December 14, at 7 o'clock, at St. Paul's Methodist church in Oakland.

Grantsville Notes

Has Armistice Program

The Grantsville Elementary school had a special program last Wednesday, November 11, to show the significance of Armistice day. A Legion honor guard participated composed of Fay Miller, Charles Bender, D. W. Hershberger, Donald Pickard, Thomas Kesner and Paul Yoder. Pat Bittinger, 5th grade, read paragraphs giving the meaning of the day.

A flag, presented to the school by Mr. and Mrs. Forrest Beachy, New Germany, in memory of their son, Robert Beachy, former student, who was killed in a plane accident last year enroute from Japan to Korea. The flag was accepted by Foster A. Riggs, principal. There were patriotic songs and readings and poems, with Delores Butler, Rebecca Renwick, Dixie Wiley, George Patton and members of grades one to three participating. A prayer of Rev. Harry Emerson Fosdick was read by Miss Elizabeth Workman.

Organize Club

Mothers met at the Grantsville school November 12 to organize a "Home Room Mothers' Club." Mrs. Ben Epstein was named general chairman with two chosen from each room: Mrs. John Hershberger, Mrs. Raymond Hollada, Miss Hughes' room; Mrs. Laurence Cornwell, Mrs. Harry Durst, Miss Opel's; Mrs. Clyde Bowman, Mrs. Jonas Johnson, Miss Weld's; Mrs. Elvin Caruthers, Mrs. Bayard Miller, Mrs. Robeson's; Mrs. Glenn Durst, Mrs. Guy Stanton, Mrs. Grimm's; Mrs. C. O. Bender, Mrs. Elmer Durst, Mrs. E. Opel's; Mrs. Robert Davis, Mrs. Luther Huff, Mrs. Beachy's; Mrs. Vernon Beachy, Mrs. Elmer Miller, Miss Workman's; Mrs. Clyde McCurdy, Mrs. Henry Patton, Mrs. McKenzie's; Mrs. George Blocher, Mrs. Gideon Durst, Miss Broadwater's; Mrs. Jonas McKenzie, Mrs. Harold Butler, Mrs. Williams'.

Miss Esther Opel served as chairman with Miss Claudine Opel and Mrs. McKenzie assisting at the tea. The Thanksgiving motif was used. Projects to be carried out were discussed.

School Activities

Members of the second grade went to the beaver dam at Avilton where Dale Arner, field technician, Inland Game and Fish commission, explained about the beavers and their homes. They stopped at the Turner dairy and saw milk being pasteurized and bottled.

The fourth graders are studying the "age of exploration" and have had films, stories, poems and pictures. Their art activities consist of spatter paint pictures and potato prints of Thanksgiving design. Frank Wood completed nine weeks of student teaching.

Miss Katherine Close, Potomac Edison, spoke to 4-H club members, and James McHenry, assistant county agent, also talked on care of animals to 4-H members.

Fifth and sixth graders are studying about Thanksgiving. The sixth grade is studying seasonal changes. A field trip was taken to the Game preserve on the Boucher farm, set up two years ago by 6th graders and F. F. A. boys. Growth and survival of pine trees were checked.

The school exhibited pictures of the library and creative art material at the State Teachers convention in Baltimore recently. A letter of appreciation was received.

The Mars Hill Homemakers club met recently at the home of Mrs. James Michael. Mrs. Bruce Folk, vice-president, had charge. Mrs. Floyd Durst gave a reading on "Thanksgiving" and also gave a report of "Achievement Day." Mrs. John Durst gave a reading on "Dieting." Miss Katie Beachy's birthday was observed. A surprise stork shower was given in honor of Mrs. John Durst. Plans were made for the Christmas party which will be held at the home of Mrs. Harold Baum with Mrs. Ellsworth Beachy as co-hostess, and will be held on December 12 at 1:30 o'clock. Mrs. Everett Oester and Miss Ida Engle have charge of the program. Those answering to roll call were Mesdames Lee Jacobs, Leslie Stanton, Guy Stanton, Sidney Setzer, Harry Miller, James Michael, Walter Kamp, Dan Folk, Bruce Folk, John Durst, Floyd Durst, Harold Butler, Ellsworth Beachy, Althea Beachy, Ivan Baker and Miss Katie Beachy.

Emerson Resh, of the U. S. Navy, returned to Virginia Beach, after spending several days with his parents.

Mr. and Mrs. Walter Kamp accompanied Mrs. Olen Bowser and children to Canton, O., after spending the past week with her parents, Mr. and Mrs. Arthur Resh and family.

Attorney Charles I. Bevans, of Arlington, Va., and James C. Beachy, Washington, D. C., returned to their homes after spending the week-end with their mother, Mrs. Eva B. Beachy.

Mr. and Mrs. H. C. Heckman are spending this week in Pittsburgh, Pa.

Mr. and Mrs. Elwood Bevans and sons Eddie and Dannie, Baltimore, are spending some time with their grandmother, Mrs. Eva B. Beachy, and Mrs. Bevans' parents, Mr. and Mrs. John Carey, of Long Stretch, Route 40. Mr. Bevans is enjoying a few days hunting since returning from World War II, he has been employed as a foreman in the Glenn L. Martin factory in Baltimore.

Thomas Younkin has returned home after visiting his son-in-law and daughter, Mr. and Mrs. Roy Miller, of Donora, Pa., where he assisted in laying brick in their new home. Ralph Hare, formerly of Jennings, was the brick layer.

Mrs. Cora Somerville, of Keyser, W. Va., visited relatives here the past week.

NEW GERMANY

The annual Thankoffering service of the Women's Guild will be held during the regular service at the Reformed Church this Sunday at 10:30 a. m. Mrs. Harold Broadwater, chairman, will be in charge.

Mrs. Ira Broadwater and son, Willard, and Mr. and Mrs. Raymond Bittinger and family spent the week-end in Baltimore.

Mr. and Mrs. Elmer Hutzell and family, Mr. and Mrs. Clyde Hutzell and son, Paul and Mr. and Mrs. Ed Shunk spent Sunday evening at the Blayne Shunk home.

The Homemakers club met at the home of Mrs. Parker Warnick last Thursday. Mrs. William Merrill, food chairman, had charge of the program.

There will be a public sale at the Ralph Wiley home on November 27, beginning at 12:30.

A planning meeting of the newly elected executive officers and the new chairman for the Women's Guild for the coming year was held at the home of Helen Otto on Sunday afternoon. Those attending were Mesdames Parker Warnick, Morris Beachy, William Kamp, Elmer Durst, Floyd Broadwater and Misses Beverly Beachy and Joyce Warnick.

Northern High Has 2nd P.-T. A. Meeting

Rev. Olonzo P. Fike, president of the Northern High P.-T. A., presided at the second meeting of the year on last Thursday night. The meeting was held in the cafeteria of the school.

Lynn Walker, of Cumberland, spoke on the topic, "Safety Is Your Business." Mr. Walker is a member of the State Industrial Accident Commission. A movie, "And Then There Were Four," was shown. An exhibit was prepared and shown, the feature being American Education Week.

Refreshments were served by the Hospitality Committee.

Special guests and members of the group who were recognized by Mr. Fike were C. O. Bender, president of the Board of Education; Ross Speicher, vice-president of the Board of Education and Harry Edwards, member of the House of Delegates.

ONE WORD . . .

Can Change Your Life
By REV. ROBT. OLEWILER
Pastor, Grace Reformed Church
Washington, D. C.

MOMENTS

Most things you have to put up with are just for a little while. They change. They pass away. So lift up your spirit!

St. Paul once said: "I never lose heart." On another occasion he testified: "I glory in tribulation." Remarkable! Here was a man who was beaten and left for dead, shipwrecked, put into prison, finally beheaded in Rome. His health was never good. He was forced to make his long journeys by walking rough roads. Yet he said: "I never lose heart. I glory in tribulation."

St. Paul knew that his sorrow was just for a little while. That's why he could be cast down, but not counted out, depressed but not defeated; "in all things more than conquerors."

Take courage. Human experience breaks up into fleeting moments, the word that can change your life.

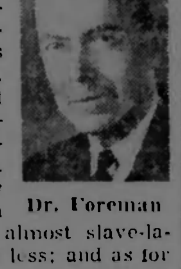
Help The Hungry

Lesson for November 22, 1953

AS CHRISTIANS, we owe a great deal to our mother-religion, the religion of the ancient Hebrews. Two of the characteristic strong points of that religion are ours too: one is that religion has everything to do with our everyday life, and the other is that society (that is, the persons who make up society) has a sacred duty to care for the weak and friendless. Now in ancient times the most helpless people in the community were the widows, the orphans and the "sojourners," that is to say, migrants, people without land or family, uprooted and displaced persons. Widows had very little chance at a living except by almost slave-labor; orphans even less; and as for the sojourner, in most places in those days even his life was in danger. If anybody starved in an ancient city, it would be the sojourner first, then the widows and orphans.



Dr. Foreman

* *

An Ancient "Poor-law"

The Hebrews were taught carefully, from Moses' time onward, that God loved these helpless persons, widows, orphans and sojourners; and the Hebrews were commanded to take care of them. Something can be learned from a study of the ancient laws protecting these poor persons, laws which the Hebrews believed, and so can we, that God himself inspired. They are not laws which we can copy unchanged, for conditions of life and work have changed. But the spirit of them is as fresh and as needed today as three thousand years ago. Consider this from Deuteronomy: "Love the sojourner therefore, for you were sojourners in the land of Egypt."

There is a certain rich man in America whom we may call Mr. X. He came to this country when a boy, an immigrant son of very poor parents. Had he stayed in the old country, he himself thinks he would have had to live and die at his father's ill-paid trade. In America's freedom, however, this boy rose to riches and honor, and is now a man who loves to talk of the "American dream" and of how he himself is an example of it.

But what does Mr. X think of encouraging others at this present time to come over and try the American dream for themselves? He is opposed to it. He wants no more immigrants. He is glad the door was open to himself; he wants it closed now for good. But he does not stand alone; he gets re-elected to congress by several thousand other Americans who do not love the sojourner. "Love the sojourner" means have a concern for migrant workers, for displaced persons, for immigrants, for oppressed minorities. America can hardly call itself a Christian nation unless it takes such laws of God more seriously.

Helping Men To Help Themselves

Another and more particular law is found in Leviticus 19, where the farmer of those days is forbidden to harvest either his wheat-field or his grape-vineyards clean. He must always leave some wheat ungathered, some vines untouched. We see how this worked in the case of Ruth who would have starved had she not had the chance to glean (pick up those stray sheaves) in the fields of Bethlehem.

This is not a law we can copy right on to our statute books; but we may well copy its spirit and intention. First there is a real concern for the man at the bottom of the ladder. Then there is given him an opportunity to work for his own living. Wheat and grapes are not delivered to his door; he has to get out and work for his food. But the point is that he is helped by being enabled to help himself.

Hunger Around The World

In the time of Moses, and of Jesus, indeed till most recent times, our neighbors, those whom we could help, were those whom we could see, within walking distance of our homes. No doubt there were famines in India, floods in Japan, while Jesus was living. But he never said a word about aid to India, because in the first place the Galileans themselves lived on the edge of starvation, and in the second place if they had had a million tons of surplus wheat they could never have reached India with a quart of it. In our day the world is smaller.

It Runs Through My Mind

BY POLLY J. HANST

Wonders Will Never Cease

The influence of this column has gone beyond anything I ever expected. Last week while Mary Riggs and I were working on the FFBL banquet, she told me she had gotten to work after reading what I had said about clutter. She doesn't like clutter either, she confessed, so "I just got busy on my spool drawer and when there were two partly used spools of thread alike, I re-wound one on the other. I really took the clutter out of that drawer!"

Why, I went home feeling that success had hit me head on. Imagine ME helping Mary Riggs improving her houskeeping! Especially with her thread—when half the time I can't even find mine!

Beware of Home Work

When little Christine Umstot, not yet school age, had a spree on spelling, her mother gave little heed to it in her busy hour. The child kept saying, how do you spell this—and this—and this. Each time Mary Grace spelled out the word unthinkingly because she was very busy.

But the spelling lesson meant something to Christine. She made herself a sign and pinned it on her front.

Mrs. Ervin Smith, next door, came out to call her husband who was supposed to be working in his garden. She found him playing hide and seek with Christine. When Christine emerged from the bushes she was wearing a sign in wee child printing which read, "I'm a lonesome little girl. No one will play with me."

It's a Two Horse Team

Marriage is like a team of horses "you pull the most when you pull together," and that's exactly what went through my mind as I observed the partners at the Farming for Better Living Banquet last week.

That is a terrific program. Many folks feel it is the most worthwhile thing in Garrett county. Each person who works on it, and for it, probably has his own idea of what's important about it. Howard Riggs may want them to make more money; Howard White may want them to produce more milk; Lowell Loomis and Towny Naylor may want them to have modern conveniences, and Brookhart, new and up to date machinery.

I want these things too, but I want to see them have good homes - strong in the things that you can't touch with your finger.

And that's why I got such a thrill out of that banquet. So many young couples, clean and well dressed, with an inner glow of happiness and accomplishment - who looked as if they were a team pulling for the same thing at the same time.

When the certificates were handed out there was no public display of who got blue ribbons, red ribbons, white ones. But there wasn't a disappointed look on any face around where I sat. They were happy with what they got. The ones who got the lesser ribbons knew they deserved no better.

"We're just getting started with a run down farm," one wife said, "and we know it will take years to reach the blue ribbon class. But this gives us something to work for."

Through it all it was their attitude of "oneness" that I liked. What greater joy is there in life than working together as a family to get the things you want most.

More Imagination Needed

Dr. Black of West Virginia University, in his talk at the banquet, said if a wife would take various cuts of beef, pork, veal and lamb, she could serve 137 meals without using the same cut twice. And that doesn't include chicken, turkey, duck, goose and fish.

And all of us have been guilty of asking, "What can I fix for dinner?"

Accident P.-T. A. Uses Question Box

Discussion Held at Regular Meeting on Monday Evening

Questions pertaining to the relationships of students, parents and teachers were discussed at the last meeting of the Accident Parent-Teacher association on November 16, at the Accident school. The questions on these topics were taken from the "question box."

Mrs. Kermit Glotfelty, president of the county P.-T. A. council, discussed the topic, "How P.-T. A. works in County, State and National," urging local goals of belonging to the county council, having approved by-laws, and acquainting people with the Parent-Teacher magazine. She also reported on the state meeting in Baltimore which indicated an intense interest in all children's education.

Fifth grade students who presented songs and rhythm dances included Carroll Burkhart, Jimmy Fratz, Charles Collier, Joyce Ann Haenftling, Jimmy Margroff, Peggy Fratz, Hazel Haenftling, Carol Oester, with Betty Savage, the piano accompanist. A short skit, "Old Friends Find New Hope," by Mrs. Clark Schlossnagle and Mrs. William Harmon, also was presented.

Many articles were displayed at the hobby tables by students and parents, which included wood burning, stencil work, oil painting, making of rubber molds, figurine painting, wood carving, leather work, soap carving, handwork, railroad models, etc.

The organization received an invitation to attend the inter-community P.-T.A. meeting at Northern High school on December 20. Miss Dora Schlossnagle's third grade room won the banner for attendance. Refreshments were served by the hospitality committee headed by Mrs. Ethel Seibert and Mrs. Robert Alexander.

VOLUME 77 OAKLAND, GARRETT COUNTY, MD., NOVEMBER 26, 1953. PER COPY, 8c. NUMBER 39.

Give Thanks To God . . .

If we are living as GOOD Christians in this November of 1953, we will remember to give thanks to God, not only on Thanksgiving Day, but throughout every day of our lives.

In a Thanksgiving message Dr. Franklin Clark Fry, president of the United Lutheran church, suggested four reasons for thanks: thank God for God, thank God for our forefathers, thank God for America, and thank God for our overflowing harvest and industrial wealth.

He explained the first by declaring no individual has security or long term hope except through Him. He pictured our forefathers as good, sterling Christians who seemed to be more consciously devoted to Christ than the present generation. The latter group, he felt, has a looser grasp on facts of religion than preceding generations. So, memories of our forefathers should make our Christian faith easier.

He thanks God for America with its religious liberty and freedom of worship, written into the constitution, and hopes that our children will be loyal enough, awake enough and reverent enough to keep it there. He wonders in this respect how many Christians will coldly ignore God on Thanksgiving Day.

Finally he thanks God for an overflowing harvest and industrial wealth, but finds this embarrassing as he travels throughout the world with entire continents hungry, and numberless exiles gaunt and thin—with America's barns bursting.

He explains the gush of God's liberality to America, not by our virtue, but only "as a daring proof of His trust in us." He pictures us as only stewards of God's bounties and expresses the hope this Thanksgiving that American Christians will be more generous than they have been in the past.

Daniel Webster, orator and philosopher, declared at Plymouth, Mass., in 1820, "Whatever makes men good Christians, makes them good citizens." As we come to Thanksgiving day, 1955, we should consider these words and place the emphasis on the word GOOD. The words remind us we must actually follow the teachings of Christ in our personal and business life, and in our dealings with other nations if we are to spread peace and good will in our own nation and around the world.

200 Attend First Concert Presentation

Two hundred or more persons were in attendance Monday night at the first of the series of presentations of the Family Concerts association. Jeanne Chalifoux, harpist, and Tivis Wicker, baritone, gave a joint recital of varied musical compositions, at the Southern High school cafeteria.

Mr. Wicker opened the program with four numbers sung in Italian, and was followed by three selections by Miss Chalifoux on the harp. After the intermission, Miss Chalifoux returned for four more numbers and a short encore, and Mr. Wicker then sang "Hard Trials," "Summer," "The Blind Plowman" and "Ol' Man River," and an encore number. Irving Covert was accompanist for Mr. Wicker.

Both artists then gave two numbers, concluding with Malotte's "The Lord's Prayer."

The two artists, sent here by Celebrity Concert Service, a division of the Virginia State Symphony Orchestra, Inc., were well received here.

Monday night's guest artists were introduced by Mrs. O. T. Graser, president of the local group.

Second in the series of presentations will be Nelson and Neal, duo piano team, on February 19, and the climax of the series will be the Virginia orchestra under the direction of William Haaker, later in the season.

To Confer Rank of Esquire

The rank of Esquire will be conferred upon a class of three candidates on Friday evening at the regular meeting of Garrett Lodge No. 113, Knights of Pythias. The meeting will begin at 7:30.

The rank of Page was conferred upon these candidates last Friday night.

Twenty one were injured by a tornado in Florida which struck near Panama City.

DIAMOND EMBLEM—"That's a pretty one," said John J. Christopher, of Wellsburg, to Walter A. Wolfe (right) of Oakland, as he (Christopher) admired a 30-year diamond-studded service emblem awarded Wolfe by the Monongahela Power Company at Fairmont a few days ago. President A. C. Spurr made the presentations. Christopher received a 20-year lapel button. Lawrence J. Vangilder, left, and Earl B. Thompson, right, each received 25-year buttons. Vangilder works for the company in Morgantown, Thompson (formerly of Spencer) at Rivesville Power Station near Fairmont. Each of the veterans was complimented by the president for his years of "faithful and efficient service."

Christmas Activities Arranged by Mt. Top Commerce Group

The Mt. Top Chamber of Commerce announced its Christmas activities program this week with the distribution of over 6,000 circulars within the area.

A large number of the merchants and business men are cooperating in the event, with special activities listed for each Saturday in December before Christmas.

On Saturday, December 5, Bernard I. Gonder, Sr., is offering free movies to all the children of the community at the Maryland theatre and two shows are scheduled for that morning.

On Saturday, December 12, ten turkeys are to be given away and also a one hundred dollar savings bond.

On Saturday, December 19, the annual visit of Santa Claus is scheduled, at which time around 2,000 children will get their annual Christmas treat.

Street decorations in Oakland were being placed this week and were expected to be completed by Saturday.

Members of the Board of Directors of the Chamber of Commerce, are holding weekly meetings until after Christmas, and it was announced after last Thursday's meeting that as an emergency measure the officers and board members would remain in office until next May, at which time the annual election would be held. Formerly this had taken place early in the year.

Charles L. Briner, secretary, also announced that fifteen highway markers concerning Herrington Manor, Swallow Falls and Deep Creek Lake, wooden signs on a metal support, would be placed April 1st, and that the two large road signs on route 40 were being taken down and would be reworded, repainted and made ready to be erected again next April.

The brochure containing information about the area for industrial concerns, is now in preparation, under the direction of Lowell Loomis, and is expected to be completed soon.

Briner said the Board members at a recent meeting heard the tape recording of the October television and radio show in Baltimore, and that it would be retained for possible future use.

Expansion Program Planned In County By Phone Company

Among the expansion projects listed by the C. and P. Telephone company is one in the Oakland area costing approximately $80,000.

This includes the addition of 189 lines and general cable relief in the area. The company has completed the job of providing service to Sunnyside, Red House, etc., southwest of Oakland, an area previously partially served by the Eglon company. The conversion to dial was completed here in 1952.

Other improvements in recent months have included completion of service to a large rural area in Friendsville, previously unserved, completion of a larger dial system at Kitzmiller and service to people of the Blaine area, and a larger dial system installed at Accident.

The telephone company is now completing plans to take over the lines of the Bittinger Mutual Telephone company.

Union Thanksgiving Service Scheduled

Union Thanksgiving church services for Oakland were scheduled to be held on Thanksgiving morning at 10 o'clock at the Nazarene church on 8th street. Rev. Forrest T. Benner, pastor, will be in charge of the service, and Dr. W. S. Patterson, pastor of St. Paul's Methodist church, will deliver the sermon on the theme, "The Spirit of Gratitude." Members of the Lutheran church will join in the worship service.

Service at Mt. Lake

The Mt. Lake Park churches are also planning their annual union Thanksgiving service, which was scheduled for the Bethel Methodist church at 10 o'clock on Thursday, Thanksgiving day.

Rev. William E. Rogers, of the Baptist church, will deliver the sermon. Rev. Blair Barr and Rev. Randall Prince will assist in the service.

To Award Prizes In Lighting Contest

The Mountain Top Chamber of Commerce will sponsor a Christmas home lighting contest in Oakland again this year, it was announced following a meeting of the Board of Directors last week. Prizes of $15, $10 and $5 will be awarded.

The contest will be confined to homes within the town limits, it was stated. Judging, by out of town persons, will be done between Christmas and New Year's day.

Assessments Low In Fifteen Counties

Garrett County Is Listed In Group Close to Uniform Rate In State

Assessments in fifteen Maryland counties are low and out of line with valuations in the rest of the State, the State Tax Commission reported. Garrett county was listed as above 40 per cent of cash value, in comparison to the uniform rate being 45 to 55 percent of cash value.

Seven counties were classified as being particularly low in comparison with other counties and Baltimore City and recommended "special action" taken to bring them into line. The counties in this group were Calvert, Charles, Howard, Kent, St. Mary's, Somerset and Worcester.

The State Tax commission intimated a complete reassessment might be in order, "thus giving the counties an opportunity to achieve uniformity and at the same time give taxpayers a corresponding reduction in tax rate which should, if expenditures are not increased, result in very little burden upon the taxpayers in so far as the lower right hand corner of the tax bill is concerned."

The commission's conclusions were based on a study by a committee of the Maryland Association of Assessing officers, to ascertain, at the commission's request, "what degree of uniformity has been and is being attained among the various subdivisions of the State of Maryland."

Using current property sales as a yardstick to measure assessments of comparable properties—and other factors where no comparable sales or very few sales were avaliable—the committee arrived at percentage figures for a test year indicating more than four-fifths of assessed real estate in Maryland was "fairly uniform" at a rate of between 45 percent to 55 percent plus."

The "plus" was in Baltimore City. Also in this category were Allegany, Anne Arundel, Baltimore, Harford, Montgomery, Prince Georges, Talbot and Washington counties.

"All other counties except the seven mentioned, were either over 40 percent or very close to 40 percent and have been improving," the Tax Commission reported. "There is no great problem involved in bringing them into better uniformity with the city and the larger counties comprising the bulk of the assessed real estate in Maryland."

Uniformity—or lack of it—between the subdivisions of the state plays an important part in distribution of State public school appropriations and certain State welfare funds. Relatively low assessments in a county benefit its taxpayers both in this respect and in support of the State debt, financed by the State property tax.

Journalism Class To Present Play

The Journalism class of Southern High school will present a three-act comedy, "A Ready Made Family," on Thursday, December 3, at 8 o'clock in the Old High School auditorium.

This play is about Agnes Martyn a widow played by Ruth Cooper, who meets an old sweetheart, Dave Benner, while on vacation and becomes engaged to him. They forget to tell each other about their children. The children plot to break up the marriage by foul means. The comedy is provided by the five children.

The others in the cast are Dale Schlosnagle, Roberta Markley, Patsy Burrell, Ida Moon, D. F. Lane, Becky Hamilton, Delores Schmidt and Arthur Callers.

Tickets are being sold by the Journalism class. The admission charge will be 10c for adults and 20c for children.

DO YOU RECOGNIZE THESE BIRDS?—Perhap one of these turkeys graced your Thanksgiving or Christmas table last year. This flock of Garrett County black and white gobblers was photographed a year ago in the Bittinger section. The turkeys this year are just as plump, just as delicious, and slightly cheaper, and we didn't have to tramp in snow to get them.

Gets Bronze Star For Korean Action

A Shallmar soldier has been awarded the Bronze Star medal with a "V" emblem for heroic achievement in connection with Communists in Korea.

Sgt. First Class Harlan B. Kimble, son of Mr. and Mrs. Nalen Kimble, received the honor for action last June 11 while fighting in the vicinity of Kumsang, Korea.

The citation which accompanied his award follows, in part:

"Sgt. Kimble was chief of a howitzer section which was subject to intense counterfire after the enemy had broken the United Nations main line of resistance and advanced to within 2,000 yards of the battery perimeter.

"Although under a barrage which would normally force the battery to discontinue operations and seek protective cover, Sgt. Kimble continually exposed himself, encouraging his crew and directing effective fire.

"Through his courageous disregard for his personal safety, Sgt. Kimble insured the continual operation of his section and the successful completion of its mission. His heroism reflects great credit on himself and his artillery section."

Sgt. Kimble is now at home.

Friendsville Native Dies In Slate Fall

A native of Friendsville, who resided near Morgantown, W. Va., was killed last Tuesday, November 17, by a fall of slate in a small mine near the Point Marion road.

The victim was Ray Casteel, 52, who was operating a cutting machine in a mine owned by Dennis J. Whipkey.

Another miner, William Riffle, who was also operating the cutting machine, escaped injury. He said Casteel died instantly when hit by the slate.

Casteel was a son of Jeremiah and Martha Smith Casteel. He had been a resident of Monongalia county for 26 years.

Surviving are his widow, Mrs. Barbara Zella Casteel; a son, Ray Casteel, Jr., of route 6, Morgantown; two daughters, Margaret Louise and Barbara Ann, both at home; a brother, Okey Casteel, of Friendsville; a sister, Mrs. Bessie Lowdermilk, of Oakland, and two grandchildren.

Fractures Skull in Fall From Ladder

Merrell Wilburn, farmer of near Accident, sustained a fractured skull when he fell from a ladder Tuesday on a neighboring farm, and struck his head on a piece of timber.

He was brought to Garrett County Memorial hospital where he regained consciousness about 9 o'clock Tuesday night. His physician, Dr. Joseph Alvarez, reported him slowly improving.

Wilburn is secretary to the Garrett County Farm Bureau and resides on a farm on route 219, just north of the Schold turn.

Answer Fire Alarm

The Oakland Fire department was called last Friday afternoon as the result of a brush fire on the farm of Emroy Bolden, fire chief, just northeast of town. There was no damage.

To Open Season Friday, Dec. 4th

Southern High School will open its basketball season next Friday evening, December 4, with the alumni, it was announced by Kyle Wilson, coach. This will be the first game in the new gymnasium and it is expected that a large number will be on hand.

The school is offering season tickets to adults this year for $4.00 which will admit them to ten home games. Regular admission will be 50 cents. Adult season tickets are being placed on sale at Hinebaugh's, Carroll's Sport Shop, Englander's, Cee Dee Tavern, Bells' Studio and the Crellin general store.

Rainfall Ends Fire Danger In Woodlands

Situation In Oakland Remains About Same

Garrett county received some relief from the drought during the week, enough to reduce the danger of forest fires to a minimum, but not providing too much assistance to the water supplies of the towns.

At the Weber government weather station there was a total of .58 of an inch of rainfall recorded Sunday and Monday, and about .2 of an inch early Wednesday morning. Additional rainfall was scheduled for Wednesday with possible light snow Wednesday night.

The weather turned considerably cooler Monday and Tuesday following the rainfall, but moderated again on Tuesday evening.

The rain did not affect the water supply for Oakland, since the town gets its supply from deep wells. Mayor Joseph Hinebaugh said Wednesday morning that they had gained some water on Tuesday after losing on Monday, until Wednesday morning the water in the reservoir was seven feet, four inches from the top.

He said he expected to gain considerably over this week-end since the schools would not be in session, and that when it reached near the top the well driller would resume drilling operations on the latest well. The present depth is 211 feet and the town is pumping water from this well. The driller expects to go to a depth of at least 300 feet.

Mayor Hinebaugh asked the people to still refrain from washing automobiles and using water unnecessarily until the present drought is completely broken.

Mission Auxiliary Organizes

The Women's Auxiliary of the Garrett County Diocesan missions was organized recently at a meeting called by Rev. John J. Atwell, priest in charge. Mrs. G. Wells Bray was elected president; Mrs. Leon Sites, vice-president, Mrs. William C. Sears, secretary, and Mrs. John J. Atwell, treasurer.

The first meeting was held last Wednesday at the home of Mrs. Bray. Present were Mesdames Reuben Fazenbaker, William Clary, Cora Marley, Minnie Hinebaugh, John J. Atwell, William Sears, Marvin Vetter, Grace Ashenfelter, Thomas Michael, Leon Sites and G. Wells Bray.

Plans were made for a turkey dinner Thursday, December 10, at the Oakland fire hall. The next meeting of the group is scheduled for December 16, at the home of Mrs. Atwell.

Workers For March Of Dimes Campaign To Map Program

Dinner Meeting To Be Held Monday Evening—State Representative To Be Here

The campaign for the 1954 March of Dimes in Garrett County will be mapped out at a dinner meeting of county workers next Monday evening, November 30, at 6:15 o'clock, at the William-James hotel.

Miss Catherine Gaule, state representative of the National Foundation for Infantile Paralysis, will discuss the aims and objectives for the coming year, and a film concerning some of the national and state activities will be shown.

It was revealed that the 1953 campaign brought in $3,030 in Garrett county, which was considered successful, but the local chapter is hoping to raise considerably more this year in order to meet anticipated increased costs for research and the development of a serum for the prevention of infantile paralysis. Although no "quota" is assigned to Garrett county, the local chapter will attempt to raise about $6,000 in the campaign that will get underway January 2, 1954.

Robert W. Stemple is chairman of the Garrett county chapter this year; E. Buchanan, vice-chairman; June Harvey, secretary, and George Littman, treasurer. Charles L. Briner is county director of the March of Dimes campaign and is being assisted by S. R. Pagenhardt, past chairman.

Designated representatives from communities who served in the fund raising campaign last year have been asked to serve again and are expected to attend Monday's meeting. They include Jess Walker, Kitzmiller; Olonzo P. Fike, Accident; Ralph Swanger, Friendsville; Mrs. Charlotte Barnard, Bloomington; Mrs. Dan Hershberger, Grantsville; Mrs. June Harvey, Swanton; Mrs. E. C. Clatterbuck, Deer Park; Mrs. Joseph Kahl and Mrs. Mason Callis, Mt. Lake Park; Richard Dayton, Oakland; and Harold Garrett, Crellin.

These community representatives have been asked to bring co-workers with them. Other representatives from other sections are being sought.

Mrs. Irvin Rudy, Jr., and Mrs. W. W. DeWeese are co-chairmen of the Women's activities group. Civic, religious, educational and service groups also are being invited to have a representative in attendance.

Stemple said the local chapter had received an S. O. S. from national headquarters last week asking that $500 be sent to meet immediate needs in regard to the epidemic aid fund. He said various chapters in the country and several in Maryland were in urgent need of funds to pay current cost in the treatment and care of polio victims, and stated that the local chapter had sent the requested sum to national headquarters.

Schools to Resume

Public schools of the county will resume the regular schedule on Monday morning at 9 o'clock, after a vacation of several days for Thanksgiving. Schools were dismissed Wednesday at 1 o'clock.

Young Couple Dies When Auto Leaves Highway

Mr. and Mrs. Harry S. Wilt, of Near Jennings, Killed Saturday Night Near Grantsville

A young married couple died late Saturday night when their automobile ran off U. S. route 40 near Grantsville and uprooted a tree. The dead were identified as Harry Sylvester Wilt, 22, of Bear Hill, between Jennings and Bittinger; and Shirley Wilt, his 18-year-old wife.

Dr. Thomas Lusby, deputy medical examiner, who investigated along with Sheriff Paul W. Fisher, State's Attorney W. Dwight Stover, and State Trooper Glen D. Folk, said both died instantly of skull fractures, neck fractures and other injuries when their car slid off the rainwet road just east of Grantsville, about 10:45 p. m. The man had a crushed chest and a broken leg, while the woman had numerous other injuries.

The Wilts were on their way home from Meyersdale, Pa. Their 14-months-old child, at first reported to have been with them, was at home with Wilt's parents, Mr. and Mrs. Nelson Wilt.

Folk said the 1939 Buick automobile was westward bound down a slippery hill at what he called a high rate of speed when the accident happened. The car slid off the road, turned on its side and struck an ash tree 10 inches thick, carrying the tree 30 feet from the point of impact. The top of the car was pushed to within an inch or two of the floorboards.

When police were unable to get the bodies out of the twisted wreckage, the Casselman Motor company at Grantsvile sent out an acetylene cutting torch.

Herbert Ringer, employe, spent almost two hours cutting away the torn and twisted metal so the bodies could be reached. The Grantsville Fire company stood by in case of fire. It was nearly 1 a. m. when the bodies were recovered. They were taken to the Winterberg Funeral home in Grantsville where they were examined by Dr. Lusby.

The accident was reported to police by a motorist whom Wilt had passed shortly before. Police said Wilt's license number had been reported to Pennsylvania authorities shortly before the accident by another motorist who had been passed by a car travelling at "excessive speed."

The wreckage was clearly visible from the highway and several hundred persons gathered at the scene, attracted by the light of the acetylene torch.

A double funeral service was scheduled for Tuesday afternoon at 2 o'clock from the Winterberg Funeral home in Grantsville. Burial was in the Bittinger cemetery.

Lions Prove Good Broom Salesmen

Members of the Oakland-Mt. Lake Park Lions club turned out to be above the average as broom salesmen. Monday evening they disposed of 300 brooms in less than an hour, at a cost to the customer of $1.75 each.

This was a club project in order to raise funds for the Community Betterment program, and net proceeds from the sale, amounting to around 50 cents on each broom, will go into that fund. The club sold Christmas trees last year for the same reason.

Herbert C. Leighton, in charge of the project, said the salesmen covered only parts of their territory, all having run out of brooms before completing their visitation. He expressed the hope that the sale would be continued at a later date, possibly in the spring, so that all might have an opportunity to share in the program. The brooms were obtained from the Maryland Workshop for the Blind.

Rotarians See Picture

The showing of the picture of the "Tournament of Roses" parade at Pasadena, Cal., during last year's New Year's day celebration, featured the weekly meeting of the Oakland Rotary club last Friday evening at the William-James hotel. The program was in charge of Ralph I. Weber, who is program chairman for the entire month.

Homemaker Council Chairmen Are Named

New county chairmen in the County Council of Homemakers clubs were announced last Tuesday evening at a meeting of the Executive Committee. Mrs. Clarence Rollman, president of the council, listed them as follows:

Mrs. Harry Friend, Oakland, clothing; Mrs. Dan Klotz, Grantsville, family life; Mrs. A. F. Neil, Friendsville, foods; Mrs. Harold Miller, Grantsville, music; Mrs. Bernard Merrill, Grantsville, international relations; Mrs. Kenneth Ridder, Oakland, membership; Mrs. Ralph Buckel, Bittinger, parliamentarian.

The council discussed the part Garrett county would take in plans to assist with being hostesses to the National Council of Homemakers when it meets in Washington next October.

Newly elected officers were inducted, Mrs. William Harman, vice-president; Mrs. Charles Wilt, secretary.

New club presidents as well as past presidents, were invited to attend. Others present were Mrs. H. Bittinger, Mrs. Clyde Bowman, Mrs. R. Crowe, Mrs. A. W. Swiger, Mrs. W. Brenneman, Mrs. W. Bowman, Miss Jean Ridder, Mrs. W. Bills, Mrs. Paul Riley, Mrs. Willie Warnick, Mrs. A. Martin, Mrs. Parker Warnick, Mrs. Pansey Merrill, Mrs. Frances Spoerlein, Mrs. Guy Hardesty, Mrs. J. Beachy, Mrs. C. Schlossnagle, Mrs. W. W. DeWitt, Mrs. O. Weimer, Mrs. D. Folk, Mrs. R. Klotz, Mrs. Mary Livengood.

Board of Education Makes Annual Report

for tuition and transportation to adjoining states.

Cost per Pupil Given

The report also shows that the cost per pupil averaged as follows: one-teacher schools, $175.96; two-teacher schools, $188.78; three-teacher schools, $190.92; graded elementary schools, $192.22; for all elementary, $190.04; for high schools, $249.90, with the average cost for all at $212.29. The cost per pupil at Southern High was $252.26, compared to $246.90 at Northern High.

The figures were calculated from a total elementary enrollment of 2,792.22 and total high school enrollment of 1,651.9; for a total county enrollment of 4,441.12.

The Red Oak school had the highest average cost per pupil among the one-teacher schools, with $273.61, but Lyndale was not far behind with $271.87. Bittinger was the most expensive two-teacher school with average cost per pupil being $248.12. Mt. Zion was second with $242.90. Only two three-teacher schools were listed, Bloomington, with $174.44, and Red House, with $208.91. Kitzmiller was the highest among graded elementary schools with $208.96 per pupil, while Accident was next with $205.71.

During the past fiscal year there were eleven one-teacher schools in operation, three less than the previous year; nine two-teacher schools, one less than last year; two three-teacher schools, an increase of one; eight graded elementary schools, a decrease of one, and two high schools, a decrease of three, for a total of 32.

Reports of other funds were also made including eleven schools which derived money from independent school activities including school lunch programs in excess of $250.

The building fund showed receipts from the County Commissioners and balance from the previous year of $630,330.74, and expenditures of $471,998.02, leaving a balance of $158,332.72.

An equipment fund showed receipts from the County Commissioners of $36,935 and disbursements of $9,495.63. The Bloomington building fund showed receipts of $10,070, and disbursements of $990.80. The incentive fund showed $31,125.67 received from the State and that amount turned over to G. Harold Yutzy, county treasurer, to the school building fund.

Md. 4-H'ers Leave Baltimore Nov. 27 For Club Congress

Maryland's 27 top 4-H'ers, who will take part in the 32nd National 4-H Club Congress, leave Baltimore the day after Thanksgiving for a week's visit in Chicago.

Club Congress comes as the climax of a year of earnest 4-H Club work by these young people. It is designed mainly to honor state, sectional and national 4-H contest winners.

Some 1200 delegates from all 48 states, Alaska, Hawaii and Puerto Rico are anticipated to attend. Deegates will run a close schedule of luncheons, dinners, recognition events, tours and entertainment. More than 1,800 guests, including visitors from other countries, and sponsors of 4-H contests, are expected to meet with the delegation.

Maryland's 4-H'ers attending the Congress total 27. There are none from Garrett county.

Accompanying the 4-H Club Congress delegation, are Dorothy Emerson, Mylo Downey and Sherard Wilson of the state 4-H office; Evelyn Barker, Cecil county home demonstration agent; Mary Ruth Meredith, Cecil county, Junior chaperone; James A. McHenry, assistant county agent, Garrett county; Robert G. Miller, assistant county agent, Wicomico county; and Evelyn Byrd Hutcheson, information specialist, University of Maryland Extension Service.

Walter Reuther was elected to his second term as president of CIO.

Accident Personals

The Accident Homemakers club met last Wednesday evening in the Accident Fire Hall with 23 members attending. The business was in charge of Mrs. Helen Harmon, president. The group singing of the Thanksgiving Hymn was part of the opening. Mrs. Gladys Broadwater and Mrs. Pearl Rush gave the demonstration on meals and food suitable for weight reduction. Plans were made for the Christmas party and decorations for the fire hall. Mrs. Ida Fratz and Mrs. Walter Fratz were hostesses and served refreshments at the conclusion of the evening.

Mr. and Mrs. Nevin U. Broadwater, Grantsville, were Saturday evening guests at the home of Mr. and Mrs. Bruce Miller.

Mrs. Earle H. Ault, Mr. and Mrs. Ralph Ault and daughters were Sunday evening guests of Mr. William Speicher.

Mrs. Linnie Fike, Avilton, spent the past week with her brother and sister-in-law, Mr. and Mrs. George Weitzell. Mrs. Fike visited Mr. Thomas Custer and Mrs. William Speicher while here.

Donald Bowser, Baltimore, spent the week-end with his parents, Mr. and Mrs. Luther Bowser.

Miss Iva Kathryn Speicher was hostess to the Girls 4-H Club at her home on Monday evening. The demonstration on "How to Make Biscuits" was given by Iva Jane Alexander and Marie Bowman. Refreshments were served by the hostess.

America First

By GEORGE PECK

(Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, "Partners.")

Those Americans who dare to speak out against America abandoning its national identity to bury itself in a one-world fantasy, are being labeled "Warmongers," "Isolationists" and "America Firsters."

The charge that these individuals are "Warmongers" is ridiculous. Since when is a man who simply wishes to have his country mind its own business to be characterized as a pugnacious, bloodthirsty individual?

As to the epithet "Isolationist," there is perhaps some rhyme or reason for hurling this intended insult. But, here again, how can any reasonable person quarrel with an individual who simply wishes to avoid controversy and conflict?

Regarding the term, "America Firster," no greater compliment can be paid to any American than to proclaim that next to his God and his family, he places his country ahead of all else.

Do you recall how the word, "Isolationist," was hurled with reckless abandon prior to our entry into World War II? Anyone who, prior to Pearl Harbor, voiced his opinion that this country should strictly mind its own business and keep out of foreign wars, was tagged as an "Isolationist."

The peculiar thing about that venomous name-calling before Japan attacked us, was that just about 90 percent of us were dyed-in-the-wool Isolationists. Even a great many Americans who now sneeringly hurl this epithet, were quite vocal in declaring then that the United States was not going to pull any chestnuts out of the fire for those European nations which habitually were getting themselves embroiled in wars.

Undoubtedly the No. 1 Isolationist of the pre-War II era was President Roosevelt himself. Did he not during his campaign for a third term in 1940, just a year before we entered World War II, declare that he hated war and promised that no American boy would be called upon to fight on foreign soil?

Hindsight now shows that the 90 percent of us were wrong. We now know that the way things had been rigged, it was Impossible for us to have kept out of World War II But does that mean that the 90 percent of us were traitors? Because our judgment and foresight were wrong, because we believed that America should have and could have remained on the sidelines, is our loyalty and patriotism to be questioned?

Once the chips were down and, we were actually at war, this nation as one man immediately forgot all the arguments as to whether we should have stayed aloof or intervened. There were no longer two camps of thought, all were united to put forth every effort to vanquish our enemies, and as speedily as possible!

General (then Colonel) Hanford MacNider of Mason City, Iowa, was one of those who sincerely believed we should stay out of war. He was chairman of the Iowa America-First Committee and was called "Iowa's No. 1 Isolationist." He presided at the anti-war meeting in Des Moines when Col. Charles Lindbergh was prevented from speaking.

But when the Japs struck their cowardly blow at Pearl Harbor, MacNider immediately asked for active duty and was one of the first American officers to be wounded while fighting the Japs. He was hit by fragments of a mortar shell while the Japs were bombarding his command post. For his leadership and courage he was promoted from Colonel to Brigadier General. In 1945 he received the Bronze Star Medal to put with the Purple Heart awarded him in the early weeks of the war.

Is there anyone who will now dare to venture the opinion that General MacNider was not a patriot? He hated war, he wanted this nation to stay out, he was forthright in saying so, he put forth every effort to prevent our entering it, but once we were in, he was Johnny-on-the-Spot.

Doesn't this MacNider experience and similar experiences of thousands of others prove that we should drop this horrid word, "Isolationist," from our vocabulary? MacNider proved that an individual could be sincere in believing that America could keep out of war and at the same time be just as loyal an American as the sabre-rattlers—perhaps more so?

And now there are those of us who believe that the welfare of America should come before that of any other nation or nations. For this we are being called "America-Firsters." Well, if insisting that the Stars and Stripes shall continue to fly above any other flag, including that of the U. N.; if demanding that America's needs should take precedence over the needs of any other nation, constitute being an "America-Firster," then I plead guilty—proudly and loudly.

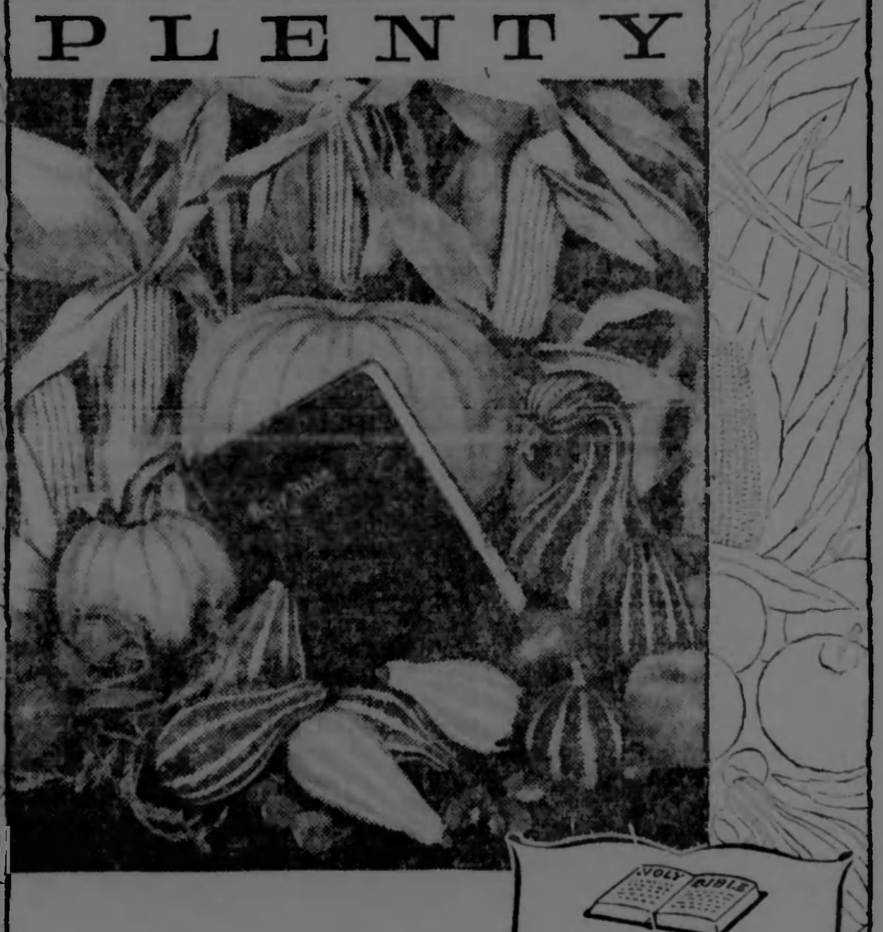
PLENTY



"Be Thankful for Plenty" was the title of a sermon we heard many years ago. And we'll never forget how the preacher defined "plenty."

"If you have everything that money can buy, all the necessities and all the luxuries of life—and you don't have a Bible you can read and understand—then you've nothing to be thankful for! You're in want!

"But if God has given you just enough of this world's goods for you to live from day to day—and you've a Bible you turn to every day—then be thankful! You have *plenty!*"

We can cherish that homely bit of inspiration. It sums up the kind of Thanksgiving our forefathers believed in . . . the kind of Thanksgiving that millions of us will celebrate this week in Church!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WELL RECEIVED . . .

Unaccustomed as we are to giving reviews of concerts and the like, and unversed as we are in the technical phrases of music appreciation, nevertheless we can say, in the language of those who appreciate music,—very well done.

That phrase refers to the presentation of the two artists who were here Monday night under the sponsorship of the Family Concert association. The two persons, Miss Jeanne Chalifoux and Tivis Wicker, gave outstanding performances as harpist and baritone, and the reaction of the audience was spontaneous and warm.

Apparently the spirit was contagious, for the two artists told the reception committee that they had liked their audience very much, and were appreciative of the reception accorded them.

It isn't often that such talent is available to a small town, and reflects credit upon those who helped to organize the group to make it possible for Oakland and vicinity to have high class entertainment with no strain felt in having expenses of such entertainment taken care of.

The program was pleasing in every way. The group will be looking forward to the next performance and next year should see an increase in membership in the local association.

FOLLOWING DIRECTIONS

We were watching some men put up a building across the way the other day. They've been working on it now for quite a spell and it still isn't finished. Building is a slow process and it can't be haphazard if it is to last.

The public looks at the finished product and admires it. But what the public doesn't see is the plan that is behind it all. The workers alone see that; the blueprints, the special instructions.

Just about everything else in this complicated age comes with instructions, too. The housewife follows her recipes. Junior builds with his Erector set, following closely along in the directions. You buy a new gadget at the store, you learn a new parlor game, you install television or a new washer. They all have their directions.

It occurred to us that the world is full of directions about this or that and people are careful not to drift away from them. For when they do they have found from experience that often the job has to be done over again. Directions are a time saver and they make it possible for us to avoid disappointment and tragedy.

Yet the best set of directions that has ever been given to the world is probably the most frequently ignored of them all, and it goes with a product you don't even have to buy—life itself.

And we're speaking about the Bible. And since this is National Bible Week, we thought we might just point that out.

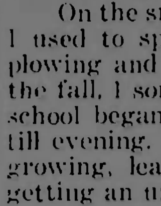
God created a product ages ago. He gave us the world and life. And he didn't neglect to give us a set of directions that tells us just how to go about living in His world. Unlike most instruction books, the Bible was not written for a specialized group—not for builders or housewives or professional men alone, but for builders and housewives and professional men, and everybody else.

The Bible is the most general, and at the same time the most specific, instruction book ever compiled. And it is the most complete. The financier can find guidance in it and so can the thief, even by reading the same parts. It will serve the saint as well as the murderer, for the Bible is a direction book about life.

We try a good many things these days that are new to us. Often we fail, not because we are new at the job particularly, but because we fail to consult the directions before we begin.

The directions man gives with the products he invents usually can be relied upon. It would seem to us then that man, who is a product himself, is not the most infallible being and is not capable of giving the best advice.

Whenever we want to know the facts about anything, we try to get them from the "top man" if he'll talk. It's the logical thing to do. It's hard to see, then, why we so seldom turn to the "Top Man" when we need some factual advice about living. The Instruction Book is clear, and it's always open. All we need to do is read.—Cove News of Roaring Springs, Pa.



LISTEN AMERICANS!

... by George S. Benson
President of Harding College

On the small Oklahoma farm where I was born and reared I used to spend six days a week throughout the summers plowing and cultivating with four to six head of horses. In the fall, I sometimes marketed a wagon load of wheat before school began, and then kept the team and wagon at school till evening. It was good to be in the field, seeing the crops growing, learning how important the soil is to humanity, getting an understanding of nature.

In those days a farmer's income wasn't very big. Sometimes we had to struggle to get by. But somehow we made it, and the struggle seemed to strengthen us to face the other problems of life confidently. Farming got in my blood. I loved it. I still do. However, I'm worried about some trends in agriculture.

Any common-sense appraisal of the long-range agriculture problem would reject a permanent program of high level subsidies as a solution. Some people are now seeking high level subsidies for the beef industry. Actually, a part of the present problem of falling prices can be attributed directly to the government-supported markets for beef of recent years which influenced production of beef cattle to a total of a hundred million head this year. That's 30 to 35 per cent more beef than the market normally demands. Much of this was raised by people who went to beef raising because of high supported prices but who really cannot compete, in production costs, with the long-time efficient cattle producers.

If we continue artificial measures, and subsidize beef cattle, thus establishing an artifically high price so that these cattle raisers who cannot normally compete nevertheless are protected, what's going to happen? Well, the number of cattle will continue to increase and the problem will get bigger and bigger, or we will limit the number producers may have and thus hold back the efficient producers. The potato and egg fiascoes are examples. If on the other hand beef cattle were left to find their normal level on the market, the marginal producers who can't produce beef as efficiently as the others would be obliged to get into other fields of agriculture where they can produce on equal terms with competitors.

Then the supply and demand on meat would level out, the efficient producers would have a profitable business, and the consumers would benefit through the efficient production—by getting meat at lower prices. And, as taxpayers, we'd all be relieved of subsidies.

Let's develop common-sense help for agriculture. And let's be sure the consumer's voice is heard. It's his money as well as the farmer's that's involved.

THE GREAT GAME OF POLITICS

The Busted Balloon

For the past two weeks the press and air have been so full of the so-called "White Case" that there has been little room for anything else. Started by the charges of Attorney General Brownell that the late Harry Dexter White had been promoted and protected by "the very people who appointed him," after the FBI had submitted two reports concerning his communistic affiliations, the climax came a few days ago with the speeches of Mr. Truman, Mr. Brownell and Mr. J. Edgar Hoover, head of the Federal Bureau of Investigation—the last two under oath before the Senate Investigating Committee, headed by Senator Jenner.

—o—

Of the three, far the most devastating was that of Mr. Hoover. Aside from the typical description of his own misstatement of fact as an "error" and his denunciation of Mr. Brownell's misstatement as "a lie," the Truman defense was a curious one. He admitted (having first denied it) having received, through his aide, Maj. Gen. Harry Vaughn, two reports from the FBI laying before him the incontrovertible facts concerning Mr. White's espionage activity. He asserted that then on the advice of the late Mr. Fred Vinson, then Secretary of the Treasury, and of Attorney General (now Justice) Clark, he decided to let Mr. White, though charged as a spy by the FBI, take his post on the International Monetary Fund in order that the FBI might better continue its surveillance and investigation. His clear implication was that the FBI approved this course.

—o—

And this was exactly the part of the Truman defense that Mr. Hoover destroyed. First, he vehemently asserted that neither he nor the FBI ever made any agreement with Mr. Truman or anyone else to lay any such "trap" for Mr. White, nor was any such suggestion ever made to him. On the contrary, he asserted that when he talked with Mr. Vinson and Mr. Clark he found Mr. Vinson opposed to continuing Mr. White in the Government service and he understood Mr. Clark to have the same feeling. All he did he said was to tell them he thought it unwise to continue Mr. White in any office because he was unfit.

—o—

In so many words, Mr. Hoover asserted that neither he, Mr. Vinson nor Mr. Clark wanted to keep Mr. White in the Government service but that the decision to do so came from a "higher authority." This could only mean Mr. Truman. Considering this, when you add Mr. Hoover's further statement that the transfer of Mr. White from an assistant secretaryship in the Treasury to a directorship of the International Monetary Fund made it more difficult to keep him under surveillance than before, because he was then in a position where the FBI could not properly intrude—when you consider that, Mr. Truman's excuse for continuing him in the Government service becomes ludicrous.

—o—

Even if one stops trying to reconcile with the facts of his resignation, Mr. Truman's utterly inaccurate statement that he "fired" Mr. White when he discovered he was a "wrong one" and even if one disregards altogether the cordial and laudatory letter with which Mr. Truman many months later "reluctantly" accepted that resignation, it must be admitted that Mr. Hoover's testimony shattered the whole Truman defense. No charge that Mr. Hoover is "playing politics" can be made. No charge that he likes Mr. Brownell or dislikes Mr. Truman will stand up for a minute. If there is a Government official anywhere in whom the American people have confidence, it is John Edgar Hoover. He and his FBI are the chief instruments we have against the "Communist conspiracy" (Mr. Hoover's own words) to infiltrate our Government.

—o—

And it is not possible to find a motive for him to lie under oath. There, of course, will be efforts upon the part of the anti-Eisenhower publicists and politicians to disparage him. There will be replies from Mr. Truman, from the glib Adlai Stevenson who, on Tuesday night, let loose with a silly blast against Mr. Brownell and a boost for Mr. Truman. But there will not be much more fight in them. The Hoover-Brownell statements have taken the wind out of them—busted the balloon.

—o—

The most charitable thing that can be said about Mr. Truman now is that he did not have sense enough to grasp the meaning of the facts when they were presented to him. No one thinks he is himself disloyal. But what one seems compelled to think is that in 1945-46 he did not believe in a "Communist conspiracy" even when presented by the FBI; that he thought all this stuff about traitors was a "red herring" and he didn't want to be bothered with it. Certainly, he knows better now and it would be more becoming if he acknowledged his inert shortsightedness instead of beating his breast and calling everybody a liar.

Welfare Payments Total $23,376.26

Amount Expended In October Is Around $1,200 Less Than For Previous Month

Seven hundred thirteen persons received $23,376.26 through the Garrett County Welfare board during October, it was revealed in the monthly report of the State Department of Public Welfare by Thomas J. S. Waxter, director.

This was around $1,200 less than for September and brought the amount down to what it had been in August. Last month 731 individuals received $21,576.57, while in August 730 individuals received $23,463.89.

Largest category was the one on Old Age pensions where 268 persons received $10,108, an average of $37.72. There were seven new applications here with five new ones being added and four cancelled.

Aid to Dependent children had the next highest figure. Here 111 families having 322 children received $8,571.50, an average of $77.22 per family. In this group there were four new applicants, three were added and nine were cancelled.

Five blind persons received $275.25. Eighty-six persons listed as permanently and totally disabled received $3,192.15, an average of $37.12. There were four new applications with one case being added and two cancelled. Twenty-two persons listed under General Public Assistance received $853.31, an average of $38.79. There were six new applicants, with three cases added and one cancelled.

Ten persons listed under foster home care for children received $376.05, an average of $37.61.

Throughout the state of Maryland the total payments for October amounted to $1,419,948, around $20,000 more than for the previous month and around $40,000 more than for October, 1952.

Mr. and Mrs. Lee Morgan, of Hagerstown, plan to spend Thanksgiving here with Mrs. Morgan's parents, Mr. and Mrs. Arthur Lawton.

Mr. and Mrs. Wendell R. Turney and son, Wendell, spent the week-end in Somerset, Pa., where they visited Mr. and Mrs. Clay Stickel and family.

Circle 1 of the Lutheran church will meet at the home of Mrs. Edward P. Kahl on Wednesday, December 2, at 8 o'clock. There will be bank opening.

Miss Grace Jones is visiting Mr. and Mrs. John I. Davidson, in Bethesda, and friends in Baltimore this week. She expects to return to Oakland on Sunday.

Wilmer H. Fitzwater, of New Market, Md., visited his mother, Mrs. George P. Fitzwater, of Mt. Lake Park, and friends in Deer Park, over the week-end.

Mr. and Mrs. William H. Archer and daughter, Miss Sylvia Archer, of Tinley Park, Ill., came Sunday for a visit with Mrs. Archer's father, Dave W. Walter, and other members of the family.

Mrs. W. E. Rightmire, Grafton, W. Va., spent Monday night here with her daughter, Miss Lucy J. Rightmire, returning to her home Tuesday afternoon. She was accompanied by her daughter who spent Thanksgiving at her home in Grafton.

Donald R. Sincell was the speaker at the regular meeting of the Mt. Lions club, held last Thursday evening at Horse Shoe Run, W. Va. Club members are from that town and Aurora and Eglon, and take turns in holding meetings in their communities.

Raymond Ferguson, Donald Wiland, Norma Cruikshank and Iva Ferguson, all of Baltimore, visited the former's parents at McHenry November 14. Mr. and Mrs. Ferguson accompanied Raymond to Baltimore for a few days, returning home November 19.

M-Sgt. George Sukow arrived at his home Saturday from Korea. He was accompanied by his wife, the former Betsy Weber, who had met him in California. Also visiting his parents over the Thanksgiving holidays is SFC Boyd Sukow, of Huntsville, Alabama.

Mr. and Mrs. Harry Rasche, of Uniontown, Pa., are at the home of their brother and sister-in-law, Mr. and Mrs. Thane O. White, north of town. Mr. White has been a patient in Garrett County Memorial hospital in Oakland for the past three weeks where he underwent an operation. Miss Floe White, Miss Mabel White and Mr. and Mrs. Carl White, all of Uniontown, have visited their brother a number of times during his illness. Mr. White expects to be able to return to his home for Thanksgiving.

Six Births Occur

Six births occurred at the Garrett County Memorial hospital in Oakland during the week ending Wednesday morning, five girls and one boy.

Examination Shows No Major Defects In School Buses

No major defects were found among the school buses of the county, at the second annual inspection held November 16 and 17, it was announced by John L. Fitzwater, supervisor of pupil personnel.

Fitzwater said, however, that some minor defects, such as lights, loose exhaust pipe, cracked window glass, etc., were discovered. In every instance corrections are to be made.

The inspection covered the 89 vehicles which transport more than 3,500 school children every school day. Special attention was given to lights, tires, springs, exhaust system, doors, seats, windows, heaters, windshield wipers, defrosters, fire extinguishers, horns, first aid kits, brakes, steering and cleanliness.

In addition to the regular method of inspecting, each vehicle was driven by one of the inspectors to assure a thorough and more complete examination of the steering, brakes, exhaust system, motor, etc.

Inspections of school buses are made three times a year, in August, November and March, by a representative from the Department of Motor Vehicles, Baltimore; Edwin Michael, mechanic, and Mr. Fitzwater, representing the Board of Education. J. Byrnes, of the Department of Motor Vehicles, remarked favorably as to the excellent condition of so many of the buses.

DIED

JOHN JOSEPH SWEENEY

John Joseph Sweeney, aged 77, son of the late Charles and Anna Rowan Sweeney, died in Sacred Heart hospital in Cumberland on Tuesday morning, November 24, at 1 o'clock, following an operation just a week previous. He had been in ill health for about five years.

He was retired chief of Police of Oakland and was a member of St. Peter's Catholic church and the Holy Name society. He also was a charter member of the Oakland Fire department.

Deceased was born June 1, 1876, in Oakland. Surviving are his widow, Estella Frantz Sweeney; one daughter, Mrs. Genevieve Adams, Washington, D. C.; two grandchildren; also the following nieces and nephews: Miss Anna Sweeney and Walter Sweeney, Cincinnati, O.; Mrs. Margouerite Laird and Miss Ruth Tucker, St. Louis, Mo.; Mrs. Hilda Cox and Mrs. Mary Kathryn Ricca, Washington, D. C.

A Rosary service will be conducted at the Boiner Funeral home on Thursday evening at 7:30 p. m. and funeral services will be conducted on Friday morning, November 27, at 9 o'clock from St. Peter's church in Oakland, with Rev. Fr. Michael K. Carney, pastor, officiating. Interment will be in the church cemetery. The body will remain at the funeral home until time for final services.

A New Agency

By DeWITT EMERY
(President of the National Small Business Men's Association)

The scandals surrounding the operation of RFC finally became so bad that the politicians couldn't stand it any longer and this "temporary" agency of the government was abolished. Or perhaps I should say was replaced by the Small Business Administration. Apparently it is too much to expect Congress to be willing to take the government all the way out of the field of loaning money to business. Whether the new setup will be any better than the old remains to be seen.

The new institution, however, even if it wanted to do so, won't be able to throw money away as fast as RFC did. The largest loan it is permitted to make is $150,000.00. So no matter how many mink coats may be floating around, no one will be able to get a loan of $37,500,000.00 as the Lustron Corporation did, nor will anyone be able to do as Kaiser-Frazer did, step up and borrow $69,400,000.00.

The fact that a top limit has been placed on loans made by SBA does not mean that the basis on which an agency of the government makes loan has been changed. The basis will still be political rather than economic. Some members of Congress will put pressure on the new agency just as they did on the RFC to have loans made to their constituents irrespective of whether or not there is any possibility of the loan ever being repaid.

The idea behind government loans to business is that there are all sorts of worthy projects, especially new small businesses, which would never get started unless the government was able to put up the money. It, of course, may be true that there are some businesses which bankers and private investors refuse to finance which should be financed. But there isn't anything in the record of the government which indicates that federal bureaucrats will have the know how to correct this condition. On the other hand there is ample evidence to support the belief that for every sound project the government finances, it will finance at least a dozen marginal projects from Beauty Parlors to Boiler Shops which private capital wisely turned down.

Before a business can become eligible for a government loan it must have exhausted all other avenues of obtaining money. This means that loans can only be made where the project is considered too risky for private capital. I personally have enough worthless stock certificates to paper a room. On the other hand, some of my long shots have paid off in a big way. The point I'm trying to make, however, is that private capital is now, as it always has been, willing to take some mighty long chances, so what chance does the government have to get back the money it loans when it finances only projects rejected by private capital?

According to a compilation recently made by the U. S. Department of Commerce 32% of new businesses fail during their first year of operation; 50% fail within two years; 62% within three years; 68% within four years and at the end of five years only 28% are still doing business. After five years the percentage of failure is very much lower.

Henry Hazlitt recently said:

"The best thing the government can do for small business is not to 'aid' it but to stop penalizing it. The best way to have stopped penalizing it was to have let the excess-profits tax expire instead of forcing its extension. The government, having tied the legs of profitable, efficient, and growing small business by extending the excess-profits tax, is trying to compensate by giving crutches to unprofitable and inefficient small business through a new lending agency. The real way to help small business is to let inefficiency and bad judgment suffer their natural penalties, and efficiency and good judgment reap their natural rewards."

Small business never has wanted anyone, the government least of all, to hold an umbrella over it.

CIO declared a campaign to win a million new union members within a year.

It Runs Through My Mind

BY POLLY J. HANST

Now I Know

"How do you do it?" I asked a woman who keeps a spotless home, caters to a grandchild, has a career, does her share of community work, and still has time for self improvement.

"I move by the clock," she explained, "and by a schedule of work at home. Now, tomorrow morning I'll wash the bedroom curtains before I go to work."

Then something welled up in me. A sort of grit the teeth, glint in the eye feeling. If other people can do it, then so can I!

So I moved off at 8 into that sewing room and for a week I did career woman hours. The work I got done! Whee, I felt I had discovered the pot of gold at the foot of the rainbow. What a secret for any homemaker.

For one week it was fine. Then the house got a little dirtier, the meals got a little skimpier, I didn't have time to talk to a neighbor, I hurried each phone call. I got a little crankier and I nagged my daughter. My husband was waiting on me when I should have been doing for him.

No—I just couldn't swing two jobs at one time. The smartest people in the world are those who know their own limitation—Sometimes I wish I were quick to learn.

—o—

You Can't Call It a Fowl

For many years I've held discussions with young people on boy and girl relationships. The pattern hasn't changed much through the years. They ask the same questions, have the same problems.

This past week I listened to another one of these sessions and true to form the question of kissing came up. Some of the girls thought their problems were complex. What do you do if a boy tries to kiss you and you don't want him to? etc., etc.

One cute little trick snapped back an answer that I had never heard before.

"Duck!" she said laughingly and knowingly.

And that's when a fowl can put you on first base. Any female with nairy a brain for baseball knows that.

Wee Wisdom

Virginia Rose Aberle, young daughter of Mary Emily Batt, had been given a tricycle and her father was trying to teach her to ride it.

"Her legs aren't long enough to reach the pedals," observed her mother.

"Of course I can't reach it," replied the 2½-year-old. "My legs aren't finished yet."

My Mood Has Changed

Things are picking up around here. There's a spirit of holiday in the air. I'm in a wonderful mood for cooking. The poem I've kept since before I had boys keeps ringing in my ears—only the first and last two lines do I remember.

'A book I thought I'd write one day
And all the world would homage pay.

But when I see boys' hungry eyes
I'm glad I make good apple pies."

—o—

This too, I keep thinking about. From "words to live by" in This Week. They are George Herbert's, written in the same period in which our Pilgrim Fathers founded this great land of ours.

"Thou has given so much to us, give one thing more, a grateful heart. Amen."

And for myself I might ask—"a spirit of humility—Dear Father—a spirit of humility."

THE LEFTOVER TURKEY

When Thanksgiving dinner is over, you'll probably be wondering of ways to use your leftover turkey.

Chances are, your family will get tired of the bird if you serve turkey every day for a week. Nutritionist Janet Coblentz says you can eliminate that problem by freezing the leftover meat for use next week, next month or even several months from now.

Why not freeze turkey slices, covered with gravy? Or make turkey pies with pastry toppings, or turkey sandwiches that will be ready for box lunches or hurry-up lunches at home. They'll keep well in the freezer if wrapped in air-tight packages.

Miss Coblentz warns that turkey fat becomes rancid quickly, even under freezing. So guard against holding turkey gravies or meat covered with gravy in the freezer for more than a week or two. Be sure to remove excess fat before freezing turkey broth. Because of the rancidity problem, it isn't wise to freeze the drippings from roast turkey.

If you're planning to use leftover turkey immediately, try creamed turkey. Here are tasty ways to vary your creamed turkey recipe: (These amounts are based on a creamed turkey recipe designed to serve six and made with milk and turkey broth as liquid.)

Cook $\frac{1}{4}$ cup finely chopped green pepper in butter before adding flour. Add later chopped pimento and a small can (4 oz.) of mushrooms.

Fold in just before serving, 4 chopped hard cooked eggs and $\frac{1}{4}$ cup chopped ripe olives.

Add $\frac{1}{2}$ to $1\frac{1}{2}$ teaspoons curry powder and $\frac{1}{2}$ cup grated fresh coconut and serve on rice.

Add $\frac{1}{2}$ cup well drained crushed pineapple, and $\frac{1}{4}$ cup slivered almonds.

Reduce turkey meat and add $\frac{3}{4}$ cup grated cheddar cheese and 1 cup chopped pimento. Serve on toast.

Reduce turkey to $\frac{1}{2}$ the amount and substitute diced ham, or cooked shrimp.

Reduce turkey and add $\frac{1}{2}$ cup chopped vegetables.

AURORA - EGLON

Boyd Hebb, of near Aurora, remains a patient in a Philippi hospital where he was taken several days ago following an accident while working in the woods. He was seriously injured.

Mrs. Thomas Teets returned on Tuesday to her home at Aurora from the Garrett County Memorial hospital where she had been a surgical patient for some time.

Brook Stemple was brought by Spiggle's ambulance from a Morgantown hospital to his home near Aurora, Saturday. He had been a patient there since November [illegible] when he was seriously injured while working on a 4-H camp near Bruceton. Hurt also in the same accident was Roy Bowman, of Red House, who was taken to the Garrett County Memorial hospital. He underwent surgery last week for a fractured leg.

Fred Fike, twin son of Mr. and Mrs. Gilmore Fike, of near Eglon, who received a back injury recently while playing ball at school was placed in a cast last week.

Born to Mr. and Mrs. Bernard Wilt of near St. George was their third child and a second daughter. The mother was the former Miss Wilda Adams. The father, a farmer, is a son of Mr. and Mrs. Lester Wilt of near Eglon. The paternal grandmother visited them Sunday.

Mrs. Arvin Harsh and infant daughter, Krista Joyce, returned Sunday from the Garrett County Memorial hospital to their home near Eglon.

Mr. and Mrs. John Teets and family, of near Eglon, are spending the Thanksgiving holidays with Mrs. Teets' mother and brother in Winston-Salem, North Carolina.

Word was received here that the home of Mr. and Mrs. Hurley Hedrick, of near Hambleton, was completely destroyed by fire Tuesday of last week. Nothing but a refrigerator was gotten out of the burning building, and it was badly damaged. They have a family of five children, ages two to 11. They were former residents of Eglon. The origin of the fire is unknown.

Sunday afternoon Mrs. John Teets entertained with a party at her home near Eglon in honor of the eleventh birthday anniversary of her daughter, Jane. After a number of games were enjoyed refreshments were served by Mrs. Teets. The honoree received many lovely gifts. Those attending were Carolyn Ruth Shaffer, Charlotte Biser, Ruth Ann Teets, Carolyn Spoerlein, Susie Parks, Barbara Fike, Ellen Teets, Bonnie Fike, Barbara Artis, Twila Knotts, Margaret Ann Burger and the honoree, Jane Teets.

Let every man in this world so vast,
His selfish conquests cease—
Then with fear of bombings past,
All men could live in peace.

On Tuesday of this week, the remains of Mr. and Mrs. Harry Wilt were laid to rest in the village cemetery here. The deceased were both instantly killed in an auto wreck near Grantsville about ten o'clock last Saturday night. They were residents of the Bear Hill neighborhood, near here.

Mr. and Mrs. Milo Brewer, of Cumberland, spent last week at their cottage south of here.

Mr. and Mrs. Jonas Beachy, accompanied by Mrs. Martha Emory, attended the funeral of the late Aemelius Fike at Eglon, W. Va., on Thursday of last week.

Everett Beachy, of Akron, Ohio, visited his parents, Mr. and Mrs. Oliver Beachy, here last week.

The dwelling occupied for several years by Titus Gilpin and family, about one and a half miles east of here, was destroyed by fire on Tuesday of last week. The Gilpin family had moved out of the building a few days before the fire and the damage was confined to the building, although the fire spread to the nearby woods, but was soon extinguished by fire wardens, who were summoned to the scene.

A welcome shower of rain visited this section last Sunday night but not enough to relieve the water situation perceptibly.

Homemakers Plan Christmas Parties

Clubs of County Are Reorganizing for 1954

The Homemakers clubs of the county are reorganizing for 1954 during December, and having their Christmas parties.

The programs will include Christmas songs, a roll call of Christmas gift suggestions, a book review or reading of a play by the cultural chairman, and a project on family life and family recreation.

Miss Ethel Grove, home demonstration agent, announced the following meetings:

Casselman Valley, December 1, 8 p. m., at home of Mrs. Bayard Miller, with Mrs. Iva Stanton, Mrs. Homer Glotfelty, Mrs. Harold Durst and Mrs. Ellias Durst as assistant hostesses; December 2, Grantsville, 1:30 p. m.; December 3, New Germany, 1:30 p. m.

Miss Grove said Homemakers also would receive their new program books.

Four-H meetings will include a demonstration on gift wrapping and making cookies and a roll call on "a gift I have enjoyed most."

Grantsville, December 2, 11 a. m.; Bittinger, December 3, 7:30; Accident, December 3, 7:30; Deer Park, December 5, 2 p. m.

No Auto Fatalities in County During Oct.

Thirty-eight persons met their death in traffic accidents during the month of October in Maryland, Col. Elmer F. Munshower disclosed in releasing accident data compiled by the statistics division of the Maryland State police.

During the past month 2,711 traffic accidents were investigated by the police. Thirty four mishaps resulted in death to 38 persons, 827 resulted in injuries to 1,162 persons, while 1851 of the collisions resulted in property damage alone.

Nine of the persons killed on the streets and highways were pedestrians. Twelve persons died when the vehicle in which they were riding collided with another vehicle and 10 died as a result of the vehicle in which they were riding collided with a fixed object.

Twenty-six of the traffic deaths occurred in rural areas which emphasized the need for extra caution in these areas which have limited traffic control signals.

No deaths from traffic accidents were recorded in Allegany, Calvert, Garrett, Montgomery, St. Mary's, Somerset, Talbot, Washington and Worcester counties. Maryland's 38 traffic deaths in October brought the traffic toll for the year to 429 which is an increase of three more than the comparable period of last year.

Chance For All

Lesson for November 29, 1953

AN INTELLIGENT traveler in Spain writes to an American friend in 1953: "We have just returned from a six-day trip to Franco's paradise. Madrid is a modern city of beautiful parks, squares and circles with fountains playing, a modern university campus and splendid buildings. Alongside these modern structures one finds people living in caves dug back into clay banks; sometimes a wooden door has been fitted into the mouth of the cave and a pane of glass put in the door for light. The more elegant of these residences have the door whitewashed. As soon as the fields begin at the city's edge one sees men reaping wheat and barley with hand reap-hooks such as used in the days of Ruth and Boaz . . . We were told that there is nothing worth while outside Madrid. Nothing but 20 million people living in ignorance and economic slavery!" One has to see such a country to appreciate how in America we enjoy what is a heritage and a teaching of true Christianity.

Dr. Foreman

Men Are Not Equal, But—

The crushing of the poor by the rich is one of the sins specially set down in the Bible as hated by God. (See the Scripture for the week.) The crushing of the weak by the strong is a problem always with us; but in our country we do at least try to keep the doors of opportunity open for every one. Our Declaration of Independence says that all men are created equal; which is not a fact, we feel. It is our belief, however—and let it be remembered, a belief taught by the Bible—that every child born within our borders shall have a fair chance to develop every gift and capacity he has, to go as far as he can go and to do as much as he can do for his family and community. "Democracy" is a word of many good meanings; and the basic meaning is equality of opportunity.

For one thing, we try, at least in part, to see that no child shall be penalized in his education for being born where he was and not somewhere else. As a matter of fact, of course, not all schools are equally good. Some states have such poor schools, or such poor school laws, that children from there are handicapped in competition with children from states with better schools. But even where this is true, it is widely felt that this ought not to be. Educational leaders are not complacent about this state of things. Further, many states have equalized their school funds so that children born in remote sections will have just as well-equipped and well-staffed schools within reach, as children in the larger cities.

* * *

Fair Chance At Jobs

Another angle of equality of opportunity is a fair chance at jobs. Some one is sure to ask: What has religion got to do with this? Well, look at the Bible. Paul said that a man who will not work shall not eat—that was his rule. We all know the commandment, "Six days shalt thou labor," and we all have observed how important it is for the development of personality that a man or woman shall have work that suits his capacity and gives him a chance to be a producing member of society. So if men are cut off from the chance to work, or not allowed to compete for the kind of work for which they are fitted, religion says: This is wrong, whenever one of God's children is barred from a God-given right.

* *

Fair Chance At Religion

There is another kind of equality of opportunity even more important than what has been mentioned. That is equality of opportunity in religion. "Freedom of Worship," as it is often called, is not just the legal right to worship under any church roof one pleases. It is the right to be faced with the choice God offers us in Christ and to share in his fellowship everywhere. It is not enough that your community has (as it does, no doubt) a variety of churches. The question is: Is every one in your community equally welcome in all these churches? Are there persons in your community who never come to church, because they have never been asked?

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

Farm prices, taxes, foreign trade, social security and revision of Taft-Hartley law were seen as major problems to be tackled when Congress reconvenes.

Governor Makes Christmas Week-End A 3-Day Holiday

Governor Theodore McKeldin has made the Christmas week-end a three-day holiday. He'll do the same for New Year's.

The governor signed a proclamation declaring December 26 a legal holiday. He said he did so because the day after Christmas is a Saturday when little business would be expected.

He also observed the proclamation answered a "widespread desire expressed by many persons in industrial and retail pursuits."

The Executive department announced there would be a similar proclamation for January 2, 1954.

o

Governor's Proclamation Thanksgiving

November 26, 1953

This is a time for giving thanks to God.

We have emerged from the darkness of armed conflict into the more civilized light in which differences are negotiated.

Our strength has increased at home and has grown among our allies.

The would-be makers of war and conquerors of the world are beset with their own troubles and devoid of many of their past opportunities for new conquests and oppressions.

Our people are turning again to their Churches and renewing the faith of their fathers and their trust in God.

Advances in medical science give hope for a healthier and happier people. We have found the ways and means to improve, and are improving, the institutions for the care of our ill, our needy, and other unfortunates among us.

Enlightenment, understanding and a sense of brotherhood are on the increase across the length and breadth of our land.

We still are far from perfection and the times remain troubled and unsettled. The dangers and threats of our years are with us yet. But there is progress; our faith is strong; our hope is high.

The Pilgrim Fathers, who observed the first American Thanksgiving in 1621, were not—literally or figuratively—out of the woods when they turned with faith and hope, and hearts full of gratitude, to their Creator and Savior.

We stand ready, as did they, to make the necessary sacrifices for the maintenance of those inalienable rights with which we are endowed by our Heavenly Father.

With these and our many other blessings in mind, and with mankind's debt of gratitude before me, I, Theodore R. McKeldin, Governor, do proclaim Thursday, November 26, 1953, to be a day for giving thanks to God and for the renewing and strengthening of our faith in His guidance and care.

Given Under My Hand and the Great Seal of the State of Maryland, at the City of Annapolis, this 16th Day of November, in the Year of Our Lord, One Thousand Nine Hundred and Fifty Three.

Theodore R. McKeldin
By the Governor
John R. Reeves
Secretary of State

With Your Congressman
DeWITT S. HYDE

On this Thanksgiving Day, one of the things we can be most grateful for is the knowledge that our government is working so diligently to protect us from Communism.

Some of us in Maryland—particularly those who live in Allegany county—have had first-hand experience with Communists stepping into organizations to which we belong and trying to run things. Those people know what the menace is.

The headlines have been proclaiming startling facts about the Harry Dexter White spy case, and at the same time Maryland's Senator Butler has been doing some very fine work on the problem of Communism among certain labor organization leaders.

I talked with Senator Butler about his subcommittee's hearings recently in Pittsburgh, where organizers, members and officials of the United Electrical, Radio and Machine Workers Union at the Westinghouse plant were interviewed.

Senator Butler said that out of 22 witnesses, 13 took refuge behind the Fifth Amendment to the Constitution, protecting them from self-incrimination, when they were asked if they were Communists. "It's my unshakable opinion," Senator Butler said, "that when a person under oath fails to answer whether or not he's a Communist, not much reliance can be put on his testimony."

"Before we ever began our hearings in Pittsburgh," he continued, "we knew of the great amount of work already done by organized labor to expose and expel the members of their groups who are trying to betray this country. We knew that the loyal union people would welcome some help, because they are the first to realize that in a Communist-controlled system, labor organizations have no freedom at all."

I think Senator Butler's remarks are commendable, and I sincerely hope that President Eisenhower's recent prediction—that Communism here in this country will be a closed issue at this time next year as the result of renewed diligence—will come true.

On the last day of my recent visit to Texas, where I accompanied the House Judiciary subcommittee to investigate personal claims arising out of the Texas City explosion disaster in 1947, Mrs. Henrietta Simms, of Hagerstown, brought some 30 women from Washington county to the Capital for a visit. They toured the Capitol building and visited the White House, where they gave Mrs. Eisenhower a hat as a gift. I am sorry not to have met them when they were here.

On my calendar: Sunday I have been asked to address the congregation of the Woodside Methodist Church in Silver Spring . . . Wednesday I will attend the groundbreaking ceremony for the new central telephone office at Viers Mill Road and Connecticut Avenue in Montgomery County . . . Next Thursday I'll speak at the Hagerstown Kiwanis Club luncheon in the Hotel Alexander.

The kidnap slayers of Bobby Greenlease in Kansas City were sentenced to death and will go to the gas chamber for their ruthless crime.

For the November meeting, the Women's Missionary Society of Emmanuel Lutheran met with the women of the church at St. John's at Meadow Mountain to help them form a society there. Mrs. E. S. Brenneman was leader of the topic "Spanish Speaking Lutherans in America," with other members taking part. Mrs. Earl S. Lee, of Oakland, president of West Virginia Conference, gave information on forming a society, duties of officers, membership, etc., and Mrs. Earl Johnston was elected president and other officers to serve temporarily.

Farm Bureau planning group number five met at the home of Mr. and Mrs. Orval Glotfelty on Monday evening, November 9. Mr. Glotfelty was elected Chairman of the group; Mrs. Lawrence Brenneman, secretary; and Jonas Beachy, discussion leader. Mr. and Mrs. Marvin Callis, of Accident, were guests and ten members were present. The December meeting will be held at the home of Mr. and Mrs. Jonas Beachy.

Miss Lucille Glotfelty was hostess to the Homemakers club last Wednesday afternoon when Mrs. Orval Glotfelty and Mrs. Russell Klotz gave a demonstration on "Weight Reducing." They used charts and ready prepared foods to illustrate their talks. Eleven members were present along with several little guests. Mrs. Orval Glotfelty was elected president of the club; Mrs. Russell Klotz, vice-president; and Mrs. Lawrence Brenneman, secretary and treasurer. Two members observed birthdays by contributing to the Birthday Bank. The Christmas party will be held at the home of Mrs. Marvin Beitzel December 16 in the form of a covered dish dinner with program and party planned for the afternoon. Refreshments were served.

Mr. and Mrs. Jonas Beachy and Mrs. R. L. Emery attended the funeral of their uncle, the late Aemelius Fike at the Maple Spring Church at Eglon last Thursday.

Mr. and Mrs. Lewis Spessard, of Washington, spent the week-end with her parents, Mr. and Mrs. William Bowser.

The Women's Missionary society will hold its annual Thankoffering service in the church Sunday night, November 29. A pageant will be presented and an offering taken.

There was a family gathering at the home of Mr. and Mrs. Marvin Beitzel last Thursday, November 19. The event was in honor of Elmer Schrock, Robert Schrock, Mr. and Mrs. Howard Schrock and Mrs. Daniel Holyman, all of Kalona, Iowa; and W. J. Schrock, of Almyra, Ark. There were 80 members of the Schrock family present. All had a wiener supper.

IN MEMORIAM

In loving remembrance of John Wellington Larons, died November 16, 1952.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home
Which never can be filled.
Hear in there, we think of you still
As the same, I say,
He is not dead . . . he is just away.
There is a place we call sweet Heaven,
Beyond the starry sky,
Where human hearts are never broken
And friendships never die.
Reunions there will have no end
In Heaven they never say "Good bye."

Telephone Company To Seek Rate Boost

Proposal Would Add 50 to 75 Cents to Monthly Bills In Maryland

The Chesapeake and Potomac Telephone Company disclosed it will seek new rates adding 50 to 75 cents a month to telephone bills of Maryland customers.

A spokesman said the request would be taken to the Public Service Commission before the end of the month. He added that higher salary and material costs and a sizable construction program will be the basis for asking higher rates.

The phone company indicated when it signed contracts granting its employes wage increases two months ago that the additional cost would be passed on to customers.

The spokesman said today the C & P would engage in a 30 billion dollar construction program in Maryland next year, comparable in size to that of 1953, and that earnings were not sufficient to attract needed capital.

He said company earnings had advanced at a far slower rate since the war than earnings of Maryland's 25 largest manufacturing companies. Previous rate boosts have been too little and too late, he added.

Last February, the PSC gave the phone company temporary rate boosts of 25 cents a month for most subscribers and 50 cents a month for individual unlimited phones. These were made permanent in September.

This was the firm's first general increase since 1949. In 1952, however, it was allowed to change the coin box rate from 5 to 10 cents.

Band Seniors Get Letters At Concert

Fifteen Receive Award, Large Crowd Present For Concert Last Thursday

Fifteen seniors of Southern High school, who have been members of the band for from two to four years, were presented band letters at the fall concert at the high school last Thursday evening.

There are sixty-four members of the band this year, and they presented a concert of the "three R's of Music," rhythm, romance and religion.

Those receiving their band letters from H. B. Wright, director, were Loretta Wolf, Jackie Groves, Ruth Cooper, Eugene Williams, Clarence Savage, Naomi Lewis, Kitty Wainer, Donna Weimer, Ada Mae Welch, Reuben Rodeheaver, John White, Don Peck, Harry Bittinger, Freddie Sims and Jack Harvey.

Mr. Wright announced that the band had two new instruments in the band this year, the bassoon, played by Peggy White, and the bass clarinet, played by Jackie Groves.

Other members and their instruments: Loretta Wolfe, Charlotte Kemphfer, Patty Bittinger, flutes; Shirley Ritchie, oboe; Ruth Cooper, Romaine Hershman, Ann Forshey, alto saxophones; Eugene Williams, Carolyn Dusic, Leota Sines, tenor saxophones; Arthur Culp, baritone saxophone; Clarence Savage, Naomi Lewis, Kitty Wainer, Donna Weimer, Ada Mae Welch, Janet Wolf, Geraldine Davis, Phyllis Sanders, Phyllis Lee, Jenny Kessel, Shirley Cahoun, clarinets; Reuben Rodeheaver, Paul Bachtel, baritone horns; Betty Bittinger, Amy Anderson, Bruce MacMurray, French horns; Jack Harvey, John White, Don Peck, Carroll Paugh, Inez Davis, Olivia Naylor, Eddie Bowser, Frank DeWitt, George Lee, Stanley Savage, Mary Ann Callis, LaRue Calhoun, Jerry Meyers, cornets; Fred Stemple, Bill Martin, Larry Friend, David Nace, Allen Murphy, Jack Roth, Milford Beckman, Fred Dilgard, trombones; Harry Bittinger, Don Wensel, Jack Mersing, Bob Speicher, basses; Fred Sams, Rebecca White, Kermit Kope, Don Taylor, Eddie Bittinger, Billy Moore, Steve Wainer, Sam Moore, Paul Brohawn, percussion; Eddie Bowser, drum major.

Majorettes are Wilma Long, Joan DeWitt, Barbara Biser, Hazel Skidmore, Janet Wolf. Majorettes performed during two numbers. Two specialty numbers were given by the "Hungry Six", composed of Janet Wolf, Geraldine Davis, Bill Martin, Don Wensel, Inez Davis and Eddie Bowser; while a novelty and comedy skit, "St. George and the Dragonet," was played by Don Taylor, Jack Mersing, Ruth Cooper and Paul Bachtel.

The first number, "The First Thanksgiving Day," was arranged by the director. A large crowd witnessed the concert.

ONE WORD . . .

Can Change Your Life
By REV. ROBT. OLEWILER
Pastor, Grace Reformed Church
Washington, D. C.

LEGACY

You're concerned about what you're going to leave your loved ones when the "bell tolls." It's wonderful, of course, to be able to leave behind large savings, real estate, stocks and bonds. Yet we should be as much interested in spiritual endowments as in material ones. How much "soul-stuff" are we bequeathing our loved ones?

One major trouble with that prosperous farmer in the Gospels was at this very point. He kept building bigger and bigger barns. Those he left behind had plenty of property, but little or no character, kindness, love and joy. The farmer measured well materially, but his ledger was lean on the spiritual side.

Our children and grandchildren will be richer blessed if we see to it that there's more than a little of the things that matter most in our legacy, the word that can change your life.

THE REPUBLICAN

VOLUME 77 OAKLAND, GARRETT COUNTY, MD., DECEMBER 3, 1953 PER COPY, 8c. NUMBER 40.

Look Before Shooting . .

"Wait until you see the whites of their eyes" should be good advice for a large number of hunters who will be out in the forests of Garrett county next week, carrying potential death in their deer rifles. A hunter should not have to wait that long before pulling the trigger on a buck, but for goodness sake, he should be sure that it is an animal before firing.

A local person declared yesterday that in West Virginia there wouldn't be any deer left in the woods, at the rate they were being brought out. And another replied, "There won't be any hunters either if they don't stop shooting them."

The tragic accidents in our nearby state should make us doubly conscious here of the danger involved in "going off half cocked" at the first sign of movement in the brush. The fact that much of the uncontrolled firing in West Virginia is from teen-age hunters has caused much concern here. One conservation group is arranging to speak at a number of high school classes to urge extreme care while in the woods with a loaded rifle. An unwritten arrangement is usually in effect at the schools here, whereby a student may absent himself for a day to hunt deer and not be given too black a mark for the disappearance from the classroom. So a lot of high school students will be out there in the woods next week along with some two thousand or twenty-five hundred other hunters, and we want to add our word of caution. Just be careful where you aim and at what you aim. Be sure it isn't your relative or somebody else's.

Hunting Mishaps Plentiful Over In West Virginia

Hunting mishaps have plagued West Virginia hunters during the three-day deer season just closed. A number of wounded persons were reported in Grant, Hampshire and Tucker counties where the hunters seemed to be most concentrated.

Five fatalities were reported on the first day, three from heart attacks.

Tuesday a Tunnelton nimrod hunting near Bayard was shot through the hips. He was brought to Oakland in the Bolden ambulance and then taken to Taylor County hospital at Grafton. He was identified by Bolden as Howard Messenger. District Game Protector Harrison Shobe, of Petersburg, W. Va., said the man was shot by a man identified to authorities as Charles Taylor of Masontown, a member of Messenger's hunting party.

Roy Carl Matheny, 54, of Albright, W. Va., is a patient in Garrett County Memorial hospital in Oakland where he was admitted Tuesday after being shot in the hip while hunting in the Mt. Storm area.

Attendants at the hospital said Matheny underwent surgery and reported his condition as good. The identity of the gun wielder was not known.

Another hunter was shot in the neck at Capon Bridge. Norris Talmadge Wilson, 20, Piedmont, Ohio, was killed, and a companion, Stanley Van Fossen, 55, also of Piedmont, was shot in the arm by slugs from a .12 gauge shotgun wielded by Toney Tarley, 17, of Four States, W. Va. This took place near the Tucker-Randolph County line. Tarley is being held under $5,000 bond in Randolph county for trial in Juvenile court on a charge of involuntary manslaughter.

Shot to death was a hunter of Doddridge county. Heart victims were from Philippi, Carmichael, Pa. and Vienna.

Seal Sale Drive In County Nets $588

Returns from Garrett County in the third week of the Christmas Seal Sale campaign amounted to $588, it was announced by Miss Jean K. Reinhart, executive secretary of the Allegany-Garrett County Tuberculosis association. In the two-county area the amount had reached $5,199.82.

There were 26,000 letters sent out in the two counties. Miss Reinhart said the drive is about $100 less than this time last year but that several good sized contributions had been reported but not counted in this week's total.

It was shown that the association gave $5,000 for direct aid to patients in and out of hospitals last year and pays the full cost of chest clinics and shares in the cost of the annual chest X-ray survey. The cost of the latter runs approximately $3,500 per year.

Traps Wildcat

A wildcat was trapped and shot on the farm of Anna and Grace Lichty, formerly the Sol Slabaugh farm, in the Gortner section, on Monday night.

The Misses Lichty had been missing chickens for a long period so they set a trap to see what they could catch. When they found they had caught something they called their brother, Freeman Lichty, who came over and shot it. It was then they discovered it to be a wildcat

Annual Deer Season Opens December 7th

The annual deer hunting season will open next Monday, December 7, and will continue until sundown Saturday evening, December 12.

During the open season on male deer with two or more points to one antler, the small game season will be suspended and will not resume until Monday, December 14.

Approximately 2,500 hunting licenses have been issued to hunters within the past few weeks, and many out of county hunters have made reservations with individuals, hotels and boarding houses for next week. A large number of farmers and other landowners continue to post their lands extensively against any hunting, but thousands of acres are still available.

Hunters will attempt to surpass the all-time record of 581 kills during one season, which was made in 1952. In 1951 there were 566 bucks killed.

The usual five deer checking stations for the county are Sheriff's office, Oakland; Matt Storey's at Deep Creek; Murphy's garage, Friendsville; William Biddington's, Grantsville; Postoffice, Swanton. Hunters may use the state police headquarters at Westernport, or the police barracks at LaVale, both in Allegany county. Hunters are required to report their kill within twenty-four hours. The limit is one per season.

Extra district wardens from other counties will be assigned to Western Maryland.

Southern High Five To Open Season on Friday in New Gym

Southern High school will open its basketball season tomorrow night, Friday, December 4, in the new gymnasium against the Alumni. The new building was just recently completed and there will be ample seating capacity for all students and townspeople. The game will get under way at 8 o'clock.

Coach Kyle Wilson has been having daily practice periods with his squad of about twenty, but had not yet named his starting lineup.

Playing for the Alumni will be Eddie Hardesty, Denver "Big Boy" Sisler, Harold Orendorf, Marvin Mills, Bob King, Richard Criss, Pete Turney, and others who have graduated within the past two or three years.

There will be a preliminary game at 7 o'clock between the Jayvees and another team of boys considered in the jayvee group to the alumni.

The Highlanders will travel to Terra Alta on Tuesday night, December 8, for a game there with Terra Alta High school.

Northern High Wins

Northern High School's floormen dedicated their new gymnasium Tuesday night by defeating the Alumni quint by the score of 55 to 51.

Murphy was the "Big Gun" for Northern with 18 tallies, while G. Wright scored the same number of points to pace the grads. Northern held a 31-28 advantage at half time. On the Northern lineup were Hershberger, Seiby, George, Murphy, Wright, and McKenzie.

Playing for the alumni were Rieger, J. Stanton, G. Wright, Trober, Crow, Patton, Beachy, and Humbertson.

Wins National 4-H Recognition

Mrs. Polly Johnson Hanst Presented Gold Key at Recognition Dinner Last Evening at Chicago

Mrs. Polly Johnson Hanst, formerly of Braxton County, W. Va., now an Oakland homemaker, was one of eight persons throughout the nation honored last night in Chicago as national winners in the first annual 4-H Alumni Recognition Program according to C. P. Dorsey, state 4-H club leader, West Virginia university. She is the wife of George H. Hanst, editor.

Each of the eight national winners, including two governors, Hon. Dan Thornton of Colorado and Hon. Herman E. Talmadge of Georgia was presented a gold key by S. L. Nevins, president of agricultural chemicals division, Matheson Chemical corporation, donor of awards, at a Recognition dinner last evening in the Blackstone hotel, during National 4-H club Congress, now in progress in Chicago.

C. H. Ferguson, director of extension work, U. S. Department of Agriculture was guest speaker. The eight national winners, chosen from state winners throughout the country, are attending Club Congress as guests of the Matheson Chemical corporation, to represent the 16 million former 4-H'ers of the nation. Mrs. Hanst was named earlier as the state winner from West Virginia.

Others named were from Illinois, Minnesota, Oklahoma, Rhode Island and Tennessee. The program provided in addition to the gold keys the trips to the Club Congress in Chicago, and as state winners they will receive plaques. E. W. Aiton, National leader of YMW and 4-H club programs of the Federal Extension service, presided at the dinner and reviewed the accomplishments of the winners. Recipients spoke briefly, pointing up what 4-H club training had meant to them.

Prerequisites to alumni recognition are previous 4-H membership and a continuing interest in 4-H club work. Two winners from each state were selected on the basis of leadership and participation in youth, civic, church, school, government, and other public service endeavors, special service to 4-H club work, adherence to the ideals and principles for which 4-H club work stands, and success in their chosen careers, Dorsey pointed out. The other person to be named as state winner in West Virginia was Maurice Graham Brooks, Morgantown, professor of wildlife management at West Virginia university and forester of the Agricultural Experiment station there.

Mrs. Hanst completed seven years of 4-H work at Frametown, Braxton county, W. Va. with many honors. She was a delegate to Camp Vail at the Eastern States Exposition, named "1st Governor" at the Horace Moses Leadership Training School and was inducted into the 4-H All Star honorary order.

Take Moving Pictures

R. C. Thompson, director of vocational rehabilitation for Maryland, and co-chairman of the National Employ the Physically Handicapped Governor's committee, was in the county Monday taking moving pictures of John Jones who was nominated by the Garrett County committee to receive a regional award for his efforts at self-support in spite of a physical handicap.

Jones will go to Baltimore on December 15 to be honored by the Governor's committee. Thompson was accompanied to the county by J. Leo Delaney, counsellor for Allegany and Garrett county for the vocational rehabilitation division of the State Department of Education.

To Induct Three

Three persons have been ordered for induction into the armed forces this morning, December 3.

Those called were Donald C. Williams, Oakland; Omer J. Humberson, Friendsville; and James R. Spear, Friendsville. They will report to the induction station at Fairmont, W. Va.

To Discuss Savage River Dam Problems

Problems connected with the Savage River dam and the area surrounding it are to be discussed next Tuesday at a meeting at the Ali Ghan Country club in Cumberland.

Governor Theodore R. McKeldin recently named a special commission to study prescribed problems concerning the dam, and Owen E. Hitchins, Cumberland, who was named chairman of the group, has called the session. Luncheon will be served at 12:30 p. m.

Members of that special commission include Lawrence M. Fraley, who is a member of the Upper Potomac River commission; and J. Edward Helbig, president of the County Commissioners.

Fraley said two items to be discussed would be the construction of a road around the dam, and the water supply for Westernport. At present the latter town receives its water supply from the dam.

Concerning the construction of a roadway around the dam there has been considerable controversy. Garrett county representatives feel that this county is entitled to have the road built by some agency other than the county. The dam was built for the express purpose of regulating the flow of the Potomac river so that industries in Allegany county would be benefited for flood control and alleviation of pollution in that area. Whether or not Allegany county, the State of Maryland or the Federal government are responsible for the construction and upkeep are matters to be ironed out at the meeting.

The Savage river dam covers 360 acres when completely filled with a drainage area of some 105 square miles. The use of the reservoir for swimming or bathing is prohibited except by express permission of the Maryland State Department of Health and the town of Westernport. Fishing is permitted except in areas prohibited because of possible interference with efficient operation or for reasons of public safety.

The only motorboats allowed are a patrol boat of the Upper Potomac River commission and such others as may be authorized by the Corps of Engineers or the State of Maryland for official use in surveys, operation and maintenance of the reservoir. Rowboat permits may be granted. No houseboats, no private cottages are allowed.

Picnicking may be permitted and any provisions for camping must have the joint approval of the River commission, the Department of State Forests and Parks and the Maryland State department of health.

Truck Driver Pulled From Burning Cab

A tractor-trailer went out of control on the McMullen Highway at Dawson, Allegany county, Saturday and smashed into a concrete culvert and then caught fire. Charles L. Jackson, 29, of Mt. Lake Park, driver, was pulled from the cab of the tractor by Jess Cook, who operates a service station in the area. The driver's hair and clothing were singed by the flames but he was otherwise unhurt. He was back to work this week.

The southbound rig's rear dual wheels were knocked loose and a lumber truck headed in the opposite direction was wrecked when the wheels were struck by the front of the vehicle.

State Trooper Milton G. Hart, who investigated, said the tractor-trailer was empty at the time. When it careened across the highway and struck the abutment the gasoline tank exploded and caught fire to the equipment. Volunteer fire companies at McCoole and Keyser were called but Cook and residents nearby were able to douse the flames with fire extinguishers taken from the log tractor. The fire badly damaged both the tractor and trailer which are owned by a Pittsburgh concern.

Operator of the lumber truck was unhurt.

Wesleyan College Choir To Sing Here

The West Virginia Wesleyan College a capella choir will visit Oakland on Tuesday, December 8th, in the course of a tour being made through northern West Virginia, southwestern Pennsylvania and western Maryland.

The choir will sing in St. Paul's Methodist Church at 7:30 p. m. Everyone is invited. There will be no admission charge, but an offering will be received. St. Paul's Church will be host to these young people while they are here.

This group of 39 voices is under the direction of Robert F. Shafer, Associate Professor of Music at the college.

The members of the group on tour have been carefully selected from the larger college choir.

In the course of this four day tour, appearances are scheduled for nine high schools and five churches, involving three or four programs daily. The choir will appear at Southern High School on December 9 at 9:15 a. m.

The program for the churches will include a number of outstanding compositions. A number of selections by the choir, a double mixed quartet, and a girl's quartet will comprise the high school program.

At the church presentation there will be anthems of praise and hope, the birth of Christ in choral anthems, and other numbers interpreted as help for Christians and relaxation in music.

Free Movies For Kiddies Saturday

First of Series of Activities Of Chamber of Commerce Scheduled This Week

The first of the Christmas season activities by the Mt. Top Chamber of Commerce, will take place on Saturday morning in Oakland.

At that time the Chamber of Commerce, through Bernard I. Gonder, Sr., is offering free movies to all the children of the community at the Maryland theatre. Two shows are scheduled for that day.

On Saturday, December 12, ten turkeys and a one hundred dollar savings bond are to be given away.

On Saturday, December 19, the annual visit of Santa Claus is scheduled at which time around 2,000 children will get their annual Christmas treat.

Letters have been sent out to business men asking for their contributions toward the treat. Emeric G. Dusic, chairman of the Mt. Top Chamber of Commerce Christmas Treat committee, said this morning that contributions are pouring in daily and that one-third of the goal has already been reached.

The National Guard members, under Arthur Calhoun, will again help distribute the treat. Boy Scouts under direction of Ralph Fauber, also will assist. The treat will be given away at 1 o'clock Saturday, one week before Christmas.

Those contributing thus far include:

Dr. Alvin Friend, Neil Fraley, The First National Bank, Dr. F. D. Custer, Orange Crush Bottling Co., Carroll's Sport Shop, J. Fazzalari, Elza Bray, Acorn Associates, Ace Radio and Electric Service, DeWitt and DeBerry, W. T. DeWeese, Englander's Pharmacy, Leighton Bros Garage, Mr. and Mrs. A. T. Pagenhardt, Ralph Pritts Garage, Hawkinson Tread Service, Pythian Sisters, Whites Garage.

1,500,000 Trees Available to Plant

Nearly 1,500,000 evergreen trees will be available for planting in four Western Maryland counties next spring, according to District Forester William H. Johnson.

Some 950,000 trees will be available in this county next spring. About one-fourth of these seedlings will be planted on state-owned land. The rest may be planted on privately owned land.

Land owners who would like to obtain some of these trees free should contact Johnson at the office in the Allegany County court house. The trees will come from the State Department of Forests and Parks nursery in Anne Arundel county.

Outline Plans For March of Dimes In County This Year

Plans for the March of Dimes campaign in Garrett county were outlined Monday evening at a dinner of workers at the William-James hotel in Oakland. Thirty-eight representatives gathered to pledge their aid and that of their various organizations.

Miss Catherine Gaule, guest speaker and State Representative for the National Foundation for Infantile Paralysis, outlined the great strides accomplished within the past few years in the preventive war against polio and praised the spirit shown by the local workers.

A film featuring Miss Helen Hayes on "Mother's March on Polio," was also shown.

Among the organizations supporting the drive are Maryland League for Crippled Children, Miss Grace Jones; Garrett County Memorial hospital, Mrs. Joseph Sollars; County health department, Mrs. Hazel Walter, Catholic church, Rev. Michael K. Carney; County Ministerial association, Rev. W. S. Patterson; Oakland Civic club, Mrs. E. R. Jones; Business and Professional Women's club, Miss Mary K. Williams; Lions club, Erval Ream; Rotary club, Melvin Kight, Garrett county schools, R. Bowen Hardesty, county superintendent; American Legion, Rev. J. J. Atwell; Newspapers, C. B. Buchanan and Donald R. Sincell; Loyal Order of Moose, Donald Stemple; Knights of Pythias, John Forman; Red Cross, Mrs. Paul B. Naylor, Mrs. E. Z. Tower; County P.-T.A. Council, Mrs. Earl Lee; University Women, Mrs. Leo Helbig; County Farm Bureau, Marvin Callis, County Teachers' association, Kathryn Speicher; Student Council, Southern High, John White; Mt. Top Chamber of Commerce, Newt Coplin.

Representing the communities were Jesse Walker, Kitzmiller; Olonzo Fike, Accident; Mrs. Dan Hershberger, Grantsville; Ralph Swauger, Friendsville; Mrs. Barnard, Bloomington; Mrs. June Harvey, Swanton; Mrs. E. C. Clatterbuck, Deer Park; Mrs. Joe Kahl, Mrs. Mason Callis, Mt. Lake Park; Harold Garrett, Crellin; Richard Dayton, Oakland.

S. R. Pagenhardt, last year's chairman, conducted the meeting in the absence of Robert W. Stemple, this year's chairman. Assisting were C. B. Buchanan, vice-chairman; and Charles L. Briner, campaign director. Pagenhardt is serving as campaign treasurer this year. Others serving on this year's committee are George K. Littman, treasurer; June Harvey, secretary; Mrs. W. W. DeWeese and Mrs. Irvin R. Rudy, chairmen of women's activities.

Discuss Ways To Control Weight

At their regular meeting November 24, members of the Sunnyside Homemakers club faced one of today's leading nutritional problems, that of overweight, and discussed ways and means of avoiding its dangers.

In a talk entitled "All About Food," Mrs. Wayne Hamilton reviewed basic nutritional facts and discussed various "whys" and "hows" of weight control. Mrs. Floyd Wensel gave a dieter's alphabet and helpful reducing hints. Sixteen attended the meeting held at the home of Mrs. Wayne Hamilton, at Red House. The next meeting is scheduled December 15, at the home of Mrs. Ernest Spoerlein. A Christmas gift exchange will take place.

Inter-Community P.-T.A. Planned at Northern High

The Northern High School Parent-Teacher association has planned an inter-community P.-T.A. meeting for next Thursday evening, December 10, at 8 o'clock, in the Northern High gymnasium. Accident, Friendsville and Grantsville P. T. A.'s are being invited to attend. The program will include a motion picture on tuberculosis, a talk by Mrs. Joseph Fahey and the singing of Christmas carols by the choral ensemble of Northern High under direction of Miss Lou Brock, head of the music department. Carols also will be sung by the entire audience.

Refreshments will be served following the meeting. The public is invited.

Regional Meet Planned For FFBL Program

The Morgantown Chamber of Commerce will be host for the fourth regional round-up of the Farming for Better Living program in five counties which includes Garrett.

Members of the FFBL council and the county winners will be guests of the club on Friday, December 11, at 12 o'clock noon. Mr. and Mrs. Harry Hummel, of New Germany, were this year's winners in Garrett.

Thornton Perry To Speak In Oakland

Thornton T. Perry, of Charles Town, W. Va., an authority on Tableland history, will deliver two addresses in Oakland on Friday, December 11, it was announced this week.

Jesse Walker, of Kitzmiller, president of the Garrett County Historical Society, said all members of the society were being requested to attend a meeting of the group on that evening at 7:30 p. m., at the William-James hotel in Oakland, which Mr. Perry would attend.

Mr. Perry was in Oakland this past September when he visited "The Anchorage," summer home of his ancestors, near Oakland on the old Deer Park road. At that time he was on his annual tour of West Virginia in search of rare books which he collects.

Mr. Perry will also be guest speaker at the Rotary club meeting on the same date, at 6:15.

Snowfall Reached 6.1 Inches In 10 Days

Snowfall over a six-day period during the past ten days brought a total depth of 6.1 inches and also brought slight improvement in the over-all water situation.

Rain and melted snow during the period since November 21, reached a depth of 1.56 inches, according to the government records at the Weber weather bureau. This was calculated to help the water supply over the entire area but much more was needed to bring the water table back to normal.

During the past week the temperature dropped to six above zero for the low of the winter. This occurred on Sunday morning.

During the storm of last Friday the State Roads commission had a number of trucks and men busy cindering roads. Roads were icy over the week-end.

Drilling Deeper

Oakland was engaged in having its latest well drilled deeper. Drillers were down 270 feet or more this morning and were continuing. Water in the reservoirs remained about six feet from the top, not much change from last week. There was some gain over the week-end with schools dismissed, enough of a gain to pull the pump from the latest well so that drilling could be continued.

Red House P.-T.A. Hears Rev. Edwards

Rev. Jonathan Edwards, of Germania, gave a talk on Thanksgiving and the heritage of freedom at the regular meeting of the Red House Parent-Teacher association on November 18, at the school. Mrs. Lester Martin, president, had charge of the program.

Four members who attended the County Council P.-T. A. meeting at Friendsville, gave reports. Ernest Spoerlein spoke of parent, pupil relationship and how to better understand young people.

Refreshments were served. A Christmas program is planned for the next meeting, on December 22, at 8 o'clock.

Bloodmobile Visit At Kitzmiller Dec. 9

Plans have been completed for the next visit of the bloodmobile unit at Kitzmiller on Wednesday, December 9.

The visit is sponsored by the Lions club of Kitzmiller and Elk Garden and members of the auxiliary to the Fire Department will take care of the canteen on that day, according to Mrs. Grover C. Stemple, blood recruitment chairman for the county. Dr. Ralph Calandrella will be the local physician in charge.

Garrett County One Of Nine To Apply For Credit

Seeks $207,800 For More Road Work In Next Fiscal Year

Garrett county was one of nine that applied to the State Roads commission for $1,289,000 of the new 50-million dollar state credit pool for county road money.

When the deadline passed Tuesday for applications covering the first year of the plan—fiscal 1955 starting next July 1—these are the counties asking a share:

Allegany, $150,000; Calvert, $27,000; Charles, $81,100; Garrett, $207,800; Frederick, $276,700; Montgomery, $234,600; Queen Anne's, $50,000; St. Mary's, $79,700; Washington, $182,100.

In most cases this was the full quota set up by the Roads commission as the amount of first year bonds each county could handily pay off with the increased revenue it is due to get next year from the increase in the state gasoline tax.

The estimated gasoline tax for the 1954-55 fiscal year will be $421,700, and the motor vehicle tax $175,100, for a total of $596,800. The increased revenue from these sources will take care of retiring the bonds over the fifteen-year period, while the money will become available next year. W. W. DeWitt, county roads engineer, said the additional money would be used for additional road projects in the county.

Approximately $700,000 is spent for road work in the county each year. The $207,800 will be in addition.

Garrett county has about 720 miles of county roads.

The plan by which the state in effect lends its credit to the counties, was enacted by the General Assembly last spring as an insertion in Maryland's long range highway overhaul program. Commissioners in the other counties indicated to the commission they felt they could meet their road needs on a pay-as-you-go basis now that they are in line for increased gasoline tax revenues and would rather not borrow bond money against future receipts.

The Roads commission had set up $3½ million, more than again as much as the $1,289,000 the nine counties applied for.

The bonds are to be paid off from gasoline tax monies which Garrett county receives from the state on the basis of road mileage. The bond issue method requires that the money shall be repaid within 15 years from revenues credited to Garrett county in gasoline and motor vehicle taxes. The program also provides that the State Roads commission shall give adequate information to the county when requested to do so in relation of construction of farm to market highways. This is to be done by the SRC without charge to the county.

Grantsville Farmer Dies Under Tractor

James Albert Bowman, 53, of near Grantsville, was killed instantly last Wednesday when a tractor hauling a load of pulpwood turned over on him.

The accident occurred on a hillside in the woods on the farm of Clyde Bowman, three miles west of Grantsville.

County officials, who investigated the accident, stated the tractor turned over to crush Bowman after running against a tree stump on the hillside. Investigating was Sheriff Paul W. Fisher, Deputy Sheriff E. J. Frantz and Dr. E. I. Baumgartner, deputy county medical examiner.

Winterberg Funeral home attendants and volunteers were called to extricate the body from underneath the heavy tractor.

Bowman was born in this county, a son of the late John and Elizabeth Kimmell Bowman. He was a veteran of World War II, enlisting in the army in August, 1942.

He is survived by his widow, Ethel Bowman, and a cousin, Clyde Bowman.

Funeral services were conducted Sunday afternoon from the Laughlin Church of the Brethren on Negro Mountain, with Rev. Jesse Whitacre, pastor, officiating. Interment was in the John Durst cemetery.

Government Under God

Lesson for December 6, 1953

EVEN today there are people who feel that religion and politics don't mix. The answer to that is, if your politics is the kind that won't mix with your religion, it's either the wrong kind of religion or the wrong kind of politics, or both. Just as it is not safe for a man to try to reserve a part of his personal life, keeping it for himself and away from God, so it is not right nor safe to reserve any section of social life and suppose that God need have nothing to do with it or about it.

Dr. Foreman

Government

When St. Peter tells his friends to be subject to "every human institution" he does not mean that all human institutions are what they ought to be and what God wants them to be. There are no perfect persons: how can there be perfect institutions? The truth is between two extremes.

One extreme view says: Institutions, including governments, are what they are by God's will and ordinance: therefore we must not criticize them, much less revolt. (This is the view of fascism everywhere and always.) The other extreme says: Since no human institution is or can be perfect, let us Christians stick to the one institution of the church, and leave everything else to the realm of sin. But no part of the world, or of human life, can be safely left to the devil. If it is right to try to make a family as nearly Christian as possible, it is right to try to make government as Christian as possible. God's will is that we should have government (in Lincoln's great phrase) "under God." That is to say, government is on the right line when it is in line with the great principles of life God has shown us. Justice and law should go together. All government uses law; but only good government makes just law. Above all human laws is the Law of God. "Under God" means not simply that God's name is used but that his will is really expressed in what the government does and plans.

The Governor

All good government centers in some kind of executive. He may be called Prime Minister, or King, or President. The name does not make much difference. But there has to be some responsible head somewhere, some person who has the right to make decisions and to order them carried out. This is true all the way down from national to village organization. A government where it is possible to "pass the buck" all around in a circle without any one person's being held responsible or having to make a decision, is a bad government. Both in the Old Testament and in the New, the importance of the right man at the center of things is underscored. Under a good king like David or Hezekiah, the country prospers; under a bad one like Jeroboam or Manasseh the country goes to pieces. Times have not changed much.

* * *

The Governed

The great difference between government in the days of Saints Paul and Peter and today, is that in the English-speaking countries, where free Bible Christianity has had fullest sway, we have democracy as our form of government. (This is not forgetting other countries where the same is true, such as Holland. It is also not forgetting that in some countries called democratic, there is nothing of democracy but the name.) Both Paul and Peter, when they wrote of kings and other men of authority, did not picture modern democracy at all. In the Roman Empire the monarch were dictators; they were not elected. In our democratic world the **governed** are also **the governors**. Power resides no longer in the throne or in the palace; it resides in the people where it belong. Furthermore, in the modern democratic world, Christian ideals can make themselves felt as they could not in the palace at Rome or Constantinople, in centuries gone by. Everybody who watched Queen Elizabeth's crowning must have been impressed by the fact that it was a religious act, performed in a church by Christian ministers.

In this Buick you get more room than those few extra dollars can buy elsewhere.

You get more comfort—comfort that a *lot* more money can't buy anywhere else—the comfort of the Million Dollar Ride, with coil-spring cushioning on all *four* wheels, torque-tube steadiness, Safety-Ride rims, the firm solidity of a massive X-braced frame.

You get more satisfaction—more of that good and happy feeling that comes from traveling in a car of ample road-weight, of brawny structure, of impressive styling.

And you get more fun, more thrill—from bossing the walloping, silk-smooth power thrust of the highest-powered, highest-compression Fireball 8 engine ever placed in a Buick SPECIAL.

What it all sums up to is this straight fact: you get *far* more automobile in this Buick for just a *few* more dollars. Better look into the matter if it's a real deal you want for your money. We're ready when you are.

IT'S TRADE-IN TIME FOR A BETTER DEAL
Want the top allowance on your present car? Come in and see us for the happy news—now. You save money when you trade with us.

MY JOB IS THRILLING!

I've been an usher in Church for many years. And my job is thrilling.

It's not that I'm money-minded. Frankly, I hardly notice what a person puts into the plate. Envelopes, paper, coins—they're all the same to me.

What thrills me is the spirit of STEWARDSHIP. As I pass my plate through the pews, men and women are returning to God the fruits of their talents, their labor, their strength.

In my mind's eye I see the wonders God will work with these humble gifts . . . the Church's ministry of mercy, of comfort, of teaching, of saving.

But really, the greatest thrill is in placing my own gift on the plate. For I'm not just an usher—I'm a Christian.

Receiving your gifts is merely my job. Giving my own gift is the joyous privilege that I share with YOU, and with all men who believe in Christ and His Church. Next SUNDAY IS STEWARDSHIP SUNDAY.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

LISTEN AMERICANS!

...by George S Benson

President of Harding College

A recent survey of college freshmen throughout the nation revealed that more than 20 per cent of them did not know that Woodrow Wilson was president during World War I, and only six per cent were able to name the 13 original colonies. Many students listed states such as Texas and Oregon as among the original 13. Thirty per cent of the students did not know who was President during the Civil War. Some thought it was George Washington.

This is just an indication of the lack of knowledge about America, not only among college freshmen but among our adult population. It was recently demonstrated at a meeting attended by 100 people from 26 states that only a small percentage of American adults are aware that a communal economic system was established in the early years of both Jamestown and Plymouth Colony—with all production going into a common storehouse, and equal shares being distributed out of the storehouse to each family. Yet this fact is an important part of American history. The communal system failed, and out of the failure grew our present private ownership, free enterprise system.

Some time ago the New York Times surveyed American high schools and colleges and found that only 54 per cent of our colleges and universities require students to study American history. And of the total enrollment in colleges and universities at the time the survey was made, only 12 per cent of the students were enrolled in American history courses. In the adult field, there is much evidence throughout the nation indicating that a great many of our grownups either didn't study American history or have forgotten vitally important facts about our country's origin and its progress.

In both the school field, and among our adult population improvement is being made, however.

Many people have said to me from time to time: "I want to do something to preserve the fundamental principles of our government. What can a mere citizen do?" Over the years this column has given many answers to that question. Today it will give one of the best answers I know: Get with the school people in your community—at all school levels—and work with them to make American history and American citizenship essential studies for every child, every student. This is the surest way we can build an impenetrable national defense.

Mulch Protects Strawberry Plants

Strawberry plants need mulching soon after the first freezing weather sets in, says Albert F. Vierheller, extension horticulturist at the University of Maryland. He adds that growers are faced with the problems of what kind of mulch to use and how much mulch to use.

Vierheller says, "Wheat straw is the best mulch for strawberries. Oat or rye straw may be used, but tend to pack." He acknowledges that straw is scarce and costly this year and suggests, "Home gardeners may use pine needles or sawdust if straw is too expensive or not available." The extension horticulturist does not advise the use of tree leaves for mulching.

"Cover the plants with mulch after the first freezing weather sets in with enough mulch to cover the plants about two inches," recommends Vierheller. This rate of application would require about 2½ tons of straw per acre. Other ways of stating this rate of application are one pound of straw for every two feet of row, or about one pound of straw per plant. Vierheller calls this, "A light mulch, but good for most of Maryland. Heavy mulch would be about double this amount."

Vierheller says the purposes of mulching are to reduce heaving of soil, to prevent low temperatures from injuring the plant crown, to retain moisture and to keep berries clean next spring at picking time. The horticulturist also points out that mulching reduces the weed crop in the strawberry bed.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

The Labor Bosses

There are many public men whose position on political issues is sometimes vague and confused. Their views occasionally shift with the political currents. Concerning one group, however, this is not accurate at all. This group is composed of the so-called labor bosses, who are sometimes cheap and unsavory fellows. No citizen capable of reasoning from the clear political facts should have any difficulty in coming to three firm conclusions about these labor union gentlemen.

—o—

One is that they are completely identified with and quite dominant in the Democratic party. This has been true for the twenty years up to 1953 during which period they had the run of the White House and the personal support of its incumbents. In that period Democratic candidates as well as Democratic policies were—and still are—cleared through them. The second conclusion is that they are supported by the biggest, best financed and most effective propaganda machine in the country. In these respects it is superior to both the Republican and Democratic party machines and far superior to those of the National Association of Manufacturers, the United States Chamber of Commerce or any other.

—o—

The power of this labor publicity is such that it has put the bosses into politics in a big way. They not only push their views on labor legislation, which is their right, but they attempt to dictate on taxes, farm measures, foreign policy and practically everything else. They have lists of candidates who are called "Friendly to Labor" and lists of those called "Unfriendly to Labor." They go into districts and states to support and oppose. Interviews, speeches and statements flow steadily.

—o—

The third conclusion is that what these Labor Bosses really want is to run the country. Here, too, they are within their rights—if they can do it. In the back of their minds there is the idea of an American Labor party, similar to the British Labor party, which ultimately will take over the government. Every now and then they come out in the open with this, as in 1950, when some of their spokesmen declared the defeat of Mr. Taft would be followed by the organization of such a party. Again a few weeks ago a widely known labor boss asserted that if neither party heeded "Labor's Demands" labor would be forced to resort to an American Labor party. This, of course, is a bluff, as the obvious strategy for these labor organizations is to achieve their objectives through the Democratic party.

—o—

With their millions of members, millions of dollars and army of expensive publicity experts, there is no question that these bosses are sufficiently formidable to alarm many timid holders and aspirants for elective office. However, the irrefutable fact is that when most solidly unified, financed and supported they have proven futile at the polls, unable to swing their own rank and file, not at all hard to beat. One illuminating instance of this, often cited in this place, was in 1950 when union labor, united as never before, exerted every ounce of strength to drive the late Senator Taft out of public life. The result was an overwhelming defeat for the Labor Bosses.

—o—

An even more significant exposure of political futility was given last year by the Labor Bosses who were behind Mr. Stevenson to a man and against General Eisenhower. Never before had labor gone into a Presidential fight more solidly, with more money or as much publicity. The Taft-Hartley Act was one of the main issues. Mr. Stevenson, the Democratic candidate, at first took the same stand as his opponent, to wit, that the law was basically sound but needed amendment. Later, yielding to pressure, he switched to the Labor Boss view that it was wholly evil and must be repealed. He only carried eight states.

—o—

Considering all this, it does seem that the people—and the press too—would cease taking these labor bosses at their own valuation and assess their tirades for what they are worth. Early in January, the President will present to Congress amendments to the Taft-Hartley Act designed to protect equally labor, industry and the public. The election results clearly indicate that is what the people want. But it is not what the Labor Bosses want and they are already preparing a furious publicity drive against the President's program. In this battle Mr. Eisenhower ought to win if he exerts his full weight. This, there is reason to believe, he intends to do. Certainly, the majority of the American people will be with him.

—o—

John L. Lewis is not to be classed with the other bosses. Like them, he is against Mr. Eisenhower and the Taft-Hartley law. He is ruthless, dictatorial and, at times, unreasonable. But he has not the same objectives and he is neither cheap nor unsavory.

—o—

Has Recruiting Plan

S Sgt. W. B. Barr, Marine recruiter, announced a novel recruiting plan. Men may enlist now and leave for "boot camp" training January 11, after spending holidays at home. All who leave January 11 would remain as a group throughout their training.

The recruiter felt this was an attractive plan for youths faced with military service in the near future.

Sgt. Barr is in the lobby of the postoffice at Oakland every Wednesday to interview men interested in the Marine corps.

MARRIED

Miller - Jameson — On Saturday evening, November 14 at 9 o'clock, Mrs. Marie Miller Jameson, second daughter of Mr. and Mrs. Mahlon Miller, Accident, became the bride of Mr. Forrest Miller, of Avilton. The double ring ceremony was performed at the home of Rev. and Mrs. Olonzo P. Fike, with Rev. Fike officiating.

The bride was attired in a navy blue suit with winter white accessories and a corsage of pink rosebuds. Her maid of honor, Miss Ruth Michael, wore a gray suit with red accessories and a corsage of red rosebuds. Mr. Francis Miller, brother of the bride, was best man.

Immediately following the ceremony the young couple left for a wedding trip into nearby states. Upon their return they will reside in Avilton.

Rolf-Breedlove—The wedding of Miss Verla Mae Breedlove and Bobby Keith Rolf took place November 25th, at seven o'clock, p. m., at the Saint John's Lutheran church of Red House. The wedding was performed by Rev. W. A. Renn, pastor of the church.

The bride is the daughter of Mr. and Mrs. Robert Breedlove, Horseshoe Run, W. Va., and the bridegroom is the son of Mr. and Mrs. Harmon C. Rolf, of Red House.

Guests at the wedding were Mr. and Mrs. Harmon Rolf and family, Mrs. Robert Breedlove and family, Mr. and Mrs. Richard Wolf and family, Mrs. Mae Artis, Miss Irene Rolf and Donnie Rolf.

The bride wore a white taffeta ballerina length dress inserted with white nylon net. The bride is a graduate of Aurora High school, class of 1952. Up until the present time, she has been employed as a bookkeeper at the Dix-O-Gas Inc., Route 2, Oakland.

The bridegroom is a graduate of Oakland High school of 1951. He is now serving in the U. S. Army with the 1st Armored Division at Fort Hood, Texas. The bridegroom and bride will motor back to Texas where P.F.C. Rolf will join his unit.

Youth Marriage Foiled

Two sixteen-year-old youths were taken back to Weirton, W. Va., last night after failing in an attempt to get a marriage license here.

Parents called Oakland police Tuesday night to be on the alert. The two were discovered Wednesday about noon. They were in company with a married couple from the West Virginia town and told local officers they had spent the night in their automobile and just driving around the town.

No application had been made at the office of the clerk of the Circuit Court.

ON DISPLAY

Outboard engineers, whose research shows that it's the boat and not the motor that causes most of the noise, have come up with a solution.

First shipment of a new motor based on that research, a 5½ horsepower model described by its manufacturer as the first "truly quiet" outboard, is being displayed by Bowman's Motor Boat Sales & Service, Johnson Motors dealer of McHenry, Maryland.

The McHenry dealer said the new motor, the Sea-Horse 5½, is of a revolutionary "suspension drive" design which virtually eliminates noise by absorbing sound-vibrations before they reach the boat. He said engineers found that the boat is a sounding-board, like a violin, in amplifying tones.

In announcing the 5½, the manufacturer described it as so quiet the slap of waves is audible over the purr of the motor. In the Johnson line, it replaces the Sea-Horse 5, which long has been the world's largest selling outboard. Among new features listed in the 5½ are twist-grip speed control, full gear shift (forward, neutral and reverse) and separate plug-in 1-gallon fuel tank.

The suspension or cushion-drive design is new in the industry and was originated by Johnson after three years of experimental research.

Bowman's Motor Boat Sales & Service said also that the 1954 Johnson 10 will be quieter than the '53 model due to carburetor silencers, and that both the 5½ and 10 have a motor hood which may be completely removed in a few seconds without tools.

The firm's 3 and 25-horsepower models are being continued without major engineering changes.

1954 Outlook For State Agriculture

Maryland farmers will continue to feel the effects of the cost-price squeeze the rest of this year and during 1954. Although the squeeze may not intensify significantly in 1954, farm cost rates are expected to remain about the same as they are at the present time. Prices received by farmers, according to the latest figures, average about 11 per cent below a year ago. On the other hand, the average of prices paid by farmers is only 3 per cent lower than a year earlier. Only three farm commodities—hogs, apples, and eggs—showed any substantial increase in price during 1953. Practically all of the decline in prices paid by farmers was due to lower prices for feeder livestock and for feeds. Prices of industrial commodities purchased by farmers have held steady, close to their highs, with some showing slight increases.

The domestic demand for food and other agricultural products is not likely to be any better in 1954 than it was in 1953. Foreign takings of U. S. farm products, which were sharply reduced during 1952-53 probably will not strengthen during 1954.

Supplies of most farm products are expected to continue large in 1954. Government holdings will increase further by the end of this crop year, making for larger carryover stocks. Acreage restrictions are likely to hold down the crops of wheat and possibly cotton in 1954, and price support programs will continue to cushion the impact of large supplies on farm prices. However, part of the acreage diverted from controlled crops may be used to increase output of other small grains, hay and oil bearing crops.

Supplies of livestock and livestock products are expected to remain at present levels. A smaller spring pig crop and prospects for a small fall pig crop this year indicated reduced marketings of hogs this fall and the first half of 1954.

Total farm income is likely to drop. The 31.2 billion dollars received this year as cash receipts from farm marketings probably will not be equalled in 1954. This will be due partly to the prospective reduction in the wheat and cotton crops and partly to drops in prices received for some commodities. Price support programs for basic commodities such as wheat and corn will continue at 90 per cent of parity for 1954 unless marketing quotas for individual crops are disapproved. Support levels for oats, barley, rye and grain sorghums have been announced at 85 percent of parity. Cattle prices can be expected to continue at relatively low levels. With no significant increase in marketings of hogs and eggs, the price prospects for these commodities are fairly favorable for 1954.

In summarizing the over-all situation, 1954 doesn't look any better than 1953 so far as the farmer is concerned. There is little or no prospect for prices and incomes to be improved in 1954. The cost-price squeeze will continue and the impact may be felt slightly more than in 1953. Adjustment of the large supplies to coincide more nearly with the domestic and foreign needs appears to be the major problem facing agriculture during the coming year.

Commodity Highlights

A continued large supply of cattle is in prospect for 1954. Slaughter will be high and despite a continued strong consumer demand, prices are not expected to rise much above current levels. Hog production this year is at a 5-year low, and prices are higher than in any other year except 1947 and 1948. Larger farrowings in prospect for this fall and next spring will probably mean larger marketings after mid-1954, resulting in lower prices next fall and winter. Prices of lambs are expected to remain about the same as this year.

Milk and butterfat prices received by farmers dropped 13 per cent during the past year. Production for 1954 is expected to be about the same as the 118 billion pounds in prospect for this year, but carryover stocks of manufactured dairy products into 1954 will be almost twice the average carryover. The prices farmers get will be influenced largely by the level at which dairy prices are supported in the marketing year beginning April 1, 1954. Cash receipts for dairy products probably will fall below 4 billion dollars in 1954 for the first time since 1950.

Production of eggs and broilers will hit a record high in 1953. Prospects for 1954 are for an even larger production. Prices may fall a little, but the farm value of total production of eggs and poultry products may reach this year's record high.

Feed grain prices are substantially lower than they were a year ago, and probably will continue somewhat lower this fall and winter. Some strengthening can be expected later in the grain marketing season.

Marketing quotas will reduce the wheat crop in 1954. But prospective supplies for 1954-55 will be enough to take care of anticipated domestic needs and exports without reducing large carryover stocks. Prices in 1954 will be supported at 90 per cent of parity for those who comply with acreage allotments.

Corn and other feed supplies are estimated at 172 million tons for the 1953-54 feeding year. This is about 3 million tons above last year and by all indications, will leave a near record carryover of feed grains into the 1954-55 feeding year.

Consumer demand for fresh vegetables in 1954 is expected to be about as strong as in 1953. If production remains about the same as this year, prices received by farmers for fresh market vegetables probably will average near those received this year.

Production of vegetables for processing indicates that per capita consumption of total canned vegetables in 1954 probably will be about 41 pounds, the same as last year. The per capita consumption of frozen vegetables may exceed the 5½ pounds consumed this year. The two vegetables which probably show the largest increase are green peas and lima beans. Consumption of sweet potatoes will reflect a strong consumer demand next year. Production this year is 19 per cent larger than 1952, but 38 per cent under the 1942-1951 average.

Whether total acreage and production of sweet potatoes rise next year will depend in part upon the experience farmers have in marketing this year's crop. The Irish potato situation is not too favorable, as the large carryover from this year's crop will greatly affect prices received next year. Demand for fruit is expected to remain unchanged. With normal weather and average yields little change in prices is anticipated.

ENGLANDER'S PHARMACY **Monthly News**

A Message from Clinton W. Englander, "Your Pharmacist"

CHRISTMAS will soon be with us. Before you realize it, you will be busily engaged in all the happy activities of the holiday season. This is the month when you will tire yourself out with gift shopping, and all the other merry preparations for the Yule Tide, and the New Year to come.

BECAUSE of all this activity, Christmas Week usually finds us in our Pharmacy, busily compounding more prescriptions than the average week. Many folks do not realize that they may be overtaxing their strength.

OF COURSE we will be at your service Christmas Week, and every other week. But may we make a suggestion, and a Christmas wish for you? We want you to have a healthy Christmas, one free from illness. So if you have not visited your Physician lately, how about going to see him this week, for a check up?

HE PROBABLY will tell you, after his examination, that you are in good health, but you will be giving yourself a good Christmas present to hear him say that. And if he decides that you need a tonic, or some particular medicine, follow his advice, and the odds are that when Christmas arrives, you will really be able to enjoy the Holidays.

OUR CHRISTMAS WISH for you is, "May the coming Holidays, and all your days, be Happy, and Healthy days". We always have appreciated your choosing us to be "Your Pharmacist". We will do our best to help you to enjoy Good Health.

ganization.

"Polly," as she is known to thousands of 4-H'ers and leaders in West Virginia and Maryland, served in West Virginia as county 4-H camp instructor, home demonstration agent in Ritchie county, was youth editor and a contributing editor to Farmers' Wife magazine, later combined with Farm Journal, and in the summers of 1932-33 was acting state girls' 4-H club agent at West Virginia university.

Mrs. Haust continues to answer many of the demands from 4-H groups at state camps in West Virginia and serves as consultant and leads discussions on family life in the two-state area. She continues to give assistance to programs for the development of boys and girls.

In her home town, she teaches a Sunday School class of teen-agers, with her husband she sponsors the Luther League organization of 30 young folk, and also a young adult group, and is active in the local and county P.-T. A., belonging to a Homemakers' club and the American Association of University Women, and writes a column for The Republican. She was the sole woman member of the committee named to plan the Oakland centennial celebration in 1949. She has three children of her own, two teen-age sons and a daughter, 11, and serves as a local leader of a girls' club. Mrs. Haust helped to organize the first college 4-H club at West Virginia university.

The other seven national winners also have done outstanding work in the 4-H field. Governor Thornton was president of Texas 4-H clubs in 1927 and that year was a delegate to the National 4-H camp in Washington. Earlier he had won a trip to the International Livestock exposition. He developed his Hereford cattle into one of the great herds of America. His interest in 4-H work still continues.

Governor Talmadge, of Georgia, a former 4-H member, has underwritten the greatest venture ever taken in Georgia for the movement. It was to help finance the construction of a $2 million camp by matching donations of 4-H members and the public in the belief the camp program would play a great part in training the state's youth to become citizens of worth and service. He uses approved agricultural methods on his own land in beef, dairy cattle and crop production. Others had long and active connections with 4-H improvement.

Mr. and Mrs. Layman Honored on Sunday

Mr. and Mrs. Charles C. Layman, Longstretch, were honored with an "Open House" in celebration of their Golden Wedding anniversary, Sunday, November 29, by their family, Misses Clara and Leanna Layman and Mr. and Mrs. Edwin Robeson. Approximately 200 attended.

A three-tiered wedding cake, gilded candles, yellow and white mums and yellow roses made the table arrangement. The home was also adorned with flowers.

Mrs. Layman wore a raspberry dress with a yellow rosebud corsage.

Mrs. Edwin Elias and Mrs. Donald Swanger presided at the punch bowl and coffee table in the afternoon and Rev. W. C. Grimm and Miss Ida Engle during the evening hours. Miss Viola Broadwater cut the cake.

Others who assisted were Mrs. Ellen Rhode, Mrs. Charles Hager, Mrs. James Rhode, Mrs. Roy Knepp, Mrs. Francis McKenzie, Mrs. Charles Durst, Mrs. Wilford Warne, Mrs. Harry Murray, Mrs. Morris Beachy, Mrs. Elizabeth Williams, Mrs. Samuel Otto, and Mrs. William Farris.

Harvest Festival Held At Northern

The Second Annual Harvest Festival was a big success at Northern on Tuesday night, Nov. 24. Entertainment included a free Band Concert in the gymnasium under the direction of Mr. Cole.

Square dancing was in the gymnasium. Music was furnished by Harvey Harman's Ridge Runners. The figure caller was Ivan Humberson. Mrs. Rowan, Mr. Gillis, and Mr. Meyers were in charge of the arrangements for the dance.

Round dancing was in the music room.

A movie, Walt Disney's Parade, was shown in the library.

Mr. Strauss and the 10th grade Biology class was in charge of the Fruit and Vegetable Baskets. The students in the class donated the contents of the baskets and printed and sold the tickets. Prices of tickets were: 1, 10c; 3, 25c; 6, 50c; 12, $1.00. A total of $122.20 was collected from the sale of these tickets. The section of the 10th grade selling the most tickets, 10-2 with $66.00, received an ice-cream party.

Door Prizes were won by Dorothy Schlossnagle and Joan Collier. Anna Friend won the Vegetable Basket and Lawrence Durst won the Fruit Basket.

Cake Walks were won by Doris Duckworth and Bill Sisler, Shirley Mickey and Charley Kinger, Eileen Camp and Bob Baker. The Guess Cake, containing a screw, was won by Red Bender.

Teachers were placed in charge of all activities for the evening. Students helped sell food and drinks. Other activities were: Grab Bag, Fish Pond and Wishing Well—Mrs. Fleming, Guess Cake—Robeson, Piano, Penny Patch—Johnson, Richard, Cake Walk—Maha, Spencher, Country Store and Fancy Work Display—Home Room Mothers, Baseball Throw—Garlitts, Friend, Coca Cola—Collins, Loretta, Piano, Ice-cream—Brock, Ridder, Food—Lawton, Dean, Baber, Tickets, Door Prize—Davis, Gillis, Construction—Garlitts, Callis, Blake, Utility—Jenkins.

Proceeds are for the General Fund for athletic equipment, trips, additional equipment, telephone and instructional supplies.

Other Northern School Activities

The 9th, 10th, 11th, and 12th grades have elected their class officers for the coming year. In electing them the classes have taken into consideration the qualifications of good officers.

Ninth grade officers are: Larry McCurdy, president; Charles Murray, vice-president; Patty Lou McKenzie, secretary; Carol Durst, treasurer; June Levdig, historian.

Tenth grade officers are: Gary Fratz, president; Eleanor Younkin, vice president; Audrey Schaeffer, secretary-treasurer.

Eleventh grade officers are: Adrian DeWitt, president; Shirley Mickey, vice president; Ruby Frazee, secretary; Kay Hare, assistant secretary; Beverly Beachy, historian.

Twelfth grade officers are: Allen Georg, president; Carl Kamp, vice president; Dorothy Shoemaker, secretary; Wayne Glotfelty, treasurer; Sara Stanton, historian.

Cheerleaders Chosen

Mary Glotfelty, Ruby Frazee, Hazel Moser and Audrey Schaeffer were elected to be cheerleaders at a school assembly.

Twenty-six boys reported to Coach Lilburn Brown to try out for Northern's basketball team.

Sara Stanton was elected president of the National Honor Society. Others elected were Clara Carey, vice-president; Donna Yommer, secretary; Mildred Harman, treasurer; Norma Taylor, publication chairman.

The band boosters are sponsoring a square dance for the public this evening with admission 25 and 50 cents.

Officers of the Cove chapter of the FFA are Wayne Collier, president; Don Ringer, vice-president; Carl Kamp, secretary; Edgar Harman, treasurer; Anthony Layman, reporter; and Jack Warnick, Alva Rexrode, sentinels.

FRIENDSVILLE

Mrs. Catherine Friend has returned home after spending several weeks in Florida with friends and relatives.

Thursday evening dinner guests of Mr. and Mrs. Ronald Guard were Mr. and Mrs. David Henderson and family.

David Lee Guard, son of Mr. and Mrs. Ronald Guard, is confined at home with chicken pox.

Mr. and Mrs. Leslie Guard and children and Miss Norma Gilmore spent Thanksgiving with their parents, Mr. and Mrs. John Gilmore. The latter accompanied her daughter, Norma, home to visit for a week.

Mrs. Ray Lytle has been visiting her grandfather, E. S. Thomas, who has been very ill at the home of his daughter, Mrs. Lizzie Pyle, Markleysburg, Pa. Mr. Thomas is a former Friendsville resident.

To Contribute to Shrine

Parishioners of St. Peter's Catholic church in Oakland, and other Catholic churches of the area will contribute to a special collection Sunday, December 6, as part of a a nation-wide appeal for an $8 million fund to begin construction of the superstructure of the National Shrine of the Immaculate Conception in Washington, D. C.

The construction of the edifice was begun in 1920 but delayed by lack of funds and the intervention of World War II. The completed shrine will occupy a ten-acre tract.

4-H'ers Named National Winners

Nine Maryland 4-H'ers received this week the high honor of being named national winners at the 32nd annual National 4-H Club Congress, now in session in Chicago.

They are Erich Willen, Carroll county; Corrine Hoff, Carroll county, Barbara Jane Lore, Calvert county; Doris Hendrix, Baltimore county; Kathleen Somers, Anne Arundel county, and Carroll Leatherman, Donald Easterday, Ann Runkles and Marybelle Remsburg, all of Frederick county.

To Erich Willen goes a $300 scholarship as a national winner in farm and home safety. He is one of eight 4-H'ers in the country to receive the award.

Corrine Hoff, another Carroll county 4-H'er, receives a $300 scholarship as a national winner in food preparation. She is one of eight 4-H'ers in the country to receive this award.

Barbara Jane Lore's work in leading and organizing games and other recreation, leading square dancing and all-round leadership has won her the honor of being one of the 12 national winners in recreation and rural arts.

Doris Hendrix holds the rare honor of being one of the few 4-H girls ever to receive a national meat animal award. Five other 4-H'ers in the country hold the same honor. With the award she receives a $300 scholarship. She is also a sectional winner.

Kathleen Somers is one of six 4-H'ers to receive national acclaim on dairy foods records. An expert at using cottage cheese with vegetables, Kathleen and her partner Verna Litchenberg, of Anne Arundel county, demonstrated their way to the state championship at the Maryland State Fair in September.

From Frederick county there are four national winners. Carroll Leatherman, sectional and national winner in soil and water conservation, also receives a $300 scholarship. He is one of 8 4-H'ers to receive the national award.

Donald Easterday, also of Myersville, is one of eight 4-H'ers in the country named as national winner in the beautification of home grounds project.

Ann Runkles shares the honor of being one of the 12 national clothing winners in the country who receive a $300 scholarship.

Marybelle Remsburg, a 20-year-old of Mt. Pleasant 4-H club, receives a $300 scholarship with her award as one of the eight national winners in home improvement.

C. & P. Files Petition With Public Service Commission Due To Higher Costs

The Chesapeake and Potomac Telephone company has asked the Public Service Commission for permission to charge more money for telephone service.

The company's petition asked the PSC for a new determination as to the fair value of its property and to set a fair return on that value.

The company specified no exact amounts, but asked the commission to approve a schedule of rates which would yield a return in line with a higher fair value determination.

C. & P. stated it would provide the commission with "balance sheets, income statements and other relevant data as may be material to reflecting its present and future financial condition."

The firm cited inflation, large scale construction work and recent raises in pay to its employees among reasons why it should have higher rates.

The company's last application for a rate increase was filed in August, 1952, and the present rates and schedules are based on a temporary order issued by the PSC Jan. 23, 1953, and made permanent by another order September 11, 1953.

The application said, however, that "by the time the new rates became effective, old cost levels on which the rates were based had been replaced by new and higher ones which shortly wiped out the effect of the authorized increases."

Along The Potomac

With Your Congressman
DeWITT S. HYDE

The Harry Dexter White spy case continues to occupy the thinking of members of Congress and government officials for two reasons: (1) Because there are many questions still unanswered about it, and (2) for the lessons and profit we can gain from it to improve the security of the country.

Former President Truman and former Secretary of State Byrnes have explained their part in the decision to give White a more important job though they had been warned of his Russian espionage activities; former Secretary of the Treasury Vinson, who was in on the decision, is dead; the fourth man involved, former Attorney General Clark, refuses now to be put under oath to tell his story because he is now a Supreme Court Justice.

It is clear, however, that FBI warnings only to the Executive branch on security matters is apparently insufficient at times. It can lead to a cover-up in which a political question arises because those making the decision are members of only one party.

Therefore, I am seriously considering offering legislation to do two things:

(1) To create a Joint Committee on Security in Congress, made up of the President of the Senate, the Speaker of the House, and the majority and minority floor leaders in both houses—thus both parties would be represented.

(2) To authorize the FBI to send security reports to this committee. They are now sent only to the Executive branch. Thus the executives could be advised by congressional representatives in such a critical decision as the one to promote Harry Dexter White.

Nothing in the Constitution says that the Executive Branch is meant to have complete charge of security problems facing the government. That situation has just sort of "grown up." The White case has taught us, however, that we have an opportunity to correct a defect in our security system—a system which now seems to permit disloyal and immoral persons to enjoy the privilege of employment by the federal government.

On my calendar: With Congress convening right after the holidays, I am setting out next week on a week-long tour of Maryland's Sixth Congressional District. I want to find out more of what Maryland people are talking about in regard to national issues and problems.

I will spend each day in a different county. During the day I will be on the move, talking with as many residents as possible. In the evenings, I will be in one place and certainly want anyone who desires to drop in for a visit and a chat. Here is my schedule.

Monday—Frederick County; in the evening, at the Francis Scott Key Hotel in Frederick.

Tuesday—Washington County; in the evening, at the Hotel Alexander in Hagerstown.

Wednesday—Allegany County; in the evening at my office in the Cumberland Post Office Bldg.

Thursday—Garrett County; in the evening, at the William-James Hotel in Oakland.

A new town in Maryland

"Telephone Town"

built since 1945

You won't find "Telephone Town" on the map. But it is a very important part of Maryland all the same.

In the picture you see the telephone buildings and additions that have gone up in Maryland since 1945. It cost $160,427,000 to build "Telephone Town" to keep up with Maryland's progress.

But "Telephone Town" is much more than steel and masonry, wires and cables, and intricate equipment. It is also *people*, some of whom you probably count among your friends and neighbors.

10,100 telephone people—3,000 more than in 1945—have jobs in Maryland. They earn more than $38,000,000 a year, and spend most of this vast sum with Maryland businesses for the things they need.

The work these public-minded people do in Maryland contributes even more to Maryland's prosperity and well-being. Since 1945, they've added 328,000 telephones.

71 of every 100 Maryland families now enjoy telephone service in their homes. Marylanders make about 2,400,000 telephone calls a day. They appreciate the importance of good service in their daily lives.

This vibrant, progressive state must continue to have good telephone service. The public requires it. Business depends upon it. But if "Telephone Town" is to grow to meet the increased demand for its service, the telephone company must be able to make a fair profit.

A strong telephone company, growing with Maryland, is a good thing for everybody.

Necessity Of Civil Defense Program Is Stressed By Speaker

The necessity of an effective Civil Defense program in Garrett county as well as every other area in the United States, was stressed by Col. Arthur L. Shreve at a Civil Defense meeting in Oakland on November 21.

The meeting was sponsored by the Civic club of Oakland and was held at the fire hall.

Col. Shreve, deputy director of the Maryland Civil Defense agency and veteran of World War II, gave a number of ideas about the organization and its purposes. Some of the highlights of his address are given below.

The state plan for Civil defense is three-fold, self help, use of existing agencies, and mutual support.

Each city and town must learn to help itself in time of disaster and not to wait until help comes from other sources. Training of all types must be given to all persons in each area. Civil defense was termed not the responsibility of a few people in any town but was everyone's responsibility who enjoys the freedom of the United States.

2. Fire companies Red Cross, churches, transportation, power and other agencies necessary to maintain a normal community must be brought into the service of Civil defense, to keep the situation as near normal as possible in case of emergency.

3. A general headquarters of civil defense in each town is needed for coordination of all agencies and every agency must give full support to other agencies so that a full, complete plan may be effective. The Civil defense headquarters in Oakland is at the fire hall, and Rev. John J. Atwell is the director for the town. John S. Elliott, Grantsville, is county director.

Rev. Atwell pointed out that two thirds of the observation posts in the United States are out of action and that Maryland had very few posts in action.

Maryland is divided into four civil defense districts, he pointed out—Eastern, Baltimore, Washington and Western. Eastern and Western districts would be used to support the other two districts for places for evacuation, first aid, housing, transportation, medical assistance, fire fighting equipment, rescue teams and communications systems.

He declared that at present 70 percent of an enemy attack would be successful. If such an attack came the armed forces would meet the frontal attack, the national guard would take the place of the standing armed forces and the armed forces reserves and civilian population would have to defend the local areas and enforce order among the entire population.

Rev. Atwell emphasized that everyone had a place in civil defense and that everyone knew in job, so that in event of an attack the area would be prepared to overcome all opposition. In case of such an attack Oakland would be used as a refugee center.

An effort is to be made to get every person supporting civil defense in some manner.

At last week's meeting a number of county organizations were represented. The Civic club members served refreshments at the close of the meeting.

VOLUME 77 OAKLAND, GARRETT COUNTY, MD., DECEMBER 10, 1953. PER COPY, 8c. NUMBER 11.

Pratt Library

No Limit . . .

Apparently there is no limit to this country's capacity to produce. This condition is basicly more healthy for the country than if we always were struggling to keep up.

Production means more items for persons at less cost as long as the competitive spirit remains in our way of life.

It has been estimated that the population of the United States will be 190 million persons by 1975, and the capacity of this nation to produce will support these people at a level well above the standard of living of today.

Figures given out by the National Association of Manufacturers show this population in 1975 as 33 million greater than last year. There will be a potential work force at that time of 88.6 million, or 22.1 million more than in 1952. These figures were given to show America's ability to produce and to point out there is no limit to that capacity if the citizens have the incentives and if the physical resources of the nation are used intelligently.

We ought to rejoice in having a government that is attempting to reestablish incentives and remove socialistic schemes. President Eisenhower moves ahead on voluntarily curtailing federal powers.

Secretary of Agriculture Benson is right in line with wanting to keep this nation at a high level of production. In a speech delivered at the National 4-H club Congress in Chicago he declared that rigid price supports and companion production controls for farm products would bring unemployment among non-farmers and "terrific repercussions in our entire economy." He has promised a program that would help farmers gain full parity of price and income in our market places as well as in enlarged markets.

We'll have our enlarged markets to a great extent by a normal increase in population. By continuing the individual enterprise system we will have the push to keep production ahead of our needs and on a par with our wants.

But we can't do it by always depending on the government to make up the difference by subsidies. The law of supply and demand is as necessary today as it ever was.

Fire Destroys Home Of Shirley Wright

Fire of undetermined origin almost totally destroyed the farm home of Mr. and Mrs. Shirley Wright, on the old Loch Lynn-Deer Park road, about 1½ miles from Loch Lynn, last Saturday about noon.

Mr. Wright was not at home at the time but Mrs. Wright and several children were there. The fire was discovered by Lenwood Bittinger, who was working nearby, but by the time a telephone was reached to place a call for the Oakland Fire Department the flames had gained too great headway. The family saved nothing from the house. Mr. and Mrs. Wright have one teen-age son and four other children live with them.

They were residing temporarily at a nearby farm home, and planned to rebuild. Mr. Wright is employed by the State Roads Commission.

Answer Two Other Calls

Oakland firemen answered two other calls during the week. An outbuilding in rear of the Harvey Mussard home on Water street was discovered to be ablaze about 6 o'clock last Thursday evening, after some children were playing in the building. The resulting loss was not heavy.

The second call came Saturday morning as the result of a flue fire at Crellin.

Oakland Firemen Elect 1954 Officers

At a meeting of the Oakland Volunteer Fire department last week the following officers were elected for the ensuing year:

Alva G. Gortner, president; Lawrence M. Fraley, vice-president; Percy Thayer, secretary; Walter W. Dawson, treasurer; Emroy Bolden, chief; Harold Schell, first assistant chief; John Sharps, second assistant chief; Frank Biser, captain.

Additional members of the standing committee other than the president, vice-president, chief and first assistant, who automatically become members, are W. W. Dawson, Robert W. Lohr and Stuart F. Hamill, Jr.

Officers take office immediately.

Moves Office

Emory Adams, Oakland, has moved his real estate business of Adams and Adams to a new location, effective this week.

He is now in the Hinebaugh building on Third street, first floor, instead of in the Gonder building on Second street.

Has New Agency

Arthur Savage has obtained the agency for the Mercury automobile, and has given up the Studebaker agency, it was officially announced this week. At present he still retains the Allis Chalmers farm machinery dealership. His garage is located on Third street in Oakland.

Over Fifty Pints Of Blood Received

Fifty five donors gave 51½ pints of blood when the bloodmobile visited Kitzmiller yesterday, it was reported by Mrs. Grover Stemple, blood recruitment chairman for the American Red Cross in Garrett county.

There were thirty persons scheduled. Forty-nine appeared, plus twenty-three walkins. There were seventeen rejections with fifty-five persons giving blood. Twenty-five of the number giving were doing so for the first time.

Besides the Kitzmiller group who assisted there were Mrs. W. A. Shirer and Mrs. Hazel Walter, nurses; Mrs. F. R. Shaffer, typist; Mrs. O. T. Graser, Mrs. Howard Riggs and Mrs. Fulcher P. Smith, registration aides. Mrs. Stemple served as hostess.

She announced the next bloodmobile visit to Oakland on February 23, 1954.

Rep. Hyde on Tour Of Western Maryland

Conference Scheduled This Evening at William-James Hotel

Rep. DeWitt S. Hyde, visiting Maryland's Sixth District, declares he believes the new administration will produce a good program when Congress convenes next month. Rep. Hyde is on a listening tour of the area.

He is in Garrett county today and has an evening conference scheduled this evening at the William-James hotel in Oakland.

He declared citizens were taking a "wait and see" attitude and were expecting the administration to set up a better program.

He feels that the Social Security program will be broadened and certain scheduled tax cuts will probably be passed. Slashes are expected in the excess profits tax, and the 11 percent cut in personal tax will go through as planned.

He said there will definitely be revisions in the Taft-Hartley Act, and any proposed amendments to the law would be readily passed by Congress.

Hyde feels that people in the district are not "upset" about anything in particular. He termed his current tour of the district as a "listening" one in which he is listening to the problems and the needs of the people so he can help them during the session next month.

Masonic Lodge Elects

Edward Shay was elected Worshipful Master of Oakland Lodge No. 192, A. F. and A. M., at the regular meeting on Tuesday night. He will succeed B. Beeson Snyder.

Others named were Lewis R. Jones, senior warden; William A. Shirer, junior warden; Robert T. Hoffman, secretary, and Dr. W. W. Grant, treasurer. Other officers are appointive and will be selected prior to the first of the year. Installation will occur the first meeting in January.

Oakland Plans To Drill Another Well

Authorization Given at Regular Meeting Of Town Council on Monday

Continued interest in keeping an adequate water supply for the town of Oakland was expressed by the Mayor and Town Council in regular session on Monday.

They decided to drill an additional well about 1,200 feet up the hollow from the present well drilling operations, for a reserve supply. This new well will be located about a mile from the spring house on the Golf course and will be the third well drilled on the former Hinebaugh farm property.

At the site of the second well the driller had gone to a depth of 288 feet and was planning to go still further before operations were completed. However, Town officials have had the pump put to work here again to augment the supply from the other wells and to raise the level in the reservoirs to the full mark. After dropping about 16 feet in the reservoirs, the pump was replaced last Thursday evening. Both reservoirs are now within six feet of the top, Mayor Joseph Hinebaugh said.

A report from the health department showed the town's water as healthful.

Other Routine Business

Most of the other business conducted by the Mayor and Council on Monday night was of a routine nature.

Bernard Nelly appeared to question the improvement of the alley between Second and Third, from the railroad crossing to the Maryland theatre, claiming part of the proposed improvement was on his property. The town decided to make a survey and establish alley lines before continuing.

Collections were low, only $1,950.54 being received. This included $288.05 from water, $627.37 from taxes and $1,035.12 from miscellaneous. The latter figure included $650 from parking meters. Expenditures were $6,078.93. Of this total $1,122.20 went for water supplies and $807.85 for street supplies.

The magistrate's report showed $66.65 collected for various fines during the month. Sunday movie tax from the Maryland theatre amounted to $99.65. The next meeting was set for Monday, January 11.

Approve Resolutions

The Council approved eight of nine resolutions of the Maryland Municipal League, which had been accepted at a league meeting earlier. The resolutions approved:

1. Urged Governor and Legislative council to make a study of the recodification of public laws.

2. Was one not affecting Garrett County.

3. Urged amending state laws making it possible to authorize the attorney general to render upon request legal advice and written advisory opinions to officers of incorporated municipalities.

4. Urged General Assembly to amend the code of public general laws so as to authorize governing bodies of incorporated towns to regulate the speed of traffic on streets within corporate limits as are not included in any federal and state highway.

5. Urged provision that in case of arrest by a municipal enforcement officer that all fines, penalties, be paid to the municipality, the County Commissioners to retain only the costs assessed to cover expenses of maintaining a trial magistrate.

7. Urged a constitutional amendment expanding authority to participate in federal redevelopment program to all incorporated municipalities.

8. Urged governor to establish a committee to study municipal-county relations as to tax differentials.

9. Reaffirmed approval of establishing home rule for municipalities by a new constitutional amendment, to relieve legislature of necessity of passing laws regarding local governments.

The Council objected to the sixth resolution which would set up a state procedure for the annexation of territory which would extend the corporate limits of a town.

It is the intention of the Maryland Municipal league to present the resolutions to the Legislative Council for consideration.

Air Secretary Talbott said the U.S. plan eventually to help Japan build an air force.

Becomes Member of County Gallon Club

Donald MacMurray, of Mt. Lake Park, yesterday became the first member of the Garrett County Red Cross gallon club.

He went to Kitzmiller in order to give his 8th pint of blood to the American Red Cross, the 8th pint since the Red Cross blood program was inaugurated in this county in February, 1952.

$372.50 Given For Muscular Dystrophy

A total of $372.50 was collected in Oakland through the "Letter Carriers' March for Muscular Dystrophy," Robert T. Hoffman announced this morning.

Mr. Hoffman and George L. Porter rewalked their mail carrier routes so that children afflicted with this fatal disease might have a chance to live. Mr. Hoffman felt the town of Oakland responded generously to the appeal.

Funds raised through the nationwide "march" by the letter carriers are to be used for both therapy and research into muscular dystrophy.

Wind and Rain Hit Area Twice in Week

Wind and rain hit the Garrett county area twice in the past week bringing 1.31 inches of rain and some damage.

The first storm arrived last Friday night and immediately turned colder. More rain fell Sunday and Sunday night, but Monday and Tuesday brought clearing skies.

A heavy wind again hit here early this morning after several hours of rain and quickly brought more freezing weather to the area.

High reading of the week at the Weber weather station was 58 degrees, on the 5th. Low was 15 degrees on the 8th.

Italian troops began withdrawing from positions along Yugoslav and Trieste free territory borders.

Half-Way Mark Is Passed For Treat Fund For Kiddies

The Christmas Treat committee of the Mt. Top Chamber of Commerce reported this morning that it had passed the half-way mark in the drive for funds to continue the annual Christmas treat for kiddies. It is scheduled to be held next Saturday, December 19, at 1 o'clock.

As in the past six years local business firms, professional men, fraternal and business organizations contribute generously to make the annual affair possible. The first year of the treat seven hundred were cared for. There were over two thousand kiddies in town last year.

The names of some contributors were published last week. Additional ones who contributed this week include Oakland Pharmacy, Oakland Taxi, Harve's Market, Cee Dee Tavern, Hinebaugh's Restaurant, Leighton Funeral Home, Michael Candy Company, Gortner's Store, Dr. Thomas F. Lasby, City Roller Mills, Hamill's Book Store, Dr. E. I. Baumgartner, Half Price Stores, W. Dwight Stover, Browning, Inc., E. Ray Jones, Dr. Robert J. Flaherty, Mason J. Glotfelty garage.

This Saturday is expected to be a big shopping day in Oakland. Saturday evening ten turkeys and a one hundred dollar savings bond are to be given away. Last Saturday children were treated to a free moving picture at the Maryland Theatre.

Will Study Savage River Dam Problems

The Savage River Dam commission, appointed recently by Governor McKeldin to study problems connected with operation of the huge reservoir built in Garrett county, held an organizational meeting Tuesday afternoon at Cumberland.

The two principal questions to be studied by the group, which is an outgrowth of a Senate joint resolution in the Maryland General Assembly, are the town of Westernport's water supply and construction of a roadway around the dam and reservoir.

Owen E. Hitchins, chairman of the governor's commission, said two subcommittees were appointed to study the individual problems and will report to the main body at a later meeting.

J. Edward Helbig, president of the Garrett County Board of County Commissioners, heads the subcommittee studying the road situation. Heading the subcommittee to look into details of the Westernport water supply is Okey Michael, mayor of that town. Along with Helbig, Mr. Hitchins also named Lawrence M. Fraley, Oakland; Russell McCain, chairman of the State Roads Commission, and Joseph F. Kaylor, director of the Department of State Forests and Parks. This sub-committee will meet in Baltimore early in January.

Findings of the main body, following reports of the subcommittee, will be recommended to the state legislature.

It was brought out at the meeting that Garrett county representatives feel the road should be built by some agency other than the county, as the Savage River dam regulates the flow of the Potomac River so that Allegany county benefits by flood control, alleviation of pollution, and assists industries.

At present it is undecided whether Allegany county, the State of Maryland, Garrett county or the Federal government should be responsible for construction and upkeep of the road.

School Newspaper Wins First Honors

Southern High school's newspaper, placed in competition early this year with other school newspapers with the Maryland Scholastic Press Association, has been declared a first place winner among publications in schools having a student population of 1,000 or less.

"The Acorn," as the publication is called, is a monthly four-page paper. Last year's paper was in competition which was headed by Vicki Lucas, editor, and Stanley Bussey, assistant editor.

The paper is continuing this year with Sam Aschenfelter as editor and Ruth Cooper as assistant editor.

"HOW DID THIS HAPPEN TO ME?"—Appears to be the thought of this fine-looking buck. But he is thinking too late. The deer was bagged Monday morning in the Schell Laurel section by Ivan M. Layton, of Rockville, who is shown admiring the rack of antlers. Layton, on his first Garrett County hunt, was accompanied by Jim Bohanan, Chantilly, Va., and Sheridam Simms, of Mt. Lake Park. His companions did not share Layton's luck. The 8-point animal weighed-in at the Oakland checking station at 137 pounds.

Girl Scouts Plan Fly Up Ceremonies

Girl Scout and Brownie organizations in Oakland planned their "fly-up" ceremonies for Sunday afternoon at 2:30 o'clock in the Moose Hall, it was announced by Miss Cara Weber, girl scout leader.

The Intermediate scout troop will receive seventeen new members, eight of them to fly up from the Brownie troop, and nine others joining directly.

Brownie fly-ups include Carolyn Biser, Ann Conner, Patricia Carlson, Susan Gibson, Stephanie Jordan, Barbara Lipscomb, Sandra Mae Orr and Linda Robinson. Joining directly will be Janet Jackson and Jean Henry, transfers; Georgia Ann Glotfelty, Carolyn Flaherty, Monica Robinson, Rosalie Johnson, Helen Johnson and Susan Tichnell.

Four Intermediate scouts will end their scout careers, having become fourteen years of age. They are Barbara La Glotfelty, Jeri L. Norbeck, Barbara Sanders, Patricia Winters. There is no active senior scout troop organization at present.

Mrs. Weber and five scouts would receive first class badges and six would receive curved bars. Those to receive first class are Jardith DeWitt, Connie Evans, Willard Ann Glotfelty, Margaret James and Patricia Leighton. Curved bars will be presented to Brenda Davis, Lois Davis, Barbara Lu Glotfelty, Cynthia Nace, Barbara Sanders and Patricia Winters. Mrs. Paul Naylor will present the latter awards.

The scouts also will present a gift to Mrs. E. Z. Tower, who was chosen as "Citizen of the Year" by the scouts several weeks ago.

Parents and other interested persons are invited to attend.

To Assist Taxpayers In Filing Income Returns

Arrangements have been made to assign internal revenue agents to various areas to assist taxpayers in the preparation of 1953 income tax returns and original or amended declarations of estimated tax.

L. A. Chamberlin, district director, said farmers were particularly reminded of the necessity of filing original 1953 Declarations of Estimated-tax or amended declarations, on or before the due date, otherwise the final income tax return for 1953 must be filed.

The following places in this area were listed:

Cumberland, 2nd floor postoffice building, January 4 through January 15.

Oakland, postoffice, January 4 and 5.

Frostburg, City Hall, January 6.

Westernport, postoffice, January 7.

Grantsville, American Legion hall, January 8.

Cub Pack To Meet

The regular monthly pack meeting of the Oakland Cubs will be held Friday evening at 7:30 o'clock at the City Hall.

This will be the annual Christmas program.

Lawrence Groves Is Named K. of P. Head

Lawrence Groves was elected Chancellor Commander of Garrett Lodge No. 113, Knights of Pythias, at a regular meeting last Friday evening in Castle Hall. He will succeed John Forman, who was named to the position of master of work.

Others named were James H. Campbell, vice-chancellor; Robert Hoult, prelate; Harry Coddington, secretary; M. W. Mann, financial secretary; A. G. Gortner, treasurer; Harrison Thrasher, master at arms; Paul F. DeWitt, inside guard; Charles Fizer, outside guard; Reaford Purbaugh, trustee.

Installation will take place in January.

The third rank, that of Knight, will be conferred at the regular meeting on Friday evening, it was announced. There will be refreshments following the meeting.

AAUW Members to Honor Mrs. Hanst

Dinner Will Be Held Next Monday Evening At Mt. Lake Hotel

Members of Garrett Branch, American Association of University Women, have planned a dinner for next Monday evening to honor Mrs. George H. Hanst, one of their members, it was announced by Mrs. Leo Helbig, president of the organization.

Mrs. Hanst returned Sunday from Chicago, Ill., where she was one of eight persons throughout the nation honored in the first annual Four-H Alumni Recognition program at a recognition dinner during the national 4-H club Congress. Mrs. Hanst had been named a state winner several weeks previous by West Virginia, and was selected for her continuing interest in 4-H club work and other youth activities.

The dinner will be held at the Mt. Lake hotel at 6:30 p. m. The speaker will be a member of the Agriculture Extension Service, of West Virginia University, Morgantown. There will be musical numbers by Mrs. Russell Brown and members of her Southern High school choral group.

Mrs. Helbig said the group had extended invitations for representatives to attend the dinner from AAUW groups in Keyser, Frostburg, and Cumberland, and from other women's organizations in Oakland.

Seeks Road Improvement

A delegation of citizens from district 5 was before the County Commissioners this week seeking improvement of a road from the George E. Hetz property to route 10, at Keyser Ridge, a distance of three miles.

The delegation reported that if the road was improved the area could have the benefit of school bus transportation. The section is known as the Mineral Spring area.

Deer Kill Hits 332 In 3 Days

At least three hundred thirty-two deer have been killed in Garrett county during the first three days of the six-day season, it was announced by game officials this morning.

The number dropped sharply from the total of 158 for the first day, due partly to the weather. Yesterday's rain brought the number of deer reported to a new low for any one day. Only thirteen were recorded at the Sheriff's office in Oakland on the third day in comparison to 58 the first day and 44 the second.

Last year for the first three days around 400 bucks were killed, about the same as the previous year. There was a total of 581 killed during the six days last year, compared to 566 the previous year. No game officials were expecting anywhere near such a record this year.

Most of the deer brought in were of moderate weight. Apparently the biggest one on record in this area was a fourteen-pointer, which weighed 162½ pounds, brought down by Pete Narowanskie, of Baltimore. Jimmy Bell, of Oakland, had a 13-pointer, but the weight was much less.

Many hunters reported seeing lots of deer in the woods, but not the kind one could legally shoot. It is unlawful to kill any except bucks with two or more points to one antler.

Four women were listed as successful during the first two days. K. Irene Baughman, Hagerstown; Wanda Harvey, Swanton; Hazel L. King, Deer Park; and Mabel Nethkin, Oakland, had bucks weighing from 101 to 110 pounds, with Hazel King having an 8-pointer.

The tabulation showed 158 bucks killed the first day, 109 the second and 65 on the third. Broken down into the deer checking stations they showed Oakland, 58, 44, 13; Friendsville, 13, 7, 9; Grantsville, 36, 8, 21; Swanton, 16, 8, 4; Storey's, 20, 25, 11; Westernport, 9, 10, 2; LaVale, 6, 7, 2. Grand total, three hundred thirty-two.

Game Wardens Busy

Game wardens were busy checking on people's licenses, seeing that hunters did not travel in automobiles with loaded guns, and trying to discover who was killing does and leaving them in the forests.

They reported several unusual incidents. Two persons brought in a spiked buck to be tagged and told game officials that a farmer upon whose land the buck was found, said to just bring it in and report it and they could keep it. They were arrested for having il-

Southern Is Winner Over Terra Alta Five

Southern High school made it two in a row Tuesday night by whipping Terra Alta High school at Terra Alta by the score of 33 to 31.

The Highlanders, outscored 14 to 12 from the field, won the game at the foul line by outpointing the West Virginia team 9 to 3.

Howard Sweitzer and Charles Durbin were Oakland's high scorers with 13 and 11 points. L. Friend had 5, Glaze 3 and Savage 1, to complete the scoring. Sanders was high man for Terra Alta with 9 points. Others scoring were I. Collins, 8, Breeden 2, D. Collins 3, Kirk 7 and Davis 2.

Hill went scoreless. Oakland led at the half 16 to 15 and held a three-point advantage at the third quarter.

Southern's Jayvees trounced Terra Alta in the preliminary game 30 to 11.

Eastern Star Elects

Mrs. B. Beeson Snyder was elected Worthy Matron of the local order of Eastern Star, at its last meeting. She will succeed Mrs. Reaford Purbaugh.

Others elected were Lewis R. Jones, worthy patron; Mrs. Hazel Walter, associate matron; William L. Naylor, associate patron; Mrs. I. F. Rathbun, treasurer; Mrs. H. G. Gortner, secretary; Mrs. Prentice DeBerry, conductress; Mrs. Edward Shay, associate conductress.

Other officers are appointive and all will be installed on Tuesday evening, January 5.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Copyright by The Baltimore Sun and printed in The Republican by

Not That Foolish

Apparently alarmed at public reaction to the revelations of Mr. J. Edgar Hoover, that beginning far back as 1946 and continuing up to 1951, the FBI repeatedly had presented specific data concerning many Communist agents, holding high posts in the Federal Government without obtaining any action from those in authority, the Democratic propagandists revamped their strategy.

o

Instead of continued indictment of the President for not immediately balancing the budget and reducing taxes; instead of trying to make a villain of Secretary of Agriculture Benson; instead of denouncing Secretary Weeks as the evil symbol of big business control; instead of the attempt to make General Ike's addiction to golf seem sinister, with extraordinary unanimity they have now concentrated upon the thesis that not only is Senator McCarthy a reincarnation of the devil but that all the other investigating committees, House and Senate, have been devoting themselves solely to besmirching the reputation of innocent citizens and conducting "witch hunts" for political purposes.

None of this, of course, is true and only the most gullible believe it. Nevertheless, it is so persistently and copiously presented that it inevitably makes a certain impression. Naturally, its chief source is the Democratic National Committee's publicity department (steered by the glib Mr. Stephen Mitchell), which is manned by some exceedingly ingenious and able men. At the moment this is their line and they have been greatly helped in its development by certain individuals here and abroad. One of these is Supreme Court Justice William O. Douglas, an extreme left-wing New Dealer of the Roosevelt school and the only member of the court who never misses an opportunity to make a political speech—nor to advertise himself.

The justice has had himself mentioned by his radical friends for Vice President and President a good many times. They always seem to think that he might be induced to leave the security of the court for the risks of political life, but some who know him best do not feel that way. They concede that Mr. Douglas revels in the publicity concerning his possible candidacy but regard him as far too shrewd to expose himself to the voters. His political speeches irritate some of his colleagues on the court, but none of these has ever taken him seriously as a candidate.

o

His most recent outburst two weeks ago fitted, as usual, into the current Democratic propaganda. In particular it harmonized with the speeches of the Messrs. Stevenson, Mitchell, Fritchey and others which, in turn, were practically identical in tone with the CIO publicity output and the New Deal-Fair Deal columnists and commentators. With remarkable unanimity they all ignored the devastating statement of Mr. J. Edgar Hoover, revealing the inexcusable laxity and leniency of the Truman Administration in dealing with the known Communist agents inside the Government, and assailed the efforts of the various investigating committees to uncover others not yet known but whose existence no reasonably informed person doubts.

The obvious Democratic plan is to ignore the facts and denounce the Administration for presenting them. The immediate idea seems to be to discredit all congressional investigations, insist that what happened in the Truman Administration is no concern of the American people and that Mr. Truman is a blameless and noble fellow entitled to call other persons liars but who, despite proof of the inaccuracy of his own statements, must not have his veracity questioned. The absurdity of this is too clear to need stressing. The recent unequivocal Eisenhower-Dulles repudiation of Senator McCarthy's methods and statements stamp the frequent suggestions that the Administration is afraid of McCarthy and unwilling to take issue with him, as maliciously false.

On top of all this the anti-Eisenhower [illegible] tige of the United States has been greatly damaged [illegible] morale in our foreign service [illegible] terribly low. The theory is [illegible] founded upon the dispatches of [illegible] informed London correspondents located here. Most of these are New Deal by nature. Their cable across digests of the views of the [illegible]. They are printed in the London papers and then cabled back here and printed in our press as reflecting the "European viewpoint." It is all pretty silly—this handmade "European viewpoint" stuff, the McCarthy presidential prospects, and the complete ignoring of the damning facts of Communist infiltration in our Government under Roosevelt and Truman. But the reason for not taking it too seriously is a very simple but sound one—to wit, it is all based on the assumption that the American people on the whole are fools. That just is not. They may be foolish, but not that foolish.

Says Government Ruined Coal Mines

John T. Jones, president of District 16, United Mine Workers, charged in the Senate last Thursday that the government was ruining the coal industry by allowing the large importation of foreign oil.

Testifying before a sub-committee of the Senate Committee on Interior and Insular Affairs, Jones pointed to the severe cut in employment in Western Maryland and West Virginia because of this cheap oil.

He charged the government is jeopardizing national security because the oil importation discourage expansion of domestic oil production. He declared the import of the oil which he estimated reached a total of a million barrels a day, had hit Maryland' coal industry so hard that the Free State's position in the coal industry "is becoming largely historic."

Only one-eleventh as many miners are working in the Maryland-West Virginia area now as were working before World War II, Jones said, and he blamed this on the dumping of foreign oil on the Eastern seaboard.

He told the senators the closing of four big mines in Maryland recently removed the means of earning a livelihood from 2,000 people. These mines have now filled with water and the millions of tons of coal still in them never can be recovered, he said.

Jones read a statement from Frank Powers, chief of the Bureau of Mines for Maryland, in which Powers verified that the closing of four Maryland mines (Kempton, Manor No. 3, Wolf Den and Consolidated No. 4) was due to a switch of consumers from coal to oil.

Navy [illegible] we were told [illegible] U.S. had obtained "a corner" of the uranium market of the free world. The church [illegible] vigor [illegible] than in many years, despite communist [illegible] religion.

Looking for a real deal?

Now's the time to save money!

Today's local delivered price of the BUICK SPECIAL
2-Door, 6-Passenger Sedan
Model 48D (illustrated)
$ [illegible]88

We feature the delivered price of the Buick pictured here to make a point about the big trade-in allowances we're giving today.

The price you pay for the car itself—*the local delivered price*—is the first thing to look for when you're bargain-hunting.

It's this figure *less* what you get on your trade-in that determines your *real* cost—the dollar difference you pay.

That means—*keep your eye on the dollar difference.* The more car it buys, the better deal you make.

So with our low delivered price and the high trade-in allowances we're giving right now—we think we have a whale of a buy for you.

And when you check into things, we believe you'll discover this:

You get more room and power for your money in this Buick than in any other car on the market.

You get hundreds of pounds more automobile here—more strength in the brawnier frame, more durability in the heavier chassis, more safety in the thicker structural members—than in a long list of cars at this Buick's price or higher.

You also get a lot more in a Buick that the specifications don't show—more fun, more thrill, more comfort, more pride and pleasure.

But why waste another day—with time growing shorter, winter coming closer, and your present car getting older? If you're looking for a *real* automobile at a *real* buy in a *real* deal—come look at Buick *right now.*

BY GEORGE S. BENSON
President of Harding College

It would be wonderful if all the adults in the nation could take time to refresh themselves in the facts of American history. It isn't a dull subject. On the contrary, the discovery of the new world and the formation of the United States of America were the most deeply moving events since the days of Christ on earth. Every school child, every college student and every adult should be intimately acquainted with these events and should be constantly reminded of them throughout life. Our nation would be far stronger in every way if this could be done.

The writing, adoption and ratification of the United States Constitution was, I think, mankind's greatest step forward in the field of government. This made possible, for the first time, a structure of laws and governmental institutions establishing the sacredness of the individual and safeguarding human liberty.

Fifty-five delegates attended the Constitutional Convention in Philadelphia. They were truly great men, selected by their people for outstanding intellect, integrity and leadership. Twenty-five were college men, 31 were lawyers, eight financiers or merchants, six planters, three doctors, and two ministers. Forty-two had been delegates to the Continental Congress, eight had signed the Declaration of Independence, six the Articles of Confederation; and seven were governors of states. They were moderate men.

George Washington was unanimously made convention president. James Madison of Virginia, James Wilson, another noted lawyer; and Benjamin Franklin, who was 81 at the time, also played vital roles.

The living spirit of the U. S. Constitution cannot be passed along in a single column. It is to be found, however, in any good history of the Convention. The document itself has seven parts. The first establishes the legislative body, the second the executive branch, and the third the judiciary. The fourth section states that full faith and credit should be given in each state to the public acts and records and judicial proceedings of other states. The fifth provides a method of amending the Constitution. The sixth and seventh provide for payment of debts under the articles of Confederation, and make the Constitution the supreme law of the land. Later the Bill of Rights was attached.

The U. S. Constitution thus provided the framework and foundation for the government of law under which we live. The form of the national government is a Constitutionala Republic. It is an American citizen's primary responsibility to know the history of the Constitution and how it works "to secure the blessings of liberty" for each of us.

Secretary of Labor Mitchell pronounced the nation's economic situation to be "one of great strength."

Huskies From Cove Outscore Knights In Every Period But One

Northern High's Huskies upset Valley High School of Lonaconing last Friday night at Cove by the score of 53-51, to register their second triumph of the basketball season.

The Huskies outscored the Black Knights in every period but the fourth, when the Knights came on with a rush to almost spill the host team.

Dick Waddell, towering Valley center, was the game's leading scorer, as he dumped in nine field goals, and hit on six of seven foul attempts, for a respectable total of 21 points.

Three Northern eagers hit double figures, as Murphy, Hershberger, and Georg scored 15, 14, and 10 points respectively.

The Valley High Jayvees copped the preliminary contest sneaking past the Little Huskies, 30-27.

DIED

WILLIAM JOHN WALTON

William John Walton, 51, died Monday at his summer home at McHenry. He was employed as a stationary engineer at Central Catholic School at McKeesport, Pa.

Mr. Walton was born in McKeesport on November 13, 1902. Surviving besides his wife are a son, William Walton, Pittsburgh; a daughter, Mrs. Virginia E. Cunningham, Pittsburgh, and one grandchild.

A funeral service is being conducted today at 2 p. m. in the McHenry United Brethren Church with Rev. George Simpson, of Elkins, W. Va., and Rev. Blair Burr, officiating.

Interment will be in McClain Cemetery.

MRS. GEORGE WARNICK

Mrs. Blanche Murphy Warnick, aged 76 years, widow of George Warnick, died at her home on Seventh street, Oakland, on Tuesday evening where she had been ill for the past year.

She was a daughter of the late William and Ellen Enlow Murphy and was born in this county September 1, 1877.

Surviving are three daughters, Mrs. Eva McDowell, Mrs. Ada Howard, both of Bloomington; and Miss Bernadine Warnick, at home; seven grandchildren, 11 great grandchildren, one sister, Mrs. Mary Kiser, Mt. Lake Park; two brothers, Harry A. Murphy, Mt. Lake Park; and Ernest Murphy, Los Angeles, Calif. Her husband died in 1946.

Mrs. Warnick was a member of the Methodist church in Oakland.

Funeral services will be conducted from her home on Friday afternoon at 2 o'clock, in charge of Rev. Edwin Smith, pastor of the Methodist church in Bloomington. Dr. W. S. Patterson, pastor of St. Paul's Methodist church in Oakland, will assist. Interment will be in Oakland. Her remains will be at the home on Seventh street.

LISTEN AMERICANS!

...by George S Benson

President of Harding College

Let's give more thought to the Declaration of Independence—to why it was written and what it said.

The American colonies of the early 1700's felt a strong allegiance to Great Britain. They had great liberties, in foreign trade and in their domestic affairs. But after 1763, when the French were driven off the North American continent, England began to apply harsh and restrictive measures—the Sugar Act, the Stamp Act, the Declaration Act which gave the king authority to make laws binding the colonies in all respects.

Regimentation became the lot of the colonist. As rebellion against loss of personal liberty began to be fanned, England clamped on ever-more burdensome restrictions. Some were designed as punishment. Government became the master of the people of the new world. Patrick Henry, Jefferson, Franklin—the powerful voices of the oppressed people—spoke out. One after another incidents flared. British soldiers were sent in and began to march threateningly about the countryside.

In 1775 the fighting began—at Concord.

In the midst of war, the leaders of the embattled colonies gathered at Philadelphia. Thomas Jefferson was asked to write a declaration of independence. It was adopted, as everyone knows, on July 4, 1776.

The purpose of this historic Declaration was set forth clearly: "When in the course of human events it becames necessary for one people to dissolve the political bands which have connected them with another to assume among the powers of the earth a separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation."

Next the great freedom philosophy was witten into the Declaration: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just power from the consent of the governed . . ."

That says clearly that the purpose of government is to safeguard the citizen's unalienable right—the right to live, the right to be free and the right to pursue happiness in one's own way. When we examine our government today we see how far afield we have permitted it to go. It's now a dominant power in nearly every phase of our everyday life. Will we hold back its growth now—or will we permit it to go on until our personal liberty has evaporated?

W. Cecil Smith, cashier of the First National Bank, who underwent a major operation in University hospital, Baltimore, last Thursday, was reported improving in health. His wife is remaining in Baltimore with him.

The Past Chiefs Club, Pythian Sisters, will meet Friday evening at the home of Mrs. A. V. Schaeffer for the annual turkey dinner and Christmas party, with exchange of gifts. Mrs. Paul Riley and Mrs. Harry Friend will be co-hostesses.

Arnold Friend was taken to a hospital in Morgantown, W. Va., on Wednesday in the Leighton ambulance. He had been a patient in the Garrett County Memorial hospital following an automobile accident recently near East Liverpool, O.

Music pupils of Mrs. Felix Robinson gave a recital at her home on Sunday afternoon at 4 o'clock. Parents were guests for the program of music. Taking part were Thomas Forman, Mary Beckman, Monica Robinson, Jean Henry, Donna Beckman, Sandra Skipper, Sandra Martin, Shirley Snyder and Beverly Rees.

Mrs. Edward Bowman has returned to Crellin after spending a week with her parents in Toledo, Ohio. Mrs. Bowman is residing with her husband's parents, Mr. and Mrs. David Bowman, while her husband is taking basic training in the armed forces at Fort Jackson, S. C. Pvt. Bowman entered service October 29, and is the fourth son of the Bowmans to enter the armed forces.

Northern High Five Loses to Beall High

Northern High school, with a 2-0 record, went to Frostburg on Tuesday night and lost its first game of the season to Beall High school, 57 to 51. One of Northern's previous wins had been over Valley High of Lonaconing, 53-51.

Murphy was Northern's "big gun" with 23 points on eight field goals and seven conversions in nine tries at the charity line. Hershberger scored 10 points on four field goals and two fouls.

Carter, Holmes Smith and Coleman accounted for 46 of Beall's tallies. Three players make their exit via personal fouls, Coleman, and Mike Finn, of Beall, and Georg, of Northern.

Others scoring for Northern were Selby 5, Georg 7, and Wright 6. Savage went scoreless.

Along The Potomac

With Your Congressman
DeWITT S. HYDE

In all the fuss between Senator McCarthy and President Eisenhower, nobody seems to have taken the trouble to point out just where the two men agree.

There have been two arguments between them which have caused many headlines during the past several weeks. One is their disagreement on conduct of U. S. foreign aid policy. This led to distortions like the following newspaper headline I saw: "McCarthy Goes Over Eisenhower's Head in Asking Public Support of Plea for U. S. Policy Reappraisal."

That would imply that there is some sort of limitation on how much criticism of a President a member of Congress can offer, and such is not the case at all. I don't presume to be a judge of who's right in the argument between the two men—I think the people will judge that themselves in the light of future events—but I see no reason for a distortion of the situation in the public mind.

The second disagreement widely reported between McCarthy and Eisenhower deals with the issue of Communism in government, and whether or not it will be an issue in the coming Congressional elections. Somehow the point has escaped most people that actually they are not disagreeing at all.

The President has said that Communism in the present administration won't be an issue. He is right because his Justice Department and Congressional committees are making sure of that. But he has never said that Communism in past administrations will not be an issue—and that is exactly what Senator McCarthy is talking about.

Since he finished his last campaign speech in 1952, President Eisenhower has ceased personally to criticize his predecessors in the White House. He feels that as the leader of his country and of his party he should look forward and plan a good program for the country. But the members of Congress have spoken otherwise—they want the voters to be reminded of the comparative record of the two parties in dealing with the Communist problem, and will do so without any objection on the part of the President.

The latest monthly newsletter of the Maryland State Planning Commission has come to me, and it notes in an inventory of industrial plants now idle throughout Maryland that there are five of these in Allegany County. This is a very forcible reminder that everyone—politician, banker, labor man and citizen—should cooperate in scouting for possibilities of new industries locating in the area as a means of solving an unemployment problem that has grown in the community in the past few years.

On my calendar: Monday, which is Bill of Rights Day, I address the Optimists Club in Hagerstown. Tuesday I attend the Montgomery County Medical Society dinner, and Wednesday a dinner honoring Dr. Harry C. Byrd, retiring president of the University of Maryland.

House Plants Make For Winter Beauty

House plants add green beauty to the home all winter if they are properly cared for, points out Dr. Conrad B. Link of the University of Maryland horticulture department.

Dr. Link lists four things which flowers require for satisfactory growth. They are light, favorable temperature, moisture and minerals.

Light is a must for all plants, but the horticulturist points out that "some kinds of plants are adapted to low light intensity and do not necessarily have to be in a window. In general, those plants that are grown primarily for their foliage do not need as much light as those grown as flowering plants, although even they will do better if they get sunlight at the window."

Proper temperature is also important to flower growth, according to Dr. Link. He points out that most house plants will grow better at temperatures slightly cooler than we normally maintain in our homes. "A temperature of 60 to 65 degrees is high enough for most plants and for many an even lower temperature would be better. If the daytime temperatures in the house are higher than this, the house should be permitted to cool down at night."

Dr. Link says one of the questions most often asked about flowers, and one of the most difficult to answer, is: "How often should plants be watered?" He can give only general recommendations. "The soil should not be allowed to become dry. In other words, plants should be watered frequently enough so that the soil is always moist. The soil must not be continually water logged or water soaked."

Fertile soil should be used for potting plants and will provide all the necessary minerals for several months, according to the university horticulturist. "After several months growers may need to add fertilizers. Some of the liquid types are easiest to use for house plants. They vary in their concentration and directions on the package should be followed."

Mill Is Now Approved Mixing Station

Kaese's Mill, Accident, has been made an approved Custom Mixing station, according to an announcement from Purina headquarters in St. Louis.

This means the local company is provided with approved formula for mixing locally grown grain with the company's mixed supplements and concentrates.

Grinding and mixing equipment of high efficiency is needed by the mill before the company grants a license for an approved custom mixing station.

The mill is operated by Richard Kolb.

Friend, Glaze, Durbin Chalk Up 43 Tallies

Coach [illegible] Wilson's Southern High cagers made their debut on their new court last Friday, and the floor proved to their liking, as they easily downed an Alumni aggregation, 54-31.

A trio of Southern cagers accounted for 43 of the Highlanders' points, as Larry Friend garnered 17 markers, followed by Bob Glaze and Charles Durbin, who each racked up 13 tallies.

Denver Sisler, who last year performed on the hardwoods for the Southern five, rang up 20 points to lead the grads.

The Southern Jayvees also were victorious, as they downed an Alumni team in the preliminary to the main go, 47-39.

Approximately 750 persons witnessed the contest.

Deer Kill Hits 332 In 3 Days

(Continued from Page One)

legal deer in their possession.

At a hearing before Magistrate W. O. Bitzer, William W. Mills and Richard H. Mills were fined $100 and costs but $75 of the fine was suspended in each case.

Two persons were fined $20 and costs each for having improper licenses. They were Dante J. Machrio and James W. Blasie. Machrio also was fined $10 and costs for carrying a loaded gun in his car.

Cases against three persons were dismissed at hearings before Magistrate Bitzer. They were charged with having loaded guns in their automobile. Those charged but found not guilty were Lawrence Flowers, Allen Lilier and E. H. Lilier, of the Germania section.

Gibson Gets One

Dr. H. R. Gibson got his deer ahead of time, but it was through no effort of his. He was driving his automobile on route 219 Saturday evening when a deer darted out in the car's path. The result was one dead buck and a badly damaged automobile front. The local firemen were recipients of the deer carcass.

Deer Kills Listed

A partial listing of the deer kill is included in today's issue. Some of them are found on page sixteen. Others below.

NEWS FROM THE Ruth Enlow Library

BY EDITH BROCK

"Christmas Shopping 50 Years Ago" is the theme of the exhibit now in the Historical Society case. A variety of popular gift items of the 1900-1910 period, from hatpin holders to shoe buttoners, have been lent by Mrs. Estelle Treacy, Sam Aronhalt, Miss Gertrude Aronhalt, Mrs. B. H. Sincell, Mrs. Bertie Thrasher, Mrs. Susan Lawton, E. Herbert Shaffer, Miss Floss Shaffer, Mrs. Horace Coddington, D. L. Rasche and Miss Margaret Miller. The exhibit also includes pictures and advertisements from stores of the period. Also on display in the case is a photograph of General George Crook which has been presented to the Historical Society by Dr. William Grant. This photograph had been given by General Crook to Dr. Grant's father, John A. Grant.

Edna Beiler of Grantsville has given the library a copy of her recently published children's book, "Ten of a Kind." This is Miss Beiler's first book, although she has written a number of stories and poems for various magazines. "Ten of a Kind," published by the Herald Press in Scottdale, Pa., is a sequence of stories about a group of lively boys in a rural community. The stories skillfully combine amusing true-to-life situations with religious teachings. Miss Beiler, who is at present in Reading, Pa., has been a frequent library user at the bookmobile stop in Grantsville.

The fall series of children's story hours at the library has been completed, and there will be no more story hours during December or January. These story hours have been sponsored by the Garrett Branch of the American Association of University Women with Mrs. C. W. Englander in charge of making arrangements. Those who participated in the fall program were Mrs. James Helbig, Mrs. Stuart Hamill, Heather Robinson, Mrs. Wilbur Close, Mrs. Arthur Naylor, Jr., and Mrs. Kenneth Lawton.

A memorial book for Mrs. Owen Treacy has been presented jointly by Susy Smith and Mrs. Nina Sharpe. Other gifts of books and magazines have been received recently from Mr. and Mrs. Iret Ashby, Mrs. June Grimes, Stanley Smith, and Mr. and Mrs. Joseph Stanton.

Mrs. Jack Veader has made several colorful posters for the library.

DIED

ALPHONSO BARELLO

Alphonso Barello, 54, died in Garrett County Memorial hospital on Sunday, December 6, where he had been a patient for two weeks.

A son of the late Pasquel and Beatrice Richlchi Barello, the deceased was born March 23, 1899, in Delianova, Italy. He came to the United States June 2, 1914, settled in this county and had lived in and around Oakland ever since that time.

Surviving are three daughters, Mrs. Perry King, Terra Alta, W. Va.; Mrs. Claude DeWitt, Pittsburgh, Pa., and Mrs. Charles Lowdermilk, Oakland; one son, Alphonso Barello, Jr., Los Angeles, Calif., and seven grandchildren.

Funeral services were conducted Tuesday afternoon at 2 o'clock from the Bolden Funeral Home in Oakland, with Rev. John J. Atwell, rector of the Episcopal church of Deer Park, Swanton and Altamont parish, officiating. Interment was in the Oakland cemetery.

County Postal Receipts Show Gain Of 11.6 Percent

Postoffice receipts in Garrett county in 1952 increased from $69,416 to $77,456, for a percentage gain of 11.6, according to figures released by the Maryland State Planning commission.

Receipts in Maryland advanced from $22,247,177 to $24,321,022, a gain of 9.3 percent.

The Planning Commission also listed figures from the Bureau of Vital Statistics showing 63,165 resident persons were born in the state in 1952, while 23,960 died.

Garrett county had 497 births, at the rate of 23.4 per 1,000 population, and that during that time 200 persons died.

The news letter from the Planning Commission also announced that the Department of Geology, Mines and Water Resources had isued a new geologic map of Garrett county, sealed 1: 62,500, with contour intervals of 20 feet. They are priced at $1 and are available from the director of the Department of Geology, Mines and Water Resources, The Johns Hopkins University, Baltimore 18.

First of C. and O. Parkway Slated To Be Built In 1954

The C. and O. Canal Parkway, from Cumberland to Washington, moved a step closer to reality last Thursday as the United States Department of Interior included in its budget funds for the first five miles of construction.

U.S. Senator J. Glenn Beall, in a conference with State Senator Robert B. Kimble, Allegany county, made the announcement and said the budget would go to the Secretary of Interior and then must be passed by Congress. The first five miles would be built on the Cumberland end of the parkway.

Russell H. McCain, chairman of the State Roads commission, also said the work on State Route 135, between McCoole and Westernport, should start in April.

With bids being sought for another section of the Bloomington-Swanton highway, there are indications that the access highway to Garrett county as an eastern vacationland will be completed at an early date. Deep Creek Lake ne- ington, and they aim to make it portance as a resort area is being realized by Baltimore and Washmore easily accessible from the East. The Westernport-McCoole highway has been termed a dangerous thoroughfare because of its narrowness and high accident record. The C. and O. Parkway is designed to speed traffic from Washington westward, without the necessity of going over mountains.

There is an agreement between the federal government and the State of Maryland whereby the Department of Interior will pay for the cost of constructing the parkway and Maryland will pay for the purchase of additional rights of way along the canal. McCain said the State Roads commission has funds to take options on the land as soon as it is needed by the Department of Interior to go ahead with the project.

THE BIBLE SPEAKS
BY DR. KENNETH J. FOREMAN

Scripture: Matthew 6:9, 22:34-40; Acts 10; 17:24-28; Romans 10:12-13; Galatians 2:11-14; 3:28.
Devotional Reading: Acts 17:24-31.

One Human Race

Lesson for December 13, 1953

YOU can try a little experiment with your friends or your Sunday school class. Ask each one to think of a human being, any human being. Write it down if they like. Then go around the circle and see what kind of human beings they picked. It's a safe prediction that most of them will have selected a human being of their own race, somebody rather like them instead of someone different from them. In other words, when we think "human being" we think "somebody like me." Or in still other words, we think of ourselves as the "normal" human being and other kinds of people as "off-brands."

Dr. Foreman

What Do You Mean by "One"?

The truth is that it really does take all kinds of people to make a world, hard as that is for everybody to believe. Furthermore, with all the bewildering differences there are in language, looks, culture, manners and morals, the human race is one. If there is anything quite clear in the New Testament, this is it. All human beings are human, not one is subhuman. If other races seem peculiar to you, so peculiar you even wonder why God made them, remember you seem just as peculiar to them.

But what is the one-ness of the human race? It is true, all of us in the big collection of living animals called "mankind" have many points in common that are not very important, some that are not important at all. We all walk on two legs, not four—but so do penguins. We all know pleasure and pain—but so do cats. We must all die—but so must grasshoppers. We all came, probably, from the common set of ancestors—but so presumably did catfish. There is something far more important than our brain, our hand, our nervous system or our digestive tract that marks us as one race. It is the fact which only religion acknowledges, but a fact of deepest importance: We are all children of God and made in his image. God made us of many kinds; but he also made us "of one," in unity, for unity. We are one because there is one "Lord of all."

* * *

If One, Then What?

If the oneness of the human race is taken seriously, then some practical results follow. This is not all theory. It is something we can live by. For one thing, whenever we have any contact with any human being we have to remember that he is a human being, and that so far as we are concerned that is the most important fact about him. He may have a different color, he may talk in strange gibberish, his customs may seem to be topsy-turvy, he may not know how to eat with a spoon. His ideas may be quite the reverse of ours, his religion may be weird nonsense and his whole mental workings as hard to follow as the flight of bats. But nevertheless the thing that unites him with you is more vital than the things that mark him off from you. You belong to the same human race.

Furthermore, if it is true, as said above, that what gives the human race its unity is the fact that we are all creatures of the same Father-God, then in all dealings with other people, even when they misunderstand God (as fetish-worshippers do) or even deny his very existence, as most Russians do, we must remember always: Their God and ours are the same. They may not know it, but it is so. All this adds up to the point that we have no right to despise or look down on any member of the human race,—nor they on us. At the foot of God's throne we all are on level ground.

Even A Saint Can Forget This

One of the Bible readings tells of an incident in the life of St. Peter. God had already shown him, as it were by a miracle, that "God is no respecter of persons," but at Antioch he forgot it. Forgot it so far that he would not even eat with some persons of a different race than his own, even though they were all Christians too. So it is easy to read these words, and it was not hard to write them, that all human beings are one.

LITTLE BOY IN HIS DADDY'S SHOES...

Imitation is one of the basic impulses of human life. From earliest infancy man has learned the ways of life and the paths of progress by imitating others who possess and practice such knowledge. The child learns to walk as the fledgling learns to fly—by imitating its parents.

The impulse to imitate others is stronger in infancy and childhood than at any other period in life. The child is anxious to learn things and to be able to do things as grown-ups do in this great, big interesting world. That is why the little boy in the picture tries to walk in his daddy's shoes.

Children learn to walk in their parents' footsteps in many ways, during this formative period of their lives. They acquire their habits, their mental attitudes and their sense of values mainly from their elders. And these are the things that will most largely determine their characters and shape their courses in the years to come. This makes it all-important for people to walk uprightly before their children, and lead them in the ways of strength and safety.

Above all, parents should teach their children the dependence of all life upon God, and the value of religion and the Church as the guardian of man's spiritual existence. And this must be done, line upon line and precept upon precept, in practice as well as in words.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Entertain on Thanksgiving

Mrs. Pearl McCullough entertained with a turkey dinner on Thanksgiving day for her children and their families.

Mrs. Lonnie McCullough, who is of German descent, had never seen a turkey roasted, nor eaten one. Thanksgiving is not observed in Germany. However, in other parts of Europe, England and the Netherlands, there is a day set aside to observe the sailing of the Puritans for the New World in 1620.

Mrs. Lonnie McCullough entertained with an all-German dinner for her relatives on Wednesday.

S Sgt. McCullough has purchased a house on Walters St. His wife and son reside there. Sgt McCullough has returned to Selfridge Air Force Base after spending 30 days' furlough here.

Library Program In Schools Evaluated

A three day conference was held in the schools to evaluate the library program. Among schools visited were Grantsville, Kitzmiller, Accident, Friendsville and Loch Lynn elementary schools, Northern and Southern high schools.

Included in the conference were Mrs. Mary Douglass, specialist in library science; Miss Edith Brock, county librarian; R. Bowen Hardesty, county superintendent of schools; Mrs. Caroline Wilson, John M. [illegible] and [illegible] D. Bittie, supervisors.

Also attending were Dr. James Spitznas, state supervisor of instruction; Mrs. Grace Alder Dorsey, state supervisor of elementary schools; Miss Mae Graham, state supervisor of school libraries, and Miss Nettie Taylor, state library extension service.

DEER PARK

Mrs. E. C. Clatterbuck, March of Dimes chairman, and Mrs. George Comp, Jr., attended the program and dinner held recently at the William-James hotel, Oakland.

The annual Christmas dinner of the Woman's Society of Christian Service was held at the Methodist Church basement last Thursday evening. Fourteen members and fifteen guests were present. Following the dinner a worship service was conducted with Mrs. Pleasant Thrasher, chairman, in charge. Rev. Don Jackson gave the opening prayer and comments. The lesson, "Christmas Gifts from Christian Homes" was given. Mrs. Don Jackson and other members of the Crellin quartette rendered special singing. Awards were given Mrs. Lulu Hinebaugh, Mrs. Mary Rollman, Mrs. Hilda Madigan, Mrs. Elaine Timmerman.

NOTICE TO BALER OWNERS

On December 17, 1953, at 7:30 p. m., a service representative from the New Holland Machine Co. will hold a baler service class in our service shop. If you are a baler owner, or plan to purchase one, the class will be of great advantage as it covers adjustments and repairs necessary to keep your baler in top condition. You are cordially invited to attend this two-hour class.

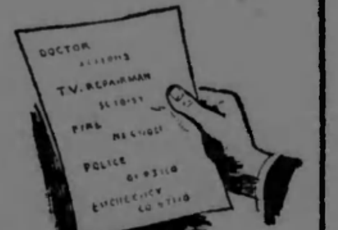
Telephone Terms

When a telephone man talks about "arms" and a "high-hat," the chances are he's referring to things the company uses in providing service. For instance, *arms* stands for the cross-arms you see on the poles. A *high-hat* is a device over which a roll of open wire is placed for unwinding. And, of course, "planting" telephone poles means more service for more people.

Who's first?

A business firm in a certain state is distributing a list of emergency telephone numbers that runs like this: Doctor, TV repairman, Fire, Police. It really doesn't matter about the order of the names on the list, so long as you keep one handy. And speaking of lists, why not keep one of frequently called numbers, both local and long distance? You can get a handy Personal Telephone Directory, in which to list these numbers, from the telephone office. It's free, of course.



December is a good month to—

Make a family project of homemade Christmas decorations with native evergreens. ... Prune fruit trees if weather is fit. ... Work on machinery in your farm shop —if you don't have one, consider equipping one. ... Clip cows for sanitary milk production. ... Provide adequate ventilation in poultry houses to prevent damp litter and dirty eggs. ... Check the ewe flock for ewes that will lamb early, and prepare to assist them if necessary. ... Butcher for the home freezer and good eating next year.

YOUR GRAIN + PURINA CONCENTRATES
Approved PURINA CUSTOM MIXING SERVICE

Announcing PURINA CUSTOM GRINDING and MIXING SERVICE

FARMERS in this community who are interested in turning their grain into better rations for their livestock and poultry will be pleased to learn that we have become a Purina *Approved* Custom Grinding and Mixing Station. This brings you several advantages:

1. We now carry Purina's famous concentrates built especially for balancing home-grain.

2. You have full use of Purina's farm-proved Custom Mixing formulas.

3. Our rations are tested by Purina Laboratories to assure mixing accuracy and uniformity.

Come in. Look over our equipment and Approved Formulas. Better yet, bring in a load of grain and see what a fine job of grinding and mixing we do.

All deed references above given are to the Land Records in the office of the Clerk of the Circuit Court for Garrett County.

TERMS OF SALE—Cash on the day of sale of the full amount of all taxes due on the property sold, together with interest, penalties, and expenses of sale. Residue of purchase price shall remain on credit.

Purchasers will be issued a certificate of sale at the time of said sale, which may be recorded among the Land Records of Garrett County. The holder of any certificate of sale, his heirs or assigns, may at any time after the expiration of one year and a day from the date of sale, file a bill in Equity to foreclose all rights of redemption of the property to which such certificate relates. Unless a proceeding to foreclose the right of redemption is filed within two years of the date of the certificate of sale, the certificate shall be void and all rights of the holder of the certificate shall cease and all money received by the Treasurer on account of said sale shall be deemed forfeited. Upon foreclosure and payment of the balance of the purchase price, and all taxes, interest, penalties and costs which have accrued in the meantime, the Treasurer will execute a deed which will vest in the purchaser an absolute and indefeasible title in fee simple in the property, free and clear of all alienations and descents.

The right of redemption continues until foreclosed as above, upon payment of the whole amount of money received by the Treasurer from the sale of the property, together with interest at six percent (6%) per annum from the date of sale to the date of redemption, together with all taxes, interest and penalties accrued which have been paid by the holders of the certificate of sale and the total disbursements of the holder of the certificate of sale made in accordance with law. All costs as to examination of title, preparation of deed, Court costs and other expenses accruing after the sale must be assumed by the purchaser.

G. HAROLD YUTZY,
Treasurer of Garrett County, Maryland.

Accident Personals

A surprise birthday party was tendered Mrs. Carmony Brobst by her children at her home on Saturday evening. Among those present were Mr. and Mrs. Dean Vanderissche, Washington, D. C.; Mr. and Mrs. John Brobst and Robert Brobst, of Keyser, W. Va.; Mr. and Mrs. Robert Ash and family, Mr. and Mrs. Raymond Coddington and family, Mr. and Mrs. Guy Broadwater and family, Miss Arlene Georg, Miss Hazel Mosser, Thomas Brobst and Mrs. Roy Kahl, all of Accident. Refreshments were served.

The Accident Post No. 208 of the American Legion entertained members of the local auxiliary unit, wives, friends and all veterans at an annual Veterans' Night in the local school auditorium on Wednesday night, December 2. The program consisted of a concert presented by the Northern High school band, a talk by Mr. Frank Powers, Frostburg; sound-off by Charles Wilt; and a movie entitled "Hollywood Barn Dance." Refreshments were served by the Legionnaiares, who hope to make the affair an annual one.

The Brethren Ladies' Aid was entertained at the home of Mrs. Lena Callis for the regular December meeting on Friday evening, December 4. The Christmas devotional program was in charge of Mrs. Irene Miller and Mrs. Leila Speicher. The business session was conducted by Mrs. Helen Speicher, vice-president of the society. Refreshments in the Christmas motif were served.

It Runs Through My Mind

BY POLLY J. HANST

Too thrilled to think.
Too tired to move.
Saturated with entertainment.
Fed up with rich food.
Awed by the simplicity of great people.
Warmed by the friendliness of a big city.
Inspired by youth.

IN MEMORIAM

In loving memory of our dear wife and mother, Mrs. Clarence Nicklow, who passed away one year ago, December 11, 1952.

Some may think we are not lonely,
When times they see us smile
But little do they know the heartache
That we suffer all the while.
Our family circle is broken,
The voice we love is still
Your place is vacant in our hearts
No one can ever fill
Flowers we place upon your grave,
Will wither and decay,
But love for you who sleeps beneath,
Will never fade away.

Sadly missed by Husband and Children.

Why Ford delivers more car for your money

With more worth when you buy it...
and more worth when you sell it...
it's your best buy!

More go
V-8 or Six, you get more GO per gallon, thanks to Ford's Automatic Power Pilot. Only Ford in the low-price field offers V-8 power . . . a low-friction Six.

More ride
With Ford's advanced front suspension front end road shock *alone* is reduced up to 80%. And with Ford's balanced spring and shock absorber action you travel "first class," whether on boulevard or the rough back roads.

More drive
Fordomatic is the only "automatic" in its field which offers both torque converter smoothness and the get-up-and-go of an automatic intermediate gear. Ford also offers Overdrive and Conventional.

More looks
Modern, clean lines give your Ford style-setting beauty. And for eye-pleasing decor, you get exterior colors that harmonize with decorator-designed interiors. Ford's beautiful Crestmark bodies feature the most visibility in Ford's field. And the way these bodies last is another reason for Ford's high resale value.

More advances
Ford alone in the low-price field brings you such fine car features as foam-rubber cushions on all seats, on all models . . . suspended pedals . . . Center-Fill Fueling . . . and optional Ford Master-Guide power steering, which does up to 75% of the work when you turn or park. Test Drive a Ford and see why over 1,000,000 car-buyers selected Ford this year!

Operation Safety . . . .

A safety crusade is underway this month and Oakland, through its mayor, joins many other cities of Maryland in pointing out the state's disgraceful highway carnage. Also it is asking people of every community to make this an outstanding month for safety promotion.

Last month there were 42 highway deaths in Maryland and the state is running ahead in its deaths and injuries over last year. The total is now 448 dead and 12,318 injured.

Being distributed through many schools and to hundreds of families are safe driving and walking pledges, because it is realized that responsibility rests not only upon the driver of a vehicle, but also upon the pedestrian.

We are in the midst of the Christmas season. Schools will be dismissed for the holidays and there will be more children on the streets. The holiday shopping crowd is large. Travel on the highway will increase and in all probability roads will be more dangerous from ice and snow, fog and sleet. There is less daylight and more darkness. Every condition is unfavorable and calls for the utmost caution as we drive or walk where others drive.

We have a responsibility first of all to make the holidays safe for all users of our streets and highways; and secondly, to continue our efforts throughout the months ahead. Highway safety is not a passing thing, but is with us constantly.

Should we get through this period safely, there will be no time to let up. Encouragement in expanding the driver education program among high school students and adult groups would be one way to aid in reducing this menace which has taken more American lives than all of the combined wars of this country.

Why cannot we all take more seriously this mounting disgrace?

Postoffice Speeds Christmas Service

The Oakland postoffice is speeding up its services to take care of the heavy Christmas mail and already has hired six additional workers, to augment the regular force.

George W. Coddington is at the extra stamp window, with Lindsay Buy employed as a dispatcher. Ned Walter, Kenneth Martin and Arthur Lohr are extra carriers, while Thomas Pratt is taking care of parcel post deliveries.

Deliveries are to be made as often as necessary, it was stated, and the office will be open all day on Saturday, December 19. The office will remain closed all day on Christmas, Friday, December 25, but deliveries will be made of special deliveries and Christmas packages.

Both incoming and outgoing mail appear to be exceptionally heavy, according to W. E. Spoerlein, postmaster. Yesterday there were 12,000 cancellations just during the morning.

Woodmen Arranging Christmas Party

All members of the Woodmen of the World of this area are being invited to attend the annual Christmas banquet, to be held in the Knights of Pythias hall, Oakland, on Saturday, December 19, at 7:30.

Talmadge E. Newton, regional supervisor, will be guest speaker, and there will be other features on the program.

Spencer Graham, state manager, stressed the fact that it was an area affair and that members of any W. O. W. lodge in this section and their guests are invited.

Eight to Ten Inches Snow Covers County

Garrett County was blanketed with eight to ten inches of snow this week from a storm that descended Monday night and which has continued almost uninterruptedly since that time.

Accompanied Monday by high winds the snow drifted over state and county highways and made traveling hazardous. All roads were open but the State Roads commission reported this morning that highways were still covered and icy. Fourteen state roads plows were busy keeping them open to two-way traffic.

The temperature dropped to 8 degrees above zero last night but snow continued to fall this morning.

The County Roads department also has had its full equipment busy maintaining school bus routes and other secondary roads.

The forecast for today is cold, with Friday fair and still cold.

The snow storm was preceded Saturday and Sunday by rainfall of around an inch, which helped a number of springs and raised streams in the area. Deep wells thus far have not shown any improvement.

Truckers Fined For Overloading

Two Garrett county truckers were among seven from this area fined a total of $217.95 during the week November 28-December 5 on overloading charges filed by agents of the States Roads Commission.

Convicted from this county were James E. George, Grantsville, $50.75, and Carl Richter, Grantsville, $31.45, Theodore Reckart, Deer Park, $72.75.

ANOTHER SCOUT BIRTHDAY—Girl Scouts of Oakland celebrated another birthday with special ceremonies last Sunday afternoon at the Moose Hall. Each scout came up and placed her candle in the cake and the candles were then lit by Janet Jackson, left, and Connie Evans, members of the Intermediate troop. The celebration was attended by parents and members of the Troop committees of the Girl Scouts and the Brownies. (Republican Photo)

Pageants and Services Will Mark Holiday

Special Programs to be Held in Oakland Area in Observance of the Birth of Christ

Special entertainment and devotional services in celebration of the anniversary of the Birth of Jesus Christ on Friday, December 25, will be observed in various churches in Oakland and throughout other parts of the county. There will be special children's entertainments and candlelight services included.

St. Matthew's Episcopal

Rev. Alfred J. Haines, rector, announced a special Christmas program and party at the Episcopal Parish house on Sunday, December 20, at 4 p. m.

There will be Holy Communion on Christmas eve, beginning at 11 o'clock, with Holy Communion on Christmas Day at 10 a. m.

St. Paul's Methodist

Sunday, December 20, there will be a Christmas play presented in the Assembly room and children will receive the annual Christmas treat, at 9:30.

At the morning worship service Dr. W. S. Patterson, pastor, will preach on "Going to Bethlehem." There will be an anthem "While Shepherds Watch," by the senior choir and "We Three Kings of Orient Are," by the junior choir.

The Christmas Candlelight service will be held at 7:30 with Christmas music by the choirs. They will sing "Cherubim Song," by Bortniansky; "Jesu, Jesu, Gently Sleeping," arranged by Charles Black; "Beside Thy Cradle," by Bach; "The Shepherd's Story," by Dickinson, with Mr. and Mrs. Jay L. Bell and Merritt Feather as soloists; Christmas carol, "The First Noel," with descant. Hervey Russell Smouse will sing "Cantique de Noel," by Adam and Mrs. Jay L. Bell will render "Gesu Bambino," by Yon. The junior choir will sing "Angels Chanting All Around Us." The service will include a call to worship, "Fanfare for Christmas," by Shaw, a Christmas prayer, Christmas carols by the choir and congregation, the reading of the Christmas story and the closing of the service with the candlelighting ceremony.

On Wednesday, December 23, at 7:30, a special Christmas service will feature the singing of carols, and the showing of a motion picture, entitled, "The Guiding Star," in which the true Christmas spirit is portrayed.

St. Mark's Lutheran

On Sunday morning, December 20, those at Sunday school will see a moving picture on The Christmas story, followed by the distribution of the annual Christmas treat for members.

A pageant, "Why the Chimes Rang," will be presented on Sunday evening, in charge of the Young adult group with members of both junior and senior choirs participating. This will be at 7:30 p. m.

A Christmas eve candlelight service will be held at 11 o'clock on Thursday, December 24. Rev. William A. Renn, pastor of St. John's Lutheran church at Red House, will be in charge of the service. The choir will sing two numbers, "There Were Shepherds" by Ashford, with Mrs. Roy Hauser as soloist; and "Today the Prince of Peace is Born," by Mueller.

This evening members of the Luther League will visit the older members of the church and the Nursing homes to sing Christmas carols and present candles which they made last Sunday evening.

There is also the regular morning worship on Sunday at 10:45 with Richard Manning, theological student from Gettysburg, bringing the sermon.

Church of the Nazarene

Rev. Forest T. Remer, pastor, announced a special Christmas program at 7:30 p. m., on Sunday by members of the Sunday School of the Church of the Nazarene, on 8th street.

Other services will be held Sunday as usual with the Sunday School at 10, morning worship at 11. A mid-week prayer service also is scheduled for Wednesday night at 7:30.

Miss Nell Helbig is entertaining members of her bridge club at a Christmas party at her apartment this evening.

Prizes Offered For Home Decorations

Three prizes for the most artistically decorated homes are being offered this year by the Mt. Top Chamber of Commerce in a Christmas home lighting contest in Oakland. The prizes will be for $15, $10 and $5.

The contest is being confined to homes within the corporate limits of the town, it was stated. Judging, by out of town persons, will be done between Christmas and New Year's day.

Deer Kill Falls Short Of Record

Total Of 442 Kills Reported At Seven Checking Stations

Garrett County's unofficial deer kill for the six-day 1953 season which ended Saturday was 442, according to figures provided by the checking stations.

This number was 150 less than last year's all time high of 592. Almost continuous rainfall on Saturday helped to keep the score down, although the last three days did not produce as many kills as the first day.

The average weight of the bucks slain was 110 pounds, hog dressed, according to Bruce Groves, official weigher at the Oakland checking station.

The totals for the six days were 158, 109, 65, 36, 35 and 39. The totals by stations: Oakland 143, Friendsville 41, Grantsville 87, Swanton 42, Storey's 80, Westernport 27 and LaVale 21. Hunters had twenty-four hours in which to report that bucks had been killed, and some of them reported to the State Police at the two Allegany county stations.

The small game season was resumed on Monday.

State Total Is 1,105

A survey of weighing stations in the Maryland counties where deer hunting was permitted this year shows a record kill of 1,405 for the six-day season. In the same period last year 1,324 were taken.

Garrett county again led all others but was one of the few counties showing a decline.

The breakdown by counties showing 1952 figures and unofficial totals for 1953:

	1952	1953
Garrett	592	442
Allegany	232	274
Washington	118	93
Frederick	90	99
Harford	0	108
Carroll	6	13
Cecil	101	138
Kent	22	30
Queen Anne's	9	10
Caroline	0	1
Wicomico	9	10
Worcester	109	136
Dorchester	25	32
Somerset	11	14
Totals	1,324	1,103

Elementary School To Present Pageant

The Oakland Elementary school will present a Christmas Carol pageant at the Old High school auditorium on Monday evening, December 21, at 8 o'clock.

The program is presented annually as a part of the school P.-T. A. program. C. W. Englander, president, will open the program on behalf of the organization.

Most of those who are to participate were named last week. Additional ones were Richard Busie, old shepherd; Meredith Elliott and Patty Castilow as additions to the choir; Carole Sue Hardesty, Ann Lee Lohr and Cheston Browning as additions to the villagers.

Carol singers were listed as Barbara Martin, Sherry Colaw, Helen King, Dorris Updyke, Willard Ann Glotfelty, Carolyn Spoerlein, Betty Henline, James Callis, Charlotte Lewis, Nancy Bittinger, Paul Clary, Donald James, Georgia Ann Glotfelty, Pat Turney, Tommy Mulvey, Dennis Dumire, Darrell Stewart, Thomas Berger, Donald Baker, Juanita Gank, Robert Lewis, Francis Jamison, Pauline Dragovich, Eleanor Vetter, Douglas Cargo, Wellington Bittinger, Carl DeWitt, Joan Livingston, Jane Riley, La Verne Shaffer, Wanda Wilson, Patsy Gower, Judy Duling, Barbara Snyder, Patricia Clary, Jackie Broadwater, Donald Upole, Rodney King and Johnny Wilson.

Mr. and Mrs. William Shirer are vacationing this week in New York City.

REGIONAL WINNERS---Mr. and Mrs. Lenwood Bittinger and their children, Betty, 15, and Carolyn, 9, are shown at their home near Mt. Lake Park on Sunday after they had been named regional winners in the Farming for Better Living program in five counties. They were county winners in 1950. The Bittingers are the second family in five years from this county to be named regional winner. The first family, the Clark Schlossnagles, went on to win the sweepstakes title among twenty-five counties last year. (Republican Photo)

Breaks Fire Hydrant

An unknown automobile driver rammed a fire hydrant at the corner of Fifth and Alder streets on Monday evening, breaking it off and causing the loss of hundreds of gallons of city water.

The depth in the reservoirs dropped six inches or more during the half hour or more the water ran out under pressure. Some of the water flooded the basement of the Bernard I. Gonder residence.

City workmen were notified and they placed a temporary valve there to prevent any further loss. With the water supply slowly increasing, especially in the town spring, the loss of water was overcome during the night. The level now stands three to four feet from the top.

A search was made to find the driver of the automobile but without success. He failed to stop and failed to report the accident.

Christmas Treat To Be Distributed Saturday In Oakland

The Christmas Treat committee of the Mt. Top Chamber of Commerce reported this morning that it was nearing its goal in the drive for funds to carry on the annual Kiddies' Christmas treat.

The distribution of the treat will take place Saturday, December 19, at 1 p. m., on Second street, near the corner of Liberty.

Oakland boy scouts under direction of Ralph Fauber, scoutmaster, the National Guardsmen under Capt. Arthur Calhoun, and the treat committee, will assist in the distribution. This year a new triple entrance front has been built by the Variety Woodworking company of Mt. Lake Park, and painted by John Shaeffer, of Orange Crush company, which will permit the children to go through three lanes at one time. This is expected to speed up the operations considerably. About two thousand children will get treats.

Newton Coplin will again handle the microphone. Southern High school band will play before the treat.

An additional list of those who have contributed since last week's issue includes F. A. Smouse, Carnation company, Garrett National Bank, Youthland, Dr. A. E. Mance, Paul Fisher, W. R. Offutt, Knights of Pythias, Knights of Columbus, Tri-State Produce, Inc., Quality Lunch Room, Dr. Harold Ashby, Dr. J. W. Wenzel and the Oakland Rotary club.

A large number of people were in Oakland last Saturday night when twelve turkeys and a $100 savings bond were given away.

Schools Will Close Dec. 23 for Holidays

Public schools of the county will close at noon on Wednesday, December 23, at 1 o'clock, for the Christmas holiday season.

They will reopen on Monday, January 4, 1954.

County Responsible For Return of Ypsilanti Escapee

Sheriff Fisher Prepared To Leave Today On Forced Journey

Sheriff Paul W. Fisher prepared to take off for Ypsilanti, Mich., today, after learning that he was responsible for a prisoner who voluntarily surrendered to authorities, although an out of state case.

Charles Everett Bascomb gave up December 1 to Sheriff Fisher after having escaped from the Ypsilanti State Hospital on November 23. He walked and hitchhiked since his escape and finally got tired of the attempt to get anywhere. Fisher said he had acted in a normal manner since that time.

Ypsilanti authorities were notified but nobody came for him. Yesterday, in consultation with the Maryland Board of Mental Hygiene, Fisher learned that if the man was released here and some lawless act committed, that the sheriff would be held responsible, according to Maryland law.

So, just because a person happened to give himself up in this county, this county is responsible for the expense of getting him back to Ypsilanti. It will cost the county about $100, Fisher estimated. He expected to leave today. The trip will probably take four days.

The man is 47 years of age, is married and has four children.

Named Health Nurse

Mrs. Melda Trexler, of Accident, has been appointed Public Health Nurse in Garrett county to work in the northern area of the county beginning January, 1954.

She will serve the schools in that area and carry a generalized public health nursing program. She will be at the Grantsville and Friendsville Health Centers one-half day each week. Days and hours will be announced later.

Children's Treat Planned By Mt. Lake Park Council

The Mayor and Town Council of Mt. Lake Park has arranged a town treat for the children of the community for Tuesday evening, December 22, from 6:30 to 7:30. The treat will be distributed at the Bowling Alley.

John Jones Gets Certificate Of Merit From Gov. McKeldin

Award For Most Successfully Overcoming Physical Handicap In Western Maryland

John Jones, of Crellin, who operates a furniture repair shop, received a certificate of merit from Governor Theodore R. McKeldin on Tuesday in Baltimore at a luncheon honoring four in the state who had done the most to overcome a physical handicap.

Jones was the winner for Western Maryland and was taken to Baltimore by the local committee on physically handicapped.

It was almost an all-Jones affair as far as Garrett county was concerned. There was John Jones. He was accompanied by Miss Grace Jones, physio-therapist; Attorney Lewis R. Jones and Mary Jones, his wife; and then there was Charles L. Brener, of the department of Employment Security.

But that wasn't the end of it. When presented on television that evening from 6:30 to 6:50 the producer of the show turned out to be Bob Jones.

At the dinner meeting Lewis Jones, county chairman for the physically handicapped, introduced John Jones and told the story of his handicap and how he has been overcoming it.

The TV program was in charge of R. C. Thompson, of the state rehabilitation committee. Shortly after the broadcast John Jones received a telephone call from his son, an accountant in Washington, who had seen the show very clearly.

Candlelight Service Planned at the Park

On Sunday evening, December 20, at 8 o'clock there will be a candlelight service at Bethel Methodist church in Mt. Lake Park.

Other special services for the Christmas season for the Methodist charge under Rev. Randall Prince's direction are the annual Christmas program at Kurtz chapel Wednesday evening at 7:30, and the annual Christmas program at the White Church on Thursday evening at 7:30.

The Republican's Christmas Issue To Appear Wednesday

Next week's issue of The Republican, the Christmas issue, which normally would be published on Thursday, December 24, will appear on Wednesday, December 23, in order that distribution will be made to the homes prior to the holiday. The Christmas issue will carry Christmas greetings from many of our advertisers.

Because of the step-up in the publication date, it will be necessary for local correspondents and advertisers to send in their material one day earlier than usual, and all others who desire to have news items published are requested to do the same in order to insure publication in the week's issue.

County Family Is Regional FFBL Winner

Award Announced at Regional Roundup at Morgantown Last Friday

Mr. and Mrs. Lenwood Bittinger of Mt. Lake Park, have been declared the outstanding farmers in the Upper Monongahela Valley Region II under the Farming for Better Living Program.

The district is composed of Monongalia, Preston, Marion and Taylor counties in West Virginia, and Garrett county in Maryland.

The Bittingers received the award at the regional dinner in Morgantown, W. Va., last Friday which was attended by local members of the FFBL council. The Bittingers were the Garrett county winners in 1950 and subsequently became eligible for the regional award. They now will become eligible for the sweepstakes winner next year.

Herman M. Bowers, assistant director of agriculture extension for West Virginia university, presented the award and praised them for what they have been doing for farm improvement.

In the round-up program booklet it was explained that the Bittingers, whose farm is outstanding because of its green fields, neat fences and trim buildings, operate a 30-cow Jersey herd on two farms totaling 264 acres. The herd average was 6,581 pounds per cow during the past year. The dairy income is supplemented by egg sales from a 500 head flock of hens. A new enterprise, cauliflower, was tried this year. The yield was 750 crates from one acre of the crop, which was one of the best records in the county this year.

In speaking about the family as individuals, he said "Betty, their 15-year-old daughter, has taken the county honors with her dairy heifer 4-H project. The other daughter, Carolyn, is nine. The entire family is active in all church, community and county affairs. Mr. Bittinger is active in the Farm Bureau, and in the Dairy Herd Improvement Association."

Improvements during the past year included the painting of the barn, the installation of two barn ventilating fans, barn rewiring, the installation of an irrigation system for the cauliflower and pastures, and the installing of an oil burning furnace in the home.

A large farm pond near the buildings provides abundant water for irrigation and fire protection. Boating and fishing are popular on this pond. Liberal applications of lime, fertilizer and manures have brought the production of the land on this farm to a high level.

The Bittingers also were praised by the various officials and were presented with a certificate to show they were the region's best farmers and received a $50 bond as a prize.

Special Recognition

Special recognition was also given Garrett county at the round-up dinner for its record of 100 percent completion of project booklets. Each farm family enrolled in the program at the start of the year completed its booklet. As a reward Garrett county received a check in the amount of $25 which will be turned over to the county 4-H club fund. Garrett was the only one in the five-county region to have 100 percent completion. The county award was made by Robert H. Black, acting assistant dean, College of Agriculture, W. V. U.

Mr. and Mrs. Harry W. Hummel, of New Germany section, also were recognized as the 1953 county winners. They were named county winners several weeks ago at the FFBL banquet at Southern High school.

Rev. J. P. DeBardi, pastor of Drummond Chapel Church, Morgantown, gave the principal address on "The Philosophy of Rural Life" and stressed three points, the importance of the home, importance of the soil and importance of the atom.

Among those attending from this county were Mr. and Mrs. Clark Schlossnagle, Mr. and Mrs. Guy Stanton, Mr. and Mrs. Lenwood Bittinger, Mr. and Mrs. Hubert A. Friend, Mr. and Mrs. Ross Crowe, Mr. and Mrs. Harry W. Hummel, J. Thomas Cain, Mrs. Kermit Glotfelty, Mrs. George Hanst, B. Beeson Snyder and John H. Carter.

Legislative Council Reports on Findings

Decides to Keep Hands Off Tax and Home Rule Measures

The Legislative Council bumped into the Constitution today and decided to keep hands off some perennially knotty questions, including taxes and home rule.

Winding up its regular meetings in advance of the 1954 General Assembly session, the Council simply tacked a "hold till next year" tag on a half-dozen proposals likely to raise a storm.

The action by the Legislature's recess study group didn't mean the subjects won't come up at the 30-day session beginning next Feb. 3.

Senate Majority Leader Goldstein said he personally would sponsor a measure beaten in the past to force the state to finance its bonds with some other tax than the one of real estate.

He added he also might push a bill to establish a system of automatically reducing taxes when income exceeds estimates and to increase state aid for school construction. The outlook for revenue next year will guide his decision, Goldstein said.

The Council shelved those three proposals. It deferred a number of others in view of the constitutional amendment limiting 30-day sessions to the budget, emergencies and matters affecting the general public welfare.

These included tighter roadside controls to keep highways pretty; review of the grand jury system; detailed revision of election and campaign laws; self-government in the counties and municipalities; and mandatory payments to dependents pending appeals in non-support cases.

On ground the Federation of Labor came in too late, the Council also bypassed a dozen recommendations on wages, hours, employment and compensation.

It allowed for a committee meeting in January to consider changes in Public Service Commission regulations. Joseph Allen, people's counsel to the commission, will then outline his plan for changing the utility value base on which rates are set for electricity, gas, telephone and transit service.

Senate President Della (D-Balto 6th) said the full 20-member Council may later convene to act on the recommendations.

The Council endorsed bills that would:

1. Require front and rear automobile and truck tags in 1955. Only one plate again will be issued next year.

2. Eliminate in 1955 a motorist's privilege of paying for a special licence tag, as one displaying his initials. Thomas B. R. Mudd, commissioner of motor vehicles, had reported few requests for next year.

3. Legalize the sale of powdered skim milk products.

4. Allow magistrates three days in which to suspend fines in traffic convictions.

5. Require insurance of $50,000 to $100,000 on all vehicles transporting children to and from school.

6. Standardize income, sales and property tax exemptions for charitable corporations.

7. Appropriate $25,000 to develop a uniform retirement system for state employes.

8. Provide a legislative training course every four years for newly elected senators and delegates; pay legislators at the end of each month instead of quarterly in advance. They receive $1,800 a year.

Winter Is Time To Plan Windbreak

The time of year when icy winds make weird noises about windows and doors is a good time to think about planting a windbreak, says Harry Dengler, Extension forester at the University of Maryland.

Dengler emphasizes that now is not the time for actually planting a windbreak—it is the time to study wind directions and snow drifting. Taking note of these items will give a farmer information for planning the most efficient layout for windbreaks, he says.

"A good windbreak shunts the cold blasts up and over the farmstead and can cut fuel costs as much as 20 percent," points out Extension forester.

"A shelterbelt of trees also acts as a snow fence and materially reduces the amount of labor involved in digging out after a heavy storm. The lea side of a windbreak acts as a heat trap and makes a fine warm place for cattle to loaf or for the children to play on a sunny winter day."

Dengler adds a reminder that a nice windbreak is a beautiful sight and can do much to make farm living more pleasant.

Plan Course of Study

Teachers of the Southern High Home Economics department met recently with those of the Northern High department to form a course of study for Senior High students.

Definite unit titles were set up and teachers were assigned certain unit titles to discuss. They plan to meet again in the future to discuss committee progress.

Northern high teachers will be working on foods, housing and "Looking Forward to Marriage." Southern high teachers will be working on clothing, child care and self development.

Donates Books to School

The Grantsville American Legion post has donated six books to the library of Northern High school at Cove, in memory of six service men from the Grantsville area who were killed in action.

They are: Robert J. Beachy, "The Frontier is Everywhere;" Burl E. Winey, "While You Slept;" William E. Simmonds, "Total Empire;" Marshall O. Durst, "Eleven Years in a Soviet Prison Camp;" Vernon D. Bowers, "Seeds of Treason;" David L. Yommer, "The Accused."

The National American Legion has stated these are good anti-Communist books.

President Eisenhower's plan to pool atomic energy for peace was laid before Soviet Foreign Minister Molotov with request that he give it earnest consideration.

Pythian Sisters Elect Officers

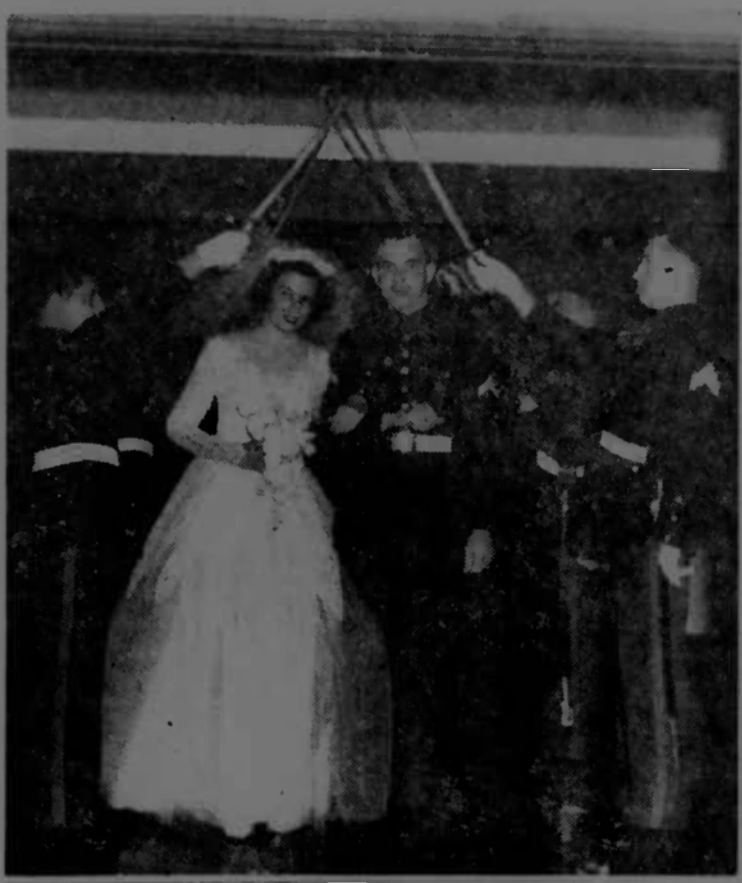
On Monday, December 7, the following members of Garrett Temple No. 17, were elected to serve as officers for the ensuing year:

Edith Bell, past chief; Margaret Graham, most excellent chief; Dorothy Woods, excellent senior; Ruby Turney, excellent junior; Virginia Fizer, manager; Violet Bowser, treasurer; Clara Stuck, secretary; Ann Meisenbach, protector; Florence Sanders, guard; Cora Woods, grand representative of Grand Temple; Ellen Turney, installing officer and alternate to grand representative; Mary Browning, trustee; Elizabeth Turney, press correspondent; Violet Bowser, captain of degree staff; Vera Mussard, pianist; Grace Riley, assistant pianist.

Installation will occur at the first meeting in January.

Major surgery on Federal government to cut its 70 independent agencies down to 30 was proposed to President Eisenhower.

Married in California



A romance which began three years ago in Maryland, was culminated in the wedding of Miss Barbara Lloyd Durst, only daughter of Mr. and Mrs. Lloyd Durst, of San Diego, California, formerly of Lonaconing and Deep Creek Lake, and Sergeant Ronald L. Bittner, son of Mr. and Mrs. H. L. Bittner, of Oakland.

The ceremony was performed by the Lutheran Chaplain, Karl G. Peterson, USN, at the Naval Training Center chapel, San Diego, November 11, at 8 p. m.

The bride was given in marriage by her father. She wore a gown of white lace and nylon tulle over satin. A lace crown, pearl studded, held her finger tip length veil. She carried a bouquet of white chrysanthemums centered with a white orchid. Mrs. Ross F. Workman, Jr., a cousin of the bride, served as matron of honor, while Mr. Workman was best man.

Two other cousins, Miss Jacquelin Regot, of St. Louis, Mo., and Mrs. Warren H. Sanborn, of Concord, Calif. were bridesmaids. Mrs. Workman was gowned in embroidered blue organdy over satin and wore a coronet of pink rosebuds in her hair.

The organist played "O Promise Me," as well as the traditional wedding marches. The bride and groom left the chapel under crossed swords of the honor guard, made up of fellow marines from Camp Pendleton.

A reception was held at the home of Mrs. Myrtle Workman, aunt of bride, in San Diego. After a toast to the bride, she cut the three-tiered wedding cake with the groom's sword. Piano music was supplied by a student of San Diego State College.

The couple honeymooned in San Diego. For going away the bride chose a navy blue knitted suit, a small rhinestone trimmed navy blue velvet hat, with accessories of the same shade. A pearl grey coat and orchid corsage completed her ensemble.

The bride attended Hood College, Potomac State College and was graduated in Home Economics from the University of Maryland. She is presently employed in the engineering department of Consolidated Vultee Aircraft corporation.

The groom was graduated from Oakland High school, attended Davis and Elkins college, Elkins, W. Va., and is now serving with the U. S. Marine corps at Camp Pendleton.

New Jersey and New York were at odds over where the Statue of Liberty is located, since New York assessed a concession owner for taxes.

Store Is Entered; Nothing Is Stolen

The Oakland Pharmacy was entered by an unknown robber or robbers last Friday night, but as far as is known, nothing was stolen. Apparently in search of just money, they failed in their mission when they were unable to open the cash register. A large safe in the rear of the building was locked.

The rear door was forced open after the would-be thief or thieves attempted to use an auger with an extension bit without success.

Restaurant Owner To Pay For Awning

The Cumberland Home Insulation Company was awarded a verdict of $200, plus interest of $42, against Guy Hinebaugh, Oakland restaurant owner, in Washington County Circuit Court yesterday.

The case, transferred to Washington county from Garrett county, was tried before Judge Joseph D. Mish and a jury. The local company filed the suit against Hinebaugh for $200, the alleged unpaid balance on a bill for an awning installed at the restaurant property in May, 1950.

The jury brought in a verdict for the full amount and interest.

State Drownings Decrease

A total of 109 persons died by drowning in Maryland waters between April and September, but the figure was a little lower than that of last year.

The 1953 figure was 18 below the total for 1952. No drownings were reported in Garrett county during the 1953 summer vacation period, nor in Kent and Howard counties.

Brethren Young People To Present Play

The Oak Grove Church of the Brethren young people will present a play, "The Christmas Message," on Wednesday evening, December 23, at 8 o'clock, at the church.

Participating are Joe DeWitt, Paul Savage, Martin Savage, Donna Savage, Ronald and Donald Rodeheaver, Andrew DeWitt, Lonnie Rodeheaver, Betty Savage, Patty Cuppett, Shirley Rodeheaver, Rose Lee Chaney, Bonnie Spiker, Marlene Spiker and Virginia DeWitt.

The play is being directed by Mrs. Connell Chaney. Mrs. Herman Rodeheaver is pianist.

Is Chairman of New Red Cross Service In State of Delaware

William C. Lantz, a member of the public relations staff of the Delaware Steeplechase and Race association in Wilmington, has been named chairman of a new Delaware Red Cross service. This new service will feed victims of disaster at the scene or in the chapter house. It is composed of 21 young, employed persons who have expressed their willingness to be called and who are available during the night when most disasters seem to strike.

The Red Cross disaster emergency mobile feeding service was organized by Mr. Lantz who is a former blood donor service volunteer and member of the gallon club. He was a yeoman on the destroyer escort Frost in World War II. He is a son of Mr. and Mrs. William M. Lantz, Center street.

AWARDED SAVINGS BOND—The Mountain Top Chamber of Commerce played Santa Claus to more than a dozen persons last Saturday night when twelve turkeys and a $100 United States Savings Bond were awarded as part of the organization's Christmas shopping promotion. Here Newton Coplin (on truck), president of the organization, hands a certificate for the bond to Howard White, of Oakland, winner. This Saturday, the Chamber of Commerce will wind up its Christmas activities with a children's treat at 1 p. m. in front of the Episcopal church. (Republican Photo.)

Cantata Will Be Given at P.-T.A. Of Southern High

A Christmas cantata will be presented by the Southern High school's glee club at the regular meeting of the P.-T.A., on Monday evening, December 21, in the school cafeteria, it was announced by Howard D. Naylor, president. It will be under the direction of Mrs. Russell Brown, music instructor.

The meeting will also feature an open house, sponsored by members of the school faculty. Arrangements are in charge of Mrs. John Carter, Miss Janet Hyre, Mrs. Glenn Randol, Mrs. Brown, Miss Frances Patterson and Mrs. Meyers. There will be specialty acts by individual rooms.

The Home Economics department will be on display and refreshments will be served.

The Cantata, "The Song of Christmas," was first performed by Fred Waring and his Pennsylvanians on December 25, 1945. Mrs. Brown said, "The Glee Club feels this is one of the most ambitious and worth while musical productions the Senior Glee Club has ever presented."

Soloists in the Cantata will include Jackie Groves, Gene Ridder, George Lee, Harold Lantz, Frank DeWitt, David Benner, Barbara Foglepole, Janet Paugh, Barbara Shank, Ida Moon, Gladys Harsh, Stephen Wainer, Fred Stemple, and Bud Savage. The accompanists will be Rebecca White, Shirley Calhoun, and Shirley Shaffer. Bells will be played by Rebecca White. The narrators include D. P. Lane, member of the Glee Club, also Ada Mae Welch, Judy Gallagher, Ruth Beckman and Elaine Gnegy, all members of Mrs. McHenry's Speech class. Also a member of the Glee Club acting as Master of Ceremonies is Jack Mercing.

Mrs. Brown has also arranged something for the youngsters. It will include a vocal trio in "Winter Wonderland" by Olivia Naylor, Phyllis Lee and Shirley Shaffer; Song and Dance by Barbara Biser doing "Here Comes Susie Snowflake;" "All I Want for Christmas," a novelty act by Tommy Turney; a vocal trio, "Silver Bells," by Donna Weimer, Katie Friend and Sarabelle Burrell; a pantomime dance, "Sleighride," by Kitty Warner and Gene Williams; a Christmas medley done by a quartet including Jack Harvey, John White, Gene Williams and Reuben Rodeheaver.

At the intermission there will be a piano duet by Becky White and Carolyn Dunie, plus a vocal solo, "Silent Night" by Harold Ayres.

Two Family Harmony Example Is Featured

An example of two-family harmony for thirty years was featured in the November issue of the Cooperative Farmer, a magazine published by Southern States Cooperative.

The families featured were Mr. and Mrs. Frank P. Riddell and Mr. and Mrs. Robert C. McOlvin, who have a 200-acre farm near Accident and who have been living in the same household, working together, eating together, sharing the same bank account, and planning for the future together.

How the two couples, who are childless, operate the farm cooperatively is told in a two-page article in the issue, along with pictures of some of the activities. The two families occupy what was known as the William Englehart farm, but is now the Dellmae farm.

Coming to the Accident community from near Morgantown, W. Va., the two families have resided near Accident for nine years.

PROCLAMATION

A CRUSADE FOR SAFE WALKING AND DRIVING

DURING THE MONTH OF DECEMBER, 1953

Whereas, on the Nation's streets and highways, needless, shameful, sudden deaths have taken more American Lives than all of the combined wars of this country, and

Whereas, Maryland's highway safety deaths of 1952 were reduced over the previous year for the first time in history, and

Whereas, our past accomplishments cannot be a substitute for a continuing attack against highway deaths and injuries, and

Whereas, this attack must be concerted and participated in by every citizen, with their complete cooperation, courtesy and full responsibility of their duties, and

Whereas, This year of our Lord, nineteen hundred fifty-three, Maryland is running ahead in its deaths and injuries over last year. Maryland's disgraceful highway carnage is now 418 dead and 12,318 injured, and

Whereas, during the month of December, with Christmas shopping and our school children out for the Christmas holidays, the flow of traffic, both pedestrian and vehicular on our streets and highways will increase. Last December, during the joyous Christmas week 21 were killed and 381 were injured, and

Now, Therefore, I, Joseph Hinebaugh, Mayor of Oakland, State of Maryland do resolve to do everything in my power to help reduce the loss of life and limb in my city and do hereby proclaim the month of December, 1953, as

OPERATION SAFETY- A CRUSADE

FOR SAFE WALKING AND DRIVING

The State of Maryland has set a goal for the remainder of this year to reduce the terrible accident rate on our streets and highways to keep from surpassing the death rate of 1952. I call upon all the people of this Community to support actively, individually and collectively, the effort being made for greater HIGHWAY SAFETY, and to continue to carry on month after month to make our State the safest in the Union, in cooperation with the Maryland Traffic Safety Commission.

AND, Respectfully call upon every individual citizen, every organization and every agency as well as every means of communication to make this month one of outstanding accelerated safety promotion. I further humbly request that this proclamation be read in every meeting, large and small, during the Month of December, 1953. Let us live and play together safely and make this crusade result in making Maryland a safer State in which to live than ever before. Each accident we help to prevent, will make a MERRIER CHRISTMAS for each and every one of us.

Given in the year of our Lord, one thousand nine hundred and fifty-three and the independence of the United States of America the one hundred and seventy-eight.

JOSEPH HINEBAUGH,

Mayor.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

The New York Strike

The strike of the photo-engravers, by which 31 men (the voting margin rejecting arbitration) for eleven days paralyzed every newspaper in New York City, should have considerable effect upon public opinion in the country and upon congressional action at the coming session of Congress. One of the major issues then will be the Administration amendments to the Taft-Hartley Act, which President Eisenhower has pledged will make the law fair alike to "labor, industry and the public."

—o—

Already, before they know what the amendments are the labor bosses are lining up to oppose any change in the law except those pleasing to them. Their basic demand will be repeal of the act in its entirety, thus leaving them wholly unrestricted and the public wholly unprotected. It seems incredible, considering the way they voted in 1952, that the American people will tolerate any such action. It particularly seems incredible in view of the things made clear in the New York strike.

—o—

One of these is that strikes such as these become effective only because of their support by other unions, neither the leaders nor the membership of which have any knowledge of the facts. Thus, in New York approximately 400 engravers were supported by more than 20,000 members of other unions all of whom promptly became unconcerned partisans in a struggle about the merits of which they knew nothing and notwithstanding that this partisanship was in violation of their separate contracts. This meant complete suspension of the newspapers. In such circumstances, the strikers are bound ultimately to gain part of their demands through arbitration or agreement.

—o—

That is the invariable end of such strikes all over the country. In recent years the strikers from the start have had active support and encouragement from the White House. Now, for the first time in twenty years, with the President unobligated politically to the labor bosses, they lack this support. Yet, such is their power that the result will be relatively the same. The time has arrived when the labor bosses are able to strangle almost any manufacturing institution into total submission.

—o—

Once concessions have been made as a result of such strikes, industry knows that at the end of the new contract—if not before—other demands will surely be made and another strike threatened. It is an unending procession and means that, as the law is now, industry practically has lost control of its costs. This is a pretty bad state to be in—one that in the long run must damage the workers as well as the employers and the public. The point has been made that the New York strike was also a blow at the freedom of the press as guaranteed by the Constitution. Why, it is asked, if a strike can be called by a labor boss because he is dissatisfied with the wages paid by a newspaper—why can he not call a strike because he does not like its editorial or, indeed, its news direction?

—o—

Perhaps the courts would not permit that but the end may be achieved by indirection—for example by inculcating fear that outspoken editorials on labor arrogance may lead to costly strikes. It is not pleasant to charge that the lack of forthright editorials concerning the plight of the New York papers was due to fear. Nevertheless, there were few editors and fewer columnists to express themselves forcefully. The New York situation was an especially serious one for the future. For example, the new mayor had indispensable support in his campaign from the labor bosses, the left-wing Liberal party, the American Labor party and the Daily Worker.

—o—

Also among Mr. Wagner's supporters was Mr. Michael Quill, very tough head of the Transportation Union, whose declared ambition is to unionize the New York police force. Asked, before election if he would go along with Mr. Quill in this, Mr. Wagner evaded a reply. Among other things, we are told, which the Wagner election assures is the nomination and election of Franklin D. Roosevelt, Jr., for Governor. A three-term Congressman, Mr. Roosevelt has made no record to speak of and has not earned a great deal of respect from his House colleagues.

—o—

But, he is the close personal friend of Mr. Walter Reuther, violent head of the CIO and a member of the A.D.A. All of which seems to mean that Democratic success in New York next November, with a Wagner as Mayor and a Roosevelt as Governor, would put the labor bosses in a dominant position in our greatest State. What it adds up to is that if the American public is going to be adequately protected, the protection has got to come through legislation like Taft-Hartley and the Federal Government.

Lions Club Plans Christmas Party

A Christmas party and Ladies' Night for the next meeting of the Oakland-Mt. Lake Park Lions club are planned by the club committees. The dinner at the William-James hotel will be followed by a dance at the National Guard armory, with music being furnished by The Continentals. The date has been set for Monday, December 28.

L. E. Sellman, member of the Hagerstown Lions club, was the speaker at the regular meeting on Monday night. It was announced that approximately $170 had been cleared on the broom sale conducted recently.

John Reckner was inducted into the club by W. Dwight Stover, past president.

BITTINGER

A veritable army of hunters from out of the county spent last week deer hunting in this neighborhood. By day they entertained the deer on the mountainside with a noisy display of fire-works. Each evening, at the corner groceries and lounging places, they entertained the local nimrods with an equally noisy display of hyperbole. Most of the deer escaped and most of the hunters returned home empty-handed and disappointed. Now the smoke has cleared away and the frowns have evaporated and all may have a Merry Christmas.

Rev. James Allen, pastor of the local Lutheran church, conducted services here last Sunday morning and in the afternoon Rev. Robert Cassel, of Westernport, conducted a service. Both services were well attended.

Mr. and Mrs. Fred Bowser announce the birth of a daughter at their home near Deep Creek on Wednesday of last week.

Mrs. Silas C. Beachy, Mr. and Mrs. Jonas Beachy and Mrs. Martha Emory motored to Philippi, W. Va., last Saturday to visit Mrs. Beachy's son, Fred, who is recuperating from an operation in the hospital there.

Mr. and Mrs. Samuel Cliff and a friend, from Morristown, N. J., and Irvin Morgan, of Pottstown, Pa., were business callers in this village last Saturday afternoon.

Max Buckel, of Amstead, Md., visited Mr. and Mrs. W. E. Buckel at their home here last week.

Is Your Name SANDERS

DO YOU KNOW THAT:

SANDERS, an old and honored English and Scottish surname, is of relatively simple derivation for it signifies "Son of Sandy." Sandy, as is well known, is the Scottish diminutive or familiar form for Alexander which, is turn, is derived from the Greek "alexo" and "aner" and denotes "benefactor of man." Alexander has been an exceptionally popular name among kings and noblemen; it owes its wide usage to Alexander the Great, the Macedonian king and military conqueror; and many knights, by that name, came into England during the Norman invasion of the eleventh century.

MOSES SANDERS (1742-1817), a Baptist minister, served as a private in the South Carolina troops during the Revolutionary War. HARDY SANDERS (1747-1812) was a captain in the Wake County, North Carolina militia.

FRANK KNIGHT SANDERS (1861-1933), a direct descendant of Robert Sanders who came from England early in the 17th century and settled at SANDERS Point, Maine, was dean of Yale Divinity School and later president of Washburn College, Topeka, Kansas.

DANIEL CLARKE SANDERS (1768-1850) was the first president of the University of Vermont.

JOSEPH M. SANDERS (1866-1927), an attorney of note, was associate justice, Supreme Court of Appeals of West Virginia.

HOMER LEROY SANDERS is brigadier general, U. S. Army Air Corps, with headquarters at Langley Field, Virginia.

HENRY RUSSELL SANDERS earned national recognition for his accomplishments as head coach and athletic director at Vanderbilt University from 1940 to 1949. Since the latter year, he has been head coach at the University of California at Los Angeles.

IRWIN TAYLOR SANDERS is professor and head of the department of sociology at the University of Kentucky.

WILLIAM BURTON SANDERS has been professor of engineering mechanics at Purdue University, Lafayette, Indiana, since 1945.

Christmas Bells

For a Christmas decoration that's different and bound to cause comment, make a cluster of hanging bells from your kitchen funnels.

Harry W. Dengler, University of Maryland Extension forester, gives directions for this easy-to-make decoration.

Cover your set of graduated kitchen funnels with aluminum foil—shaping them in the form of bells. For clappers, cover appropriate size measuring spoons with foil. Fasten the clappers to the funnels with ribbon or wire.

Hang the bells from your doorway or ceiling with a red bow and a few pieces of greenery worked into the arrangement.

From a Wooden Hanger

Look in your closet for an ordinary wooden coat hanger. It makes a perfect base for a Christmas decoration that you'll want to hang over a door or from a window sill.

Fasten two matching sprays of evergreens to the hanger with the butt ends attached securely at the handle. Hide the ends and hanger hook by attaching a gay bow of ribbon. You can add color to this decoration by hanging a cluster of pretty pine cones, Christmas balls or bells from the center.

You'll find that the handle twists nicely for hooking over cross pieces of windows. This makes an especially nice decoration for church windows since it is easy to make uniformly.

From Odds and Ends

You would be surprised at the attractive Christmas decorations you can make with odds and ends from your kitchen—plus a few sprigs of clippings pruned from your evergreens.

One of the easiest and most foolproof decorative pieces uses as its base an ordinary dust pan. The dust pan must have a guard or lip.

First, punch a hole in each top corner of the pan. Thread with wire, string or ribbon for hanging purposes.

Next, wad the guard with tightly crumpled newspaper. Use sprigs of evergreen from 8 to 15 inches long, and arrange them tastefully, inserting the twigs behind the paper. Most greens will do. A sprig or two of colorful berries adds glamour.

Cover the guard with a strip of aluminum foil, and attach a perky bow to the handle. Now your decoration is ready for hanging.

Grantsville Groups Plan For Christmas

The Grantsville Volunteer Firemen and the Flushing Shirt Company will hold open house Monday night, December 21.

There will be a tour of the new building and factory, a demonstration of the machines by the factory workers.

The Northern High School band will give a concert and conduct a bake sale. The public is invited.

Refreshments will be served.

Legion Plans Treat

The Grantsville American Legion Post 214 will hold its annual Christmas party and treat for the children in the community at the Legion home, Wednesday night, December 23, at 7:00 p. m. Entertainment for the kiddies is planned.

The Christmas lights in the town have been turned on and will remain lighted during the Yuletide season.

Achievement Pays Off for Maryland 4-H'ers

MERITORIOUS records in the 1953 National 4-H Alumni Recognition program have brought state honors to four former 4-H Club members from Maryland.

They are Mrs. Nelson Covey, of Federalsburg; Allie Messer, of Gaithersburg; Richard Wills, of McDonough, and Mrs. Walter Gill, of White Hall.

Mrs. Nelson Covey

Allie Messer

Richard Wills

Mrs. Walter Gill

Mrs. Covey has been a welfare worker for 15 years and is now a farm homemaker.

Mr. Messer, because of his 4-H training, got the backing of two men and bought his own farm.

Mr. Wills is now farm manager of the McDonough School dairy herd and head of the agricultural department.

Mrs. Gill is a farm homemaker and an active leader of a 4-H club.

Each will receive a burnished copper Alumni Recognition plaque mounted on walnut. Donor of the award is the Mathieson Chemical Corporation. All of these candidates are former 4-H Club members. The purpose of their selection is to give special recognition to those who have maintained a continuing interest in 4-H work and have made outstanding contributions to the betterment of the communities in which they live.

This program is conducted by the Cooperative Extension Service.

Senator Beall Gives Opinion On Problems

Senator J. Glenn Beall has told the Republican Policy Committee that in his opinion legislative leaders and the Administration should give serious thought to tax reduction, holding the present statutory limit on the Federal debt, revision of the Taft-Hartley law, and adopting a policy against recognition of Red China.

A White House Conference with legislative leaders is scheduled for December 17, 18 and 19.

The Senator also informed the committee that he does not think it would be wise for the Administration to push for Congressional approval of a St. Lawrence Seaway at the next session of Congress.

In an earlier statement Senator Beall elaborated on his concern with reports that the United States is being urged to recognize the present Chinese government. The Senator said that in his opinion "this would be the second great mistake of the century," and in his letter to the Policy Committee, added: "Frankly, I do not believe the people of this country desire to see the United States establish relations with the present Chinese government, which was a belligerent in the Korean conflict, and which was responsible for criminal atrocities against American soldiers."

Mr. Beall said that he thought the Republican Party should go on record as "being unalterably opposed to the recognition of Red China."

The Republican Party, he wrote, should reduce taxes so that they are not confiscatory and to promote a free functioning economy. Not increasing the statutory limits of the Federal debt is necessary if the budget is to be balanced and taxes reduced, the Senator said.

"Realizing, as I do, the many obligations which are on our Federal government, I know that there is no simple solution to our budget problems," Mr. Beall stated, "however, I think that to not reduce spending, to not reduce taxes, is merely accepting the easy way out by postponing the horrible day of reckoning."

In his letter Mr. Beall pointed out that the Republicans have in the past urged revisions of the Taft-Hartley Law; that the late Sen. Taft had made many suggestions for amending it, and, that while he was a Member of the House, the 81st Congress did pass some amendments only to see them recommitted to committee by the Democratic leadership.

The Democratic Party's use of the law "as a club over labor" should be exposed, he said, as "cynical and calloused disregard of the American workmen."

Any inequities in the law should be corrected, he said, "not only because organized labor is deserving of fair and equitable treatment by the Congress, but in order to show that the Democratic party wants to keep it on the books, unamended, as a ready-made campaign issue."

During five terms in the House of Representatives, and as a Member of the Committee on Public Works, Mr. Beall stated that he has opposed construction of a St. Lawrence Seaway. "It is argued," he said, "that this waterway is necessary for national defense—yet no sound argument has been presented as to why it is so vital to our security, nor how it could be adequately defended from enemy attack if it did exist. Considering our severe budgetary problems the only valid argument for the expenditure of such a huge amount on so questionable a project would be its necessity to our national security."

Senator Beall concluded his letter to the Policy Committee by expressing his confidence in President Eisenhower and the Republican leadership in Congress which he said, "I am confident will provide the dynamic, aggressive leadership which will insure the continued prosperity and security of this nation."

National Education Association estimated nation needs over $5 billion worth of new school buildings.

Eisenhower urged Americans to prepare without panic or hysteria, for possibility of atomic attack.

With Your Congressman
DeWITT S. HYDE

In every one of the six counties in our Congressional District, I have found the people generally satisfied with the Administration's handling of national problems, while at the same time they are greatly concerned with local issues.

This was the outstanding impression I gained on my tour of the district just completed. I spent day and night talking with citizens in many town and farm areas to find out what they think of current political problems.

In Allegany County, unemployment continues to be critical. The cut in operations by the Celanese Corporation of America and the increasingly "mined out" coal deposits are the big factors. There and elsewhere new property tax assessments, based on the high property values which exist after a seven-year inflationary spiral, are big bones of contention. In Brunswick there is distress because rail conversion from steam to diesel has cost some jobs.

On national matters, attitudes ranged from general satisfaction to "let's wait and see," with everybody having a keen eye on what President Eisenhower will come up with next year in the way of a sound program, and what intelligence Congress will exercise in acting on it.

Some people said the Administration is too slow about replacing jobholders with persons more sympathetic to Administration policies. Scheduled federal tax cuts seem satisfactory to most voters, though many small businessmen are fearful of declining profits unless relief is given on certain luxury taxes and movie admissions taxes.

A Garrett County cattle farmer found a silver lining in the cloud of declining prices. He said he still gets a fair price if he puts good cattle on the market, accenting the words "fair" and "good" as he said them. He declared that many farmers realize that the three-year decline of prices can have the good effect of driving what he called speculators and fly-by-nights out of the business.

I found myself at a loss, however, to explain one important part of the criticism being made of the national Administration. Many voters want to know why Administration leaders complain of their inability to balance the federal budget and stop going into debt and at the same time keep up a large and expensive foreign economic aid program.

They want to know why we just don't say, in as neighborly a way as possible, that we can't afford any more foreign aid for the time being. People point out to me that if their annual income is $5,000, and their minimum expense for family support is $4,000, they can't very well lend a close relative $2,000 no matter how dire his need might be. This is one issue in which voters are complaining that the Administration ignores the mandate of the 1952 elections.

On my calendar: Next Monday I will be in Baltimore to attend the luncheon of the Baltimore Association of Commerce in the Emerson Hotel.

HOYES

The annual Christmas program will be presented in the local church Tuesday evening the 22nd at 7:30. The title is "Joseph and the Nativity" and will be presented in song and story with a film strip.

A Homemakers Christmas party was held at the home of Mr. W. W. DeWitt Tuesday featuring a buffet lunch. The program was prepared by Mrs. Connell [illegible], Mrs. Eva Bishoff and Mrs. Claude Bishoff. Mrs. Clark Schlossnagle presided at a short business session. The programs for next year were distributed. Eighteen were present.

Merrill Wilburn, who has been a patient in the hospital in Oakland, returned to his home last Saturday. His condition is good.

Mr. and Mrs. Claude Bishoff and daughter visited Mr. and Mrs. Carl Duckworth, McHenry, Sunday.

Mrs. W. W. DeWitt and 11 other homemakers from Maryland were Saturday and Sunday guests of Mr. and Mrs. Carl Feucht, Elkton. Mrs. Feucht is president of the Maryland State Council of Homemakers clubs. Plans for entertainment at the national meeting were discussed.

Importance of 4-H Club Work Stressed At AAUW Banquet

The importance of four-H club work among the rural youth of America was stressed by two speakers at a dinner meeting of the Garrett Branch, American Association of University Women, at the Mt. Lake Hotel on Monday evening. About forty persons attended including representatives of various other women's organizations of town, and Homemaker and P.-T.A. groups of the county.

The occasion was in honor of Mrs. George H. Hanst, one of the club's members, whose continuing interest in 4-H and youth activities won her a national honor at the national 4-H club congress in Chicago early in December.

Speakers were I. B. Boggs, state boys' 4-H club leader, and Miss Gertrude Humphreys, State home demonstration agent, both of the West Virginia university extension service, with whom Mrs. Hanst had been closely associated for a number of years.

Mrs. Leo Helbig, president of the group, presided. A program of music was presented by Mrs. Russell H. Brown, music instructor at Southern High school. It included a trio, "Winter Wonderland," by Phyllis Lee, Olivia Naylor, and Shirley Shaffer; a novelty act, "Toothless Tommie," by Thomas Turney; a piano duo, "Christmas Fantasy," by Rebecca White and Carolyn Dusic; a trio, "Silver Bells," by Katie Friend, Donna Weimer and Sarabelle Burrell. Mrs. Brown also sang "Cantique de Noel" as a closing number and led the group in singing "I'm Dreaming of a White Christmas."

The next meeting of the branch will be at the home of Mrs. C. W. Englander on Monday, January 11.

Red Oak-Fairview

The Fairview Church of the Brethren will present its annual Christmas program Sunday, December 20, at 7:30 p. m.

A surprise birthday party was given Sunday evening in honor of Mrs. Edith Nine. Thirty-seven invited guests were present. Refreshments were served.

Mr. and Mrs. David Moreland, of Baltimore, spent part of last week visiting his parents, Mr. and Mrs. John Moreland.

Rev. Emmert Bittinger, of Burgettsville, spent last week deer hunting with the William Bittingers.

Sunday dinner guests of Mr. and Mrs. Homer Knotts were Rev. and Mrs. Ross Speicher and Iva Katherine and Mr. and Mrs. William Bittinger and family.

Bob Cullers spent Sunday evening with Ray Harvey.

The William Bittingers visited Mr. and Mrs. John Moreland Sunday evening.

SWANTON

At the Girl Scout troop meeting Monday evening the girls worked on Christmas decorations for the home. There will be no regular meeting next week due to the various Christmas programs in which members have part. December 28 the Christmas party will be held with Boy Scouts at the home of Evelyn Warnick. Gifts will be exchanged.

P.-T. A. Meeting Held

The Swanton P.-T. A. met Monday night. A short business meeting was conducted by the president making final plans for the community treat to be given out Tuesday night, December 22, following the school program. A check for $5.00 was presented to the president by the Supreme Forest Woodmen Circle No. 48 to be used on the community treat. Mary J. Harvey, chairman of the March of Dimes campaign for Swanton, announced that the collections will begin the first of the year. A "get-together" of all adults interested in helping with a play for the benefit of the campaign will be held at the home of Mrs. Harvey Friday evening, January 8. A Christmas party followed the business meeting, carols were sung, gifts exchanged and refreshments served. The room had been decorated by children of the lower grades under the direction of Mrs. Cosgrove.

Coal Mine Inspected

Failure to rock-dust dry mine surfaces and 28 other violations of the Federal Mine Safety Code are cited in a coal-mine inspection report released today by the Bureau of Mines for the W. and W. Coal Company's No. 3 mine near Westernport. The 9-man mine averaged 80 tons of coal daily when inspected recently by I. J. Ward. It is located in Garrett County.

The Federal inspector recommended preshift and weekly examinations for explosive gas, removal of excessive accumulations of loose coal along one haulageway, and adequate fire-fighting equipment for the mine.

He also proposed safer surface explosives-storage facilities, several haulage and electrical betterments and the wearing of protective footwear by all workmen.

Ward warned against the use of open lights and smoking while underground.

What Is the Real Christmas Spirit?

What a merry time Christmas is. But in your home is it the gifts that make your people feel so happy or is the real Christmas spirit because of our Savior's birthday?

Christmas can be a time of great joy for everyone, says Mrs. Jeanne Moehn, family life specialist, University of Maryland Extension Service. That is, if the family plans together, keeping in mind that the true idea of giving at Christmas time is spiritual, remembering the greatest gift of all—God's gift of his son to the world.

Mrs. Moehn feels that there can be nothing finer than the deepening sense of gratitude for that wonderful gift. Even the younger children can enter into the celebration of Christ's birthday. Let them help plan for Christmas, choosing their own little gifts for Mom and Dad, and joining in the fun of putting up Christmas decorations and trimming the tree.

You might have a nativity scene in miniature that the children can help assemble. Mrs. Moehn points out one home in which the setting up of the nativity scene under the Christmas tree was the child's part of decoration each year. As the years progressed, more objects were added. When the child was grown, she took pride in her Christmas nativity scene.

Then there's Santa Claus. Some parents believe children should not be told about Santa while others believe it wrong. Can you remember the fun you had in thinking Santa came down the chimney? Can't he be a spirit for good? Children like fairy tales, but do they always believe in fairies? The child who helps with Christmas plans and perhaps plays being Santa will grow to understand the real spirit of Santa Claus.

When Christmas time arrives, stress the giving to those who won't receive gifts or giving money to someone you'd like to help. A more relaxed, thoughtful attitude doesn't mean Santa isn't in the picture. Let him be a symbol as Uncle Sam is our country's symbol. Santa can be the symbol of good nature and happy generosity.

Then, beware telling your children "if you aren't good, Santa won't bring you anything." And keep in mind that Christmas time can be happy without so many and expensive gifts. Many children receive so many toys that they don't know what to do with them.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors for their kindness and helpfulness during the illness and following the death of our husband and father, the late William John Walton.

We also want to thank all who gave flowers and who helped in any way during our recent bereavement.

NEWS FROM THE Ruth Enlow Library

BY EDITH BLOCK

Mr. and Mrs. Robert W. [illegible] are presenting a book in memory of Mrs. Edith Bolden. Mr. and Mrs. E. Ray Jones are giving a book in memory of Mrs. Owen Treacy.

Additional material for the exhibit on "Christmas Shopping 50 Years Ago" in the Historical Society case has been lent by Miss Carrie Kolbtiesch, Mrs. June Grimes, Mrs. Lillian Davis, Mrs. Virgil Fike, Mrs. E. Ray Jones, Mrs. Arthur Naylor, Mrs. Paul Naylor, Mrs. Albert Sisk, Thornton Deffinbaugh, and Felix Robinson. The exhibit now includes old-fashioned Christmas decorations and children's dolls, toys and books of fifty years ago as well as a varied assortment of other gifts of the early 1900's.

Christmas shoppers of today will find in the stores an attractive selection of books for children. Many of the same books which have delighted children of other generations are available in bright new editions. Such old favorites as Hans Christian Andersen's "Fairy Tales," Mark Twain's "Adventures of Tom Sawyer," and Robert Louis Stevenson's "Child's Garden of Verses" in sturdy, colorful reprint editions will be welcome presents under 1953 Christmas trees. New this year are the shortened versions of the classics especially edited for younger children. Heidi, Hiawatha, Robin Hood, Robinson Crusoe, and other famous characters from children's literature are presented in simple language and with many bright pictures. The popularity of this new series at the library shows that it satisfies a real need. Another group of books which are becoming classics of modern children's literature are the "Little House" books of Laura Ingalls Wilder. These books present a fine picture of American pioneer days and of admirable family life. Any one of them, in the new edition published this fall, would make an excellent gift.

DIED

CARLTON DENNIS REALL

Carlton Dennis Reall died on Wednesday morning, December 16, at 5 o'clock, at his home in Gormania where he had resided since January of this year.

Prior to that time he had served nine years in the Army, having enlisted in 1941 during World War II. He was in Japan and Korea until this past January and served in combat duty in both World War II and in Korea.

Deceased was a son of the late Harry M. and Bessie Hutton Reall and was born in Mt. Storm, W. Va., September 7, 1912. He was aged 41.

Surviving are his mother, six brothers and sisters, Doyle Reall, Cleveland, O.; Miss Hazel Reall, Gormania, W. Va.; T-Sgt. Hobart Reall, with the air force in England; Mrs. Marylyn Pawelczyk, Baltimore; Mrs. Mary Jane Anthony and Betty Lou Reall, both Gormania.

Funeral services will be conducted Saturday afternoon at 2 o'clock from the Methodist church in Gormania, with interment in the Pope cemetery.

EDGAR G. MEYER

Edgar Guy Meyer, president of the National Bank at Davis, W. Va., died last Friday at the home of a son H. A. Meyer. He was 68.

A native of Mullensburg, Pa., he was a life-long resident of Davis. He is survived by his widow, three sons and four daughters; one sister and one brother. One of the sons is Herman Meyer, who operates the Meyer Sales and Service garage on North Third street in Oakland.

Funeral services were conducted Tuesday afternoon, with Rev. A. B. Mann, pastor of Davis Presbyterian church, officiating. Interment was in Davis cemetery.

LISTEN AMERICANS!

...by George S. Benson

President of Harding College

Thomas Jefferson, who wrote the Declaration of Independence, revered the Constitution, though he had no part in its writing. He helped prepare the "Bill of Rights," the first 10 amendments which were attached two years after the Constitution itself was ratified. And why was the Bill of Rights necessary? Many of Jefferson's colleagues asked that question.

Jefferson replied that although most of the freedoms set forth in detail in the proposed amendments were written into the Constitution itself in general terms, he felt they should be spelled out and reemphasized.

Article I (of the Bill of Rights) specifically sets forth freedom of worship, speech, the press, and freedom to assemble and to petition for redress of grievances. Article II acknowledges the right of the people to keep and bear arms. Article III acknowledges the sanctity of private property—prohibiting the quartering of soldiers in any house without consent of the owners. Article IV details the rights of citizens to be secure in their person, houses, papers, and effects against unreasonable searches and seizures.

Article V provides that no person shall be arrested for a crime without a prior presentment or indictment by a Grand Jury; that no person shall be twice placed in jeopardy for the same offense; nor shall anyone be compelled in a criminal case to be a witness against himself. Article V also restates the sanctity of private property—declaring that a person cannot be "deprived of life, liberty, or property without due process of law; nor shall private property be taken for public use without just compensation."

Article VI protects the accused. It guarantees the right to public trial; the right to information on the nature of the accusation; the right to be confronted with the accusers, to subpeona defense witnesses, and to have access to counsel. Article VII provides similar rights in civil cases according to the rules of the common law. Article VIII restricts bail to a reasonable amount and prohibits excessive fines and cruel and unusual punishments.

Article IX makes it clear that the Constitution points to certain rights specifically but that in so doing it does not deny or disparage other rights retained by the people. Article X is the "States' Right" amendment. It says: "The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people." This Bill of Rights spells out some important freedoms. But they cannot survive unless the citizens enjoying them accept the individual responsibilities which are the prices of freedom.

Red House Church Plans Special Choir Carol Concert Sunday

The choir of St. John's Evangelical Lutheran church in Red House will conduct a special choir carol concert on Sunday evening, December 20, beginning at 7:30 o'clock. The public is invited.

The program will include a trio by Gene Ridder, Shirley Shaffer and Dale Schlosnagle, singing "Good King Wenceslaus;" a duet, "Bring a Torch Jeanette, Isabella," by Pearl Wolfe and Shirley Shaffer; a solo, "God Rest You Merry Gentlemen," by Dale Schlossnagle, and "The Birthday of a King," by the full choir.

The choir will continue to tell the Christmas story in song and readings. Baity Ridder will read progressive scriptures on the Christmas story with a number of carols being sung by the choir between readings.

Mrs. Barbara Flinn is choir director, with Miss Gladys Harsh as organist. Others expecting to participate in addition to those listed in the special numbers are Eugene Flinn, Miss Naomi Houser, Miss Patty Bachtel, Miss Grace Bachtel, Geneva Bachtel, Elaine Gnegy, Margaret Bachtel, Mary Bachtel, Eleanor Schlosnagle, Mrs. Bonnie Calhoun, Mrs. Helen Renn, Herbert Ridder, Baity Ridder and William Martin.

Southern Loses To Beall High 64-47

Beall High school's Boomers of Frostburg rolled to their third successive triumph Tuesday afternoon turning back the cagers of Southern High school by the score of 64 to 47. It was the second loss in a row for Coach Kyle Wilson's aggregation.

The Frostburg quint unloosed a 25-goal assault and meshed 14 of 21 free throws. The Highlanders were limited to 15 baskets and converted 17 of 36 free throws. Southern trailed 19 to 29 at the halfway mark, and was still behind 10 points at the third quarter.

Charles Durbin was high man for Southern with 16 points. Carter and Holmes led the Beall attack with 18 and 14 points. Fred Colaw of Oakland was the only player to make his exit on personal fouls.

The game was played on Southern's new gymnasium and was the school's first afternoon game.

Others scoring for Southern—Friend 5, F. Colaw 8, Sweitzer 3, D. Savage 8, Glaze 4. J. Colaw and Stemple were scoreless.

Southern meets two strong Allegany county opponents before Christmas, both of them away. The team will play Bruce High at Westernport on Friday night, and will play Valley High at Lonaconing on December 22. The next home game will be on January 8.

TOO LATE FOR THIS YEAR---Since these turkeys have already been marketed, they cannot be entered by Governor Theodore R. McKeldin in the "big turkey" competition. (See letter below.) For the benefit of skeptics, the photographer is ready to testify: (1) The turkeys are genuine Garrett county fowl, and when their picture was taken were very much alive. (2) The truck was parked in Oakland near the Elementary school. (3) The picture proves that two Garrett county turkeys can fit into a pick-up truck. (Republican Photo)

Governor Accepts Challenge To Enter "Big Turkey" Contest

Governor Theodore R. McKeldin has accepted the challenge of the Governor of Wisconsin to enter the 1954 heaviest turkey contest and has so notified that gentleman by letter which is self-explanatory, and reads much more than self-explanatory. The letter follows:

Honorable Walter J. Kohler
Governor of Wisconsin
Madison, Wisconsin
Dear Governor Kohler:

Thank you for inviting Maryland to participate in the 1954 Heaviest Turkey Contest.

I have read with great interest your description of Governor Allan Shivers' [illegible] pound Texas turkey, which you describe as a "monster." We Marylanders are particularly chagrined to think that Texas won last year's contest with what would have been classed as a canary, and [illegible] called in these parts.

The fine climate of our Western Maryland mountains makes it possible for our growers to feed grain, while birds in less fortunate areas by State are still pecking grasshoppers for sustenance. This means that our birds must be sold early, to prevent their becoming so large as to become a menace. By Thanksgiving our turkeys have reached the height of their [illegible] and have been converted into [illegible]. The biggest ones may already be gone. Our growers [illegible] to move them to market while [illegible] still can. They are too [illegible] to be hauled in horse-drawn [illegible].

In an effort to [illegible] Maryland [illegible] turkey growers are attempting to find a suitable [illegible], which was selected for the Thanksgiving Market, and if they are successful, and show [illegible], Maryland will be represented. Meanwhile, we are erecting [illegible], in which we will attempt to hold a bird to be entered in next year's contest. The experiment is, of course, fraught with extreme danger, as it is rumored that the clear mountain air in our Western Maryland hills has been known to so invigorate turkeys that they take off and become the "flying saucers," which so intrigue the uninitiated of the Lake Regions.

You may be assured that Maryland will do her best to enter the contest this year, and will definitely do so next year.

With kindest personal regards and best wishes, I am,

Sincerely yours,
Theodore R. McKeldin
Governor

Deer Hits Automobile

A deer crashed into the automobile of Myrl Wilt on Saturday evening as he was returning to his home at Swallow Falls from Oakland.

Wilt was accompanied by his wife and Mrs. Arden Skipper. Mrs. Wilt saw the deer but was unable to warn her husband in time to avoid the impact.

William Weichbrodt was following Wilt in another car but was able to stop in time to avoid hitting it. The deer disappeared in the woods dragging one hind leg. There was a small dent in the Wilt car.

Now_ See and Try America's First Transparent-Top Car!

Now really see the scenery—and high traffic lights—without bending your head. The permanently fixed transparent section is made of [illegible] plexiglas.

1954 Mercury's revolutionary new Sun Valley lets you see through the roof! Yet that green-tinted plexiglas section gives hard-top protection against wind and weather.

No, this isn't one of those someday maybe "dream cars." The new Mercury Sun Valley is already in quantity production. It's on display right now at our showroom. And it costs less than you'd expect.

You have a wonderful sensation of driving with no top at all—except that you enjoy the weather and weather protection of a [illegible] hard-top. The soft light that filters through the green-tinted plexiglas top is restful. Entirely new 161-horsepower engine—The new Sun Valley, like the 7 other stunning, newly styled Mercury models, features a completely new overhead valve V-8. It has more power per cubic inch displacement than even Mercury has ever been able to offer before. In short, it matches [illegible] car power to the popular price field. Coupled with the new ball-joint front wheel suspension in its field, it gives you an effortless new kind of performance that makes any driving easy.

Mt. Savage Edges Southern 43 to 42

Mt. Savage High's cagers staved off a desperate last-quarter rally by Southern High at Mt. Savage last Friday night to edge the Oakland visitors 43-42. The loss snapped a two-game winning streak for Southern.

Charles Durbin collected 20 points for Southern while Ronnie Carter had 15 points for the victors. Others playing for Oakland and their points: Friend 2, Glaze 1, Sweitzer 12, Savage 4, J. Colaw 3. F. Colaw went scoreless.

Southern led at the quarter 10 to 7 and maintained the lead 21 to 17 at the half, but fell behind in the third period when Mt. Savage scored 16 points while holding Southern to 4. Southern out-scored Mt. Savage 17 to 10 in the final period, just one short of a tie.

School Activities

The school has taken on a holiday look. The walls of the classroom are covered with posters and panoramas of the Christmas story. Windows of sixth grade are painted to represent cathedral windows with pictures of the Holy Child and Mother in the center.

The annual Christmas dinner will be held Tuesday, December 22, for students and parents. A Christmas program will follow by all grades. Grades four and five are making and furnishing a doll house for a Christmas project. Taking part in the program are Ruby Miller, Nancy Yommer, Harry Murnack, Patrick Bittinger, John Swauger, Jean Spiker, Nancy Miller.

The third grade is studying about the origin and meaning of Christmas symbols. Pupils are making tree decorations for their own trees.

Plan Christmas Programs

The Grantsville Methodist Sunday School and choir will present a Christmas program in the church Sunday night, December 20, at 7:30 o'clock. The interior of the church has recently been decorated and will be opened Sunday for the Sunday School and service.

A Christmas program will be given at the Lutheran church by the Sunday School Sunday night, December 20, at 7:30 o'clock. A strip film series of pictures illustrating the Nativity will be shown and carols sung.

Tuesday night, December 22, a Christmas program by the Sunday School and choir will be given in the Reformed church.

Rep. Martin predicted that President Eisenhower would seek re-election in 1956 and that Rpublicans would gain at least twenty seats in 1954 elections.

THE BIBLE SPEAKS

Prince of Peace

Lesson for December 20, 1953

GOD'S will is for a warless world. No one can read the prophets and make anything else out of it. God's will is for peace in this world. Peace among angels, yes, peace beyond death, yes of course; but that is not the whole of it. God's will is for peace among men, peace on this good green earth. So long as there are wars, we know that God's will and intention for mankind is being resisted. God wants a warless world.

* * *

Leader To Peace

One of the many names for Christ is "Prince of Peace," a title given by a prophet long before his birth. It will be worth our while to look into that title this week and see what exactly is meant by it, for it is much more than a striking phrase. The word "Prince" has nothing necessarily to do with royalty, though it often does. Its literal meaning is leader, captain, chief.

Dr. Foreman

As Prince of Peace therefore, our Lord is Leader of Peace. But again, the title may mean more things than one. Let us start with "Leader to Peace." In this sense, Christ is one who points out the road to peace, shows mankind what peace means. As the Bible uses the word, peace does not mean simply the ebbing of a battle-tide, the lull between attacks. It is not a negative word, it is positive. The kind of peace to which Christ points is not mere indifference, it is based on love and good-will. For instance, as these lines are written, the United States is at peace with Canada; it is also at peace with a dozen other countries that could be mentioned. But while it is barely possible that war might break out with any nation, it is probably less likely to break out with Canada than with countries with which we have less in common and for whose people our own people have a much weaker affection. True peace is based on mutual good will. Jesus taught us much more about peace, for example his reference to "peace-makers." But we must pass on.

* * *

Leader Of Peace

As Prince of Peace our Lord is also Leader of Peace. That is to say, where Christ is known and honored (not in name only, but actually known and loved), there peace is far more likely to be than where He is not known. It is sometimes said that civilization breeds wars. No doubt it does: but barbarism breeds even more. Savage tribes are in an almost perpetual state of warfare. It is also pointed out that Christian nations are often warfaring. On the other hand it may be asked: Where do you find a really Christian nation? Who starts the wars? Are the "Christian" nations the aggressors or do they have to rise to the defense against aggression?

One thing is certain. Before the coming of Christ, wars were taken as a matter of course. No nation ever bothered to apologize or explain their fights. Since Christ's coming, and more than ever in recent years, nations that go to war have a bad conscience about it. Piles of "white papers" and the like are put out to show why it was necessary to declare war. At least, Christian nations are aware that the road of war is never the right road except as a last resort.

* * *

Leader By Peace

Another meaning that may fairly be given to "Prince of Peace" is "Leader by Peace." That is to say, the leadership and Lordship of Christ is never one of coercion. There have been leaders by the sword; there have been leaders by lies, for the human race is all too easily misled; there is one and only one Leader of men who will reign only through love.

At Christmas time men often wonder why it is that the angels' song has never been fulfilled. Peace has not come on earth to stay. Peace is always pictured as a bird poised for flight. The full reign of the Prince of Peace seems to be so slowly coming. The reason is that unlike all earthly leaders, Christ will have none in his kingdom who is not there by his own free will. God could no doubt beat the world into silent submission in a very short time. It is not beyond the power of the Almighty to bring every human war to an end.

The Christmas Candle

In the earliest times the lighted candle had a place in man's expression of his religious belief. Light has always symbolized the outreach of the Almighty.

But in the celebration of Christmas, the lighted candle has assumed a special significance. Gleaming in the darkness, it is like the Star that stood over Bethlehem. Flickering in the wintry draught, it is like the tiny Infant rocked in his mother's arms. Shining boldly through its wreath, it is like the Master of Mankind beckoning the world into the warmth of His Love.

And yet, no candle can express the real joy of Christmas. Worship is our divine gift for revealing our love to God. The prayers and hymns we lift from happy Christian hearts as we gather in Church; these are the real Christmas Candle—the glow of a people honored and blessed by the birth of the Christ.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

ASSIGNEE'S SALE

OF VALUABLE

FARM REAL ESTATE

SITUATE IN ELECTION DISTRICT NO. 5, GARRETT COUNTY, MARYLAND

Under and by virtue of a power of sale contained in a certain mortgage from Steward S. Savage and Minnie C. Savage, his wife, bearing date the 7th day of November, 1936, and recorded in Liber A. G. R. No. 113, folio 223-&c., one of the Mortgage Records of Garrett County, Maryland, default having occurred under the terms and conditions of said mortgage, and said mortgage having been duly assigned to the undersigned for the purpose of foreclosure, I hereby give notice that I will on

WEDNESDAY, THE 6th OF JANUARY, 1954

At the hour of 10:30 A. M.

in front of the Court House in the town of Oakland, Garrett County, Maryland, offer for sale and sell to the highest bidder the following property, to-wit:

All of the following lots, pieces or parcels of land, situate, lying and being in Garrett County, Maryland, to-wit:

1. All that tract of land, containing 109-23/40 acres, described by metes and bounds, courses and distances in a deed therefor from Mary Suter and others to James W. Skiles bearing date April 18, 1871, and recorded in Liber H. R. No. 34, folio 271, one of the Land Records of Allegany County, Maryland.

2. All that part of a tract of land called "Cole Mine Lick," containing 10 acres, described by metes and bounds, courses and distances in a deed therefor from Nelson Casteel and wife to James W. Skiles bearing date May 21, 1872, and recorded in Liber H. R. No 36, folio 723, one of the Land Records of Allegany County, Maryland.

3. All that part of Military Lot No. 3192 which was conveyed unto the said James W. Skiles by John DeWitt and wife, by deed bearing date March 1st, 1882, and recorded in Liber W. H. T. No. 6, folio 459, one of the Land Records of Garrett County, Maryland, and parcel containing 42 acres.

4. All that other part of Military Lot No. 3192 containing the quantity of eight acres, which was conveyed unto the said James W. Skiles by deed from Charles T. West and wife, bearing date May 2nd, 1891 and recorded in Liber E. Z. T. No. 19, folio 11, one of said Land Records of Garrett County, Maryland.

The above parcels of land containing 169 acres, more or less, and being the same which were conveyed unto the said Steward S. Savage and Minnie C. Savage, his wife, by deed from John F. Mellinger and wife, bearing date the 6th day of November, 1936, and recorded among the Land Records of Garrett County, Maryland. Reserving, however, from the above the family grave yard now enclosed on said property, together with an acre of ground circum-adjacent thereto, and also a right of way to and from the same over the by-road leading from the public county road which leads from Accident to Hoyes.

The above property is located approximately 2½ miles South of Accident, Maryland, near U. S. Route No. 219, in a good farming section of Garrett County, and is improved by one two-story frame dwelling, one small one-story frame dwelling, one large frame barn and other out buildings. Approximately 60 acres of this farm is tillable and the balance in woodland and pasture.

TERMS OF SALE: Cash on day of sale.

TERMS OF SALE: Cash on the day of sale of the full amount of all taxes due on the property sold, together with interest, penalties, and expenses of sale. Residue of purchase price shall remain on credit.

Purchasers will be issued a certificate of sale at the time of said sale, which may be recorded among the Land Records of Garrett County. The holder of any certificate of sale, his heirs or assigns, may at any time after the expiration of one year and a day from the date of sale, file a bill in Equity to foreclose all rights of redemption of the property to which such certificate relates. Unless a proceeding to foreclose the right of redemption is filed within two years of the date of the certificate of sale, the certificate shall be void and all rights of the holder of the certificate shall cease and all money received by the Treasurer on account of said sale shall be deemed forfeited. Upon foreclosure and payment of the balance of the purchase price, and all taxes, interest, penalties and costs which have accrued in the meantime, the Treasurer will execute a deed which will vest in the purchaser an absolute and indefeasible title in fee simple in the property, free and clear of all alienations and descents.

The right of redemption continues until foreclosed as above, upon payment of the whole amount of money received by the Treasurer from the sale of the property, together with interest at six percent (6%) per annum from the date of sale to the date of redemption, together with all taxes, interest and penalties accrued which have been paid by the holders of the certificate of sale and the total disbursements of the holder of the certificate of sale made in accordance with law. All costs as to examination of title, preparation of deed, Court costs and other expenses accruing after the sale must be assumed by the purchaser.

G. HAROLD YUTZY,
Treasurer of Garrett County,
Maryland.

It Runs Through My Mind

BY POLLY J. HANST

Something tells me I'd better get my head out of the clouds and my feet back on solid ground, and begin thinking about the joyous season that's right here. I go to meetings where folks are packing baskets for the shut-ins; go to pageant practice where little angels stop in the middle of "Away in the Manger" to say "You know what Santa's bringing me?"; spend an evening with leaguers in the basement whipping up wax for the fluff on candles and still I have a feeling that autumn is not over.

—o—

Not Even Marshall Field's

Marshall Field's, one of the most widely talked about stores in the world at yule-tide only made me gaze in wonder. I just kept right on living in a make-believe world as I moved around two blocks of that store's display windows featuring Santa's kitchen, with every window named for a fancy food like dream kisses, heavenly souffle, or yule puffs.

So instead of checking off names on my Christmas list I drank in glitter and beauty and gazed on $79.00 sweaters and $25.00 infants' dresses and kept saying to myself, "I'll shop for ideas today, and then I'll buy in Oakland."

—o—

Shop in Oakland

Which wasn't a bad idea for I see a great many things here I saw there and they're cheaper here. Of course you have to go to all the stores here to take in large department store territory but it's really easier to do that than crowd on an escolator for six floors and then wait forever for a clerk.

—o—

Folks Ask Me

The week we were in Chicago we had food, the likes of which I had never seen, to last for one week. Steak fillets and baked potatoes for 6:45 breakfast, four course luncheons, five course dinners with shrimp meant for appetites of western farm boys.

Folks say, "Don't you wish you had some of that food this week?"

Well, you know, when I got home nothing has ever tasted so good as poached egg on toast. Now I know why Mrs. Roosevelt ordered chipped beef, when left on her own.

—o—

What, No Beans!

A Texas boy got sick and protested stubbornly when appendicitis was mentioned. He maintained, "I'll be all right when I get back home. It's this food. In Texas, we eat beans!"

A boy from the South remarked that the food was really good except for the bread (out-of-this-world hard rolls, every meal) "We haven't had corn bread once," he complained.

—o—

But Kids Catch on Quickly

A boy from Kentucky, who smoothed himself through the toastmaster role at the big banquet said, "When I get back home I'm going to tell my mother that with my meals I expect three knives, four forks and six spoons.

—o—

Even I Caught On

Did you ever feel awkward, green, and at a loss as to which way to turn? Being a homemaker for over 20 years on the edge of a small town has surely taken the traveling know-how out of me. After ten taxis pulled out at a station leaving me standing with my arms full and my mouth open, and one elevator after another filling up and each time I'd start to step in hear, "take the next one please," I got over my country ways in a hurry, or at least I got in a hurry.

I was amazed at how quickly I got the feel of things.

Every place I turned there were champions from the 4-H'ers to the pens of pigs on the Harmony balcony of the Hilton to the jugglers and comedians on the stage. Two hours of entertainment at each meal with Chicago's top entertainers, radio, television, plus Fred Waring and Purdue Glee club, brought in for performance deluxe, one learned to sense quality.

I even picked the number one horse at the horse show (judging, not betting nor guessing). But I had a feeling for that horse the instant he trotted into the arena.

There's no sport in the world like horse shows and the arena has it all over the Rose Bowl or any bowl or ball diamond.

The Pond is Big and Deep

I chuckled all week at a remark a niece made in Oakland as I boarded the train, "For goodness sake, go out there and have a good time and forget about learning for once."

Everywhere I turned I was learning. Each lesson was a thrill. I've always known how it feels to be a little fish in a little pond, but to be a little fish in a big pond that is filled with big fish who had no desire to devour us but to make us grow up to be big fish now that's a lesson I want to teach my grandchildren.

DIED

MISS EDITH BOLDEN

Miss Edith May Bolden, aged 70, died Sunday in Garrett County Memorial hospital in Oakland where she had been a patient two months.

A native and life-long resident of Oakland, she was a daughter of the late Decorsey E. and Sarah J. Bolden. A partner in the Bolden Undertaking company in Oakland. Miss Bolden was a member of St. Mark's Lutheran church, the Oakland Civic club, Oakland Homemakers club, Business and Professional Women's club and the Oakland Bridge club.

Surviving are a brother, Emroy D. Bolden, and two sisters, Mrs. Annie Mason and Mrs. Prema Brown, all of Oakland; also a nephew and several nieces.

Funeral services were conducted on Wednesday afternoon at 2 o'clock from the Bolden Funeral home with Rev. William A. Renn, pastor of St. John's Lutheran church at Red House; and Rev. John J. Atwell, rector of the Deer Park and Altamont Episcopal parish, officiating. Interment was in Oakland cemetery.

Pallbearers were Walter W. Dawson, Neil C. Fraley, Bernard I. Gonder, Sr., Lawrence M. Fraley, R. C. McComas and C. C. Helbig.

G. THOMAS BARNARD

George Thomas Barnard, 57, was found dead in bed last Friday, December 11, at his home near Kitzmiller, on route 38, following a long illness. He had been in ill health since 1939.

Born January 26, 1896, near Deer Park, he was the son of the late George Washington and Isabel Susan Paugh Barnard. His wife, Mrs. Bertha Bridget Boyce Barnard, died in 1932.

Mr. Barnard was a coal miner and had spent his entire life in this county. A veteran of World War I, he was a member of Proctor-Kildow Post No. 71, American Legion, Oakland.

Surviving are one son, George Barnard, and three daughters, Mrs. Eulalia Evans and Mrs. Mary Evans, all star route, Kitzmiller; and Mrs. Elsie Miller, Baumholder, Germany; two brothers, Charles E. Barnard, Deer Park; and Blaine Barnard, Hutton; also ten grandchildren.

MRS. DARCUS WARNICK

Mrs. Darcus Warnick, 83, who resided in this county, near Lonaconing, died Saturday, December 12, at her home.

Surviving are four sons, Parker Warnick, this county; Lee Warnick, Jersey City, N. J.; Gary Warnick, Detroit, Mich.; and Gordon Warnick, Cresaptown; seven daughters, Mrs. Bertie Warnick and Mrs. Burton Yommer, Jennings; Mrs. George Weimer, Takoma Park; Mrs. Henry Hughes, Irvin, Pa.; Mrs. G. P. Gabler, Akron; Mrs. William Warnick, New Germany; and Mrs. Lola Soutrine, Cumberland.

Mrs. Warnick also leaves four brothers, Henry Fazenbaker, of Lonaconing; Ambrose Fazenbaker, Frostburg; Everstine Fazenbaker, McCoole; and O. B. Fazenbaker, Barton; also a sister, Mrs. Annie Weisell, Akron; 30 grandchildren and 12 great grandchildren.

Funeral services were conducted from the home Tuesday afternoon by Rev. Ira S. Monn, of the Reformed Church, Salisbury, Pa., and interment was in the Warnick cemetery.

MRS. GEORGE E. CHAIRES

Mrs. Emma E. Chaires, wife of George E. Chaires, of Chestertown, and mother of G. Bates Chaires, of Cumberland, died Tuesday morning at her home after having been ill for over two years. She was aged 74.

Her husband and five sons survive including G. Bates Chaires, former Oakland resident; Edgar L., of Stillpond; Solomon T., of Salisbury; Lester, of Arlington, Va.; and Garrett F., of Chestertown.

Funeral services are being conducted today at Chestertown.

THE REPUBLICAN

VOLUME 77 OAKLAND, GARRETT COUNTY, MD., DECEMBER 24, 1953 PER COPY, 8c. NUMBER 43.

Christmas, 1953 - - -

Presiding Bishop Henry Knox Sherrill of the Episcopal church points out in a Christmas message that the events of today have to do with discord, confusion, cruelty, suffering and the threat of mass destruction, and that there is the spectre of despair haunting the minds and hearts of many men and women of every nation and race.

But he assures us that Christ came into the world to draw all men: that he was not a Messenger of despair and of defeat but of hope and of victory, which should give all Christians the gift of power which is the source of courage and strength for us.

Another excellent Christmas message comes to us from the International paper company:

It's Christmas again—that joyous day when Christians, the world over, pay homage to Christ, the Prince of Peace. This Christmastide let us all worship and rededicate ourselves to the service of God and Country. Let us pray to Him to keep us steadast in our faith. Let us give thanks for being Americans—for the bounty and privileges that are ours.

Let us bring cheer and hope to the sick and sorrowful. In our devotions, let us remember to pray for those whose daily lives are darkened by persecution, hunger and fear, that they again may enjoy the light of freedom. Let us ask God to help our leaders, and those of other lands, to attain unity and brotherhood among nations so that all peoples may come to live together in peace.

Winter Officially Began Monday

Winter began officially on Monday evening at 10:32, at which time the winter solstice occurred. That means that the North Pole is tilted just a little over 23 degrees away from the sun, and the nights in the Northern Hemisphere are longer than the days. South of the border, in the Southern Hemisphere, the days are longer.

In December the heat received by day fails to make good the loss at night and it is not until January or February that the gain and loss become equal and the mercury stops showing a downward tendency.

The heating influence of the sun increases with the length of the day and with the sun's altitude at noon. Since the Pole is tilted in December, the earth is farther away from the sun at lunch time, according to scientific calculations.

Barometer Indicates Prospects Slim For White Christmas

Winter and Santa were teaming up in the mid-west to have a white Christmas but prospects of such around Oakland were said to be slight.

While snow brightened the landscape from the continental divide across the Great Plains as far south as Kansas, Iowa, central Illinois and northern Indiana, and was moving eastward, the barometer in this area was going up, indicating clear weather.

The county was getting some of the cold blasts that accompanied the mid-west storm, however, as the mercury sank below the freezing mark on Wednesday morning after two days of thawing weather.

Ralph Weber, veteran weather man here, said the precipitation had been rather light since the eight-inch snowfall.

Accident Firemen Elect Officers

At a regular meeting of the Accident Volunteer Fire Department, Inc., on Friday, December 18, the following officers were elected:

Wilmer Margroff, president; Luther Bowser, vice-president; Junior Bowman, secretary; Bruce Miller, treasurer; Orlando Hetrick, chief; F. J. Spoerlein, first assistant chief; Claude Friend, second assistant chief; Charles R. Bowser, chaplain; Elmer Kolb, sergeant at arms; Ben Callis, captain.

Named as delegates to the state convention were J. J. Shoemaker, W. Margroff, O. Hetrick, Ben Callis and L. Bowser. Ben Callis was named delegate to the Allegany-Garrett county association meetings.

Two County Men New State Police

Two Garrett county men were among the 29 who were commissioned troopers in the Maryland State Police in ceremonies Monday afternoon in the National Guard armory at Pikesville.

The new troopers are Donald W. Bowser, Accident; and Louis E. Wilt, Hutton. There were four from Allegany county.

The oath of office was administered by Major William H. Weber, field force commander, and was followed by an address by Edward D. E. Rollins, attorney general of Maryland.

The graduation address was given by Governor Theodore R. McKeldin. He presented badges and diplomas to the graduates.

COLORFUL FIGURE DIES—A long and colorful career in public service ended last Saturday with the death of D. Cal Crim, at his home in Cincinnati, Ohio. A native of Oakland, he never forgot his home town during his long career as the head of a large detective agency, and sent contributions here upon a number of occasions. The above picture was taken of Mr. Crim (left) when he came to Oakland for a Fourth of July celebration several years ago. At one time he contributed $500 toward the Oakland band, and the above was taken among a group of band youngsters, and also with his life-long friend, the late John J. Sweeney, whose death occurred in Oakland late in November. This photograph was furnished by Mrs. Sweeney, who has a number of pictures taken of Cal and the band at that time.

Death Ends Colorful Career of Cal Crim; Native of Oakland

Died Saturday in Cincinnati, Ohio, a Week After Observing His 89th Birthday

D. Cal Crim, 89, nationally known private detective of Cincinnati, Ohio, and a native of Oakland, died Saturday, December 19, about noon. He had asked his daughter with whom he was having lunch, for another cup of coffee, and suddenly stood up and gasped for breath and collapsed.

Crim was engaged in private investigations for 52 years and was owner of the Cal Crim Detective Agency. He had carried a bullet in his body since 1901 when he engaged in a gun fight to the death with a notorious criminal of that day, "Foley the Goat."

Crim was employed by the late American League President Ban Johnson, in working on the Chicago Black Sox baseball scandal involving the World Series games which certain White Sox players "threw" against Cincinnati. He helped uncover the scandal for which a number of players were barred for life from professional baseball.

Crim was active almost until the day of his death. During World War II, his agency supplied guards for 79 defense plants throughout the country.

Left Oakland At Early Age

Mr. Crim left Oakland at an early age and made his way to Cincinnati. The story of his exit has been told many times by old timers. In April, 1879, Henry McComas, Charley Sweeney and Crim hopped a passenger train at the Oakland water station. Twelve boys originally intended to make the trip but nine of them turned back when their parents and relatives came for them. Of the three who left, McComas was taken from the train at Grafton by B. and O. police, but Sweeney and Crim continued to Cincinnati. Sweeney did not stop there but went to St. Louis where he became a prominent business man.

Prior to heading west Crim hauled rock for Lloyd Chambers, a stone mason, ran a picker in Lawton's Woolen Mill for $1.50 a week, hoed corn and potatoes on Bowie Johnson's farm on Hooppole road for 25 cents a day, and worked for William Hall, a farmer near Oakland.

Upon reaching Cincinnati he was a bell boy, sold newspapers and was a bootblack. He went on the Cincinnati police force in 1886, went to night school and went in business for himself.

He was a director in the Second National Bank in Cincinnati; vice-president of a mortgage and discount company, director of a large building and loan association. He belonged to Masonic bodies, Odd Fellows, Knights of Pythias, Elks and Moose.

Established Boys' Clubs

In recent years his hobby has been doing something for the underprivileged children in Cincinnati and started the first Boys' club in that city. There are now four such clubs with a membership of several thousand. The clubs have workshops where the boys learn a trade. Cincinnati newspapers say the organization of the clubs is the largest thing that ever happened in the city.

His philosophy was that all boys are good, some just get started on the wrong foot.

He maintained contact with his native town and was a frequent contributor to local bands and other organizations. In 1946 he contributed $3,000 for the purchase of the property for the Ruth Enlow library which was then in the formative stage as the result of a contribution from E. E. Enlow, of California, also a former native of this county.

Mr. Crim is survived by three daughters, Miss Mildred Crim, at home; Mrs. Clara Crim Lahusen and Mrs. Amanda Cox, of Cincinnati.

Joins U. S. Marines

A Friendsville youth has recently enlisted in the U. S. Marine Corps for a three year enlistment. He is Carrol B. Frantz, 17, son of Mr. and Mrs. Bruce Frantz, Friendsville.

Marine Private Frantz is now undergoing ten weeks of basic training at Parris Island, S. C.

A total federal spending cut of six billion dollars in coming fiscal year was reported.

Firemen Are Called

A lot of smoke but not much fire was experienced by two families during the past week. The Oakland fire department was called in both cases and announced that the damage in both cases was negligible.

One call came from the home of Willard Dunbar on Center street, where an overheated pipe had ignited some waste material around the furnace. The house became filled with smoke.

The second call came about 10:30 Monday night from the home of Paul Thomas on route 219, north of Oakland, across from the Pritts Equipment company building. This was also the result of an overheated stove pipe.

Lake Picnic Area Has Legal Approval

Will Be Constructed As Soon As Weather Permits

A good start has been made for the picnic area along Deep Creek Lake, guaranteeing that it will be ready for the summer activity. The delay in legal processes has kept the project in an unfinished state, but Earl Poorbaugh, director of information, Annapolis, announced this week that all necessary paper work had been completed and that the state had accepted the program legally about a month ago.

As announced last May through the Mt. Top Chamber of Commerce, the Pennsylvania Electric company had agreed to lease to the State Roads Commission the same area that was leased to the Chamber of Commerce last year near the Deep Creek bridge.

This would allow the equipment of the State Roads commission to be used to level off the area between the highway and the lake, and for the commission workers to supervise erection of a large number of picnic tables.

The Roads commission has been authorized by Governor Theodore R. McKeldin to go to work on the project when the weather is suitable.

The lease from the power company to the state stipulates a cost of $1 a year. Work on the area will be done by State Roads labor. Salvaged materials and native stone are to be used in construction work and native shrubbery will be used to beautify the place.

Mt. Democrat Issues Final Publication

The Mountain Democrat News, independent Democratic newspaper published at Oakland for the past seventy-five years, with the exception of three years during World War II, has discontinued publication with the issue of December 17.

Announcement of the paper's decision was made by Thornton Deffinbaugh, publisher. The newspaper had been under the ownership of the Deffinbaugh family for fifty years, the present publisher's father, Charles A. Deffinbaugh, having purchased it early in the century.

Mr. and Mrs. Deffinbaugh will continue to operate as a commercial printing shop and will devote all of their time to this effort.

The Mountain Democrat was established in 1878 by Moses R. Hamill and John J. Smith.

Foresters Train

Personnel of the State Department of Forests and Parks from Garrett and Allegany counties attended a state wide training session last Thursday in Baltimore county.

Attending from this county were Jack Paulhamus, assistant forester, Elmer Upole, senior forest supervisor, Thomas Thayer, assistant forester, Charles Thomas, Richard Bond, Floyd Custer and Myrl Wilt, forest guards.

The program concerned methods of handling large fires and the organization work needed to keep large numbers of fire fighters in the field. A mock fire was staged in the Patapsco State Forest nearby with a team of veteran forester, demonstrating procedure to be followed in forest fires of the "disaster" type. Paulhamus was one of the demonstrators.

Banks of Oakland will remain open on Thursday until two o'clock, inasmuch as they will be closed Saturday, December 26, all day, it was announced. The same condition will prevail next week.

Demonstration Agent Gives Summary of Activities For 1953

A summary of activities of Miss Ethel Grove, home demonstration agent, for the year, showed a total of 15 homemaker clubs with a membership of 316, and nine girls 4-H clubs with an enrollment of 191.

During the year one homemaker club disbanded and one new club was organized to keep the total the same as the previous year. Last year there were 12 4-H clubs, but two clubs combined, three others disbanded and another was organized to make the total three less than last year.

The primary aim of the Home Demonstration agent, a member of the University of Maryland Extension service, is to help homemakers, 4-H girls and others in the county with their problems in homemaking. This help is given in demonstration work and in supplying information.

During the year there were training and council meetings, held by specialists and the agent, in family life, sewing machine and electric equipment care, landscaping, home furnishing, clothing and foods and nutrition. Miss Grove said the program was enriched by cooperation of the power companies serving in the county by giving foods demonstrations in the clubs, and by local attorneys who met with the clubs and talked on "law in the home."

Among the other activities was the annual achievement day in October, attendance of 16 women at Rural Women's Short course at College Park, attendance of 3 at the national county of homemakers, in Boston. Eleven 4-H members attended county camp and nine went to club week at College park.

Programs for next year have been outlined by both groups. Heads of the homemaker clubs for next year are Mrs. James Helbig, Acorn; Mrs. Clarence F. Rollman, Altamont; Mrs. William Harman, Accident; Mrs. Guy Hardesty, Casselman Valley; Mrs. Orval Glotfelty, Bittinger; Mrs. Carl Thrasher, Deer Park; Mrs. A. F. Neil, Friendsville; Mrs. Irva Mickey, Grantsville; Mrs. Clark Schlossnagle, Hoyes; Mrs. Clyde Bowman, Mars Hill; Mrs. Webster Brenneman, McHenry; Mrs. Parker Warnick, New Germany; Mrs. Cecil Bittinger, Oakland; Mrs. Ross Crowe, Sunnyside; Mrs. William Beeman, West Vindex.

Local Guard Unit Listed "Superior"

A "superior" rating was obtained again this year by Company C., 121st Engineers of the Maryland National Guard in the recent command inspection.

This is the fourth consecutive year that the local unit has been given the superior rating. Notification of the result of the inspection was received by Capt. Arthur C. Calhoun, company commander, last week.

Giant Local Turkeys Create Amazement In Baltimore Area

Baltimore and Annapolis residents who happened to see the two live turkeys which were delivered last Saturday to Governor Theodore R. McKeldin and Director of Information Earl Poorbaugh, were quoted in Baltimore newspaper as "amazed" at the size of these birds and could scarcely believe that they were raised in Garrett county.

The two birds were gifts from the Garrett County Turkey Growers association and when they left Oakland they tipped the scales at slightly over 40 pounds each.

Through worries of travel, etc., and after being given a complete dressing down by a Baltimore butcher, the weight had been reduced to 33 and 32 pounds respectively, but the one that went to the Governor completely filled a bushel basket.

Earl Poorbaugh, director of information, who asked his butcher's favor in cutting up the bird, was heard to ask, "Where shall I start, with steaks off the leg?"

When the Governor's bird arrived, Mrs. McKeldin decided on a guest list of at least twenty, at which the governor's state police driver exclaimed, "the guests can get inside of that one."

These slight exaggerations only served to increase the publicity concerning Garrett county and her turkey growers. The picture of two turkeys completely filling up a pick-up truck which appeared in last week's issue, was forwarded to the governor of Wisconsin, who had challenged Maryland's governor to enter a contest to determine which state produced the largest turkeys.

Students Return Home For Holidays

Among the students who have returned to this area for the Christmas holiday season are Helen Louise Harned, Bowling Green State University, Bowling Green, O., Wayne and Elaine Graham and Joe Patterson, West Virginia Wesleyan college, Buckhannon; William DeWitt, Davis and Elkins college, Elkins, W. Va.; Daniel Offutt, Vicki Lucas, Eva Frances McIntire, Shirley Stockman, University of Maryland, College Park; Mary Rodeheaver, Music school in New York City; Nadara Rodeheaver, and George H. Hanst, Washington college, Chestertown; Ronald Ream and John F. Hanst, Johns Hopkins university, Baltimore; David Full, Norma Jean Lee, West Virginia University; Frederick Thayer, Wooster College, Wooster, Ohio; Susan Turner, Mt. Holyoke college, South Hadley, Mass.; Hervey R. Smouse, Princeton university, of Princeton, N. J.; Gladys Wensel, Frostburg State Teachers college; Jane Humbertson, Carnegie Institute of Technology, Pittsburgh, Pa., Roger Gibson and John Wolf, West Virginia University; Mona Lou Evans, Kitty Gnegy, Towson State Teachers college; Emily Martin, St. John's College, Annapolis, Carolyn Lewis, St. Mary's Seminary, St. Mary's, Md.

Well Goes Deeper

With the reservoirs of Oakland near the full mark, city workmen this week removed the pump from the latest well and drillers were engaged in going deeper into the ground to provide a well that will give an adequate supply of water in the driest kind of weather.

It was planned to "shoot" the well either Wednesday or Thursday, hoping to increase the flow of water. The pump has had to be removed several times within the past few weeks, so that drilling could continue, but would be replaced when the water supply was not ample to keep the reservoirs near full.

To Present Play

Members of the Underwood Youth Fellowship with a radio staff will present a Christmas program and play at several churches during the holiday season. The play, "The Blue Overall Angel," will be presented at the following churches:

Gortner union church, December 23; Underwood Ev. U. B. church December 25; Pine Grove Church of the Brethren, December 27; Maple Spring Church of the Brethren, December 28. The time is 7:30 for all services. The public is invited.

The play is under direction of the radio staff. Free will offerings will be taken at each service.

The Republican's New Year's Issue To Appear Wednesday

Next week's issue of The Republican, the New Year's issue, which normally would be published on Thursday, December 31, will appear on Wednesday, December 30, in order that distribution will be made to the homes prior to the holiday. The New Year's issue will carry New Year greetings from many of our advertisers.

Because of the step-up in the publication date, it will be necessary for local correspondents and advertisers to send in their material one day earlier than usual, and all others who desire to have news items published are requested to do the same in order to insure publication in the week's issue.

Oakland Postoffice Will Advance To First Class In 1954

Increased receipts at the Oakland Postoffice have resulted in a change in classification, from second to first-class, it was announced this week. The new designation will become effective July 1, 1954.

Patrons will note little difference, however, the major change being a slight increase in the salaries of the postmaster and his assistant.

In order to meet first-class requirements, postoffices must sell a minimum of $10,000 worth of stamps per year. Last year, the local office missed the figure by three or four thousand dollars, but during the past twelve months has exceeded this requirement.

The Oakland postoffice instituted "village delivery" service in 1920, after becoming a second-class station. Under the "village delivery" system, first-class letters and some other types of mail were delivered within the town limits, but there was no parcel post delivery service. It was not until 1926, when postal receipts had topped $10,000 for the first time, that full home delivery of all types of mail was begun.

The office here has been doing a land-office business during the holiday season, according to figures given out yesterday. Since December 1, over 80,000 two-cent stamps have been sold, more than 35,000 three-cent stamps, and cancellations since Monday, December 14, have totaled about 100,775. With a few more days to go before the rush is over, it is expected that these figures will increase considerably. Cancellations have been running at the rate of some 12,000 per day.

Total business last year from December 1 through Christmas was 81,000 two-cent stamps, 37,000 three-cent stamps, and cancellations were 110,000.

Aged Woman Dies From Severe Burns

Mrs. Clara Gnegy, widow of David Gnegy, of Gnegy church community, died in Garrett County Memorial hospital in Oakland at 11:50 p. m. Tuesday as the result of severe burns received in a fire at her home late Monday night.

Mrs. Gnegy resided in a two-room home beside her son and daughter-in-law, Mr. and Mrs. Homer Gnegy, as it had been her desire to live alone. She was past 80 years of age.

From meager reports received from the area, apparently the stove exploded when she went to put some wood on the fire, and the flames caught her clothing. She was pulled from the house by her daughter-in-law.

The building was quickly destroyed by the flames and no alarm was sent to the Oakland fire department, the home being some twelve miles or more from town. Mrs. Gnegy was brought to the local hospital where she was made as comfortable as possible.

Mrs. Gnegy is survived by three children, Homer Gnegy, and Mrs. John Hauser, of the Gnegy Church community; and Walter Gnegy, of Davis, W. Va.

Seal Sale Campaign Reaches $11,772 In Garrett and Allegany

The current Christmas Seal sale campaign to raise funds for the 1954 operations of the Allegany-Garrett County Tuberculosis Association has reached $11,772.11, according to the executive secretary, Miss Jean K. Reinhart, in Cumberland.

Garrett county reported $1,420.04, a jump of $165 over the same time last year. Total for Allegany county was $10,352.27, an increase of $910.15 over last year. For both counties the grand total is $1,000.70 over last year's figures.

More reminders were sent out this week to those who had not yet responded to letters sent out.

The dates for the annual chest X-ray unit survey were announced.

The unit, sponsored jointly by the TB association and the county health department, will visit both Garrett and Allegany counties between May 1 and June 29. The unit this year will visit most of the schools in Garrett county. These visits also are open to the general public. There will be other locations listed on the schedule in addition to the schools.

"Mankind, My Business"

Annually at the anniversary of Jesus' birth, millions read Charles Dickens' "Christmas Carol." Millions of others will listen on the air to Lionel Barrymore as he perennially interprets miserly Scrooge, both villain and hero of the tale.

It is well to read the immortal little story about mean, grasping, penny-pinching Scrooge whose sharp mind is continually dreaming dreams and seeing visions. To him appears the ghost of his former partner, Jacob Marley. In life Jacob Marley had been as hard as nails and as stingy and paltry as old Scrooge himself.

Now from the world of shadows, Marley's ghost does his utmost to save parsimonious Scrooge from the disaster which had inevitably overtaken him. As the ghost wrings his hands and deplores the shortcomings and omissions of the life he had lived on earth, Scrooge manages to inject these words, falteringly and with quavering voice: "But you were always a good man of business, Jacob."

The rejoinder from the ghost of Jacob Marley supplies an effective commentary on the great avocation before us at Christmastide:

"Business," cried the ghost, wringing his hands again. "Mankind was my business. The common welfare was my business; charity, mercy, forbearance, benevolence, were all my business. The dealings of my trade were but a drop of water in the comprehensive ocean of my business!"

And so it was!

And so it may be!

Miriam Alvarez and Sally Loesch, employees of the New York Telephone Company, are surrounded by the dolls the workers distributed last year to 95 of New York's charitable institutions. It was one of the largest collections in the annual affair's 35 year history.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

Copyright by The Baltimore Sun and reprinted in The Republican by permission.

Lowering The Level

Apparently, it has become journalistically fashionable to write speculatively about the 1956 presidential candidacy of Mr. Adlai Stevenson every time he makes a speech. In view of the obvious fact that he is running now about as hard and fast as he can again to capture his party's nomination, this speculation is becoming increasingly absurd. Not one of his party friends and certainly not one of his party rivals really has the remotest doubt concerning what he is after.

—o—

It is perfectly natural and proper for Mr. Stevenson to cherish these ambitions and to extend himself and his glib little handpicked chairman, Mr. Mitchell, in an effort to realize them. However, it is just as natural and proper to point out that under the circumstances the coyness with which he avoids all attempts to get a frank statement out of him on this subject is not easy to reconcile with the reputation for candor which has been built up for him. There is, in fact, a certain Pecksniffian flavor to some of his utterances that is beginning to be noted. Every week laudatory articles emanate from the socalled "liberal" columnists depicting him as a noble, high-minded statesman, far above the average politician mentioned for the presidency and one who never stoops to demagoguery.

This picture of Mr. Stevenson as living on a level so lofty that they cannot hope to reach it is naturally not greatly admired by the Democratic politicians bitten, as he is, by the presidential bee. Their view is that this is by no means a true likeness of Mr. Stevenson and that he is just as much of a politician as the rest of them, and just as ready to demagogue when it seems expedient. There does seem quite some foundation for this idea, and his pretense of nonpartisanship is not very convincing. Certainly, his complete surrender to the labor bosses during his campaign, when after first taking practically the same stand as General Eisenhower on the Taft-Hartley Act, he came out flat-footedly for its repeal, has never been adequately explained by either himself or his friends. It is true that he does not assail President Eisenhower personally and that once or twice, as in his most recent speech, he went so far as to commend an Eisenhower utterance on foreign policy, whereupon the laudatory liberals burst out in a chorus of "Oh, how noble."

—o—

But, there are reasons for that. One is that General Eisenhower's personal popularity is still so great that there is no nourishment in a personal attack. A second is that his United Nations speech was so sound and sincere that it was applauded not only by all the free world but by some Democratic papers that had supported Mr. Stevenson. However, though Mr. Stevenson in his Philadelphia speech associated himself with the President in his historic utterance, he also enunciated a paragraph which got scant attention until reprinted by Mr. Arthur Krock in the New York *Times*. It follows: "The Bill of Rights is besieged, ancient liberties infringed, reckless words uttered, vigilante groups are formed, suspician, mistrust and fear stalk the land, political partisanship raises strange and ugly heads, the security of secret files is violated and the specter of a political police emerges."

If this is not rank demagoguery, it is hard to describe it. This might have come from Chairman Mitchell and his *Democratic Digest*, or from former Vice President Barkley, or from Mr. Stevenson's running mate, Senator Sparkman. But, surely, Mr. Stevenson knows better. He knows the Bill of Rights is not besieged, that suspicion, mistrust and fear do not "stalk the land"; that the security of secret files has not been violated and that no "specter of political police emerges." For such a sweeping, partisan and wholly inaccurate statement of our internal conditions there is no excuse. It could come from a Senator Humphrey or a Senator Kerr or even a Senator Kefauver without causing much surprise.

But to come from the noble Adlai, the high-minded statesman who lives on the level above ordinary politicians, it is somewhat sickening. Distinctly, he lowered the level. To those who like the truth it would seem to force the conclusion that he is not the man his eggheaded intellectual supporters claim he is—and never was. Despite the Gridiron Dinner comment last week that he would "rather be bright than be President," it might be better for Mr. Stevenson to stick to being funny, even though sometimes not too felicitously, than to resort to open demagoguery. As a jokester he would not be formidably challenged in his own party but as a demagogue he has real competition in both.

Low-Priced Chicks May Be Expensive

Order chicks early if you want to be sure of getting the right number of chicks from a good source, advise Perry Twining and Dr. Clyne S. Shaffner, poultry specialists at the University of Maryland.

They say farmers should place more emphasis on quality than on price because "the cost of a chick is a very small fraction of the total cost of raising a pullet to maturity, and that just a small increase in egg production will more than pay the additional cost of superior chicks."

The poultry specialists use typical figures on the cost and production of cheap birds as compared to the cost and production of high quality birds to show how "cheap" chicks can be very expensive.

"In this example," Twining and Shaffner explain, "we assume that mediocre straight-run chicks cost $15 a hundred and that chicks from a high producing strain cost $25 a hundred. If a farmer buys three straight-run chicks for every pullet desired in the fall, it would mean that each pullet from the high producing strain would cost 30 cents more than those from the low producing strain. With egg prices 70 cents per dozen, the more expensive pullet would have to lay only eight extra eggs to more than pay for the additional cost.

"Experience has shown that pullets from the higher producing strains often lay 25 to 50 more eggs per bird than average pullets.

"These figures show why the selection of a source of chicks is one of the most important decisions the poultryman has to make during the entire year."

NO. 1 GRANDCHILDREN . . . Grandchildren of President Eisenhower get a look at Christmas dolls. They are (left to right) Susan, Barbara Anne, and Dwight David. The children spent last Christmas with their grandparents at 60 Morningside Drive, New York.

Dr. Clement Moore Was Ashamed of His Famous Poem

Dr. Clement Clarke Moore was ashamed of his famous poem, "Night Before Christmas" and would not acknowledge that he wrote it for more than 20 years.

Today, the poem which begins—

'Twas the night before Christmas, when all through the house
Not a creature was stirring, not even a mouse.—

is one of the most beloved of all Christmas writings.

Dr. Moore was an aloof professor of Greek and Oriental literature in the Episcopal Seminary in New York. He wrote the poem on Christmas Eve 1822 and read it to his seven children.

He had not planned for the poem to go further than his own family, but a relative who was visiting the Moores put a copy in her diary. The next year the relative's father sent it to a newspaper.

Other newspapers reprinted the jingles and they quickly became known all over the country. The dignified Dr. Moore was embarrassed and considered it beneath a man of his scholarly standing to be the author of simple jingles.

Twenty-two years later, however, he finally publicly admitted authorship of the jingles and it was printed in book form under his name for the first time.

Make Gifts Attractive

Make your Christmas package attractive because half of the pleasure of the gift is the wrapping and opening a beautiful package. Use plenty of ribbon and gay colored paper. Add bells and Christmas ornaments to the bows. Tie ribbon about the corners and put the bows [illegible] to make the packages attractive. A [illegible] tie [illegible] boxes [illegible] before wrapping adds to the mystery of the gift.

Christmas Candles Are Traditional For Many Peoples

"To learn your luck for the year they say,
Burn a bayberry dip on Christmas day.
If the flame burns bright and the light shines clear,
Good luck will be yours through the year."

This old verse is believed in many lands around the world and is said to be one of the reasons that candles in homes are traditional around the world.

The custom is believed to have started in Ireland. As the Irish put it: "Who knows, on some Christmas Eve, Jesus and Mary and Joseph may come again, not to Palestine, but to the Holy Isle on the farthest edge of Europe." And it is the custom that the candle can only be snuffed by one named Mary.

Their first use for Christmas is not recorded in the annals of any nation, but that the "Christ Child Candle" burned in the window on Christmas Eve is, according to an old legend, placed there to light His way if He makes an earthly visitation, and to atone for the night of His birth when there was no room for Him.

That Reindeer Is Becoming a Tradition

That reindeer is becoming an American tradition.

Once upon a time there was a reindeer with a built-in flashlight bulb for a nose. You know, Rudolph, the red-nosed reindeer. From a small beginning in 1939 the little animal with the built-in beacon has become as familiar as Humpty Dumpty and Cinderella to youngsters everywhere.

First presented as a sales give-away promotion for Montgomery Ward by Robert L. May, Rudolph was featured in many free booklets before he became associated with Christmas. Songwriter Johnny Marks liked the tale "Rudolph the Red Nosed Reindeer," so he wrote a song about it. He was so sure he had a success that he started his own Publishing company, using "Rudolph" as the first release. Gene Autry made the initial recording, and that one record sold 2,000,000 copies.

Last year, there were 16 different recordings of the song for sale, ranging from boogie-woogie by Sugar Chile Robinson to Bing Crosby, and cowboy singers.

Grantsville Notes

Grantsville Elementary School faculty held its annual Christmas dinner on Saturday evening at the All Ghany Shrine Country club in Cumberland.

Faculty members attending were Foster A. Riggs, principal; Miss Claudine Opel, Miss Rachel Hughes, Mrs. Edwin Robeson, Mrs. W. C. Grimm, Miss Esther Opel, Mrs. Clinton McKenzie, Miss Elizabeth Workman, Mrs. Earl Beachy, Miss Viola Broadwater, Mrs. Elizabeth Williams. Other guests included Mrs. Foster A. Riggs, Miss Ethel Broadwater, W. C. Grimm, Edwin Robeson, Earl Beachy, Clinton McKenzie.

Miss Viola Broadwater was in charge of arrangements and was assisted by members of the group.

The Christmas motif was used, favors and lighted tapers for table decorations. A gift was presented to Mr. Riggs. Gifts were exchanged and carols sung.

Bridge Club Christmas Party

Mrs. W. C. Grimm entertained the Tuesday Bridge Club with its annual Christmas party. Two tables were in play.

Honors were presented to Mrs. Scott Holliday, Miss Viola Broadwater, and Harvey Gortner, as guest. Mrs. Harvey Gortner was also a guest.

The home was decorated with the Christmas motif. Lighted tapers were used on the tables and gifts were exchanged.

Complete Christmas Favors

Boys and girls 4-H club of Grantsville Elementary school, under direction of Miss Elizabeth Workman, local leader, completed Christmas favors for patients at the Garrett County Memorial hospital at Oakland, and Miners hospital at Frostburg. The favors will be placed on Christmas dinner trays.

Has Christmas Program

The school presented its Christmas program Tuesday with the following participating: Sharon Hoechler, poems; primary grades, play, "Santa and the Snow Flakes;" Tommy Warne, poem; second grade song, "Away in a Manger;" primary grades, song, "Jolly Old St. Nicholas;" first grade song, "Santa Claus;" grade 5, original poem, "The Birth of Jesus;" grade 4 exercises, "Mother's Christmas Hymn;" grades 5 and 6, play, "The Cowboy's Christmas;" Sonny Riggs, solo, "Put Christ Back into X-mas;" grade 4 and 5 boys exercise, "Merry Christmas Bells;" grade 5 and 6 tonettes, "Jolly Old St. Nicholas" and "Jingle Bells;" grades 5 and 6, pantomime, "It Came Upon the Midnight Clear."

Closing Christmas carols were sung by students and audience.

School Christmas Program

Combining the TB Christmas Seal theme with their regular Christmas program, Northern High school students and members of the Parent-Teacher association held the annual observance at the school recently. Mrs. Joseph Fahey, who was the first public health nurse in Garrett county, gave a talk on "Tuberculosis." A film entitled "They Will Come Back" outlined what can be done to cure tuberculosis. Mrs. Morris Beachy, school nurse, introduced Olaeze P. Fike, P. T. A. president, who acted as master of ceremonies for the program arranged by A. B. Dees.

A mixed ensemble forming a Christmas tree sang "Silent Night," "O Little Town of Bethlehem," "Gloria in Excelsis," "Jingle Bells," and "While Shepherds Watched Their Flocks By Night." The group was directed by Miss Lou Dyck. A duet under the direction of Roger Cole offered several Yuletide selections.

Brief Mention

John Lavengood, of Detroit, Mich., arrived here to spend the Christmas holidays at his home.

Miss Jean Bender, student at Western Maryland College, Westminster, arrived home to spend the holidays with her parents, Mr. and Mrs. B. H. Bender.

Mrs. H. L. Pettit has returned home after visiting her son and daughter-in-law in Washington, D. C.

Mrs. Harvey Gortner entertained the Tuesday Night Bridge Club with a supper. Honors were won by Mrs. Harry Bender, Mrs. Byron Bender, Miss Ethel Broadwater. Gifts were exchanged. The club donated $50 to the Grantsville cemetery fund.

Mrs. Leland Swauger entertained the Ladies 500 Club. Honors were presented to Mrs. Mary E. Livengood and Mrs. Ralph Glotfelty. Gifts were exchanged.

DIED

MRS. HARRIET R. SWAUGER

Mrs. Harriet R. Swauger, 94, widow of Charles C. Swauger, died Monday night, December 21, at the Garrett Nursing Home, Oakland, where she had been a patient for the past three years.

She was born October 13, 1859, in Allegany county, a daughter of the late Jesse and Lydia Broadwater Green. Her mother was one of the 12 original members of the Broadwater clan which settled in Garrett county.

Mrs. Swauger had lived in New Germany until the death of her husband in 1927 when she moved to Grantsville to reside with her son, Leland Swauger. She was a member of New Germany Methodist church.

Surviving, besides her son, are three daughters, Mrs. Ada Broadwater, and Mrs. Flossie Alexander, both of Cumberland, and Mrs. Lottie Shaw, Greensburg, Pa.; another son, Noah Swauger, of Grantsville, two brothers, Zenas Green, Elkins, W. Va., and Willis Green. [illegible] also 18 grandchildren, 31 great grandchildren and five great-great grandchildren.

Funeral services are to be conducted Thursday morning at 10:30 o'clock from the Winterberg Funeral home with Rev. Donald Hissong, pastor of the New Germany Methodist church, officiating. Interment will be in the church cemetery.

A REAL TRAGEDY . . .

The death of a newspaper, more specifically the death of the 75-year-old Mountain Democrat News, is indeed a tragedy. Garrett County is now left with but one major source of information—a circumstance over which The Republican is deeply concerned.

One might think that this newspaper finds pleasure in the fact that competition has been eliminated, but such is not the case.

In this democracy of ours, competition is a necessary element for several reasons. It invites comparison, it is a guarantee against suppression of news, it assures a coverage of both sides of a question when there is controversy and one is continually a check upon the other. In a word, competition makes better newspapers.

Now that the only other newspaper in the county has put its last issue "to bed", the responsibility of The Republican has increased many times.

Therefore, it is our purpose to maintain the highest principles of journalism, keyuoted by accuracy, impartiality and a full coverage of county news. Of course, we must reserve the right to edit copy that is received to insure its accuracy, timeliness, and propriety. Communications must be signed to verify the source of information in case a question should arise.

Co-operation and help, however, are vitally needed if Garrett County is to remain well informed of events which, no matter how trivial, affect the course of its existence. Consequently, we are asking you, the reader and a citizen of this great county, to inform us that we in turn may present the news to the rest of the county.

We cordially invite the readership of those persons who were faithful to the Democratic Newspaper while it was in existence.

WISHES ARE SINCERE . . .

When we do things from force of habit, many times the meaning is lost. Automatically, each year, people receive Christmas cards and send them. Some get so that they scarcely glance at the message.

For the past several years many advertisers have been sending Christmas and New Year greetings through the columns of The Republican. If one is inclined to pass up these greetings they are doing most of the business firms an injustice.

Those responsible for placing these messages do so with the utmost care. They will glance at any number of possibilities which are offered by the newspaper so that they may find just the right thought they want to convey. They are sincere in their Christmas wishes to their customers and the readers will be well repaid if they would read the messages contained in the various Christmas advertisements appearing this week.

The American Way

OUR BUNDLE OF FREEDOMS

By DeWitt Emery, president of the National Small Business Men's Association

Personal experience will verify that as we learn from youth onward of what it means to be an American citizen, the greatest emphasis begins and remains on the freedoms of thought, expression, religion and person. Yet there are additional freedoms in the whole bundle that make up our birthright and many of them are more economical freedoms than social freedoms.

We say that freedom is indivisible, which is true in the sense that as the inalienable right of all citizens, freedom cannot be divided and equally or unequally distributed among the people. But as a bundle of the different kinds of freedom making up the whole of our birthright, it is highly divisible. And, like any bundle, the removal of one or two of the constituent parts makes the whole bundle weak and in danger of falling apart.

It is hardly surprising, in light of these circumstances, that our economic freedoms, much more than our vigilantly guarded freedoms of religion, press and the like, have become the prime targets of those who would employ ignorance and confusion to weaken our whole way of life. It is equally significant and understandable that the cold war of ideas should be principally a war of economic ideas and beliefs.

And, such an understanding of our vulnerability to economic subversion sheds light on two other vital factors. It makes clear the extreme hazard of the communists' declared intention to overcome us ultimately by economic, rather than military, pressure. It also explains and warns of the potential effectiveness of inducing us through ignorance of our economic freedoms and their application in our system of free enterprise actually to aid in the process of our own destruction.

Recognition of this sinister strategy is the first step to combatting it. Such recognition will correct our perspective, our attitudes and sense of values about the vital importance of many seemingly casual aspects of our current affairs. And not the least of these is the almost naive, and certainly dangerous, assumption that "everybody understands, appreciates and is therefore vigilant about our whole bundle of freedoms."

Undoubtedly the prime target of the calculated campaign of confusion, which is aided and abetted by ignorance of our economic freedoms is the economic system made possible by those freedoms. While the system itself is at least tangible as expressed in our business enterprises, it is not necessarily any better understood than the rights, principles and theories that make it possible. In many ways it is even more vulnerable to attack.

To expedite the attack the notion is steadily fostered that free enterprise is a thing apart from our free society, and that the recognized social freedoms of the latter have little to do with the economic freedoms of the former. This distinction in itself is a trick based on the old divide and conquer principle.

In short, if our people can be persuaded that economic freedoms are only of concern to the "selfish interests" of business, a new means is devised for lessening the concern and vigilance of the individual over these parts of what is, of course, his bundle of freedoms.

As another trick, also aimed toward the same ulterior objectives, the notion is fostered that "property" rights are of lesser importance than "personal" rights, and again this attempt to divide and subvert our concepts of freedom is made easier by the lesser knowledge we have of our economic or property freedoms as compared to our social or personal freedoms. Property rights would be hollow indeed, as they are in a dictatorship, without personal freedoms to exercise them, and personal freedoms in turn can be destroyed by limiting one's economical means for exercising them. There are no second class rights in our bundle of freedoms; they are all equally "first class" rights and all are essential to our freedom.

Trimming Down The "Wasteline"

ONE WORD . . .
Can Change Your Life

By REV. ROBT. OLEWILER
Pastor, Grace Reformed Church
Washington, D. C.

VEGETATE

Stay as far away from life as you can and you're not likely to get hurt.

When a football referee was asked what he thought about a certain player, he replied: "I have never had to pull him out from the bottom of a scrimmage. He was never the first to make a tackle."

Yes, you can play it safe—as they say. Your chances of not getting hurt are pretty good. At the same time your opportunities for not getting any honor, or joy, or fun, or love or laughter are pretty good too! What have you got when it's all over? Few hurts, few pains, little trouble, but nothing else, either.

You can't make a touchdown for yourself running the wrong way. You can't score unless you're willing to risk a tackle or two. Take your chances with the obstacles in order to get the blessings. Better have something than nothing. Better activate, rather than vegetate, the word that can change your life.

Greetings

May your Holiday season be enriched with the blessings that belong to Christmas.

Christmas Today Is Too Commercial, Many People Believe

Today we hear many people say that Christmas has been "commercialized" and has lost its true meaning.

Has it?

Is it wrong this one time in the year to make the dominate theme one of giving, rather than receiving?

Giving has always been a major part of the Christmas theme—the giving of joy and happiness to others whether it be spiritual or material.

It is true that economically no other holiday or festive season contributes so much to the welfare of the world. The holiday has hardly passed into the new year before thousands are at work on toys and Christmas specialties for the next year.

Giving will remain one of the great joys of Christmas for all time to come. The idea has survived through the centuries and nothing will ever stop it.

What, after all, brings more joy than seeing people happy; than watching children and loved ones open gifts and express their thanks in words and deeds?

It is, essentially, the Christmas story.

Germans First Lighted Christmas Tree Here

German immigrants, homesick for the traditions of their native land, were the first to decorate Christmas trees in their homes in the United States, according to tradition.

Historians believe it was about the end of the Revolution that the practice began to grow in the colonies.

Before that the Pilgrims forbade Christmas celebrations on the grounds they were pagan. And a Massachusetts law in 1689 subjected anyone to a fine who observed the day by feasting, refraining from work or in any other manner.

Historians also believe that Martin Luther was the first to decorate and light a tree. He was fascinated by evergreen trees, glistening with starlit-snow, pointing to the heavens at Christmas time. So he brought an evergreen into his house and lighted it with candles for his children.

Keep Trees Green

If you have the type of a tree-holder that permits the tree trunk to rest in water, you will find that a small amount of plant food dissolved in the water will aid in retaining the needles on the tree, and keep the needles green. If you use a pebble or rock-filled pail to support the tree, cover the pebbles or rock with a plant food solution.

Use one teaspoonful of plant food, powdered form, to each gallon of water in the container, or use one plant food tablet to each gallon.

Senate election subcommittee recommended 30,000 votes cast in New Mexico senatorial election be thrown out for "lack of secrecy." If accepted recommendation would put in Patrick J. Hurley, Republican, instead of Dennis Chavez, Democrat.

County Man Seeks Immediate Trial

Isaiah Carl Savage, [illegible], of the White Rock section near Friendsville, who is accused of removing six tires from his truck with intention of defrauding the Farm Bureau Insurance company, last Friday filed a petition in Allegany County Circuit Court asking for an immediate trial.

Savage admitted guilt in the petition filed by his attorney, E. J. Ryan. Savage said that he desires to waive his right to indictment by the Grand Jury and seeks to submit the case to court on an information to be filed by the State's Attorney.

Savage adds that he has made a statement to the State's Attorney and has admitted facts as charged.

The man was arrested the night of November 4 at his home by State Police Cpl. William F. Baker, who had been investigating the man's report that six large tires, tubes and wheels had been stolen from his truck, parked near Oldtown, about September 20.

Cpl. Baker reported he discovered four of the tires and tubes in a woodshed and the other two in the back yard at Savage's home. The arresting officer explained that Savage admitted collecting $1,000 from his insurance company after removing the tires himself.

Savage was freed under $1,000 bond November 7.

Given Suspended Sentence

When Savage appeared Monday in the Allegany County Circuit court before Associate Judge Morgan C. Harris, Savage received a suspended sentence of 60 days in the county jail.

Edward J. Ryan, attorney for Savage, told the court that Savage had no previous criminal record and removed the tires and wheels from the vehicle because he "felt that he had paid too much for the truck which had not proven satisfactory."

Judge Harris inquired if the tires and wheels had been recovered and whether any damage had resulted to anyone involved. When told there was no damage and recovery of the tires was made, the court imposed sentence.

It was brought out that Savage is married and the father of five children ranging in age from two months to 10 years. He is now employed by a coal company at Point Marion, Pa. Letters attesting to Savage's general good character were shown to the court.

Oakland's Two Rifle Teams Win Matches

Oakland's two rifle teams, the Falcons and Eagles, both won matches in the Western Maryland League's sixth smallbore rifle match fired Sunday afternoon at Bowman's Addition and Oakland.

Hercules defeated Fort Hill 1124 to 1100 to topple the last unbeaten club, and made first place in the standings a three-way tie between Hercules, Falcons and Fort Hill, with records of five victories and one defeat.

The Eagles took LaVale, 1129 to 1117. George Porter's 285 topped the Eagles' list at Oakland.

The Falcons posted 1133 points at Oakland to collect an Ayllon forfeit. Wilson White shot 294 as best total for the winners and set a new league record by scoring 97 points in the standing position, breaking the old mark of 96 set April 15, 1949.

The next in the series of four-position telescopic matches will be held on January 10 at the Oakland and Bowman's Addition ranges.

The scores of Mt. Top's two teams in the prone, sitting, kneeling and standing positions, with totals, are as follows:

Eagles:

George L. Porter, 100, 50, 47, 88, 285; E. E. Richard, 99, 47, 47, 91, 284; H. W. Shillingburg, 99, 49, 42, 92, 282; W. R. Ridder, 99, 48, 44, 87, 278; team total 1129; also firing, R. Wiles 276, C. Calhoun 276, H. Samples 27[illegible].

Falcons:

W. W. White, 100, 49, 46, 97, 294; D. E. Helbig, 99, 47, 46, 88, 280; A. C. Calhoun, 99, 49, 48, 84, 280; C. E. Miller, 99, 49, 48, 83, 279; team total, 1133. Also firing, J. McClintock 277, R. Sims 263.

Mt. Top's single team was named as national winners of the NRA summer rifle league. On this team were Randall G. Sims, J. Merle McClintock, George L. Porter and Wilson W. White. The club decided to enter two teams in Western Maryland competition so that more club members would have an opportunity to participate.

Northern Loses to Mt. Savage 63 to 49

Despite the fact that four of their men were lost via the personal foul route, Mt. Savage Indians won over the Northern High Huskies 63-49 in a game at [illegible] Tuesday night.

Murphy and George equally shared 34 points for Northern. Don Hershberger, Northern forward, was the only Garrett county man to be banished on personal fouls. Thirty-three personal fouls were called on Mt. Savage players and 19 on the Huskies.

Carter and Clauson with 18 and 17 points, were top scorers for Mt. Savage.

The Mt. Savage Jayvees won the preliminary game 41 to 37.

Lineups:

Northern	G	F	T
Hershberger	2	3-6	7
Kelly	2	0-2	4
Murphy	4	9-25	17
George	4	9-11	17
Wright	0	1-5	1
Baker	0	0-1	0
McKenzie	0	3-5	3
Total	12	25-52	49

For Mt. Savage, Carter 18, Watkins 1, Williams 11, Walters 1, Shaffer 3, Clauson 17, Jenkins 4, Kenny 5. Non-scoring were DeVore and Robeson.

Christmas Trees Could Bring Cash Crop To Farmers

Many of the Maryland farmers who recently observed the big seasonal business in Christmas trees could be making some cash out of badly eroded land suitable for the business themselves, according to Harry Dengler, Extension forester at the University of Maryland.

Dengler estimates that about 750,000 Christmas trees were sold in the state during the holiday season, and most of them were shipped in from out of the state.

The Extension forester says that Maryland has well over 100,000 acres of idle, abandoned, state and growing Christmas trees. He estimates that one out of every 10 farmers could grow an acre of trees before the demand would be met. This would be equivalent to an area one mile wide and nine miles long, or 5,800 acres.

Dengler says new tree planting machines are available which greatly speed up the work of planting and reduce costs.

Entertainments Continue to Mark Christmas Holiday

Special entertainment and devotional services continue to mark the Christmas observance in this area. In general Children's entertainments were concluded Sunday or early this week.

At the Episcopal church in Oakland there will be Holy Communion on Christmas eve, beginning at 11 o'clock, with Holy Communion on Christmas Day at 10 a. m.

At St. Paul's Methodist church on December 23, at 7:30 a special Christmas service was scheduled including the singing of carols and the showing of a motion picture, "The Guiding Star."

At St. Mark's Ev. Lutheran church a Christmas eve candlelight service will be held at 11 o'clock on Thursday, December 24. Rev. William A. Renn, pastor of St. John't Lutheran church at Red House, will be in charge of the service. The choir will sing two numbers. There will be a brief message and the singing of a number of Christmas carols.

Special Christmas services at St. Peter's Catholic church are listed in a separate story.

A special Christmas Eve candlelight service is scheduled at St. John's Lutheran church at Red House on Thursday evening at 8 o'clock, including a children's program. "God's Additional Christmas Gift" will be the pastor's message.

The annual Christmas program will be presented at the White Church of the Mt. Lake Park Methodist charge, on Thursday evening at 7:30.

Yule Seal Idea Was From Denmark

This year millions of Americans have received a letter from their local chapter of the National Tuberculosis association containing Christmas seals, the seasonal reminder of the never-ending fight to stamp out the disease.

The idea was conceived by a Danish postal clerk. He thought of the idea in 1903 while mailing Christmas packages and letters.

The clerk was Einar Holboell. He mentioned it to his fellow workers and they decided it would be a great help in defraying the cost of fighting tuberculosis. The idea reached King Chrisian, who approved, and the image of Queen Louise was paced on the first seals in 1904.

Special Services To Mark Christmas At St. Peter's Church

The Feast of Christmas will be observed at St. Peter's Catholic church in Oakland with a High Mass beginning at 12 o'clock midnight, Thursday evening, December 24. Celebrant will be Rev. Michael K. Carney, pastor, who will also preach the sermon. Music will be by the Senior choir.

A program of traditional Christmas carols will be presented by the Senior choir beginning at 11:30 on Christmas Eve. The High Mass will be concluded with benediction of the Blessed Sacrament.

Other masses on Christmas day, all low masses, will be at 8, 8:30, 9, 9:30 and 10. Confessions will be heard Thursday, December 24, from 4 to 6, at 7:30, at 11, during the Midnight Mass, as well as before and during the other masses. Rev. Fr. Matthew Miceli, C.S.C., will assist with confessions and services on Christmas day. The public is invited.

On Sunday, December 27, Masses will be at 8 and 10 with benediction of the Blessed Sacrament following the latter Mass. No confessions will be heard Saturday, December 26, but will be heard before the Masses Sunday morning. Week-day Mass will be at 7:30 each morning in the church.

On New Year's day the Masses will be at 8 and 10 with benediction of the Blessed Sacrament following the latter Mass. Confessions will be heard Thursday, December 31, 5 to 6, 7:30 to 8:30 p. m., as well as Friday morning, January 1, before both Masses.

ANGELS WITHOUT WINGS

In the Children's Aid Society Jones Center, all was calm as the call for rehearsal of carols was sounded. The little angels without wings took their places, with one moppet sporting a black eye. He couldn't resist reaching under his cassock to be sure his treasured gun and holster were still there.

Christmas Card Idea Originated By Englishman

Christmas cards are so much a part of the modern Yule season that one seldom stops to wonder how the idea originated and by whom.

This simple idea of wishing your friends a Merry Christmas brought honor and knighthood to the originator, Henry Cole, a middleclass Englishman.

Cole mailed his cards on a December day in 1846. The cards depicted a Victorian family assembled at the festive board and the traditional Christmas custom of giving to the poor. They also bore the now-classic greeting: "A Merry Christmas and a Happy New Year to you."

He had a thousand of the cards struck off by a lithograph. They were such a success that plain Henry Cole subsequently became Sir Henry Cole.

The cards we send today, however, a far cry from those mailed by Cole. The cards you send and receive this year will be designed by famous names in contemporary art.

An American shopping for cards this year may select scenes painted by such famous people as Winston Churchill, Britain's prime minister and famed amateur artist, and Grandma Moses, one of America's most famous artists.

The demand for cards is so great that many companies spend their entire time in designing and producing them for the holiday season.

Most Beloved Carol Is 'Silent Night'

The most beloved carol of the many that are sung in all parts of the world is "Silent Night" that simple and tender German song.

Its origin was unknown for many years. Recent research, however, disclosed that it was written by Joseph Mohr, an assistant priest in Oberndorf in South Germany. The melody was composed by a schoolmaster, Franz Gruber.

The poet and the composer were part of the choir that sang the carol for the first time on Christmas Eve in the Oberndorf church in 1818.

The night it was sung the small church's organ was out of order and the choir sang to the accompaniment of a guitar.

Since then the carol has been sung to the tune of almost every musical instrument in the world and in the languages of nearly all men.

Gas Company Employes Have Christmas Party

Employes of the Cumberland and Allegheny Gas company, their wives and children, attended a Christmas party held last Saturday evening at the company offices in Oakland. About 85 attended.

Known as the Mt. Top Social club, the members include employes from the Oakland, Kingwood, Terra Alta and Thomas offices of the gas company.

Entertainment was furnished by J. A. Sheteron, magician, of Saxton, Pa., and by some music pupils of Mrs. Russell H. Brown, Southern High school instructor. Thomas Turney also sang a specialty number.

Gifts for children of employes were distributed. Refreshments were served.

State Tax Rate Is Seen Doubled

The state tax rate on real estate in 1955 may jump to 11.91 cents, more than double the rate for next year.

The Board of Revenue Estimates in its latest survey said that levy on each $100 of property value would provide funds needed to pay off debt charges falling due before June 30, 1956.

That's what the rate will be unless the Legislature repeats its [illegible] job of last winter or a number of estimates are revised in the next few months.

The General Assembly carved almost two million dollars from appropriations Gov. McKeldin proposed for the current fiscal year. This coupled with revenue above original estimates enabled the state to transfer $3,055,250 to the bond account. The estimate of property values also was revised upward.

As a result, the 1954 real estate tax was reduced from 11.29 cents to 5.67, the lowest in Maryland history.

The state fixes its property tax to raise the amount needed to pay off principal and interest of bonds. Its outstanding debt now is about 140 million dollars.

The annual Christmas party of the Opportunity Club was held last Thursday evening at the home of Mrs. Jay Bell. The meeting was opened by the reading of the 2nd chapter of Matt., a prayer was given by Mrs. Dwight Ashby, Mrs. Floyd Carskadon gave a reading, "The Bethlehem Star Shines On," and Mrs. Jay Bell read "The Perfect Gift." A number of Christmas carols were played by records during the program. The business session followed and all sang the club benediction, "Blest Be The Tie That Binds." Gifts were exchanged. Refreshments were served in keeping with the holiday season. Attending were Mrs. Dwight Ashby, Mrs. Floyd Carskadon, Mrs. Oscar Shaffer, Mrs. Homer Shaffer, Mrs. James [illegible], Mrs. James Mersing, Mrs. Oran Rinehart, Mrs. Harold Lantz, Mrs. Walter Holler, Mrs. Agnes Lantz, Mrs. Don Colaw, Mrs. Harold [illegible], Mrs. Milton Fike, Mrs. Harold Garrett, Mrs. Jay Bell, Lois Bell, Shelia Colaw and Kitty Duling.

Walter Holler was injured last week while at work in the mines.

W.O.J.G. Clyde Duling and family arrived from Paris, France, last week.

Captain Merle Dillon, of Ottawa, Ill., and Cadet Thomas Martin, a student at Charlotte Hall Military Academy, Charlotte Hall, were guests of Mrs. Myra Marton last week. Cadet Martin is spending the holidays with his mother.

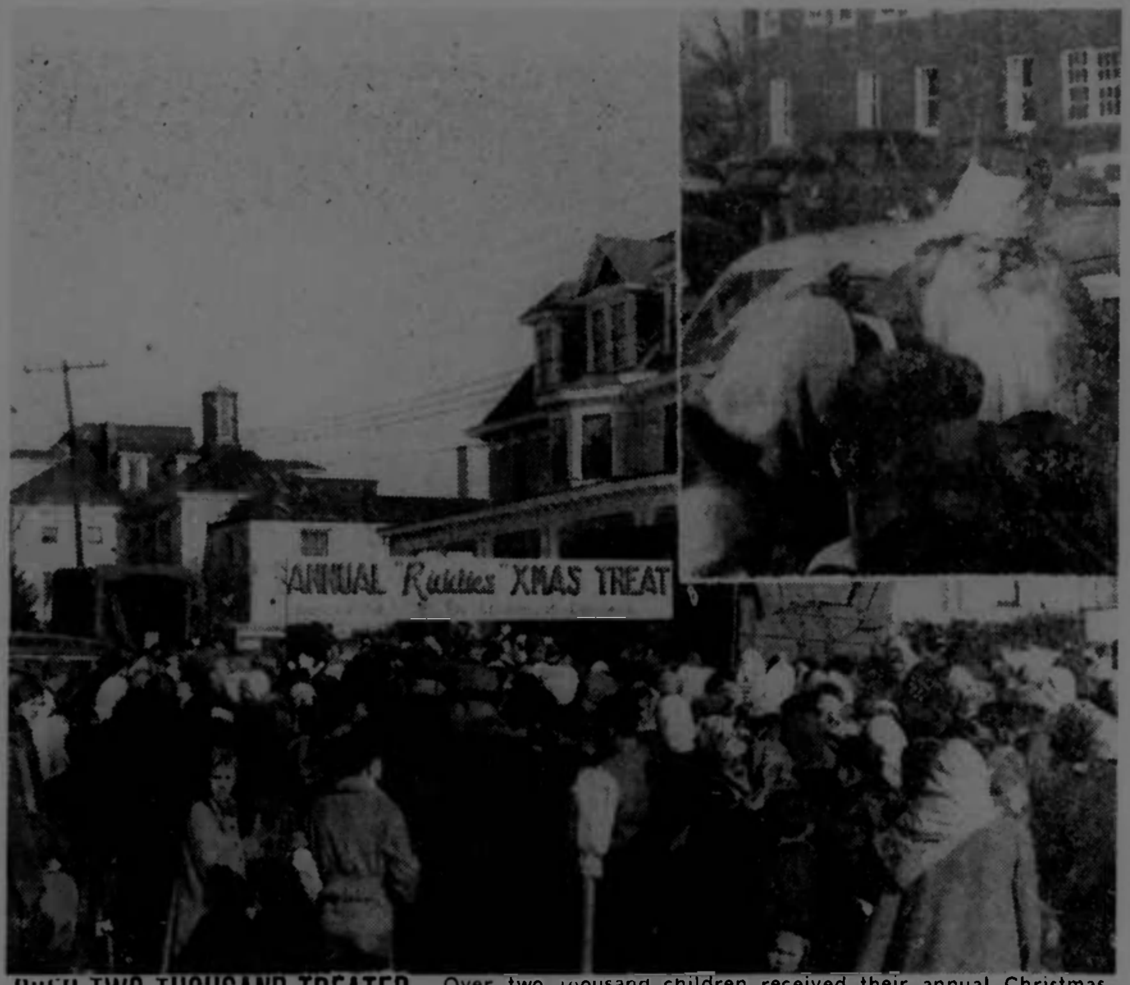
Meyersdale Defeats Northern High, 67-59

Meyersdale High school's basketeers invaded Garrett County Friday night and walked off with a 67-59 win over Northern High at the Cove.

Keich, high scoring guard, dumped in 13 field goals and seven of 11 fouls, for a total of 33 points. Murphy paced the Northern scorers with 14 tallies. Others scoring for Northern were Hershberger 6, Selby 11, Georg 13, Wright 8, Baker 2, McKenzie 4 and Savage 1.

Both sides scored 22 field goals, but Meyersdale had the better of it at the foul line, sinking 23 in 37 tries. Northern got 15 out of 23 attempts. Hershberger and Georg were ejected on personal fouls.

Meyersdale led at the half 35 to 31.



OVER TWO THOUSAND TREATED—Over two thousand children received their annual Christmas treat last Saturday afternoon at Oakland, in the annual affair sponsored by the Mt. Top Chamber of Commerce. Funds for the treat are raised by voluntary contributions of the business men, organizations and many indivdiuals. A new system was set up this year, making it possible to have three lines of children going through at one time, which saved much time. Assisting in the distribution were members of the National Guard, the Boy Scouts and Chamber of Commerce members. The microphone was handled by Newton Coplin. The Southern High School Junior Band played several selections. The large photo shows a portion of the crowd that gathered at the corner of Second and Liberty streets. Inset shows Santa Claus, who had a prominent part in the activities.

Southern High Loses To Valley 49 to 47

Southern High school's basketball team lost its fourth game in six starts on Tuesday night at Lonaconing when Valley High's Black Knights won 49 to 47. It was Valley High's first win since it opened with Elk Garden.

A third period rally by Valley High decided the issue. Southern led at the quarter 12 to 7 and at the half 23 to 18. In the third period however Valley got 23 points while holding Southern to 9. Coach Kyle Wilson's team outscored Valley 15 to 7 in the final period, but it was not enough.

Charles Durbin was the big gun for Southern as he racked up 20 tallies on nine field goals and two out of four fouls. Waddell led the Valley quint, getting 16 points. Robertson and Mundeno had 13 and 10 points respectively. For Southern Friend and Savage got 8 points each.

The Valley Jayvees won the preliminary contest from Southern junior varsity 48 to 39.

AURORA - EGLON

Mr. and Mrs. David Teets, of near Horse Shoe Run, are the parents of a son, Paul Lawrence, born December 13 in the Garrett County Memorial hospital. This is their first child. The mother is the former Miss Wilma Mae Henline, daughter of Mr. and Mrs. Lawrence Henline, also of near Horse Shoe Run. The father, an employe of an insurance company, is the youngest son of Rev. and Mrs. W. L. Teets, of near Eglon.

Funeral services were conducted December 11 at the Texas church for Russell Breedlove. He was a son of the late Mr. and Mrs. R. E. L. Breedlove, of Horse Shoe Run.

Word was received here that Roy [illegible], of Rowlesburg, formerly of Aurora, received a fractured ankle last week while walking on the street near his home.

Mrs. Clinton Ganer, of Eglon, was a patient for a few days recently in the Garrett County Memorial hospital.

The infant of Mr. and Mrs. David Hardesty, of near Aurora, is a patient in the Garrett County Memorial hospital.

Arthur Abernathy, of Eglon, underwent surgery December 16 in a Philippi hospital where he remains a patient.

Rev. Dee West, of New Windsor, Md., made a trip Saturday to Philippi, W. Va., where he visited Dr. Harold C. Miller, who has been a patient there since December 26, 1952.

The Underwood Radio Group will present a Christmas program at Maple Spring Sunday evening, December 27. The public is invited. The Eglon school will present its Christmas program this evening at Maple Spring church.

Mrs. Salonna Slanaugh, of Eglon, spent a few days last week at the home of her son-in-law and daughter, Mr. and Mrs. Fred Stemple, of near Aurora.

Mr. and Mrs. Don Robinson, of Chicago, came Saturday to the home of Mrs. Robinson's parents, Mr. and Mrs. Ray C. Judy.

Word was received here that Willard Taylor, of Trappe, Md., is critically ill in a hospital there. He is the husband of the former Miss Luretha Fike, daughter of the late Jesse Fike, formerly of Eglon.

As Others See Us

A letter from a nephew, who is studying in England, had this to say: "Last Friday the seniors put on their 'review.' A kind of class night with original songs and skits. One scene included some 'Americans' who arrived on the scene dressed as Hollywood gangsters, carrying suitcases full of dollars."

—o—

We See Ourselves

If England and all the world could have seen our children Monday night in the Elementary School pageant they might have gotten another idea.

I don't know when I have ever seen a school pageant at Christmas that was so completely religious. The whole thing moved toward the Christ child, just as it should.

There was such simplicity and sweetness in the child who sang Mary's role. She was pleasant in her beauty and manner. Later I discovered she was Gail Naylor, whom I've known since her babyhood.

The whole thing was beautifully done, well timed, and the music super. As I watched the little fellows singing with all their hearts—carols old and new—it filled me with the real spirit of Christmas. The Christ Child! Everything moved toward the Christ Child. The sweetness of their voices, the earnestness of their expressions. It was good for us all.

I couldn't help but wish that Christmas was what it was meant to be. Simple, joyous, and blessed and that giving was for the needy.

—o—

But then, I do love this hustle and bustle and mixing and fixing and trimming and wrapping. And singing carols and feeling gay and listening to music and the voices of youngsters, and the smell of puddings and cookies and sauces and stuffings.

Why, I'm having such a good time—in spite of the fact I'll never be ready, that I can't work myself up to a good headache.

A Red Apple From Teacher

A few days ago I was given a nice red apple. It was at the A. A. U. W. dinner, and "Tubby" Boggs, the state boys' club agent from West Virginia University, presented it to me. He led up to it as if he were going to present me with something important, as a silver medal or a lucky penny which he gives first-year campers.

The guests at the dinner took the incident as a bit of humor. But I, having known that man since I was a child, got a different meaning from it.

You get to understand a person pretty well in thirty years, especially when you rise before the dawn to study birds with him or take nature walks which are often only a hundred yards in length. But in that hundred yards a whole new world has opened up, or maybe it is listening to his stories or his philosophy around the campfire.

All these years that I have known Tubby and have loved him like a kinsman, he, too, has known me. He has forever made little remarks which he has meant for me and others like me. Which leaves us thinking that we are so small and the world is so large and we know so little.

I've heard him say over and over, "You can do a lot for the world if you don't care who gets the credit." So his fine poetry and stories go in a publication, "Treasures of the Trail," with nary a by-line.

Now back to the red apple. He knew as he handed it to me that I would know that any apple to be good has to be sound at the core. He didn't care whether anyone else in the room got the meaning but he wanted me to get it.

And so it is with great leaders—they give a pat on the back with a shove in it.

—o—

Pardon My Handwriting

Just so Jim McHenry, who was at Chicago with me, won't think I'm a liar—we didn't have large shrimp, but large servings.

—o—

A Merry Christmas, everybody. And a "Christmas gift" to a few.

—o—

Weather Moderates

Very little if any snow remained in Garrett county this week, in spite of last week's storm which brought between eight and ten inches to the mountain top. The wind whipped the snow into drifts several feet high, but even these were fast disappearing from rain and warmer weather.

The cold spell continued until Sunday when it began to moderate under a clear sky. The sun continued to melt more snow on Monday until late afternoon when the skies clouded and rain began to fall. Tuesday was cloudy and continued warm.

Some persons took advantage of a full moon and several inches of ice to do some skating at Mt. Lake Park on Sunday evening.

Guard Against Fire This Yule Season

Guard against fire in your home this Yule season.

The average Christmas tree can go up in smoke in only a minute or so and that doesn't leave much time to call for help.

A live tree with roots packed in a bucket of earth is the safest. Be sure and keep the dirt moistened. A small tree is safer than a large one and festive trimmings can make up what is lacking in size.

Don't use lighted candles. (This may seem an unnecessary precaution in this day of electric lights, but lighted candles contribute to tragic fires every year.)

Check the wiring for the tree to see that it's not frayed and is in perfect condition. The switch for turning off and on electric lights should be at some distance from the tree. Don't plug or unplug lights beneath the tree.

Don't leave tree lights on when it isn't necessary and especially when the family is away from home. From time to time, check over the tree and see if needles near the lights are turning brown. If they have, move the lights.

Watch the calendar. New Year's is the day for the tree to go down. If you should extend the time, don't leave the lights on the tree for more than a half hour at a time.

Place the tree well away from stoves, radiators, and other sources of heat. When you smoke, stay away from the tree. Also be sure that the tree is secured in such a way that it cannot fall. Do not put it near a doorway where it might block an avenue of escape, should a fire occur.

With Your Congressman
DeWITT S. HYDE

With one of the biggest election battles in history shaping up over control of Congress in 1954, nearly every member has already made a New Year's resolution to compile the best record that is humanly possible.

There are only four more Republicans than Democrats in the House right now, and the Republicans are actually in a one-vote minority in the Senate. Only once since the Civil War—in 1932—has the House been so evenly divided, and there have been only four other instances of it in the Senate in the same period.

I would like to try to predict the outcome of some of the action Congress will be taking in the new session beginning next month, but with both parties so nearly matched, plus the fact that many members unpredictably jump "party lines" when voting, my task is a little difficult.

First of all, however, no matter what walk of life you are in, you want to know what's going to happen about high taxes. Scheduled decreases in income taxes and corporate excess profits taxes, as I have said before, will go through. Regular corporate taxes are supposed to come down from 52 percent to 47 percent April 1, but my guess is that they won't be permitted to go that low.

Many Congressmen—and I, for one—want to pass a bill allowing working mothers to deduct their baby-sitting expenses when they figure their income taxes. This provision has a good chance of passing.

I am also in favor of revising excise taxes downward. High rates on so-called luxury items are hurting their sales and thus hurting small businessmen, who certainly deserve tax relief right now. Transportation taxes, introduced during World War II to keep people at home, are outdated and unfair. Movie admissions taxes have already been voted out by Congress, but President Eisenhower vetoed the action because he thought it was favoring only one industry.

Action on these and other taxes will depend to a large extent on how large a budget the President and Congress decide is absolutely necessary to national defense and security.

Next week, just before the new sessions begins, I will have more to say in this column about some of the legislation on which we will be working.

* * *

Mrs. Hyde and I, and all the fine people who are on my staff both here in Washington and in Cumberland—Mrs. Brown, Mrs. Schaeffer, Mrs. Smith and Mrs. Jacobs—join in wishing each of you the very happiest Christmas and most prosperous New Year.

* * *

On my calendar: At 11:30 a. m. December 31 I will be at Frederick High School to address the county-wide annual meeting of the Farm Bureau.

County Ranks 21st In Sale of Bonds

Garrett county ranks 21st in sale of E and H Savings bonds throughout the state for 1953. The sale of these bonds through November reached $211,561 in this county, or 55.6 percent achieved in reaching the county's 1953 quota of $380,000.

H. C. Riggs, Garrett county savings bonds chairman, said the sale in Maryland reached $1,649,500. Although this amount exceeded the sales for November, 1952, by over 20 percent, it was still below the quota assigned in the state's 1953 program.

Allegany county ranks eighth among Maryland counties with 78.3 percent of the county quota of $2,900,000 reached. Harford county went over the top with 100.7 percent of objective achieved.

Research Study On Coal Mining In State Ready

Jobs Are Down From 6,162 In 1912 To 633—Legislation No Cure

"Closed operations, collapsing structures, and empty houses" is the picture given of Western Maryland's coal mining area by the University of Maryland.

The depressed condition was contained in a study of "Coal in the Maryland Economy" made by the University Bureau of Business and Economic Research.

"Great hardship has been experienced by miners and their families in the depressed areas," the study reported.

Peak In 1907

It reported the steady slump of coal production in Allegany and Garrett counties from a peak of 5,532,628 tons in 1907 to only 587,902 last year.

"While this activity offered employment to a maximum of 6,162 miners in 1912, only 633 men were able to find jobs in the mines in 1952 and few of these worked more than 200 days in the year," the report stated.

"Despite the decline in job opportunities, few miners have permanently left the area and unemployment is high."

The report added that "the miner is a skilled specialist" whose ability is not readily transferable to other jobs, and then it means a downgrading with lesser pay.

The main cause of the Maryland slump is that the mines simply have worn out, according to the study.

150 Years Of Mining

"Historically, Maryland was the third state in which coal was produced, and 150 years of continuous mining have exhausted the richest seams," it stated.

The total value of Maryland coal dropped from $18,822,057 in 1920 to $2,692,580 and two years ago its average price was lower than the country's average for the first time in 20 years.

All is not lost, however, the university study found. Soft coal reserves in the state may exceed one billion tons, it estimated, and about 50 per cent of it is worth mining.

"The significant fact for the Maryland coal industry," says the report, "is that the market within the state for coal even now is far larger than local mines can supply."

More Than Produced

The university survey estimated that state industries use more than nine million tons of soft coal a year. That's four times the amount produced in Maryland.

"It is clear that Maryland is a heavy net importer of coal and that, because of high cost and relatively small scale operations, Maryland coal producers have been able to capture only a fraction of the total coal market within the state," the report continued.

One of the troubles is that most of the mining operations are small and inadequately financed." This discourages big consumers who like to buy from one outfit rather than several small operators.

"While the situation is by no means hopeless," the university researchers advised that the mining industry can't be revived by any program within Maryland alone.

Research Urged

"The first problem to be faced is the nationwide trend away from coal," it said.

One means of counteracting this adverse factor is to encourage the growth of diversified industries in Western Maryland since they probably would use coal.

The university also recommended vigorous participation in programs of research in mining and cooperative efforts by the operators in preparing and marketing Maryland coal.

The survey warned against trying to legislate help, such as a law requiring all coal consumers in the state to buy only Maryland coal.

State institutions now are required to do so. The university survey said "The coal requirements of all state institutions would require the efforts of less than 100 miners per year. This is far less than the number of miners who would be thrown out of work if other states retaliated by forbidding the importation of Maryland coal."

HAPPY HOLIDAY . . . A parade makes it a happy holiday for children. Every year Macy's of New York has a gigantic pre-Christmas parade. Here excited youngsters watch the gay spectacle. They are having the time of their lives and the scene will be repeated in hundreds of towns throughout the country this Christmas season.

Six died in a Chicago hotel fire when a wall caved in.

Small Towns First to Light Outdoor Trees

It was a small town that first thought of lighting an outdoor community Christmas tree.

Four communities are believed to have thought of the idea about the same time—as early as 1913. Two of them, McDonald and [illegible] were in Pennsylvania. Salem, Ore., decorated a large Sitka spruce. Riverside, Calif., illuminated a large evergreen, an Araucaria.

The first national Christmas tree was in 1924 and was sponsored by the American Forestry association. The event is now televised every year for all parts of the country to see.

The most spectacular outdoor displays in the United States are at the White House and Rockefeller Center in New York. The New York display is possibly the most elaborate in the world.

But it was the small towns that first thought of the idea.

Today, nearly every community in the land has some kind of Christmas decoration. Many communities string colored lights across the street and decorate light posts with evergreens. Many suspend bells and stars at street intersections and have dazzling community trees.

CHRISTMAS SPIRIT . . . Full of Yule good fellowship, "Bingie" tries to arouse some ditto in the feline heart of "Ginger." Ginger, goodwill season or not, can't get over her distrust of dogs.

Christmas Tree Industry Is Big Business in U.S.

The Christmas tree industry is big business in the United States—better than $50,000,000 annually.

The majority of our trees come from New England, New York and Pennsylvania, the north Middlewest, and the Northwest Pacific regions. In recent years, New Jersey has annually marketed around 100,000 trees.

Most of the trees for Christmas sales are cut early in the fall and the trees are kept green with plenty of water until shipped to distribution centers.

Some mass producers, however, cut trees early in the new year, and treat them with preservatives and coloring solutions for storage in chilled warehouses.

Southern High P.-T. A. Membership Reaches 241

Membership in the Parent-Teacher association at Southern High school hit a membership of 241 as a membership contest came to an end on December 21, it was announced by Dr. James S. Collins, principal. The drive brought in $122.

Dr. Collins stated that membership was still open to any parent who desired to join the organization. Winners of the contest were: First prize of $5 to 11-A, James DeMoss, home room teacher, with a percentage of 109 of enrollment. 2nd prize of $3 to 10-A, Thomas Stevenson, home room teacher, with percentage of 103 of enrollment. 3rd prize of $2 to 7-A, Mrs. Bernetta DeVore, home room teacher, with 73 percent of enrollment. Miss Dilgard's room of 9-A was given honorable mention for reaching 70 percent of enrollment.

All members of the faculty joined the association, giving a 100 percent record for the first time in history.

THE BIBLE SPEAKS
BY DR. KENNETH J. FOREMAN

Scripture: Matthew 6:9-10; 25:14-20; John 17:15-21; Acts 1:6-8; Revelation 11:15.
Devotional Reading: Ephesians 1:10-20.

Thy Kingdom Come

Lesson for December 27, 1953

"THY Kingdom Come"—how often we pray it, how little we think about it! How much do we mean it? And do we know what we mean when we say it? Scholars who know the near-eastern languages tell us that the form of the Lord's Prayer as it would be in the Aramaic language which Jesus and his disciples no doubt used, is that of a poem. Not rhymed but rhythmical.

Dr. Foreman

"Thy named be hallowed," "Thy Kingdom come," and "Thy will be done," are three parallel lines, and their essential meaning is the same. The kingdom of God does not simply mean the fact that God is King of Kings. He is, and does not need our prayers to make him so. The kingdom of God means the state of things, here on this earth or in heaven or anywhere, where God's royal will is actually done. We have a right to believe that in heaven God's will is the rule of life. On earth God's will is the rule of life too, only it is disobeyed perhaps more often than it is obeyed.

In heaven all God's children are loyal: on earth some are disloyal all the time, and even his loyal children have their times of disloyalty. So what we are praying for, if we say intelligently "Thy Kingdom come on earth as it is in heaven," is that more and more God's will may be known, loved, obeyed, carried out on this earth of ours.

* * *

In The World

Instead of any reflections in this column, the reader is invited to do some reflecting on his own. Here it is nearly the end of December. An old year will be gone before the week is out. It is a good time to look back on the year almost gone, and ask the question seriously: Can we see any answers to our oft-repeated prayer, "Thy Kingdom come"? In the year 1953, has the Kingdom of God come any nearer? The Kingdom, as Paul tells us, is "love, joy, peace . . ." Have there things spread or have they wilted during this past year?

The reader is invited to let his mind run back over what he can recall of national and world-history for the past 12 months. Have there been events which have been encouraging to Christian people? Have there been events which would tend to discourage Christian people? Is there some evidence that love, joy and peace have spread somewhat in the world, or have they been dammed up?

* * *

In The Neighborhood

What about the neighborhood, the community where the reader lives? It never will be exactly like heaven, (or if it is, please let the writer know and he'll move there) but surely there must be something heavenly about it, or everybody would move away. Has the neighborhood grown toward the Kingdom of God this year? Is there more love, joy, peace in it? Are the churches getting anywhere? Do the churches set a better example of Christian living than they used to? Does the preaching of the Gospel take effect in people's lives? If people move away, is it because they can't help it or because they can't stand the place any longer? If a church has lost a minister this past year, has it been hard to get a new man to come or would a minister welcome a chance to be a pastor in your community? Have the Christians who live there made some real effort to answer the prayer "Thy Kingdom come?" Do they ever try to win others to Christ? If a stranger's car broke down in your community, would he go away finally with memories of helpfulness or would he always hate to remember the place?

* * *

In Home And Heart

The Kingdom, Jesus said to his friends, "is within you." The will of God is done first of all in the minds, intentions and wills of individual persons in their everyday relationships. If the Kingdom does not come in heart and home, it is not going to come in the community of the world.

Let the reader think back over his personal year of 1953, not what he has read about or seen on the TV screen, but what has gone on in his own heart and home. Have love, joy, peace been on the increase there?

NEWS FROM THE Ruth Enlow Library

BY EDITH BROCK

Dr. and Mrs. H. Robert Gibson are giving books in memory of Mrs. Oscar Teeny and of Miss Edith Bolden. Mr. and Mrs. Harold Harsell are presenting books in memory of Miss Bolden and of Mr. William Walton. A subscription to the Readers Digest has been given by Mr. and Mrs. Guy W. Hinebaugh.

Holiday decorations in the young people's room have been made by several classes at the Oakland Elementary School. There are also on display charts of leaves, herbs and fish made at the Bittinger school.

Mrs. Robertson and I take this opportunity to wish a very merry Christmas to all. We also want to express our appreciation to the many people who have helped all through the year to make the library more pleasant and more useful to everyone. Our thanks go to the Intermediate Girl Scouts and their leader, Mrs. Cara Weber, for many hours of help in various library activities; to all women who have taken part in the story-telling program; and to the people, too numerous to mention here, who have given books and magazines, plants, vases, Christmas tree decorations and other things to the library. A great many schools and individuals have kindly lent attractive and interesting material for display.

We want to thank too those people all over the county who have helped provide library service for their own communities by giving space for deposit stations and for bookmobile stops: the Harold Miller family in Grantsville, all the people at the Clover Farm Store in Loch Lynn, Broadwater's store in Accident, Bucke's store in Bittinger, Fazenbaker's store in [illegible], Glotfelty's store in Hutton, Thomas' store in McHenry, the Farmer's Store and [illegible] in Kitzmiller. Peggy [illegible] and Doris Jean Harvey also deserve a special thank you for helping out on busy hours at the Kitzmiller bookmobile stop.

We send holiday greetings to all the teachers who have cooperated with the library in so many ways.

And a special Christmas greeting goes to the kind gentleman from Mt. Zion (whose name I don't know) who towed the bookmobile to the top of the mountain when the motor failed. Best wishes to all for the New Year.

United States was prepared to join Britain and France in offering security guarantees to Russia—provided a German unification and a German peace treaty is negotiated.

Merry Christmas

May all the joys of the season dwell in your heart and in your home on Christmas and throughout the year.

WHERE IS HE?... *for we have seen His Star*

Centuries ago the Wise Men came to Jerusalem, asking the whereabouts of a new-born King. Simply they told their strange and beautiful story. They had seen His Star in the East, and were come to worship Him.

That wondrous Star has many counterparts today. In cities and hamlets the world over the spires of a million churches proclaim the reign of Jesus Christ.

But where is He? Where can weary travellers from the deserts of life find the King of their souls? Where can they lay down before him their precious gifts and render their heart-felt praise?

The church spires, like the Star, beckon those who seek Him. Each is a guidepost to Bethlehem. Each alone, and all together, they seem to answer the searching heart.

He is here! You have seen His Star. Come to worship Him. HE IS HERE!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Joseph Proved His Love for Mary, Mother of Jesus

Joseph, the bible relates, had to prove his faith in and love for Mary before they were married. It is one of the great love stories of all times.

When Joseph thought of Mary, he forgot the difference in their ages: she was the girl he had waited for, his beloved. They were espoused—or, as we would say, engaged—which was almost as official as being married. His heart soared on wings of the approaching wedding day, and then . . .

What Mary insisted had come to pass, simply could not be! Joseph wanted desperately to believe Mary, but such things just didn't happen, and if they did, they happened to somebody else.

Much as he loved Mary, Joseph was a righteous and God-fearing man and while he couldn't even think of making her a public example, he had just about made up his mind to put her away privily. That is, he thought he had made up his mind. In his heart, he knew he couldn't: what would become of her . . . of her child . . .

Then one night, after he had exhausted himself with tortured thinking, he fell asleep and the angel of the Lord appeared to him in a dream: saying.

"Joseph, thou son of David, fear not . . ."
And when Joseph awoke, he did as the angel had bidden him, and took Mary as his lawful and cherished wife.

"Fear not," the angel spoke unto Joseph.

"Fear not," the angel had declared unto Mary.

"Fear not," the angel spoke unthe shepherds of Bethlehem.

Extension Leaders Discuss Farm Business Outlook

Extension service representatives met in Frederick last Thursday to discuss the farm business and family living situation, and prospects for agricultural sections of the state in 1954. Attending from this county were John H. Carter, county agricultural agent; and James McHenry, assistant county agent.

Concensus of the various extension leaders was that the squeeze between cost of production and prices received for products which plagued farmers during 1953 would continue throughout 1954. Large farm supplies coupled with a decreasing demand offer little hope for a rise in prices at the farm level during the coming year.

Paul Nystrom, head of agricultural economics department, said that the cost-price squeeze on the farmer, while had not been as severe in Maryland as in other parts of the

Beware Overloaded Electrical Circuits At Christmas Time

During the holidays strings of Christmas tree lights are likely to add an extra load to electrical home wiring.

To guard against fire hazards from overloading, agricultural engineers of the University of Maryland Extension Service advise that you place your Christmas tree close to a wall outlet to avoid using extension cords. But if you must use them, the heavy duty cords are safest.

The specialists point out that the average load most extension cords carry is from 600 to 800 watts. Since the wattage of a string of tree lights varies from 60 to 80 watts, you are warned against fastening more than ten strings of lights to one extension cord.

They also caution you against running light cords under rugs, over metal nails, hooks or hot radiators, or along window ledges where the cords can touch curtains. Be sure that cords have no worn insulation exposing loose wires and no loose connections at the sockets or plugs. Guard against light bulbs coming in contact with anything combustible such as other tree decorations.

Even after taking safety precautions, tree lights can be dangerous as long as they are on. Disconnect lights when you leave the room or house and during the night while you are asleep.

If Santa leaves Junior's electric train under the Christmas tree, take care not to connect it there. Any metal decorations that fall on the track may short circuit, causing sparks and possibly fire.

There's also a chance of overloading the electrical circuit when the train is plugged in. If a fuse blows, don't be tempted to replace it with one of a larger size. It's another invitation to fire. When you have so many appliances turned on that you go over the circuit limit, a little hand of metal in the fuse melts, cutting off the circuits. That serves as a warning that you're using too many appliances at one time.

Bruce High Swamps Southern 80 To 45

Bruce High school's high scoring basketball team brushed aside Southern High school 80 to 45 last Friday night to register its fourth consecutive win of the season. It was Southern's third loss in five starts.

Dave Marple, Bruce center, led the scoring with 26 points. He sank 12 field goals and two of three foul shots. Jim Cave made 12 points and Foreman contributed 11.

Bruce players have scored 73 or more points in every game. They rolled up a 21-4 lead at the quarter, held the long end of a 37-11 count at half-time and were in front 60 to 20 at the end of the third period.

Oakland was held to 15 baskets. Durbin paced the scorers with 13 points on three goals and seven out of 12 fouls. F. Colaw scored 4, Friend 8, Savage 9, Sweitzer 2, Stemple 9. Non-scoring were Upfhole, Bachtel, Glaze and J. Colaw.

Bruce scored 18 out of 34 fouls, compared to 15 out of 31 for Southern. Larry Friend was ejected on personal fouls.

In the preliminary game Bruce High's junior varsity cagers whipped Southern Jayvees 40 to 30.

ACCIDENT

The American Legion Auxiliary members were entertained at a Christmas party at the home of Mrs. Oma Custer on Monday evening of last week. A short business meeting was conducted with the president, Mrs. Margaret Smith, in charge. Gifts were exchanged and a special presentation was made to one of the Gold Star Mothers, Mrs. Ella Smith. The Christmas color scheme was carried out in the refreshments served by the hostess assisted by Mrs. Jean Friend.

The Accident Homemakers club held its regular December meeting in the fire hall on Wednesday evening. Featured was a Christmas party with 35 members and guests present. Christmas carols were sung and games were played. Following the exchange of gifts refreshments were served. The decoration committee had decorated the room in gay Christmas colors and fixtures for the occasion.

Mrs. Fred Alexander entertained a number of ladies at a party at her home on Tuesday evening. Out-of-town guests were Mr. and Mrs. Edward Newman and Mrs. Orpha Beachy Walker, all of Salisbury, Pa.

Mr. and Mrs. Ross Speicher were in Baltimore on Wednesday where they attended to business. They also visited Mr. Cecil Smith, who is a patient in one of the city's hospitals.

Word has been received here of the death of Rev. George Kunkel at his home in Kent, Ohio. Rev. Kunkel was formerly a pastor of St. Paul's Accident Parish church and is well remembered here.

Mr. and Mrs. Fred Alexander and family were in Cumberland on Saturday.

Mr. and Mrs. Ross Speicher were guests of the Maple Glen Church of the Brethren at its annual family night supper known as the "Deer Hunter Banquet", held at the Church on Friday night of last week. Rev. Speicher delivered the invocation.

A price slump hit growers of broilers in Delmarva area.

Birth of the Savior Was Greatest Event In World's History

Pleasant as it is to dream of a "White Christmas" with its carols and gifts, feasting and merry-making, the sparkling eyes of children delighting in Santa Claus and the wonderful Christmas trees, these things never can symbolize the tremendous significance of the day.

The birth of the Saviour was the greatest event in the history of the world. In spite of all the back-slidings, Christian peoples have pressed forward steadily.

However vicious and corrupt, the world today is far better than the world of pagan times; familiarity with the cross and crucifixion has abolished legal tortures and much cruelty—and, if given a chance, might shame us into banishing the curse of international viciousness for the sake of Him who became the Saviour of Mankind.

Puritans Outlawed Yule as Frivolous

The Puritan government of England outlawed Christmas in 1643. With the restoration of the Stuarts Christmas customs and traditions were revived, but Christmas never regained its former prestige in England.

It is observed religiously in the churches and as a day for family reunions and social gatherings, in contrast to the lavish feasting and boisterous merry-making of olden time.

Merry-making and gift-giving come in for their share, however, on December 26 which is Boxing Day. The origin of Boxing Day antedates Christmas and can be traced to the custom of gift-giving during the Roman festival of Saturnalia.

In Christian liturgy December 26 is observed as the feast of St. Stephen, the first Christian martyr, and during the centuries when journeymen and apprentices were in the habit of levying upon their masters' customers, "Christmas Boxes" were collected on St. Stephen's day.

GORTNER

"If you must be blue, be a bright blue."

Pastor Paul Crumbley, of Eglon, preached at the Union church, "Putting Christ in Christmas."

Mrs. Paul Welch spent a day with her mother in Accident.

Mrs. Ernest Spoerlein called on Mrs. Will Welch and the Nelson Swartzentrubers and others with baskets of fruit, a Christmas remembrance from the Homemakers club.

The Ladies' Aid and Union Sunday school donated a gift of money to Dr. and Mrs. Miller, Eglon. Dr. Miller is seriously ill.

Mrs. Albert Messenger and daughter spent Sunday with relatives in Terra Alta, while Mr. Messenger took his mother to her home in Kingwood.

Isaac and Anna Stoltzfus, the Yoder young folks were Sunday guests of the Garbers.

Sunday visitors of Mr. and Mrs. Hubert Martin were Mr. and Mrs. Henry Swartzentruber and sons, Mrs. John Yoder and daughters and Mr. and Mrs. Albert Sisk. In the evening Mr. and Mrs. Sisk and Miss Lena Slabaugh visited Miss Marie Schroyer and Mrs. Almeda Reed at Ethelhurst.

Miss Elinor Schlossnagle accompanied Mr. and Mrs. Alvin Arnold, of Gorman, to Cumberland.

Mrs. Harold White visited Mrs. Charles Baker in Oakland hospital, where she had a major operation. She is returning home on Tuesday.

Mrs. Fannie Stutzman and Miss Mary Lichty visited Grace and Annie Lichty.

ASSIGNEE'S SALE

OF VALUABLE

FARM REAL ESTATE

SITUATE IN ELECTION DISTRICT NO. 5, GARRETT COUNTY, MARYLAND

Under and by virtue of a power of sale contained in a certain mortgage from Steward S. Savage and Minnie C. Savage, his wife bearing date the 7th day of November, 1936, and recorded in Liber A. G. R. No. 113, folio 223, &c., one of the Mortgage Records of Garrett County, Maryland, default having occurred under the terms and conditions of said mortgage, and said mortgage having been duly assigned to the undersigned for the purpose of foreclosure, I hereby give notice that I will on

WEDNESDAY, THE 6th OF JANUARY, 1954

At the hour of 10:30 A. M.

in front of the Court House in the town of Oakland, Garrett County, Maryland, offer for sale and sell to the highest bidder the following property, to-wit:

All of the following lots, pieces or parcels of land, situate, lying and being in Garrett County, Maryland, to-wit:

1—All that tract of land, containing 109-23/40 acres, described by metes and bounds, courses and distances in a deed therefor from Mary Suter and others to James W. Skiles bearing date April 18, 1871, and recorded in Liber H. R. No. 31, folio 271, one of the Land Records of Allegany County, Maryland.

2—All that part of a tract of land called "Cole Mine Lick," containing 10 acres, described by metes and bounds, courses and distances in a deed therefor from Nelson Casteel and wife to James W. Skiles bearing date May 21, 1872, and recorded in Liber H. R. No. 36, folio 725, one of the Land Records of Allegany County, Maryland.

3—All that part of Military Lot No. 3192 which was conveyed unto the said James W. Skiles by John DeWitt and wife, by deed bearing date March 1st, 1882, and recorded in Liber W. H. T. No. 6, folio [illegible], one of the Land Records of Garrett County, Maryland, said parcel containing 42 acres.

4—All that other part of Military Lot No. 3192 containing the quantity of eight acres, which was conveyed unto the said James W. Skiles by deed from Charles T. West and wife, bearing date May 2nd, 1891 and recorded in Liber E. Z. T. No. 19, folio 11, one of said Land Records of Garrett County, Maryland.

The above parcels of land containing 169 acres, more or less, and being the same which were conveyed unto the said Steward S. Savage and Minnie C. Savage, his wife, by deed from John F. Mellinger and wife, bearing date the 6th day of November, 1936, and recorded among the Land Records of Garrett County, Maryland. Reserving, however, from the above the family grave yard now enclosed on said property, together with an acre of ground circum-adjacent thereto, and also a right of way to and from the same over the by-road leading from the public county road which leads from Accident to Hoyes.

The above property is located approximately 2½ miles South of Accident, Maryland, near U. S. Route No. 219, in a good farming section of Garrett County, and is improved by one two-story frame dwelling, one small one-story frame dwelling, one large frame barn and other out buildings. Approximately 60 acres of this farm is tillable and the balance in woodland and pasture.

TERMS OF SALE: Cash on day of sale.

TERMS OF SALE:—Cash on the day of sale of the full amount of all taxes due on the property sold, together with interest, penalties, and expenses of sale. Residue of purchase price shall remain on credit.

Purchasers will be issued a certificate of sale at the time of said sale, which may be recorded among the Land Records of Garrett County. The holder of any certificate of sale, his heirs or assigns, may at any time after the expiration of one year and a day from the date of sale, file a bill in Equity to foreclose all rights of redemption of the property to which such certificate relates. Unless a proceeding to foreclose the right of redemption is filed within two years of the date of the certificate of sale, the certificate shall be void and all rights of the holder of the certificate shall cease and all money received by the Treasurer on account of said sale shall be deemed forfeited. Upon foreclosure and payment of the balance of the purchase price, and all taxes, interest, penalties and costs which have accrued in the meantime, the Treasurer will execute a deed which will vest in the purchaser an absolute and indefeasible title in fee simple in the property, free and clear of all alienations and descents.

The right of redemption continues until foreclosed as above, upon payment of the whole amount of money received by the Treasurer from the sale of the property, together with interest at six percent (6%) per annum thereon from the date of sale to the date of redemption, together with all taxes, interest and penalties accrued thereon, the costs of sale and the total disbursements of the holder of the certificate of sale made in accordance with law. All costs as to examination of title, preparation of deed, Court costs and other expenses accruing after the sale must be assumed by the purchaser.

G. HAROLD YUTZY,
Treasurer of Garrett County, Maryland.

Little Indiana Town Owes Fame To Unusual Name

The little community of Santa Claus, Indiana, owes its fame to its unusual name. And at Christmas time its small post-office is swamped with mail from throughout the world by people who want their letter postmarked Santa Claus.

In addition, thousands of letters are received at the post-office addressed to "Santa Claus, Santa Claus, Ind."

The notes range from the wistful to the desperate, requesting such things as a mama doll, a sled, a sweater, or a pair of overshoes.

They come from countries all over the world—small village in Canada and big cities in Europe.

Taking Stock . . . .

The beginning of a new year is always a good time to take stock. Business men take an inventory of goods on hand, figure up the previous year's distribution and profit, and take a look into the year ahead.

President Eisenhower is taking stock of his first year in the White House and plans to give an accounting to the nation in a series of messages early in the year. His outlook will be full of hope.

Last year, as this newspaper looked into 1953, following Eisenhower's election, we saw confidence in the future, confidence in our new leader in stopping war, curtailing socialism, stopping inflation, and in keeping business on an even keel.

In spite of the pessimists who keep predicting a recession and who would give their eye teeth to have it come to pass to belittle the present administration, there is that same confidence by the majority that within the short space of a year much of what we hoped for has come to pass and that the government is now on a firmer foundation than at any time in the past twenty years.

This practice of taking stock can prevail right on down the line, from Federal through states, counties and towns.

In taking stock of the county we find a good year in spite of the drought. Nothing spectacular, but fair yields of most items, some lessening in mining and lumber industries, but new opportunities in farming and the usual stable tourist business perhaps a little better than usual. We are confident of the outlook for the county for 1954.

Taking stock doesn't need to stop with the nation, state and county. It can and should include all of us individually. Every one of us needs to take a penetrating look at himself and see where improvements may be made in 1954. Somehow we have that same confidence that when people look at themselves, a lot of them are going to see their faults and shortcomings, and have a desire to make improvements. With such a desire there is nothing that will have any more effect on an individual. So here's to a confident outlook for 1954!

Final Rites Held For Fire Victim

Funeral services were conducted Saturday, December 26, for Mrs. Clara Emma Gnegy, widow of David Gnegy, who died in Garrett County Memorial hospital Tuesday night, December 22, as the result of severe burns and shock.

Services were conducted at 10:30 a. m. from St. John's Lutheran church at Red House with Rev. William A. Renn, pastor, officiating. Interment was in the church cemetery.

Mrs. Gnegy, who lived alone in a small house next door to one of her two sons, Homer Gnegy, was preparing to retire late Tuesday night and had just banked the stove for the night. For some unknown reason there was a flash explosion and fire.

Burned about the back, head, shoulders and arms, the aged woman, past 80, ran from the house and screamed for her son.

Mrs. Gnegy was the widow of David Gnegy, who died in December, 1949. She was a daughter of the late David E. and Maria Gower Hauser and was born at Red House. She had lived in the same area all her life.

Besides her son, Homer, another son, Walter Gnegy, of Davis, W. Va., survives, as also a daughter, Mrs. John Hauser; and a half-sister, Mrs. Effie Burke, Cheelis, Ohio. There are also 20 grandchildren and 27 great grandchildren.

23 Marriage Permits Granted Past Week

Twenty-three marriage licenses were issued during the past week ending Monday at noon from the office of Richard L. Davis, clerk of the Circuit court, bringing the total for December thus far to ninety-five. One license issued was marked "don't publish."

Extension Groups Schedule Activities for January

Homemakers will study "cheap and nutritious meals" during the month of January, with demonstrations by the foods chairmen. They will also consider that "education doesn't cost too much when you compare it with the cost of ignorance."

Meetings as announced by Miss Ethel Grove, home demonstration agent:

January 5, Casselman Valley, 8 p. m., demonstration by Mrs. Clayton Edwards.

January 6, Grantsville, 1:30, Mrs. Mary Livengood giving demonstration.

January 7, New Germany, 1:30, at home of Mrs. Floyd Broadwater, demonstration by Mrs. Willie Warnick.

Four-H Clubs

Among Four-H clubs the demonstration will be on improving personal appearance through wardrobe care. Members will plan for projects to be carried through the year.

Friendsville, January 4, 7:30 p. m.; Grantsville school club, January 6, 11 a. m., Bittinger, January 7, 7:30; Accident, January 7, 7:30.

Overseas Hostess

MISS PEGGY HAUSER

Miss Peggy Ruth Hauser, R. N., formerly of Oakland, an airline hostess in the west coast area, has been promoted to overseas flights. The new company employing her is Seaboard and Western and her flights will include those to Honolulu, Wake Island, Tokyo and Alaska. She will be flying with troops on the Military Air Transport. Miss Hauser left on her first trip on Christmas eve.

She is a daughter of Mr. and Mrs. Darwin Hauser, of Oakland.

Found Dead In Bed

Jo Ann Wilson, five-year-old daughter of Melvin Lee and Juanita Arthur Wilson, was found dead in bed at her home at Bloomington on Christmas morning by her mother.

The child's death was caused by suffocation, according to the physician summoned. The child had been subject to attacks for three years and is believed to have suffered an attack and suffocated during the night.

Dr. E. I. Baumgartner, Oakland, deputy state medical examiner, investigated.

Her parents and two sisters, Barbara and Nancy, both at home, survive.

The body was taken to the home of her grandparents, Mr. and Mrs. Russell Arthur, at Franklin, near Westernport, where funeral services were conducted on Sunday afternoon by Rev. Edwin Smith, pastor of the Bloomington Methodist church. Burial was in Philos cemetery, Westernport.

Downey Resigns As State 4-H Leader

Mylo S. Downey, State 4-H club agent since 1943, has resigned his position, effective January 15. The announcement was made this week by Dr. James M. Gwin, director of the University of Maryland Extension Service.

Downey has accepted a position with the Federal Extension Service in national 4-H and older youth programs.

Sherard W. Wilson will act as State 4-H club leader after January 15, pending action by the University administration. Mr. Wilson has been Downey's top assistant for ten years. Merle L. Howes, assistant extension agent in Prince George's county for three years, has been chosen to act as Mr. Wilson's assistant.

A graduate of the University of Maryland in 1927, Downey taught vocational agriculture in Frederick county two terms and in April, 1929 he became assistant extension agent in Allegany county. He was named assistant state boys' club agent in 1936.

Aged Area Resident Dies In Hospital

Abraham Lincoln Sines, 89, retired forest warden and farmer, died Monday, December 28, at the Garrett County Memorial hospital in Oakland. He was one of the oldest residents of the area.

A son of the late William and Eliza Johnson Sines, he was born December 25, 1864, in this county. Mr. Sines was an area forest warden for over 27 years and had retired about 18 years ago. He was a member of the Pine Grove Church of the Brethren.

Mr. and Mrs. Sines had observed their 66th wedding anniversary on November 24 at their home just west of town on the Swallow Falls road. They were married on Thanksgiving day in 1887, at the Bray School, by Rev. David Miller.

In the early days of their marriage Mr. Sines farmed on the Bray place in the Swallow Falls section. During his years as a forester he helped to construct a number of forest towers. They came to Oakland about 22 years ago.

Surviving are his widow, Mrs. Rebecca Reams Sines; four sons, A. L. Sines, Mt. Lake Park; Elliott Sines, Greenbelt; Clyde and Daily Sines, both of Oakland; a daughter, Mrs. Vernie Helms, Oakland; a brother, Grant Sines, Buckhannon, W. Va.; 15 grandchildren and 29 great grandchildren.

Mr. Sines came from a family of long livers. His father, William Sines, died in 1921 at the age of 100 years, 8 months and 9 days. John Sines, a brother, died just prior to 1940, at the age of 95 years, 5 months and 3 days. His grandfather was Major Henry Sines, an early settler at the Pine Swamp (Cranesville) who moved to Sang Run in 1819.

Funeral services were held on Wednesday afternoon at 2 o'clock from the Pine Grove church, with Rev. Emra Fike, Terra Alta, W. Va.; and Rev. Olonzo Fike, Accident, officiating. Interment was in the Bray cemetery near Swallow Falls.

"Shooting" Water Well Is Delayed

"Shooting" of the town's newest well on the Hinebaugh farm west of Oakland, was delayed on Tuesday when some obstruction in the hole prevented workmen from placing the nitroglycerin at the bottom of the well.

The explosion was due to take place at noon on Wednesday.

Mayor Joseph Hinebaugh reported Tuesday that when the driller pulled the casing apparently a stone became dislodged and obstructed the opening about 140 feet below the surface. This was discovered after about 30 quarts of the explosive had been lowered into the hole.

The work is being done by the Producers' Torpedo company of Marietta, Ohio. The company plans to use 80 quarts in containers that will line the hole for a distance of 80 feet.

By "shooting" the well the town officials are certain that the supply of water will be greatly increased.

Flavius Turney, Mt. Lake Park, is a patient in the Garrett County Memorial hospital, having been brought there on Tuesday.

$1,000 Bequeathed To Lutheran Church

A sum of $1,000 has been bequeathed to St. Mark's Lutheran church in Oakland by the late Miss Edith Bolden. This sum was earmarked for the church in her will which was probated this week in the Orphans' Court.

Miss Bolden died December 13 after an illness of several months. Her will also provides for bequests of $4,000 for her sisters, Mrs. Prema Brown and Mrs. Annie Mason, and $2,000 each for her two nieces, Mrs. David Worgan and Mrs. James Helbig, and her nephew, DeCorsey Bolden. The balance of her estate is left to her brother, Emroy D. Bolden.

November Welfare Totals $22,848.91

Amount Expended by County Department Around $500 Less Than Previous Month

Six hundred ninety-three persons received $22,848.91 through the Garrett County Welfare board during November, it was revealed by the monthly report of the State Department of Public Welfare, prepared by Thomas J. S. Waxter, director.

This was around $500 less than for October and August. Last month 713 persons received $23,376.26, while in September 731 individuals had received $24,576.57. In August 730 individuals received $23,463.89.

Largest category was the one on Old Age assistance where 258 persons received $9,726.01, an average of $37.70. There were thirteen new applications here with three cases added and 13 cancelled.

Aid to Dependent Children had the next highest figure. Here 310 persons in 110 families received $8,355.27, an average of $75.96 per family. In this group there were 12 new applications, with five cases being added and six cases cancelled.

Five blind persons received $275.25. Under the department listed as permanently and totally disabled 87 persons received $3,241.12, an average of $37.29. There were three new applications with four being added and three cancelled.

Twenty-four persons were listed under General Public Assistance and they received $885.71, an average of $36.90. In this department there were twelve new applications, five cases added and three cases cancelled.

Nine persons listed under foster home care for children received $362.25, an average of $40.25 each.

Throughout the State of Maryland the total payments for November amounted to $1,430,374, $11,500 more than for October and around $36,000 greater than in November, 1952.

Win Christmas Lighting Contest

Winners in the Christmas Lighting contest were announced Monday night following a visit of three judges throughout the area. The contest was conducted by the Mt. Top Chamber of Commerce.

First prize of $15 was won by Erval Ream, Second street, who had a lighted display of Santa and his reindeers on the roof of his home. Second prize of $10 went to Edward C. Lawrence, Old State road, for a miniature of the city of Jerusalem on his front porch. Third prize of $5 went to Richard Dayton, who had erected a silhouette of Santa Claus and his reindeer, at his home on Third street.

Judges were A. A. Hall, L. B. Hughes and A. L. Babcock, all of the Monongahela Power company, Morgantown, W. Va.

Eleven homes were given honorable mention: Herbert Ritchie, Ralph Pritts, Robert Lohr, Merle Cargo, J. S. Cooper, Howard White, Lowell Loomis, Lewis R. Jones, Farl Roth, Don Williams and Guy William Hinebaugh. The latter was ineligible for any prize, since his home is beyond the city limits. The contest was limited to the corporate limits of Oakland.

Christmas Treat Considered Success

The Christmas Treat committee of the Mt. Top Chamber of Commerce officially announced this week that over two thousand youngsters received candy canes, chocolate Santa Claus, Cracker-Jacks, suckers, oranges, apples and popcorn balls.

By the use of the new three-way system the treat was given out in a little more than one hour, compared with four hours the first year. Oakland Boy Scouts and National Guardsmen assisted in the speed-up job.

The committee announced that in the final round-up the drive for funds for the treat went over the top. Additional contributors not previously mentioned included Dr. H. R. Gibson, Richard L. Davis, Oakland Lumber company, Community Wholesale Produce, Order of Eastern Star, Western Auto Store, Lions club, NuWay Laundry, Business and Professional Women's club, Imperial Ice Cream company, West Maryland Power company, W. R. Offutt, National Distributing company, Stuart Hamill, H. Weber and Sons.

No Accidents Occur Over Holiday Period

State Trooper Robert Henline reported Tuesday that no wrecks had occurred in the Oakland area over the holiday period, so far as he could determine.

This was much different from other sections of the state and other parts of the nation, with the holiday death toll reaching over 700.

Sheriff Paul W. Fisher also reported that the county jail was completely empty over Christmas.

Your Child's Needs To Be P.-T.A. Topic

A discussion on "Your Child's Needs" will be the topic for discussion at the regular meeting of the Oakland Elementary Parent-Teacher association on Monday evening, January 4. The discussion will be held in conjunction with a moving picture, "What Every Child Needs."

W. C. Englander, president, termed this an important discussion, in this age when juvenile delinquency is being widely discussed. Englander said the members of the P.-T.A. executive committee also felt the movie and discussion to be quite timely.

He said such points in a child's life as security, recognition, affection, and new experiences, will be brought out by the movie and an open discussion will follow on these points.

The meeting will start at 7:30 and a half hour will be given for parents to visit their child's teacher. The moving picture will be shown from 8 to 9 o'clock, and the discussion will follow, from 9 to 10. Refreshments will be served by 4th grade mothers, Mrs. Harold G. Bittinger, chairman.

The entire program is under the chairmanship of Mrs. Fred Tichnell.

Fire Damages Restaurant Building

Fire caused by defective wiring in a deep freeze unit damaged Ward's Restaurant, Second and Oak streets, Oakland, to the extent of several hundred dollars last Saturday morning at 7 o'clock.

The flames were confined to one room but there was some smoke damage to the restaurant and other parts of the building. The blaze had spread from the refrigeration unit to a partition sometime during the early morning hours but the fire wasn't discovered until the owners, Mr. and Mrs. Ward Hinebaugh, were ready to get up.

Oakland firemen prevented any serious spread to other parts of the structure. Oakland firemen also answered another alarm last Thursday morning, caused by a flue fire at the home of Mrs. Jamie S. Elliott, Mt. Lake Park. There was no damage.

Cold Wave Expected

A blast of cold air swept southeastward out of Canada on Tuesday and the Weather Bureau was predicting it would cross the Alleghenies into Maryland soon.

However, on the mountain top it continued to rain with temperatures in the top thirties and low forties. There were snow flurries last Saturday night that made the highways slippery, but they did not continue. It remained cold Sunday with slight snowfall on Sunday night. Rain fell Monday, Tuesday and Wednesday.

Canada's population reached 15 million.

"THE BIG WIND" toppled this automobile, according to spectators at the strikebound Imperial Ice Cream plant on Tuesday. The car supposedly was occupied by representatives of District 50, United Mine Workers of America, of Uniontown, Pa. No one was injured.

Cumberland Firm Is Low Bidder On Swanton Road

The Cumberland Contracting Company was low bidder on a second project to resurface part of State Route 135 between Swanton and Bloomington, the State Roads Commission announced.

Bids were opened Tuesday afternoon, December 22, in Baltimore, and the Cumberland Contracting company had the low figure of $227,726.10.

Other bidders were Keeley Construction company, Clarksburg, W. Va., $246,106.50; S. T. Brotemarkle company, Cumberland, $265,348.15; and George F. Hazelwood company, $281,238.15.

Bituminous Surface

The contract will call for putting a bituminous concrete surface on 2.58 miles of the road. The Cumberland Contracting company is 60 percent finished on a connecting 3.58 miles.

G. Bates Chaires, district engineer for the SRC, said the State Roads commission is committed to resurface all of State Road 135 between the two towns, a distance of about 11 miles. All of this road will be completed during the construction season of 1954, Chaires stated.

Remodeling of Commissioner Room Began on Tuesday

Remodeling of the County Commissioner's meeting room in the Court house got under way on Tuesday. Edgar T. Hardesty is the contractor.

Two private offices are planned, one on each side of the room, with the center left for conference area before the Commissioners. The partitions will not go entirely to the ceiling and there will be glass from shoulder height to the top of the partitions.

Milk Situation Seen Easing At Imperial Plant

Farmers Are Hopeful That Operation Will Resume Immediately As Several Employees Return

Plant Back In Operation

The Imperial plant resumed operation at 1:15 Wednesday afternoon, and Paige Hickman, manager, said he termed the strike was over. Nine of the 13 employees were at work. He said no union pickets were in evidence. No details of the agreement were available.

The milk crisis which has plagued producers, employees and management of Oakland's Imperial Division of Fairmont Foods for the past six days appears to have eased at press time Wednesday and farmers were expecting the plant to receive milk before the end of the day.

Several employees returned to their jobs Wednesday morning to put the plant back into operation and thus relieve producers of about 20,000 gallons of milk built up during the six-day period. They did not want to work, however until a majority of them was present.

Producers promised what backing they could in the way of job protection and personal safety to those employees who went back to work immediately. The group also granted its backing for a week to employees who needed time to make up their minds.

Operations at the local plant ceased last Thursday when employees sought recognition of their newly formed union, which is affiliated with District 50, United Mine Workers. United Mine Workers District 50, a union distinct from mining operations, represents, at present, the employees at the brick plants at Jennings, Mt. Savage and Zihlman.

Thirteen hourly wage earners are involved in the controversy while staff and office personnel who work under a specified salary did not join in the recognition demand.

Approximately 300 milk producers from Garrett, Preston and Tucker counties were affected by the situation which left them without a market for their product.

Many of them separated the milk and sold cream at a lower price than could be obtained for the whole milk. Others have put their deep freezers to good use by storing large quantities of butter. The farmers realize about $1 million annually from the Oakland plant.

During the meeting Tuesday, E. Paige Hickman, manager of Imperial, told the employees that their jobs were waiting for them and that there would be no retaliation for their union activity. He stressed that the company was willing to hear their grievances across a conference table.

Employees reported that they were seeking an adjustment in the pay scale which might compare with that of the local Carnation plant which they said starts at $1.03. Imperial's pay scale here starts at 90c with top pay at $1.05.

Tempers flared briefly Tuesday and resulted in the overturning of the union organizers' automobile. The organizers were inside at the time, but did not identify any of the persons responsible. No one was injured.

Albert Uphole, a plant employee, was attacked and beaten by persons he was unable to identify Monday night. He stated that about six men jumped him as he was getting into his car, parked adjacent to the plant property.

Four Births Occur

Four births took place at the Garrett County Memorial hospital in Oakland during the past week ending Wednesday morning, two boys and two girls.

On the 24th a daughter to Mr. and Mrs. Paul Nesslerodt, Kitzmiller; a son to Mr. and Mrs. Leo Hoban, Terra Alta, W. Va.

On the 26th a daughter to Mr. and Mrs. Ellis Harsh, Eglon, W. Va.

On the 28th a son to Mr. and Mrs. William Oester, Grantsville.

During the week twenty-four patients were admitted to the hospital and 24 persons were discharged.

Along The Potomac

With Your Congressman
DeWITT S. HYDE

A week ago in this column I wrote about how Congress and the Administration may be expected to deal with the tax situation in 1954 and this week I want to discuss other important matters which will come before us in the New Year.

The tax level of course must depend on government expenses, and one of the most expensive items in every recent budget has been foreign aid. In 1953 the Eisenhower Administration realistically shifted the proportions of this assistance to favor military, rather than economic aid.

This year many members of Congress travelled in the areas where our aid funds are being spent. Many of them are now talking about what has and hasn't been done with our money, and from these observations I foresee an even stronger and maybe startling reduction in economic aid in the coming year.

There is great enthusiasm, however, for the President's plan to share atomic resources with other nations for power development and medical uses. If legislation on this is submitted to Congress, I believe it will pass. But there is not the same enthusiasm for Defense Secretary Wilson's plan to share our atomic weapons secrets with friendly foreign nations.

Strong forces will collide in the Congress and executive branch over the problem of new trade and tariff laws. The President and his advisers, I believe, generally favor a freer trade principle. As I see it, all nations must cooperate in tariff reductions—some of them have higher tariffs than we do—and with evidence at every hand that the world is still thinking along 19th century political lines rather than 20th century economic realities, the international trade problem is likely to plague us for many more years.

There is also confusion at the moment on what form new labor legislation will take. Recommendations have been made including some by the late Sen. Taft, for improvements in the Taft-Hartley law. But in the past year there have been relatively few labor disputes compared with other post-war years which seems to show repeal of the law is not necessary.

In other matters, it almost seems to me that legalized wiretapping, which the Administration has asked for, is a great invasion of privacy, but I have not yet decided how I will vote on it . . . Action will be taken on a Congressional salary raise. The extra expense involved for most Congressmen in maintaining two homes and the traveling expense of all of us make it impossible to keep out of debt without some other source of income. We face the danger of having only wealthy men, or those with private funds created by donations, run for Congress . . . With our party division so close in Congress, I can safely predict that whatever we do will be as closely scrutinized by the voters as the activity of any Congress in history.

On my calendar: I will address the Cumberland Kiwanis luncheon next Thursday.

GORTNER

Come to church on Sunday, in the morning and afternoon.

A large number enjoyed the carols and candlelight service, directed by Pastor Eugene Matthews of Underwood here on Wednesday evening.

The Christmas program at Swan Meadow was well rendered by the pupils. Mrs. Bonnie Calhoun, Mrs. Willard Swartzentruber and Miss Eleanor Bowman took them for a repeat performance to the Cuppett Home. Among those out of the community to attend here were Misses Eleanor Bowman, Pearl Weller, Mrs. Harold Holsopple and son, Red House, and Mrs. Mae Artis, of Mt. Lake.

Jasper Messenger, of Kingwood, is employed at Paul Welch's.

Sam and Lena Stabach, Mr. and Mrs. Albert Stab were guests at the fiftieth wedding anniversary of Mr. and Mrs. John Fulmer, Loch Lynn, on Christmas.

The following enjoyed a turkey dinner at the home of Mr. and Mrs. Albert Messenger: Mr. Marshall Zwevers, Dailey Sines and family, Mrs. Catherine Wilburn, Everett Sines, of Terra Alta; Mr. and Mrs. Donald Smith, of Marion, Ohio; Miss Mary Sines, who remained for a week.

The sewing circles will be entertained on January 5 and January 21 by Miss Mary Lichty.

Mr. and Mrs. H. L. Swartzentruber and daughters spent Christmas with their daughter, Lonella, in Pennsylvania. Ed Miller did their chores.

Holiday guests of Mrs. Anna Bittinger were Mr. and Mrs. Lawrence Bittinger, Baltimore; Mrs. Marie Edmiston, Pittsburgh, and Mrs. Edith Bailey, Deep Creek.

Joni Miller, of Delaware, spent a few days last week visiting Miss Lydia Schrock. He and Miss Schrock and Olen and Simon Schrock took their supper with Mr. and Mrs. Elmer Beachy.

Mr. and Mrs. Sam Roth and two children, Cleveland, O., arrived on Thursday. Mr. Roth returned to Ohio on Sunday, while Mrs. Roth and children are spending the week with her parents, Mr. and Mrs. Walter Schlossnagle, and sisters, Mrs. Alvin Arnold, at Gorman, and Mrs. Edward Moon, of Red House.

Mr. and Mrs. David Peachy, of Norristown, Pa., are spending the week with his father, Noah Beachy, and attended the wedding of his sister, Miss Mary Beachy, on Tuesday.

Mr. and Mrs. Homer Mellott and son, of Vienna, Va., spent an evening recently with Mr. and Mrs. Cecil Snyder.

William and Nancy Stutzman, of Hartville, Ohio, spent from Thursday to Monday with Mrs. Fannie Stutzman and other relatives.

Mr. and Mrs. Harold White and children spent Christmas with relatives at Eglon.

Ross Crowe and family and the Hesses were dinner guests on Friday of Mr. and Mrs. Jesse Harsh.

Miss Anna Stoltzfus and members of the Simon Swartzentruber family accompanied Miss Barbara Maust, of Grantsville, to Dover, Del., on Monday.

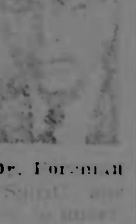
Scripture: John 1: [illegible]
Devotional Reading: Hebrews 1:1-9

God in Christ

Lesson for January 3, 1954

IT IS easier for some people to believe in icicles than to believe in God. That's true. You will hardly find anybody except savages in the hot belt along the equator who won't believe in icicles. These winter days you can perhaps see them for yourself. But many people believe in icicles who don't believe in God. In a way this is not surprising. An icicle is right there before your eyes, you see it being made, you know what it is made of. But God is not before your eyes, you can't see him made and you can't say what he is made of except "Spirit" and that isn't [illegible] to understand as plain water and ice. It would be [illegible] not to admit it,—it is harder to believe in God than to believe in little things.



Dr. Foreman

The Living Word

Now God knows that. We can say, without irreverence, that God is faced with a kind of dilemma. If he lets things take their natural course, most men will not believe in him, and that will be bad for them. But if he were to speak himself on mortal ears, as he [illegible] felt every[illegible] no human mind could endure it.

Suppose a very curious but skeptical person who did not believe in atoms because he had never seen one insisted on a close view of an atom exploding? He would be vaporized before he knew what hit him. A full view, so to speak, of the Infinite and Omnipotent God, would be [illegible] for our small minds. It is the story of God that he has solved this dilemma. He, the Unreachable, has translated himself into the life of man. He, the Incomprehensible, has become "flesh," as John puts it—has become the Christ who can be described. He who is infinitely beyond us has come to live beside us. The God who dwells in Eternity's silence has spoken at many "forms and fragments" in ages past, but now has spoken the perfect Word in Christ. When the church calls Christ the "Word" of God we mean that Christ is what God has to say.

•

Concern

As has often been said, it is more helpful, and just as true, to say that God is like Christ, as that Christ is like God. Christ, we may say, is the knowable side of the unknowable God. God apart from Christ is like an inscription left on a great rock in an interminable desert, an inscription in an unknown tongue. God in Christ is written in our own language. It has been said (with pardonable exaggeration) that Christ is the only God the Christian knows. Surely this much the Christian church has always believed: that any notions of God that are out of line with what we know of Jesus are out of line with truth. Now there are many things we want to know about God, and some of these things we really do not need to know. But some things we desperately do need to know—everything hangs on it.

One question is this: Does the high God have any concern for, or concern with, the affairs of our little planet? Is he so great that our prayers never reach him, or if they do, give him no concern? Jesus is God's answer to that question. Everything human interested Jesus. Sad things like funerals, glad events like weddings, people's ordinary problems and their great crises, — wherever people were, however obscure and "unimportant," there Jesus of Nazareth was concerned. We cannot believe in Christ as God's Word and still fancy an indifferent God.

• • •

Power

Another thing that we seriously want to know, is whether God has real power; and if so, what kind it is and how he uses it. There is a notion abroad, strange as it seems, that God is not really the ruler of all, but a sort of candidate for the throne of the universe; a celestial "Bonnie Prince Charlie" who is doing the best he can to gain control but who so far has not succeeded. If we understand and believe that God is like Christ, we can believe that he is in charge of every situation. Men called Jesus "Master" and with good reason. God is master of his universe. And yet we also see that Christ exerted his power in different ways. (More of this in later lessons in John.) He did not act on men in the manner of a lightning bolt.

BITTINGER

The Christmas season passed quietly in this community, with relatives from a distance visiting their home folk here.

A special Christmas program was rendered in the Lutheran church here on Christmas evening, the participants being largely the pupils of the Sunday school, and the rendition was excellent.

A special Christmas service was held in the Glades Mennonite church last Sunday evening, with a nice program given by the pupils of that Sunday school.

Fenton Platter and family, of Harrisonburg, Va., visited relatives here over the week-end.

Ray Yoder and family, of Keyser Ridge, were guests of Mr. and Mrs. Irvin Yoder, at their home here, last Sunday.

Elmer J. Yoder, of near Red House, was a business caller in this village last Monday morning.

Mrs. Sarah Stark and Mr. and Mrs. Homer Glotfelty, of Grantsville, were callers here a few days ago.

Mr. and Mrs. Charles Bradley, of Grantsville, were visitors here last Sunday afternoon.

Mrs. Agnes [illegible] entertained a number of her children and grandchildren over the Christmas season.

May Jan. 1 be a "red letter day" in your life, as the bright beginning of a very happy year.

ENGLANDER'S PHARMACY **Monthly News**

A Message from
Clinton W. Englander,
"Your Pharmacist"

AT THE BEGINNING OF EACH NEW YEAR we like to read the Code of Ethics of the American Pharmaceutical Association, a statement of principles adopted by the Profession of Pharmacy for our self-government.

"The PRIMARY OBLIGATION of PHARMACY," states the Code, "is the service it can render to the public in safeguarding the preparation, compounding and dispensing of drugs, and the handling of drugs and medical supplies."

"The PHARMACIST RECOGNIZES his responsibility to the state and to the community for their well being, and fulfills his professional obligations honorably."

The CODE OF ETHICS also declares that, "The Pharmacist holds the health and safety of his patrons to be of first consideration." Also that, "The Pharmacist seeks to enlist and to merit the confidence of his patrons. He considers the knowledge and confidence which he gains of the ailments of his patrons as entrusted to his honor, and does not divulge such facts."

SPACE DOES NOT PERMIT quoting the entire Code of Ethics, but we will always sincerely and honestly try to live by all its rules. We are proud of the privilege of being "Your Pharmacist," and that we are a member of the PHYSICIAN-PHARMACIST Team that helps you to lead a healthier and a longer life.

Report Of County Agent Shows Variety Of Accomplishments

The annual report of John H. Carter, county agricultural agent, shows a variety of activities among the farm people of the county. The report was recently completed and sent to the University of Maryland Extension Service. The report covered activities of both Mr. Carter and James McHenry, assistant county agent.

The cool season industry continued to expand in number of acres planted but drought conditions materially reduced yields and quality.

During the year the Livestock Sanitary Service, University of Maryland, feeling the poultry industry was an important farm enterprise, made plans to establish a field laboratory in the county to serve farm folk.

Eleven result demonstrations were established in the county: alfalfa, alfalfa and grasses, corn, insects, cauliflower, spinach, cabbage, wood chipping, hay drying and two with oats.

With dairying as the leading industry in the county the dairymen continued to make progress in raising the production level in the county. Two A. B. circuits and D. H. I. A.'s were considered as having been big factors in the dairy advancement. Over one-third of the dairy cows are now bred artificially and 45 farmers are enrolled in the two dairy herd improvement associations. Sixty-two boys and girls enrolled in dairying are making a substantial contribution toward a better dairy program, Mr. Carter said.

Reporting on the weather this year Carter said the drought had cut production materially. Pastures were poor with practically no second cutting of hay; oats and corn yields were down, as well as total milk production, and it was necessary for many farmers to haul water for their livestock.

Some 292 persons were enrolled in fourteen boys' 4-H clubs and one older youth group. All carried home projects, with 62 in dairy, 56 in garden, 32 in tractor, 26 in swine, 27 in farm and home electric, and others. Nearly 98 percent of the boys completed work as outlined for the year, according to Mr. McHenry.

Some of the outstanding 4-H activities included judging demonstrations, county camp, conservation camp, 4-H rally day, dairy calf show, tractor operators' contest, 4-H club week and county-wide campfire. Several county-wide recreation nights were held. Several 4-H'ers participated in State Fair and other state activities.

All 15 clubs had an active 4-H program, with regular meetings including fitting and showing, farm and home safety, use of electricity, record keeping, broiler production, cauliflower production, feeds and feeding, gardening and handicrafts.

Special emphasis is to be placed this year on assistance with individual projects, explanation of the program, development of leadership and a sound program for the people.

ONE WORD . . .

Can Change Your Life

By REV. ROBT. OLEWILER
Pastor, Grace Reformed Church
Washington, D. C.

Weight

What is your spiritual weight? How many pounds is your soul carrying around? Tough to answer!

We're told that there are a lot of people in America physically overweight. There are scales to prove it. In a new book by that popular author, James Cain, there's a woman so heavy that she has to weigh herself by standing on two scales at once, one foot on each. You can't measure your spiritual weight like this, but there's a pair of scales that can help. One is labeled divine, the other human. I take this to mean that regularly reaching out for God and our fellowmen makes our spirits heavy, heavy with love, good-will, gratitude and all the other things that matter most. The oftener we assign ourselves to the program and to the furtherance of human happiness, the more pounds our souls take on. Using this pair of scales, we ought to be able to tell, to some extent at least, what is our spiritual weight, the word that can change your life.

MARRIED

Moon-Schlosnagle — The marriage of Miss Elinor Lois Schlosnagle, daughter of Mr. and Mrs. Walter Schlosnagle of near Oakland and Edward Grant Moon, son of Mr. and Mrs. Lester C. Moon, of near Oakland, was solemnized in St. John's Lutheran Church, Red House, Saturday evening, December 26, at 7 o'clock. The double ring ceremony was performed by Rev. William A. Renn, pastor.

The bride wore a skipper blue gabardine suit with black accessories and a corsage of red rosebuds. Mrs. Alvin Arnold, sister of the bride, was matron of honor and David Moon, brother of the groom, served as best man.

Mrs. Arnold wore an aqua dress with black accessories and a corsage of yellow rosebuds.

After the ceremony a reception was held at the newly furnished house of the bride and groom for the immediate families and close friends. The bridegroom's parents, Mr. and Mrs. Lester C. Moon, were also celebrating their 30th wedding anniversary.

Mrs. Moon is a graduate of Oakland High school, class of 1946. The groom is also a graduate of Oakland High school, class of 1947, and is engaged in farming.

The couple will reside near Red House.

Plans Made Now To Affect Egg Supply

The number of eggs which a laying flock produce next fall and winter will be greatly affected by the brooding and rearing program, says Dr. Morley A. Jull, head of the University of Maryland poultry department.

"Now is the time for market-egg producers to plan the brooding and rearing program to get the best results in raising their crop of future layers," according to Dr. Jull. "Chicks must be of high quality, and the factor most important in the brooding and rearing is the difference of the person who tends the brooders."

"Other factors that affect mortality and growth include proper temperature, ventilation without drafts, dry litter and adequate floor space."

Dr. Jull suggests that Maryland farmers who want advice on planning a brooding and rearing program write to their county agent for a copy of Bulletin No. 100 "Rearing Chickens for Meat and Egg Production." This bulletin can also be obtained by writing to the Poultry Department, University of Maryland, College Park.

State 4-H Sr. Youth Conference Set Jan. 7

The 4-H Senior Youth Group meets for its annual conference at the Lord Baltimore Hotel, Baltimore, January 7. James Moxley, of West Friendship, Howard county, president of the Maryland State Council of 4-H Clubs, will preside.

At the morning session of the conference outstanding 4-H'ers will receive state awards for their work in homemaking and agricultural projects.

A highlight of the afternoon program is a talk, "Attitudes of Happiness in Dating and Marriage," by Mrs. Polly Hanst, a homemaker and 4-H Club leader of Oakland. Mrs. Hanst is a discussion leader and consultant on family life. During National 4-H Club Congress in December she received a national honor as winner in the National 4-H Alumni Recognition awards program.

Five of Maryland's International Farm Youth Exchangees will take part on an IFYE panel, "Home and Family Life in Our Host Country." Featured will be Eleanor Pearce, of Baltimore county, Henry Magness, Harford county, and Tom Giddings, of Anne Arundel county. The three young people were IFYE's in the 1953 program. Amy Fry, of Howard county and Stewart Young, Carroll county, IFYE's in 1952, will serve as moderators.

In the evening the 4-H group will attend a vesper service directed by the Associated Women of Maryland Farm Bureau. Also scheduled are folk games, a talent program, and square and social dancing.

James McHenry, assistant county agent, will attend the conference.

Awarded Bicycles

Lois Davis and Calvin Coddington were awarded bicycles in a contest conducted recently by the Oakland Pharmacy. Fourteen other young boys and girls received awards of various kinds.

They included: boys, David Butt, Guy William Hinebaugh, Tommy Ryan, Dickie Stuck, Ernest Wolf, James Shay, John Maroney; girls, Catherine Evans, Renae Harvey, Sandra Orr, Mary Jane Peck, Ann Hesen, Sandra Kight, Kathy Bell.

County Has "Routine" Year Review of 1953 Events Indicates

The year just ending might be described as "routine," so far as local events are concerned. A review of the news for 1953 discloses few unusual happenings in Garrett county.

Internationally, the year was marked by two important events, both of which affected the lives of local citizens. Early in the year, President Eisenhower assumed office and began his "crusade" to reorganize and simplify the government, and the first Republican administration in two decades began to put its plans into practice. Later, the Korean war came to an end after three years of conflict which found many Garrett County servicemen fighting the Communist foe on that far-off battle front.

But dozens of smaller events touched the lives of persons in this area. A month by month resume of local happenings would include:

January

Hopes were expressed by Governor McKeldin and others that President-elect Eisenhower would select a summer White House location in Garrett county. The county's first stock car speedway was under construction at McHenry. Arthur H. Green was selected as minority floor leader of the House of Delegates; sessions underway at Annapolis. Worst ice and sleet storm in county's recent history disrupts communications, electric power and transportation for nearly four days. County Commissioners retain $2.00 tax rate for 1953, set budget of $743,555.19 for year.

February

Legislators introduce Juvenile Court bill for county. Mr. and Mrs. Clark Schlossnagle named Farming for Better Living sweepstakes winners in 25-county contest. Concern expressed over strip mining activities near Pleasant Valley Recreation area. Lions club plans annual benefit minstrel.

March

Farm shops completed at both county high schools. Rev. Luther L. Hare resigns pastorate of St. Mark's Lutheran church, Oakland. Grand Jury returns four indictments, smallest number in years. Legislation permits borrowing funds for addition to Garrett County Memorial hospital.

April

Natural gas production continues to decline in area with first quarter's report showing 106,009,000 feet taken from local wells. Maurice Dunkle resigns as Southern High school principal, becomes superintendent of Calvert county schools.

May

Local high schools plan graduation exercises for 189 seniors. State announces picnic areas for Deep Creek Lake. Oakland town council plans active campaign against speeding drivers.

June

Dr. James S. Collins appointed principal at Southern High school; C. O. Bender heads board of education. "Army worms" causing damage to crops in county.

July

John H. Miller, Luke, wills $75,000 to county hospital for care of indigent. Plans for hospital wing approved. Paul B. Naylor named member of State Board of Forests and Parks.

August

Hospital again benefits, with will of Miss Grace Loar naming institution beneficiary of $10,000 trust fund. Turkey growers select trade mark and brand name for marketing local fowl. Coal production shows slight rise. "Autumn Leaf" excursion planned by Baltimore and Ohio railroad. New shirt factory at Grantsville will employ 85.

September

Four cases of polio in county described as "mild." Deep Creek property owners in turmoil over site of proposed public recreation area. Schools open with enrollment of 4,390. Football proposed at Southern High. Cauliflower and other cool weather vegetables bringing sizeable income to county farmers.

October

Governor McKeldin speaks at dedication of first county tree farm on property of Virgil Steyer. Forest fires plague county in wake of prolonged drought; 150 acres burned in two days. Oakland water supply reported "holding out." Fire danger termed "worst since 1930."

November

Mountain Top Rifle Team captures national honors. Mr. and Mrs. Harry Hummel FFBL winners in Garrett county. Mrs. George H. Hanst wins national 4-H alumni recognition.

December

Mr. and Mrs. Lenwood Bittinger regional Farming for Better Living champions. Deer kill for week is 412, compared to 592 previous year. Oakland postoffice will advance to first-class in 1954.

CARD OF APPRECIATION

We want to take this opportunity to express our sincere thanks and appreciation to the staff of the Oakland Pharmacy and to all the individuals who supported the undersigned in enabling her to receive a girl's bicycle as the grand prize at the Pharmacy on Christmas Eve.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Luke	4	1-13
Monday	Luke	4	14-30
Tuesday	Psalms	118	18-29
Wedn'sd'y	Proverbs	13	7-15
Thursday	Isaiah	55	1-5
Friday	Ephesians	2	13-22
Saturday	Psalms	90	1-17

A little wiser?
"Perhaps!"
Accomplishments in the last twelve months?

"Well, John got a slight raise in salary in November. And we painted the house at long last. I suppose we could include our week's vacation in the Adirondacks in the summer. These things seemed so important at the time, but now they aren't even vivid recollections. Funny how insignificant they have become."

But aren't there moments which you do recall, things of which you are proud?

"Yes, now that you mention it, but you wouldn't be interested. They were such small things—taking care of our elderly neighbor during her illness—helping at the Orphanage on Saturdays—bringing our friend's children along with ours to Church—assisting with the decorating and painting at the Church . . . I'm beginning to see what you mean. *These are the important events of last year.*"

* * * * * *

Try the above experiment on yourself. It's amazing how time will give a different perspective to our lives. True values, values of the heart and spirit are those that persist and become real. Your Church is where you cultivate this all-important aspect of living.

TERMS OF SALE:—Cash on the day of sale of the full amount of all taxes due on the property sold, together with interest, penalties, and expenses of sale. Residue of purchase price shall remain on credit.

Purchasers will be issued a certificate of sale at the time of said sale, which may be recorded among the Land Records of Garrett County. The holder of any certificate of sale, his heirs or assigns, may at any time after the expiration of one year and a day from the date of sale, file a bill in Equity to foreclose all rights of redemption of the property to which such certificate relates. Unless a proceeding to foreclose the right of redemption is filed within two years of the date of the certificate of sale, the certificate shall be void and all rights of the holder of the certificate shall cease and all money received by the Treasurer on account of said sale shall be deemed forfeited. Upon foreclosure and payment of the balance of the purchase price, and all taxes, interest, penalties and costs which have accrued in the meantime, the Treasurer will execute a deed which will vest in the purchaser an absolute and indefensible title in fee simple in the property, free and clear of all alienations and descents.

The right of redemption continues until foreclosed as above, upon payment of the whole amount of money received by the Treasurer from the sale of the property, together with interest at six percent (6%) per annum from the date of sale to the date of redemption, together with all taxes, interest and penalties accrued which have been paid by the holders of the certificate of sale and the total disbursements of the holder of the certificate of sale made in accordance with law. All costs as to examination of title, preparation of deed, Court costs and other expenses accruing after the sale must be assumed by the purchaser.

G. HAROLD YUTZY,
Treasurer of Garrett County,
Maryland.

HARLEN H. KEMPHFER

Harlen H. Kempfer, 30, died last Thursday morning, December 24, of a heart attack at his home in the Braethorn apartments in Mt. Lake Park. He had become ill while engaged in driving a truck near Mt. Storm, W. Va.

He was a son of Mr. and Mrs. Paul J. Kemphfer, of East Oakland, and was born in this county March 12, 1923.

Besides his parents, he is survived by his widow, the former Miss Lillian Kiser; one daughter, Donna Louise Kemphfer; and four brothers, Herman Kemphfer, Robert Kemphfer and Paul Kemphfer, Jr., all of Oakland; and Dewey Kemphter, Gaithersburg.

He was a member of the United Brethern church.

Funeral services were conducted Sunday afternoon at the home of his parents, with Rev. William B. Orndorff, pastor of the First Baptist church, Westernport, officiating, assisted by Rev. H. O. Teagarden. Interment was in Oakland cemetery.

ROBERT M. SPEDDEN

Robert M. Spedden died suddenly in Washington, D. C., December 20. He was a son of the late Edward M. and Mona Grimm Spedden and was born in Oakland April 16, 1900. For the past 20 years, he had resided in Washington.

He is survived by two brothers, Edward T. Spedden, of Washington; Charles M. Spedden, of White Sulphur Springs, W. Va.; and one sister, Mrs. Richard Friend, Davis, W. Va.

Mr. Spedden was a Thirty-Second Degree Mason, a member of the Charleston Consistory.

Funeral services were held from the Chambers Funeral home, Washington, D. C.

Interment was in the Washington National Cemetery.

MRS. ELLEN McKENZIE

Mrs. Ellen Folk McKenzie, 87, a former resident of Grantsville, died Tuesday night, December 22, in the Confluence, Pa., hospital.

Mrs. McKenzie held membership in First English Baptist church, Frostburg. Her husband, Henry McKenzie, preceded her in death.

Surviving are four daughters, Mrs. Nellie Kinsinger, Confluence, with whom she resided; Mrs. Myrtle Zimmerman, Polk, Pa; Mrs. Mabel Green, Cowen, W. Va.; and Mrs. Lottie Weimer, Sipesville, Pa.; four sons, Harley and Howard McKenzie, both of Grantsville; Roy McKenzie, North Industry, Ohio; and Clay McKenzie, Akron, O.; a sister, Mrs. M. M. Ward, Frostburg, and two brothers, Simon Folk, Chicago; and Edward Folk, Frostburg.

HAYDEN RITES

Funeral services for J. Grant Hayden, 76, who died Saturday in Memorial hospital, Cumberland, were conducted Tuesday at his home on Oakview, Westernport. Rev. G. Stanley Schwind, rector of St. George's Episcopal church, Mt. Savage, officiated, assisted by Rev. Clyde W. Ash, pastor of Trinity Methodist church, Piedmont. Hiram Lodge 103, A., F. and A. M., held services at the grave in Philos cemetery.

Pallbearers were Harley Dixon, Horace F. Whitworth, Jr., Victor Kalbaugh, Raymond C. Hudson, Glenn Boyd, Wayne Reed, Kenneth Malcolm and Howard Hutchinson.

The deceased was born in Oakland but had resided in Westernport for 50 years.

MRS. HERMAN H. ROBESON

Mrs. Jane C. Durst Robeson, wife of Herman H. Robeson, and daughter of the late Charles and Rebecca Durst, died Sunday, December 27, at her home in Avilton.

Survivors include her husband, two sons, Frank Robeson, Avilton; and Ellis O. Robeson, Frostburg; a daughter, Mrs. Leah Devault, Mt. Savage; two brothers, Lewis Durst, Terra Alta, W. Va.; and Elleredge C. Durst, Mogadore, O.; three sisters, Mrs. Fred Lynch, Akron; Mrs. Lewis Orendorf, Wilmington, Del.; and Mrs. Joseph Young, Madison, Wis.; 18 grandchildren and 10 great grandchildren.

Funeral services were conducted on Tuesday afternoon from the Mt. Zion Methodist church in this county.

It Runs Through My Mind

BY POLLY J. HANST

Now wasn't it silly to try to get a clean house before Christmas?

—o—

Christmas for a Tot

When Don, not yet two, arrived at our house on Christmas morning he was carrying, not a new toy—but his mother's wooden spoon. Among all the glitter and clutter he picked up two pencils which Santa had put in my sock, and played with them the entire visit.

If we had the proper insight—how simple it would be to make little ones happy. An old egg beater, a screen door hook attached to a block, or a nest of measuring cups.

But no, we can't stop with simplicity at Christmas. We've got to pile it on and make it big and glamorous and confusing for the young.

—o—

Christmas Is a Season

If I had my way, Christmas stories and carols would go on for at least three weeks in our churches and Sunday Schools. The children are as enthused about the Christ child after Christmas as they are before.

When the Sunday School superintendent asked this past Sunday in her usual way, if there had been any birthdays, a chorus of voices said, "Jesus had one. Let's sing to Him."

They let go with their greatest volume and then I felt sorry for all people who are not privileged to work with small children in Sunday School.

—o—

This Slays Me!

How I've worked and nagged and threatened our children for the way they slump. Poor posture spells defeat as far as I'm concerned. Many teen agers tell me it's the same with their mothers.

Now, I have the very wind taken out of me. And I note that our son gloats as he relates what his officer in R.O.T.C. says to him: 'Don't stand so straight. You may keel over!"

—o—

Mixed Feelings About Beebe

When I heard the Mances had had their eighth child I had mixed feelings about the large family. Now, I've always thought large families were wonderful—and have never regretted that my inheritance was brothers and sisters instead of jewels and land.

But somehow my bones ache for Beebe—or maybe by brain aches for her. Now, I can understand and cope with all the hands she'll have to wash, the noses she'll have to wipe, the shoes she'll tie, the times she'll have to open doors, get drinks and all those things.

But how in the name of Heaven will she ever pull through when four of them come home from college at the same time and their conversation moves along lines completely over her head.

Take infinity—such as two lines that keep getting closer together but never meet. Or maybe its the circumference of a circle—or the radius or something else crazy that equals pi—when all the time you thought pie was something round to be cut in five or six triangles and eaten while the eye was on another piece.

Just wait until their conversation runs on how someone tries to prove the existence of God by metaphysics—when your own feelings about the existence of God is so simple and satisfying.

Or take the little old thing of starting a car. No longer is it ignition that starts you off. It's the reaction Pb plus H2O SO4- Pb SO4 plus H2 (the formula is too deep for the linotype).

Or wait until they start giving you psychological tests to see if you're aggressive or honest (imagine a child testing his parents on honesty!) Or maybe they'll answer in Latin, French or Spanish, none of which you understand.

Or sit by while they take a crack at your fine husband with "You're just not open minded."

But then, it's kinda' fun—and then again I have mixed feelings about Beebe. Maybe I do envy her!
